Mizuki Kakihara: It sure was awesome.

Lola: Yeah it was!

Nico: And we meet the Dino Fury Rangers later on in just a couple of weeks.

Slash Man: Mind showing us your base?

Juru: Sure.

Me: You guys are all going to love C.A.R.A.T. When we first saw it, we were amazed that it looked like a giant palm tree.

Rarity: Oh yes darlings it's amazing.

Diamond Tiara: Lets head over there.

Juru: Yep.

We went to C.A.R.A.T.

Juru: By the way J.D. a while back we saw a huge explosion all the way from here. It was over in the area of one of the Kamen Riders.

Me: Oh that explosion was us blowing up Yggdrasill Headquarters for the Gaim Kamen Riders.

Nico: Yep.

Taskmaster: But I got a feeling that the Gaim team's bad guys aren't out just yet.

Me: Nope. But we'll be ready for them.

Nico: Yep.

Juru: Hey J.D. it was awesome helping you guys out. But how come the Donbrothers didn't come and help us?

Me: They were too busy with their own adventures. So we're going to have to wait about another year to a year and a half before we meet them.

Juru: Oh.

Nico: Yeah just be patient.

We arrived at C.A.R.A.T. HQ.

Zocks: Wow so this is C.A.R.A.T.

Yondu: This is a nice place.

Nico: Oh it is. The view is amazing too.

Me: Yep.

We went up to the top floor of the tower.

Nico: Here we are.

Juru: Welcome to our base of operations.

Rarity: Oh it's so amazing.

Princess Mabushina: Team Loud Phoenix Storm, Rarity, everyone! Welcome.

Me: Good to see you again Princess Mabushina.

Nico: How have things been?

Princess Mabushina: Oh really well.

Hank Scorpio: (bows) It's an honor to meet you, Princess.

Princess Mabushina: Oh you too Hank.

Me: You know just a couple of hours ago we were here helping out the Zero One Kamen Riders.

Flora: It's true.

Sayo: Wow that's awesome.

Me: Yep it sure is.

Nico: And some of the Kamen Riders helped us all out during the 20 Days of Darkness.

Me: And we owe them a huge debt for that over a year ago.

Sena: Wow that is so awesome that they helped you all out during that time.

Juru: Yeah. Which Kamen Riders helped you all out?

Me: Well not all of them. But the ones that helped us out are Kabuto, Kiva, Decade, Fourze, Ghost, Drive, Build, uhh. I can't remember who else.

Laney: Wizard and Saber helped out too.

Me: Oh right. Thank you Laney.

Laney: Anytime.

Juru: That's cool that they helped you all out.

Nico: It sure was.

Poromon got out 2 beer bottles.

Juru: Don't tell me those are-

Poromon: 2 bottles of beer!

Drill Man: You guys probably witnessed this 3 weeks ago.

Juru: Oh yes we did.

Me: Also sorry to embarrass you like this Princess but I remember seeing you get drunk on TV and that was really funny.

Nico: (Chuckles) That was.

Princess Mabushina: That was silly. I can't believe I was that drunk from that.

Nico: Yeah.

Sly: It's really amazing that you guys have jewel machines and powers too.

Copperhead: Do you guys use diamonds as well?

Juru: It's part of the power of the Imagination. I have the power if Imagination.

Me: Hey that's cool! So do the ToQgers here.

Right: It's true. And it's a really awesome power.

Nico: Yep.

Me: Watch this.

I used my powers and made an awesome all you can eat buffet appear.

Nico: Oh wow!

Juru: That is awesome!

Nico: We haven't eaten lunch yet.

Lana: We might as well eat.

We got to eating.

Poliwag was eating some fries.

Dive Man: After today, 2 more missions are left for Phase 1.

Me: Yep.

Nico: (Eating Inferno Wings) Mmm. You said it.

Me: We only have the Yost Avengers and Yost Spiderman Team and we'll be done with the 1st half of the Ambassador Missions for the year.

Juru: Wow you guys have been busy.

Me: Yep.

Rarity: (Eating a salad) It's really amazing.

Sayo: How has Yodonna been doing?

Sylvia Exetor: She's doing great. She's going to participate in the usual battles.

Nico: Yep and we have a special treat for you guys.

Me: So who is our main target?

Sayo: Well you guys are not going to like it.

Eli: Is Emperor Yodon back?

Juru: No it's not Yodon. He's gone for good.

Baron Mordo: If we're not going to fight Yodon, who's the target?

Sayo: Well, there is Minjo.

Natilee dropped her fork.

Natilee: (Growls) I knew it was going to be her.

Nico: Uh oh.

Me: Natilee do you have a really bad history with her?

Natilee: Yes I do dad.

Laney: Uh oh.

Me: Did something happen in the dream world that makes you want to hate her?

Natilee: Yes. But first I must tell you all about what she did to the Kiramagers. I'm sure you saw this on the TV dad.

She went over here history and it was horrible.

---

Minjo is the sister of the Yodonheim witch Numajo and a minor antagonist in Mashin Sentai Kiramager. She will become the main antagonist in its upcoming movie, Mashin Sentai Kiramager The Movie: Bee-Bop Dream.

She is portrayed by Mitsu Dan.

Biography

Following her sister's promotion to Yodon Army Commander, Minjo was invited by Numajo to have a tea party to celebrate. However, she came late to the tea party, which annoyed Numajo. As Minjo was running late, King Oradin, Queen Mabuyuine and Takamichi arrived to slay her to stop her from placing a curse on all of Crystalia. Minjo soon showed up as Numajo was dueling all three of them and attacked Oradin from behind, but Takamichi intervened and fought her while Oradin battled Numajo. As Numajo was defeated by Oradin, Minjo teleported away to escape.

---

When she was done we were shocked and horrified!

Nico: Oh man!

Me: I remember seeing her. She was a monster.

Princess Luna: Minjo is a true menace to the Dream World.

Natilee: Yes she is.

Beast Wars Scorponok: Tell me that's just the worse news.

Sena: Oh no. The worse news is that she has the Dreamstone Kiramai Stone!

We gasped!

Natilee: I knew she was going to do so again! Also I forgot to tell you this but I helped the Kiramagers last year. But I was wearing a cloak and keeping myself hidden. I helped the Kiramagers destroy her. But before that happened, Minjo vowed that she would return and finish what she started.

Nico: Oh man. So you have a personal vendetta with her.

Natilee: Yeah like how dad had a vendetta with the Shredder from 2012.

Girl Jordan: And me with Carnage.

Nico: Oh man.

Vulkanus: Can you imagine what she'll do with that?!

Horsea: She'll be like a female version of Freddy Krueger!

Nico: That's a good way to describe it Horsea.

Maria: That's just what I was about to say.

Natilee: That's exactly right. She's the embodiment of nightmares and she has the power to bring your worst fears to life.

Me: Whoa man.

Natilee: Minjo is my Public enemy number 1. As the Guardian of Dreams it's my sworn duty to destroy all nightmares and make sure they never happen. Minjo will pay for everything she did.

Slugslinger: Natilee, your words have touched us all.

Natilee: Thank you.

Tametomo: Who votes for Natilee to become a Kiramager?!

Natilee: What?! I didn't really agree to-

Shiguru: It might give you an edge against Minjo.

Me: You know that's not a bad idea. Natilee you would make an awesome Kiramager.

Natilee: Do you really think so dad?

Me: I sure do.

Natilee: Then I'll gladly become one.

But then Natilee glowed in white aura and then there was a flash of white light and out came the Dreamstone and a ball of darkness left it and then the Dreamstone was pure once again!

Dreamstone Kiramai Stone: Natilee thank you for saving me again. Your purity has freed me from Minjo yet again. And Team Loud Phoenix Storm, I am forever indebted to you all.

Me: It was all our pleasure.

Takamichi: What color Kiramager would you like to be?

Thundermon: Red, Blue, Yellow, Green, Silver, and Pink are taken.

Me: Don't forget purple, orange, aqua blue and brown.

Thundermon: Oh right. I forgot that Mizuki, you, Nico and Rarity are ALSO Kiramagers too.

Natilee: Judging from the way I glowed in a white aura I would have to pick White.

Thundermon: White is perfect for you.

Juru: I agree too.

Dreamstone Kiramai Stone: Then I will gladly be perfect for the White Ranger.

Natilee: Awesome.

Then a Kiramai Morpher appeared on Natilee's arm!

Natilee: Cool!

Me: Now that we're full…

Nico: Lets go demonstrate some of our power with the usual battles.

Juru: Cool!

Nico: Yep.

We went to a training yard. Then Kite Man, Arbormon, Tala, See More, Whiger, Robo Blaze, King Shark, Wrecking Crew, Dark Turtles, and Puff appeared.

Nico: Kite Man, Arbormon, Tala, See More, Whiger, Robo Blaze, King Shark, Wrecking Crew, Dark Turtles, and Puff.

Puff: Awesome to see you guys.

Juru: You too Puff.

Kite Man: How do you feel as a Kiramager, Natilee?

Natilee: Really awesome!

Me: That's my daughter.

Arbormon: Good to know.

Tala: This is your unsettled grudge. So, you've earned it.

Me: We are amazed that Natilee helped the Kiramagers a year ago too.

Nico: Yep.

See More: (to Nico) Heard you took out some perverts.

Nico: We sure did and they were stupid.

Whiger: I hope Maria and May weren't sexually harassed!

May: No we weren't.

Me: But they had it coming.

Tala: And we have a bunch of archenemies for the Kiramagers too.

Then 6 figures came out and they were MR. X from Resident Evil, YOST ULYSSES KLAW, PTERACUDA, THE POWERPUNK GIRLS, MR. DARK, MR. NOODMAN and BIG DADDY BOO!

Mr. X

**T-00**, also known as **Mr. X**, is a major antagonist in the *Resident Evil* series. It serves as the secondary antagonist of *Resident Evil 2* and its 2019 remake (specifically the main antagonist of Leon's scenario and the secondary antagonist of Claire's), as well as a supporting antagonist in *The Darkside Chronicles* and a minor antagonist in the non-canon spin-off game *Operation Raccoon City* .

It was one of the six T-103 Tyrants that were airlifted into Raccoon City. While the other five T-103 were sent to test their combat abilities, T-00 was given instructions to recover a G-Virus sample from the pendant of Sherry Birkin and kill any police officers and survivors hiding in the police station. Upon escaping it multiple times, T-00 began hunting Leon S. Kennedy and Claire Redfield who were trying to escort Sherry to safety.

In *Resident Evil Resistance*, T-00 is shown as a playable character for the mastermind used by Daniel Fabron as his ultimate.

T-00 was one of the mass-produced T-103 Tyrants, created on Sheena Island, an island owned by Umbrella that was aptly named the Tyrant Plant. To get rid of the high incompatibility ratio common among Tyrants, the T-103s were given an adrenal neurotransmitter taken from the Locus Ceruleus. Production continued until the Sheena Island facility was destroyed.

Following the demise of the UBCS, Article 12 of Umbrella's Internal Emergency Procedures was enacted, and all materials and personnel still within the city were placed under the command of Colonel Sergei Vladimir.

When it was discovered Delta Force had infiltrated Umbrella's facilities, Col. Vladimir prepared an SH-60B Seahawk for B.O.W. deployment. in Raccoon City. T-00 was dropped near the Raccoon Police Station with its own assignments. Unlike the other five, who were deployed just to see how well the T-103's fared in battle. T-00 was given two orders: first, to eliminate any survivors in the Raccoon City Police Station (which Umbrella couldn't verify had already fallen), and second, to locate the G-Virus from the pendant worn by Sherry Birkin.

Exploring the station, T-00 ran into survivors Claire Redfield and Leon S. Kennedy and stalked between the two on the surface levels and the underground parking garage, where it killed Ben Bertolucci by crushing his head in front of Leon.

After Leon escaped from the prison cells into the parking garage, Tyrant burst through the concrete wall, grabbed Leon by his neck and started choking him, but before it could kill the rookie, it was hit by a SWAT van by another survivor, Ada Wong. However, T-00 survived and tried pushing the van back, only for Ada to detonate explosives inside the vehicle, incapacitating the bioweapon for a while.

Tyrant managed to track down Sherry at the orphanage, just as Claire Redfield had found her as well, who heard the Tyrant as it searched the rooms above her. As Claire found Sherry inside the basement, the two fled as the Tyrant slammed the door to the basement open. T-00 followed them down to an elevator and just as the elevator was about to move, T-00 stopped it and wrenched it's doors open.

But before it could kill them, T-00 itself was stabbed through the chest by "G", who wanted Sherry alive as she was a viable carrier for his parasitic larvae. G then tried to move T-00 out of its way, but since T-00 was holding tightly for the doors, G tore off T-00's upper left abdomen, causing the heavily wounded Tyrant to drop on its knees and fall aside dead as the G monster roared furiously and charged at Claire and Sherry in the elevator.

T-00 followed Leon and Ada into the NEST and stalked them both. Ada first encountered it as she pursued Annette Birkin for the G-Virus, remarking it to be a "persistent b*stard". Realizing that fighting the Tyrant was suicide, she shut down the power to a fan in a room then slipped through the gaps, knowing the Tyrant was too big to follow. Realizing this also, T-00 gave up and resumed its hunt for Sherry and Leon.

During the destruction of the NEST, the Tyrant finally managed to corner Leon but before it could kill him, T-00 was distracted by the exploding pipes, Leon fell off the platform and escaped. The room that T-00 was in eventually exploded and the Tyrant suffered heavy injuries, such as it's lower jaw being torn off, half of its body burned and the upper part of its coat (power limiter) destroyed.

Without half of the power limiter to keep it under control, Tyrant underwent a hideous mutation into it's Super Tyrant form, exponentially increasing its power but at the cost of becoming a mindless beast (similar to T-002 or mutated Nemesis). Just as Leon was taking the elevator to escape the NEST. Tyrant appeared on the platform above and dropped down to it and continued its battle with Leon, who was now unable to kill the Tyrant. However, an Anti-tank rocket was dropped onto the lift by an unknown (Ada Wong) individual and with one blast, ripped apart T-00's upper body, finally killing the Tyrant.

Yost Ulysses Klaw

**Ulysses Klaw** is a gifted scientist whose expertise in sonics is unrivaled. He has spent much of his time seeking to weaponize the rare vibranium, who plans to use it to conquer the world.

Klaw and his minions attacked Hank Pym in an attempt to steal the vibranium sample Hank was examining on behalf of S.H.I.E.L.D., after failing to get a sample, he hires Whirlwind to get a Sonic Disrupter for him.

Klaw supported M'Baku the Man Ape, when he challenged King T'Chaka of Wakanda for the kingship, and used a sonic weapon during the duel to weaken T'Chaka, allowing M'Baku to kill him, thereby becoming King of Wakanda. In exchange, M'Baku has given Klaw access to the Wakanda vibranium supply.

Some time later, while he was in business with HYDRA, he ends up fighting Ant-Man until the Vibranium being attacked is overloading. Grim Reaper, deciding that Klaw has outlived his usefulness, blasts him into the Vibranium mound.

But instead of dying, Klaw is transformed into a creature made of pure sound. Klaw then attacks the HYDRA Agents in retaliation and threatens all of Wakanda by releasing deafening soundwaves. Ant Man and Iron Man manage to use the Vibranium to contain the Sonic Emitter enabling the Vibranium to absorb Klaw.

It is unknown whether this terminated him or restored him to his original form

Pteracuda

The **Pteracuda** is the main antagonist in the 2010 Syfy film *Sharktopus vs. Pteracuda* .

Its vocal sound effects were provided by Patrick Giraudi.

The Pteracuda is a creature of both a Pteranodon and a barracuda traits. It has the wings and body of a pterosaur and the head and tail of a barracuda. The fin on its head, which allows it to steer through water and air. Additionally, it has a large caudal fin on the end of its tail.

The Pteracuda was created by Dr. Rico Symes as a new organic weapon after the incident with the Sharktopus. He used a pterosaur and barracuda's DNA to make it, creating a creature capable of terrorizing from sea, and air. The Pteracuda was being put through a test flight until the computer system is hijacked by a rogue employee named Vladimir Futon looking to sell it to a foreign government. However, Futon accidentally spills coffee all over his console, causing it to short circuit and allows the Pteracuda to escape and go on a rampage.

The Pteracuda goes on a man-eating spree across multiple beaches until it clashes with the Sharktopus at the end of the film. As the two bio-engineered beasts brawl, Hamilton shoots a harpoon at the Pteracuda, causing its computer chip to overload and explode in an attempt to kill both creatures. But only the Pteracuda was killed while the Sharktopus survived and escaped.

## Powerpunk Girls

The Powerpunk Girls are evil, spoiled, selfish, vicious, sadistic villains and love to bring destruction to their hometown of Viletown, as well as killing it's civilians (offscreen, however). Their negative traits outweighs the Powerpuff Girls' good side, and they never change their ways. According to Jomo Momo (Mojo Jojo's good counterpart), Viletown used to be a normal city until Oppressor Plutonium (Professor Utonium's evil counterpart) ruled it with an iron fist. But to bring "fun" and "profit", Oppressor created the Powerpunk Girls to act as his tools to terrorize Viletown, and the three girls love nothing more then to bring terror and destruction to those around them. They were supposed to appear in an episode, but due to the creator's time to make the Powerpuff Girls Movie, the episode has to be scrapped, and was then put into one of the comic issues.

The Powerpunk Girls only appear in *Deja View*, where they and their good counterparts swapped each other to their respective universes. They were mad at Professor Utonium entering "their" room, not even knowing that they were in another universe, until a monster attacks Townsville. They took care of it before destroying Townsville the same way they do in Viletown, even killing it's civilians. When the

Powerpuff Girls have to go back to their universe to take their evil counterparts back into their respective universe, a battle ensues between the Puffs and the Punks, where the Powerpunk Girls got the upperhand due to them being stronger then the Powerpuff Girls, despite the six of them being the same person. They were, however, defeated when they were tricked into going back to their universe. Before they could terrorize Viletown yet again, Jomo appeared in front of them with a ray gun, ready to fire. Whether or not the Powerpunk Girls died afterwards or continue their rampage to Viletown is unknown.

There were also rumors that if the show were to be renewed, there would be an episode where the Powerpunk Girls would somehow arrive back to the Powerpuff Girls' universe, where they would meet and fall in love with The Rowdyruff Boys, which would bring jealousy to the girls. The rumors, however, are completely false, as there is no way for the Powerpunks to go back to their counterparts' universe, as well as their possible ultimate fate in the comic, and not to mention the Rowdyruff Boys and the Powerpuff Girls' unending hatred towards each other.

### Berserk

Berserk is Blossom's counterpart. Unlike Blossom, Berserk is bossy, mean, and always talkative. While Blossom is a "parent" to her sisters, Berserk would often cause conflicts between herself and her sisters. Her ribbons are long and messy, and it is rumored that she can move them to attack or grab her foes, though it is unconfirmed. Her element is Everything Nasty.

### Brat

Brat is Bubbles' counterpart and has a perky and somewhat sadistic attitude. She looks exactly like her good counterpart, except her pigtails are much longer, have visible ribbons, and wears revealing clothing with three bracelets on each wrists. While Bubbles cries, Brat doesn't. Like her name suggests, she acts like a spoiled brat and enjoys acting very sassy. Her element is Salt.

### Brute

Brute is Buttercup's counterpart. She has the same personality as her, but she is even meaner, more disgusting and more violent. She is the only Powerpunk Girl who doesn't have long hair, and instead sports a black mohawk. Unlike her regular counterpart, Brute enjoys being rude, cruel, and gross towards everyone around her (even her sisters). She sports spiked wristbands and a spike waistband, which are real spikes. Her element is Vinegar.

Mr. Dark (Rayman)

**Mr. Dark** is a dark and thieving sorcerer and the overall main antagonist of the *Rayman* video game series, serving as the main antagonist of the original *Rayman* and the unseen overarching antagonist of both *Rayman Origins* and *Rayman Legends*, as the Magician is following his example.

In the original, he stole the Great Protoon, scattered the Electoons across the world, and kidnapped Betilla the Fairy. His actions lead Rayman to track him down and reclaim the Great Protoon, rescuing the trapped Electoons along the way.

*Rayman*

Mr. Dark is the main antagonist in this game and is the one who imprisons several of the Electoons, steals the Great Protoon and defeats Betilla the Fairy when she tries to stop him from taking it. This causes all of the Electoons that gravitated around it to lose their natural stability and scatter across the world, as well. As a result, strange creatures came to Rayman's world and started capturing all of the Electoons they could find. Rayman has to venture through five worlds, freeing Electoons and defeating Mr. Dark's minions, before he can fight Mr. Dark in his secret lair: Candy Chateau. Once confronted, Mr. Dark easily corners Rayman by disabling his fists and attacking him with fire magic. However, a group of electoons come to Rayman's aid with a new fist power-up. This causes Mr. Dark to transform into three morphed versions of the bosses. After Rayman defeats Mr. Dark, he fled the Valley. However, he leaves the Great Protoon behind. He has yet to resurface.

*Rayman Brain Games*

In *Rayman Brain Games* (PS1), Mr. Dark returned to steal the Book of Knowledge. Betilla the Fairy and The Magician turned to Rayman to find it. Rayman has to go through six different gates to find it. Along the way he will learn how to do reading, writing phonics, etc. Mr. Dark also appears in Candy Chateau in Rayman Gold, Designer, and By His Fans. Mr. Dark was never to be either seen or heard from again up to now.

*Rayman* (GBC)

There is no mention of him stealing the Great Protoon, instead capturing all the Electoons and taking their energy for himself to plunge the world into Darkness and Chaos. Rayman had to venture through seven lands before he can defeat the evil Mr. Dark and free the Electoons. Mr. Dark used fire, lightning, and dark orbs to attack Rayman this time, but he was defeated after a short battle. When Rayman defeats him, his spirit releases from his cloak, withers away and seems to explode. The electoons use his remaining cloak to play a prank on Rayman afterwards.

*Rayman Advance* (GBA)

As a direct port of *Rayman 1*, he appears again as the main antagonist.

*Rayman Origins*

Though Mr. Dark did not appear, his influence was felt throughout the game. It was thought he was the main antagonist and the mastermind behind the Moody Clouds. In the majority of the adventure, the Magician tricks Rayman and his buddies into giving him lums to power his machines. At The Reveal, the Magician showed his true alignment as a follower who tried to usurp Mr. Dark's position, having renounced the "good" star on his hat and attempting to dispose of the heroes with two robotic bosses. Rayman and his buddies defeated both of them and pursue the Magician, who uses disco to distract the heroes as he makes a get away in his blimp. The heroes fight the blimp only making it fall into the core of the fortress, causing it to explode and seemingly destroying him. While it was initially thought that the Magician and Mr. Dark were meant to be the same character in this appearance, the writer of the game has clarified that the Magician is not Mr. Dark. Outside of that occurrence, the only time Mr. Dark is mentioned is if Bad Raymanspeaks to the Bubble Dreamer.

## Mr. Noodman

Noodman's past is pretty foggy. The only sign of his past was in the episode "Laugh Quake". It doesn't reveal much, but what it does reveal is important. Not only that Mr. Noodman has a father, it was also shown that he was attacked by some snakes as a child, making him quite paranoid to all their existence.

## Appearance

Mr. Noodman is also described as big butted. In "Brett Venom M.D.", he's depicted having a big butt, white wifebeater, shorts similar in appearance to Sanjay's, and orange crocs, as well as hairy legs and sunglasses. However, in "Laugh Quake", his apperance was changed drastically. He no longer has hairy legs, his wifebeater, or his crocs and sunglasses, and his butt has seemed to have "shrunk" in size, with only his shorts remaining. He has a blue button-down short sleeved shirt with a pocket and black necktie, as well as yellow shoes. In both appearances he has curly hair that stands up on both sides, and he is balding in the middle of his head. He is shown with a perpetual pout in both appearances as well. In the flashback he has in "Laugh Quake" he is shown wearing a dark blue sailor suit with a matching hat and red scarf.

## Personality

Mr. Noodman is described as a crazy snake hater. In "Brett Venom M.D.", he freaks out at the sight of Craig's tail, jumping out of his gurney and chasing him around the hospital, only calming down when given anesthesia. He is also paranoid, thinking the sound of Sanjay laughing was the sound of him being attacked by a snake. However, this may also be due to the fact that Sanjay's laugh is terrible. He seems to have a fear of Sanjay's mom, seen in "Laugh Quake," when Sanjay calls for his mom, Mr. Noodman fled the scene.

## Antagonistic side

Mr. Noodman has a light antagonistic side, shown in the episode "Dog Wave". In the episode, Sanjay's new dogs break into Noodman's blueberry plant and break as many jars of blueberry jam as they can. Mr. Noodman, infuriated, tells Sanjay that he will call the dog pound if he does not make more jam (to his specifications). When he finishes, Noodman (quite rudely) breaks his promise and calls the dog pound anyway. In "Dream Rangers", he kidnapped Belle Pepper (Even that is Sanjay and Craig's dream). In "Ain't No Fang", he kidnapped Craig, because he's a crazy snake hater, and threatens to get rid of them if he sees them in his way.

Big Daddy Boo (Tiny Toons)

When Buster and Babs Bunny went to a house, Buster started talking about romance before he saw the three residents, three alligator women called Big Boo, Sissy Boo and Little Boo, who tied him to a chair. Buster tried to escape, only to run right into Big Daddy Boo, who was told by his daughters that Buster would court them. Buster replied that he wouldn't, to which Big Daddy agreed as now would be the time for the wedding. When he asked his daughters which of them hadn't been married for a while, they all started to fight about Buster until Big Daddy replied that they would all marry him. Buster told him that he couldn't as this was bigamy, only for Big Daddy to reply: "No, that's big ol' ME!". When the wedding was held at the garden, with Buster being grabbed by all gatoresses who were wearing wedding dresses, Big Daddy functioned as a priest (although he skipped many passages from the bible). Just they were about to marry, Babs, who dressed up as a businessman, interfered, claiming to be selling fireworks. The gatoresses cheered at this, but Big Daddy wasn't sure. However, Babs claimed to have been authorized and started to hand out fireworks to everyone and then asked the Gators to walk onto a bungalow and then grabbed Buster before fireworks started, sending the Boos into the sky.

Later, Buster and Babs were performing on a ship as singers, only to realize that their audience consisted of predators, including the Boos as well a possum family they've encountered earlier. Realizing that the predators wanted to eat them (although it's not known if the Boos also wanted to eat them or just marry Buster to the gatoresses again), they ran, only to be chased and cornered by the predators, including the Boos. At this moment, Byron started to fly down and save them just as the predators were about to strike. Big Daddy Boo, his daughters, and the rest of the audience followed them in boats and chased them across the land until the two were stopped by Mr. Hitcher. They climbed up on a tree where they encountered Banjo Possum, apparently the only friendly member of his family who offered his help. Together, they jumped off the tree and into a mine cart as Mr. Hitcher used his chainsaw to cut it down, with all the predators waiting beneath it. The falling tree knocked out the predators, but Mr. Hitcher followed Babs and Buster in another cart.

A figure came out and it was ENVY CHIRUDA from episode 33 of LupinRangers VS PatRangers!

---

Envy Chiruda is a swallow-themed Gangler Monster and is the main antagonist in episode 33 of the 2018 TV series Kaitou Sentai Lupinranger VS Keisatsu Sentai Patranger. Also he is equipped with an industrial turbo fan-like treasure called Le porte-tempête.

He is voiced by Tetsu Shiratori who previously voiced Yokubarido, Debo Doronbosu, Halbergoi, Dave Red and later voiced a Surprise Box World and the Great Surprise Box World.

History

Envy Chiruda made his first appearance when he transformed the adults into their children form. He was then confronted by the Lupinrangers and they were about to steal his treasure, but he used the treasure's ability to keep them away from his safe, but they came prepared when they brought umbrellas. However he then used his own ability to revert them into their child-like form. However Noel arrived so he'd battle him instead. But when the police shows up he'd used the treasure's ability to make a getaway.

A while later he appeared on the edge of a building right in front of the police once the duo transformed Envy used the treasure's ability to safely float back down to the ground in order to battle them. A while later during the fight he used his own ability to revert the two cops into children, but they kept dodging them. However when he got a chance to revert Patren1gou into a child he was then knocked back by the arrival of Patren1gou and Patren2gou. During the battle Noel has successfully gained access to Envy's safe (which his password is 3-8-6) and got Le porte-tempête (which translate as "The storm-holder") industrial turbo fan after that he was then taken out by PatrenUgou and Lupin X causing those that's been transformed into children back into their adult selves including the Lupinrangers.

However thanks to Goche Ru Medou he was then enlarged and now battling Pat Kaiser Strong Biker and X Emperor Slash he used his other ability to fly away from the fight, but he was forced back down to the ground where he was then destroyed by this finisher called Pat Kaiser Thrust-Up Strike.

Loriana Florrentine: That's incredible.

Nico: It sure is. So, Loriana, did you have any childhood memories with Lincoln?

Loriana Florrentine: Oh, I remembered this one time in Art Class, Lincoln and I were painting a mural of the whole school and we had a picture of it for reference. But, that almost got ruined when Dustin Keystone tried to attack Lincoln with a knife. So, I threw a can of paint on him and he crashed right into the supply of paint cans and that monster got covered head to toe in paint, and as soon as I told the teacher of what Dustin Keystone tried to do to Lincoln, the teacher dragged Dustin to the office and he got hit with a nine-week out-of-school suspension, and he got dragged off to jail again.

We cheered wildly for what Loriana Florrentine did to that murderous bastard.

Lincoln: Even back then, Dustin Keystone was nothing but a total monster. But, he got hit with the Hom Dai and after getting put into a multi-sarcophagus, he was put into an indestructible diamond prison and locked away for life, and we sent his evil parents to The Black Gates forever.

Nico: Yeah, it's as if the Keystone Family is filled to the brim with heartless murderers and nihilistic bastards and bitches.

Me: Uh, funny you should mention that, Nico. I looked into the Keystone Family, and it turns out that you're right, it's filled to the brim with heartless murderers and nihilistic bastards and bitches.

Nico: Well, how do you like that?

Lincoln: So, the whole family tree is filled to the brim with monsters like Dustin Keystone and his evil murderous parents, whoa.

Me: Yeah, but all of them are deceased, and Dustin's the last one of his cursed family alive, but now, he's cursed for all eternity with the Hom Dai, and he'll never be free to harm anyone again.

Nico: You said it.

Duff Killigan: Now if my friends have anything to say about it now!

Then the spirits of the Animals of the Stars appeared and they swirled around her and blasted her all over and then they converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out above her and a phoenix cry was heard and then we came out.

Nico: Nightmare Maestro Minjo. So we finally meet.

Minjo: And who are all of you?

Nico: We're YOUR Worst Nightmare! We are Team Loud Phoenix Storm and we're here to kill you!

Natilee: Hello Minjo. Nice to see you again.

Natilee: That's right! I am Natilee Knudson, Guardian of the Dream World and The Celtic Princess.

Minjo: Then you took my Dreamstone!

Natilee: It was never yours! You stole it!

Minjo: After I pry the Dreamstone Kiramai Stone off of your carcass, I'm going to make a multiverse where nightmares are eternal!

Natilee: I would like to see you try!

Nico: Freddy Krueger tried the same thing. What makes you think you'll be any different?!

Minjo: Because unlike him, I'll target everyone at once!

An army of Bechats and Kuros appeared.

Me: Bechats and Kuros. Nice!

But then the Footsoldiers jumped the Kiramagers.

The Kiramagers lay defeated at the hands of the Kuros and Bechats.

Minjo: And now, I'll perform the greastest service of all to Emperor Yodon. I will kill the ones who took his life!

Horsea: Oh no! What do we do?!

Rarity then got an idea.

Rarity: Everyone in the audience! Lend the Kiramagers your strength! They get stronger with your support! When I give the signal, share your energy with the Kiramagers! Okay? Ready… go!

Everyone in the audience began sharing their energy with the Kiramagers. And soon, Juru found the strength to get up.

Juru: I recognize this energy. This is the strength of our sparkle as humans. There's no way we should just give up now!

Jury grabbed a nearby Bechat and threw it at a Kuro, knocking both down.

Minjo: IMPOSSIBLE!

The Kiramagers all got up! And they blasted all the Kuros and Bechats away!

Nico: YEAH!

Lincoln and Nico fried waves of Lightning and electrocuted the foot soldiers all over.

Juru: Thanks for the help, everyone.

Sayo: We'll protect all of you and your smiles.

Takamichi: We might not be fighting Yodon. But it's time we put an end to Yodonheim once and for all.

Me: I agree. They have tormented this planet and the Crystalia Kingdom for far too loong!

Juru: And there's something else you guys should also know, Nightmare Maestro Minjo was using the power of the Dreamstone Kiramai Stone for evil and mess with people's dreams.

This caused us to gasp in horror, and when Natilee heard it, she was extremely beyond furious, as she looked at Nightmare Maestro Minjo with pure uncontrollable rage and fury.

Natilee: YOU… DID… WHAT?!

Everyone: Uh oh.

Me: UH OH!

Suddenly, we felt something really snap within Natilee's mind snap, as her eyes turned neon green and she was surrounded by a green energy aura with Celtic knots, leaves, dream energy, and animals of nature, she unholstered her massive Sword of The Celtic Dream Crusaders from her back, and as she approached Nightmare Maestro Minjo, she left green energy, Celtic knots, leaves, dream energy, and animals of nature with every step.

Natilee: You absolutely disgust me, Minjo, it's bad enough that you've caused nothing but trouble for the Kiramagers in the name of Yodonheim and that's more than reason to end you. (Getting Really Pissed Off Big Time) But, to find out that you used the power of the Dreamstone Kiramai Stone for evil and mess with people's dreams… , YOU JUST CROSSED ONE FUCKING LINE TOO MANY, YOU EVIL, HEARTLESS, NIGHTMARE BITCH! AS THE GUARDIAN OF THE DREAM WORLD, I WILL SEE TO IT THAT I PUT AN END TO YOU AND EVERY LAST YODONHEIM NIGHTMARE IN EXISTENCE FOR ALL OF THE CRAP THAT YOU ALL HAVE DONE!

We gasped in pure shock at the rage coming from Natilee.

Nico: Holy crap!

Me: Our little girl's snapped big time at that bitch.

Juru: Rarity, Lincoln, what's about to happen?

Lincoln: When Natilee found out that Minjo was using the power of the Dreamstone Kiramai Stone for evil and mess with people's dreams, it's caused her to snap, and since she's the Guardian of Dreams, Minjo's crossed a really big line.

Rarity: And she's going to rip her limb from limb.

Rayman: And she'll never let someone like Minjo live for messing with people's dreams, since she's also the leader of The Dream Crusade.

Lincoln: You said it, Rayman, and this also means she's going to transform. HIT THE DECK! SHE'S GOING TO EXPLODE!

We ran for cover, and then, Natilee screamed like a madwoman, and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM

A massive vortex of energy exploded from her, and she was surrounded by a massive vortex of green energy with leaves, Celtic Energy, and Celtic Knots surrounding the vortex, there are animals running around the vortex, and in the vortex is a spring green phoenix. Natilee: (Divine Echoing Cosmic Celtic Voice of Celtic Dream Justice) **You will pay for everything you and Yodonheim have ever done, Minjo, especially for using the power of the Dreamstone Kiramai Stone for evil and messing with people's dreams!**

Nightmare Maestro Minjo: I will make you and your pathetic family suffer a slow and excruciatingly painful death!

Natilee and Nightmare Maestro Minjo clashed ferociously and sparks flew like crazy, but Natilee got the advantage and was slashing at Minjo with her massive greatsword and leaving painful slashes on her, and her blood was being spilled, and Minjo was flying even more into a demonic rage.

Rarity has transformed into SUPER ANGEL-ALICORN INFINITY MAELSTROM GEM ALICORN ANGEL OF WATER GENEROSITY AND DIVINE GEM LOVE!

We were really amazed by Rarity's Super Angel-Alicorn Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Nightmare Maestro Minjo saw it, she fell into another demonic rage and she tried to kill her, but Natilee punched her hard in the face and she screamed in excruciating pain, and Rarity fired a powerful purple and white energy blast with gems, water, magic, and Alicorns, and it hits Nightmare Maestro Minjo, and it hit her and she really screamed in pain and rage.

Right: We are…

Juru: Super Sentai!

Me: Yodonheim is finished!

Nico: TEAM LOUD PHOENIX STORM! ATTACK!

We went at Minjo and her footsoldiers!

Right: Full speed ahead!

We punched and smashed and pulverized the footsoldiers all over and I slashed Minjo all over with my sword!

Natilee: I will never forgive you for your crimes Minjo!

SLASH SLASH SLASH SLASH!

Natilee slashed her all over with her sword and so did Rarity.

Rarity slashed her and blasted her all over.

Nico: NUOVA STAR!

The 4 Star Dragonball glowed and Nico fired a massive fireball and it hit a bunch of footsoldiers and blew them apart in a massive pillar of fire.

We blasted and smashed numerous Kuro all over.

Juru: (to Right) Let's show what your imaginations can do!

Right: Took the words out of my mouth!

Juru used his sketchpad and drew a picture and formed a sword of red crystal for him and a sword with all the trains on it for Right! And they appeared in their hands and they slashed and blew many Kuros apart!

Juru: Nico this is for you!

Nico: What is it.

Juru drew a picture and then An AWESOME sword appeared in Nico's hand and it had ALL OF THE SYMBOLS of the Kamen Riders from over the course of 50 years on one side of the blade and on the other side of the blade was all the symbols of the Sentai Teams and the Power Ranger Teams!

Nico: Wow! This sword looks awesome!

Juru: It's called the Sentai Kamen Legacy Blade.

Nico: Cool! Lets see what this baby can do.

He slashed numerous Kuros and smashed and blasted them all over.

Nico: COOL!

They rammed numerous Kuros down and smashed them with incredible force!

Troy: Don't leave us out of this!

Nico: Right! Troy here.

Nico gave them new Kamen Rider Keys.

Nico: These are for the Hibiki Kamen Riders. We call them The Song of Demons Force.

Troy: Awesome! Thanks Nico.

Megaforce Rangers: LEGENDARY KAMEN RIDER MODE! THE SONG OF DEMONS FORCE!

The Megaforce Rangers turned into the Hibiki Kamen Riders! Troy was Hibiki, Noah was Ibuki, Gia was Todoroki, Jake was Zanki, Emma was Danki and Orion was Sabaki!

Gali: Wow! Hitoshi and the Hibiki Riders are going to love seeing this one!

Adagio: Girls lets give them a song worth remembering.

Aria Blaze: You got it sister.

Sonata Dusk: Yeah!

The Dazzlings sang their song and then the Kuros and foot soldiers all were fighting and killing each other and it was brutal and then we all got a massive and powerful increase in power and strength from their negative energy.

Juru: Whoa! Why do I suddenly feel so powerful?

Nico: It's one of the powers we have. We have the ability to absorb Negative Energy and convert it into Positive Energy and it makes us more powerful.

Juru: That is cool!

Nico: Yep.

Haru: Shiguru, you're a good actor and swordsman. Think you can teach me some time.

Shiguru: I'd actually like that.

Haru: Awesome!

Eli: Chew on this!

Eli fired a massive blast of Force Lightning and electrocuted the Kuros all over.

We then set our sights on Minjo.

Akira: Minjo, this is your place to die.

Takamichi: Sorry to intrude, Natilee. But Akira wasn't satisfied with fighting grunts.

Natilee: **No worries Akira.**

Me: Besides we already destroyed her grunts.

Nico: Yep.

Natilee: **Lets get her!**

Me: With pleasure!

We went at her and smashed and pulverized her all over the place with incredible force and power!

But then a figure came out and it was GALZA!

---

**Treacherous Demon General Galza** is the central antagonist of *Mashin Sentai Kiramager* . He is the younger brother of King Oradin of Crystalia and the uncle of Princess Mabushina.

Out of jealousy for his brother being king, and influenced by Emperor Yodon from a young age, he betrayed Crystalia and joined Dark Empire Yodonheim to become one of Yodon Army's generals. He later becomes a personality aspect of Emperor Yodon and usurps the Emperor's power, becoming the new ruler of Yodonheim as **Lord Galza** .

He was voiced by Yuichi Nakamura, who also voiced Hazama/Yuuki Terumi in *BlazBlue* as well as both Deratsueigarand Waredonaiyer from *Gokaiger* . The young Galza was voiced by Natsumi Kawaida.

Galza was once a war hero of Crystalia who fought against the army of Yodonheim and to defend Crystalia. However, jealous of his older brother Oradin being king, when Galza believed he had stronger imagination powers, Galza secretly betrayed Crystalia and joined the Yodonheim in exchange for becoming one of Yodon's top generals.

Galza made his first appearance as the main antagonist in *Episode ZERO*, when the Yodon Army attacked Crystalia, when King Oradin defeated Carantula and was about to finish him off. Galza subdued his brother, who was shocked at Galza's betrayal when the latter start revealing himself to be the mastermind behind Yodon Army's invasion. Galza proclaimed to the horrified Oradin about fulfilling the goal of his new master, Emperor Yodon, who is the tyrannical ruler of Yodonheim, and ordered a horde of Bechats to attack Oradin. Oradin was beaten unconscious and was dragged away. Before he and Carantula left, Galza planned to attack Earth next.

After arriving towards Earth, Galza proclaimed his past self was dead before he masked himself and became Yodonheim's general, becoming determined to pollute the Earth and destroy any beautiful sceneries his master despised. The spacecraft of Yodonheim soon arrived upon Earth in the same time when four of the five Kiramagers were chosen.

As Carantula is first seen gazing at and remarking at how the radiance of Earth disgusts him, Galza approaches him and tells him its time to see what he's capable of. Carantula informs Galza that he has sent a Hildon Beast with a faucet on it to accompany their advance forces and gloats about how they will being invading Earth with a force clad in its own iconography.

As Carantula informs Emperor Yodon of his next plan following the destruction of Faucet Hildon, Galza notes that a Jamenshi will only be able to gather enough darkness to open a gate for just one Jamen Beast and asks Carantula if he's planning on playing a long game. Carantula simply asks Galza if he's heard of a sport called "rugby" and gestures to the Rugby Jamen he has sent out to gather darkness.

After Rugby Jamen is destroyed, Galza tells Carantula his plan was a nice effort, but that he will have to try harder next time. However, Carantula states it's not over yet and reveals Rugby Jamen made a Darkness Insurance contract with Emperor Yodon before he died, allowing for 20% of his dark energy to be reimbursed to send a Jamen Beast to Earth. Carantula then summons the Jamen Beast Rugger Ligany and sends it down to Earth.

Galza later executes a scheme himself to obtain the White Kiramai Stone by tricking Mabushina into giving it to him. After traveling to the Earth in the Crystalia Royal Family train, which he had modified into his own personal Mashin, Galza is approached by the Kiramagers and Mabushina. Appearing to them in his normal Crystalian form, Galza introduces himself as a member of the Crystalian Royal Family. When Mabushina reveals Galza betrayed Crystalia and his brother King Oradin to the Yodonheim, Galza claims he did not do so willingly, but was brainwashed by Emperor Yodon and had his emotions taken away. Galza then tells Mabushina that her father is alive and that he can bring him to her if she gives him the White Kiramai Stone. However, Galza also states that he is only able to regain his free will from Yodon for moments at a time as he begins to be corrupted by Yodon again.

Mabushina later steals the White Kiramai Crystal from the Kiramagers headquarters and flees to bring it to Galza, just as the Yodonheim deploy another Jamen Beast. As she meets with Galza to deliver the crystal, KiramaiRed appears and reveals he followed Mabushina. KiramaiRed then reveals that Galza must be lying about his story about being brainwashed by Yodon, as when Oradin was getting beaten up by Bechatsduring the Yodonheim's sacking of Crystalia Galza was laughing and showing emotion. Galza then angrily asks KiramaiRed how he would know if he wasn't there, to which KiramaiRed states he dreamed it. His true intentions now shown, Galza reveals he did indeed betray Crystalia of his own free will and that Oradin is actually dead. Galza then goes on a rant about his envy Oradin being selected as king over him before donning his Yodonheim armor to do battle with KiramaiRed. The two fight but Galza overwhelms the Kiramager with his vast dark power. However, the Kiramagers soon arrive in Kiramaizin to provide backup. Galza summons his own Mashin, Darkness Megabeast Smog Jouki, to do battle with the Kiramagers in their Mashins. During the fight, the Jamen Beast Paleolith Basra interferes but Galza quickly destroys it for getting in the way. Satisfied that he has seen the Kiramagers' strength, Galza departs in Smog Jouki to return to the Yodonheim.

When Carantula sent out Catcher Ligany following Joystick Jamen's destruction, Galza remarked that he was sending out another Ligany, to which Carantula stated that Ligany are a good attack monster.

For their next plan, Carantula opened a small portal to send out an infant Jamen Beast and have it mature on Earth, as well as Digital Camera Jamen to guard it and gather darkness for it. Galza noted that if the Jamen Beast was found before it matured it could be easily taken out, but Carantula assured Galza that he had hidden it in a place the Kiramagers would never be able to reach. Galza later arrived on Earth in Smog Jouki to assist Digital Camera Jamen in fighting the Kiramagers, in the process running over KiramaiPink. After Digital Camera Jamen captured KiramaiBlue and KiramaiGreen in one of its photos, Sayo got up and demanded they give her friends back, but Galza simply punched her head into a rock, causing her to develop amnesia and revert to the mental state of a five year old. Later, when Sayo became KiramaiPink and went into battle once more, Galza, who was observing the battle from the Realm of Darkness, remarked that the Pink Kiramager had returned.

Observing the Cold Hot Dagames beast that Carantula had made, Galza noted that, while powerful, the beast would require twice as much darkness energy as a normal Jamen Beast to open an invasion portal. Aware of this fact, Carantula revealed that he had summoned the Jamenshi brothers Oven Jamen and Freezer Jamen for the purpose of gathering enough darkness energy to summon Cold Hot Dagames. In battle against the Kiramagers however, the two brothers ended up feuding with each other, with Oven Jamen annoyed that Freezer Jamen's attacks were canceling out his fire. After Oven Jamen intentionally unfroze KiramaiRed out of spite, Galza stepped into the battle and interrupted it, scolding Oven Jamen for canceling out his brother's attacks and for letting his jealousy get in the way of a battle. Galza then announced that they would be leaving for now, and the three left to go report to Carantula via hologram. Carantula expressed anger that they did not yet have enough darkness energy for his Jamen Beast and stated that the brothers were supposed to be working together, to which Galza replied that he found the notion of siblings getting along to be flawed, referencing his past with his older brother. Later, Galza approached Freezer Jamen when he was alone and, claiming to sympathize with his plight as a younger brother, gave him a darkness energy drink to help power him up so he could surpass his older brother. However, the energy drink had a side effect that Galza neglected to mention; while helping Freezer Jamen to become stronger it would also cause the body to break down after a while. After Freezer Jamen gathered vast amounts of darkness energy thanks to the energy drink and began to feel his body weaken, Galza appeared and proclaimed that his hatred was with older brothers but with all weaklings and destroyed Freezer Jamen. Through the Darkness Insurance plan Freezer Jamen had made, the darkness he had gathered went back to Carantula, who used it to open a portal to summon Cold Hot Dagames to Earth. As Dagames did battle with the Kiramagers in Kiramaizin, Galza summoned Darkness Megabeast Mecha Smog Jouki to also join the fight. As Smog Jouki was battling the Kiramagers however, both Galza and KiramaiRed noticed a train of bright light come out of the sky and onto the battlefield, interrupting the battle.

Galza took notice that KiramaiRed seemed to be the only other person who could see the train and realized that he must have a similar imagination ability to his brother. After the train vanished, Galza deduced that it must have been projected from KiramaiRed's mind. After the Kiramagers retreated due to Juru becoming too tired to continue fighting, Cold Hot Dagames stopped its rampage and fell asleep. Carantula later informed Galza that, because it was so powerful, Cold Hot Dagames had to enter a state of slumber after a rampage to recharge. Galza later followed Juru to the building containing the white Kiramai Crystal Mabushina had traveled to Earth in and attempted to destroy it and Juru to ensure no more Mashins could be created. As Juru helped two CARAT security guards get to safety, Galza stated there must be something wrong with his head for him to be helping people instead of focusing on himself, but Juru responded that he didn't need a reason to help others. Hearing this made Galza realize that the reason he felt rage towards KiramaiRed was because the Kiramager reminded him of his older brother, and declared that he would kill Juru just like he did his brother. However, it was at that point that Mabushina arrived and tossed Juru his KiramaiChanger, allowing him to become KiramaiRed and face Galza. Galza then attempted to destroy the White Kiramai stone, but Juru used his imagination powers to turn it into the Mashin King Express, which he and Mabushina used to travel to where the Kiramagers were fighting and assist them against Oven Jamen. Galza summoned Smog Jouki and attempted to catch up to it, but King Express proved too fast. After destroying Oven Jamen, the Kiramagers summon their Mashins to do battle with the recently reawakened Cold Hot Dagames, Galza attempted to form Smog Jouki to battle the Kiramagers, but Juru summoned King Express and forcibly combined with Smog Jouki to form Mashin Gattai King Express. With this new combination, KiramaiRed destroyed Cold Hot Dagames before separating from Smog Jouki, allowing Galza to retreat.

When Reset Button Jamen was deployed to Earth, Galza observed the Jamenshi as Carantula gleefully explained his power. After Reset Button Jamen fled following his numerous beatings by KiramaiYellow and stated he would quit the Yodon Army, Galza appeared and killed him, allowing Carantula to use his darkness to summon Hassha Button Ligany to Earth.

Galza later became disturbed when he sensed Takamichi Crystalia / Kiramai Silver was on Earth.

While the Kiramagers, now joined by Takamichi, were fighting Haejigoku Shellga in their Mashins, Galza rode in on Smog Jouki and blocked Takamichi from using his DriJan on the Jamen Beast. Stepping out from his Mashin, Galza removed his helmet and mockingly greeted Takamichi before challenging him to a duel and placing his helmet back on. The two fight one-on-one, only for Galza to stop fighting midway through and ask Takamichi if he has found his treasure yet. Galza offers his help, but Takamichi refuses and states that he will not trust Galza again. Galza then decides to take his leave, telling Takamichi that the Yodonheim is very powerful before exiting in Smog Jouki.

Galza observed Steam Locomotive Jamen's progress at creating a darkness circle on Earth alongside Carantula. He remarked that the Jamenshi was making steady progress at finishing the circle, though Carantula remarked that it would be going faster if Galza had loaned him Smog Jouki. Later, after SL Jamen had his exhaust pipe clogged by KiramaiRed by shoving a piece of rubble down it, leaving him unable to finish the circle, Galza rode in on Smog Jouki and loaned it to the Jamenshi so he could finish the circle. While SL Jamen completed the job, Galza faced off with the Kiramagers, who were now joined by Takamichi / Kiramai Silver. KiramaiSilver asked Galza if he had told him he shined best while on his own as a way to sabotage him, to which Galza gleefully confessed to and mocked Takamichi for not realizing sooner. After SL Jamen lost Smog Jouki to King Express, Galza remarked that that would be the last time he loaned his personal Mashin to a Jamenshi before taking it back and using it to return to the Yodonheim realm.

While wandering around the Realm of Darkness, Galza noticed Carantula was missing and wondered where he had gone. He then noticed a daruma lying on the ground and picked it up. Later, when Carantula returned Galza asked him how his trip to Earth was and if he had gotten any inspiration for a new Jamenshi, to which Carantula replied that he had indeed while pulling out a bag of marshmallows and eating several.

As Carantula was eating from a bag of marshmallows, Galza came in and asked him if he was enjoying them. Carantula replied that he was almost out, but that Marshmallow Jamen would gather more for him by transforming middle-aged Japanese women into marshmallows. Later, after Marshmallow Jamen was destroyed and

Carantula dropped his last marshmallow on the ground, Galza told the scrambling Carantula he was a fool.

As Carantula admired how Fishing Rod Jamen had turned out much more powerful than he expected, Galza reminisced on how smoothly the invasion of Crystalia went, noting that it was in part due to KiramaiSilver being absent because of Galza's manipulations.

After Speaker Jamen repaired his antenna into a satellite dish that would allow him to broadcast his music at a wider range, Galza offered to play a solo on his electric guitar for the Jamenshi to broadcast, noting that his Jamental would increase its effect at gathering darkness. Carantula agreed to let him play and, after Speaker Jamen was destroyed, did not tell him that the Jamenshi was defeated after seeing how immersed in his guitar playing Galza was.

Galza later noticed that Carantula seemed more chipper than usual. Carantula informed Galza that he had just come up with his greatest idea for a Jamenshi yet. Galza warned Carantula that Emperor Yodon was starting to become dissatisfied with how many resources Carantula was spending on his Jamenshi, but Carantula assured Galza that his next Jamenshi would be perfect, as he had added something extra to it. Galza later descended to Earth to observe the Jamenshi, Bomb Jamen, and discovered that the extra theme Carantula had added to him was that he had to bowl his bombs and get a strike in order for them to go off. Galza was initially unimpressed and, after the Bomb Jamen bowled all six Kiramagers with his bomb and discovered that he had to knock down ten pins in order to get a strike, only became further dissatisfied. He soon returned to the Realm of Darkness, where he learned from Carantula that Yodonna was making her move.

Observing Yodonna in battle, Galza was impressed by her ruthless strategies against the Kiramagers. Galza then returned to the Yodonheim realm, where he noted to Carantula that Yodonna was indeed the personal servant of Emperor Yodon. Carantula speculated that Yodonna was plotting something behind their backs and that, whatever it was, it wasn't good for them. However, when Yodonna returned to the Yodon realm after her plan was thwarted by the Kiramagers, Galza approached her and complimented her on her tactics in battle. Yodonna initially thought Galza was being sarcastic, but Galza assured her he was legitimately impressed and suggested they work together next time.

For her next plan, Yodonna sought to study humans and how much they could endure. Observing that Sena was partnering with SCRTC, the same company which sponsored the Gekirangers, and using a device created by them to track her speed, Yodonna decided to use Sena as a test subject and brought Galza with her to attack the SCRTC. Galza captured Miki Masaki and her daughter Natsume, while Yodonna used her magic to turn the device around Sena's waist into a bomb that would explode if she ever stopped running. To keep her from being able to remove the bomb, she had Super Glue Jamen shoot a squirt onto it super gluing it to her. As her plans were going smoothly Yodonna let out an evil laugh, only to question if it was the right time for her to laugh, to which Galza let out a simple shrug. However, Natsume Misaki was able to escape Galza's clutches thanks to her mom attacking Galza and buying her time to escape. After Natsume helped the Kiramagers defeat Super Glue Jamen, Sena was freed from the bomb when the glue disappeared and joined her teammates in fighting the Super Glue Shellga Carantula summoned.

Yodonna's next scheme involved using Gomoryu, the same beast that had destroyed Crystalia, to rampage across the Earth. Carantula modified the beast by placing a Jamen mask on it and turning it into Projector Gomoryu, allowing it to camouflage itself through having a life feed of the city filmed and projected onto it by Yodonna and a group of Bechats using a tablet. Galza observed the scheme from the Yodon realm, commenting that it was going efficiently.

Galza would later hatch his own plan to both conquer the Earth and crush the Kiramagers along with his brother. While Yodonna oversaw the release of the Yodon Ivy Seed, which turn the Earth into another Yodonheim when bloomed, Galza traveled to Atamald to face his brother once more and finally destroy him. While Oradin and Galza were locked in a beam duel, Carantula sent out three Jamen Beasts to cause havoc and divert the attention of the Kiramagers. However, Oradin was able to escape thanks to Juru transferring his essence to Shiny Breaker right before Galza destroyed the Kiramai Crystal containing his body. Galza then summoned Smog Jouki to do battle against the Kiramagers and guard the Yodon Ivy Seed, but the Kiramagers were able to break through and destroy it.

After Takamichi was inadvertently trapped inside Cart Hildon by Golf Jamen, Galza took the opportunity to finally kill the sixth Kiramager by summoning Smog Jouki to go out and destroy the Hildon beast. However, right before Smog Jouki destroyed it, KiramaiRed defeated Golf Jamen and freed Takamichi. Observing from the Realm of Darkness, Yodonna commented that Galza would be furious when he realized that Takamichi had gotten out.

After returning to Yodonheim in search of Carantula, Galza sensed Emperor Yodon's presence, only to turn around and realize it was Yodonna. Yodonna informed Galza that Carantula had gone down to Earth to pursue his next scheme.

Following Carantula's apparent demise when he and Turntable Gomoryu were destroyed by the Kiramagers, Galza was surprised to see him back in Yodonheim. Carantula then revealed that the Carantula that had been destroyed was only one-fifth of him, and that to prep for a worse case scenario he had had Yodonna use her power to split things to split him into five, in preparation for a worse case scenario where he perished. Galza then mused that the reason he was depressed must be because he was a "discounted Carantula", but Carantula stated it was actually because, following the failure of their previous plan, Emperor Yodon had decided to address it personally. Yodonna was shocked to hear Carantula had met the Emperor face-to-face, as she had only ever communicated with him through her Yodon Changer despite being his personal assistant. Soon after, the Emperor contacted Yodonna and ordered her to seek out King Oradin, to which Yodonna enlisted Galza's help in reaching Atamald so she could find him. Galza brought Yodonna to the island where the entrance to Atamald lay, but Mashin Hakobu refused to let either of them in and flew off so they couldn't capture him. Galza then decided to go with Plan B and summoned Smog Jouki so he could fight the Kiramagers and hijack King Express in order to force Oradin to appear. After having Smog Jouki combine with King Express and take it over, King Oradin appeared to face his brother. With Oradin forced out into the open, Yodonna went and stood before him, confused about what to do next. It was at that point however that Emperor Yodon emerged from Yodonna and revealed himself, revealing Yodonna to be an embodiment of him that he used to travel in between Yodonheim and Earth. After the Emperor gave his declaration to Oradin and the Kiramagers and leveled the city he reverted to the form of Yodonna. Yodonna was left confused at what happened and wandered around asking where the Emperor was before Galza picked her up in Smog Jouki and brought her back to Yodonheim. There, he and Carantula revealed to Yodonna the truth about her connection to Emperor Yodon, and how she was simply an aspect of him.

After Carantula was cast out of the Yodonheim for treason, Galza rescued him and told Carantula he needed the Masked Magician to make something for him.

The thing Galza needed Carantula to make turned out to be a special bomb capable of paralyzing Emperor Yodon. Back at the Yodonheim realm, Galza offered himself up to become a personality aspect of Emperor Yodon. Yodon accepted and transferred Galza into his consciousness, enabling him to travel in Galza's body as well. With the power of Emperor Yodon at his disposal, Galza began spreading a black fog across the city that sucked out people's energies and converted them into violent minions of Yodonheim. The Kiramagers were soon able to the pinpoint the source of the fog and went to stop Galza, only to be overwhelmed by Emperor Yodon's power. With the Earth sufficiently polluted, Emperor Yodon emerged from Galza to finish the Kiramagers off. However, it was at that moment that Carantula chucked the bomb he made at Emperor Yodon, paralyzing the Emperor upon its detonation. With the Emperor frozen, Galza finished him off inside his mind and hijacked his body, gaining a powerful new golden form which he pronounced "Lord Galza". The titanic Lord Galza dueled the Kiramagers in their Mashins and easily defeated them all, canceling out any attacks they tried to perform.

Even the power of King Oradin wasn't enough, as Galza was able to destroy his final attack before finishing him off with a finisher of his own. After Oradin's defeat, Galza expressed his surprise that Juuru knew about the attack *he* invented. Juuru was shocked by this revelation. He once thought the Crystalian boy that appeared in his dream, the same boy who invented this attack, was Oradin, but turned out the boy was actually Galza. Lord Galza then captured the injured Oradin and took him back to Yodonheim to be executed.

In Yodonheim, Galza restored his brother's physical form before feeding him to a Basra beast, believing he would make a more fitting meal that way. While the Kiramagers entered Yodonheim thanks to Carantula to rescue Oradin, Galza traveled back to Earth and attacked Takamichi, easily beating him down and critically injuring him. Before he could finish him off however, Mabushina barged in and shielded him, demanding to know why Galza had betrayed everyone and what he intended to do. Galza answered that he would use the power he gained from Emperor Yodon to remake the world. Mabushina then rebuffed him, saying the only person who had the power to do that was not him or Oradin, but Juru. Galza then returned to Yodonheim, where he found KiramaiRed and the Kiramagers trying to save Oradin from being inhaled by the Basra. Galza snatched Juru away and rode off on Smog Jouki, before dropping him and facing off against him. The two exchanged special moves and discovered they were both relatively equal in power. Juru then stated he didn't want to fight Galza and that, as fellow creatives, they should be working together, but Galza refused to listen and charged at Juru to attack him.

As their blades clashed however, the two were teleported inside Juru's dream of a young Galza, where Galza witnessed himself as a child playing with Oradin. He then began to ponder why he had come to hate his brother, but refused to turn back as he had already destroyed Crystalia and chosen Yodonheim. Juru then insisted that he still had room to turn good, and that they could restore Crystalia with the Kanaema Stones. However, it was at that point that Emperor Yodon regained control and expunged Galza from his body. Emperor Yodon then revealed that he was the one who had corrupted Galza by stoking in him envy over his brother being the king. Furious at the revelation he was used, Galza attempted to attack Emperor Yodon, only to be knocked to the ground before being vaporized.

Lincoln: I should've known there's no mistaking that deranged voice from anywhere. You can come out now, Harvester.

A deranged farmer with a scythe came out, and it was none other than The Harvester, our old enemy from and the one who caused Lincoln bad nightmares when he watched that movie years ago.

Nico: So, that's The Harvester?

Lincoln: Yep, that's him, the deranged monster responsible for giving me nightmares years ago when I watched The Harvester.

The Harvester: (LAUGHING DERANGEDLY) And now, your organs will be all mine!

Rarity: That's never going to happen, and I will see to it that you pay the price for giving Linky those nightmares years ago.

Lincoln: Juru, you and the team keep your eyes on Rarity, you only saw her Phase 1 transformation when she went to help Natilee against Nightmare Maestro Minjo, her Phase 2 transformation is for an uninvited villain that shows up, and it's to close our special ambassador missions.

Juru: This is going to be awesome.

Suddenly, Rarity's dark blue eyes turned neon dark blue, and she was surrounded by a purple energy aura with Alicorns, water, magic, and jewels, she unholstered her Sword of Generosity from her back, and as she approached The Harvester, she left purple energy, Alicorns, water, magic, and jewels with every step.

Rarity: Harvester, I will never ever forgive you for the pain and suffering that you've caused to your victims whose organs you've torn out of them and for giving my future husband those nightmares years ago, and now, I'll see to it that you will pay for everything you've done, and now, I'll see to it that you pay the ultimate price for your crimes and you will be erased from existence for good.

Suddenly, Rarity was surrounded by a massive vortex of purple energy with gems, water, and magic surrounding it, there's an Alicorn flying around the vortex, and ocean waves were crashing behind the vortex, and in the vortex is a white phoenix. Then, as the vortex faded, Rarity emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Rarity grew from 6'5" to 6'11" in height, she has the body of a goddess, she has blue highlights in the bangs of her long flowing purple hair and a cutie mark-themed Barret in her hair, she has neon dark blue eyes and a purple and white energy aura with Alicorns, water, magic, and jewels surrounding her, Rarity has an Alicorn with three jewels on its horn emblazoned on her forehead, she has on Alicorn earrings with blue gems for eyes and the Generosity and Eternity Kanji in its hooves on her ears, her Amulet of The Water Skylanders has an Alicorn pendant with the Generosity and Eternity Kanjis in its hooves, her golden Amulet of Water has purple gems on the gold lightning bolts from her merged Thunderbird Necklace of Eternal Love and purple crystals embedded in it because her Crystal Necklace of the Buddha merged with it in addition to the gold Thunderbird pendant. Rarity has on a purple sleeveless blouse, short-sleeved blue top with her cutie mark, gems, water, and white phoenix on it, dark blue pants, purple knee-high high-heeled boots with her cutie mark for shoe buckles, and sleeveless long purple trenchcoat with jewels and ocean waves on the coattails, and an Alicorn on the back surrounded by gems and right on top of its horn is the water drop, the symbol of the Water Skylanders. Suddenly, Rarity felt a sharp pain on her back, and then, her massive purple angel wings with white tips on the large purple feathers with water drops falling from the tips grew much bigger for her new body. Rarity has on her Ring of the Phoenix with large purple gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire Corps ring on her left ring finger, and she has her cutie mark on her right shoulder.

Suddenly, Rarity's massive Rarity's Alicorn Sword of Magical Generosity and Water Justice was then surrounded by a kaleidoscope of purple energy, and when it emerged, it was transformed into Rarity's Alicorn Greatsword of Magical Generosity and Water Justice, it's a brand-new greatsword with a 7'0" massive, wide, double-edged purple blade with her cutie mark, water drops, and gems etched on the blade, large purple Alicorn heads for the crossguard, large white gem embedded in the rainguard, longer black handle, large purple Alicorn heads with blue gems for eyes and a large white gem on the bottom of the Alicorn heads for the pommel, she has on her brand-new large gold cuff Bracelets of The Champions of The Universe with purple gems on her wrists, her Belt of Elemental Bravery with an Alicorn for the belt buckle and purple gems for the eyes and a large purple gem in its collar for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on on her right hip and her Eater of Sins revolver holstered on her left hip. Rarity has transformed into SUPER ANGEL-ALICORN ETERNITY INFINITY MAELSTROM GEM ALICORN ANGEL OF WATER GENEROSITY AND DIVINE GEM LOVE!

We were really amazed by Rarity's Super Angel-Alicorn Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when The Harvester saw it, he laughed like a deranged madman and tried to kill her with his scythe, but she blocked the sickle, and Rarity fired a powerful purple and white energy blast with gems, water, magic, and Alicorns, and it hits The Harvester, and sent the deranged mad farmer into a wall.

Nico: Whoa, Rarity's transformed into her Super Angel-Alicorn Eternity Infinity form, awesome.

Juru: Incredible.

Me: And she sent that mad farmer flying into a wall, awesome.

Natilee: You said it, Dad.

Lincoln: Wow, Rarity, you look beautiful. How do you feel?

Rarity: (Divine Echoing Cosmic Voice of The Generosity Alicorn and Divine Water Love) **I feel quite incredible, Linky. Now, shall we put one last demon from your past to rest for good?**

Lincoln: (Smiles) With pleasure, my Alicorn Princess of Water

Generosity.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Rarity.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to put an end to one last nightmare.**

Rarity and Lincoln went after The Harvester, who tried to attack them with his scythe and he was laughing like a deranged madman, but they dodge his scythe, and Rarity and Lincoln fired powerful blasts of rainbow energy, purple and white energy, water, gems, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, stars, rainbow flames, rainbow crystals, Thunderbirds, Buffalo, Phoenixes, Angels, and Alicorns and they exploded with incredible power as they hit The Harvester. Then, Lincoln and Rarity attacked The Harvester with their massive swords and they left scars on him, and not only were they not healing, but The Harvester's blood was being spilled all over the place.

Then, Lincoln and Rarity fired blades made of sharp diamond, and they cut through the blood vessels of The Harvester and more blood was being spilled all over the place. Finally, Rarity and Lincoln fired two black energy blasts of The Black Gates and as they hit The Harvester, he was destroyed and he was confronted by the spirits of all those he's killed and he was erased from existence by The Black Gates forever. We cheered wildly for what Rarity and Lincoln did as they holster their massive greatswords on their backs and power down, and Rarity's new body, clothes, weapons, jewelry, and massive purple angel wings are permanent.

Rarity: That's the end of one last nightmare. Thank you for helping me take down The Harvester and ending one last demon from your past, Linky.

Lincoln: (Smiles Warmly) You're welcome, Rarity.

Suddenly, Rarity wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down Rarity's face, they kissed passionately as Rarity's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand was on Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and Alicorn flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and gems of many shimmering colors appearing and forming a beautiful rainbow and we cheered for them.

Geronimo Stilton: This was truly an exciting day today. First, on Nico's rescue, they went to Chicago, and they took down NO MA'AM, and arrested them, The Bundys, and Marcy D'Arcy and all of them were put in The Masters of Evil's prison, and Nico was reunited with Rebecca McSalazar, and later on Lincoln and his group went to the Hoenn Region and took down Team Magma's leader, Maxie, and Team Aqua's leader, Archie, who came back from the dead and Lincoln showed his new Kiramager form and the two rival leaders were sent to The Black Gates, and Lincoln was reunited with Loriana Florrentine, the Element Doom Gene-Slammer and another of his Guardian Angels from Michigan when they were in Kindergarten, and later on, we helped the Kiramagers destroy Nightmare Maestro Minjo, and Natilee transformed into her new Super Angel Infinity Xelnaga form and Rarity also transformed for her Phase 1 transformation, and for Phase 2, Rarity transformed into her Super Angel-Alicorn Eternity Infinity, and she and Lincoln destroyed The Harvester and sent him to The Black Gates. But, tomorrow, the battle against The Blood Dragons is back on and the adventures are just beginning, reporting for The Rodents' Gazette from Gotham Royal York, I'm Geronimo Stilton, goodbye.

Juru: Wow, that was truly an amazing broadcast.

Geronimo Stilton: Thank you, Juru.

Lincoln: And tomorrow, like Geronimo said, the battle against The Blood Dragons is back on, and they're a dangerous group of thugs who've been on the FBI's Most Wanted list for a ton of crimes all over the country, ranging from bank robberies and drug trafficking to rapes, assaults, murders, and even more.

Me: That's right, and have you guys heard about The Church of Necrom?

Juru: That malevolent Satanic group that's been terrorizing the country?

Lincoln: The very one, and we've had to deal with their constant attempts to kill us because of what I did in killing Necrom for the last seventeen days, but we've been capturing them one by one, and just eight days ago, we defeated and captured Damian Alaister, the sadistic and extremely insane leader and founder of The Church of Necrom, and after they were found guilty for their crimes, they were sentenced to death, and we destroyed them all and sent them to The Black Gates.

Me: That's right, but we also found out Damian Alaister sabotaged Lincoln and Starlight Glimmer's attack that should've sent Evil Starlight Glimmer to The Black Gates, and it sent Evil Starlight to Oblivion, and on September 16th, she's going to come back and with her powers restored, and she's going to gather an army of Equalists to destroy everything and everyone.

Sena: That's awful.

Lincoln: It sure is, Sena, but we'll be more than ready for her on that day, and we'll clean up the last bit of Damian Alaister's mess.

Starlight Glimmer: You said it, Linky.

Nico: And after The Church of Necrom were destroyed, we found out from FBI Agent Waco that The Blood Dragons were coming to kill us all, as soon as word of the deaths of Damian Alaister, Michael Devlin, Carmen Sullivan, Nigel Moreau, Douglas Moreau, Cole Sullivan, Nigel Alaister, Cary Blakewell, Nigel Tinuviel, Douglas Griffin, Duncan Alarie, Ianira Dormund, Edana Baudelaire, Drusilla

Draven, Chandra Mortlake, Adrienne Hawthorne, Jezebel Lanira, and Jocasta Belladonna got to them in their hideout in Arkansas.

Lincoln: And they're that stupid as to ally with those dark Satanic Demon Goths, since they despise all of humanity. But, we're going to bring them to justice and send them all to prison, and once we get back, the field I put up will disappear, and they'll get out and they'll be extremely pissed.

Me: Let those ugly, muscle-headed morons come, you guys are more than ready for them.

Lincoln: You got that right.

Nico: But it was an awesome adventure today. Great job today everyone.

Juru: Yeah. (To the viewers) Hope you all liked this one and it was an awesome adventure.

Nico: Yeah. This was awesome. Lets head home.

We went back to the estate and C.A.R.A.T. was moved to the Estate World Tree and it was cool. We enjoyed the rest of the day and Natilee and Rarity got awesome transformations out of it. We then went to sleep. Natilee is relieved now that a monster like Minjo will never terrorize the dream world again.

THE END

Me: I hope this world is not a zombie apocalypse world.

Eli: Boy me too. That would not be good.

Nico: Thanks for coming with me, Jake.

Jake: Anytime Nico. It's gonna be so awesome going with you on a rescue.

Lisa Loud: Indeed it will Jake.

Xenia: I'm really excited about this one.

Lola: Me too.

Nico: Jake, you must be glad Rotwood and Morton helped us during the 20 Days of Darkness.

Jake Long: I sure am and I'm so glad they redeemed themselves during that time.

Me: Me too. Boy they deserved it too after everything that happened.

Lola: I agree.

Aylene C.: Yeah hopefully they learned a massive lesson from that.

Nico: I agree there.

Camie: Yeah I heard so much about that.

Nico: That was awful.

Himiko: It sure was.

Me: Also guys Sam and Luna both have something awesome to show us for the Juneteenth Gay and Lesbian Pride Parade later this weekend on Fathers Day.

Nico: Oh that's right! I forgot that Fathers Day also is on Juneteenth.

Himiko: Juneteenth?

We headed down.

Laney: Doesn't look like a bad planet.

Me: Yeah.

Nico: Yesterday was awesome. Not gonna lie.

The ship was heading down to the planet and it entered the atmosphere.

Me: I'm getting a really bad feeling about this.

Eli: I have that feeling too.

Lana: Yeah.

We looked on the surface and we saw a bunch of the cities completely destroyed and burning!

Me: My god. What the hell happened here?

Lola: This is terrible!

Nico: Wait. Which movie is this from again?

Me: It looks familiar.

Lucy Loud: According to the scans it's the world from the movie A Quiet Place.

Nico: Whoa! I know that movie! So we're going up against the aliens from that movie.

Me: Yeah the Cochleanians. The Death Angels. Those aliens were UG-LY!

Varie: And scary too. Their hearing is really powerful.

We landed the ship outside of the ruins of Los Angeles.

Kaito: Everyone stay close.

Nico: Right.

We went out and we saw the city in ruins and it looked like a ghost town.

Nico: Wow.

We went outside and we looked around and it was really quiet.

Eli: Wow.

Nico: Where is everybody?

Me: Hiding. The Death Angels are searching for them.

Laney: What do these aliens look like?

Jake Long: Probably like that!

We saw one of the DEATH ANGELS! And it was UG-LY!

The Monsters (also known as Death Angels or The Angels of Death) are the main antagonists of the science-fiction horror film franchise A Quiet Place. They are a species of super-evolved extraterrestrial predators that arrived on Earth on a number of meteors that landed on its surface, and have since begun eliminating almost all life on Earth.

They kill anything and everything that makes even the slightest noise, assisted by a sense of acute hearing far beyond anything produced on the Earth. This, combined with their indestructible armor, allowed them to massacre most sapient life on the planet, including a sizable portion of humanity, subsequently causing society to collapse.

Their vocal sound effects were provided by Justin M. Davey in the 2018 original film, and Michael Barosky in the 2021 sequel.

## Description

The Monsters are emaciated, vaguely humanoid creatures whose entire bodies are covered by many plates of chitinous armor. They are stated to be "evolutionary perfect" machines that evolved to withstand firearms and even the destruction of their own planet. They also possess arms with prehensile digits, but they are only ever observed using their limbs for locomotion. They have abnormally sharp claws that are strong enough to cut through trucks and metal, and it is their main weapon for killing their prey. They are also inhumanly fast, able to travel miles in a minute, quickly moving to locations faster than their prey can react.

Due to their lack of eyes, the Monsters hunt by sound, and are completely blind. They have sensitive plates lining the front of their faces that can extend and contract to help them gauge the direction of where a sound is coming from. The back of their heads are capable of unfolding into massive ear-like structures with pronounced, slimy eardrums. Using these, they can detect even the most subtle of changes in sounds as little as a floorboard creaking miles away. The creatures also do not need to breathe, sleep, or even eat, and are able to survive in seemingly any climate.

An ability that the Monsters also have is the ability to affect electricity. As seen multiple times in the film, electronics such as lights tend to flicker in a Monster's presence. Why and how they do this is completely unknown for this time.

## Past

Although the origins of the Monsters are largely unknown, they existed for nearly a millennia before an asteroid carried them to Earth. Afterward, the destructive asteroid crash-landed in Mexico with the power of a nuke, where they began spreading across the nation and eventually the entire world. They killed anything and everything that made noise, assisted by an incredibly powerful sense of hearing far beyond anything produced on the Earth. This combined with their impenetrable armor, allowing them to fight off any resistance, including Earth's militaries, and all of the sapient life on the entire planet, which subsequently caused society to crumble and collapse.

*A Quiet Place*

Over the span of three months, most of Earth's human and animal populations have been wiped out by the Monsters with the US military (and presumably other armies as well) giving up on trying to fight back against them. The Abbotts family - the wife named Evelyn, the husband named Lee, a congenitally deaf daughter named Regan, and the two sons named Marcus and Beau - silently searching for supplies in a deserted town. While out in the open, the family communicates with American Sign Language (ASL). 4-year-old Beau is drawn to a battery-operated space shuttle toy, but his father takes it away. Regan returns the toy to Beau, who also takes the batteries his father removed. Beau activates the shuttle when the family is walking home through the woods, near a bridge. Its noise makes him an instant target for a nearby creature and he is swiftly killed.

Later on, as one of the children knock over a lantern, the family prepares for a potential monster attack as something lands on the roof. However, it only turned out to be some raccoons that jump off of the roof and can be seen from the window. Then, one of the monsters pounces on one of the raccoons after they move away from the house, crushing them in one swift stroke.

While fishing with his son, Lee encounters an old man in the forest whose wife was killed by the Monster. Although Lee urges the man to stay quiet, the old man was driven to suicide. He screams to draw the Monster to him, not even caring that he had placed an innocent man and his child in danger by doing so. A Monster then arrives and kills him in one swift motion, unaware that Lee and his son were nearby.

Alone at the house, Evelyn goes into labor earlier than expected. While making her way to their house basement, she steps on a large nail. In pain, she accidentally drops a glass picture frame and alerts a nearby creature. Evelyn flips a switch that changes the exterior house lights to red as a danger signal to the others, and struggles to remain silent during her contractions. Arriving at the farm and seeing the lights, Lee instructs Marcus to set off fireworks as a diversion. He finds Evelyn hiding in the bathroom with their newborn son. The baby starts crying, attracting a creature. And they narrowly avoid another attack on the way to their improvised soundproofed barn basement. Lee leaves to find the other children, after promising Evelyn he will protect them. Evelyn falls asleep, but wakes to discover that the barn basement is flooded with water from a broken pipe and that the creature is stalking her.

Regan hurries back to the farm. She and Marcus take refuge atop a grain silo, lighting a fire to alert their father to their whereabouts. However, they run out of lighter fluid and the fire dies before they can attract Lee's attention. A hatch door gives way and Marcus falls into the silo. The sound of the door falling distracts the creature stalking Evelyn which then runs towards the silo. Marcus sinks into the corn and nearly suffocates, but Regan jumps in and saves him. They avoid further danger by clinging to the fallen silo door and survive a subsequent creature attack by hiding under it. Regan's cochlear implant reacts to the proximity of the creature by emitting a piercingly loud high-frequency sound that drives the creature away. The children escape from the silo and reunite with Lee.

The creature returns, attacks and wounds Lee, while Marcus and Regan hide in a pickup truck. After seeing his father wounded, Marcus shouts impulsively, attracting the creature to the truck. Due to its unpleasant sound, Regan turns her cochlear implant off for the first time, unaware of the fact that it would have potentially driven the creature away. Lee uses sign language to tell Regan and Marcus that he has always loved them before sacrificing himself by yelling to draw the creature away from his children, so that way they can escape. The creature then slashes Lee, allowing Regan and Marcus roll the truck down a hill to escape and reunite with Evelyn and the baby at the farmhouse.

The four retreat to the house's basement, which to this point was off-limits to the children. There, Regan sees her father's notes on the creatures and his experimentation with several different implants. When the creature returns to invade the basement, Regan realizes that the sound made by the implant distresses the creature and hence she switches the device back on and places it on a nearby microphone, magnifying the feedback to ward off the creature. Painfully disoriented, the creature exposes the flesh beneath its armored head, which Evelyn shoots, killing it and avenging Lee's death. The family views a CCTV monitor, showing two creatures attracted by the noise of the shot. Now armed with the knowledge of the Monsters' weakness and a shotgun, the family arm themselves, ready to fight back.

*A Quiet Place Part II*

Prior to the events of the first film, during Day 1, the Abbott family are watching a baseball game for their son Marcus just as they witness the meteor arrive on Earth, ending the game abruptly. Lee went back to his pickup truck and talked to Ronnie, a local police offer to discuss on what is going on. Ronnie then replied that units are headed out to deal with the situation, but a monster began attacking his police car and landed on a store just as Lee went back on his pickup truck but won't start. Meanwhile, Evelyn, Marcus and Beau are driving back and get stuck on traffic, but a creature lands on a station wagon and they dodge it from its claw attack. As they continued to dodge the vehicles, they then encountered a driverless bus and saw that a creature had killed its driver but they drive backwards and hide in a nearby building. More creatures began attacking the town just as Lee, Regan and more townsfolk hide in a bar to avoid being killed. They went under in a table to avoid detection just as Lee silences a man while a teenage couple lose their cell reception from their mom. But the couple's phone accidentally rings, alerting the creature and killing several people just as Lee and Regan escape from the restaurant with the creature going after them. They began approaching the damaged police car where Evelyn, Marcus and Beau are hiding in. The creature tried to attack Lee and Regan but the officer from earlier began shooting at the creature to save them, though the creatures impenetrable armor dodges the shots and the officer sacrifices himself to save the family just as the creature slashes at him with Marcus covering his ears in horror.

In the present, after presumed to have killed two creatures, Evelyn, Regan, Marcus, and their newborn son begin to leave their home just as it is destroyed so they can find any living communities left, bringing a portable guitar amplifier and microphone to fend off the creatures. As they approached a train yard, Evelyn steps on a booby trap, causing bottles to cling which makes noise to signal any creature nearby. They begin to run to escape the noise but Marcus steps on a bear trap, finding himself screaming in pain just as Evelyn tries to cover his mouth in an attempt to silence him. The baby also cries as well and Regan places him on a box while Evelyn opens the bear trap clamped on Marcus' leg. But the noise attracts a nearby creature that attempts to kill them, though Regan is able to turn on the speaker, creating a high pitched frequency that weakens it and allowing Evelyn to kill the creature with a shotgun. They soon encounter Emmett, an old friend of Lee who silences them just as they notice another creature, which had been presumably alerted by Evelyn's shotgun. The creature begins to chase them by swinging over the rooftops though the debris falls on it just as Emmett and the rest of the Abbotts hide in his secret bunker. It is later revealed by Emmett that his family was also involved on the first day of the invasion, and that his children were killed by the creature while his wife died 11 weeks ago from an illness. Suddenly, Regan hears "Beyond the Sea" and believes that it is a clue to a radio tower on a nearby island for survivors to go to and against Marcus and Evelyn's wishes, decides to secretly go alone there so she can transmit the frequency to allow survivors to pick up the signal to use it against the creatures.

On the way, Regan spots an abandoned train and goes inside, but after crows fly off and make noise as well as being startled by a dead corpse while getting a medical aid, a creature begins to go inside after being alerted to its presence. The creature tries to kill Regan but she uses hear hearing device to disorient the creature and fires a shot at the creature, though it continues to be angered and Regan tries to load her gun but it gets stuck. The creature tries to kill her but Emmett arrives in time and shoots it in the head, who had just been implored by Evelyn to bring her back. The two hide in a nearby train station just as another creature is alerted. Emmett tries to convince Regan to come back to him but instead she convinces him to join her on her mission across the sea. Back at Emmett's bunker, Marcus is tasked by Evelyn to watch over the baby as she goes to the pharmacy on her own to get medical supplies. While Evelyn goes to the pharmacy, Marcus decides to go around the factory, unaware that the tank has ran out of air, while exploring the factory, Marcus stumbles upon the corpse of Emmett's wife. Startled, he knocks over some objects, alerting a nearby creature. Marcus narrowly gets into the bunker, but accidentally locks himself and the baby inside.

Meanwhile, Emmett and Regan find a marina and search for a boat. Feral humans living there ambush them. Emmett then orders Regan to dive, which she does and deliberately creates noise and attracts two creatures that slaughter the deranged inhabitants. Emmett stabs the leader with the knife to attract the creature to kill him before jumping off to avoid being killed as well. When one creature drowns, Emmett realizes the aliens cannot swim, while the other creature gets trapped on one of the boats. Regan secures a small boat and the two reach the island where a small colony of survivors are living a relatively normal existence. The colony leader reveals that when the government discovered the creatures were unable to swim, the National Guard moved as many people as possible to the islands, but only 2 boats made it out of 12 due to people panicking. Marcus and the baby remain trapped in the air-tight bunker and are are about to suffocate. Evelyn returns and witnesses the creature attacking the bunker. Using a pistol, she fires it above to attract the creatures' attention. She then fires on an explosive to set the creature on fire. Although the flames are unable to kill the alien, it does attract sprinklers on the foundry, which distracts the creature long enough so Evelyn can save her children. The three continue hiding inside the bunker as the creature resumes prowling the foundry.

The next day, Emmett finds out that a creature that boarded a yacht at the marina has drifted to the island. As Emmett tells the survivors to get inside their homes, the creature immediately begins attacking and slaughtering the survivors. The colony leader, Emmett, and Regan jump into a car and lead the creature to the radio station. On the way, the creature tries to attack them but is unable to as it tears a piece off the vehicle resulting it being left behind. As they arrive, the creature kills the colony leader while Emmett and Regan escape into the station.

The creature attacks and nearly kills Emmett when Regan transmits her hearing aid's high-frequency through the radio station's room speakers. The creature is incapacitated, allowing Regan to impale its exposed head with a metal rod, saving Emmett. Simultaneously at the foundry, the creature has discovered the bunker. Evelyn rushes back into the bunker and tries to shut the door only for the creature to open it and attack them. The creature also throws off the box the baby was being put on. It attacks Evelyn and rips a piece of her pants, but before it can kill her, Marcus picks up Regan's transmission and plays it through his portable radio, incapacitating the creature. Marcus shoots it dead with Evelyn's revolver. Regan leaves her hearing aid connected to the radio station's microphone, allowing anyone receiving the frequency to fight the creatures.

Nico: (In his head) That is ugly.

I scanned it with my Omnitrix.

I fired an energy blast and blew it to smithereens.

Nico: Nice one.

Me: But if there's one there's bound to be more of them.

Eli: Yeah.

Jake: Dragon up!

He turned into his dragon form!

Nico: Nice!

But then one of them came up to us.

Nico: Wow. You are really scary.

Cochleanean: (In a girls voice) That voice? Nico?

Nico: Wait that voice. Chloe Yoriyama?

Cochleanean: Yeah it's awesome to hear you.

Nico: You too.

Me: Wow.

She reverted back and she was a black hair girl and had blank white eyes and that means she can't see a thing.

Nico: Guys this is Chloe Yoriyama. She was born blind but she uses her ears to see.

Lola: Wow awesome to meet you.

Chloe Yoriyama: Same to you Lola. I may not be able to see but my ears can help me out.

I then fired a massive energy blast and killed a Death Angel.

Me: Sorry.

Nico: Lets talk on the ship after we get everyone off this planet.

Me: Right.

Chloe Yoriyama: I found a bunch of surviviors hiding in a massive bunker not far from here.

Nico: Okay.

Zocks: (takes out Kabuto gear) They won't have anything to worry about.

Kaito: (takes out Hibiki gear) Why do I get this feeling that Another Hibiki will appear today?

Nico: I got that same feeling too.

Zocks got the Kabuto Kamen Riders Sword and Kaito got the Hibiki Kamen Riders sword.

Nico: Nice.

Chloe Yoriyama: These creatures are very vulnerable to high frequency sounds.

Me: We should have brought Kira Ford, Silver Banshee or Black Canary with us.

Nico: Yeah.

We went to the ship and we went to find survivors.

Me: Here we go.

Nico and everyone stood on the ship and we had the transporters ready.

We got many survivors on board. We saw that the Death Angels had wiped out 95% of the planet and it was terrible!

Nico: Whoa!

Juran: Let's get the fuck out of here!

Me: You read my mind.

Nico: Gun it!

We went back home to our Earth.

Chloe Yoriyama: That was close.

Nico: Yeah no kidding.

Jake: What's your favorite memory of Nico?

Chloe Yoriyama: I have a lot of them Jake. But my favorite is when I caught the Green Slime Killer.

Me: I remember that guy. He was Logan Ferrington and he was a

NASTY son of a bitch. Killed 61 people in 3 states.

Chloe Yoriyama: Yep. I used my hearing to find him and thanks to my powers I was able to bring him down.

Nico: Wow! Also me and Chloe teamed up and busted numerous big time criminals. We caught and killed some of the worst ever criminals ever known.

Lola: That is so awesome.

Nicole: It sure is. That is so cool that you are a bounty hunter of some of the most of the most evil criminals ever.

Laney: It sure is.

Nico and Chloe hugged.

Nico: I really missed you.

Chloe Yoriyama: Me too Nico. I may be blind but I never forget your warmth.

Nico: That's true.

Me: That is so awesome that you can hunt with your ears. Like how bats do in the darkness.

Chloe Yoriyama: It sure is.

Eli: But what are we gonna do with the people from that other Earth?

Me: We can give them a home in a ring home I made around Mars.

Nico: Good idea.

Lola: Sweet.

We went back home and got all the people settled in to an awesome ring colony put around Mars.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Heathcliff, Sonja (Heathcliff), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Dan Kuso are heading to Rome, Italy, and not only is Lincoln going to rescue the nine girls here, but we got word that Menma Uzumaki has come back from the dead yet again, and he still wants revenge on us for destroying him again.

Lincoln: Wow, we're here in Rome, Italy, and I know what we're going to do here, not only am I going to rescue the nine girls here, but we got word that Menma Uzumaki has come back from the dead yet again, and he still wants revenge on us for destroying him again.

Nicole: That's right, Lincoln. I can't believe that Menma's come back yet again, this is the second time he's come back from the dead.

Lincoln: But, this is the absolute last time we'll ever have to deal with him again. And I want to thank you, Naruto, and the Leaf Shinobi for joining us, Dan.

Dan Kuso: You're welcome, Lincoln, this is going to be awesome.

Naruto: And we'll soon be rid of Menma for good, he should've stayed dead when we destroyed him in Auradon last year.

We saw the sights of Rome, Italy, and they're just as amazing as ever since the founding of Rome in ancient times.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of nine girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the nine girls, but they've been cornered by Menma Uzumaki at the Coliseum, and he's going to kill them.

Lincoln: Guys, I found the nine girls, but they've been cornered by Menma Uzumaki at the Coliseum, and he's going to kill them.

?: (Japanese Accent) That heartless, dishonorable dark Shinobi, let's get him.

Suddenly, we saw Dark Magician appear before us.

Nico: Dark Magician?! But, how…?!

Lincoln: This wasn't Yugi's doing, Nico. In fact, I'd recognize that Japanese accent from anywhere, I knew it was you, Sakura Adachi, but we'll talk later, let's get that bastard and rip him apart.

We rushed on over and Lincoln fired rainbow energy balls and elemental forces at Menma, and that allowed the nine girls to get away. When Menma saw us, he was pissed, and so were we.

Menma: You've got some nerve ruining my fun in taking the lives of innocent people again, Team Loud Phoenix Storm!

Lincoln: Your so-called fun in taking the lives of innocents is about to end here and now, Menma.

Naruto: You shouldn't have returned again from the dead, you monster, and now, this is the end for you.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity

Then, Lincoln swung his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds and fired a powerful blast of rainbow super lightning, and hits Menma and it also permanently fried his Chakra Network. Menma tried to use his techniques, but he couldn't. Eli and the Hyuuga members activated their Byakugan and Sasuke, his clan, Nico, and I activated our Sharingan, and we saw that Lincoln fried Menma's Chakra Network with that attack.

Itachi Uchiha: Incredible, Lincoln's attack permanently Menma's Chakra network.

Sasuke Uchiha: Looks like J.D.'s not the only one who's ended an evil Shinobi's career.

Lincoln swung his massive Hinon's Cosmic Storm Sword of

Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds again and he fired a powerful blast of rainbow energy and trapped Menma inside a rainbow tornado, and he was ripped apart by the winds and Lincoln banished his evil spirit to The Black Gates. We cheered wildly as we holster our weapons and powered down.

Lincoln: And that's it for you, Menma, and don't you dare come back. (To Sakura Adachi) And it's so good to see you again, Sakura Adachi.

Sakura Adachi reverted back to normal, and she's a beautiful girl with long flowing black hair, purple eyes, black lipstick, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful midnight black angel wings, and she reigned in the power of Dark Magician, and she's dressed in a sleeveless black vest, sleeveless black midriff top, black skirt, black pants, black sneakers, and long black sleeveless trenchcoat with darkness and magic on the coattails, and Dark Magician on the back, and holstered on her back is a large Dark Magician-themed greatsword with Dark Magician etched on the 7'0" massive, wide, double-edged purple blade, purple angel wings for the crossguard, large green gem embedded in the rainguard, longer black handle, and large purple gem surrounded by midnight black angel wings for the pommel.

Sakura Adachi: (Japanese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Sakura Adachi and they hugged, and Sakura Adachi was also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Sakura Adachi: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Sakura Adachi, she's one of my many Guardian Angels, she's a Goth Girl from Japan and she's a powerful master of darkness and magic, and as you also see, she has beautiful midnight black angel wings.

Nico: Whoa, that's awesome.

Sakura Adachi: (Japanese Accent) And I have a huge revelation about Lori and how it almost got her disowned by her family.

Me: Oh boy, this is something that we're not going to like hearing.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Sakura Adachi's neck with purple gems on the gold thunderbolt links and black crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Sakura Adachi: (Japanese Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Sakura.

Sakura Adachi had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Sakura Adachi's waist and Sakura Adachi wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Sakura Adachi's face and kissed her on the lips, and she also returned it, and we cheered for them. Then, we went up to the nine girls, and when Lincoln saw them, he immediately recognized them. The nine girls are Margaret "Echo" Pearl and Layla Gray from Fast & Furious: Spy Racers Lily from Kappa Mikey, Emily Jones, Azari Firedancer the Fire Elf, Aria Windwhistler the Wind Elf, Naida Riverheart the Water Elf, Rosalyn Nightshade the Healer Elf, and Lumia the Light Elf from LEGO Elves: Secrets of Elvendale.

Lincoln: Oh wow, it's Margaret "Echo" Pearl and Layla Gray from Fast & Furious: Spy Racers Lily from Kappa Mikey, Emily Jones, Azari Firedancer the Fire Elf, Aria Windwhistler the Wind Elf, Naida Riverheart the Water Elf, Rosalyn Nightshade the Healer Elf, and Lumia the Light Elf from LEGO Elves: Secrets of Elvendale.

Me: Awesome.

Lincoln: Are you girls okay?

Margaret "Echo" Jones: Yeah, we're okay, thanks to you.

Margaret "Echo" Pearl: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Margaret "Echo" Pearl:

(Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared on the necks of Margaret "Echo" Pearl, Layla Gray, Lily from Kappa Mikey, Emily Jones, Azari Firedancer the Fire Elf, Aria Windwhistler the Wind Elf, Naida Riverheart the Water Elf, Rosalyn Nightshade the Healer Elf, and Lumia the Light Elf with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the TLPS World Tree Estate, and the rest of the team were shocked when they found out the villain we went after was Menma Uzumaki, who came back from the dead yet again to get revenge on us.

But, when Lincoln showed what he did to that evil Shinobi, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Sakura Adachi have a lot of catching up to do now that she's back in town, and now we're finally rid of Menma Uzumaki for good, and he's never coming back.

---

After putting down Menma Uzumaki and this time for good, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Sakura Adachi saw Lincoln working out like crazy, she had an atomic red blush on her face.

Sakura Adachi: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Sakura, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Sakura Adachi: (Japanese Accent) That's incredible.

Nico: It sure is. So, Sakura, what's this huge revelation you have about Lori and how it almost got her disowned by her family?

Sakura Adachi: (Japanese Accent) You're not going to like it one bit. I was with Lincoln in his room and playing video games, but then, we heard something in Lori's room. I went to Lori's room, and I made a cloud of darkness to cover us and we listened in. I then heard Lori was planning something really bad: she was planning on destroying Vanzilla and pinning this on Lincoln, so he'd be blamed for it and not only would everyone turn on him, but Lori would get the chance to kill him. This horrified Lincoln, and he had tears in his eyes. I was so furious that evil, selfish, cold-hearted, unfeeling bitch was planning this, so I fired a blast of darkness at Lori and hit her, and then, I snatched her diary, which had her plan. Then, we went to Mr. and Mrs. Loud and told them of what Lori was planning, and it horrified them, along with the rest of the sisters. But, when Lori found out about that, she got so mad, she decided to kill Lincoln now, and she threw me into a wall and she pounced on Lincoln and she started beating him brutally. But, I got up and grabbed Lori and tossed her into a chair and tied her up. We got Lincoln to the hospital, and Mr. and Mrs. Loud and the other sisters were furious at Lori for her plan and what she tried to do to Lincoln, and they were about to disown her forever, but knowing Lincoln still loved his sister, I talked with Mr. and Mrs. Loud and I decided on a better way to punish Lori instead of disowning her: she was to be sent to Aunt Ruth's for three months, and it horrified Lori badly and she begged for mercy, but there was none for her. Lincoln was let out of the hospital, but he had a broken leg and right arm for that time. Then, he clung to me with his good left arm and he started crying and it really hurt my heart, and I gently hugged him and rocked him, so I could calm him down.

We were horrified by the horrible revelation about Lori, and we had tears in our eyes and our hearts hurt by what Lori did.

Lily (Kappa Mikey): OMG, I can't believe you did this, Lori, and to your little brother, and yes, I was like you, but worse. But, I've decided to give that up, and I know if I hurt Lincoln, the wrath of you and the other sisters and the team will be nothing compared to the dangerous wrath of his harem and his Guardian Angels, so I'm smart enough to know that. But, I'm glad your Dark Side has since been removed.

Lori: I was literally about to say that to you, Lily.

Luna: So, what would you say to Lori if she still had her Dark Side in her?

Lily (Kappa Mikey): I'd say that if she ever tried to kill Lincoln or threaten him like that again, and I'll be the one to turn her into a human pretzel, and they'll be wiping her blood off the walls.

Nico: Yikes, now that's brutal.

Me: But, you don't have to worry, Dark Lori and the other Dark Louds are back in their crystal prisons for good.

Lily (Kappa Mikey): That'll teach her and the rest of the Dark Louds.

We got a shower afterwards, but then, the alarm sounded and when Lincoln checked, we saw that the villain causing havoc is Ragana, the elven witch and enemy of Emily Jones and the elves.

Emily Jones: (Gasps) It's Ragana, I thought we got rid of her long ago.

Lincoln: That may be true, but we've got experience when it comes to villains coming back from the dead to seek revenge. But, we're not going to let her do as she pleases, let's go, gang.

We flew out of the World Tree Estate, and Lincoln fired powerful rainbow energy balls at Ragana, and when she saw us, this sent the evil elven witch into a rage.

Ragana: So, the famous Team Loud Phoenix Storm, along with Emily Jones and you blasted elves have shown up, now I will destroy you all and rule this world!

Noel Vermillion: That's never going to happen, you evil witch, consider this your last day alive.

Suddenly, Noel Vermillion's green eyes turned neon green, and she was surrounded by a blue energy aura with vermillion birds and fire, and as she approached Ragana, she left blue energy, vermillion birds, and fire with every step.

Noel Vermillion: Ragana, I will never forgive you for all of the pain and suffering that you've caused for so long, and now, I will see to it that you never rise again, you witch.

Suddenly, Noel Vermillion was surrounded by a massive vortex of blue energy with fire surrounding it, there's a vermillion bird flying around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Noel Vermillion emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Noel Vermillion grew to 6'11" in height, she has the body of a goddess, she has green highlights in the bangs of her long flowing yellow hair, she has neon green eyes and a blue energy aura with fire and vermillion birds surrounding her, she has a vermillion bird with a flame in its claws emblazoned on her forehead, she has on vermillion bird earrings with green gems for eyes and holding the Fire and Eternity Kanjis in its hands, she also has a vermillion bird with green gems gems for the eyes and the Fire and Eternity Kanjis in its hands for the second pendant, along with the golden Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with blue crystal links from her merged Crystal Necklace of the Buddha and blue gems on the gold lightning bolts. Noel Vermillion has on a short-sleeved sapphire blue vest, sleeveless white midriff top, sapphire blue skirt, black knee-high high-heel boots, and long blue sleeveless trenchcoat with flames on the coattails, and right on the back is a vermillion bird surrounded by fire. Suddenly, Noel Vermillion felt a sharp pain on her back, and then, massive yellow angel wings with sapphire blue tips on the feathers, sprouted out of her back. Noel Vermillion has on a Ring of The Phoenix with sapphire blue gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Noel Vermillion's massive Destroyer of The Novus Orbis Librarium sword was surrounded by a kaleidoscope of sapphire blue energy and fire, and when it emerged, it's been transformed into Vermillion Family's Sword of Fiery Justice, a brand-new greatsword with the symbol of the Vermillion Family and the anti-Novus Orbis Librarium symbol etched on the 7'0" massive, wide, double-edged sapphire blue blade, large yellow angel wings for the crossguard, large blue gem embedded in the rainguard, longer black handle, and a large sapphire blue gem with yellow angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with sapphire blue gems on her wrists, new large gold Belt of Elemental Bravery with a gold vermillion bird head with sapphire blue gems for eyes and a large sapphire blue gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and her right Bolverk large-barrel handgun on her right hip and Eater of Sins revolver and left Bolverk large-barrel handgun holstered on her left hip. There's a yellow kanji below the vermillion bird that said, "Noel Vermillion, Former Second Lieutenant of the World Void Information Control Organization, Member of The Imperial Guards and the Detective Team of Pretty Girls: Remix Heart, Member of The Vermillion Family, Friend of Ragna the Bloodedge and Many Heroes, Loving Future Wife of Lincoln Loud, Destroyer of Yuki Terumi and The Novus Orbis Librarium, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Fire and Vermillion Birds"

ノエル・バーミリオン、元世界少尉情報管理機構、帝国警備隊のメンバー、かわいい女の子の探偵チーム：リミックス・ハート、バーミリオン家のメンバー、ラグナ・ザ・ブラッドエッジと多くの英雄の友人、リンカーンの将来の妻を愛する大声で、テルミユキとノーバスオルビス図書館の破壊者、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な教師の驚くべき強力な学生、そして火と朱色の鳥のマスター

Noel Vermillion has transformed into SUPER ANGEL ETERNITY INFINITY SAPPHIRE VERMILLION BIRD MAGIC FIRESTORM ANGEL OF SAPPHIRE FIRE JUSTICE AND DIVINE MAGICAL LOVE!

We were amazed by Noel Vermillion's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Ragana saw it, the elven witch flew into a rage and tried to kill her by firing a blast of darkness at her, but she dodged it, and she fired a powerful blast of sapphire blue energy with sapphire blue flames and vermillion birds at Ragana, and it exploded with incredible power, knocking her into a wall.

Ragna the Bloodedge: Impressive, Noel Vermillion's transformed.

Nico: That's right, Ragna, and now, things are going to get really serious.

Lincoln: Wow, Noel, you look beautiful. How do you feel?

Noel Vermillion: (Divine Echoing Cosmic Voice of The Sapphire Vermillion Bird and Fiery Divine Love) I feel incredible, Linky. Now, shall we deal with that evil witch, Ragana, once and for all?

Lincoln: (Smiles) With pleasure, Noel.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Noel Vermillion.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Your days of havoc are about to end here and now, Ragana.

Noel Vermillion and Lincoln went after Ragana, who continued firing blasts of darkness and fire at them, but they absorbed them and it made them stronger than ever and they fired powerful blasts of rainbow energy, yellow energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Vermillion Birds at Ragana, and they exploded with incredible power as the blasts hit the evil elven witch. Then, Lincoln fired a powerful red energy blast at Ragana, and he sucked out all of her powers, abilities, and magic, and he gained a massive energy and power boost as he made Ragana's powers, abilities, and magic his own. Then, Lincoln and Noel fired black energy blasts of The Black Gates and they hit Ragana, and her spirit was erased from existence by The Black Gates forever. We cheered wildly for what Noel Vermillion and Lincoln did as they holster their weapons and power down, and Noel Vermillion's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Noel Vermillion: That's it for that evil elven witch, Ragana. Thanks for helping me take down Ragana, Linky.

Lincoln: (Smiles Warmly) You're welcome, Noel.

Suddenly, Noel Vermillion wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down Noel Vermillion's face, they kissed passionately as Noel Vermillion's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand was on Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and Vermillion Bird flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and sapphire blue flames raging around them and we cheered for them, and they absorbed the flames and it made them stronger than ever.

Emily Jones: Alright, now we're finally rid of Ragana once and for all.

Lincoln: But, this also means your enemies are now our enemies, Emily, but we'll be more than ready for them.

Nico: You said it, and not only are we impervious and immune to magic, but the magic we wield is far more powerful than theirs.

Me: That's right.

Emily Jones: And I didn't know Lincoln knows magic.

Lincoln: I sure do, Emily, and I've mastered all sorts of elemental magic and Equestrian Magic as well, and also read many spellbooks that we have in the library.

Emily Jones: Wow, that's so amazing. We're going to love it here.

Sakura Adachi: (Japanese Accent) Same here.

We returned home to The World Tree Estate, and we were rid of Ragana once and for all, but this means the enemies of Emily Jones and the elves are now ours, but we're more than ready for them.

---

Later it was time for Taranee's first ever Ambassador Mission. She was going to the world of Jak and Daxter. This was going to be so awesome and amazing to see.

Taranee: I'm really excited for this one.

Eli: Me too. Jak and Daxter are both amazing heroes.

Nico: They sure are. They come from Haven Cityl.

Shanan: That is a great place. They live a planet located 5,351 light years away from Earth.

Nico: Wow so it's right in our galaxy. Very convenient.

William: Anyone else wanna go with Taranee? Besides Tommy Oliver and 1 Rabbid?

Kameo: I'll go too.

Nicole: You know I'm gonna want to go.

Nico: Yep. This will be awesome. And J.D. and Eli will be going too right?

Me: Yep.

Nico: Okay. Lets go!

We were off to the world of Jak and Daxter.

We arrived at Haven City.

Me: So this is the planet Haven City.

Nico: Nice place.

Eli: Yeah.

Me: The energy I'm sensing off of it is amazing.

Kameo: Yeah it sure is.

We walked around and then Taranee saw a bunch of enemies coming at her and then she fired a blast of fire and incinerated them into nothing.

Taranee: Take that!

Jak: Excuse me, miss. I don't think I've seen you before.

Daxter: But boy, do you like hot!

Taranee: I sure do. Sorry my name is Taranee Cook and these are my friends.

Me: Jak and Daxter it's an honor.

Jak: Wow! J.D. Knudson and Team Loud Phoenix Storm!

Daxter: It's a great honor to meet you guys.

Nicole: Same here to you all.

Kameo: It's an honor to meet you as well.

Nico: So, this is Haven City, huh? I can see why it's home to you guys.

Jak: Yeah it's a nice place. We'll show you guys around.

Daxter: Yeah it's a nice place.

Jak: Lets go.

We walked around and it was a nice place.

Me: Wow. Nice place.

Jak: Yeah it sure is. What planet are you guys from?

Me: We are from the planet Earth. It's a really beautiful and amazing planet.

Kameo: It sure is.

Nicole: Yeah we have a lot of awesome adventures on and off Earth.

Nico: Yeah no kidding.

Tommy Oliver: (sighs) And this is a Rabbid.

Me: Rabbids are not the brightest of creatures but they are really funny.

Daxter: Yeah but that's all right.

Me: We heard you guys also use Eco. That is really awesome.

Nico: Yeah it sure is.

Jak: (sighs) Too bad Damas, who was my father the whole time, had to die in front of me before Count Veger was locked up.

Nicole: We're really sorry about that Jak.

Nico: What Count Veger did was horrible.

Kameo: Yeah no kidding there.

Taranee: He framed you for a crime you didn't commit and also tried to rule over the land with an iron fist.

Eli: What a monster.

Tommy Oliver: Daxter, I'm really sorry that you're stuck the way you are now.

Daxter: Ah, don't be sorry, Tommy. I actually like myself this way.

Nico: It's really awesome that you are like that.

Me: Yep it sure is.

Eli: All the ladies sure love you.

We laughed.

Daxter: It's true.

Me: But that Dark Eco stuff is lethal stuff.

Nico: Yeah.

The Rabbid tried using Jak's Morph Gun.

Daxter: Hey! You put that down! That's very dangerous!

The Rabbid babbled nonsense.

Daxter: Don't you babble at me!

Rayman: Hey give that back.

He took the gun.

Rayman: See they are not very bright at all.

Me: Yeah but they are still very funny.

Nico: Yeah.

Eli: But your morph gun is really cool Jak.

Jak: Thanks. It sure is.

Nico: Heads up. Someone's coming.

We saw Keira.

Keira: Hey Jak, Daxter. Who are your friends?

Jak: You know these guys.

Me: Awesome to meet you Keira. We are…

Keira: Oh wow! Team Loud Phoenix Storm! It's an honor to meet you all.

Nico: Same to you Keira.

Eli: We're so honored.

Nico: Yep.

Taranee: Yeah.

Keira: Don't be alarmed. But I saw someone doing a very bad impression of Kamen Rider Hibiki.

We gasped!

Me: There's Another Hibiki Rider here.

Nico: That's one of the Zi-O Kamen Riders enemies.

Kameo: And we have several bounties put out on them.

Eli: We sure do. Anyone else that was with him?

Keira: Yes it was our enemy Krew.

Me: Boy I remember that tub of lard. He reminds me so much about the Baron from the movie Dune.

Nico: Yeah no kidding there.

Me: Yeah.

Nico: Where is Another Hibiki right now?

Eli: Let me see.

Eli used the Force to find it and it was on Misty Island.

Eli: He's over there on that island.

Jak: Misty Island.

Kameo: All the way out there.

Me: Lets get over there.

Taranee: Yeah.

We were off.

We then got to the island and we saw ANOTHER HIBIKI!

Daxter: (sarcastically) Hey, Hitoshi. You look off today. Oh, right. You're NOT Hitoshi!

Another Hibiki: Its been a long time J.D. Knudson.

Me: That voice!

He de-transformed and it was really my old enemy Andrew Corvon!

Me: Andrew Corvon!

Andrew Corvon: Nice to know that you still remember me after all this time J.D.

Nico: You know him J.D.?

Me: I sure do unfortunately. His name is Andrew Corvon. He was a local thug that I pulverized at the park in Colorado and he was trying to hurt a bunch of old ladies to steal money from their purses.

Nico: What a jerk.

Jak: Old ladies? The fuck's wrong with you!

Andrew Corvon: Oh please! J.D. actually does have problems with a few old ladies!

Me: It's the other way around dirtface! YOU are actually the one that has problems with the elderly! I respect my elders where you don't respect them at all!

I teleported and kicked him in the crotch and sent him crashing into a rock and then he got up and was infuriated!

Jak: You're gonna get it for giving Kamen Rider Hibiki a bad name.

Andrew Corvon: I doubt it. After all, you and your little buddy are gonna be quite busy!

Nico: We'll see about that you jerk!

Nicole: Yeah and your bounty is gonna look good for one of our friends.

Kameo: And it will be going into the bank.

Me: But I know you're coming Krew!

A big fat figure came out and it was KREW!

Jak: Krew. I knew you were here as well.

Krew: And I'm here for revenge.

Kameo: So we see.

Eli: Now we're going to thrash you into dust.

Andrew was surrounded by a cloud of purple flame before his Another Hibiki form emerged from it.

Tommy Oliver: It's Morphin time!

THUNDERCLAP!

Tommy Oliver: DRAGONZORD!

He transformed and he was ready!

Nico: Time to kick some butt!

Taranee: Yeah!

She went Guardian!

Taranee: (FIRE BURNS) FIRE!

Jak: Whoa!

Jak got close to Krew, lept into the air, and summoned a blue eco vent that fires a vertical blast of energy at the jerk.

He hit Krew and blasted him all over.

Taranee: Wow! That is awesome! Was that the power of Eco?

Jak: It sure was.

Taranee: (to Another Hibiki) Buddy, you're FIRED!

She fired a blast of fire and burned Another Hibiki all over.

Me: Yeah!

I fired a blast of lightning and it hit Krew and electrocuted him all over the place.

Jak transformed into Dark Jak before he leaps up and performs his trademark Dark Bomb attack on the ground, hitting Krew in the process. The Dark Bomb hit Krew and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM

Nico: Whoa what power!

Eli: Yeah no kidding! That Dsrk Jak form is awesome and scary.

Taranee: The real Kamen Rider Hibiki would never hurt good elderly people!

Me: Yeah! Not before or after!

We fired waves of fire and the blasts hit Andrew and he exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was down and I got the Another Hibiki watch.

Me: Gotcha.

Nicole tied him up.

Jak: If you guys thought your transformations were cool, wait until you see… this!

Jak turned into Light Jak.

Me: WHOA!

Nico: Wow! Jak you look awesome!

Me: Yeah!

But then we saw 310 Disk animals appear and they were in different animal forms and they then went onto our belts as disks.

Nico: Cool! 310 Disk Angimals.

Taranee: Wait. I feel something strange.

Taranee then glowed in a strange energy and then she had lightning swirling around her hands. It was Eco!

Nico: Cool!

Nicole: Awesome.

Jak: Let's wrap this up.

Nixo: Lwra~

Nixo fired a Kamehameha Wave and it slammed into Krew and he exploded! He was destroyed in an insatant.

Eli: YEAH!

Nico: Take that!

Daxter: Now, what to do with asshole #2?

Nico: We'll send him to prison in our system.

Me: The Neptune Prison will work nicely for him.

Eli: Yeah it sure will.

Daxter: Next time, I'll show you guys MY girlfriend.

Nico: Cool!

Me: Looking forward to it.

Eli: Same here.

I gave Jak and Daxter the huge bounty for Another Hibiki. It was for $100,000,000,000,000.00.

Daxter: So, the bounty's ours?

Nico: It sure is.

Me: Yep. Figure you guys can use the bounty more than us.

Taranee: Besides we got more than enough money than we know what to do with.

Me: You can convert the money into the kind of currency you have here.

Jak: Thanks guys.

Taranee: Just make sure to spend the money wisely.

Jak: We will.

Daxter: It'll be awesome.

* * *

We later came back.

May: Hey guys. How did it go?

Taranee: It was really cool.

We told everyone about it and it was amazing.

Laney: Wow! That is awesome.

Me: Yep.

May: Next time, Marinette should go with you.

Taranee: It'll be awesome for her to come with.

---

Later me and Nico were watching TV when suddenly Rarity came in and then…

PROJECTILE VOMIT!

She vomited all over me!

Me: Oh sick! Nico was that you!?

Nico: What?

Rarity: (Groans)

Me: Rarity? Are you feeling all right?

Rarity: Oh no need to worry darling I'll be fine.

But then her stomach growled.

Rarity: Uh oh!

But then…

FFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRR

We saw her fart out jewels!

Yagura: Um… what the Hell am I seeing just now?

Nico: Looks like she farted out jewels.

Me: Cool!

Tula: You're pregnant, aren't you?

Rarity: What?

Sakura went over and then she scanned her.

Sakura Haruno: It's true Rarity you are pregnant.

Rarity: (Gasp) Oh my! Linky! This is amazing!

Lincoln: Rarity I'm so happy!

We cheered wildly for her.

Rippersnapper: This happened after we killed Minjo?!

Nico: It sure did!

Me: So awesome!

But then we heard crying.

Rippersnapper: I hope the mood swings haven't started already?

Nico: That's not Rarity.

We went to Gwen's room and we saw Gwen and Courtney hugging each other and crying hard.

Me: Gwen? Courtney?

Courtney: (Crying) Oh guys!

Gwen: (Crying) It's horrible!

Me: What happened?

They told us everything and it was because of Billy McLean that he ruined their friendship and made them into hated enemies.

Eli then growled ferociously!

Eli: Why that rotten little!

Eli went to the door.

Sludge: You Eli not going to hurt jerk. Me Sludge will!

Nico: By all means, big guy!

Eli: No! I got this.

Nico: Eli you…

Eli gave Nico a ferocious glare that would kill anyone! WHOA!

Nico: (GULPS)

Eli: I'm not going to kill Billy. Just rough him up.

Me: Let him go Nico. When Eli is like this it's best not to get in his way.

G1 Vortex: When exactly is the baby due?

Maria: Rarity's new transformation might speed that date to tomorrow.

Nico: Yeah it just might.

Me: Wow.

But then…

FEROCIOUS FIGHTING AND SCREAMING WAS HEARD!

Billy McLean was screaming like a little girl as Eli was ripping him to shreds with incredible savagery!

CRUNCH!

Billy McLean screamed!

Me: GEEZ!

Nico: OOH! Chihuahua.

G1 Vortex: Ouch!

SNAP!

Billy McLean screamed again! OUCH!

20 minutes later Eli came back.

Eli: There.

Nico: Feel better Eli?

Eli: Yep.

Gwen: Hearing those screams from Billy really was satisfying.

Courtney: Same with him getting his bones all broken.

Eli: Thanks.

Then King Shark, Kite Man, Arbormon, Tala, See More, Whiger, Robo Blaze, Wrecking Crew, Dark Turtles, and Puff appeared.

King Shark: Can me, Kite Man, Arbormon, Tala, See More, Whiger, Robo Blaze, Wrecking Crew, Dark Turtles, and Puff go with you guys?

Dark Don: And congratulations on the pregnancy, Rarity.

Rarity: Thank you darlings. It is gonna be so amazing to be a mother.

Emerald Shine: I'm so happy for you mom!

Topaz Flare: Me too!

Nico: We all are and yes you all can come with us.

Me: I got a distress signal from the Quest team 35 minutes ago. They are being held in an island located in the southern Pacific Ocean.

Nico: Where at?

Me: I traced it to 164.81˚ Latitude and 12.37˚ Longitude.

Nico: That's not far from Tonga.

Lola: All the way out there? Wow.

Vice: Nico, which Gene Slammer do you think will appear on your next rescue?

Thunderball: I want to know that as well.

Nico: Well you guys will like this one. We're hopefully going to meet one for Lunatone and Solrock.

Me: Awesome the Sun and Moon Stone Pokemon.

Nico: Yep.

Me: So Princess Celestia, Princess Luna, Sailor Moon, Sailor Sun or anyone that has the powers of the Sun and the Moon will go with.

Nico: Yep.

Eli: That will be awesome.

Nico: Yep. It sure will.

Me: But I wonder what the Quest Team is doing over there on an island that far away from civilization.

?: I might know.

We saw Lucius Kreed!

Me: Kreed. Nice to see you here.

Kreed: Yes. This is a very amazing and luxurious mansion you all have and at so far up too.

Me: Well it is amazing.

Kreed: Indeed. But to tell you what is going down. Someone used that island to test holographic cloaking technology for the military.

Nico: Wow! That is awesome.

Kreed: Yes. Here.

He gave us documents for it and it was well built.

Me: Hmm. Cloaking Mask Technology. Dr. Quest told me all about that. It's a holographic camouflage that can be used to conceal anything. Tanks, weapons, bombs, soldiers, anything. That is very advanced.

Puff: You don't think they were lured into a trap, do you?

Dark Leo: I sure hope not.

Kreed: Actually they were.

We gasped.

Me: Who would do such a thing!?

Kreed: Someone who is out to ruin my name. I wasn't at the island when the Quest Team was captured but it's someone that is impersonating me. I managed to get this recording.

He played a tape.

Kreed: (On a tape) You were lucky that day Mr. Bannon. I suppose we both were.

Race: (On a tape) All right Kreed! What's your game?

Kreed: Game Mr. Bannon? This is deadly serious I assure you.

Jonny Quest: (On the tape) Where's my family you creep!?

Kreed: Safe for the time being my boy. You see, I've gone to all the trouble of taking over this island. Eliminating its troublesome personnel and acquiring the Cloaking Mask Technology. But to sell it at a worthy price I must record a compelling demonstration.

Nico: So that's this imposters game. He wants to sell it to the highest bidder with Jonny and Race as test subjects.

Wave Man: Should Rarity stay here because of her pregnancy?

Bulldozer: What kind of question is that? Of course she should!

Rarity: Now just because I'm pregnant doesn't mean I can still battle.

Me: Let her go with guys. Besides this is an emergency situation.

Nico: Right. Race and Jonny are in trouble and so are Dr. Quest, Hadji and Jessie. We got to get over there and help them out pronto!

Qin: Right!

Nico: Lets roll! Hold on Quest Team

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Riley Cooper, the Sniper of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us?

Lincoln: That's right, Nico, and it's Riley Cooper, the Sniper of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us.

Sophia Starron: So, Riley Cooper's on his way here, huh? And like the other Blood Dragons, they're already pissed off big time after Lincoln put that energy field to keep those thugs out, and just like with Gary Reeve and Morgan Wesley, Riley Cooper will have a vial of Professor Milo's werewolf serum with him.

Lincoln: And he's going to transform into a werewolf when he drinks it (Smirks) But, so am I and I've also got my secret weapon with me.

Lincoln's fingernails grew into claws laced with silver moonlight energy.

Nico: (Smirks) That's right, he's going to be in for a rough time with

Lincoln The Nocturnal.

Me: You said it.

Nico: And I hope Lincoln draws blood when he attacks that lowlife sniper. Alright, gang, let's go, we've got a treacherous obstacle course from Hell to complete and rescue the Quest Team!

We were on our way!

---

We were flying over the Ocean.

Dark Mikey: Who could be framing you?

Dark Raph: Whoever that person is, he's getting clobbered!

Kreed: I don't know to be honest. But it's someone that I faced with Mr. Bannon and J.D.

Me: Hmm. But the only person I know of that helped back then was… (GASP) No way! It couldn't be!

Hak Foo: It could be one of the Another Riders.

Me: No. But I have a feeling I know who it is. I pray to God that I'm not right.

Eli: Oh man.

We arrived at the island and we saw smoke.

Me: Look smoke!

Nico: Looks like the fun is beginning.

We saw Jonny and Race running through the course.

Me: Hey guys!

Jonny Quest: J.D., Guys!

Race: Boy are we glad to see you!

Varie: Are you guys all right?

Race: We're okay.

Wrecker: It could be a Worm.

Piledriver: Yeah! Those nasty guys can shapeshift!

Me: No! It's not a Worm. It's someone that I thought died 12 years ago when I saved Race and Kreed.

Nico: What are you talking about J.D.?

Me: I'll explain when we get there. Right now we got to save the rest of the team.

Nico: Okay.

Me: But believe it or not, I know this kind of obstacle course like the back of my hand.

Nico: That's right we built one similar to it on Lake Huron. This will be perfect for putting all that practice to the test.

Me: Yep. Race, Jonny, guys, follow me. Anything that blasts or comes at you blast and dodge with everything you got!

Nico: Right!

Me: Lets go!

We ran fast!

We ran and dodged laser beams and deflected them back with lightsabers and hit blaster turrets and destroyed them.

Leslie Gesneria: Heads up!

Agony: We sense something coming!

We saw a tree fire a flamethrower and then Lola fired a blast of fire at a tree and it decloaked and it was a tank and then it lit on fire and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: YEAH!

Race: Nice work guys!

Me: Yeah!

We went into a tunnel.

Me: Guys duck!

We slide and then buzzsaws came out of the walls and we ducked!

Nico: Whoa! Close!

Fu: No kidding!

Whiger: (sees a tiger) Hello, fellow tiger!

Maria: Seriously, Whiger?

Whiger: Oh, c'mon! Can't I say hello to a real life tiger?

Me: That's not a real tiger!

I fired a laser and it hit the tiger and it was really a Cyborg tiger!

Whiger: Whoa!

Lisa Loud: Nicely saved.

Nico: Yeah!

Race: Good thinking.

Me: Quickly.

We ran and then we flew up a cliff and landed on top.

Nico: Okay we have to head for that tunnel there.

Me: Right.

We flew down and a rock turned into a laser cannon and Eli deflected the blasts back with his lightsaber and destroyed the cannon!

Nico: YEAH!

Me: Lets go!

We went through the tunnel!

We saw "Kreed" firing machine guns at us and we dodged the bullets!

Volcana: That's it. I'm using my Eyecon!

Volcana activated it.

DANTE ALIGHIERI AND LARXENE!

She fired a blast of lightning and fire and it hit the holographic Kreed and even the camouflaging circuitry and destroyed them!

Nico: Nice work Claire.

Race: Yes you guys destroyed the camouflaging circuitry for the whole area.

Me: Now we'll know where the traps are hiding. Lets go!

We went on.

Volcana: Thanks Tala.

We got to the door.

Me: This way!

We went through the door and we went into the hall for the Mainframe.

Nico: We made it. Great job J.D. All those training exercises in our obstacle course really paid off.

Race: They sure did.

Me: Right. Now it's time for our entrance. Lets go.

Rico the Robot: Scanning for anymore traps.

He scanned for more and there were none.

Rico the Robot: None detected.

Me: Great. Lets go.

We went to the mainframe.

Kreed?: BLAST! They succeeded in getting through! Not this time!

But then the spirits of the Magic of the Water Power flew in and swirled around him and then converged and then a massive vortex of jewels appeared and swirled around him and then we came in!

Nico: Nice funhouse you have here.

Kreed?: You are amazing at what you do.

Race: That is true.

Me: And besides, the real Kreed is right here with us.

I reached into "Kreed's" jacket and pulled out a remote.

Me: You gave us one helluva challenge. But there is only one guy I know that would have us go through all this and it's someone that I remember all too well.

I smashed the remote and "Kreed" was really GREG TEMPLE!

Me: Greg Temple!

Nico: Temple is alive!?

Greg Temple: Been a long time J.D.

Me: 12 years and I knew it had to be you Greg.

Tala: I'll use my magic to get the rest of the team out. And then, J.D., you can explain how Greg Temple was the one who set this all up!

Me: Okay.

She did so and came back with them.

Me: Greg why did you do this?

Race: That's right. When Kreed and me were saved all those years ago, you took it upon yourself to assume Kreed's identity. Why did you do it Greg?

Greg Temple: Why do you think you overgrown Boy Scout! The excitement, the thrills, all that money!

Race: I think it was the nerve gas.

Me: I agree with Race. It warped your mind.

Eli: Bro is right. His mind is all messed up from it.

Me: The man we know is still in there. And we're going to save him.

Greg Temple: Then come and get me!

He went at us and we pushed him back and then he activated a Fusion Reactor Self Destruct Detonation!

Nico: Uh oh!

Me: You're not getting away Greg!

I grabbed him and we teleported out to the Obstacle Course.

Me: We got 15 minutes. Luxord, stop time long enough for us to have the usual battles and stop Greg.

Luxord: Right!

He did so.

Solar Man: This has to be a Worm! No way can this be a friend we're fighting!

Eli: Lets find out!

Eli splashed Greg with the Sacred Water and nothing happened.

Solar Man: No way! It really is the real thing.

Me: Yes it is. But he is a deadly man.

He went at me and I blocked his punches and I kicked him in the face and fired flamethrower blasts at him!

Me: Greg stop this! We're trying to save you from this monster you have become!

He dodged the blasts and then came at me and I dodged his strikes and I kicked him in the face and then he kicked at me some more and I dodged his attacks.

Arbormon: Solar Man, whether you want to believe it or not, it's the truth. But we can still save him.

Solar Man: I agree.

Nico: But J.D. is doing really well against him.

Eli: He sure is.

I ducked and kicked him in the face.

Flamefeather: Anyone else want to use an Eyecon?

Tristan Taylor: I'll use one.

Tristan activated his Eyecon!

AL CAPONE AND SOLOMON GRUNDY!

He fired a massive shower of Tommy Gun Bullets and Greg dodged them all and I kicked Greg in the back of the head.

Me: Greg listen to me! Back in Greenland 12 years ago, you told me to save Race and Kreed and I did just that! I know that I failed to save you Greg and I'm sorry. But I was only following your orders.

Kite Man: Greg, I don't want to have to hurt you.

Greg: You won't hurt me! Because in the Harley Quinn cartoon, you had a helpless crush on Poison Ivy!

Kite Man: Okay why does everyone keep saying that!?

Harley Quinn: Besides Kite Man is not my type!

Kite Man: Yeah! I don't have a crush on Harley Quinn!

Greg then pulled out a gun and pointed it at me!

Greg: J.D. is that what you think that this is about? That you let me die. You do have good honor J.D. and I taught you well and you did a great job back then. J.D. I forgive you for not saving me and you carried out my orders down to the last detail. But why on God's green Earth (Refers to Kreed) IS HE STILL ALIVE!?

Me: Because Kreed is indebted to me! That nerve gas incident changed him.

Jack Spicer: (pulls out blaster) Dude, don't make me do this!

Me: Besides Greg, this is our fight! Leave him out of this!

I kicked the gun out of his hand.

Me: Greg listen, the nerve gas did something to your mind and we're trying to save you from this monster you turned into!

Greg: J.D. if Kreed was like the Joker what would you have done in the past, blindly stupidly disregarding all the entire graveyards he has filled, the thousands who have suffered, the friends he has crippled, and I thought I would be the last person that Kreed ever hurt. If it had been you that he would poison with deadly nerve gas, if he had taken you from this world I would have done NOTHING but search the planet all over again for this PATHETIC PILE of evil death worshipping garbage! And send him off to hell!

Me: Greg I'm immortal and invincible and immune to all forms of poison including Nerve Gas. But you don't understand Greg.

Greg: What? That your honor won't allow it? That your code just won't let you cross that line?

Me: No! Goddamn it all no! For someone like Kreed it would have been too easy. All I have ever wanted to was kill him. A day doesn't go by when I don't think about subjecting him to every form of horrendous torture that he has dealt out to others and then end him. But if I did that, I would never forgive myself because I have too much honor for that. Only on people like the Joker and those that are irredeemable that I kill those that are like that.

Greg knew I was right.

Robo Blaze: Tronics, keep Greg busy!

He summoned a massive number of Tronics.

Then Tchang Zu, Heat Wave, Ranamon, Lythos, Vulture, Captain Cold, Man Ray, Major Disaster, Cluemaster, and Cantwell appeared.

Nico: Tchang Zu, Heat Wave, Ranamon, Lythos, Vulture, Captain Cold, Man Ray, Major Disaster, Cluemaster, and Cantwell.

Tchang Zu: J.D., we know there's still time to save Greg.

Heat Wave: We've already lost Morshower, Whitmore, and Animated Shockwave.

Me: I know and I'm not gonna give up in him.

Ranamon: The last thing we want is to add Greg to that list.

Me: I know. Greg Temple is more than just the man that taught me all the stuff he knows when I worked for Intelligence One. He is like a father to me and I will never give up on him.

Cantwell: Wow that is amazing.

Lythos: (to Nico) We heard you faced the Death Angels.

Nico: We sure did.

Vulture: Were they really that ugly?

Nico: Hideously ugly!

Me: They sure were.

The Hyakunin Isshu Jamen is a hyakunin isshu-based Jamenshi of Dark Empire Yodonheim, who's dark energy was used to release Heian-kyō Basra. He's also one of the two antagonist (the other is a Heian-kyo Basra) in episode 9 of 2020 TV series called Mashin Sentai Kiramager.

He is voiced by Yōji Ueda who previously voiced Shaidos from 2017 TV series called Uchu Sentai Kyuranger.

History

The Hyakunin Isshu Jamen made its first appearance as he placed his poem cards on all of the civilian's heads however this didn't went unnoticed when the Kiramager spotted him while on a jog. So with that said the team transformed and were about to battle him until he challenges them to a game with the human lives at stake.

After the intro Hyakunin Isshu begins reading the poem as the team has to find out which one matches to the card that he's reading once the card that he read is finished the ones that are latched onto the people's head will explode. However when he accused Sena of being a fault this made her to recall a flashback that she has when battling against her cousin in karuta.

After that Hyakunin Isshu began reading the next poem so Sion hurried to find the card that matches it, but she is now concerned on which is one is the right one. After that Shiguru knocks the cards out of the Jamen's clutches as the rest of the team opens fire on it thus freeing the civilians. After that he challenges the two girls tomorrow and then left the scene.

A while later during a training session Hyakunin Isshu Jamen burst in and challenge all of the civilians including the kiramagers to a game as this goes on everyone that lost to him will be part of the cards on his head and this time Galza will be the one to do the reading.

Once her friend has convinced Sena that she'd just want to avoid her she'd regained her confidence and challenged Hyakunin Isshu Jamen to a match. After that he lost to the supersonic princess in this match thus releasing the participants that lost against this Jamen. After that the team transformed and with a bit of karuta to their intro they then battle the Jamen. After that he was then destroyed by this finisher called Kiramai Rush Stream.

---

Nico: Hyakunin Isshu Jamen!

Me: Boy I remember you.

Juru: I remember how your abilities work. You'll put one of your poem cards on one of us. If we don't remove the correct card from that person's forehead before you're finished with the verse associated with the card, it explodes.

Hyakunin Isshu Jamen: Well, even if it does, the person probably will still be okay. But yeah. Sounds about right.

Me: That's true but that was so awesome though how you did all that

Lola: Yeah it sure was.

But then a figure came out and it was HEART!

May: Heart? Is that you?

Heart: It sure is May. Awesome to see you again.

May: Oh Heart!

She went and hugged him.

Nico went up to him.

Nico: Awesome to meet you in person Heart. I take it you saw what May did to Nira.

Heart: I sure did and Subzero would be really proud of her.

Nico: I'm glad you think so.

Manaphy: Heart!

Manaphy jumped into his arms.

Heart: Hello, Manaphy. How are you?

Manaphy: Doing really great!

Nico: Who have you picked for your archenemy?

Heart: I picked Blackfire as my archenemy.

Blackfire: Wow! Tamaranean VS Roidmude General. This is gonna be amazing.

Me: It sure is. Interesting matchup.

We got the usual battles underway.

---

Rainbow Dash, Scootaloo, Air Skylanders, Rice, Sean, Blast Off and G1 Vortex VS Tchang Zu - Nico's rescue

---

Tchang Zu: (to Rainbow Dash) Nico did a good job evacuating the citizens of that other Earth. But was it too late to save said Earth?

Rainbow Dash: Yeah no kidding. But it was far too late. Everything was totally destroyed.

Scootaloo: All the cities were destroyed beyond repair and everything was gone.

Whirlwind: Those creatures destroyed everything. And the survivors all had nowhere to go.

Rice: But at least they can start over.

Sean: Yeah thank goodness for that.

Tchang Zu: Yeah no kidding. At least they are all safe. Lets do it!

They fired waves of rainbows, wind and lightning and smashed him down.

---

## Taranee, Sunset Shimmer, Pipsqueak, Fire Skylanders, Onua, Whenua, Vice and Zillius Zox VS Heat Wave - Saving that Earth from the Death Angels

---

Heat Wave was next.

Heat Wave: (to Taranee) Nico and the others saved that Earth from the Death Angels. But they couldn't do anything for its' current state.

Taranee: Yeah it was horrible. That planet Earth was totally destroyed by those monsters.

Sunset Shimmer: It was horrible. But at least the survivors can have a nice life here.

Pipsqueak: (British Accent) Yeah that is for sure.

Sunburn: That would be horrible to see monsters like that destroy everything and then fight to survive as they run amok killing people and destroying everything.

Onua: It sure would be horrible.

Whenua: Yeah like a zombie apocalypse.

Heat Wave: I agree there. And Taranee you did a great job on your first mission.

Taranee: Thanks Mick.

Heat Wave: You're welcome. Lets do it!

They fired waves of fire and earth and smashed him down.

## Stacy Bolton, Starlight Glimmer, Cozy Glow, Undead Skylanders, Beast Morpher Rangers, Skull Man and Wave Man VS Ranamon - Lincoln's Rescue

Ranamon was next.

Ranamon: (to Stacy) I heard Lincoln's rescue was in Rome, Italy. How was it?

Stacy Bolton: It was incredible. We battled Menma Uzumaki who came back from the dead and we banished hi to the Black Gates.

Starlight Glimmer: Yeah that accursed evil son of Minato and Kushina from another universe got what was coming.

Cozy Glow: He sure did.

Hex: Yeah what a monster.

Devon: At least he is gone for good.

Ranamon: Thank goodness for y'all. Lets do it!

They fired waves of stars, lightning, bones and magic and smashed her down.

---

## Ebonwumon, Applejack, Apple Bloom, Earth Skylanders, Earth, Lincoln, Hak Foo, and Kerchak VS Lythos the Rock Titan - Meeting a Dark Magician Gene-Slammer

---

Lythos was next.

Lythos: (to Ebonwumon) I heard you guys met a Dark Magician Gene-Slammer. What's her name?

Ebonwumon: (Irish Accent) Oh we sure did and her name is Sakura Adachi. She is a really amazing master of dark magic lad.

Applejack: She sure is and she got Lori in a huge mess of trouble.

Apple Bloom: Boy sure sure did.

---

Sakura Adachi: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Sakura, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Sakura Adachi: (Japanese Accent) That's incredible.

Nico: It sure is. So, Sakura, what's this huge revelation you have about Lori and how it almost got her disowned by her family?

Sakura Adachi: (Japanese Accent) You're not going to like it one bit. I was with Lincoln in his room and playing video games, but then, we heard something in Lori's room. I went to Lori's room, and I made a cloud of darkness to cover us and we listened in. I then heard Lori was planning something really bad: she was planning on destroying Vanzilla and pinning this on Lincoln, so he'd be blamed for it and not only would everyone turn on him, but Lori would get the chance to kill him. This horrified Lincoln, and he had tears in his eyes. I was so furious that evil, selfish, cold-hearted, unfeeling bitch was planning this, so I fired a blast of darkness at Lori and hit her, and then, I snatched her diary, which had her plan. Then, we went to Mr. and Mrs. Loud and told them of what Lori was planning, and it horrified them, along with the rest of the sisters. But, when Lori found out about that, she got so mad, she decided to kill Lincoln now, and she threw me into a wall and she pounced on Lincoln and she started beating him brutally. But, I got up and grabbed Lori and tossed her into a chair and tied her up. We got Lincoln to the hospital, and Mr. and Mrs. Loud and the other sisters were furious at Lori for her plan and what she tried to do to Lincoln, and they were about to disown her forever, but knowing Lincoln still loved his sister, I talked with Mr. and Mrs. Loud and I decided on a better way to punish Lori instead of disowning her: she was to be sent to Aunt Ruth's for three months, and it horrified Lori badly and she begged for mercy, but there was none for her. Lincoln was let out of the hospital, but he had a broken leg and right arm for that time. Then, he clung to me with his good left arm and he started crying and it really hurt my heart, and I gently hugged him and rocked him, so I could calm him down.

We were horrified by the horrible revelation about Lori, and we had tears in our eyes and our hearts hurt by what Lori did.

Lily (Kappa Mikey): OMG, I can't believe you did this, Lori, and to your little brother, and yes, I was like you, but worse. But, I've decided to give that up, and I know if I hurt Lincoln, the wrath of you and the other sisters and the team will be nothing compared to the dangerous wrath of his harem and his Guardian Angels, so I'm smart enough to know that. But, I'm glad your Dark Side has since been removed.

Lori: I was literally about to say that to you, Lily.

Luna: So, what would you say to Lori if she still had her Dark Side in her?

Lily (Kappa Mikey): I'd say that if she ever tried to kill Lincoln or threaten him like that again, and I'll be the one to turn her into a human pretzel, and they'll be wiping her blood off the walls.

Nico: Yikes, now that's brutal.

Me: But, you don't have to worry, Dark Lori and the other Dark Louds are back in their crystal prisons for good.

Lily (Kappa Mikey): That'll teach her and the rest of the Dark Louds.

FLASHBACK ENDS

Lythos: My goodness! That is incredible. But at least Lori is not like that anymore.

Flashwing: Yeah that was awesome that Sakura stepped in like that.

Lincoln: It sure was.

Earth: Sakura is amazing.

Lythos: She sure is. Lets do it!

They fired waves of earth, rock, lightning, apples and crystal and smashed him down.

---

## Hay Lin, Rarity, Sweetie Belle, Water Skylanders, Kameo, Agony and Calypso VS Vulture - Taranee's first ambassador Mission

---

Vulture was next.

Vulture: (to Hay Lin) I heard today was Taranee's first ambassador Mission. You should be proud of her.

Hay Lin: You bet I am and she did a great job on her first mission in the world of Jak and Daxter.

Rarity: Oh indeed she did darling and she had a lot of fun. (GETS

MAD) AND YOU SHOULD BE REALLY PROUD OF HER INSTEAD OF JUST TWIDDLING YOUR FINGERS!

Vulture: WHOA! Okay okay!

Sweetie Belle: Whoa easy sis. It's all right Adrien she's not mad at you on purpose. It's part of the natural process of pregnancy.

Vulture: Oh that's right! I heard Rarity is Pregnant! Congratulations to you Rarity.

Rarity: Oh thank you Adrien.

Gill Grunt: After we get back we're going to the doctor to find out if she is gonna have boys or girls.

Kameo: But we're really happy for her.

Vulture: I am too. When is she due?

Hay Lin: Well after the new transformation she acquired yesterday I would say tomorrow.

Vulture: Hope it's not after the Ambassador Mission like with Fluttershy. Lets do it!

They fired waves of wind, water, jewels, ice and energy and smashed him down.

---

Qin, Fluttershy, Tornado Bolt, Life Skylanders, Mystic Force Rangers, Volcana and Torch Man VS Captain Cold - Getting 310 Disk Animals of the M.O.E.

---

Captain Cold was next.

Captain Cold: (to Qin) Because of Another Hibiki's defeat, you guys now have 310 Disk Animals based on us. I can't wait to see them in action.

Qin: I'm really excited to see what they can do too. My Disk Animal is a Polar Bear.

Captain Cold: That is cool! And it's perfect because I use the power of the cold.

Qin: It sure is cool.

Fluttershy: I think it's amazing too. Mine is an Armadillo.

Tornado Bolt: That is awesome for Fluttershy because Carmen Dillo is an anthropomorphic Armadillo.

Stealth Elf: It sure is.

Nick Russell: Mine is a Kangaroo because of Boomerang being from Australia.

Volcana: And mine is a Thunderbird. Because Larxene uses lightning.

Captain Cold: Very symbolic. But those are perfect and are very representative of us. Lets do it!

They fired waves of leaves, grass, flowers and energy and smashed him down.

---

## Gali, Twilight Sparkle, Starshine Sparkle, Magic Skylanders, Aqua, Sora, Kairi, Rico the Robot and Heckyl VS Man Ray - Greg's mind was messed up by that nerve gas

---

Man Ray was next.

Man Ray: (to Gali) Greg's mind was messed up by that nerve gas. How long does it take to wear off?

Gali: I'm not really sure. That nerve gas is experimental and it's totally brand new.

Twilight Sparkle: But like all nerve gas it is a weapon of mass destruction.

Starshine Sparkle: And it must be destroyed.

Spyro: Yeah no kidding there.

Aqua: But Greg Temple did nothing to deserve having his mind messed up like that.

Sora: I agree there.

Kairi: Lily is the only one that can cure him.

Man Ray: She sure can. And she has the power. Lets do it!

They fired waves of magic and water and smashed him down.

Tyler: Yes that's right. But we're not going to add a fourth member to the list of fallen heroes for us.

Princess Celestia: I agree there. 3 is more than enough.

Moondust: We sure are mom.

Snowdrop: I'll say.

Gari: Yeah we are happy for her. But farting out jewels was an extra.

Blackout: But that was cool how Rarity farts out jewels. Fluttershy farts out perfume smells that are beautiful. I wonder what the others fart out.

Zoe: That would be awesome to see.

Hay Lin: It sure would. I think it would be obvious that Rainbow Dash farts out rainbows.

Cluemaster: (Laughs) That would be obvious. Lets do it!

Heart: Me too. I never liked the guy.

Blackfire: Neither did Nico and J.D. J.D. wanted to snap that monsters neck and give him the Black Gates immediately.

Heart: Who can blame him. Lets do it!

Heart turned into his true form and Blackfire fired waves of purple energy blasts and they hit him and exploded all over. Smashing him all over.

Sophia Starron: I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne.

Sophia Starron fired a blast of darkness at a nearby tree and as it hit, the dark blast forced out a 24 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder, it was Riley Cooper, the Sniper of The Blood Dragons.

Sophia Starron: I should've known Bryan Greyson would send you to kill us, Riley Cooper, but that was a bad move hiding in the trees to try and kill us.

Riley Cooper: I'll wipe that smug look off your face by killing you and everyone you love.

Sophia Starron: Still the same lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Sophia Starron's red eyes turned neon red, and she was surrounded by a black and red energy aura, darkness, fiends, psychic energy, and The Fiend, she unholsters her large scythe of darkness and Sword of The Arcana sword from her back, and as she approached Riley Cooper, she left black and red energy, darkness, fiends, psychic energy, and Arcana Force XV - The Fiend with every step.

Sophia Starron: You've gotten away with one crime too many throughout the years since Bryan Greyson formed The Blood Dragons, Riley Cooper, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Sophia Starron was surrounded by a massive vortex of black and red energy with darkness, fiends, and psychic energy surrounding it, there's Arcana Force XV - The Fiend flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Sophia Starron emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sophia Starron grew from 6'5" to 6'11" in height, she has the body of a goddess, she has blood red highlights in the bangs of her long flowing black hair, she has neon red eyes and a black and red energy aura, darkness, fiends, psychic energy, and Arcana Force XV- The Fiend surrounding her, she has Arcana Force XV - The Fiend and with the Fiend Kanji in its hands emblazoned on her forehead, she has on Arcana Force XV - The Fiend earrings with yellow gems for eyes and holding the Dark and Eternity Kanjis in its hands, she also has the Arcana Force XV - The Fiend with red gems for the eyes and the Dark and Eternity Kanjis in its hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with red crystal links from her merged Crystal Necklace of the Buddha and red gems on the gold lightning bolts. Sophia Starron has on a sleeveless red blouse, sleeveless red and black-striped top, black skirt, black pants with red designs, red sneakers, and long red sleeveless trenchcoat with darkness and psychic energy on the coattails, and right on the back is Arcana Force XV - The Fiend surrounded by darkness. Suddenly, Sophia Starron felt a sharp pain on her back, and then, her massive black angel wings grew much bigger for her new body, and the large black feathers have red tips and darkness. Sophia Starron has on a Ring of The Phoenix with red gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Sophia Starron's large scythe of darkness and Sword of The Arcana sword began merging together and they were surrounded by a kaleidoscope of red and black energy, darkness, and psychic energy, and when it emerged, it's been transformed into Arcana Force XV - The Fiend's Dark Arcana Scythe of Psychic Justice, it's a brand-new large scythe with Arcana Force XV - The Fiend and the 19th Major Arcana card The Fiend etched on the 7'0" massive, wide, curved blood red sickle and on the other side of the scythe is a large skull with red gems for eyes on one end of the long midnight black shaft and on the other are four large skulls with red gems for eyes for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with red gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Arcana Force XV - The Fiend with red gems for eyes and a large red gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on her right hip and Eater of Sins revolver holstered on her left hip. There's a black kanji below Arcana Force XV - The Fiend that said, "Sophia Starron, Loving Younger Sister of Sylvia Starron, Gene-Slammer of Arcana Force XV- The Fiend, Very Strong and Powerful Psychic Mindreader and Clairvoyant, Guardian Angel of Laney, Lana, and Lucy Loud, Guardian Angel and Future Wife of Lincoln Loud, Destroyer of The Blood Dragons, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Dear Friend of Melanie McPherson, Catherine Hoshi, Jade Hyotonia, Loreena Kellington, Penelope Harrisburg, Yvonne Qinsington, Evelyn Francois, Roxanne Lowinsky, and Sonnya Rexxington, and Master of Darkness, Fiends, Psychic Energy, and the Arcana"

Sophia Starron has transformed into SUPER ANGEL ETERNITY INFINITY MOONLIGHT ARCANA FORCE XVIII PSYCHIC ANGEL OF PSYCHIC MOON JUSTICE AND DIVINE CLAIRVOYANT LOVE!

We were amazed by Sophia Starron's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Riley Cooper saw it, the thug got his gun and was about to shoot her, but Sophia

Starron fired a powerful blast of black and red energy with darkness, fiends, psychic energy, and Arcana Force XV - The Fiend, and it hit Riley Cooper and his gun was destroyed.

Sylvia Starron: Whoa, Sophia's transformed, that's so awesome!

Nico: You said it, Sylvia, your sister's now a true Arcana Angel of Darkness. This is going to be good.

Me: Same here.

Lincoln: Wow, Sophia, you look beautiful. How do you feel?

Sophia Starron: (Divine Echoing Cosmic Voice of The Arcana Fiend and Divine Clairvoyant Love) I feel incredible, Linky. Now, shall we deal with that thug, Riley Cooper, once and for all?

Lincoln: (Smiles) With pleasure, Sophia.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Sophia Starron.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Let's put that thug away for the rest of his life.

Sophia Starron and Lincoln went after Riley Cooper, who kept trying to shoot them with his rifle, but they grabbed the bullets and crushed them in their hands, and they fired powerful blasts of rainbow energy, black and red energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, Fiends, and Arcana Energy at Riley Cooper, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Nico: Uh oh, here it comes.

Riley Cooper drank the werewolf serum, and then, we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) So, he wants to play it like that, huh? Okay, then.

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) Let's rip him to shreds.

Sophia Starron attacked him with her new large scythe and Lincoln attacked him with his massive greatswords and left painful scars on him, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on him, and we saw the cure take effect as Riley Cooper changed back to normal. Then, Sophia and Lincoln fired a blast of magic and it hit Riley Cooper, and put him into a special card prison where he'll be locked up until trial, and into a box that Melanie McPherson made, where she put Morgan Wesley and Gary Reese into. We cheered wildly for what Sophia Starron and Lincoln did as they holstered their weapons on their backs and powered down and Lincoln changed back, and Sophia Starron's new body, clothes, weapons, jewelry, and massive black angel wings are permanent.

Sophia Starron: That's another Blood Dragon down and eleven to go. Thanks for helping me take down Riley Cooper, Linky.

Lincoln: (Smiles Warmly) You're welcome, Sophia.

Suddenly, Sophia Starron wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down Sophia Starron's face, they kissed passionately as Sophia Starron's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force XV - The Fiend flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and darkness surrounded them and we cheered for them.

Geronimo Stilton: This was truly an exciting day today. First, on Nico's rescue, they went to the world of A Quiet Place, and they saved the surviving humans from the hunts of The Cochleanians, and Nico was reunited with Chloe Yoriyama, and later on, Lincoln and his group went down to Rome and took down Menma Uzumaki, the dangerous evil Shinobi who came back from the dead again, and Lincoln was reunited with Sakura Adachi, the Dark Magician Gene-Slammer and one of his many Guardian Angels from Japan, and later on, not only did we help go through a treacherous obstacle course on an island, but Sophia Starron and Lincoln took down Riley Cooper of The Blood Dragons. But, the battle against The Blood Dragons is still going on and the adventures are just beginning, reporting for The Rodents' Gazette from Gotham Royal York, I'm Geronimo Stilton, goodbye.

Nico: That was one awesome fight you and Sophia waged against Riley Cooper, Linc, and Sophia put a dent in that thug's attempt to kill us.

Lincoln: That's right, but we're not done yet, there's still ten more Blood Dragons to go, and then, we'll bring them to trial, and they'll be looking at prison for the rest of their lives.

Me: Preferably in one of our space prisons.

Lincoln: And that's exactly where they're going, J.D. Since they've escaped from federal prisons here in The United States, we're going to have them thrown in one of our space prisons where security in this place is top-notch and they'll be rotting away in the starry lonesome for life.

Eli: That's right, what a bunch of criminals and thugs.

Nico: You said it.

Greg was put on a hospital gurney and was lead by Varie and Maria Santiago and he was being loaded into a medivac unit.

Greg Temple: Wait.

He looked at us.

Greg: I'm really sorry, guys.

Captain Cold: Don't sweat it. We know you weren't in control of your actions.

Man Ray: But next time, try to get poisoned with nerve gas.

Greg Temple: I will. But J.D. I am really proud of you for how far you have come over these last 12 years. You have become so strong and you have become an amazing man. I'm really proud of you.

Me: Thanks Greg. That really means a lot to me.

He held up his hand and I took it.

Me: I missed you Greg.

Greg Temple: (Tears stream down his face) Me too my son.

Me: (Smiles)

He was loaded and taken to the infirmary.

Taranee: I just wish Jak and Daxter were there to see all of this.

Major Disaster: You can tell them on your next mission.

Nico: Yeah.

Chloe Yoriyama: I'm gonna love it here with you guys

Sakura Adachi: Same with me.

Cluemaster: You girls won't regret it.

Nico: No you won't.

Cantwell: Let's head home now. We have to get Rarity ready for when she gives birth.

Me: Right! But lets get out of here! This whole island is going to blow!

Nico: Oh shit! Lets go!

We flew off!

We flew far over the ocean.

Me: This is gonna be big guys! I put up an EMP Force Field around us.

Nico: Okay!

We were far out at sea when suddenly the island exploded with incredible power!

EXTREMELY MASSIVE NUCLEAR EXPLOSION!

THE ENTIRE ISLAND WAS DESTROYED IN A MASSIVE AND HUGE EXPLOSION!

Nico: Whoa! That was a close one!

Eli: Yeah no kidding!

Nico: Yep. But J.D. you did a great job navigating that whole obstacle course. And you saved Greg Temple from himself.

Me: Well it was Lily that cured him so she deserves some of the credit. But thanks.

Nico: You're welcome.

Kreed: And thank you for clearing my name J.D.

Me: No problem Kreed.

Nico: But great job today everyone.

Me: Thanks. Also I made blueprints for the obstacle course that we can use to make our own version of it without the traps like that.

Nico: Awesome idea.

Jonny Quest: (To the viewers) At least that island will never be sold to the highest bidder. But it was a great adventure.

Me: Yep. And our adventures are just beginning for the week.

We went back home and we went to the doctor and we had Rarity looked at with a sonogram. She was having 4 baby girls. Just like Fluttershy. This was gonna be so awesome. We then enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome fanfic done.

This was a great adventure! It's part one of the saga for The Real Adventures of Jonny Quest and we had a lot of fun on this one. Race Against DAnger is one of my favorites because Kreed turned that entire obstacle course into a killing field! That episode aired on December 16th, 1996 and it was awesome! The first part was for where we went to the world of A Quiet Place and those aliens in that movie were UG-LY! And scary too. But really amazing to hunt by sound. The second part was for Rome and that was for taking down Menma Uzumaki from Naruto Road To Ninja. That was scary and freaky. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, kolbdog323, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, EtstheClarenceandTLHfan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. We're also going to meet twin gene-slammers for Solrock and Lunatone named Amaterasu and Tsukuyomi Marris. Amaterasu and Tsukuyomi are known as the Twins of the Sun and the Moon. They are called that because they are both named after the Japanese Goddesses of the Sun and The Moon. They have amazing powers over fire and light and light and darkness. They both are Nico's awesome friends and know how to kick some butt especially when it comes to bullies. For Lincoln's rescue tomorrow, Lincoln and his group are heading down to the Badlands in the world of Warhammer, and Lincoln and his group are going to destroy the Greenskins tribes that dwell there. Nico: I wonder what Marceline called us for?

Me: No Idea but whatever it is, it must've been very important.

Eli: I have a feeling it was bad.

Arrietty: Me too.

Nico: Thanks for coming with me, Stella.

Winx Club Stella: Anytime Nico. If we're going to meet Gene-Slammers for the Pokemon of the Sun and the Moon then it was a great choice for me to go with you.

Maria: I know and I'm really excited that Rarity is having her babies today!

Emerald Shine: Me too! I'm so happy for mom.

Topaz Flare: Me too!

Me: It was awesome for you girls to fill in for your mom while she is on maternal leave.

Emerald Shine: Thanks J.D.

Nico: Stella, remember when we locked up Countess Cassandra and her daughter Chimera?

Winx Club Stella: I sure do Nico. That was a massively huge conspiracy that happened on my home planet.

Me: Boy I'll never forget that. That was a nasty plot to usurp the power of the throne from your mother and father.

Camie: Oh man. What happened?

Me: It was a really horrible sight. We call it the Great Solarian Conspiracy.

I went over what happened during the events of chapter 826.

---

In the middle of the city I was flying after a little girl that was floating in the air and she was thinking she was flying. But in actuality it was because of a Clow Card. It was the Float Card. 浮 I saw its spirit and it looked like a hot air balloon. In its card form, Float appears as a small, hot-air balloon attached to a winged basket. However, outside of its card form, it appears as a stripy, pink and purple balloon with small wings, independent of any strings or basket.

Me: The Float Card is a card that defies gravity.

Kero: It sure does.

Me: I know.

I fired an energy beam and it hit the Float Card and immobilized it.

Me: RETURN TO YOUR POWER CONFINED!

I held out my hand and formed an energy card and it sucked in the Float Card and it was a Clow Card again. I grabbed the girl and the Clow Card.

Me: Gotcha. Are you all right?

Girl: Yes. Thanks to you J.D.

Me: You're welcome.

Then I sensed another Clow Card. I saw a massive tidal wave heading towards the city.

Me: Whoa!

Kero: It's the Wave Card. It has the power to make massive waves out of existing water.

Me: RETURN TO YOUR POWER CONFINED!

I held out my hand and another energy card formed and it sucked in the Wave Card and it was a Clow Card again. I got the card. 波 Wave's card form shows a stream, or waterfall; implying some affiliation with water. Wave's capture is not shown directly in the series, but Episode 36 shows that Sakura had captured it over spring break (the time period following Episode 35)

Me: Awesome!

Kero: Great job J.D.

Me: Thanks Kero.

We headed back to the estate.

---

Back at the estate, Ed was reporting to Rolf for work. He has a job working for Rolf.

Rolf: Good morning, nincompoop.

Ed: Ready for work, boss!

Ed got to work. He was peeling potatoes, cleaning the chicken coops and all of Rolf's animals.

Cosmos: Rolf, do you pay Ed for working?

Rolf: Ja Ja. I pay bundt cake for brain Ed boy a jar of quarters and 6 jawbreakers.

Julie Martin: That's great pay. Rolf, should Ed turn into Edzilla to do some of the work?

Ed: I can handle all this myself without turning into Edzilla.

Cosmos: Oh.

---

French Narrator: (French Accent) 7 and a half hours later.

---

Ed came back from work with a Jawbreaker in his mouth and he had a bag of jawbreakers and a jar full of quarters.

Thunderblast: How was work today, Ed?

Ed: Very good Thunderblast.

Eddy: Thanks monobrow.

Edd: Working for Rolf is a great idea Ed.

Luan: It sure is Double D.

Linka: Yep.

Thunderblast: We haven't heard from Caitlin and Dominique for a while. I hope they haven't gotten into trouble.

---

French Narrator: 20 Minutes earlier.

---

In the middle of San Francisco, California, Caitlin and Dominique were approached by the evil Countess Cassandra of the planet Solaria and her daughter Chimera.

---

Chimera

Chimera is the daughter of Countess Cassandra, a noble from Solaria, and a fairy who attends the Beta Academy for Fairies. She first appeared in the first episode of the third season of Winx Club.

Chimera is rude and very jealous of Stella, and always wants everything her way. When Stella is getting ready for her princess ball, Chimera tries to ruin Stella's fun.

Chimera states that she hates Stella because she is a pretty, beautiful, spoiled, and lucky princess.

Chimera is introduced in Season 3, in "The Ball of the Princess". She is first seen at a pizza place, where the Winx are, and takes the pizza that Stella was going to get. Chimera makes fun of Flora, asking her if she was made out of gumdrops, and Stella defends her, revealing that Chimera is extremely rude.

She also gets the dress Stella wants. Chimera already hates Stella and the Winx mother, Countess Cassandra would join the fray. Chimera tries to ruin Stella's hairdo while she is getting ready for the princess ball but fails to do so. The spell bounces back on her instead, making her hairstyle Medusa-like. Chimera states that she hates Stella, and (quite ironically) accuses her of being a spoiled princess. She and Countess Cassandra both meet Valtor, and he gives them powers in exchange for the power of the Second Sun of Solaria. Chimera transforms Stella into a monster called "Mon-Stella" . We see her in the eighth episode with her mother and King Radius.

She tries to prevent Stella from ruining the wedding for King Radius and Countess Cassandra (telling Stella that she wasn't on the guest list), She is defeated twice, but she dares Stella to free her and fight her again. After being defeated by Stella, Chimera and Cassandra are imprisoned in the dungeon by King Radius.

Chimera is a girl with long bluish-black hair that falls to her ankles. She wears red lipstick, black eyeshadow and has a tiny mole near her left eye. Her outfit is a lolita-style dress in various shades of purple.

The only other outfit Chimera is seen in besides her regular outfit is a red gown that is about knee length, with a long ruffle on the end. It has a pink veil in the back and three flowers in the middle going up and down. The outfit is also the outfit Stella wanted and resulted in a shopping war with Chimera winning the dress.

When Chimera was given the title of Princess of Solaria, she was granted a Ring of Solaria which also turns into a Scepter like Stella's.

Countess Cassandra

Countess Cassandra makes her first appearance in "Valtor's Mark" looking out the window, watching Stella, Bloom and Radius before shutting the curtains. When she sees Chimera spying on Stella and Bloom, Cassandra scolds her for acting out of status but expresses her own hatred for Stella as well. She believes only her daughter is suitable to be the Princess of Solaria and comforts her when Chimera becomes distress about Radius's love for his daughter.

Nonetheless, she tells Chimera that they must put on a facade to please the Crown Princess. However, she witnesses Chimera lose her cool against Stella and questions Bloom, who happily answers her about an incident between them during a shopping spree.

Later, she sees Chimera's end result of her failed attempts to irk Stella. Valtor then enters their room, offers a proposition: in exchange for the power of the Second Sun of Solaria, he will give Cassandra and Chimera stronger powers. Cassandra agrees and Valtor keeps his promise.

During the princess ball, Chimera casts a terrible spell on Stella (transforming her into a hideous monster) while Countess Cassandra puts King Radius under her control.

She is then seen on Eraklyon, commenting how Stella was a troublemaker. When Sky ordered his guards to capture the Winx, as he was under Diaspro's spell, the dragons that were released and began running amok during the celebration. This caused the guests to flee, including her and Chimera. She told Radius to keep the dragon busy and left Eraklyon with just her daughter, leaving Radius behind.

Overtime, Cassandra has slowly taken over Solaria with Radius only serving as her pawn. She ruthlessly builds and maintain the power she currently has and even threatened a servant and old friend of the king for questioning Cassandra and Chimera's rightful holding of the throne.

Before the wedding, she makes sure that Stella was not put on the guest list, and was surprised when Stella was able to stop the ceremony anyway. When the spell over King Radius is broken, he commands the guards to arrest Countess Cassandra and Chimera and banishes them.

---

Cailtin: Ok. What's going on?

Countess Cassandra (smirks): Ever seen a spydrone before? It can slip past any defenses of a building. Even magical ones. (tosses it to Caitlin)

Chimera: Smile. (takes picture of Caitlin holding the spydrone)

Countess Cassandra: Oh, how rude of us. My name is Countess Cassandra. And this is my daughter, Chimera.

Dominique: What exactly did you call us here for?

Chimera: Relax. We just want to help you two. You both used to be promising students at Beverly Hill until you met that girl Mandy and did her dirty work. And now, you two are fugitives, on the run until that admittidly dreamy Nicolas Chan can clear your names. Not much of lives, if you ask me. (smiles reassuringly) Me and my mom know what it's like to be outsiders too, girls. The four of us have a lot in common.

Caitlin: We don't have squat in common. We'd never try do anything bad to authority figures!

Countess Cassandra: Maybe you two never had a reason to.

Dominique: I get it! You two are going to use the Dark Orb in your possession to overthrow Stella's dad and become the ruels of Solaria.

Chimera: That's right. And you two are going to help us.

Caitlin: You both are crazy. There's no way we're helping you!

Countess Cassandra: I think you two will. (shows Caitlin the picture Chimera took of her) If Team Loud Phoenix Storm saw this, they'd blame you two for the attempt on King Radius. You both would become their enemies again. And then, they wouldn't stop until you both are nothing but burnt corpses. Face it, girls. You both don't have a choice. You have to help us!

Caitlin: Give us a few minutes to think this over.

Countess Cassandra: All right. But make it quick.

They went to talk in private.

---

Back at the estate we got a phone call.

Me: Hello?

Caitlin: (Whispering) J.D. it's Caitlin.

Me: (Whispering) What's the matter Caitlin?

Caitlin told me about what Countess Cassandra and Chimera were up to and I told her to play along with her until the time came. Dominique had a special tracer device that would show us where they were whenever it was needed.

Caitlin: Okay. Thank you J.D.

Me: You're welcome.

I told everyone everything Caitlin said.

Stella (Winx Club): This is bad! I thought we were rid of those traitors for good!

Rachel S.D.: I heard a lot about Countess Cassandra and how evil she is. She was banished to the Omega Dimension after she tried to usurp the throne on Solaria.

Me: So she's a power-hungry tyrant. Then we have to send her back to the Omega Dimension.

Nico: Easier said than done.

Me: Yeah.

Rachel S.D.: And to make it worse, she used Valtor's magic to try and force the king of Solaria to do her bidding.

Me: And Valtor is now dead. We killed him.

Bloom: Cassandra is a monster. She won't get away with her crimes this time.

Me: No she won't. This time she'll face the wrath of Team Loud Phoenix Storm. Lets fly!

William: Redemption Squad, let's take em down!

We were off to San Francisco, California.

* * *

We were flying to San Francisco, California.

Qin: Hey J.D. who is Valtor? He must be really bad.

Me: He was worse than bad Qin. He was worse than the devil himself.

I revealed all of Valtor's history

---

Valtor is a strong wizard who would love to do nothing more than to become the strongest wizard of them all. He turns people into monsters that are willingly to serve for him.

Like Bloom, he was born from the Dragon Fire but unlike Bloom however, Valtor was born from the Fire's dark side.

He was with the Ancestral Witches when they destroyed Domino. He was once a companion of Ms. Griffin when they were young. It was at this time when he met Bloom's parents who were both stronger than him.

He was sent to The Omega Dimension the day Domino was defeated. There he was frozen, intended for eternity, and was awake while frozen.

When the Trix were sent to the Omega Dimension, they released Valtor, intending to offer him up to the security snakes in their place. However, he destroyed the snakes and escaped the Omega Dimension along with the Trix, making them his minions. He took over Andros (Tides in 4Kids dub) and corrupted many mermaids, turning them into his minions while adding their power to his. His minions were branded with his symbol. To increase his power, Valtor would go to different planets and absorb their energy. The Trix would often compete with each other for his favor.

Valtor made a deal with Chimera and Cassandra to help them deal with their rival, Stella, in exchange for their eternal allegiance. Cassandra put a spell on Stella's father, King Radius, to turn him against her and make Chimera princess of Solaria, but Stella later broke the spell. Valtor recognized Bloom and confronted her on Andros, but he did not wish to fight her when she was too tired to fight, as it would not be satisfying. When Layla confronted him, he cast a spell to blind her, although she was later able to reverse this. Valtor also gave Sky's ex-fiancee Diaspro a potion to put Sky under a spell to make him love Diaspro and attack Bloom; however, Stella broke this spell and Diaspro was banished.

Valtor eventually decided he didn't want Andros as his base anymore so he relocated to Cloud Tower, taking it over, imprisoning Griffin, and brainwashing the other witches into "zombie witches". He later decided to destroy Andros by opening a portal to mix its positive energy with the Omega Dimension's negative energy. He was content to leave the brainwashed mermaids to die with Andros, viewing them as expendable. Tecna was able to close the portal, though she was trapped in the Omega Dimension in the process (although she later escaped with the help of the Winx and specialists).

Because of this, Bloom, Stella, Flora, Musa, and Layla sought revenge on Valtor. They confronted him at Cloud Tower and fought him, but he gained the upper hand, telling Bloom that he killed her parents Oritel and Miriam. This gave Bloom further motivation for revenge, however, using a spell he gained from Planet Oppositus, he turned her fire into ice and froze her with it. Faragonda, Griffin, and Saladin arrived to fight him while the other Winx released Bloom and Stella teleported them out, causing Valtor's next attack to hit the Trix instead.

Valtor eventually relocated to a new base, in a cave in the forest. He later challenged Faragonda, Griffin, and Saladin to a battle, but made them fight each other with an illusion while trying to steal the scrolls from Alfea. Bloom defeated him with the Water Stars, which are the opposite power of dragon fire. But before Bloom could kill Valtor, he told her that Oritel and Miriam were really trapped inside him due to an absorption spell he cast, and destroying him would do the same to them. Although Valtor escaped, Bloom later heard from the Ancient Witches that this was a lie, and her parents were really in another dimension.

Using the Spell of the Elements, Valtor flooded Cloud Tower, sent tornadoes at Red Fountain, set the forest around Alfea on fire, and caused an earthquake at Magix. The Winx fought Valtor below the lakebed but he transformed into a demon and used a talisman to control the power of the water stars and use them against Bloom. However, Bloom used fairy dust to open the box he contained his spells in, undoing all his spells. When the lakebed returned and the cave began to flood, the Trix abandoned Valtor, who was seemingly killed when the cave flooded.

However, Valtor returned and captured most of the specialists, imprisoning them in Tides while controlling elements - having held onto the Spell of the Elements - to take the forms of them and fight the Winx. These clones disappeared when Bloom knocked Valtor out with a fireball. The Ancient Witches, unable to act on the outside world from the dark world but able to act on Valtor, cast a spell to take away his wizard form and turn him back into a demon forever. Bloom separated her flame from her and entered that of Valtor, where Valtor appeared and attempted to get Bloom to work with him against the Ancient Witches, but she declined his offer and used fairy dust to extinguish his flame, destroying him.

In the 4Kids version, Bloom uses fairy dust upon entering Baltor's mind, but this only removes the Ancient Witches' spell. After Baltor tries to make the deal, Bloom says her dragon fire will fight Baltor's dragon fire until one is put out, and extinguishes Baltor's flame with Dragon Fire Fury, destroying him and sealing his essence in Oblivion.

---

Qin gasped in sheer horror.

Qin: He was pure evil!

Me: And we all killed him in the Omega Dimension. But his minions the Trix were worse.

Qin: The Trix?

Rachel S.D.: Icy, Darcy and Stormy. They were the ultimate epitomes of pure evil.

Rachel revealed the history of the Trix.

At the beginning of the first season, the Trix seemed to be more powerful than the Winx Club (with the exception of Bloom), as seen in the episode Spelled where they were able to get the better of the fight, and would have won had Bloom not intervened. For most of the first season, they attended the Cloud Tower School for Witches until they are all expelled after they created the Nightmare Monster in the episode The Nightmare Monster that failed to accomplish its purpose. The Trix stole the Dragonfire and summoned the Army of Darkness/Army of Decay to take over the realm of Magix, but Bloom defeated Icy with her dragon fire while the other Winx defeated Darcy and Stormy.

For the next two seasons they had powerful allies. After being sent to Lightrock Monastery, in the second season it was the infamous Lord Darkar who released them and gave them their Gloomix to increase their power. Darkar double-crossed the Trix in the end before he was killed and they were imprisoned in the Omega Dimension. In the third season, they joined up with Valtor and the three witches competed for his affections, before finally leaving him when he assumed his original, demon-like form and lost all the spells he had stolen when he was fighting Bloom in the 25th episode. Afterward they are sent back to Lightrock Monastery.

They returned again in the second movie, where they sneak into Alfea during the beginning of year festivities, putting a spell on all the food there so that everyone who ate some of it was turned into a toad, and stealing a magical compass which they used to lead the Ancestral Witches to the Tree of Life found in the Pixie Village. The Ancestresses proceeded to absorb all the essence of Good from the Tree, causing all good magic to disappear, and only evil magic to keep on existing. At the end of the movie, the Winx Club, the Specialists, Oritel and Erendor arrive at the haunted city of Havram to find the branch of the Tree of Life which the Ancestresses gave to the king of Eraklyon as part of the deal which forced him to help the Ancestral Witches in exchange for their sparing his kingdom. There, the Trix and their Ancestresses were waiting for them, but the Winx Club girls gained back their powers and Bloom's horse, Peg, became a flying unicorn thanks to the magical branch. Finding the Trix too weak to defeat the Winx Club, the Ancestresses try to possess the Trix, but they attempt to flee as the old witches capture them and possess their bodies. The Trix, now possessed by their ancestors, have become more powerful than ever, as well as mere puppets possessed by the Ancestral Witches. The Winx, the Specialists, Oritel and Erendor take part in the battle, but Erendor is severely wounded trying to save Bloom from Icy-Belladone. Finally, using a Believix convergence, the Winx Club are able to summon the essence of the Great Dragon and extract the Ancestresses from the bodies of the Trix. The Great Dragon's power destroys the Ancestral Witches for good, and the Trix, defeated, fall unconscious to the ground. Helia ties them with a rope and, as the movie ends, they are shown as being suspended from the flying ship the Winx, the Specialists, Oritel and Erendor use to leave Havram, getting angry as Bloom and her fiends fly around them and tease them.

---

Qin: Those monsters!

Me: They were monsters Qin. And when we met Rachel here, we killed them and sent those fucked up arrogant malignant freaks off to Hell where they belong.

Bloom: Yeah.

Flora: They deserved it.

Musa: They were a menace to everyone in the universe.

Tecna: (British Accent) Agreed. They should've never been allowed to live after we banished them to the Omega Dimension.

Me: You got that right girls.

Nico: The Trix and Valtor have failed this entire universe.

Me: And paid the ultimate price for their crimes.

Rachel S.D.: Yep.

Varie: Good riddance.

Then I received a signal from Dominique's tracer.

On my device it showed that it was coming from a warehouse on the San Francisco Wharf.

Me: There we go! Lets go!

We were flying to the wharf.

---

Caitlin: Your plans will never succeed Cassandra!

Dominque held up the beeping tracer.

Countess Cassandra: You both betrayed us! Who's coming?

Caitlin: Just Team Loud Phoenix Storm!

Chimera: Oh please! They're all too busy trying to clear your names!

Dominique: Actually, they're gonna finish that when they get here!

A Massive fiery explosion blasted through the roof of the warehouse and a phoenix cry was heard and we landed.

Me: Countess Cassandra and Chimera.

Bloom: I thought we were rid of you ugly freaks for good!

Chimera: You ruined my life Bloom!

Musa: You brought all that on yourself Chimera!

Stella: It's bad enough that you brainwashed my father before! But now you're trying to ruin Caitlin and Dominique's only chance to get their lives back?!

Naruto: You're just as ruthless as the Trix and Valtor together.

Countess Cassandra: Valtor's magic helped me do great things.

Me: Valtor is dead. We killed him and erased all of his magic.

Countess Cassandra just shot a power dampening collar at my neck.

Countess Cassandra: (smirks) Ha! I'm not making the same mistake Yewh made! Without your powers, you're nothing!

I grabbed the collar and destroyed it.

Me: Nice try. But my powers are so strong that they can now predict where a villain is going to attack and with what.

Nico: Countess Cassandra and Chimera, you have failed this world!

Me: And all of Solaria! Lets get them!

We went at them and powered up and we were ferociously pulverizing them into oblivion! I punch Countess Cassandra in the face and sent her crashing into a bunch of crates. Caitlin kicked her in the stomach and punched her in the face and knocked out some of her teeth. Lola fired a powerful blast of fire and burned Cassandra and she bit Cassandra in her leg to the point where Lola drew blood. Lana fired a powerful blast of ice lightning and froze her arms. Lincoln fired a massive blast of lightning and electrocuted both Cassandra and Chimera with 500 quadrillion volts of electricity.

Carol: You will never be worthy of King Radius's love!

Carol fired a powerful blast of King Ghidorah's Gravity Lightning and it hit Chimera and exploded all over.

Chimera fired a powerful blast of magic at Carol. But Carol used Rodan's Mach 6 hurricane winds at 4,603 miles per hour and it blew Chimera into a bunch of crates with devastating force!

Vince: WOW! That was awesome!

Me: No kidding partner. That was powerful!

Erika: Biollante's power will be our mark on her.

Erika fired some radioactive sap from one of her plant mouth vines and it hit Cassandra on her face and she screamed in excruciating pain as it was burning her.

Me: Time to show them some teamwork!

Cosmos: Roger that! CYBER KEY POWER!

The Autobot Cyber Planet Key went into Cosmos back and it enhanced his high-powered particle beam 100-fold.

Julie Martin: Time for action! EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into her right arm device and it enhanced her Ice Powers 100-fold.

Cosmos and Julie Martin: ABSOLUTE ZERO FREEZE BLAST!

Cosmos fired his particle beam and Julie fired a powerful ice beam and the blasts combined and froze Chimera in ice up to up to her chest. She was shivering in extreme cold.

Thunderblast: Lets do this! CYBER KEY POWER!

The Earth Cyber Planet Key went into her rocket launcher and turned it into a bigger rocket launcher.

William: Action Time! ANIMATRON CYBER KEY POWER!

The Animatron Cyber Planet Key went into his right arm device and it enhanced his elemental blaster 100-fold.

Thunderblast and William: ELEMENTAL MISSILE BARRAGESTORM!

Thunderblast fired a powerful laser missile and William fired powerful blasts of the elements from his blaster and they combined and hit Countess Cassandra and exploded.

KRABBBOOOOOOOOOOOOOOOOMMMM!

Kitten pulled out a laser whip.

Kitten: This is for hurting Caitlin and Dominique! LASER WHIPLASH DISEMBOWELMENT!

Kitten slashed Chimera with her laser whip and disemboweled her.

Caitlin: This is for trying to send us back to prison with Mandy! LIGHTNING VINE ELECTROCUTION!

Caitlin formed a whip made of pure lightning and wrapped it around Countess Cassandra and electrocuted her with 800 sextillion volts of electricity! She screamed in excruciating pain.

Me: Wow! That was powerful!

Nico: No kidding!

Stella (Winx Club): This is for my planet and my family! SHINING SUN RAINBOW BURST!

Stella fired a powerful blast of rainbow energy and it slammed into Countess Cassandra and exploded.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Nico walked up to them and placed their hands on them and stripped them of their powers and magic abilities.

Nico caught an Aurorus and Sylveon during the battle.

We went to the planet Solaria and it was a beautiful planet and we were there to send Countess Cassandra and Chimera off. We banished them into the Omega Dimension for all eternity without their magic and abilities. Countess Cassandra was stripped of her title, disgraced and forever exiled into the Omega Dimension for all eternity.

Stella (Winx Club): (To the viewers) Traitors like Cassandra and Chimera will never be welcome in our universe. Never again will they be welcome here.

Me: You got that right Stella.

---

We were later back in the courthouse presenting new evidence about what happened with Mandy and how she forced Caitlin and Dominique into doing her bidding.

Me: So you see, your honor, Caitlin and Dominique were forced to do Mandy's bidding against their will because she threatened to kill them if they didn't.

Judge Katie Rockell: Well, due to recent evidence that's come to light, Caitlin Fiona Salazar and Dominique Maureen Holhauser are both cleared of all charges. But they'll be placed on the Redemption Squad as community service. (to Maria) I hope that's okay with you, honey.

Maria: Don't worry, Mom. I'm fine with it.

Caitlin: Thank you your honor. We are so sorry about everything we did. Mandy forced us to do all those things against our wills. We were too scared to stand up to her. She threatened our lives.

Judge Katie Rockell: That's understandable.

Me: This is a whole new low for Mandy. She is a fiend in Capital Letters.

Caitlin and Dominique's parents apologized to them and they forgave them. Caitlin and Dominique were placed into the Redemption Squad.

When I was done everyone was shocked!

Tsuyu: Oh man!

Himiko: That bloodsucking leech! Countess Cassandra and Chimera were traitors!

Winx Club Stella: Yeah they sure were and they got what was coming to them.

Nico: The worst part is that they tried blackmailing Caitlyn and Dominique into helping them.

Me: Yeah no kidding. But being forced to work for that Spoiled Brat, Mandy is bad enough.

Eli: Wow what a Conspiracy.

Me: At least those two monsters are now locked in the Omega Dimension for all eternity.

Nico: Yeah thank goodness.

Lola: Yeah those monsters brought it all on themselves.

Fu: Good riddance.

Nico: And you must be looking forward to the mission with the Kiva team next month.

Winx Club Stella: I sure am Nico and it will be so awesome to help out Wataru and his team.

Me: It sure will. It's so awesome how they battle Fangires like that.

Nico: Yeah it sure is!

Lola: I think it's really awesome myself.

Brittney: The coolest part about the Fangires is that they are in every way similar to vampires.

Lucy Loud: They sure are.

Nico: Yeah but they are soul suckers.

Me: With really rotten foul mouths.

Nico: It's fitting since you have light powers and vampires don't like light.

Winx Club Stella: That is true.

Me: But Fangires are made out of stained glass.

Nico: That's true. But it sure is amazing that they are like vampires still.

Me: True. I have a feeling that the Main Target is going to be someone that Wataru and everyone destroyed before.

Nico: Yep. We're going to face King and Katashi Sugimura.

Me: They will be definitely getting the Black Gates for their crimes.

Laney: Yeah.

Nico: (sees Marceline coming down) Speaking of vampires…

We saw Marceline and Finn, Jake, Flame Princess and Princess Bubblegum were with her.

Marceline: Glad you guys could come.

Me: We got your message Marceline.

Nico: So, who are we killing right now? Another Zi O or Another Decade?

Marceline: I wish it were them. It is actually my Ex-Boyfriend, Ash.

Nico: Isn't he that jerk of a boyfriend that wanted to control you with an iron fist?

Marceline: That's him.

May: What can you tell us about him?

Finn: Well he is one nasty jerk!

Jake: And a total jerkwad!

They told us all about him.

---

Ash is a minor antagonist in Adventure Time. He is a Wizard who was Marceline's immortal ex-boyfriend.

He was voiced by Steve Agee, who also played Gef in Guardians of the Galaxy Vol. 2 and King Shark in The Suicide Squad.

The reason for the break up was because he sold her teddy bear Hambo to a witch so he could get a new Cherry Blossom Wand. He later disguises himself as the Rag Wizard, and dopes Finn and Jake into helping him obtain the memory of Marceline dumping him in the pretense that she put herself in a sleeping spell, and would remain asleep for eternity if they didn't get the memory. When they return the memory to him, he destroys it, so that Marceline would not remember dumping him. He then goes into Marceline's house and asks for dinner.

He later returns when Marceline's memory comes back to her, and of the bat asks her for a sandwich, not caring in the slightest for trading her teddy bear in exchange for the wand. Finn, Jake, and Marceline then dogpile on him, Marceline kicks him in the groin, and Jake finishes it by forming a humongous foot and stomping on him. He only appears in the episode "Memory of a Memory."Adam Muto confirmed he is still alive.

He was mentioned in "Sky Witch" by Princess Bubblegum who was Talking to Maja about him selling Hambo to her. Which she refers to him as a "Weinus".

He made a brief cameo in the Season 5 episode "Betty" in which he appeared in the Wizard City and talked badly to the reformed Ice King/Simon. Simon then punches him off his flying carpet, and he rides it to his Ice Kingdom in hopes of contacting Betty.

He is mentioned in "Broke His Crown" when Marceline was talking to Simon about him, which Simone claiming that he outta punch him, which ironically he did in "Betty."

He appears near the end of "Gumbaldia" as a member of Uncle Gumbald's Legion of Candy Kingdom Haters who plan on going to war with the Candy Kingdom.

In "Come Along With Me" Ash witnesses the arrival of GOLB and runs away with Gumbald's army after Aunt Lolly asks for help to fight GOLB.

When he was done we were shocked!

Nico: Oh man!

Eli: What a jerk!

Varie: Big time!

Lincoln: Thank goodness I am never like him!

Lola: Yeah!

Nico: That's it. We're killing the douchebag.

Me: I agree. He gives all loving boyfriends EVERYWHERE a really bad name.

Sunset Shimmer: Yeah!

Me: At least Finn isn't like that with you Flame Princess.

Flame Princess: That's true.

Marceline: I know where his house is.

Nico: We'll follow you.

Me: I got a dagger with my poisonous blood coated on it with his name on it.

We went into a dark forest and then we saw Ash's house.

Nico: This is his house, right?

Marceline: It sure is.

Me: What a dump.

Lola: Yeah.

Nico: How are we going to get his attention.

Me: Hmm.

I then got an idea.

Me: I got an idea.

I fired a beam of energy and it hit his wall and I wrote a message on it.

Ash saw the burn marks on it and read it.

Ash: "Ash, come on out if you are ready to have the biggest asskicking ever! Marceline." So Marceline decided to stand up to me huh?

Nico: Time to light his house on fire!

Lola: I got this.

Lola fired a wave of fire. Then Ash came out and then his house bursted into flames and he gasped in shock!

Then…

POW!

Marceline hit him in the back of the head and then he landed in a pile of burning wood and he was ablaze!

Nico: Is he dead?

Marceline: Not even close.

He came out still burning.

Ash: YOU MONSTERS!

Me: The only monster here is you!

2 Voices: YEAH YOU HEARTLESS JERK!

We saw a Solrock and a Lunatone come out!

Nico: Awesome a Solrock and Lunatone!

Lunatone: (In a girls voice) And it's awesome to see you again Nico.

Solrock: (In a girls voice) Same here.

Nico: Those voices! Amaterasu and Tsukuyomi Marris!

Solrock: Yep.

Princess Bubblegum: That is awesome.

Solrock: It sure is. Now let us deal with this bastard.

Nico: With pleasure.

They then fired a massive blast of energy and it hit Ash and completely obliterated him in an instant and destroyed him! Nothing was left of him!

Nico: WHOA!

They both reverted back and Amaterasu was a girl with orange hair and orange clothes and she had an orange Celtic trinity symbol in the middle of her forehead. Tsukuyomi had blue hair and blue clothes and the symbol for the Triple Moon Goddess in the middle of her forehead.

Nico: Wow!

Tsukuyomi: That was awesome.

Amaterasu: It sure was sister.

Me: Wow I get it! You two are both named after the goddesses of the Sun and the Moon in Japanese Myth.

Fu: That's perfect for you.

Nico: Well, Marceline, you're now free to choose your own boyfriend.

Marceline: I sure am free. But I actually have Princess Bubblegum here as my girlfriend.

Me: Awesome. I actually knew there was a bond between you two.

Nico: Cool.

Nicole: He's sealed into the Book of Vile Darkness now. He could be an awesome archenemy for the Masters of Evil.

Nico: Ooh. Okay.

Marceline: Yeah I'm all right with that.

Maria: Good.

Jake: Yeah that jerkball had it coming though.

Finn: Yeah no kidding.

Lola: Yeah.

Nico: No kidding.

Amaterasu: No kidding there. But Ash was awful.

Princess Bubblegum: But at least Marceline and me have our love.

Winx Club Stella: What's your favorite memory of Nico?

Amaterasu: Well we both have awesome memories. But our biggest job is this.

Tsukuyomi pulled out wanted posters of Bullies and showed them to us and they were all thrown in the slammer.

Tsukuyomi: We're bully bounty hunters.

Nicole: Cool! Awesome to meet fellow bounty hunters.

Tsukuyomi: Same here Nicole. Our biggest catch was this one.

We saw a bully that was covered in tattoos of hate symbols and his name was Quenton "BUTTFUCKER" Lewis.

Me: Quenton "Buttfucker" Lewis?

Nicole: Oh yeah I know that douchebag! He was the worst and most elusive of all bullies ever.

Nico: Yeah and he killed lots of kids. Me and the Sun & Moon Twins caught him and got him sentenced to death.

Amaterasu: Yep.

Me: Good riddance.

Tsukuyomi: And we got the bounty on him and we went to an awesome gaming fun time at the arcade and Nico got us these at a jewelry shop.

We saw beautiful rings for the Sun and the Moon on their fingers.

Nico: I remember those rings.

Nicole: Those are beautiful.

May: They sure are.

Nico hugged them.

Nico: I really missed you two.

Amaterasu & Tsukuyomi: We missed you too Nico.

Me: That is so awesome that you are Nico's friends. The Twins of the Sun and the Moon.

Laney: Yeah.

Tsukuyomi: It sure is.

Nico: Yep. Lets go home.

We went back home.

Lincoln: Wow, we're here in the Badlands in the world of Warhammer, and I know what we're going to do here, not only am I going to rescue the seven girls here, but we're also going to destroy the Greenskins tribes that dwell there.

Me: That's right, big guy. This is going to be one awesome battle.

Nico: You said it, J.D.

TLPS Mr. Wolf: And we've also got a little something to launch our attack on the tribes there.

TLPS Mr. Wolf summoned catapults and stationed them near the camps where the Greenskins tribes are located at, along with archer units should some of them survive.

Eli: Whoa.

Lincoln: Yep, we had this attack all planned out: catapults to launch our attack and should any of the Greenskins tribes survive, we also got archer units stationed in strategic locations to finish them off, Eli. And thanks for joining us, Cornelia.

Cornelia: You're welcome, Lincoln, this is going to be an amazing rescue and we'll take down another enemy from the Warhammer universe. And I know that Sindri Myr was obliterated from existence by RD J.D., but what if…?

Lincoln: I'm way ahead of you, Cornelia.

Lincoln made a picture of Sindri Myr and he drew a kanji on it, and then, it went up in black flames and it meant Sindri Myr was sent to The Black Gates and was forever erased from existence for good, and he's never coming back.

Me: Whoa, now that's awesome! Now, it's time to launch the attack.

Lincoln: Right.

We then fired the catapults on the camps and that caused some of the warriors there to head on out, and right into an incoming rain of arrows fired by the archer units and the arrows rained down upon them, killing them and drenching the lands in their blood and their camps were being destroyed by the incoming elemental rocks.

Nico: Whoa, look at the carnage your planned siege just caused, big guy, awesome.

Lincoln: But, we're not through yet, Nico, the next part of the attack is about to begin in 3… ,2… ,1!

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of seven girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the seven girls, but they've been cornered by an army of Orcs and they're going to kill them.

Lincoln: Guys, I found the seven girls, but they've been cornered by an army of Orcs and they're going to kill them.

?: (Eight girls' voices) Those barbaric savages, let's get them.

Suddenly, we saw the Fortune Ladies Past, Every, Dark, Light, Wind, Water, Earth, and Fire appear before us.

Nico: Whoa, the Fortune Ladies Past, Every, Dark, Light, Wind, Water, Earth, and Fire, but Carly…

Lincoln: Nope, she didn't, Nico, and I'd recognize those eight voices from anywhere, I knew it was you, along with Hazel, Aurora, Stella, Victoria, Naomi, Natalie, and Maya, Camila Parker, but we'll talk later, we've got to put an end to the last of the Greenskins tribes. Cease fire, Eli, and archers, retreat.

We ceased fire and the archers retreated, then we rushed over and Lincoln fired rainbow energy balls and elemental forces at the last remaining Orcs, and that allowed the nine girls to get away. When the last remaining Orcs saw us, they roared in anger.

Lincoln: You barbaric tribes have terrorized the Badlands for the very last time, now it's time for you to be put out of your misery.

Then, Lincoln swung his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds again and fired a powerful barrage of rainbow energy blasts and the remaining Orc soldiers were destroyed for good and Lincoln banished the evil spirits of the barbarian Greenskins tribes to The Black Gates. We cheered wildly as we holstered our weapons and powered down.

Lincoln: And that's it for the barbarian Greenskins tribes. (To the Parker Sisters) And it's so good to see you and your sisters again, Camila.

Camila Parker: You too, Lincoln, it's been a long time.

Lincoln went up to the Parker Sisters and they hugged, and the

Parker Sisters were also very surprised at just how much taller and much more muscular Lincoln's gotten since they last saw him, and they also felt just how strong he's really become, and they had an atomic red blush on their faces.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Aurora Parker: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Whoa, Lincoln, you know these eight girls?

Lincoln: Indeed I do, these eight girls are Camila Parker, The Fortune Lady Dark Gene-Slammer and the first eldest, Hazel Parker, The Fortune Lady Earth Gene-Slammer and the second eldest, Aurora Parker, The Fortune Lady Every Gene-Slammer and the third eldest, Stella Parker, The Fortune Lady Fire Gene-Slammer and the fourth eldest, Victoria Parker, The Fortune Lady Light Gene-Slammer and the first youngest, Naomi Parker, The Fortune Lady Past Gene-Slammer and the second youngest, Natalie Parker, The Fortune Lady Water Gene-Slammer and the third youngest, and Maya Parker, The Fortune Lady Wind Gene-Slammer and the fourth youngest.

Nico: Wow.

Lincoln: Yep, and like the Huntington Sisters, Camila and her sisters were born on the same day and they Gene-Slammed themselves on purpose into The Fortune Ladies to protect me from the wrath of Chandler and his goons, Artie and Trent, at school and from the out-of-control and dangerous wrath of Lori, Lynn, Lola, Lisa, and Luan at home.

Me: Whoa, that's awesome.

Camila Parker: Yep, and we also got some horrifying revelations that we should tell you about Lori, Lynn, Lola, Lisa, and Luan.

Hazel Parker: But, these ones are revelations that almost got them disowned and kicked out of The Loud House forever.

Eli: (Gasps) I've got a feeling that they're just as, if not, even worse than all of the other revelations we've heard about them.

Lincoln: You're right, Eli, and it's something me, Leni, Luna, Lana, Lucy, Laney, Lily, and Mom and Dad know about.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared on the necks of Camila Parker and her sisters with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha.

Camila, Hazel, Aurora, Stella, Victorian, Naomi, Natalie, and Maya Parker: (Surprised) Lincoln, is this…?

Lincoln: Yep, those are Thunderbird Necklaces of Eternal Love, and that means you're now part of my harem and one of my many future wives, girls.

The Parker Sisters had a smile on their faces and tears in their eyes, as Lincoln made seven clones of himself and they wrapped their abnormally massive and powerful muscular arms around the Parker Sisters' waist and the Parker Sisters wrapped their arms around the thick muscular necks of Lincoln and his clones, and Lincoln and his clones leaned down to the Parker Sisters' faces and kissed them on the lips, and they also returned it, and we cheered for them. Then, we went up to the seven girls, and when Lincoln saw them, he immediately recognized them. The seven girls are Mary-Kate and Ashley Olsen from Mary-Kate and Ashley in Action!, Jerrica Benton A.K.A Jem, Jerrica's younger sister, Kimber Benton, Aja Leith, and Shana Elmsford from Jem and the Holograms, and Cassandra "Cassy" from Ultimate Book of Spells.

Spells.

Me: Whoa, now that's really awesome.

Lincoln: Are you girls okay?

Jerrica Benton: Yes, we're okay, thanks to you for saving us.

Then, when Jerrica Benton and the other six girls saw who it was that saved them from the barbaric Greenskins tribes, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Jerrica Benton: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made six clones of himself, and he and the six clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Jerrica Benton: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seven Thunderbird Necklaces of Eternal Love appeared on the necks of Mary-Kate and Ashley Olsen, Jerrica Benton A.K.A Jem, Kimber Benton, Aja Leith, Shana Elmsford, and Cassandra "Cassy" with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the TLPS World Tree Estate, and the rest of the team were shocked when they found out the villains we went after were the barbaric Greenskins tribes from the world of Warhammer.

But, when Lincoln showed what we did in attacking the camps of those barbarians and what we did in destroying them all, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and the Parker Sisters have a lot of catching up to do now that she's back in town.

---

After destroying the Greenskins tribes, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Camila and her sisters saw Lincoln working out like crazy, she had an atomic red blush on her face.

Camila Parker: Whoa, we were right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Hazel Parker: That's so awesome that he's gotten that big and really strong in those six years since we last saw him.

Aurora Parker: You said it.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, girls, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Maya Parker: That's both amazing and incredible.

Nico: It sure is. So, Camila, what are these horrifying revelations about Lori, Lynn, Lola, Lisa, and Luan that were so bad that it almost got them disowned and kicked out of The Loud House forever?

Aurora Parker: You're not going to like it, Nico. We were with Lincoln and we were helping him with a project for science class in his room, but we soon heard something coming from the room of Lori, and we knew from the other past incidents that Lincoln told us, it meant that cellphone-obsessed, cold-hearted control freak was up to something, we peeked in the keyhole and we also saw that sports-crazy superstitious sore-loser Lynn, that pink-wearing, blackmailing pageant demon Lola, that evil, science-crazed, cold, unfeeling little so-called prodigy Lisa, and that prank-crazy prankster Luan were in there with her, and we heard that they were planning on getting rid of Lincoln and this time for good, and all their attempts to ruin his good name have been foiled numerous times, and now, they were out for blood and they swore they were going to kill him and everyone who's been on his side and it also included Leni, Luna, Lucy, Laney, Lily, Lana, Mr. and Mrs. Loud, Lincoln's Pop-Pop, Clyde and his parents, The Santiagos and the Casagrandes, Rusty, Liam, Zack, Stella, Ronnie Anne, Girl Jordan, Mollie, Miguel, Fiona, Dana, Whitney, Leni's friends, Mandee and Becky, Paige, and so on, and it really horrified us, and we weren't the only ones, when Lincoln heard it, he had a panic attack and he was about to burst into tears and really cry, and it really angered us badly.

Camila Parker: Yep, so I busted the door down with a strong kick, and we went in and we beat down and blasted Lori, Lynn, Lola, Lisa, and Luan and we tied them up.

Hazel Parker: Then, Leni, Luna, Laney, Lucy, Lana, Lily, and Mr. and Mrs. Loud came up and we told them of what Lori, Lynn, Lola, Lisa, and Luan were up to.

Stella Parker: Lori, Lynn, Lola, Lisa, and Luan tried to lie, but I threatened if they didn't shut their big yaps, I'd burn their hair and eyebrows off.

Naomi Parker: And I showed them of what those five mean demons were up to, and it really horrified them.

Victoria Parker: And when they saw Lincoln having a panic attack and was about to burst into tears and really cry, it really angered them to the point they were about to disown all five of them flat out and kick them out of The Loud House forever.

Hazel Parker: But, we decided on a better punishment: we'd have them spend a week in jail for their attempted murder spree, and it really horrified them, and they were so mad, they swore they were going to kill us next, along with Lincoln and everyone he's been in contact with.

Maya Parker: But, I told Lori, Lynn, Lola, Lisa, and Luan to shut their yaps and that they're nothing but a bunch of heartless, two-faced harpies who don't even give a damn about anyone except for themselves, luckily, Lily's ears were covered since I cursed the mean sisters out badly.

Victoria Parker: And it was decided: we'd have Lori, Lynn, Lola, Lisa, and Luan spend a week in jail for their attempted murder spree. Then, we went over to Lincoln and we hugged him and he hugged us back, and he was really crying. But, we continued to hug him and we didn't let go.

We really had tears in our eyes after what the Parker Sisters told us.

Nico: You girls really are that brave to save Lincoln and all those he holds dear to his heart from the wrath of Lori, Lynn, Lola, Lisa, and Luan.

Me: That's the bravery and justice that so many of Lincoln's Guardian Angels displayed against the wrath of Lori, Lynn, Lola, Lisa, and Luan.

Eli: And Lincoln, I didn't know that…

Lincoln: I know, Eli. I had a fear that everyone wouldn't believe me and they'd turn against me, and I'd have no one left to be at my side, I'd be all alone and it would leave me with a wounded heart and I would want nothing more than to make everyone pay for my suffering.

Nico: (GROWLS) Dark Lori, Dark Lola, Dark Lynn, Dark Lisa, and Dark Luan, those five dark monsters are really starting to make me sick.

Lincoln: Though Dark Lori, Dark Lola, Dark Lisa, and Dark Luan are imprisoned, along with the other Dark Louds, Dark Lynn is still running loose, and I swear if I see her, it's payback time for all of the crap that she's done and putting my life and the lives of my family and friends through Hell! (Fires of Justice raging in his eyes)

We saw the rainbow-colored fires of justice really raging in his deep sapphire eyes, and we saw the determination he had in them, the goal to make Dark Lynn pay for everything she's done.

Nico: (Stunned with Awe) Whoa.

Me: They always say if you see the fires of justice raging in someone's eyes, you can really tell that person's really serious. Alright, Lincoln, if Dark Lynn shows up on the ambassador missions, she's all yours, along with the rest of your sisters.

Nico: And I only have this to say to you and your sisters, Linc: make that superstition-obsessed, smelly, bad-mannered, stubborn bitch squeal like the pig she is, and I won't be surprised if you break her arms and legs, rip that eyesore of a ponytail off her head, and smash her teeth out of her mouth.

Lincoln: (Smirks) You got it, Nico.

We got a shower afterwards, but then, we saw a bright light descend on the World Tree Estate and we covered our eyes. Then, the bright light faded and we uncovered our eyes, and Lily (Kappa Mikey) checked and she saw that her world has merged with ours.

Lily (Kappa Mikey): Oh no way, Linky, my world's merged with yours.

Lincoln: Awesome.

Suddenly, we heard the elevator and someone was coming up the elevator. When the doors opened, two figures came out, it was Mikey Simon and his girlfriend, Mitsuki.

Lincoln: Mikey Simon and Mitsuki.

Mikey Simon: Team Loud Phoenix Storm, awesome.

Lily (Kappa Mikey): Mitsuki, Mikey?

Mitsuki: Lily.

Lily and Mitsuki hugged, and Mikey joined in.

Mitsuki: Oh, Lily, thank goodness you're alright.

Lily (Kappa Mikey): I'm alright, Mitsuki, it's thanks to Lincoln Loud of Team Loud Phoenix Storm for saving me, Margaret "Echo" Pearl, Layla Gray, Emily Jones, Azari Firedancer the Fire Elf, Aria Windwhistler the Wind Elf, Naida Riverheart the Water Elf, Rosalyn Nightshade the Healer Elf, and Lumia the Light Elf from that psychopath, Menma Uzumaki.

Mitsuki: Oh, thank goodness.

Mikey Simon: Yeah, while we were on set filming the episode of LilyMu, Menma crashed our filming and kidnapped Lily so he could kill her to slake this thirst for blood, and we had to stop filming to save her, but Menma attacked Mitsuki by slashing her on the stomach with claws and left, and I caught her, and from what we found out about him, he'd kill us in a split second. We had to get Mitsuki to the hospital and the doctors bandaged her wounds.

We saw that Mitsuki had bandages wrapped around her stomach, and it meant that Menma attacked her.

Lincoln: Now, I'm really glad we got rid of that bastard in Rome, Italy yesterday.

Itachi Uchiha: That's right, Lincoln, and you were the one who ended his whole career with that attack you did.

Eli: That's right, that lightning attack you used when you swung your massive sword permanently fried his entire Chakra network.

Lincoln: And that allowed me to deal the final blow to end his life for good. But, this also means if Menma has come back.

Nicole: That also means RTN Hinata has also come back.

Lincoln: Well, there's only one fate awaiting her: The Black Gates.

Suddenly, the alarm sounded and when Lincoln checked, we saw that the villain causing havoc is Knucklemaster.

Lincoln: Oh boy, looks like we got trouble, the villain causing havoc is Knucklemaster.

Nicole: That giant hand encased in a metal gauntlet with only one eye?! Yeesh.

Lily (Kappa Mikey): That thing may not be one of Ganondorf's minions, but it's still dangerous.

Lincoln: Just what I was about to say, Lily. Come on, gang, let's get that monster.

We flew out the World Tree Estate, and Lincoln fired powerful rainbow energy balls at Knucklemaster and when it saw us, this sent the giant hand into a rage.

Lily (Kappa Mikey): Time to put you out of your misery.

Suddenly, Lily's green eyes turned neon green, and she was surrounded by a yellow energy aura with phoenixes, and fire, and as she approached Knucklemaster, she left yellow energy, phoenixes, and fire with every step. Suddenly, Lily was surrounded by a massive vortex of yellow energy with fire surrounding it, there's a phoenix flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Lily emerged, but she was changed forever.

Lily (Kappa Mikey) grew to 6'11" in height, she has the body of a goddess, she has fire-colored highlights in the bangs of her blonde neck-length hair, she has neon blue eyes and a yellow energy aura with fire and phoenixes surrounding her, she has a phoenix with a flame in its claws emblazoned on her forehead, she has on phoenix earrings with blue gems for eyes and holding the Fire and Eternity Kanjis in its hands, she also has a phoenix with blue gems gems for the eyes and the Fire and Eternity Kanjis in its hands for the second pendant, along with the golden Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with blue crystal links from her merged Crystal Necklace of the Buddha and blue gems on the gold lightning bolts. Lily has on a long-sleeved white blouse with flames on the sleeves, sleeveless white midriff top, sapphire blue skirt, black knee-high high-heel boots, and long blue sleeveless trenchcoat with flames on the coattails, and right on the back is a phoenix surrounded by fire. Suddenly, Lily felt a sharp pain on her back, and then, massive blonde angel wings with fire-colored tips on the feathers, sprouted out of her back. Lily has on a Ring of The Phoenix with blue gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Lily (Kappa Mikey) has a new sword in her hand called Phoenix Fire Sword of Fiery Justice, a brand-new greatsword with the symbol of LilyMu and the phoenix etched on the 7'0" massive, wide, double-edged fire-colored blade, large fire-colored phoenix angel wings for the crossguard, large blue gem embedded in the rainguard, longer black handle, and a large fire-colored gem with yellow angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with blue gems on her wrists, new large gold Belt of Elemental Bravery with a gold phoenix head with blue gems for eyes and a large fire-colored gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and Eater of Sins revolver holstered on her left hip. There's a red kanji below the phoenix that said, "Lily, Famous Teen Actress of Japan, Best Friend of Mitsuki and Many, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Fire and Phoenixes"

リリー、日本の有名な十代の女優、ミツキと多くの親友、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、驚くべき強力な教師の驚くべき強力な学生、そして火のマスターとフェニックス

Lily has transformed into SUPER ANGEL ETERNITY INFINITY JAPANESE PHOENIX FIRESTORM ANGEL OF FIRESTORM JUSTICE AND DIVINE PHOENIX LOVE!

We were amazed by Lily's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Knucklemaster saw it, the giant fist flew into a rage and tried to kill her by crushing her, but she dodged it, and she fired a powerful blast of blue energy with flames and phoenixes at Knucklemaster, and it exploded with incredible power, knocking it into a wall.

Mitsuki: Incredible, Lily's transformed and Knucklemaster's done for.

Lincoln: Wow, Lily, you look beautiful. How do you feel?

Lily (Kappa Mikey): (Divine Echoing Cosmic Voice of The Sapphire Blue Firestorm Phoenix and Fiery Divine Love) I feel incredible, Linky. Now, shall we deal with that giant, overgrown fist, once and for all?

Lincoln: (Smiles) With pleasure, Lily.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Lily.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Let's get that giant one-eyed fist.

Lily (Kappa Mikey) and Lincoln went after Knucklemaster, who continued trying to crush them, but they dodged the attacks, and they fired powerful blasts of rainbow energy, blue energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, and Angels at Knucklemaster, and they exploded with incredible power as the blasts hit the giant one-eyed fist. Then, Lincoln and Lily (Kappa Mikey) fired black energy blasts of The Black Gates and they hit Knucklemaster, and it's spirit was erased from existence by The Black Gates forever. We cheered wildly for what Lily (Kappa Mikey) and Lincoln did as they holster their weapons and power down, and Lily (Kappa Mikey)'s new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Lily (Kappa Mikey): That'll teach that giant one-eyed fist. Thank you for helping me take down Knucklemaster, Linky.

Lincoln: (Smiles Warmly) You're welcome, Lily.

Suddenly, Lily (Kappa Mikey) wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down Lily (Kappa Mikey)'s face, they kissed passionately as Lily (Kappa Mikey)'s left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand was on Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and flames raging around them and we cheered for them, and they absorbed the flames and it made them stronger than ever.

Nico: And that makes another enemy of Hyrule put down for good.

Mikey Simon: That was so awesome.

Mitsuki: And I'm so glad Lily and Lincoln are both together.

Mikey Simon: Same with us, Mitsuki. Say, Nico, can we…?

Nico: Say no more, Mikey, you guys are in. Welcome to the team.

We cheered wildly as we return home and Mikey Simon and Mitsuki are now new members of the team, and we got rid of another enemy of Hyrule.

Later it was time for Flora's 3rd Ambassador Mission.

William: Anyone else want to go with Flora? Besides Right, Man Boy, and 4 Rabbids.

Earth: I'll go.

Lincoln: And I will as well.

Android 18: Me, 17 and 21 can go too.

Lincoln: I'll do it. This will be awesome.

Me: Awesome Lincoln.

Yua: That's a great team idea.

Me: It sure is. We're not going to let Arc get away with everything it did. I made this for when we face it on the big day.

I pulled out a flash drive.

Aruto: What's in the flash drive?

Me: It's a computer virus. Programmed to destroy the entirety of Arc and its malevolent influence and programming. I call it Program ARC REAPER.

Lisa Loud: It's Nicole's own personal creation.

Nico: Yep.

Aruto: That's clever inventing something like that.

Me: Yep. All I do is insert it into his CPU and press this button here.

Nico: That is gonna be good.

Me: Yep.

A Rabbid tried a Progrise Key.

Progrise Key: Silly Rabbid. A funny bunny creature who cares about his friends so much.

We laughed.

Me: That is funny.

Rayman: Now now little guy. Don't mess with that.

Me: See? Rabbids are not that bright but they are funny.

Yua: They sure are.

Earth: But we think they are cool.

Zocks: And it's really awesome being part of the team.

Me: Yep. Our Mascots, Will and some of us love dancing to Zocks when he sings. It's awesome.

Aruto: Cool. We'll have to see that in action.

Kaito got an awesome Core Medal Sword and Zocks got Ryusei's Planet Astroswitch device!

Nico: YEAH!

Man Boy: Time to show you scrapheaps some manly power!

He flexed his muscles and beard and smashed and pulverized Vicarya Magia all over.

Nico used Captain Cold's Cold gun to freeze Vicarya Magia's feet to the ground.

Aruto: Looks like you need to CHILL out! (laughs) Now that was a work of Aruto!

Nico: (LAUGHS) That was a good one Aruto!

I slashed Dodo Magia.

We laughed at that one!

Nico: YEAH!

Me: That was awesome!

Lisa Loud: Indeed.

---

We later came back.

May: Hey guys. How did it go?

Me: Really awesome and the new Eyecons and Progrise Keys for the Non-Core members of the Masters of Evil all worked perfectly.

Lisa Loud: Indeed. They are a most amazing and astounding success.

Nicole: That's great guys.

Me: Yep.

We told them everything and it was awesome!

May: Next time, Juru should go with you.

Flora: Awesome!

Juru: It'll be an honor to go with you Flora.

Nico: It sure will be awesome.

* * *

Later it was time for Rarity's Baby Shower.

Nico: We're so happy for you Rarity.

Rarity: Oh I am happy too Nico. It's really heavy though.

Me: I know but you'll get through this.

Zero: Thanks for letting me join you guys.

Nico: Anytime Zero. It's awesome that you are from the future too.

Zero: Yeah it sure is.

Laney: You are really awesome and powerful in the future.

Me: Yeah.

Duff Killagan: (Scottish Accent) We're so happy for you lass.

Rarity: Oh thank you Duff.

We had a great time at the shower and we got lots of gifts for Rarity.

Later as Rarity was having a glass of juice she suddenly felt a huge pain and then we saw water pour down her leg!

Nico: Oh no!

Jab: Oh, fuck! Are you going into labor?!

Rarity: It's time darlings!

Me: Oh boy! Everyone lets get her to the hospital!

Nico: Right!

Me: Lets get her there everyone! Lets go go go go go!

We picked up Rarity and got her to the hospital delivery room!

Lincoln and Rarity went into the Delivery Room and Sweetie Belle went in there too.

We waited.

I was playing Go Fish with Nico.

Me: Got any 8's?

Nico: Nope. Go fish.

Me: Tartarsauce.

I drew a card.

Nico: I'm really excited for Rarity.

Me: Me too Nico. Me too.

Juru: I'm excited for my sister.

Me: Boy we all are Juru. And she just got pregnant shortly after our big mission with you guys.

Rampage: It wasn't that long when FLUTTERSHY gave birth.

Nico: I know.

Fluttershy: Yeah but we're really happy for her.

Rarity: (Screaming) YOU DID THIS TO ME LINCOLN! I WILL MAKE SURE YOU NEVER GET ME PREGNANT AGAIN WHEN I TEAR YOUR HEART OUT AND EAT IT!

Nico gulped.

Me: It's all right guys. That's just the labor pains talking.

Slug: Them bad guys get hearts eaten by us anyway.

Me: Yeah.

In the Delivery Room, Lady Tsunade finished delivering Rarity's babies. And they were crying as Lady Tsunade came out with 4 awesome baby girls.

Lady Tsunade: Rarity you have 4 adorable baby girls.

They were 4 girls and they each had Rarity's blue eyes and 4 different colors of hair. They had crystal hair.

Rarity: (Tired and weak) Oh my babies.

Sweetie Belle: Oh sis they are so adorable.

Lincoln held one and Rarity held two and Sweetie Belle held the last one.

Lady Tsunade: Oh they are so adorable Rarity. What are you going to name them?

Rarity: The one with red hair will be Ruby Flame.

Lincoln: I like that one. The one with yellow hair is Citrine Storm.

Rarity: The one with pink hair is going to be Kunzite Lotus.

Sweetie Belle: That is so beautiful.

Rarity: And the one with green hair is Dioptase Grass.

Sweetie Belle: Those are beautiful names.

Lady Tsunade: And they fit perfectly with them. Crystals and Nature.

Later they came out and Rarity was in a wheelchair and Lincoln, Sweetie Belle and Rarity had her four babies.

Me: Oh Rarity, they are so adorable.

Rarity: Oh they sure are darlings.

Sonata Dusk: I'm happy for you, Rarity.

Nico: We all are.

Duff Killigan: Aye we sure are lass.

Rarity: Oh thank you darlings.

Nico: Are you going to be all right on our mission today?

Rarity: I am.

Me: Just in case…

I gave Rarity a Senzu Bean and she ate it and was fully recovered.

Rarity: Oh wow! That is so much better.

Nico: Now lets get ready for the next mission.

Me: I just got word that there is a massive spike of gamma radiation going on in New Mexico and something is telling me that our old friend Von Romme is back and is up to no good.

Camie: Oh boy. Who is Von Ramme?

Me: A corrupt businessman. He is really a manufacturer of Uranium Ore and his business is to sell Uranium Ore to terrorists so they can build nuclear warheads to blow up major cities.

We all gasped!

Nico: Oh man. Not good.

Eli: We got to stop him and fast.

Me: Yep and what he is doing is treason.

I went over his history.

---

Von Romme was using a bio-dome, located near Grandpa Doug's ranch, as a front for uranium mining. He sold the uranium to terrorists for making nuclear weapons.

A radiation leak broke out into the river, killing some Native Americans and some of Grandpa Doug's cattle. This caused Doug to be suspicious of von Romme. Eventually one of Doug's employees, Phillipe, discovered von Romme's illegal operation, and von Romme had Phillipe killed.

Grandpa Doug, along with his grandson Jonny Quest and Hadji Singh, infiltrate von Romme's base. After they defeat several of von Romme's guards, von Romme himself pursues them in a hovercraft, but crashes, causing himself to land in a large store of uranium ore. He quickly dies from extreme radiation poisoning.

---

When I was done everyone was shocked.

Nico: Oh man. And we faced him several times. This guy is really starting to make me mad.

Varie: Me too.

We later went back to the estate and we were getting ready and Trixie Lulamoon agreed to watch Rarity's babies for her.

Then Vulture, Tchang Zu, Heat Wave, Ranamon, Lythos, Captain Cold, Man Ray, Major Disaster, Cluemaster, and Cantwell appeared.

Vulture: Can me, Tchang Zu, Heat Wave, Ranamon, Lythos, Captain Cold, Man Ray, Major Disaster, Cluemaster, and Cantwell go with you guys?

Nico: Yes you all sure can. Our target this time is Von Ramme. We're going to New Mexico and stop his operation.

Thrust: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to do one for Argit's kind next.

Kevin Levin: Wow I had a feeling you were going to do one for Argit.

Shanan: That will be cool to see. Argit is what's called a Rattusian. They are scavengers that go after technology to sell to the highest bidder.

Nico: Wow. But this will be awesome to meet one like that.

Me: Yeah it will.

Eli: But we are not going to let Von Romme do as he pleases anymore.

Me: No we aren't. What he is doing is pure evil. Also if anyone is caught spying on him and his operation, he will kill anyone that does so to keep it quiet.

Eli: This guy is pure evil.

Me: Yep.

Laney: We aren't going to let him get away with it.

Lola: No we won't.

Man Ray: (scoffs) Obviously, he hasn't met us yet.

Me: No he hasn't but we fought him many times before.

Nico: Yep.

Me: We're going to make sure he never does this again. We're going to arrest him and his men and this time sentence them to death.

Nico: Good. We'll give them the Black Gates.

Me: Yep. We'll make sure they don't come back at all.

Shred Naught: To prove a point, we'll spy on his operation and come back alive.

Me: That's what we're planning to do.

Nico: Okay lets go.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Nelson Everett, the Sargent-At-Arms of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us?

Lincoln: That's right, Nico, and it's Nelson Everett, the Sargent-At-Arms of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us.

Sonnya Rexxington: So, Nelson Everett's on his way here, huh? And like the other Blood Dragons, they're already pissed off big time after Lincoln put that energy field to keep those thugs out, and just like with Gary Reeve, Morgan Wesley, and Riley Cooper, Nelson Everett will also have a vial of Professor Milo's werewolf serum with him.

Lincoln: And he's going to transform into a werewolf when he drinks it (Smirks) But, so am I and I've also got my secret weapon with me.

Lincoln's fingernails grew into claws laced with silver moonlight energy.

Nico: (Smirks) That's right, he's going to be in for a rough time with Lincoln The Nocturnal.

Me: You said it.

Nico: Sheesh, those thugs just don't know when they've had enough, but we also live to kick the asses of lowlife thugs and criminals.

Lincoln: That's right, Nico.

Nico: Alright, gang, let's go teach that creep, Von Romme, a lesson and end his entire operation once and for all.

Lincoln: And when he and his men get sentenced to death, we better make it excruciatingly painful for them.

Nico: Hmm, excruciatingly painful? Now, you're talking, big guy.

We were off to New Mexico.

## LAS CRUCES, NEW MEXICO

We arrived in Las Cruces, New Mexico.

Nico: This it?

Me: Yep.

Nico: Okay since J.D. knows this guy better than anyone else he will lead.

Me: Okay. Lets hide up on those cliffs.

We hid on top of the cliffs out of sight and watched the dome that Von Romme was using as a front. Lincoln scouted the area around us to make sure no hidden security cameras were used.

Tchang Zu: And I thought the Malacoda were bad.

Me: No kidding Tchang Zu. Okay first we're going to do some reconnaissance work and get a view of the area and the operation and then we're going to measure the Gamma Radiation levels from the operation. When we gather enough evidence and photos, I'll call the FBI and we're do the Entrance.

Nico: Sounds like a plan.

Me: Remember guys, this jerk is not someone to take lightly. He is pure evil.

Nico: Understood.

Me: Okay.

Lisa got out her mosquito spy camera and she activated it and sent it to the bio-dome.

Fisticuffs: I'm just glad Rarity gave birth in time.

Rarity: I am too.

Nico: Your babies are so cute Rarity.

Lincoln: They sure are.

Me: We're in.

We saw that the dome looked like an ordinary greenhouse.

Me: Wow nice dome.

Laney: Looks like a beautiful greenhouse.

Me: Too bad it's all a front.

Lana: Yeah.

The mosquito saw an elevator come up and then two guards went into it and the mosquito flew into the elevator and it was going down.

Cantwell: Can you guys explain how you know this asshole? Because ever since the Masters of Evil formed, we haven't encountered him yet.

Me: It's because I was trying to gather evidence on him. So I can book him for his crimes.

Nico: But he has made that task really difficult as his bio-dome base was so heavily fortified.

Me: I had his entire company under surveillance for a long time. Everyone thought he was a pharmaceutical company out here. But it's actually a front for the true operation. He wants to produce uranium and sell it to terrorists to make nuclear weapons.

Cantwell: This guy is bad news.

Me: Yep.

The elevator stopped and it opened and the mosquito camera flew out into a huge chamber with a massive uranium processing plant in it.

Nico: That must be the sight of operations.

Me: Yep.

The geiger counter from the camera was clicking like mad.

Me: Gamma radiation. 670 microrads.

Nico: Powerful.

We had the camera fly around.

Android 21: My scans indicate lots of nukes in the area.

Levi Loud: Not just nukes.

Me: Wait I'm picking up an audio feed.

In a uranium maker was a bunch of men talking.

Man 1: Shipment of processed ore is nearly ready.

Man 2: Well that's the first good news I've heard all day.

Man 1: Von Romme's international customers will have enough high grade uranium to build whatever weapons they want.

Man 2: Heh. Look as long as they don't nuke my bank they can use the stuff to build playgrounds.

Me: Knowing how terrorists think they will use it to destroy everything. Lets see what else is there.

I had the camera fly around.

Captain Cold: Think my cold gun can freeze the nukes?

Qin: It just might.

Nico: We got to dispose of these nukes.

I looked around and in Von Romme's office I had the camera scan the files in it and then I came across one that was absolute SHOCKING!

Me: (GASP) OH DEAR GOD!

Nico: What is it!?

Me: It's worse than I thought everyone. Von Romme is sending all that Uranium Ore to build an Antimatter Nuke. It's for a terrorist organization in Pakistan and they are going to build a rocket called The Extinctor.

We gasped.

Camie: What is that?

Me: It's a huge rocket that is about the size of an entire state and it's going to be equipped with a massive nuclear and antimatter core to use on the world to destroy America. They will blow the entire country to kingdom come. But not only that the entire planet will have disastrous ramifications from a terrible weapon. They will launch this massive weapon at the U.S which which will strike the nation with the force of 950 trillion megatons, and causing nothing more than an extinction level event. It will be so powerful that it will actually caused a catastrophic rise in seismic activity. A large global quake of about magnitude 20.0 will break the entire continent into pieces, causing massive volcanic eruptions to occur on several different landmarks, and also created a large radioactive dust cloud which will blocked out the sun for almost ten years. Once the damage has been done, The Earth will be nothing but a shell of its former self!

We all were shocked and horrified! VON ROMME WAS GOING TO PROVIDE THE TERRORISTS WITH ENOUGH URANIUM TO BUILD A WEAPON THAT WILL DESTROY THE EARTH! IT WILL BE THE END OF THE WORLD AS WE KNOW IT!

Plant Man: We have to get rid of that Uranium Ore!

Me: And fast! Von Romme must be stopped!

Nico: Yeah. Is that enough evidence?

Me: Plenty.

Heat Wave: Taranee, that Eco stuff you got yesterday's probably gonna come in handy now.

Taranee: I agree.

I just finished my cell call to the FBI and the CIA.

Me: Okay the FBI and CIA are on their way. Lets go!

Nico: Right!

We flew to the dome.

Von Romme: This world will soon end.

But then the spirits of the Sky, Land and Sea Masters of the Elements appeared and then they swirled around and then converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above them and fireballs rained down on the entire place and blasted a bunch of barrels and equipment into fiery explosions!

KRABBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOOOOOMMMMMMMM!

Everything was going up into flames! Then a phoenix cry was heard and we came out and landed!

Me: Von Romme, you will not destroy the planet on our watch!

Nico: Yeah!

Von Romme: Kill them!

Barricade: Frenzy, take some of them out.

Live Action Frenzy: (chuckles sadistically) With pleasure!

He blasted the guards all over the place.

POW!

I punched Von Romme in the face!

Me: You don't have any idea what you're doing Von Romme. That rocket you're having Pakistan build!? It'll be the end of the world!

Von Romme: Good everyone will die!

Major Disaster: If anyone wants to use some Eyecons, now's a good time!

Tyler Navarro: And I got one.

Tyler activated his Eyecon.

GODZILLA 1954 AND MAJOR DISASTER!

Tyler fired a powerful blast of atomic energy and it hit a bunch of barrels and blew them apart and turned much of the area into a wall of intense flames!

Nico: YEAH!

Von Romme went at me and I blocked his punch and kicked him in the stomach. His guards came at us and I fired waves of lightning and electrocuted them all over.

Taranee fired Blue Eco blasts and they hit a bunch of Guards and blasted them all over.

She then fired waves of fire and incinerated them.

RD Lynn: (to her Prime counterpart) You should use your own Eyecon as well!

Lynn: You got it!

Lynn activated her Eyecon!

SUN TZU AND SHIV!

She formed a blade storm of lava and energy and sent the swords and skewered numerous guards and killed them!

Nico: Cool! Sun Tzu was the greatest military philosopher of all.

Me: And the writer of The Art of War.

Ranamon: Draining Rain!

She fired a wave of rain and sucked the life out of numerous guards and killed them.

Lola: Take this!

Lola fired waves of fire and incinerated the guards all over.

Stacy Bolton: Try this on!

She activated her Eyecon!

IVAN THE TERRIBLE AND RANAMON!

She fired a massive wave of water and it formed into the army of Ivan the Terrible and destroyed numerous guards!

RD Lori: (to her Prime counterpart) You should literally join in the Eyecon action as well!

Lori: Oh I literally plan to!

She activated her Eyecon!

TED FUJITA AND LEONARD!

She fired a massive tornado and it spun the guards around all over.

Me: The inventor of the Fujita Scale for Tornadoes. Nice one!

Nico: And Stacy used the power of the first Tsar of Russia, Ivan IV Vasilyevich. Awesome.

Cluemaster: There should be a control panel for the rocket. After the usual battles are done, we should aim for that!

Me: Wait I read the plans. There is none yet. Also my scans show that the rocket hasn't been constructed yet.

Nico: That's a relief.

Cluemaster: Yes it is. But we better get those plans to the President just to be safe.

Me: Agreed.

Eli: I'll get those plans.

Me: Okay!

Eli went to get them.

Von Romme: Kill that kid!

POW!

Nico punched him.

Nico: Don't you dare touch him cueball!

Then Firepower, KGBeast, Absorbing Man, Yenaldoshi, Juggernaut, Comic Book Guy, Mojo Jojo, Turtle, Stonedozer, and Whirlin appeared.

Nico: Firepower, KGBeast, Absorbing Man, Yenaldoshi, Juggernaut, Comic Book Guy, Mojo Jojo, Turtle, Stonedozer, and Whirlin.

Nicole: Oh and Kuroto Dan will join this group for today.

Kuroto Dan: I'm honored Nicole.

Firepower: The FBI's on their way right now.

Me: We know. I already called them 20 minutes ago.

Maria: They can have what's left of the assholes.

KGBEast: (Russian Accent) Exactly my thinking, comrades.

Absorbing Man: No one tries to kill the Earth!

Nico: Absolutely!

Yenaldoshi: (to Nico) We heard you fought Marceline's ex boyfriend.

Me: Yep we sure did.

Juggernaut: He'll be a good addition to our ranks.

Me: Just as long as he doesn't try anything funny.

?: You got that right.

Then a figure came out and it was NOON WORLD from episode 10 of Zenkaigers!

---

Noon World is a minor antagonist in Kikai Sentai Zenkaiger, appearing as one of the two main antagonists (the other being Great Noon World) of Episode 10. Noon World is a Noon-themed World and an agent of Tojitendo created from the Noon Tojiru Gear that contains Mahirutopia. After his death, his Tojiru Gear lasted another life by reforming a Kudaitest into Great Noon World.

He was voiced by Atsushi Tamaru, who also voiced Great Noon World.

Biography

The Noon World made his first appearance on top of a building and he was about use this ability, until he was shot down by the pirate crew as they spotted him on the said building. After Zox transformed into Twokaiser, the battle begins as he fights the Noon World. During the fight he summons a bunch of Kudakks to hold off Twokaiser as he makes a getaway, but since the Zenkaigers showed up, Zox let them handle it while he goes after the Noon World, prompting Kaito and Juran to follow him.

After the intro, the Noon World was far away from the fight and hoped he'd lost the pirate, but he was proven wrong as Zox manages to catch up to him. As he ran for his life with Zox shooting from behind, he spots a couple and uses them as hostages in order to stop Zox in his tracks, but that plan backfired as Kaito and Juran manages to save the civilians. After that, the Noon World has left the scene, and if they don't defeat him anytime soon everyone won't be getting any sleep.

Thankfully, Zox manages to find the Noon World as he was hiding out in a sewer tunnel. The annoyed Noon World asked how was Zox not that tired, only for him to note his alien status. After this, Noon World was sent flying out of the tunnels and right into the populace as a bunch of civilians got caught in the skirmish. During the fight, the Noon World used his Mahirupe and opens fire at Twokaiser, but he redirects the attack towards a building where the civilians are in front of, and then the Noon World was sent flying towards the building as a chunk of it was about to crush the civilians.

Thankfully, the Zenkaigers manage to save them in the nick of time despite how tired they were. After that Zox goes to his Shinken form as the Noon World summons even more Kudakks to hold off the pirate-like samurai, but they were wiped out. Zox then advances into his Ohren form, but the Noon World tries to stop him from dancing, losing his arsenal in the process and failing to block his attack with a car door. After that, the Noon World was then destroyed by the Twokaiser: Superpower Star Knuckle technique, causing time to go back to normal.

---

Kaito: Noon world!

Noon World: Been a while guys.

Me: Boy I remember you! You were going to turn the world into a permanent noon world!

Noon World: That's right J.D. Good memory.

Nico: So, it's morning right now thanks to you?

Noon World: Yep. Even if Von Romme does succeed in his plans, you've still got 3 more suns.

Me: You mean 3 more Earths.

Noon World: Right sorry.

We got the usual battles underway.

Yenaldoshi: (To Kaiba) I heard you guys met Fortune Lady Gene-Slammers. What are their names?

Seto Kaiba: They are the Parker Sisters. Their names are Camila, Maya, Stella, Hazel, Aurora, Natalie, Victoria and Naomi.

Mokuba: They are all Fortune Lady Gene-Slammers. So awesome.

Noriko Kaiba: They are really cool and they stood up all to the full extent of the worst of the mean Loud Sisters.

---

Camila Parker: Whoa, we were right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Hazel Parker: That's so awesome that he's gotten that big and really strong in those six years since we last saw him.

Aurora Parker: You said it.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, girls, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Maya Parker: That's both amazing and incredible.

Nico: It sure is. So, Camila, what are these horrifying revelations about Lori, Lynn, Lola, Lisa, and Luan that were so bad that it almost got them disowned and kicked out of The Loud House forever?

Aurora Parker: You're not going to like it, Nico. We were with Lincoln and we were helping him with a project for science class in his room, but we soon heard something coming from the room of Lori, and we knew from the other past incidents that Lincoln told us, it meant that cellphone-obsessed, cold-hearted control freak was up to something, we peeked in the keyhole and we also saw that sports-crazy superstitious sore-loser Lynn, that pink-wearing, blackmailing pageant demon Lola, that evil, science-crazed, cold, unfeeling little so-called prodigy Lisa, and that prank-crazy prankster Luan were in there with her, and we heard that they were planning on getting rid of Lincoln and this time for good, and all their attempts to ruin his good name have been foiled numerous times, and now, they were out for blood and they swore they were going to kill him and everyone who's been on his side and it also included Leni, Luna, Lucy, Laney, Lily, Lana, Mr. and Mrs. Loud, Lincoln's Pop-Pop, Clyde and his parents, The Santiagos and the Casagrandes, Rusty, Liam, Zack, Stella, Ronnie Anne, Girl Jordan, Mollie, Miguel, Fiona, Dana, Whitney, Leni's friends, Mandee and Becky, Paige, and so on, and it really horrified us, and we weren't the only ones, when Lincoln heard it, he had a panic attack and he was about to burst into tears and really cry, and it really angered us badly.

Camila Parker: Yep, so I busted the door down with a strong kick, and we went in and we beat down and blasted Lori, Lynn, Lola, Lisa, and Luan and we tied them up.

Hazel Parker: Then, Leni, Luna, Laney, Lucy, Lana, Lily, and Mr. and Mrs. Loud came up and we told them of what Lori, Lynn, Lola, Lisa, and Luan were up to.

Stella Parker: Lori, Lynn, Lola, Lisa, and Luan tried to lie, but I threatened if they didn't shut their big yaps, I'd burn their hair and eyebrows off.

Naomi Parker: And I showed them of what those five mean demons were up to, and it really horrified them.

Victoria Parker: And when they saw Lincoln having a panic attack and was about to burst into tears and really cry, it really angered them to the point they were about to disown all five of them flat out and kick them out of The Loud House forever.

Hazel Parker: But, we decided on a better punishment: we'd have them spend a week in jail for their attempted murder spree, and it really horrified them, and they were so mad, they swore they were going to kill us next, along with Lincoln and everyone he's been in contact with.

Maya Parker: But, I told Lori, Lynn, Lola, Lisa, and Luan to shut their yaps and that they're nothing but a bunch of heartless, two-faced harpies who don't even give a damn about anyone except for themselves, luckily, Lily's ears were covered since I cursed the mean sisters out badly.

Victoria Parker: And it was decided: we'd have Lori, Lynn, Lola, Lisa, and Luan spend a week in jail for their attempted murder spree. Then, we went over to Lincoln and we hugged him and he hugged us back, and he was really crying. But, we continued to hug him and we didn't let go.

We really had tears in our eyes after what the Parker Sisters told us.

Nico: You girls really are that brave to save Lincoln and all those he holds dear to his heart from the wrath of Lori, Lynn, Lola, Lisa, and Luan.

Me: That's the bravery and justice that so many of Lincoln's Guardian Angels displayed against the wrath of Lori, Lynn, Lola, Lisa, and Luan.

Eli: And Lincoln, I didn't know that…

Lincoln: I know, Eli. I had a fear that everyone wouldn't believe me and they'd turn against me, and I'd have no one left to be at my side, I'd be all alone and it would leave me with a wounded heart and I would want nothing more than to make everyone pay for my suffering.

Nico: (GROWLS) Dark Lori, Dark Lola, Dark Lynn, Dark Lisa, and Dark Luan, those five dark monsters are really starting to make me sick.

Lincoln: Though Dark Lori, Dark Lola, Dark Lisa, and Dark Luan are imprisoned, along with the other Dark Louds, Dark Lynn is still running loose, and I swear if I see her, it's payback time for all of the crap that she's done and putting my life and the lives of my family and friends through Hell! (Fires of Justice raging in his eyes)

We saw the rainbow-colored fires of justice really raging in his deep sapphire eyes, and we saw the determination he had in them, the goal to make Dark Lynn pay for everything she's done.

Nico: (Stunned with Awe) Whoa.

Me: They always say if you see the fires of justice raging in someone's eyes, you can really tell that person's really serious. Alright, Lincoln, if Dark Lynn shows up on the ambassador missions, she's all yours, along with the rest of your sisters.

Nico: And I only have this to say to you and your sisters, Linc: make that superstition-obsessed, smelly, bad-mannered, stubborn bitch squeal like the pig she is, and I won't be surprised if you break her arms and legs, rip that eyesore of a ponytail off her head, and smash her teeth out of her mouth.

Lincoln: (Smirks) You got it, Nico.

FLASHBACK ENDS

Yenaldooshi: My goodness! That is terrible! But to spend a week in prison like that!? That sounds like Overkill!

Princess Luna: Yeah it sure was. But we got the okay to smash Dark Lynn's face in.

Moondust: Yeah no kidding. She had it coming.

Snowdrop: Those dark sides of the Loud Girls are all nothing but pure evil incarnate.

Gari: They need to be destroyed forever.

Blackout: I agree there!

Yenaldooshi: Same here. Lets do it!

They fired waves of light and darkness and smashed him down.

Jaune Arc: You're not kidding there! It's a massive Antimatter and Uranium powered rocket that packs more than enough power to destroy the entire planet.

Twilight Sparkle: Yeah that kind of rocket is a weapon of genocide and annihilation!

Starshine Sparkle: Yeah they will never use that rocket! Not if we have anything to say about it.

Sonnya Rexxington: I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne. You can come out now, Nelson Everett.

A 24 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder came out, it was Nelson Everett, the Sargent-At-Arms of The Blood Dragons.

Sonnya Rexxington: I should've known Bryan Greyson would send you to kill us, Nelson Everett.

Nelson Everett: I'll wipe that smug look off your face by killing you and everyone you love.

Sonnya Rexxington: Still the same lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Sonnya Rexxington's blue eyes turned neon blue, and she was surrounded by a blue energy aura, water, psychic energy, and The Temperance, she unholsters her massive Arcana Force XIV - Temperance and Sword of The Arcana swords from her back, and as she approached Nelson Everett, she left blue energy, water psychic energy, and Arcana Force XIV - Temperance with every step.

Sonnya Rexxington: You've gotten away with one crime too many throughout the years since Bryan Greyson formed The Blood Dragons, Nelson Everett, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Sonnya Rexxington was surrounded by a massive vortex of blue energy with water and psychic energy surrounding it, there's Arcana Force XIV - Temperance flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Sonnya Rexxington emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sonnya Rexxington grew from 6'5" to 6'11" in height, she has the body of a goddess, she has blue highlights in the bangs of her long flowing dark blue hair, she has neon blue eyes and a blue energy aura with water, psychic energy, and Arcana Force XIV- Temperance surrounding her, she has Arcana Force XIV - Temperance and with the Water Kanji in its hands emblazoned on her forehead, she has on Arcana Force XIV - Temperance earrings with blue gems for eyes and holding the Water and Eternity Kanjis in its hands, she also has the Arcana Force XIV - Temperance with blue gems for the eyes and the Water and Eternity Kanjis in its hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with blue crystal links from her merged Crystal Necklace of the Buddha and blue gems on the gold lightning bolts. Sonnya Rexxington has on a short-sleeved dark blue blouse, sleeveless black and blue-striped top, dark blue skirt, dark blue bellbottom pants with blue flowers on it, blue sneakers, and long dark blue sleeveless trenchcoat with ocean waves and psychic energy on the coattails, and on the back is Arcana Force XIV - Temperance surrounded by water. Suddenly, Sonnya Rexxington felt a sharp pain on her back, and then, her massive dark blue angel wings grew much bigger for her new body, and the large dark blue feathers have blue tips and water. Sonnya Rexxington has on a Ring of The Phoenix with dark blue gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Sonnya Rexxington's massive Arcana Force XIV - Temperance and Sword of The Arcana swords began merging together and they were surrounded by a kaleidoscope of dark blue energy, water, and psychic energy, and when it emerged, it's been transformed into Arcana Force XIV - Temperance's Water Arcana Greatsword of Psychic Justice, it's a brand-new greatsword with

Arcana Force XV - Temperance and the 18th Major Arcana card Temperance etched on the 7'0" massive, wide, double-edged dark blue blade, large dark blue angel wings for the crossguard, large dark blue gem embedded in the rainguard, longer black handle, and a large dark blue gem with angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with dark blue gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Arcana Force XIV - Temperance with dark blue gems for eyes and a large dark blue gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on her right hip and Eater of Sins revolver holstered on her left hip. There's a black kanji below Arcana Force XV - The Fiend that said, "Sonnya Rexxington, Gene-Slammer of Arcana Force XIV- Temperance, Very Strong and Powerful Psychic Mindreader and Clairvoyant, Guardian Angel of Lana Loud, Loving Guardian Angel and Future Wife of Lincoln Loud, Destroyer of The Blood Dragons, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Dear Friend of Melanie McPherson, Catherine Hoshi, Jade Hyotonia, Loreena Kellington, Penelope Harrisburg, Yvonne Qinsington, Evelyn Francois, Roxanne Lowinsky, Sophia Starron, Felicia Terrington, and Sylvia Starron, and Master of Water, Psychic Energy, and the Arcana"

Sonnya Rexxington has transformed into SUPER ANGEL ETERNITY INFINITY MAELSTROM ARCANA FORCE XVIII

PSYCHIC ANGEL OF PSYCHIC WATER JUSTICE AND DIVINE CLAIRVOYANT LOVE!

We were amazed by Sonnya Rexxington's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Nelson Everett saw it, the thug got his gun and was about to shoot her, but Sonnya Rexxington fired a powerful blast of dark blue energy with water, psychic energy, and Arcana Force XIV - Temperance, and it hit Nelson Everett and his gun was soaked

Melanie McPherson: (Scottish Accent) Whoa, Sonnya's transformed, that's so awesome!

Nico: You said it, Melanie. This is going to be good.

Me: Same here.

Lincoln: Wow, Sonnya, you look beautiful. How do you feel?

Sonnya Rexxington: (Divine Echoing Cosmic Voice of The Arcana Maelstrom Temperance and Divine Clairvoyant Love) **I feel incredible, Linky. Now, shall we deal with that thug, Nelson Everett, once and for all?**

Lincoln: (Smiles) With pleasure, Sonnya.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Sonnya Rexxington.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that thug away for the rest of his life.**

Sonnya Rexxington and Lincoln went after Nelson Everett, who kept trying to shoot them with his gun, but they grabbed the bullets and they crushed them in their hands, and they fired powerful blasts of rainbow energy, black and red energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, Fiends, and Arcana Energy at Nelson Everett, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Nico: Uh oh, here it comes.

Nelson Everett drank the werewolf serum, and we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **So, he wants to play it like that, huh? Okay, then.**

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's rip him to shreds.**

Sonnya Rexxington and Lincoln attacked him with their massive greatswords and left painful scars on him, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on him, and we saw the cure take effect as Nelson Everett changed back to normal. Then, Sonnya and Lincoln fired a blast of magic and it hit Nelson Everett, and put him into a special card prison where he'll be locked up until trial, and into a box that Melanie McPherson made, where she put Morgan Wesley, Gary Reese, and Riley Cooper into. We cheered wildly for what Sonnya Rexxington and

Lincoln did as they holster their massive greatswords on their backs and powered down and Lincoln changed back, and Sonnya Rexxington's new body, clothes, weapons, jewelry, and massive dark blue angel wings are permanent.

Sonnya Rexxington: That's another Blood Dragon down and eight to go. Thanks for helping me take down Nelson Everett, Linky.

Lincoln: (Smiles Warmly) You're welcome, Sonnya.

Suddenly, Sonnya Rexxington wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down Sonnya Rexxington's face, they kissed passionately as Sonnya Rexxington's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force XIV - Temperance flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and ocean waves crashed behind them and we cheered for them.

Geronimo Stilton: This was truly an exciting day today. First, on Nico's rescue, they took down Marceline's crazy and controlling ex-boyfriend, Ash, and gave him The Black Gates, and Nico was reunited with Amaterasu and Tsukuyomi Marrins, and later on, Lincoln and his group went to the world of Warhammer, and they destroyed the Greenskins tribes in the Badlands, and he was reunited with The Parker Sisters, who were Gene-Slammed into The Fortune Ladies and they're eight of his many Guardian Angels from Michigan, and later on, not only did we destroy Von Romme's operation and get him sentenced to death, but Sonnya Rexxington and Lincoln took down Nelson Everett of The Blood Dragons. But, the battle against The Blood Dragons is still going on and the adventures are just beginning, reporting for The Rodents' Gazette from Gotham Royal York, I'm Geronimo Stilton, goodbye.

Nico: That was one awesome fight you and Sonnya Rexxington waged against Nelson Everett, Linc, and you guys put him in his place.

Lincoln: Thanks, Nico, but we're not done yet, there's still eight more Blood Dragons to go, and then, we'll bring them to trial, and they'll be looking at spending the rest of their lives in The Uranus Prison.

Nico: You already decided on which space prison to send them to?

Melanie McPherson: (Scottish Accent) That's right, and Lincoln's also going to have them wrapped in rainbow energy straitjackets and rainbow energy chains, and then, put in Maximum Security Solitary Confinement and in separate prison cells.

Lincoln: That way, they won't try to plot another escape, like in the federal prisons they were thrown into.

Nico: That's right, you told us that they've escaped from federal prisons before.

Me: Yep, and that's proof they're professional criminals, and they know the federal prisons all too well. But, our space prisons aren't like the federal or state prisons here.

Nico: (Snickers) Then, they're going to have a bad time trying to break out of our space prisons.

Comic Book Guy: Best. Fight. Ever!

Mojo: Of course it was!

Turtle: We should probably get rid of the Uranium Ore.

Stonedozer: If that rocket was built, it would've started World War III.

Whirlin: There would've been no World War III. The world would've ended immediately.

Nico: Yes it would.

Me: Lets get these douchebags over to the feds.

We picked them all up and then brought them out. The Feds all arrested them and loaded them into transport vans.

Agent Waco: Nice job everyone. This uranium ore will be disposed of properly and we got more than enough evidence from you guys. That Extinctor Rocket would be a dangerous one. But we'll make sure it doesn't get used ever.

Lola: Good.

Me: Yeah. We better inform the president and the world leaders about this about what Von Romme was up too.

Nico: Yep.

Jonny Quest: Yeah. (To the Viewers) Now this was one way to end a madman's monstrous quest to destroy Von Romme.

Nico: Yeah it was. Great job today everyone.

We went to the President of the United States and told him everything and how the terrorists were being supplied and more and he was shocked. We called the world leaders to the United Nations and we told them everything that happened and what we found out about Von Romme's world destroying plans. Von Romme and his men were later brought to federal court for their crimes against the world and they were all found guilty of treason, murder and many crimes. They were all convicted of all their crimes and sentenced to death. They were to be executed by firing squad. Also Pakistan found the base of the terrorists with our help and we destroyed the rocket and arrested the terrorists and they too were sentenced to death. We had them all executed and they were all buried in unmarked graves and their spirits were given the black gates. We enjoyed the rest of the day and went to sleep. It was a really great adventure.

THE END

---

Another awesome fanfiction done.

Part 2 of the saga done.

The episode of Jonny Quest called Nuclear Netherworld was an awesome and epic episode! I loved how Jonny and Hadji are with Jonny's grandpa and he stopped Von Romme. That was awful what they were doing! The rocket was based on the Extinctor rocket from the fanfiction Relics of The Past and that was a great story! The episode of Jonny Quest called Nuclear Netherworld aired on December 26th, 1996 and it was great! The first part was for where we faced Marceline"s ex-boyfriend Ash and he was crazy. He was from the episode of Adventure Time called Memory of A Memory and that one aired on July 25th, 2011 and it was awesome. The second part was for where we went to the world of Warhammer 40,000 and my friend Hunter got me into knowing all about that game. It was awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, kolbdog323, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, EtstheClarenceandTLHfan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. For Nico's next rescue tomorrow, it's pervert pulverizing time as Nico, Gwen Tennyson, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily are going to an awesome planet made of MANY DIFFERENT KINDS OF CHEESES! We're going to see a planet where it is made of many different cheeses like Cheddar, Swiss, Blue, many kinds of cheeses and the landscapes are ALL made of different cheeses! And we're going to the Blue Cheese Mountains and find out that Blue Cheese is worth more than it's weight in diamonds. It's gonna be so awesome. We're going to also meet a gene-slammer for Argit's kind named Layla Ratigan. Layla Ratigan is Nico's friend from cooking classes and she is the one that taught Nico how to make cheese. She is awesome when it comes to making Nico's awesome favorite cheeses. Also we're going to face a cheese villain named ROTTEN CHEESE! And he is a villain I made up and he smells like puke! For Lincoln's rescue tomorrow, Lincoln and his group are heading to Wildfire, a plane of flame and lava in the world of Magic the Gathering, and Lincoln and his group are going to face RTN Hinata, who's returned from the dead, and she wants revenge on us for what we did to Menma yesterday, and she's going to get thrown into the Masters of Evil Prison. And they're going to meet a Hot Red Dragon Archfiend King Calamity Gene-Slammer named Leona Bānāasurīto, (Bānāasurīto means Burner Athlete in Japanese), who's Lincoln's classmate in P.E. and Guardian Angel from Japan, and she also helped Lincoln defend himself by teaching him Kung Fu and Tae Kwan do. She also took on even Lynn at every sport and won, and she doesn't take kindly at all to bullies especially Lynn when she used to bully Lincoln. In fact, when she was done with them, their teeth got smashed, especially Lynn, so it took the dentist quite a bit of time to fix them. She and Lincoln made birdhouses together for rare exotic birds, and she hates Chandler with a passion, when she found out that Chandler and his goons were bullying Lincoln, she beat the crap out of them and when she was done with them, they were left with broken arms and legs, their teeth were smashed, and to top it off she turned them into human pretzels. The next chapter is gonna be a really crazy one as we get word that Jonny and Dr. Quest's vacation and trip to go fishing with father and son bonding time was turned into a nightmare as they face a madman that is out to turn an entire town into an army of berserkers with mind control chips. They can be turned on and off from happy and pleasant to insane and ferocious! We're going to stop Darcy and Dr. Smallwood. And throw them in prison in a parody of the episode Village of the Doomed!

See you all tomorrow.

# VILLAGE OF THE FURIOUS DOOMED

This chapter is a parody of the Jonny Quest Episode called Village of The Doomed

Me: Yeah those last two worlds were disgusting. Worlds made of liver and onions and Limburger Cheese.

Lana: I liked those planets and they were awesome.

Applejack: Boy they sure were everyone.

Lola: Only for Lana they were.

Gwen Tennyson: But I hope this world will be just as awesome.

Apple Bloom: I have a feeling it will be.

Nico: Thanks for coming with me, Gwen.

Gwen Tennyson: It's not a problem Nico. I'm always up for going on an awesome adventure with you.

Maria: We all are.

Kaoruko: It's so much fun when we all go.

Himiko: It sure is fun.

Nico: Gwen, when you shark out, do you feel your intelligence decreasing?

Gwen Tennyson: Not at all Nico. My mind is still sharper than ever when that happens.

Nico: Oh good. Just concerned that's all.

Me: Yeah.

Laney: Gwen turning into a shark is really cool.

Lana: I'll say!

Nico: And remember when you called yourself Lucky Girl?

Gwen Tennyson: How can I forget. That was so awesome back then.

Me: Wow. Lucky Girl. I like that.

Gwen Tennyson: It was a long time ago. But that was when Hex made his first appearance.

She told us how she got that cool hero name.

The Tennysons are at a witchcraft museum. Ben is looking through a tribal mask, while Gwen and Grandpa Max are with an elderly female tour guide. The guide is describing a book in a display case called the Archamada Book of Spells, said to contain exceedingly strong and powerful ancient spells, rituals, witchcrafts, and incantations, dating back to the sixteenth century. As the guide explains this, Gwen repeats her words perfectly. The guide says that Gwen should work at the museum. After she walks off, Ben makes

Gwen feel better by saying that she's probably older than the book itself and makes a face to illustrate that fact. Gwen laughs at this. All of a sudden, everyone is suddenly lifted off the ground and pinned to the ceiling. Max makes the obvious observation that this isn't part of the tour. From a window, a stream of red smoke passes through and materializes into a man that is wearing a red-and-black-colored robe. He carries a wooden staff with a bird's head and a necklace with dozens of magical and mystical charms on it. As he breaks the bookcase with a verbal spell, the man calls the book to him, saying that all of its immense power will soon be his. With the magician focused on the book, Ben prepares to activate the Omnitrix. Before he can do so, however, the man stops whatever was pinning them to the ceiling, causing them to plummet. Luckily, Ben transforms into XLR8 and gets ahead of everyone. He ties off a large hanging banner to act as the slide, catching everyone before they fall to the ground. He orders them all to go outside. Max warns him to be careful, since he does not know what the man is capable of.

Running off to fight the magician, XLR8 finds that he is quite dangerous. The magician's name is Hex, but this is never mentioned. By speaking a few words, Hex is able to light the banner on fire and have it chase XLR8. He also fires a barrage of red-colored crystals from his staff at XLR8, but neither succeeds in stopping him. When XLR8 tries to face Hex head-on, he's met with a bright light from Hex's staff, causing him to slide by and slam into some cases on the wall. As Hex turns to finish him off, he's hit with a couple of trash cans thrown by Gwen and Max, though they regret doing so in hindsight. He uses his power to throw them across the room. Luckily, XLR8 gets back up and surprises Hex, encircling in a blur of motion and hitting him until he loses consciousness. During the fight, one of charms is knocked away. XLR8 collects it as a souvenir. When Max congratulates XLR8, he says he only did what he needed to do and kept it low-key. He soon does the complete opposite by allowing people to photograph him outside the museum while he calls himself a hero. As they take pictures, Hex is carted off in an ambulance.

In the RV, Gwen is complaining about Ben getting all the attention when she had helped. Ben tries to say that being a hero isn't about getting attention, but Gwen points out his earlier display while in front of the cameras. Max says that he noticed Gwen, but he's family so he doesn't count. Ben points out that throwing a trash can doesn't exactly qualify as hero work, but Gwen says that the Omnitrix is the only thing that makes him a hero and gets him all the cool souvenirs. She'd be the hero if she found it. As a peace offering, Ben gives her the charm he got from Hex. Max hints at Gwen to thank Ben, and she does, but she still calls him just plain lucky.

In the ambulance, an EMT is monitoring Hex. One of his charms suddenly glows bright yellow and he wakes up. He blows out the back of the ambulance and floats off, claiming that his destiny will be fulfilled.

In a restaurant, the trio are eating crawfish. By this time, Gwen has made the charm into a necklace. Down to just one crawfish, Gwen claims that Ben has had more than her. When he tries to take it anyway, she knocks the fork out of his hand, her charm glowing yellow at the same time. The fork hits a waitress in the foot, causing her to toss the glasses on her tray in the air in pain. One of the glasses catches on a chandelier, causing it to spin. The glass is then tossed into the kitchen, disrupting the cook and making him run into a cart with a bowl of live crawfish. The cart then rolls back into the table that Ben and Gwen are sitting at, sending the bowl of crawfish straight onto Ben. Gwen collects the last crawfish and eats it. As Ben tries to get the other crawfish off, one crawls up his nose. Gwen and Max get a good laugh out of this. Gwen also notices her bright yellow glowing charm, which stops glowing just afterward.

At the witchcraft museum, Hex is sorting through all of the books looking for the Archamada Book of Spells. While he does this, the guard is stuck floating in the air. Unable to locate it, he questions the guard. The guard points him to the vault. With little effort, the door is torn from its hinges. Hex then takes the book and tries to absorb its immense powers and abilities into himself, but cannot. He then realizes that one of the charms is missing, stolen by XLR8 during their battle.

At a street market, Gwen and Max are still laughing at Ben's expense. Gwen thanks Ben for the charm again, and then decides to get something for him, so she walks over to a hot dog cart. Before she can get anything, she hears a woman saying that someone stole her purse. The culprit appears quickly, being a street thug with a couple of buddies. Max stops them in their tracks. They aren't intimidated and close in on him. One of them also focuses on Gwen's charm. Ben is behind the hot dog cart and attempts to transform into Diamondhead. Unfortunately, the Omnitrix does not work. Since he can't use it, he pushes Gwen out of the path of the thug. Her charm lights up again. Gwen stumbles back into a juggler on a unicycle. He falls over, sending the unicycle into one of the thugs. The distraction allows Max to grab the one that was after Gwen and get him in a headlock. Getting up, Gwen heads back to help. She steps on a mustard container, spraying mustard in the hot dog vendor's face. He pushes his cart away while grabbing at the mustard, causing it to hit the other thug. One of the thugs attempts to get up, but a flowerpot on a balcony above falls over and lands on him. With the incident over, the woman calls Gwen a hero. She's not quite sure of that at first, just calling herself lucky, but gets an idea when she sees a mask shop.

In the RV, Ben and Max are sleeping. Max is snoring rather loudly, so Ben looks to Gwen, who happens to be missing. She is in a basketball court with the charm active, tossing a basketball at the hoop behind her without looking. The ball does not even hit the basket, but yet another series of improbable events lead it directly to the net. Gwen implies that she's done this several times already. Ben takes the ball and asks how she managed to do that. She says that whenever the charm glows, everything goes her way. Max wakes up, asking them if they want breakfast. Just then, at a nearby construction site, an explosion causes the cables on a lift to break, leaving two workers stranded high above the ground and hanging by a thread. Ben figures that it's time to help, but is interrupted by Gwen, who figures she should help and takes off. Ben ignores this and transforms into Wildmutt.

As Wildmutt heads off to save the workers, Max finds another person trapped in his truck by a giant steel bar. Gwen then shows up, dressed in a purple jumpsuit and a strange mask, calling herself "Lucky Girl." Using the incredible power of the charm, Lucky Girl is able to rescue the man simply by jumping on a nearby wooden board. The board hits a demolition crane which drops its large wrecking ball, knocking the bar away. The bar sets off an elevator in the process. Wildmutt has made it to the workers, but the elevator hits him and sends him flying. He breaks it into pieces when he falls back down, which heads straight for Lucky Girl. She is warned by Max and dodges the falling debris, eventually finding her way to a cement truck. She accidentally releases the brake, causing it to roll back and hit a large metal chute. The chute hits Wildmutt, who's clinging to a rope, and sends him into the cement. At the same time, the chute lands in the perfect position for the workers to slide down it. There's a soft cushion already in place for them to land on.

With everyone saved, Wildmutt climbs out of the cement and shakes the cement off. Lucky Girl is being interviewed by reporters, who're asking her just how she rescued everyone. She's not the least bit modest about it, saying she did it with luck. She then repeats XLR8's earlier statement while waving at Wildmutt. Wildmutt just walks away annoyed. Meanwhile, in another part of town, Hex is searching for the charm. He catches the report about Lucky Girl on television and sees the charm around her neck.

In the RV, Gwen has cross-referenced magical mystical charms and the Archamada Book of Spells. She finds that her charm is one of the five Charms of Bezel, specifically, the one for luck. The others are fire, levitation, reincarnation, and one other unnamed charm (for lightning and electricity). It is said that all five charms are required for all of the spells and incantations to be used all their full power and potential. Max thinks that they should turn the charm back to the museum. Both Ben and Gwen would rather not, though for different reasons. Ben wants to try it out himself. Gwen wants to remain a superhero. The two get into a quick fight about how it is not really them doing the work, but rather their respective items. A news report cuts them off. It seems that a famous haunted house museum has come to life, trapping dozens of visitors inside. The trio head there at once.

At the haunted house, Ben gets ready to help. Once again, he's cut off by Lucky Girl. As the three head inside, things are exactly as what the reporter said. Most of the house is alive, moving about randomly and endangering the people within. Hex is there too, having set up the whole thing to lure her. He continues to bring the house to life in an attempt to get the charm from Lucky Girl. His efforts only end up badly for Ben, who indirectly becomes the target of most of the debris flying about. Ben gets under the stairs and transforms while Gwen tries to rescue the people on the balcony. Hex continues his magic, causing Gwen to be stranded on a pillar. The people on the balcony have now been moved to the middle of the room and are about to fall. One actually does, but Max catches her. Four Arms then shows up to catch the balcony before it tips over completely. As he holds on to it, Lucky Girl goes to save them, rocking the pillar so she can grab onto the chandelier in the middle of the room. She then swings to the people so they can grab it, as well. As they swing back to safety, Four Arms is tossed away by the swinging balcony, nearly hitting the woman that Max saved. Meanwhile, the chandelier that Lucky Girl and the others are hanging from collapses. Again, the charm keeps that from being a problem, since the wire that is connected to it stops it just before they hit the ground. The last of the people run out of the house just as Hex seals it.

With the house sealed, Hex restrains Lucky Girl with yellow-colored magical mystical energy and tosses her across the room, demanding that she give up the charm. As is expected, the charm turns the situation in her favor, causing her to land on a curtain. The curtain then falls on Hex and tips over a suit of armor. With him out of commission, Lucky Girl says that he should have said please and runs off. Hex gets up right after and follows. Lucky Girl ends up in a study with no way out. Again, the charm guides her, leading her to a switch for a secret door. As she heads down the passage, Hex follows. Meanwhile, Four Arms and Max are following them.

Within the passage, Lucky Girl and Hex end up in the catacombs of the house. Hex finds her rather quickly, but the charm once again allows Lucky Girl to escape. This time, she leans on a stone and knocks it out of place, dropping the roof on Hex. He shields himself and continues to chase her. As he tries to blast her, Lucky Girl's charm drags her to the floor, making an opening for her that leads into the graveyard.

In the graveyard, Lucky Girl tries to hide behind a tree. Unfortunately, Hex has thought ahead and uses some branches to restrain her. Her charm does no good this time, and Hex takes it from her. He then completely seals her within the branches. Four Arms pulls them off of her after a short period of time. They then look for Hex, who's floating in the middle of the graveyard. With all five charms now in his possession, as well as the Archamada Book of Spells, he starts attacking the city with lightning and a rather large swirling vortex in the sky. Four Arms interrupts before he can do any major damage, tackling Hex into a nearby mausoleum. Annoyed, Hex brings some of the animal statues to life - two gargoyles (one small, one large) and a Minotaur - to attack Four Arms. The small gargoyle grabs Four Arms and scratches his face. The large gargoyle jumps onto him, wraps its tail around his head, and bites his left shoulder. The minotaur tackles him to the ground. The statues prove to be somewhat effective, succeeding in taking Four Arms away from the scene. As Hex starts to recast his earlier spell, he's hit in the knee with a rock. Lucky Girl and Max are on the ground. Lucky Girl tells Max that luck only takes you so far, and then throws another rock at Hex. This one hits him directly between the eyes, knocking him unconscious and causing him to fall to the ground below.

Even with Hex unconscious, his magic persists in the stone creatures. The smaller gargoyle tries to attack Lucky Girl and Max. Max lifts up a large pipe with some cement attached and hits the creature with it, reducing it to dust. Meanwhile, Four Arms is tossing around the two larger ones. The larger gargoyle is tossed into a wall, destroying it. Four Arms then gets the Minotaur in a headlock. He squeezes until its head breaks apart. With the creatures out of commission, Lucky Girl takes Hex's charms. Hex wakes up and notices this, Four Arms grabs him and throws him into a coffin. Max then shuts the lid on him. Lucky Girl, still holding the charms, thinks that she could be literally unstoppable with the five Charms of Bezel. She then goes back on that, saying that she could just be Gwen. She picks up a nearby shovel and smashes the charms, releasing blue-colored energy into the sky, creating a short light show.

When Hex is let out of the coffin, the police are there to arrest him. As the trio drive off in the RV, Max says that Ben and Gwen make a good team. Gwen isn't happy that she lost her lucky powers and asks Ben to tell her that she did a good job. He does so reluctantly and then says he never will again. Gwen says that he no longer has to and then plays a recording of it over and over for him. She laughs as he tries to cover his ears.

When she was done we were amazed.

Me: Wow!

Nico: That is so awesome.

Brittney: I've heard legends about the Archamada Book of Spells and it is a powerful tome that can give you access to all forms of dark magic.

Lucy Loud: Gasp. That is amazing and powerful.

Nico: Do you still use your Lucky Girl persona these days?

Gwen Tennyson: Only when I have to. Like a cat burglar in the night is one of those times.

Me: That's cool though.

Lola: Yeah it sure was cool.

Maria: Yeah.

Eli: Hex is a really cool guy when it comes to magic.

Nico: Yeah.

Gwen Tennyson: His magic is amazing.

Lola: It sure is.

Nico: I'd like to see you in your Lucky Girl outfit with no mask on.

Gwen Tennyson: I think I can do that.

Fu: It sure will be awesome to see Gwen as Lucky Girl.

Lily: It sure will.

Nico: By the way J.D. where are Jonny and Dr. Quest going?

Me: They're going to England to spend some father-son bonding time. Dr. Quest has been so busy doing all sorts of things all over the world that he hasn't had any time to do some bonding with Jonny.

Nico: That makes sense. I hope they have fun.

Me: Me too.

We arrived at the planet. It was a golden yellow planet and it had blue lines all over it and it was beautiful.

Nico: We're here.

Me: Wow. Looks like a desert planet from up here.

Laney: Yeah it sure does.

Camie: Lets go down and see what it looks like.

Nico: Yep.

We went down to the planet and we flew and landed in the middle of a meadow but we saw that the planet WAS MADE ENTIRELY OUT OF DIFFERENT KINDS OF CHEESES! It was all landscapes made of different kinds of cheeses as far as the eye can see!

Me: Whoa! It's a world made of cheese!

Nico: SO MUCH CHEESE!

Me: WOW! A world made of different kinds of cheeses!

May: This is so amazing!

Maria: Boy EVERYONE in Wisconsin would love this planet!

Eli: They sure would!

Arrietty: Yeah no kidding!

Nico: YEAH!

Nico took some cheddar from a hill and he ate it and it was delicious!

Nico: (Eating) DELICIOUS!

Maria: I'll have some too.

Eli: There's enough to last forever!

We got to eating and I had some of the Swiss Cheese mountains and they were delicious.

Laney had some of the Gouda grass and it was awesome.

Lana had some of the Brie pond and it was awesome!

Maria: I'll save some for Horsea.

Nico: (Eating) Good idea.

Maria did so.

Lily: You know guys, Ren and Stimpy told me that Blue Cheese is worth its weight in gold and is priced as much as diamonds.

Me: Is it really?

Lola: Wow!

Nico: Then it looks like we're going to head over there.

Nico pointed to THE BLUE CHEESE MOUNTAINS!

Me: The Blue Cheese Mountains.

Aylene C.: This is gonna be awesome.

Me: Yep. And believe it or not my mom doesn't like blue cheese.

Nico: Really?

Me: Yeah it's not her kind of cheese.

Maria: Let's sell some of the blue cheese.

Me: Good idea.

Nico: Yeah.

We arrived at the Blue Cheese Mountains and then we got into a mine and then started digging and searching.

Me: This is a lot of cheese.

Lola: Yeah.

Lana was eating the Blue Cheese and it was good.

Lana: Yummy! If we only had some buffalo chicken wings and burgers to go with this.

Nico: Yeah now you're talking!

Eli then saw a crack in a wall and then kicked it and then smashed the wall down and then we saw THE BLUE CHEESE MOTHERLODE!

Me: JACKPOT!

Nico: We've hit the motherlode!

Maria: Sweet!

We got to gathering all the Blue Cheese! It was awesome and beautiful.

Maria: I'm going to by an awesome Cadillac.

Nico: Nice.

We got out of the mine with all the blue cheese. But then we smelled a REALLY HORRIBLE ROTTEN ODOR!

Me: (Sniffs) EW! Nico did you rip one!?

Nico: It wasn't me!

Me: Well whatever that smell is, it's horrible!

Gwen Tennyson: I think someone else is here!

We looked and then we saw A ROTTEN CHEESE MONSTER! He was a big wedge of cheese that had glowing ferocious red eyes and he had razor sharp teeth and he SMELLED HORRIBLE!

Nico: That is one ugly wedge of rotten cheese!

Lana: Cool! I'll eat it!

Gwen Tennyson: Time for me to shark out!

Nico: I hope you're wearing your leotard under your clothes.

Gwen Tennyson: Yes I am.

She took off her clothes and was wearing a blue leotard. Then she went shark! She turned into her GREAT WHITE SHARK FORM!

Nico: YEAH!

Gwen Tennyson: SHARK ATTACK!

Me: Hope that ugly lactose breath likes fire!

I fired a wave of fire and it hit the Rotten Cheese Monster and melted him partially.

Kaito: (takes out Zero One gear) Time to cut the cheese!

Zocks: (takes out Zi O gear) And we mean that literally.

FFFFFAAAAAAAAAAAAAAAAAAARRRRRRTTTTTT!

Lola: EW!

Nico: Was that you guys!?

Zocks: That was the cheese.

Zocks got an awesome Zi-O Blaster and Kaito got a Zero One Blaster!

Nico: Cool!

Lola: YEAH!

Zarya: This is gonna be so awesome.

Zocks: I think we can do this!

Nico: I know we can Zocks!

Chloe: Lets kick this cheese's butt!

Me: Yeah!

We fired waves of energy and blasted the Rotten Cheese all over.

Me: I hope we don't get botulism from that cheese.

Nico: You're one cheese I'm not eating!

Nico fired a wave of fire and it hit the Rotten Cheese and burned it all over.

Lana: But I will!

Lana took a huge bite out of the Rotten Cheese monster and he roared in pain.

Lola: YEAH!

Nico: Ew.

Eli: Take this!

Eli fired a blast of Force Lightning and electrocuted it all over.

Gwen: My turn!

Gwen formed a huge Mana jaw and then bit the Rotten Cheese Monster in half!

Nico: YEAH!

?: Now I'll finish the rest!

A figure came out and it looked like Argit?

Me: Argit?

Nico: A Rattusian?

Rattusian: (In a girls voice) Awesome to see you again Nico.

Nico: Layla Ratigan? Wow!

Rattusian: I got this guy.

She jumped and ate the entire Rotten Cheese monster in one bite.

Nico: YEAH!

Rattusian: (LOUD BELCH)

She was stuffed!

Layla Ratigan reverted back and she was a girl with blue hair and had an easter egg beret on and she had purple clothes.

Layla Ratigan: Now that was awesome.

Gwen Tennyson: That was cool.

Gwen reverted back to human.

Gwen felt woozy.

Gwen Tennyson: (Dizzy and Bubbles pop out from her head) Oh man.

Maria rubbed her back.

Gwen Tennyson: Thanks Maria.

Layla Ratigan: That happened to me too. It was crazy.

Gwen: What's your favorite memory of Nico?

Layla Ratigan: My favorite memory was when I taught Nico how to make cheese in cooking class. I taught him all I know about how to make cheese.

Nico: It's true guys. Layla taught me all she knows about cheese making and it's awesome.

Laney: Wow that is awesome that she taught you how to make cheese.

Eli: Yeah no kidding.

Layla Ratigan: Yep. We even made lots of cheddar and all that and everyone loved it.

Me: Wow that is awesome. Are you and your family from a long line of cheese makers?

Layla Ratigan: We sure are. It's so awesome.

Nico: Yep.

Nico and Layla hugged.

Nico: I really missed you.

Layla Ratigan: Me too my Lord of Cheese.

Me: Lord of Cheese?

Nico: It's a nickname she gave me.

Lola: I think that's cute.

May: I agree there.

Nico: Yeah it was awesome. Lets head home.

I teleported the cheese planet to our Solar System and we went back home.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Heathcliff, Sonja (Heathcliff), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Raven are heading to Wildfire in the world of Magic the Gathering, and not only is Lincoln going to rescue the five girls here, but we got word that RTN Hinata has returned from the dead and she still wants revenge for what we did killing Menma in Rome, Italy.

Lincoln also called Naruto and his friends over as soon as the word of RTN Hinata returning from the dead reached their ears, and when we arrived in Wildfire, it's a fiery plane of fire and lava, and we were already sweating like crazy, and our energy auras flared up as we were gaining a very massive power and energy boost to our infinite energy and power, and we also have rainbow fire in the auras.

Lincoln: Whew, so this is Wildfire in the world of Magic the Gathering, and I know what we're going to do here, not only am I rescue the five girls here, but we got word that RTN Hinata has returned from the dead and she still wants revenge for what we did killing Menma in Rome, Italy.

Me: That's right, big guy, and man, this place lives up to it's name and reputation.

Nico: This place is just like The Sensei Fire Realm in the Skylands, and we're already sweating like crazy.

Lincoln: We're definitely getting a shower after this, guys, and I want to thank you, Naruto, and the Leaf Shinobi for joining us, Raven.

Raven: You're welcome, Lincoln, and we'll make sure RTN Hinata never returns again.

Naruto: You said it, Raven.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of five girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the five girls, but they've been cornered by RTN Hinata and she's going to kill them.

Lincoln: Guys, I found the five girls, but they've been cornered by RTN Hinata and she's going to kill them.

?: (Japanese Accent) That heartless disgrace of a Shinobi and fanatical supporter of Menma, let's get her.

Suddenly, we saw the Duel Monster, Hot Red Dragon Archfiend King Calamity, appear before us.

Nico: Whoa, that's Hot Red Dragon Archfiend King Calamity, awesome.

Lincoln: And I'd recognize that Japanese accent from anywhere, I knew it's you, Leona Bānāasurīto, but we'll talk later, let's get RTN Hinata and tear her to shreds.

We rushed on over and Lincoln fired very powerful rainbow energy balls and elemental forces at RTN Hinata, and that allowed the five girls to get away. When RTN Hinata saw us, she was pissed, and so were we.

Nicole: You just don't know when to give up, do you, RTN Hinata?

RTN Hinata: I will kill every last one of you for what you did to Menma!

Lincoln: Menma brought this on himself for what he did in his universe, and now, you're about to share the same fate as him.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds

from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Dan Kuso, The Hidden Leaf Ninja, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after RTN Hinata, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, and Magic, and they exploded with incredible power as they hit her.

Then, Lincoln swung his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds and fired a powerful blast of rainbow super lightning, and hits RTN Hinata and it also permanently fried her Chakra Network. Menma tried to use his techniques, but he couldn't. Eli and the Hyuuga members activated their Byakugan and Sasuke, his clan, Nico, and I activated our Sharingan, and we saw that Lincoln fried RTN Hinata's Chakra Network with that attack.

Itachi Uchiha: Incredible, Lincoln's attack permanently fried and disabled RTN Hinata's Chakra network.

Sasuke Uchiha: Just like what happened with Menma.

Lincoln (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope): Now, to end you for good. Draining Rain!

Lincoln used Ranamon's powers and fired a blast of water at RTN Hinata, and as it hit her, he weakened her by destroying her chakra and jutsu and he sent her to the Masters of Evil Prison. We cheered wildly as we holster our weapons and powered down.

Lincoln: And that's it for you, RTN Hinata, and don't you dare come back. (To Leona Bānāasurīto) And it's so good to see you again, Leona Bānāasurīto.

Leona Bānāasurīto reverted back to normal, and she's a beautiful girl with long flowing orange hair, pink and yellow eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful orange angel wings, and she reigned in the power of Hot Red Dragon Archfiend King Calamity, and she's dressed in a sleeveless purple blouse, sleeveless purple top, long purple skirt with black lace designs, purple pants, purple sneakers, and long purple sleeveless trenchcoat with flames and dragons on the coattails, and Hot Red Dragon Archfiend King Calamity on the back, and holstered on her back is a large Hot Red Dragon Archfiend King Calamity-themed greatsword with Hot Red Dragon Archfiend King Calamity etched on the 7'0" massive, wide, double-edged purple blade, Hot Red Dragon Archfiend King Calamity's wings for the crossguard, large red gem embedded in the rainguard, longer black handle, and large red gem surrounded by angel wings for the pommel.

Leona Bānāasurīto: (Japanese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Leona Bānāasurīto and they hugged, and Leona Bānāasurīto's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Leona Bānāasurīto: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Leona Bānāasurīto, she's my classmate from P.E. and she's one of my many Guardian Angels from Japan. She also helped me defend himself by teaching him Kung Fu and Tae Kwan Do. She also took on even Lynn at every sport and won, and her last name Bānāasurīto means Burner Athlete in Japanese.

Me: Wow, that's awesome.

Nico: So, you learned Kung Fu and Tae Kwan Do from her before J.D. and the rest of us, awesome.

Lincoln: That's right, and she doesn't take kindly at all to bullies especially Lynn when she used to bully Lincoln. In fact, when she was done with them, their teeth got smashed, especially Lynn, so it took the dentist quite a bit of time to fix them.

Lori: Yeah, Mr. Feinstein and Mom had a field day with fixing the teeth of all those bullies Leona beat up, especially Lynn's.

Nico: Yeesh, that's brutal.

Lincoln: That's right, and Leona and I also made birdhouses together for rare exotic birds, and she hates Chandler with a passion, when she found out that Chandler and his goons were bullying me, she beat the crap out of them and when she was done with them, they were left with broken arms and legs, their teeth were smashed, and to top it off, she turned them into human pretzels.

Me: Ouch.

Lincoln: And it was more than enough to scare Lynn, Lola, Lisa, and Luan, even Lori.

Lori: After what she literally did to Chandler and his goons, along with Lynn, I was afraid of her, and when she was teaching Lincoln Kung Fu and Tae Kwan Do, it meant he'll be able to defend himself and if we threaten his life, it'll be lights out.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Leona Bānāasurīto's neck with red gems on the gold thunderbolt links and purple crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Leona Bānāasurīto: (Japanese Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Leona.

Leona Bānāasurīto had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Leona Bānāasurīto's waist and Leona Bānāasurīto wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Leona Bānāasurīto's face and kissed her on the lips, and she also returned it, and we cheered for them. Then, we went up to the five girls, and when Lincoln saw them, he immediately recognized them. The five girls are Chinatsu Hiyama, Mako Akagi, Shizuku Hanaoka, Chizuru Hongou, and Tamaki Tsuburaya from Welcome To The Ballroom.

Lincoln: Oh wow, it's Chinatsu Hiyama, Mako Akagi, Shizuku Hanaoka, Chizuru Hongou, and Tamaki Tsuburaya from Welcome To The Ballroom.

Me: Awesome.

Lincoln: Are you girls okay?

Chinatsu Hiyama: Yeah, we're okay, thanks to you.

Then, when Chinatsu Hiyama and the other four girls saw who it was that saved them from RTN Hinata, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The

Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Chinatsu Hiyama: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Chinatsu Hiyama: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, five Thunderbird Necklaces of Eternal Love appeared on the necks of Chinatsu Hiyama, Mako Akagi, Shizuku Hanaoka, Chizuru Hongou, and Tamaki Tsuburaya with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the TLPS World Tree Estate, and the rest of the team were shocked when they found out the villain we went after in Wildfire in Magic the Gathering was RTN Hinata, who came back from the dead and wanted revenge on us for what we did to Menma in Rome, Italy.

But, when Lincoln showed what he did in destroying her for good, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Leona Bānāasurīto have a lot of catching up to do now that she's back in town, and now, we're finally rid of RTN Hinata for good, and she's never ever coming back.

---

After destroying RTN Hinata and this time for good, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Leona Bānāasurīto saw Lincoln working out like crazy, she had an atomic red blush on her face.

Leona Bānāasurīto: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Leona, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Leona Bānāasurīto: (Japanese Accent) That's incredible.

Nico: It sure is. So, Leona, what memories did you have with Lincoln?

Leona Bānāasurīto: (Japanese Accent) I remember this one time, we were training in the backyard of The Loud House, and I was showing Lincoln some Tae Kwan Do and Kung Fu techniques, but then, we heard the rumbling of feet, and who would show up but Lynn, and she was about to punch Lincoln in the stomach so she could see him cry and she'd laugh like the moronic pig she is, but Lincoln stopped her left fist with his left hand. This stunned Lynn, and she was about to punch him with her right fist, but he stopped it with his right hand, and then, he Judo-flipped her onto the ground. This got her so mad, she tried to attack her blindly. I saw her attacks and they were wild and unfocused, but with all of the training I gave Lincoln, he was able to see Lynn's next move and intercept it, and when it was all done, Lincoln did an impressive sweep kick and knocked that animal down onto the grass. I was so proud of him, we hugged and (Blushes) I may have kissed him on the cheek. (Laughing Nervously)

Lincoln: Anyways, after I beat Lynn, we told Mom and Dad about what Lynn tried to do, and Lynn got a pretty nasty scolding from Mom and Dad, and she got grounded for nine weeks, and Lori, Lola, Lisa, and Luan were pretty angry that Lynn lost to me and they swore in anger that they were going to kill me and Leona and bury us in the Kalamazoo River.

Leona Bānāasurīto: (Japanese Accent) (Snickers) But, that was a big mistake they made, especially since everyone in the house heard their threat loud and clear, and they suffered the same fate as Lynn: grounded for nine weeks and they were put in five isolation cubes in the basement.

Nico: Oof, lesson learned: when someone opens their big mouth and makes a threat and it's made public, there's dire consequences.

Me: You said it, Nico.

Nico: But, Linc, that was so awesome that Leona taught you Tae Kwan Do and Kung Fu, and you used those techniques to defend yourself, especially around Lynn.

Lincoln: Thanks, Nico, but I only use it, in case Lynn, Chandler, or his goons tried anything.

Leona Bānāasurīto: (Japanese Accent) And if those five mean sisters team up, they're left to me. You can't imagine how many times I've broken Lori, Lola, Lisa, Luan, and Lynn's arms and legs, smashed their teeth in, and turned them into human pretzels. And I've also done the same to Chandler and his goons.

Nico: Ouch.

Lincoln: Yeah, it's mega painful.

We got a shower afterwards, and then, Lincoln, Sari Sumdac, Hilda, R. Mika, Menat, Yuna Kamihara, Nanami Simpson, Tatsumaki, Entrapta, Perfuma, Frosta, Princess Allura (Voltron: Legendary Defender) Toph Bei Fong, Julie Makimoto, Jessica Shannon, Peni Parker, Colette Brunel, and TLPS Ryuko Matoi are getting ready for their date, they're heading to Lake Michigan to go fishing. Lincoln and the girls got their fishing rods and they were ready.

Lincoln: Alright, guys, we'll be back.

Nico: Have fun.

Lincoln, Sari Sumdac, Hilda, R. Mika, Menat, Yuna Kamihara, Nanami Simpson, Tatsumaki, Entrapta, Perfuma, Frosta, Princess Allura (Voltron: Legendary Defender) Toph Bei Fong, Julie Makimoto, Jessica Shannon, Peni Parker, Colette Brunel, and TLPS Ryuko Matoi head out, and when they arrive at Lake Michigan, it's everything Lincoln remembered: one of the five Great Lakes of North America, the second-largest of the Great Lakes by volume and the third-largest by surface area, after Lake Superior and Lake Huron.

Sari Sumdac: Wow, we're here in Lake Michigan.

Lincoln: That's right, Sari, and it's everything I remembered, I've been here before on a fishing trip with Dad, and we had fun.

Lincoln, Sari Sumdac, Hilda, R. Mika, Menat, Yuna Kamihara, Nanami Simpson, Tatsumaki, Entrapta, Perfuma, Frosta, Princess Allura (Voltron: Legendary Defender) Toph Bei Fong, Julie Makimoto, Jessica Shannon, Peni Parker, Colette Brunel, and TLPS Ryuko Matoi got out their fishing rods, and they began fishing, and during the time they were fishing, they caught a really big fish weighing in at 250 pounds for some dinner tonight, and put it into a really massive freezer with ice. Then, they had lunch in a picnic area located in the north underneath some trees and it was really amazing. Then, Lincoln made clones of himself, and he and the clones went up to Sari Sumdac, Hilda, R. Mika, Menat, Yuna Kamihara, Nanami Simpson, Tatsumaki, Entrapta, Perfuma, Frosta, Princess Allura (Voltron: Legendary Defender) Toph Bei Fong, Julie Makimoto, Jessica Shannon, Peni Parker, Colette Brunel, and TLPS Ryuko Matoi and they all wrapped their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Lincoln and his clones, and they shared an amazing and passionate super-charged kiss. Then, they came back home to the World Tree Estate.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico, we went to Lake Michigan and we went fishing.

Lynn Sr.: We haven't been there since I took you fishing, champ. I hope you caught something there in Lake Michigan.

Lincoln took out the massive freezer, and inside it and surrounded by ice was a large cod weighing in at 250 pounds, and when we saw it, we were stunned.

Nico: Whoa, now that's one monster cod.

Me: We're going to have one awesome fish dinner tonight.

Lincoln: Dad, you know a recipe for cod?

Lynn Sr.: You bet, and I'll have it ready and prepped for dinner tonight, gang.

Nico: I remembered your Dad telling me that you both went fishing in Lake Michigan long ago and you guys had fun.

Lincoln: We sure did, Nico, Dad not only taught me how to surf, but also, how to fish. And I can't help but get the feeling the next adventure with the Quest Family is going to be a fishing trip turned into a nightmare. But, whatever happens, we'll be ready for another enemy of The Quest Family.

Nico: You said it, big guy.

---

Later it was time for Taranee's 2nd Ambassador Mission.

William: Anyone else want to go with Taranee? Besides Marinette?

Taranee: I would like to have all the guardians come with.

Me: That's a great idea. Jak and Daxter will love seeing the powers of the Candrakar Guardians and action.

Nico: Yeah they sure will.

Lola: Yeah that is so awesome.

Nico: Okay. Anyone else?

No one raised their hands.

Me: Nope.

Nico: Okay then. Lets head on over.

We opened the Portal and we were off to the world of Jak and Daxter.

We arrived in Haven City.

Jak: Hey guys!

Me: Hey Jak.

Taranee: Guys, these are my fellow Guardians.

Will: Awesome to meet you. Will Vandom, Guardian of the Heart of Candrakar.

Irma: Irma Lair, Guardian of Water.

Cornelia: Cornelia Hale, Guardian of Earth.

Lillian Hale: And I'm Lillian Hale, Cornelia's little sister and the Guardian of Light.

Jak: Wow awesome to meet you all.

Me: Also I too am a Guardian. I represent Lightning.

Daxter: Awesome!

Me: Yep. And this is one of our friends from the Miraculous Union.

Marinette: Awesome to meet you guys. I'm Marinette Cheng and I'm from Paris, France and I am also the hero Ladybug.

Nico: Yep. Marinette is one of my friends that I met when I was starting out as second in command of Team Loud Phoenix Storm.

Nicole: That was so awesome.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Marinette: (hears explosion) And now, comes the part where bad guys try to wreck the city.

Nico: Yep. Wonder who it is this time.

Jak: Lets go find out.

We went to see who it is.

We arrived and we saw that it was the Altum sonatur queen!

Nico: The Altum sonatur queen!

Daxter: Her again?!

Nico: Yeah.

Me: This is gonna be good.

Taranee: Time to kick some butt!

Me: Lets power up!

Will: Guardians, Unite!

Marinette: Tikki, Spots On! HA!

Marinette turned into Ladybug and the Guardians and me transformed!

Will: (ENERGY SURGES) THE HEART!

Irma: (WATER SPLASHES) WATER!

Taranee: (FIRE BURNS) FIRE!

Cornelia: (VINES GROW) EARTH!

Hay Lin: (WIND BLOWS) AIR!

Me: (LIGHTNING STRIKES) LIGHTNING!

Elyon: (CLOCKS TICK) TIME!

Megan McCallister: (STARS SPARKLE) SPACE!

Lillian Hale: (LIGHT SHINES) LIGHT!

Jak channelled Yellow Eco into his Morph Gun, changing it into the Blaster, and fired.

Nico: COOL!

Taranee: Awesome! Let me see here.

Taranee did the same and it went into a new Morph Pen she had and then it formed into a FIRE BLADE SWORD!

Will: Wow! That is so awesome Taranee.

Nico: Boy I'll say!

Marinette: Lucky Charm!

The Lucky Charm gave her a Morph Gun with her colors.

Marinette: My own Morph Gun?

Taranee: Awesome girl!

Nico: Yeah!

Marinette: Let's see what it does.

She fired a wave of energy from it and it hit the queen and smashed her down.

Taranee: YEAH!

Nico: Nice one!

Taranee: YEAH! Lets see what this does.

She slashed the queen all over and burned her.

Jak channeled Red Eco into the Morph Gun, changing it into the Scatter Gun, and fired a short-ranged burst of Red Eco from it.

The blasts hit the queen and smashed her all over.

Nico: Nice one!

Jak: Thanks.

Nicole fired star blasts and they hit the queen and smashed her all over.

Jak channelled Blue Eco into the Morph Gun, turning it into the Vulcan Fury, and fires multiple rapid bullets of Blue Eco.

Nico: YEAH!

Me: Wow! Eco is more awesome than we first thought!

Eli: Boy it sure is!

I fired waves of lightning and Cornelia and Lillian fired waves of earth and light and blasted the queen all over.

Jak channelled Blue Eco into the Morph Gun, turning it into the Vulcan Fury, and fires multiple rapid bullets of Blue Eco.

Nico: YEAH!

Me: Wow! Eco is more awesome than we first thought!

Eli: Boy it sure is!

I fired waves of lightning and Cornelia and Lillian fired waves of earth and light and blasted the queen all over.

Jak: Ready, Dax?

Daxter: For what?

Jak grabbed Daxter and spun around with him outstretched, repeatedly hitting the Queen.

SMASH SMASHSMASHSMASH!

They were smashing the queen all over the place!

Nico: YEAH!

Eli: That is true teamwork!

Nico: YEAH!

Me: YEAH!

Daxter: (dizzy) Okay, let's finish off the queen and end this painful experience.

Nico: Painful? I thought that was true teamwork.

Me: Yeah that was great!

Daxter: It sure was.

Nico: But I'll finish this monster.

Nico fired a wave of energy and it hit the Queen and she exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Queen was destroyed!

Jak: Whoa! Nico your power is incredible.

Nico: All our power is.

We later came back.

May: Hey guys. How did it go?

Me: Really well.

We told everyone everything that happened and they were amazed.

May: Wow! Taranee, Marinette that's so awesome!

Nico: Yeah we all did great.

May: Next time, Heat Wave and Tony Jones should go with you.

Taranee: Good idea!

Me: Yeah!

---

Later we were relaxing in the park.

Moby Lick: Nice day at the park, huh?

Me: Boy you said it Jet.

Laney: Yeah it's so beautiful outside.

Lana: It sure is.

Qin: Yeah.

Lola: This is so peaceful.

Varie: Especially with playing in the lake.

But then we saw ED BIGHEAD And he was laughing crazily as he was bashing peoples heads off with a Parking Meter!

BLANG! BAM SMASH!

Nudge: Yo! The Hell are you doing?!

Ed Bighead: ANYTHING I WANT! YOU GOT A PROBLEM WITH THAT!?

Nico: Uh yeah I do!

Nico grabbed the Parking Meter and smashed Ed Bighead's head in!

Then Vypra and Dark appeared and grabbed Ed Bighead.

Cybertron Scourge: Vypra. Dark. What are you two doing here?

Dark: Oh, me and Vypra were on a date together. Until we got a call about a disturbance here!

Nico: Well it looks like you arrived just in time. Ed Bighead was smashing people's heads in with a parking meeting like a maniac!

Vypra: He what!?

Ed Bighead: That's right! AND I ENJOYED IT!

Rocko: (Australian Accent) What a dangerous monster.

Swoop: Me Swoop think him Ed Bighead need to be taught lesson.

Dark: Good idea. Hopefully, he'll be well behaved by the time the Kamen Riders join us.

Dark turned into Furi.

Furi: LEMME TELL YOU SOMETHIN, ED BIGHEAD!

Ed Bighead: (pales) Please don't.

Kevin Levin: Better you than me and J.D.

Furi smashed Ed Bighead all over the place into pulp!

KRASMASH! WHAM BIFF BLAM POW WHAM!

He was pulverized all over the place!

Ed Bighead was beaten up bad!

Ed Bighead: (Dazed stupid talk) I hate my life.

Me: Ouch.

Nico: Yep.

---

Back at the estate we were getting ready for our next mission. I was checking something on the computer and I picked up strange radio waves coming from a small village in Devon, England.

Me: Guys I think I found our next mission.

Astro Man: Maybe we should go check up on Jonny and his dad.

Me: I was just about to suggest that. I was picking up strange radio signals coming from Devon, England.

Nico: That's where they are. Nice place to go fishing there.

Me: Yeah.

Eli: I've got a bad feeling about this guys. The Force is telling me that something is seriously up.

Nico: Oh boy. We better go check it out.

Then Comic Book Guy, Firepower, KGBeast, Absorbing Man, Yenaldoshi, Juggernaut, Mojo Jojo, Turtle, Stonedozer, and Whirlin appeared.

Comic Book Guy: Can me, Firepower, KGBeast, Absorbing Man, Yenaldoshi, Juggernaut, Mojo Jojo, Turtle, Stonedozer, and Whirlin go with you guys?

Nico: Yes you all can.

Then a call came in.

Me: I'll get it.

I answered.

Me: Team Loud Phoenix Storm estate?

Jonny: J.D. it's Jonny!

Me: Jonny what's wrong?

Jonny: The People are acting crazy! It's got something to do with these chips and a radio satellite! I need you to pick me up so we can go over a plan of attack!

Me: We're on our way Jonny hold on!

I hung up!

Me: Lets get to Devon!

Nico: Lets go guys!

We were off to England!

Manterror: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'll answer that question later! We need to save Jonny!

We arrived and to our shock and horror we saw all the people acting like a bunch of bloodthirsty berserkers out to get Jonny! We saw him being chased by them!

Nico: WHOA MAN! What's going on!?

Me: I don't like the looks of this!

Jonny: GUYS!

We went and got Jonny!

Me: Hold on Jonny!

We teleported back with him.

Some of the people hit Stonedozer with rocks.

Stonedozer: (deadpans) You know I'm made of those same rocks, right?

But they didn't stop.

Nico: Stonedozer come on!

Stonedozer: Oh right!

We teleported back again.

King Stefan: (Scottish Accent) Johnathon, where's your father?

Jonny Quest: He was turned into a mind control guy.

Me: Calm down Jonny. We'll think of something. First we need to find out what this chip is for.

Lola: Yeah something is seriously up.

Laney: This isn't like those people to attack you without a reason.

Nico: Lets go run some tests.

Me: Don't worry Jonny we'll save your dad.

Jonny Quest: I know you guys will.

Me: Lets get to the lab and run some tests.

We went to the lab and ran some tests on the chip.

Me: Okay here we go.

Mojo: Allow me to help run these tests.

Me: Thanks Mojo.

Jonny Quest: Whatever is going on in that village has to do with this. Instituting VR Diagnostic Scan.

Me: Going Hot!

Jonny went into Questworld and scanned the chip.

Jonny Quest: IRIS? What have we got?

IRIS: Enlarging. Processing. It appears to be Synthetic Neurotransmitter Circuitry. Microwave-controlled cerebro-cortex stimulation.

Me: Microwave controlled?

Nico: Wow that is unusual.

Eli: Yeah.

Jonny Quest: That explains the transmitter on that roof.

Me: That also explains the radio waves I was picking up earlier.

Jonny Quest: Nature of cortex stimulation?

IRIS: Pacivity, Tranquility.

Me: Tranquility? Whoa.

Jonny Quest: What about that Aggressive Behavior?

IRIS: Apparently also built into the chip. Enlarging circuitry schematic.

Jonny Quest: I get it. The chip has a piggyback circuit switch for duel input. Happyland and crazyville all in one neat little package.

Me: How bizarre. But this is definitely ringing some bells.

Armada Cyclonus: IRIS, how many people are mind controlled with this shit?

IRIS: Scanning.

She ran a scan and found out that EVERYONE in Devon, England including Dr. Quest was being controlled by the chip!

Me: WHOA! The whole town is under that control! And I know who is behind all this. DARCY!

Whirlin: Is that a girl or a boy?

Me: Boy. And it's a man. His name is Darcy and he works for Dr. Smallwood in the small town of Wychford in Devon, England.

Nico: That must be all those people under his thumb.

Me: Yes.

I went over his history.

---

Darcy is a businessman working with Dr. Hugh Smallwood in the tranquil town of Wychford in Devon, England. He's assisting Dr. Smallwood's work in developing a method of preventing violence in a population, but Darcy has ulterior motives.

---

When I was done everyone was shocked!

Nico: Whoa! So he wants to get power by turning that whole town into an army of berserkers!

Me: Yeah but Dr. Hugh Smallwood wants to turn that entire town into a utopia town.

Nico: That is another thing we are familiar with.

I went over Smallwood's history.

---

Dr. Hugh Smallwood is a doctor in the tranquil town Wychford in

Devon, England. He's working with Darcy to develop a method of preventing violence in the population.

After Dr. Quest gets into a car accident, he's taken to Dr. Smallwood's clinic to get checked up.

Dr. Smallwood later informs Dr. Quest about his work on the 9055 chip to keep people tranquil, but Darcy intervenes and holds Dr. Smallwood to stop him from intervening.

---

When I was finished everyone was shocked again.

Nico: Dr. Smallwood did have a good motive but it sounds like mind control!

Blackarachnia: Okay, I admit that it's for peaceful reasons. But it's still not right!

Nico: I agree Blackarachnia.

Me: But Darcy wants to use this chip for money. He wants to sell this chip to rule the world!

We gasped and then got enraged!

Laney: Not on our watch!

Nico: We need to stop him fast! Come on guys! We got to save the doctor now. Oh and to answer your question earlier Manterror, I'm hoping to do an Incursean Gene-slammer next.

Manterror: Wow!

Me: That's gonna be cool. One of Bullfrag's kind next.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Marc Landon, Executioner of The Blood Dragons, and he's heading here on the orders of Bryan

Greyson to kill us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is another Blood Dragon coming after us?

Lincoln: That's right, Nico, and it's Marc Landon, Executioner of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us.

Roxanne Lowinsky: So, Bryan Greyson's sent Marc Landon after us, has he? This is going to be one violent and bloody fight.

Lincoln: Yeah, and his reputation for killing people and spilling blood is not to be taken lightly, he's killed before on the orders of Bryan Greyson, and he enjoys it.

Me: That guy's fucking sick.

Lincoln: He's a bloodthirsty psychopath, J.D., just like many bloodthirsty psychopaths we've killed in the past, and just like with Gary Reeve, Morgan Wesley, Riley Cooper, and Nelson Everett, Marc Landon will also have a vial of Professor Milo's werewolf serum with him, and he's going to transform into a werewolf when he drinks it. (Smirks) But, so am I and I've also got my secret weapon with me.

Lincoln's fingernails grew into claws laced with silver moonlight energy.

Nico: (Smirks) That's right, he's going to be in for a rough time with Lincoln The Nocturnal.

Me: You said it.

Lincoln: Yeah, if he wants blood, we'll give him blood, but it's not our blood that's going to be spilled, it'll be his.

Nico: Yeah, now you're talking. Alright, gang, let's go, we've got a cold-hearted mad scientist and an emotional manipulative madman to put a stop to.

Lincoln: Yeah. Dr. Quest, hang on. We're coming to save you and all of Wychford. Wreck a father and son bonding time, will they? They're about to get a one-way trip to prison with their arms and legs broken, their teeth smashed, and turned into human pretzels.

With that we were off to England again.

Turtle: Is there a way to switch the mind control population to happy mode?

Nico: Hmm. As much as I want these chips to stay, I'm afraid they must be destroyed. This is essentially a town with no free will.

We arrived in Wychford and the people saw us and roared.

Woman: GET JONNY QUEST!

Nico: Oh man!

Me: (Sees something) There's Dr. Quest!

Nico: Varie, Eli, Grab him!

They did so and they lifted him up.

Me: Hold still doc!

I removed a bandage and pulled the chip out from the back of his neck and he returned to normal.

Beastbox: We need to get back to our hiding spot now that your dad's safe!

Nico: No Beastbox! They will find us wherever we go in this town. But luckily I do have a plan.

Me: Lay it on us.

Nico: First we need to destroy that radio transmitter that Jonny found.

Jonny Quest: Its over there!

We saw the radio dish.

Nico: Perfect.

Nico fired an energy blast and it hit the Radio Transmitter and exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It was destroyed!

The people of the village reverted back to normal.

Nico: Are you all okay?

Woman 1: (British Accent) What happened?

Man 1: (British Accent) What were we doing?

Me: It's a weird story. But we got to tell you all everything.

Nico: Lets meet at the Wychford Hotel.

They agreed and we went there.

Juggernaut: Even if we didn't destroy the transmitter, I would've taken the hits.

Nico: True.

At the Wychford Hotel we were telling everyone what happened and they were shocked!

Dr. Quest had a bag of ice on his neck and Varie, Maria Santiago and Lisa were getting the chips out of everyone.

Laney: But we need to stop Darcy fast.

Nico: I agree. He'll be on his way here now that we destroyed his plans.

Toad Man: Sorry about your vacation.

Jonny Quest: We'll be all right. But we did have some fun fishing.

Dr. Quest: That's right. We'll have that Salmon Dinner later.

Me: We'll make up for it after we're done here. You guys at least need a proper good vacation.

Nico: I agree. But first we have to take down Darcy.

Woman: Do you want us to become an angry mob?

Me: That would be interesting to see. But Darcy and his men have guns. They will use those to kill you and we can't take that risk.

Woman: That is a good point.

KGBeast: (Russian Accent) You all can form an angry mob after the guns are dealt with.

Me: When I fire my flare gun it will be the signal for you all to come.

Man: Great idea!

Nico: Arm yourselves real good everyone.

Lola: We're going to bring down Darcy and his men.

Lana: Yeah!

Me: And no our entrance is not going to be the signal. Just my flare gun.

Thundercracker: I got pitchforks.

Skywarp: And I got torches. They are not lit yet.

Woman: Great.

Me: And I got plenty of matches for you all.

Nico: Cool. If there was a Match Magisword that would be awesome.

Lola: As a matter of fact…

Lola pulled out a new Magisword.

Announcer: MATCHLIGHT MAGISWORD!

It looked like a giant match!

Majar: I want Cotton candy.

Borth: Are you kidding me?

Nico: Now now guys! Got to have a little snack before the battle.

Borth: Okay.

Yenaldoshi: I smell him close.

Nico: He's coming. Lets get ready.

Me: Right.

Terrence: Entrance time.

Nico: Lets do it!

We went at Darcy.

Darcy and his men were coming over the bridge and then the spirits of the Machine Masters of the Elements appeared and then they swirled around and then converged and then…

THUNDERCLAP THUNDERCLAP THUNDERCLAP THUNDERCLAP THUNDERCLAP!

Lightning struck all over and then the bolts hit Darcy's men and melted their guns and destroyed them and the cry of a thunderbird was head and we came out.

Nico: Darcy you and your men are under arrest!

Me: And this time there is no escape!

I pulled out my flare gun and fired into the sky!

FIREWORK SQUEAL!

BOOM!

The people saw it and then they came out and roared with anger!

Absorbing Man: Let me absorb something!

He absorbed the metal from the bridge!

Dr. Quest: You redesigned Dr. Smallwood's chip! And I'm sure it wasn't for the good of society.

Me: Darcy why are you doing this!?

Darcy: For pure profit J.D.! I can sell this to any number of interested parties!

Me: All for greed!

Darcy: That's right! For any amount I choose. Think of it. Nations of sheep, No decent.

Nico: And citizens who can turn into an army of berserkers!?

Darcy: Exactly! At the flick of my switch. That's power. Many will pay handsomely for this chip!

Nico: Over my dead body!

Eli: Not gonna happen you turd!

Eli kicked him in the face and smashed him down!

Me: And THEY Will not agree with your plan either!

They saw the mob!

Me: Game's over Darcy!

Then Carly Atlas, Spymaster, Xigbar, Pete, Mercurymon, Girder, Vanitas, Katnappe, Gator Ghoul, Manta Bayarsh, Chunky Chicken and Dogranio Yaboon appeared!

Nico: Carly Atlas, Spymaster, Xigbar, Pete, Mercurymon, Girder, Vanitas, Katnappe, Gator Ghoul, Manta Bayarsh, Chunky Chicken and Dogranio Yaboon.

Manta Bayarsh: Looks like the fun is already starting.

Carly: Sorry about your vacation, Johnny.

Johnny: It's okay.

Spymaster: It's not okay, dude.

Xigbar: We'll do something to make up for this.

Me: And that is a promise.

Pete: (to Nico) We heard you went to a cheese planet.

Nico: Oh we sure did and it was awesome!

Mercurymon: How much did you eat?

Nico: Tons of cheese!

Chunky Chicken: Wow! That must've been a great planet.

Nico: Yep.

Ed: CHICKEN!

Chunky Chicken: Okay, Ed. Go ahead and hug me.

Ed: HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN!

He hugged him.

Nico: (LAUGHS) So funny.

Me: I see that you are getting a shot Dogranio.

Dogranio Yaboon: Yes I am.

Liam: Hoowee it was bizarre.

Applejack: Yeah it was strange there.

Clay Bailey: Yeah those clothes that version of Hinata had were weird.

## Penny, Starlight Glimmer, Cozy Glow, Undead Skylanders, Lucy Heartfilia, Aquarius, Brandish, Cyclonus and Scourge VS Pete - Meeting a gene-slammer for Hot Red Dragon Archfiend King Calamity

---

Pete was next.

Pete: (to Penny) Heard you guys met a gene-slammer for Hot Red Dragon Archfiend King Calamity. What's her name?

Penny: It was really cool and her name is Leona Bānāasurīto. She is from Japan.

Starlight Glimmer: She is really athletic and has beaten Lynn in many kinds of sports.

Cozy Glow: But Lynn tried to kill Lincoln.

---

Leona Bānāasurīto: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Leona, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Leona Bānāasurīto: (Japanese Accent) That's incredible.

Nico: It sure is. So, Leona, what memories did you have with Lincoln?

Leona Bānāasurīto: (Japanese Accent) I remember this one time, we were training in the backyard of The Loud House, and I was showing Lincoln some Tae Kwan Do and Kung Fu techniques, but then, we heard the rumbling of feet, and who would show up but Lynn, and she was about to punch Lincoln in the stomach so she could see him cry and she'd laugh like the moronic pig she is, but Lincoln stopped her left fist with his left hand. This stunned Lynn, and she was about to punch him with her right fist, but he stopped it with his right hand, and then, he Judo-flipped her onto the ground.

This got her so mad, she tried to attack her blindly. I saw her attacks and they were wild and unfocused, but with all of the training I gave Lincoln, he was able to see Lynn's next move and intercept it, and when it was all done, Lincoln did an impressive sweep kick and knocked that animal down onto the grass. I was so proud of him, we hugged and (Blushes) I may have kissed him on the cheek. (Laughing Nervously)

Lincoln: Anyways, after I beat Lynn, we told Mom and Dad about what Lynn tried to do, and Lynn got a pretty nasty scolding from Mom and Dad, and she got grounded for nine weeks, and Lori, Lola, Lisa, and Luan were pretty angry that Lynn lost to me and they swore in anger that they were going to kill me and Leona and bury us in the Kalamazoo River.

Leona Bānāasurīto: (Japanese Accent) (Snickers) But, that was a big mistake they made, especially since everyone in the house heard their threat loud and clear, and they suffered the same fate as Lynn: grounded for nine weeks and they were put in five isolation cubes in the basement.

Nico: Oof, lesson learned: when someone opens their big mouth and makes a threat and it's made public, there's dire consequences.

Me: You said it, Nico.

Nico: But, Linc, that was so awesome that Leona taught you Tae Kwan Do and Kung Fu, and you used those techniques to defend yourself, especially around Lynn.

Lincoln: Thanks, Nico, but I only use it, in case Lynn, Chandler, or his goons tried anything.

Leona Bānāasurīto: (Japanese Accent) And if those five mean sisters team up, they're left to me. You can't imagine how many times I've broken Lori, Lola, Lisa, Luan, and Lynn's arms and legs, smashed their teeth in, and turned them into human pretzels. And I've also done the same to Chandler and his goons.

Nico: Ouch.

Lincoln: Yeah, it's mega painful.

FLASHBACK ENDS

Pete: Wow! That's amazing! And Leona taught Lincoln how to defend himself before he joined the team.

Hex: That was really something.

Lucy Heartfilia: That was so awesome too.

Aquarius: Really impressive if I do say so myself.

Brandish: I'll say. Really amazing.

Pete: I agree there. I'm proud of Leona and Lincoln too. Lets do it!

Roxanne Lowinsky: I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne. You can come out now, Marc Landon.

A 24 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder came out, it was Marc Landon, the Executioner of The Blood Dragons.

Roxanne Lowinsky: I should've known Bryan Greyson would send you to kill us, Marc Landon. But, your days of killing people are about to come to an end.

Marc Landon: I'll wipe that smug look off your face by killing you and everyone you love, and I'll enjoy bathing in your blood.

Roxanne Lowinsky: Still the same bloodthirsty lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Roxanne Lowinsky's brown eyes turned neon brown, and she was surrounded by a brown energy aura with Earth, lava, psychic energy, and The Strength, she unholsters her massive Arcana Force VIII - Strength and Sword of The Arcana swords from her back, and as she approached Marc Landon, she left brown energy, Earth, lava psychic energy, and Arcana Force VIII - The Strength with every step.

Roxanne Lowinsky: You've gotten away with one crime too many throughout the years since Bryan Greyson formed The Blood Dragons, not to mention the murders you've committed, Marc Landon, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Roxanne Lowinsky was surrounded by a massive vortex of brown energy with Earth, lava, and psychic energy surrounding it, there's Arcana Force VIII - The Strength flying around the vortex, and in the vortex is an orange phoenix. Then, as the vortex faded, Roxanne Lowinsky emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Roxanne Lowinsky grew from 6'5" to 6'11" in height, she has the body of a goddess, she has orange highlights in the bangs of her long flowing brown hair, she has neon brown eyes and a brown energy aura with Earth, lava, psychic energy, and Arcana Force VIII-The Strength surrounding her, she has Arcana Force VIII - The Strength and with the Earth Kanji in its hands emblazoned on her forehead, she has on Arcana Force VIII - The Strength earrings with brown gems for eyes and holding the Earth and Eternity Kanjis in its hands, she also has the Arcana Force VIII - The Strength with brown gems for the eyes and the Earth and Eternity Kanjis in its hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with brown crystal links from her merged Crystal Necklace of the Buddha and brown gems on the gold lightning bolts. Roxanne Lowinsky has on a short-sleeved dark brown blouse, sleeveless orange top with black lace designs, brown skirt, brown pants, red sneakers, and long dark brown sleeveless trenchcoat with Earth, lava, and psychic energy on the coattails, and on the back is Arcana Force VIII - The Strength surrounded by Earth. Suddenly, Roxanne Lowinsky felt a sharp pain on her back, and then, her massive dark brown angel wings grew much bigger for her new body, and the large dark brown feathers have brown tips. Roxanne Lowinsky has on a Ring of The Phoenix with dark brown gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Roxanne Lowinsky's massive Arcana Force VIII - The Strength and Sword of The Arcana swords began merging together and they were surrounded by a kaleidoscope of dark brown energy, Earth, lava, and psychic energy, and when it emerged, it's been transformed into Arcana Force VIII - The Strength's Earth Arcana Greatsword of Psychic Justice, it's a brand-new greatsword with Arcana Force VIII - The Strength and the Major Arcana card The Strength etched on the 7'0" massive, wide, double-edged dark brown blade, large dark brown angel wings for the crossguard, large orange gem embedded in the rainguard, longer black handle, and large orange gem with angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with dark brown gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Arcana Force VIII - The Strength with dark brown gems for eyes and a large dark brown gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental

Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on her right hip and Eater of Sins revolver holstered on her left hip. There's a black kanji below Arcana Force VIII - The Strength that said, "Roxanne Lowinsky, Gene-Slammer of Arcana Force VIII - The Strength, Very Strong and Powerful Psychic Mindreader and Clairvoyant, Loving Guardian Angel and Future Wife of Lincoln Loud, Destroyer of The Blood Dragons, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Dear Friend of Melanie McPherson, Catherine Hoshi, Jade Hyotonia, Loreena Kellington, Penelope Harrisburg, Yvonne Qinsington, Evelyn Francois, Sonnya Rexxington, Sophia Starron, Felicia Terrington, and Sylvia Starron, and Master of Earth, Psychic Energy, and the Arcana"

Roxanne Lowinsky has transformed into SUPER ANGEL ETERNITY INFINITY VOLCANIC EARTH ARCANA FORCE XVIII PSYCHIC ANGEL OF PSYCHIC WATER JUSTICE AND DIVINE CLAIRVOYANT LOVE!

We were amazed by Roxanne Lowinsky's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Marc Landon saw it, the thug got his knife and was about to stab her, but Roxanne Lowinsky fired a powerful blast of dark brown energy with Earth, lava, psychic energy, and Arcana Force VIII - The Earth, and it hit Marc Landon and he was sent flying into a wall.

Melanie McPherson: (Scottish Accent) Whoa, Roxanne's transformed, that's so awesome!

Nico: You said it, Melanie. This is going to be good.

Me: Same here.

Lincoln: Wow, Roxanne, you look beautiful. How do you feel?

Roxanne Lowinsky: (Divine Echoing Cosmic Voice of The Arcana Volcanic Earth Strength and Divine Clairvoyant Love) **I feel incredible, Linky. Now, shall we deal with that thug, Marc Landon, once and for all?**

Lincoln: (Smiles) With pleasure, Roxanne.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Roxanne Lowinsky.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that thug away for the rest of his life.**

Roxanne Lowinsky and Lincoln went after Marc Landon, who tried to shoot them with his gun, but they grabbed the bullets and they crushed them in their hands and they also melted his knife, and they fired powerful blasts of rainbow energy, brown energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, Fiends, and Arcana Energy at Marc Landon, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Nico: Uh oh, here it comes.

Marc Landon drank the werewolf serum, and we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **So, he wants to play it like that, huh? Okay, then.**

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's rip him to shreds.**

Sonnya Rexxington and Lincoln attacked him with their massive greatswords and left painful scars on him and they also spilled his blood and it caused him to roar in anger, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on his chest, and we saw the cure take effect as Marc Landon changed back to normal. Then, Roxanne and Lincoln fired a blast of magic and it hit Marc Landon, and put him into a special card prison where he'll be locked up until trial, and into a box that Melanie McPherson made, where she put Morgan Wesley, Gary Reese, Riley Cooper, and Nelson Everett into. We cheered wildly for what Roxanne Lowinsky and Lincoln did as they holstered their massive greatswords on their backs and powered down and Lincoln changed back, and Roxanne Lowinsky's new body, clothes, weapons, jewelry, and massive dark brown angel wings are permanent.

Roxanne Lowinsky: That's another Blood Dragon down and eight to go. Thanks for helping me take down Marc Landon, Linky.

Lincoln: (Smiles Warmly) You're welcome, Roxanne.

Suddenly, Roxanne Lowinsky wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down Roxanne Lowinsky's face, they kissed passionately as Roxanne Lowinsky's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force VIII - The Strength flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and a volcano erupting behind them and spews out lava and we cheered for them.

Geronimo Stilton: This was truly an exciting day today. First, on Nico's rescue, they took down a cheese villain named Rotten Cheese, and Nico was reunited with Layla Ratigan, and later on, Lincoln and his group went to Wildfire in the world of Magic the Gathering, and they destroyed RTN Hinata, and he was reunited with Leona Bānāasurīto, who was Gene-Slammed into Hot Red Dragon Archfiend King Calamity and she's one of his many Guardian Angels from Japan and friend from P.E, and later on, we went to England and we rescued Jonny and Dr. Quest from that madman, Darcy and mad scientist, Dr. Smallwood and sent them to prison, and Roxanne Lowinsky and Lincoln took down Marc Landon of The Blood Dragons. But, the battle against The Blood Dragons is still going on and the adventures are just beginning, reporting for The Rodents' Gazette from Gotham Royal York, I'm Geronimo Stilton, goodbye.

Nico: That was one awesome fight you and Roxanne Lowinsky waged against Marc Landon, Linc, and you guys also spilled some of his blood and you made him roar in excruciating pain.

Lincoln: Thanks, Nico, but we're not done yet, there's still seven more Blood Dragons to go, Bryan Greyson, Alan Cameron, Colin Mason, Justin Nolan, Eric Archer, Corey Hudson, and Kyle Carter.

Nico: And Bryan's not done yet with trying to kill us, which means the next Blood Dragon to deal with is Kyle Carter, who's the Torturer of The Blood Dragons.

Lincoln: He's known as a skilled torturer, and he's not above using violence to get what he wants, and like the other Blood Dragons, he's extremely violent. But, we won't let thugs like them run around in society a single second further.

Me: You got that right, a gang of professional criminals like the Blood Dragons deserve to rot in prison forever.

Jonny Quest: You said it. And thanks for rescuing me and my Dad, guys.

Nico: You're welcome, Jonny.

Lincoln: We're so glad you and your Dad are okay, Jonny. Still, I can't believe what that madman, Darcy, and that mad scientist, Dr. Smallwood were doing turning an entire town in England into an army of berserkers with mind control chips.

Nico: Me neither, big guy. Those two deserve to rot in prison forever and far away from society.

Girder: That's the second idiot who got discilpined by us.

Vanitas: The first was Ed Bighead.

Me: And now Darcy. Wow.

Katnappe: (to Taranee) And you got to use that new Morph Pen more against Darcy.

Layla Ratigan: I'm gonna love it here with you guys

Leona Bānāasurīto: Same with me.

Gator Ghoul: You girls won't regret it.

Manta Bayarsh: Now, to make Jonny and his dad's vacation the best one yet!

Nico: And I think I got the best idea.

We went to the river and had awesome fishing fun catching salmon and then we later came back to the estate and had salmon dinners. It was awesome.

Dr. Quest: Thank you for giving us a best vacation everyone.

Me: You're welcome doctor. Sorry Darcy gave you guys a hard time. But now he and his men are all locked up in the Neptune Prison.

Jonny Quest: And what about Smallwood?

Nico: Well he felt remorse for his actions so we decided to give him community service and that nobody got hurt.

Jonny Quest: That's good. (To the viewers) This was an awesome adventure and I hope you all liked it.

Nico: We all did. Great job today everyone. Lets head home.

We went back home and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome fanfic done and part 3 of the saga done.

This was a crazy adventure from the Real Adventures of Jonny Quest. The episode called Village of the Doomed was a really strange one and that was about a doctor that was making mind control chips to turn a town into a utopia. But Darcy had different plans. The episode aired on December 31st, 1996 and that was a strange episode to close out the year back then. It was cool though. Also the first part was for a planet made entirely out of cheese! That was an amazing world and Nico loves cheese. The second part was for the plane from MTG called Wildfire and that was a cool one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, kolbdog323, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, EtstheClarenceandTLHfan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. For Nico's next rescue tomorrow, Get ready to hurl your guts out for the next rescue as Nico, Kevin Reynolds, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily go to a planet made ENTIRELY out of chum! We're going to be really seeing Lana eat it all over and me hurling my guts out! We're also going to battle Another Meteor from Zi-O. And it'l be an old enemy from my past. Also we're going to meet an Incursean Gene-Slammer named Maggie Orbersson. Maggie is one of Nico's friends from gym class and she is a powerful martial artist and a deadly fighter and she even knows the moves from Mortal Kombat, Street Fighter and many more fighting games like that. She is also a deadly bully smasher. And she is also an Incursean Gene-slammer. For Lincoln's rescue tomorrow, Lincoln and his group are heading to the Elemental Plane of Fire in the world of Dungeons and Dragons, and Lincoln and his group are going to destroy Warduke, Venger's barbaric mercenary, and he wants revenge on us for what we did to Venger. And they're going to meet a beautiful Shooting Quasar Dragon Gene-Slammer named Kuēsā Sutādoragon (Kuēsā Sutādoragon means Quasar Star Dragon in japanese) who is not only another of Lincoln's Guardian Angels from Japan, but she's also Lincoln's classmate in Art Class who's a fashionista with a love of astronomy. Heck, she and Lincoln made clothes with constellations on them especially swimsuits plus she even made swimsuits with stars as well as decorations for girls, in case Lincoln ever gets a harem. So, yeah, she was prepared for when Lincoln ever gets a harem, and she hates Billy McLean with a passion. For the next chapter get ready to be spooked as we do the Loud House Episode called Tea Tale Heart and Lola is going to be spooked by a doll that is said to be HAUNTED! I'll be laying on the sofa recuperating from all that vomiting to do anything in that chapter.

See you all tomorrow.

# TEA TALE HEART

This chapter is a parody of the Loud House Episode called Tea Tale Heart

Flying through the voids of space was Nico, Kevin Reynolds, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were heading to a really mysterious planet.

Nico: I have a feeling this planet is gonna be really interesting.

Kaalia of the Vast: I have a feeling it will be cool.

Lola: Me too.

Me: All the planets we were at are cool.

Camie: They sure were awesome.

Miku Yuuki: I agree there guys.

Nico: Thanks for coming with me, Kevin.

Kevin Reynolds: Anytime Nico. This is gonna is gonna be so fun.

Lana: It sure will be fun.

Kaina Tsutsumi: Yeah it will.

Nico: Kevin, even though it wasn't smart, I appreciate you helping

Poromon out by giving him steroids.

Kevin Reynolds: That was cool though.

Me: Yeah Poromon looked really ripped with those arms. Manaphy couldn't stop gawking over him.

May: Yeah that was awesome though.

Me: Yeah.

Nico: That was cool. But if he ever does that again I'll beef you over the head with a Ham Hammer.

Lisa: But I still don't appreciate him doing football while I'm in the middle of experiments!

Nico: I didn't like that either Lisa.

Me: Me neither. That's usually Lynn's thing.

Lola: No kidding there.

Eli: But it was still not smart of Kevin to do that.

Kevin Reynolds: No it wasn't.

Nico: Stewie did the same thing. Especially the Toll in the Hall part.

Me: That's true he did do that.

Laney: He sure did and Stewie had to learn the hard way that using steroids is bad for you.

Nico: Yep.

Lola: That's why Bane uses Venom and J.D. should use the Venom Slappers only as a last resort.

Nico: Yep.

Me: That's true. Only when it's needed.

Nico: (to Kevin) And I'm very sorry that you and the other Supernoobs didn't get a chance to help us take Jock out during the Another Build shit.

Kevin Reynolds: Ah no big deal. Besides that was probably for the best. He hates us for everything we did to him.

Nico: Yeah you're right. He deserved the Black Gates too.

Lola: Yeah he sure did.

Miku Yuuki: Yeah he had it coming for a long time.

Rei Miyamoto: I hope he is having a really hard time in the Black Gates.

Lola: Yeah no kidding.

Kevin Reynolds: Besides, considering that he wasted an opportunity to kill Double D with Dr. Polaris and Magneto's powers due to his gloating, me and the others probably didn't miss out too much.

Nico: That's good. Jock always had a big ego and a massive swollen head.

Me: Yeah no kidding there.

Laney: He deserved it too.

Me: But he looked really cool as Another Build. Also if Dark Lynn comes back as another Kamen Rider or Secondary Rider we'll gladly smash her face in!

Lincoln: Yeah! She doesn't deserve to be around another second.

Nico: Yeah. Oh that reminds me. We need to start making bounties for Another Secondary Riders.

Lincoln: I'll have Girl Jordan look right into that.

Nico: Yeah.

Me: We're here.

We arrived at the planet and it was a pink world that looked like a planet made of flowers.

Nico: From up here it looks like a planet made of flowers.

Lola: It sure does.

Nico: Lets head down.

We went down to the planet and we landed and to our shock, disgust and horror IT WAS A PLANET MADE ENTIRELY OUT OF CHUM! YUCK AND DISGUSTING!

Kevin Reynolds: (in disbelief) Are you kidding me?!

Nico: It's a world made out of…

Me: (Gets green around the gills) A planet made of chum!?

I pulled out a bag and threw up in it!

Me: (VOMITS)

Maria: We're not eating this!

Me: (VOMITS IN BAG!)

Laney: This is so gross! If dad were here he would love to eat it!

Me: (VOMITS IN BAG!) So would Plankton!

Lana: Boy it's awesome!

Lana was eating it and she loved it and the intestines from the chum were moving!

Me: (VOMITS) Oh Lana!

Twilight Sparkle: That is disgusting!

Lola: Not only that but it SMELLS HORRIBLE!

Me: (VOMITS IN BAG) YOU DON'T KNOW THE HALF OF IT!

Eli: Lincoln I can't believe your dad loved eating chum! That is gross!

Kevin Reynolds: Okay. Maybe we should talk about other matters.

Nico: Yeah good idea.

Me: (VOMITS)

Nico: Oh boy. Maybe coming to this planet was a terrible idea for J.D. Lets just find the gene-slammer and whatever villain it is we're facing and get the hell out of here.

Me: (VOMITS)

Varie: That's a good idea. J.D. already filled up his bag half way.

Me: I know. But it's not your fault guys. I didn't know this planet would be made of chum.

Nico: Oh.

Eli: But Lana likes this planet.

Maria: That's 3 inedible worlds we found.

Lana: And I like all three of them.

Laney: Oh Lana you are a silly girl.

Nico: Another Secondary Riders aren't completely out of the question. We just need to find one.

May: And I think I see one!

We saw someone coming and it was ANOTHER METEOR!

Nico: Is that Another Meteor for Fourze?

Me: Cool! (VOMITS IN BAG)

Another Meteor: This is a gross world huh?

Me: (Gasp) That voice. Violet Hashington!?

Another Meteor detransformed and we saw that it was a punk girl with purple hair in a spiky fashion and had dark clothes with skulls and evil looking tattoos on her arms and she had blue eyes.

Violet Hashington: I'm flattered that you remember me J.D. This world is gross isn't it?

Me: That is a total understatement!

Nico: You know her J.D.?

Me: Yes I do. She is a bully I helped reform.

Nicole: Wow dad never told us about you Violet.

Violet Hashington: Long story on that.

?: We can't wait to hear it.

An Incursean appeared.

Nico: An Incursean!

Incursean: (In a girls voice) Been a while Nico.

Nico: That voice. Maggie Orbersson?

Incursean: Yep. Awesome to see you.

Nico: You too. Now lets get back to Earth and settle this there.

I threw up.

Nico: I don't know how much longer I can stand J.D. throwing up.

Violet Hashington: Yeah I don't like this planet.

Nico snapped his fingers and we teleported back and we were in the park.

Nico: That's better. At least we're in a place where J.D. won't be throwing up a lot.

Varie: Yeah.

Varie put me on a bench and Laney and Maria got me a lot of water.

Me: Thanks guys.

I drank the water to rehydrate myself.

Me: Ahh.

Maria: So J.D. how do you know Violet?

Me: Well it was a long time ago. Before I moved to Michigan. It was 8 years ago. Violet Hashington had a really nasty and terrible reputation as one of the meanest girls in school. I saw her picking on some of my friends and I was about to kill her for what she was doing. But then I saw pain in her eyes and I saw that she was a tormented and abused girl. She was raped and beaten by her dad and he killed her own mother right in front of her. She had a massive and powerful hatred towards her dad and I went over to help her. I helped her bring down her so-called down and we got him sent to death row. He was executed and buried in an unmarked grave because of it.

Violet Hashington: Yes and I changed my ways thanks to J.D. He saved me from myself.

Maria: Wow that is awesome J.D.

Nico: That is cool! Just like how I helped Cindy Richards.

Eli: Very coincidental.

Violet Hashington: It sure is.

Me: Yeah. And I will say this though Violet. You look awesome as Another Meteor. We've been meeting a lot of Kamen Rider teams over the last few weeks.

Violet Hashington: That's what I was hearing.

Nico: Yeah.

Kevin Reynolds: What's your favorite memory of Nico?

Incursean: I have a lot of them but my favorite is when I defeated the worst bully in mine and Nico's school. Like Nicole, I too am a bully bounty hunter and I go after the meanest bullies ever. I thrashed my latest target and it was 18 fingers Edwardton.

Nicole: Whoa I've heard of him. He was called that because he has 18 fingers on one hand due to a birth defect. He is known for killing 18 kids too.

Incursean: Yep. That was awesome and me and Nico took him down.

Nico: Yep.

Vroon: (to Violet) And what are you going to do with your Another Meteor power?

Violet Hashington: I'm hoping to use its powers for good. I have all the powers of the planets with me. But I can't control it. My power is so strong that I can't control it on my own.

Nico: Wow.

Incursean: That is awesome though.

Nico: I really missed you.

Incursean: Me too Nico. But we can talk after we help Violet.

Violet was enveloped in a swirl of cosmic gas and planets and she turned into Another Meteor!

Another Meteor: It's awesome having all these cool powers. But I wish I can control them better.

Nico: We'll gladly help you Violet.

Me: You guys go help her. All that vomiting made me tired and weak.

Maria: We'll watch over you J.D.

Me: Thanks Maria.

Nico: Okay. Just need to knock you down and it'll be done. Shouldn't be too hard. (fires Electro's lightning at Violet)

He fired a blast of lightning and electrocuted her all over.

Nico: Yeah!

Another Meteor got up.

Me: Wow!

She activated the switches of the planets and like the ones I had they were imbued with all the Non-Core Members of the Masters of Evil! She used the powers of Pluto and the Strawberry, Vanilla and Chocolate Technicolor Phantoms and she fired blasts of ice cream and drenched Nico in Chocolate, Vanilla and Strawberry ice cream!

May: NICO!

Nico: Wow! (Slurps) Yum! Great ice cream!

Maria: Shouldn't be too hard, huh?

Nico: Okay, maybe a little hard!

Me: Autumn Blaze would be really proud though.

Nico: Yeah.

Rainbow Dash: That is awesome! Your switches have all the powers of the Non-Core Members of the M.O.E.

Another Meteor: That's right.

Lola: That is so cool!

Another Meteor: It sure is. Watch this.

She activated the powers of Jupiter and the Cheese Monster and fired a glob of cheese sauce and it hit Maria and covered her in cheese.

Maria: (Slurps) Yummy! Cheese Sauce!

Nico: Okay. Time to use Roquefort's powers.

Nico got up and he was covered in ice cream. But he used Hydro Man's powers and washed it off. Then he summoned a bunch of cheese ninjas and they pounded Another Meteor down.

Nico: YEAH!

Me: Maybe I can still help from the sidelines. I learned this one from Natilee.

I pulled out some string and wrapped it around my fingers and did a Cats Cradle attack.

Me: Watch this.

I formed a star and fired a bunch of stars at Another Meteor and then she exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: YEAH!

Nico caught the Rider Watch and purified it and then we all got Astroswitches for ALL OF THE Members of the Masters of Evil Core and Non-Core! WOW!

Nico: Wow!

Me: Violet still deserves these powers though.

I snapped my fingers and she got the same kinds of switches we got and Nico gave Violet the Rider Watch for Kamen Rider Meteor.

Nico: There.

I went over and helped Violet up.

Violet Hashington: That was so awesome though!

Me: It sure was.

Violet hugged me and I hugged her too.

Then Maggie reverted back and she was a girl with light green hair and purple clothes.

Maggie Orbersson: Wow that was awesome.

Nico and Maggie then hugged.

Nico: Now we can hug.

Me: That was awesome though. Sorry you guys had to see me throw up a lot.

Eli: No worries bro.

Laney: But that world was disgusting.

Lola: Yeah.

Lana: But it wasn't that bad.

Me: For you Lana but not for me. But Violet that was so awesome that you can use the powers of all the Non-Core members of the M.O.E.

Violet Hashington: Yeah it sure was.

Nico: To counter the powers of the Another Secondary Riders, I'm gonna have to use my villain powers a lot.

Me: Good idea.

Lola: Yeah.

Nico: Now we can head home.

We did so.

After Nico's rescue, Lincoln, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Heathcliff, Sonja (Heathcliff), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Beast Boy are heading to the Elemental Plane of Fire in the world of Dungeons and Dragons, and not only is Lincoln going to rescue the fifteen girls here, but they're going to destroy Warduke, Venger's barbaric mercenary and he wants revenge for what happened to Venger.

But, I wasn't joining Lincoln's group since I'm laying on the sofa in the World Tree Estate recuperating from all the vomiting I did on Nico's rescue, and when they arrived in the Elemental Plane of Fire, it's a fiery plane of fire, and we were already sweating like crazy, and their energy auras flared up as we were gaining a very massive power and energy boost to our infinite energy and power, and they also have rainbow fire in the auras.

Lincoln: Whew, so this is the Elemental Plane of Fire in the world of Dungeons and Dragons, and I know what we're going to do here, not only am I rescue the five girls here, but we got word that Warduke, Venger's barbaric mercenary and he wants revenge for what happened to Venger.

Nico: That's right, big guy. As soon as the word got out that Warduke is here, we finally got a chance to kill him and send him to The Black Gates for good.

Lori: And I can't believe what happened to J.D. when you guys were on that planet of Chum.

Lincoln: I know, Lana was eating the chum all over and J.D. was hurling his guts out like crazy. But, he's home laying on the sofa recuperating from all that vomiting he did, and we told Lana to go wash her mouth out after all that chum she ate, gross. And thanks for joining us, Beast Boy.

Beast Boy: You're welcome, Lincoln. I hope J.D.'s going to be okay.

Lincoln: Don't worry, he will, he just needs some rest and relaxation after what happened.

Lana: Well, I can't help it. You know I love gross food.

Eli: Gross.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of fifteen girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the fifteen girls, but they've been cornered by Warduke, and he's going to kill them.

Lincoln: Guys, I found the fifteen girls, but they've been cornered by Warduke, and he's going to kill them.

?: (Japanese Accent) That ruthless barbarian mercenary, let's get him.

Suddenly, Lincoln's group saw the Duel Monster, Shooting Quasar Dragon, appear before them.

Nico: Wow, that's the Shooting Quasar Dragon, awesome.

Lincoln: And I'd recognize that Japanese accent from anywhere, I knew it's you, Kuēsā Sutādoragon, but we'll talk later, we've got a barbarian mercenary of Venger's to kill.

They rushed on over, and Lincoln fired very powerful rainbow energy balls and elemental forces at Warduke, and that allowed the fifteen girls to get away. When Warduke saw them, he was enraged.

Warduke: So, the famous Team Loud Phoenix Storm's arrived? Now, I will have my revenge on you all for what you did to Master

Venger.

Lincoln: Venger deserved to die for his crimes, and now, you will suffer the same fate.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Beast Boy, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Warduke, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, and Magic, and they exploded with incredible power as they hit him.

Then, Lincoln and Warduke engaged in a powerful sword fight, and sparks were flying all over, but Lincoln had the advantage on him, as he then disarmed Warduke of his magic sword, and the large rainbow gem embedded in the rainguard of his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds fired a blast of rainbow light, and it hits Warduke's magic sword and absorbed it. Then, Lincoln sprouted out one of his eleven massive, long, and powerful white werewolf tails with Cell's suction stinger and as he stabbed it into Warduke's back, Lincoln began absorbing his bio-energy and sucking him in. When Lincoln was done, all that was left of Warduke were his skull-motif shield, a half-suit of blue chainmail, loincloth, gold belt, and most notably, his helmet complete with "bat wing"-like ridges Everyone cheered wildly as they holstered their weapons and powered down.

Lincoln: Well, that's it for that barbarian mercenary, Warduke. (To Kuēsā Sutādoragon) And it's so good to see you again, Kuēsā Sutādoragon.

Kuēsā Sutādoragon reverted back to normal, and she's a beautiful girl with long flowing blue hair, blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful white angel wings with stars, and she reigned in the power of Shooting Quasar Dragon, and she's dressed in a short-sleeved blue blouse, sleeveless white midriff top, long blue skirt with stars and constellations on it, white pants, blue knee-high high-heeled boots, and long dark blue sleeveless trenchcoat with stars, constellations and dragons on the coattails, and Shooting Quasar Dragon on the back, and holstered on her back is a large Shooting Quasar Dragon-themed greatsword with Shooting Quasar Dragon and stars etched on the 7'0" massive, wide, double-edged white blade, Shooting Quasar Dragon's wings for the crossguard, large blue gem embedded in the rainguard, longer black handle, and large blue gem surrounded by angel wings for the pommel.

Kuēsā Sutādoragon: (Japanese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Kuēsā Sutādoragon and they hugged, and Kuēsā Sutādoragon's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Kuēsā Sutādoragon: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Kuēsā Sutādoragon, she's my classmate from Art Class and she's one of my many Guardian Angels from Japan. She's also an amazing fashionista with a love for astronomy. We even made clothes with constellations on them, especially swimsuits.

Nicole: Combining a love for fashion and astronomy, I like her already.

Lincoln: You'll love her even more, Nicole, she even made swimsuits with stars as well as decorations for girls in case I ever get a harem, so she was prepared for when I ever get a harem.

The gang were completely stunned.

Nicole: So, when she finds out whenever you get a harem, she made swimsuits with stars as well as decorations for girls. Talk about being really prepared.

Kuēsā Sutādoragon: (Japanese Accent) That's right, and judging from the rescues Lincoln's been doing, he's been rescuing a ton of girls, and reuniting with his many Guardian Angels in the process, that's even more amazing.

Kuēsā Sutādoragon gave the many girls in Lincoln's harem swimsuits with stars and decorations on them, and she gave Lincoln a brand-new pair of large orange swim trunks with stars, constellations, Thunderbird, Phoenix, Angel, Buffalo, and elemental forces on them. Suddenly, a Thunderbird Necklace of Eternal Love appeared around Kuēsā Sutādoragon's neck with blue gems on the gold thunderbolt links and white crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Kuēsā Sutādoragon: (Japanese Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Kuēsā.

Kuēsā Sutādoragon had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Kuēsā Sutādoragon's waist and Kuēsā Sutādoragon wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Kuēsā Sutādoragon's face and kissed her on the lips, and she also returned it, and we cheered for them. Then, we went up to the fifteen girls, and when Lincoln saw them, he immediately recognized them. The fifteen girls are Josephine "Josie" McCoy, Valerie Brown, and Melody Valentine from the Josie and the Pussycats cartoon, Sage, Libby, Leona, Vega, Scarlet, Adora, Tessa, Cassie, Gemma, Clover, Astra, and Piper from Star Darlings.

Lincoln: Oh wow, it's Josephine "Josie" McCoy, Valerie Brown, and Melody Valentine from the Josie and the Pussycats cartoon, Sage, Libby, Leona, Vega, Scarlet, Adora, Tessa, Cassie, Gemma, Clover, Astra, and Piper from Star Darlings.

Luna: What?! Josie and the Pussycats are among the girls you rescued?! Dude, they're one of the most awesome bands ever.

Nico: Oh man, and I've been to some of their concerts whenever they tour the world. Wait until J.D. sees them, he's going to be stoked.

Lincoln: You bet he will, Nico. Are you girls okay?

Josephine "Josie" McCoy: Yeah, we're okay, thanks to you.

Then, when Josephine "Josey" McCoy and the other fourteen girls saw who it was that saved them from Warduke, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope,

Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit

Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Josephine "Josie" McCoy: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fourteen clones of himself, and he and the fourteen clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and everyone cheered wildly at the scene.

Josephine "Josey" McCoy: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fifteen Thunderbird Necklaces of Eternal Love appeared on the necks of Josephine "Josie" McCoy, Valerie Brown, Melody Valentine, Sage, Libby, Leona, Vega, Scarlet, Adora, Tessa, Cassie, Gemma, Clover, Astra, and Piper with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. Lincoln and his group returned to the TLPS World Tree Estate, and the rest of the team were shocked when we found out the villain they went after in the Elemental Plane of Fire in the world of Dungeons and Dragons was Warduke, Venger's barbarian mercenary and he wanted revenge on us for what we did in destroying Venger.

But, when Lincoln showed us what he did to Warduke and banishing his evil spirit to The Black Gates after Lincoln absorbed him, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Kuēsā Sutādoragon have a lot of catching up to do now that she's back in town, and now, we're rid of Warduke for good, and we're now finally rid of Venger for good, and they're never coming back.

---

After destroying Warduke, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Kuēsā Sutādoragon saw Lincoln working out like crazy, she had an atomic red blush on her face.

But, I was still recuperating on the sofa after that gross rescue on the planet of Chum, and my harem was there with me.

Kuēsā Sutādoragon: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Kuēsā, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Kuēsā Sutādoragon: (Japanese Accent) That's incredible.

Nico: It sure is. So, Kuēsā, what memories did you have with Lincoln?

Kuēsā Sutādoragon: (Japanese Accent) I remember this one time, Lincoln and I were making some amazing clothes and swimsuits with stars and constellations, and he even made a shirt with the constellation of Canis Major on the front and surrounded by many other gleaming stars, and I was so impressed by what he made. Plus, he told me that one day, I could start a constellation fashion line, a line of clothes with the constellations in the sky. Combining my love for astronomy, art, and fashion and sharing it with everyone in the world, that would be a big dream of mine. But, as we got back to work, Lori came in and ordered him to be an ottoman so she could paint those raptor claws that I call her fingernails. But, Lincoln told Lori "no", and that he was busy with helping me with making some clothes. Lori got so angry, and she grabbed a pair of scissors and tried to stab Lincoln in the chest with them, but I sweep kicked Lori and knocked her down and we tied her up to a chair with nylon rope. We called Mr. and Mrs. Loud, and they came, along with the rest of the sisters, and when I got done telling them of what Lori tried to do to Lincoln, Lori got grounded for ten weeks and Leni kicked her out of their room and told us Lori's sleeping in the basement until her punishment's up, and Luna also smashed her cymbals in Lori's face and made her go deaf for a week.

Everyone cheered for what Kuēsā did to Lori.

Nico: A talented artist and fashionista with a love of astronomy and a Guardian Angel who lived up to her reputation by putting Lori in her place, awesome.

Me: (Still Sick) That's awesome.

Kuēsā Sutādoragon: (Japanese Accent) And Lincoln told me what happened, are you going to be okay, J.D.?

Me: (Still Sick) Yeah, I'll be alright. Just need to recuperate after all that you-know-what that Lana ate.

Lori: Which is why we're personally going to make sure Lana doesn't try to bring that stuff into the house.

Lana: Aw man.

Lincoln: Not only is it for everyone's and your own good, Lana, but you saw what happened to J.D. this morning on Nico's rescue. And don't worry, J.D., I'm going to make you some soup when we get back from our beach date, and we'll be wearing the new swimsuits that Kuēsā made and gave to us.

We got a shower afterwards, and then, Lincoln and his harem were getting ready for their date at Bubblaine in the world of Mario. But, Lincoln also told us that Kyle Carter, the Torturer of The Blood Dragons, is heading for them, and on the orders of Bryan Greyson to kill them, but they'll be ready for that son of a bitch.

Lincoln snapped his fingers, and the 7'5" tall, handsome, and extremely muscular man was dressed in the large orange swim shorts with stars, constellations, Thunderbird, Phoenix, Angel, Buffalo, and elemental forces that Kuēsā gave him, large orange sandals, his jewelry, and he had his weapons holstered, since there's going to be trouble from the Blood Dragons.

And his harem were dressed in the two-piece bikinis with stars and constellations in their favorite colors that Kuēsā gave them, sandals, jewelry, and they had their weapons holstered, since there's going to be trouble from the Blood Dragons.

Lincoln: Alright, ladies, are we ready?

Kuēsā Sutādoragon: We're ready, Linky.

Lincoln and his harem headed for Bubblaine after leaving the World Tree Estate, and when they arrive at Bubblaine, it's still as amazing as ever.

Lincoln: Ah, Bubblaine, it's still as amazing as ever. And I love the swimsuits you made for the girls in my harem, yourself, and for me, Kuēsā.

Rarity: Indeed, Linky, her constellation fashion line is truly amazing.

Kuēsā Sutādoragon: (Japanese Accent) Thanks, Lincoln and Rarity. Shall we?

Lincoln and his harem dived right into the waters and they began swimming in the waters, and they also saw the sea creatures and plants that live there. Then, they also were working on their tans in the sun by lying out on towels in the sand, and they also had fun playing some volleyball, and the girls also got an atomic blush when they saw Lincoln lift up the heaviest barbell he conjured up and it weighed up 10,000 pounds, and that's just a fraction of just how strong Lincoln's become and he's still becoming.

?: You punks are going to pay for what you did to The Church of Necrom.

big trouble incoming.

Evelyn Francois: I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne. You can come out now, Kyle Carter.

A 24 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder came out, it was Kyle Carter, the Torturer of The Blood Dragons.

Evelyn Francois: I should've known Bryan Greyson would send you to kill us, Kyle Carter. But, your days of killing people are about to come to an end.

Kyle Carter: I'll wipe that smug look off your face by killing you and everyone you love, and I'll enjoy bathing in your blood.

Evelyn Francois: Still the same bloodthirsty lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Evelyn Francois's blue eyes turned neon blue, and she was surrounded by a blue energy aura with gravity, psychic energy, and The Hanged Man, she unholsters her massive Arcana Force XII - The Hanged Man and Sword of The Arcana swords from her back, and as she approached Kyle Carter, she left blue energy, gravity, psychic energy, and Arcana Force XII - The Hanged Man with every step.

Evelyn Francois: You've gotten away with one crime too many throughout the years since Bryan Greyson formed The Blood Dragons, not to mention the murders you've committed, Kyle Carter, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Evelyn Francois was surrounded by a massive vortex of blue energy with gravity and psychic energy surrounding it, there's Arcana Force XII - The Hanged Man flying around the vortex, and in the vortex is a sea foam green phoenix. Evelyn Francois has on a Ring of The Phoenix with blue green gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Evelyn Francois's massive Arcana Force XII - The Hanged Man and Sword of The Arcana swords began merging together and they were surrounded by a kaleidoscope of blue green energy, gravity, and psychic energy, and when it emerged, it's been transformed into Arcana Force XII - The Hanged Man's Gravity Arcana Greatsword of Psychic Justice, it's a brand-new greatsword with Arcana Force XII - The Hanged Man and the Major Arcana card The Hanged Man etched on the 7'0" massive, wide, double-edged blue green blade, large blue green angel wings for the crossguard, large blue green gem embedded in the rainguard, longer black handle, and large blue green gem with angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with blue green gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Arcana Force XII - The Hanged Man with blue green gems for eyes and a large blue green gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on her right hip and Eater of Sins revolver holstered on her left hip. Evelyn Francois has transformed into SUPER ANGEL ETERNITY INFINITY GRAVITATIONAL ARCANA FORCE XII PSYCHIC ANGEL OF PSYCHIC GRAVITY JUSTICE AND DIVINE CLAIRVOYANT LOVE!

Lincoln's harem were amazed by Evelyn Francois's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Kyle Carter saw it, the thug got his knife and was about to stab her, but Roxanne Lowinsky fired a powerful blast of blue green energy with stars, psychic energy, and Arcana Force XII - The Hanged Man, and it hit Kyle Carter and he was sent flying into a wall.

Melanie McPherson: (Scottish Accent) Whoa, Evelyn's transformed, that's so awesome!

Paige: You said it, Melanie. This is going to be good.

Lincoln: Wow, Evelyn, you look beautiful. How do you feel?

Evelyn Francois: (Divine Echoing Cosmic Voice of The Arcana Gravitational Hanged Man and Divine Clairvoyant Love) **I feel incredible, Linky. Now, shall we deal with that thug, Kyle Carter, once and for all?**

Lincoln: (Smiles) With pleasure, Evelyn.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Evelyn Francois.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that thug away for the rest of his life.**

Evelyn Francois and Lincoln went after Kyle Carter, who tried to shoot them with his gun, but they grabbed the bullets and they crushed them in their hands and they also fired a gravity blast which destroyed his gun, and they fired powerful blasts of rainbow energy, blue green energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Arcana Energy at Kyle Carter, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Ronnie Anne: Uh oh, here it comes.

Kyle Carter drank the werewolf serum, and we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **So, he wants to play it like that, huh? Okay, then.**

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's rip him to shreds.**

Evelyn Francois and Lincoln attacked him with their massive greatswords and left painful scars on him and they also spilled his blood and it caused him to roar in anger, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on his chest, and the cure took effect as Kyle Carter changed back to normal. Then, Evelyn and Lincoln fired a blast of magic and it hit Kyle Carter, and put him into a special card prison where he'll be locked up until trial, and into a box that Melanie McPherson made, where she put Morgan Wesley, Gary Reese, Riley Cooper, Nelson Everett, and Marc Landon into. We cheered wildly for what Evelyn Francois and Lincoln did as they holstered their massive greatswords on their backs and powered down and Lincoln changed back, and Evelyn Francois's new body, clothes, weapons, jewelry, and massive blue angel wings are permanent.

Evelyn Francois: That's another Blood Dragon down and six to go. Thanks for helping me take down Kyle Carter, Linky.

Lincoln: (Smiles Warmly) You're welcome, Roxanne.

Suddenly, Evelyn Francois wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down Evelyn Francois' face, they kissed passionately as Evelyn Francois' left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force XII - The Hanged Man flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces behind them and the rest of Lincoln's harem cheered for them.

Yvonne Qinsington: Which means tomorrow, you and I are going to take down Corey Hudson, the Interrogator of The Blood Dragons, Linky.

Lincoln: Yep, and we're going to make sure that thug pays for everything he's ever done, Yvonne.

Then, after they dealt with Kyle Carter, Lincoln and his harem had lunch in a picnic area located in the north underneath some trees and it was really amazing. Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem and they wrapped their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Lincoln and his clones, and they shared an amazing and passionate super-charged kiss. Then, they came back home to the World Tree Estate, and back in their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico, we went to Bubblaine in the world of Mario and we had fun there.

Girl Jordan: And we even saw him lift up a 10,000-lb barbell with only one hand, and we were really blushing like crazy.

Mollie: Well, can we help it, Linky's become a really strong and extremely muscular manly man, and his charm and charisma easily gets a girl's attention.

Evelyn Francois: And we also took care of Kyle Carter, the Torturer of The Blood Dragons, and we had him put into a card prison.

Nico: Awesome, that'll teach that punk a lesson.

Lincoln: You said it, and is J.D. doing okay?

Nico: Yeah, he's resting, Linc. So, what's this soup you're going to make for J.D.?

Lincoln: You and your harem meet us in the kitchen and we'll talk about it, but don't let the mascots see you.

Nico: Gotcha.

---

Later it was time for Flora's final ambassador mission.

William: Anyone else wanna go with Flora? Besides Juru and 4 Rabbids?

Luan: I'll go!

Me: I knew you wanted to go Luan.

Megan Kiraton: It's gonna be so awesome and you will love Aruto's jokes.

Nico: Yeah they are great.

Eli: They sure are.

Natilee: Me and the rest of the Kiramagers will go as well.

Nico: Cool! Awesome Natilee.

Me: Yeah you guys will love them.

Sylvia Exetor: Can me and Yodonna come as well?

Nico: Sure. The more the merrier.

Yodonna: It'll be awesome to meet them.

Nico: Yep. Lets head out.

We were off to Japan.

We arrived at Japan and Aruto saw us.

Aruto: Hey guys!

Lisa Loud: Greetings Aruto.

Flora: Aruto, meet Luan. Luan, meet Aruto.

Luan: Awesome to meet you. Luan Loud, Comedian and jokester of the Loud House.

Lisa Loud: And she is also my fourth born elder sister.

Aruto: Awesome to meet you Luan. Lisa told me so much about you and you are really funny.

Luan: I'm glad she did.

Me: Also these are the Kiramagers.

Juru: Awesome to meet you guys. My name is Juru Atsuta - Red Kiramager.

Shiguru: I'm Shiguru Oshikiri - Blue Kiramager.

Sena: Sena Hayami - Green Kiramager.

Tametomo: Tametomo Imizu - Yellow Kiramager.

Sayo: Sayo Oharu - Pink Kiramager.

Takamichi: And I'm Takamichi Crystalia - Silver Kiramager.

Aruto: Wow it's an honor to meet you all.

Juru: Same here.

Me: And this is my daughter Natilee.

Natilee: Awesome to meet you. Natilee Knudson, Celtic Princess and Guardian of the Dream World. Also I'm the Rainbow Kiramager.

Nico: She just joined them.

Sylvia Exetor: Awesome to meet you too. Sylvia Exetor, Nico's friend and I'm also a Vampire Bat Gene-Slammer.

Yodonna: And I'm Yodonna, former member of Yodonheim and now Sylvia's archenemy.

Aruto: Wow awesome to meet you all.

Isamu: (to the Kiramagers) I feel like we should've teamed up with you guys before today.

Juru: Yeah but we didn't have you guys with us when we met the Zenkaigers.

Me: Although that would have been really awesome to have all the Kamen Riders all with us.

Sena: It sure would be awesome.

Yodonna: I thought so too.

Aruto: By the way J.D. are you alright? You look really pale and tired.

Me: I'll be all right. I've had a really gross experience earlier this morning. It was on a planet we went to that was made entirely out of chum.

Nico: And word of advice. Don't ever say the word C-H-U-M around J.D. He throws up every time.

Aruto: Oh man. Sorry about that J.D.

Me: I'll be all right. Just because I'm green around the gills doesn't mean I can still kick some butt.

Aruto: That's good.

Nico: Isamu, have you seen an Another Rider version of your Vulcan form?

Isamu: No. But I thought no Another Secondary Riders existed.

Me: Well we found out that they actually DO exist. We battled one that was for Another Meteor for Fourze.

Nico: Yeah she was a friend from J.D.'s past that he saved from herself.

Me: Long story.

Natilee: But it was awesome that dad did that for her.

Aruto: Wow. But if we see any we'll let you know.

Me: Great. Girl Jordan is working on wanted posters for the Another Secondary Riders right now. Big bounties involved

Aruto: J.D., after this mission, are you sure you want to go back to Gotham Royal York? Because I'm very concerned with how easily the people there turn on you.

Me: Don't worry about it Aruto. We're not going to let that happen.

Nico: We went through so much over the last 6 and a half years and it was both good and bad.

Eli: Yeah.

Aruto: Good. As long as you'll be all right.

We then heard a motorcycle and then we went to see.

Nico: (sees a odd red motorcycle outside) That's an odd motorcycle.

We looked and saw that it was actually Accel's motorcycle!? What the?

Me: Is that Ryu?

Eli: No it's not. I sense something dark about it.

Me: That's Another Accel!

Nico: Oh man! Lets go get it!

Nico smirked and then threw a paint can at the motorcycle.

SPLAT!

Another Accel: HEY!

He transformed and revealed himself!

Another Accel: Thanks a lot! You ruined my paint job!

Nico: Wait that voice! Yuri Vennington!

He de-transformed and revealed himself! Yuri was a blond guy with blue eyes and he was dressed in black clothes.

Yuri Vennington: Glad you remember me Nico. I'm flattered.

Nico: I still haven't forgotten what you did to so many of my friends!

Sylvia Exetor: Me neither!

Me: You know him Nico?

Nico: Unfortunately yes. Yuri was a rich kid that I hated with a vengeance. He was a heartless bully that thought he was better than everyone because he was worth more money than anyone and in the end I gave him his own form of karma. I got him expelled and got him disowned and sent him to a boarding school in Russia.

Yuri Vennington: And I will never forgive you for it! I hate you more than life itself!

Nico's aura flared up with incredible power!

Aruto: You'll hate us even more when you get what you deserve.

Yuri Vennington: Oh, I doubt it. You and your pal over there are gonna be quite busy with my other friends!

Me: You have Magia with you too!

Yuri Vennington: Yes I do! Come on out boys!

Out came CRUSHING BUFFALO, SPLASHING WHALE, STORMING PENGUIN, INVADING HORSESHOE, SCOUTING PANDA and ARK NEOHI!

Nico: Whoa!

Me: Awesome choices!

Nico: Time to kick some butt!

Aruto, Isamu, Flora and Yui: Henshin!

Natilee and the Kiramagers: Kiramai Change!

Yodonna: YODON CHANGE!

They transformed!

Juru Atsutal: "Shining Sparkling! Kiramai Red!"

Tametomo Imizu: "Precise Shooting! Kiramai Yellow!"

Sena Hayami: "Dashing Lightning! Kiramai Green!"

Shiguru Oshikiri: "Unstoppable Edge! Kiramai Blue!"

Sayo Oharu: "Incredible Dexterity! Kiramai Pink!"

Takamichi Crystalia: "Shining Breakthrough! Kiramai Silver!"

Natilee: "Refracting Beauty! Kiramai Rainbow!"

Yodonna: Darkness Wings! Yodonna!"

Kiramagers, Yodonna and Natilee: "Arriving in a flash! With a 24-carat solution! Mashin Sentai Kiramager!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A Massive fiery explosion went off behind them and they were ready!

Nico: YEAH!

Me: So cool!

Eli: That was awesome!

Me: Yep. Now for me. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS!)

I turned into WOLF MOON 🌙!

Aruto: There's only one person that can stop you. And that's me!

Nico: And us because we're going to kick your big ugly fucking asses to Timbuktu!

Eli: Yeah!

Me: Time to give these fucking jerks what for!

Aruto charged at the Crushing Buffalo Magia and he charged at Aruto and then he slid under his legs and kicked him in his butt and Nico punched him in his face.

Nico: Chew on this horn boy! (Uses Tchang Zu's lightning powers)

Nico fired a massive blast of lightning and electrocuted Crushing Buffalo all over.

Me: Hey Blubberface! Try this on!

I pulled out an Eyecon and activated it!

ELIZABETH HOWE AND BEN RAVENCROFT!

Me: DARK MAGIC OF SALEM STRIKE!

I fired a blast of Dark Magic and it hit Splashing Whale Magia and turned him into a big block of cheese!

Me: Yeah! Nico!

I lifted him up.

Nico: Whoa! Ben Ravencroft's Eyecon?

Me: Yep and with the spirit of Elizabeth Howe.

Nico: She was executed for Witchcraft back in 1692.

Me: Yep.

I threw it and Nico then jumped and ate the cheese magia.

Nico burped.

Nico: Oops pardon me.

Eli: Nice work bro!

Nico: Ben Ravencroft would be proud.

Me: He sure would.

Aruto: That one really Cut the Cheese! (LAUGHS) That was a work of Aruto!

We laughed!

Luan: (LAUGHS) Good one Aruto!

Me: I told you he was a kick in the butt Luan.

Sylvia Exetor: Yodonna lets see what your Eyecon will do.

Yodonna: I have a feeling it's gonna be awesome.

Sylvia activated her Eyecon.

MORDRED AND YODONNA!

Sylvia Exetor: DARKNESS OF MORDRED BLAST!

She fired a blast of darkness and it hit Storming Penguin and he exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was destroyed!

Me: YEAH!

Nico: Wow! Mordred the Illegitimate son of King Arthur.

Me: That was back over 1,500 years ago.

Aruto: Darkness Falls on you! (Laughs) That was a work of Aruto!

We laughed!

Luan: (Laughs) That was a good one!

Yuri Vennington: You useless tin cans!

Isamu: Hey! That's no way to talk to your teammates!

Me: Yeah you jerk!

Nico: Yuri hated teamwork and did things alone all the time.

Me: He's like your own version of an evil Sasuke!

Nico: Yep.

Me: Too bad I don't have a good rant fit for him.

Eli: Yeah.

Nico: If you really want me, come get me!

Yuri Vennington: With pleasure!

He went at Nico and punched at him and then…

KRASMASH!

Nico kneed him right in the balls and we heard a sickening crunch!

Me: (WINCES) OOH! RIGHT IN THE KIWIS!

Aruto: (WINCES) OUCH!

Nico: That's for peaking into the girls locker room you jerk!

POW!

Nico punched him in the face and knocked him down! Yuri got up and he had blood coming out of his mouth!

Yuri Vennington: You asshole!

Yuri turned into Another Accel again, turned into his motorcycle form, and drove at us.

Nico: Lets see how you like this! (Uses Po Kong's Powers)

Nico punched the ground and upheaved a bunch of rocks and smashed Another Accel all over and buried him in rocks!

Me: Yeah!

Juru: Lets see how they like this!

The Kiramagers blasted Invading Horseshoe and he exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eli: YEAH!

Me: Three down.

Aruto: Time to go Zero-Two!

Zero-Two Rise! Road to Glory has to Lead to Growin' path to change one to two! Kamen Rider Zero-Two! It's never over.

He was really awesome in his Zero Two Form!

Me: Oh yeah!

Lisa Loud: This form is most amazing and cool!

Nico: Yeah!

Me: Lets see how he likes this one.

I activated Parasite's Eyecon!

LOUIS PASTEUR AND PARASITE!

Me: DRAINING LEECH BLAST!

I fired a purple energy blast and it weakened Another Accel and he was down to his last bit of energy as he reverted back!

Nico: Awesome!

Me: Yep. Louis Pasteur was the greatest French Chemist ever.

Eli: Yeah he was.

Nico: See if he has any Gaia Memories.

I then saw a light on my belt and then I saw Gaia Memories for all the Non-Core Members of the Masters of Evil appear!

Nico: Wow he does!

Me: Awesome!

Eli: And look! When you drained him bro the Another Accel Rider Watch came out of him.

Eli used the Force and brought it over to us and I caught it.

Nico: Nice one!

I purified the watch.

Nico: Guess I don't have to strain myself with countering their powers after all.

Me: Just have me use Celica's Eyecon to do so.

Nico: Very clever.

Eli went over and slapped the cuffs on Yuri.

Yodonna: We're not done yet.

We took on the rest of the Magia.

Me: And then there were two.

Isamu: Just two of them shouldn't be too hard!

Nico: Nope.

Me: I got this.

I pulled out Dark Spicer's Progrise Key and activated it and I got a warhammer for his Ultimate Way Big Form!

Eli: A Warhammer for Ultimate Mega Large!

Luan: Awesome!

Nico: You're in BIG trouble now!

Luan: (Laughs) Good one Nico!

Nico: Thanks!

Me: Here's your warning, Your ass is about to be kicked!

I then lifted it up and then…

KRASMAAAAAAASSSSSHHHH!

I smashed Scouting Panda into a pulpy pancake and he exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: YEAH!

Aruto: Let's finish this up!

Nico: Lets finish it with a combo!

Me: Good idea!

Me, Nico, Luan, Flora, Zero-One Kamen Riders, Kiramagers, Yodonna and Eli: WOLF MOON MACHINE SUPER BLAST!

We fired a massive blast of energy and it hit Ark Neohi and exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was destroyed!

Nico: YEAH! Yuri, you and your six Magia have failed this city!

Me: Now to bury the 6 Magia in the junkyard.

Eli: Yeah!

Luan: That was one that Junked the Gun! (LAUGHS) Get it?

We laughed!

Me: (LAUGHS) That was a good one Luan!

Nico: (laughs) Yeah.

Yuri: I had so much power!

Aruto: And yet, no responsibility.

Me: That's right you fucking douchebag! With great power comes great responsibility!

I teleported him to the Neptune Prison.

We later came back.

May: Hey guys.

Nico: Wow what an awesome way to finish that mission set.

Me: Oh yeah!

We told everyone about it and it was cool!

May: Wow!

Eddy: (Laughs) Those were great jokes!

Me: Yeah they were! (Dizzy) Whoa man.

Nico: Uh oh.

Nico caught me.

Nico: You're dizzy from losing all that fluid dude. You need to rest.

Me: I know.

He put me on the sofa.

Me: Thanks man. But at least I made it through these missions to finish up Flora's missions.

May: Pohatu, for your first mission, Jack Landors and 2 Rabbids should go with you.

Pohatu: Awesome! So my missions are next.

Me: The Build Kamen Riders are next.

Nico: Yep. That was a cool one.

Me: It'll be awesome to see Gentoku again. I wonder how he is doing.

Nico: We'll find out in 2 days.

After Flora's Ambassador Missi0n, Lincoln and his harem and Nico and his harem were in the kitchen, along with the rest of the team.

Lincoln: Okay, guys, ever since that rescue on the planet made of you-know-what, J.D.'s hurled his guts out like crazy.

Nico: And it didn't help that Lana made it even more nauseating.

Everyone looked at Lana for what she did, and she giggled nervously for what she did.

Lincoln: Right. So, we're going to make some soup for J.D. to feel better: it's a recipe Dad's used in case any of us ever got sick, it's his famous Chicken Soup with chunks of grilled chicken, seasonings, noodles, and warm chicken broth.

Rita: Excellent idea, sweetie. But, I can guess you also have another surprise.

Lincoln: You guessed it, Mom. I'm also going to add a little something to the soup to make sure J.D. makes a full recovery.

Lincoln fired a blast of rainbow light, and it formed the same rainbow flowers that I used to cure Mrs. Santiago.

Nico: Whoa, those are the same flowers that J.D. 2 made and that J.D. used to cure Mrs. Santiago when she got sick when she had contact with the sick patients at the hospital.

Lincoln 2: (Through The Rainbow Thunderbird and Third Eye Rainbow Iris) That's right, Nico, and as you all saw, Lincoln can also grow these beautiful flowers by firing a blast of rainbow light, and that's another sign of his powers constantly evolving.

Nico: Awesome.

Lincoln: Thanks, now then, let's get to work. Nico, you and your harem are in charge of grilling the chicken, seasoning it, and cutting it into chunks for the soup, Lori, you and the other sisters are in charge of boiling the soup noodles, and my harem will also help you in preparing the chicken broth. Varie and the rest of J.D.'s harem, along with his kids are still helping J.D. recuperate, so he'll be distracted while we work on the soup.

Lori: We got it, bro.

Lincoln: Right, now then, Operation: Elemental Eternal Phoenix Angel Recovery is a go.

Nico: Alright, and awesome name, Linc.

Lincoln: Thanks, Nico.

The group got to work with Nico and his harem seasoning and grilling the chicken, and then, cutting it into chunks, Lori and the other sisters got a pot of water and started boiling the soup noodles, and Lincoln's harem got to work making the chicken broth, and Lincoln took one of the rainbow flowers and put them into a bowl and he mashed them into pulp and he added a drop of a rainbow-colored liquid into the pulp, and he mixed it and it glowed with rainbow colors and the choir of angels sang. Then, Nico and his harem added the cut-up seasoned chicken chunks and Lori and the sisters added the strained soup noodles into the boiling chicken broth, and it simmered for a good fifteen minutes until it was finally ready.

Lincoln: Perfect, now we'll just pour some soup into a bowl.

Lincoln poured some of the soup into a bowl, and then, he added in a drop of the rainbow-colored liquid that he made from the crushed rainbow flower and a drop of a mysterious rainbow-colored liquid, and when it made contact with the soup, it glowed and a choir of angels sang.

Nico: Cool. Now, to get this to J.D.

We walked in and Lincoln had the bowl of the chicken soup in a plate, and I smelled it.

Me: Wow, that smells good.

Lincoln: Hope you like it, it's my Dad's Chicken Soup.

I took a spoonful of the soup and when I drank it, my taste buds went into overdrive, and then, I also felt the effect of the rainbow-colored liquid Lincoln created, and it was working to make sure that I'd made a full recovery after that little ordeal. When I drank the whole bowl of soup, I suddenly made a full recovery.

Me: Whoa, now that's one awesome soup you guys made.

Lincoln: I knew you'd love it, J.D.

Me: And I wonder what you also added to the soup to help me make a full recovery?

Lincoln: Remember the flower J.D. 2 made when Mrs. Santiago got sick years ago? Well, take a look at this.

Lincoln fired a blast of rainbow light, and it formed the same rainbow flowers that I used to cure Mrs. Santiago.

Me: Whoa, now I remember, and you can also create those flowers as well, Linc?

Lincoln: Yep, and I also added in a drop of a rainbow-colored liquid that's like the mixture from the Rainbow Tears of The Phoenix potions we got, but I had found out I can also fire that same rainbow-colored liquid as well.

Me: Awesome, and thanks to what you guys did, I'm feel so much better now. Sorry I didn't come with you on your rescue, Linc.

Lincoln: That's alright, J.D., but you've made a full recovery and you're back in action.

Me: You bet I am, and I heard that among the girls you rescued were Josie and The Pussycats, right?

Lincoln: You said it.

Me: I haven't seen them in a long time, and I know you'll take care of them as always.

Lincoln: That's right.

But then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jorgen then appeared in an explosion!

Maria: Jorgen, remember when you showed us that alternate universe where Nico never met us?

Jorgen: (Arnold Schwarzenegger Accent) I did. Why?

Maria: Well, I was wondering if you could show us another.

Jorgen: (smiles) Well, what's the harm of showing you guys one more?

Nico: I can't wait to see what it is.

Laney: This will be awesome.

Me: That still was cool seeing me become President of the United States though.

Qin: And it was so adorable seeing me and Nico get married.

May: That was so awesome. But I did not like being married to Drew!

We saw the Kankers getting arrested.

Nazz: Wait. This was the moment after the Kankers got arrested for raping the Eds.

Jorgen: It is. But this time, things are different.

Keiichiro: (sees someone approaching) Wait. Is that me?

Alternate Keiichiro: Excuse me. Are you Eddy McGee?

Alternate Kevin: Hey, back off, dude! He's been through enough already!

Alternate Keiichiro: It's okay. I'm not here to hurt him.

Keiichiro: Wow is that me!?

Me: Wow it sure is! Cool!

Lola: Yeah!

Alternate Keiichiro: I'm not forcing you to make a decision. But… how would you, Double D, Ed, and your sister like to be mentored by the GSPO?

Alternate Eddy: What's in it for us?

Alternate Keiichiro: Well, I know that you need some time away from here to recover from what just happened. And, should you accept, you'll be able to prevent crimes like this one from happening to anyone else.

Alternate Eddy: Well that would be awesome. What do you think guys?

Alternate Ed: Hmm. YEAH!

Alternate Edd: Lets do it!

Alternate Sarah: We're in!

Alternate Eddy: Yeah!

But then we saw Jack Spicer in this universe.

Jack Spicer: Wait. Is that me walking all alone?

Raimundo: This must be after one of your losses to me and the guys.

Nico: Maybe.

Past Jack Spicer: Stupid monks always beating the crap out of me. They and everyone else want me gone? Fine! I'm gone!

?: Sounds like you need a friend.

Three certain figures drop down in front of him.

Past Jack Spicer: Who the Hell are you guys?

Past Kairi Yano: (smirks) The thieves everyone's talking about.

Kairi Yano: Hey it's us!

Umika: Wow! That is awesome!

Me: Cool!

Jorgen: As you can see, in this universe, Eddy, along with Ed, Double D, and Sarah, were mentored by the Patrangers. Jack Spicer, on the other hand, was mentored by the Lupinrangers.

Eddy and Jack were amazed!

Lola: Wow! That is so cool!

Nico: Yeah it sure is!

Me: Wow! Mentored by 2 teams of rangers.

Past Jack Spicer: You want me to join you guys?

Past Touma: We're not forcing you to be a LupinRanger. But you can still help us kick ass.

Past Umika: Besides, I don't think you should be alone any longer.

Past Jack Spicer: Well it's better than going after the Xiaolin Losers. I'm in!

Eddy: And I'm guessing that me and Jack would form a rivalry like our mentors here?

Jorgen: You are right.

Me: Wow! Coincidental.

Laney: Yeah.

Jorgen: You two would help your mentors on many occasions. So much that even Zamigo Delma and Dograino would respect you two.

In fact, during Jack and the Lupinrangers' final battle with him…

Alternate Jack: For what it's worth, Zamigo, you really were a worthy opponent.

Alternate Zamigo: (chuckle weakly) Same to you. Watch over this one, Lupin Red. You and him are pretty much one of the two people I respect even as I die.

Nico: Wow that is amazing coming from Zamigo.

Me: For someone as badass as him that means a lot.

Nico: Yeah.

Kairi Yano: I'm guessing the four of us are still locked up in Dograino's safe?

Jorgen: No. Knowing the consequences, Jack trusted the Serpent's Tail to Eddy. Said Shen Gong Wu was used by Eddy to get Jack and the Lupinrangers out of Dograino's safe. And after that…

Alternate Eddy: Dogranio Yaboon, you're under arrest.

Nico: WHOA! He slapped the cuffs on him.

Lana: Wow! That was awesome!

Luan: Yay Eddy!

Lola: Yeah!

Me: Wow!

Jorgen: Things pretty much stay the same after Eddy joins all of you. But the Patrangers and Lupinrangers watch over him and Jack. The first change to this reality occurs during Eddy's reunion with Rolf, Nazz, and Kevin. After Luan deduced that Marie could be saved, Eddy pretty much figured out that May Kanker was being hurt in secret by Lee.

Nico: Whoa man!

Lola: Not good.

May Chan: Thank goodness it's not me.

Nico: Yeah.

Jorgen: Meanwhile, inspired by his mentors, Jack decides to form a team of his own. One that would have fun battling you all while helping you save the day in ways that you can't. Not a big team. But an effective one nonetheless. His first recruits were Firefly and Vypra.

Nico: Wow!

Lola: That's really awesome.

Luan: It sure is!

Nico: Yeah.

Jorgen: Next, during the battle against Paul and the Sinister Six, you all manage to defeat Electro, Kraven, Vulture, Hydro Man, the real Mysterio, and Sandman without killing them. After that, Jack had this to say.

Alternate Jack: You guys don't have to continue serving Paul, you know. Look at him. He's beaten. He has no power over you guys now.

Alternate Paul: Don't listen to those losers. Kill them!

Alternate Kraven: No! There is no honor in this!

Alternate Jack punched Alternate Paul in his mouth and knocked out some of his teeth!

Dawn: YEAH! Take that you jerk!

Jorgen: Electro joined Team Spicer as a result.

Nico: That's awesome!

Lincoln: Wow so awesome!

Lola: Yeah.

Jorgen: And during your worldwide vacation, before you all came to Springfield, Jack, Vypra, Firefly, and Electro freed Marge from Burn's clutches, convinced Agnes that her son was someone to be proud of, and then killed Burns personally. And then…

Alternate Jack: Snake Jailbird? I'm Jack Spicer. I'm looking for people to recruit into my team. You want in?

Me: Wow!

Nico: Recruiting Snake was an awesome idea.

Alternate Snake: Ho dudes you got a deal.

Jorgen: (grins) And here, during the first battle against the Meta Breed, it gets exciting!

A Phantom Thief calling card struck the ground in front of Alternate Ebon before the Lupinrangers landed on the ground.

Alternate Kairi Yano: Hey, Jack. Miss us?

Alternate Hotstreak: The Hell are you guys?

Alternate Kairi Yano: (smirks) The thieves everyone's talking about.

Nico: Oh boy!

Me: Yeah they are going to kick some ass!

Eli: Yeah!

Alternate Keiichiro: (chuckles) Starting the party without us, Phantom Thieves?

Nico: Here we go!

Eli: Yeah!

We saw Keiichiro extinguising Hotstreak with Trigger Machine Splash, Edzilla beating up Tantrum with his fists, Sakuya fighting

Ferret without the need for his Vs. Changer, Tsukasa using Trigger Machine Biker to hit Puff, Noel fighting Hyde, Touma using his Vs. Change to hit Kangor while he was in the air, Umika dodging a sonic scream from Talon, and Kairi Yano using Dial Fighter Magic to hit Ebon no matter what portal he made.

Jorgen: The battle played out the same way. But Ebon, having owed both Keiichiro and Kairi Yano favors from when corrupt cops tried going after him, surrendered along with the Meta Breed. But Hyde, not willing to surrender went crazy mad. So, it took Super Lupin Red and Super Pat #1 to stop him. After that, Shiv joined up with Team Spicer.

Nico: Wow!

Lynn: Shiv would have been a great LupinRanger too.

Eli: I agree there.

Nico: Yeah! Same with Ebon.

Ebon: I was just about to point that out.

Jorgen: No other changes occured up until the battle against Nerissa. But during that battle, Eddy and Jack managed to spot a spark of good in Nerissa. J.D. got that good part of Nerissa out before dealing the finishing blow.

Me: Wow! So instead of a powerful Kamehameha Wave with enough power to destroy 10,000 planets, Eddy and Jack destroyed the darkness in her.

Nerissa: That was amazing.

Lola: Yeah it sure was.

Nico: So awesome.

Jorgen: The next major change is when you all faced Crocker, Foop, and Dark Laser. The first part you need to know is that Jack and Eddy managed to get Dark Laser and Foop to leave

Crocker. However, while Dark Laser defected to your side, Foop just poofed out of there to clear his head.

Nico: Wow!

Me: Serves that insane nut Crockerfucker right.

Lola: Yeah!

Jorgen: After that, Jack and Eddy knew that with the alternate energy source Lisa provided to Fairy World, there really was no need to keep Crocker alive. (to me) Don't worry. You still got Crocker's brain…

We then see Eddy and Jack using their blasters to shoot Crocker in the head.

BANG!

Jorgen: (winces) After Eddy and Jack blew it clean out.

Me: EW! Nice!

Nico: Serves that douchebag right!

Lola: Yeah no kidding!

Eli: What a dickola.

Jorgen: After Eddy got Chuck and Steve to change their bullying ways, J.D. and Nico got very envious of how he and Jack were stealing their thunder. They called for a match against the two. But not only did Eddy and Jack win. But they also told Nico and J.D. that they didn't want to replace them and they were only doing their part in fighting evil.

Me: Wow! I didn't know we would grow jealous of them.

Nico: Me neither.

Eli: That is crazy.

Jorgen: Now the next change is very things got intense. In the battle of Paris, things played out the same way. But when Gabriel reunited with Emile, Lila, like in the previous alternate reality, caught up to you all and got out a gun. It looked like Gabriel's fate would be like the previous alternate reality, when…

We then saw Jack act fast by killing Lila with his blaster.

Jorgen: (winces) That happened.

Me: WHOA! Serves that fucked up bitch right!

Nico: Yeah no shit there.

Alternate Nino: Dude, what did you do?!

Alternate Jack: She was going to kill Adrien's dad. Was I just supposed to stand there and do nothing?!

Me: Jack made the right call on that. It was either Gabriel or her.

Nico: You got that right.

Jorgen: Next, it wasn't just Jack that the Masked Mutant tried to frame. It was all of Team Spicer as well. It led to the birth of Dark Spicer. But while he got out of Jack, the latter managed to talk some sense into him, saying they would work together against villains like the Masked Mutant.

Nico: Wow! Talk about awesome.

Me: Yeah. At least the Dark Spicer thing still happened.

Lola: Yeah.

Jorgen: After that, Jack decided to join the team, with Dark assuring him that he would fill in his leadership position for him.

Nico: Wow!

Lana: Awesome!

Jorgen: With the battle of Thanos, the Lupinrangers, Patrangers, ToQgers, Kyurangers, Zyuoghers, and Team Spicer helped defeat

Thanos. Unfortunately, the deaths of Ra's and Bowser still happened.

Me: Whoa!

Lori: Literally not good.

Lexx Loud: Yeah no kidding.

Nico: Oh man.

Jorgen: After that, Vypra and Dark managed to reform the Legion of Doom into the Masters of Evil.

Nico: Wow!

Me: So our frenemies still remained the same too.

Nico: Yep.

Eli: Wow.

Jorgen: When you all met Jake Long, Eddy and Jack managed to get Rotwood, Morton, Master Frown, and Squidward into the same room with Nico and J.D. It took one hour for Nico and J.D. to agree to this. And two hours for their differences to be settled.

Nico: Wow! What a change.

Rotwood: Indeed it is Mr. Chan.

Lola: That is really awesome.

Squidward: Very incredible.

Jorgen: With Lila's death, there was no one to cause doubt within J.D. and the Loud Kids aroudn the day when you all met Indiana Jones.

Me: Wow! Lila was a catalyst of doubt for all of us.

Nico: Yeah no kidding! What a nasty monster.

Lola: Yeah.

Laney: If our code didn't allow it we would gladly kill that monster.

Jorgen: Now, after Jack and Eddy got you to make peace with King Stefan, all of you managed to get the Digimon Emperor out of Nico before 2021.

Nico: Wow!

Me: That's awesome! But it was actually the evil essence of MaloMyotismon that was inside Nico that lead to him becoming that.

Jorgen: Oh right I stand corrected.

Me: Yeah.

Jorgen: Now, instead of the Digimon Emperor, it was actually Him who caused the Days of Darkness. Why it's not 20? That will be revealed shortly.

Nico: WHOA!

Me: So it really WAS Him that did it instead.

Laney: Not good.

Jorgen: J.D. still Super Hakaiied Oogie. But only because Oogie taunted J.D., saying that he was useless in not stopping Him immediately.

Me: Geez! Thank goodness he didn't in the Prime Universe. Did Lana still eat his bugs?

Jorgen: She did.

Me: Nice. And you know how much she loves his bugs.

Lana: They are tasty.

Jorgen: After you all rescued May from Burns, you had a confrontation with the Sullen Six like before. But this time, Jack and Eddy managed to convince Vlad and Plankton to stand down and remember their friendships with Mr. Krabs and Jack Fenton.

Nico: Wow!

Me: That's awesome that they did that.

Plankton: I think that's really something.

Jack Fenton: It sure is.

Alternate Plankton: It's a good thing you guys convinced me to stand down just now.

Alternate Maria: Why?

Alternate Plankton: (grins) Because I placed bombs on Jock and Goobot's suits when they weren't looking! (presses detonator)

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They were destroyed in a huge explosion!

Laney: Nice one!

Me: Yeah no kidding! Very genius.

Plankton: That was great!

Alternate Crocker: (ENRAGED SCREAMING) GAAAAHH! I HATE YOU MORE THAN LIFE ITSELF! YOU MAKE ME SICK JUST LOOKING AT YOU! I HATE YOU MORE THAN ALL OF-

Alternate Vlad then killed Crocker with an Ecto Blast.

Alternate Vlad: (eyes twitches): I wanted to do that within 5 minutes of knowing him. (to Burns) Now, as for you!

Nico: Kill those fuckers!

Me: YEAH!

Lola: YEAH!

Jorgen: One final change is that you guys managed to get the Dark Orbs out of you immediately after the Days of Darkness. And after that, everything stayed the same.

Nico: Wow! That's awesome!

Me: Yeah!

Lola: So cool!

Luna Loud: You got that right dudes.

Eddy: (to Spicer and Dark) Guess us having blasters that look alike wasn't a coincidence after all, huh?

Spicer: No it sure wasn't.

Dark Spicer: Yeah that is a good thing.

Me: I'll say. That is awesome though.

Lola: It sure is.

Lola: Something wrong, Woz?

Woz: Another Riders of Accel and Meteor were never mentioned during my time at Ohma Zi O's side. Swartz must be bending the rules.

Me: I think this is a good thing though. It gives us more opportunities to bring them down and we get more tools for the Non-Core members of the M.O.E.

Nico: It sure does. We already got Gaia Memories and Astroswitches for them.

Lana: We sure do.

Poromon: How about me, Poliwag, Manaphy, Horsea, and Woz keep you company for the day, Lola?

Lola: I would like that guys.

Woz: Good idea.

Horsea: Yeah.

After Lincoln's date, Lincoln and his harem and Nico and his harem were in the kitchen, along with the rest of the team.

Lincoln: Okay, guys, ever since that rescue on the planet made of you-know-what, J.D.'s hurled his guts out like crazy.

Nico: And it didn't help that Lana made it even more nauseating.

Everyone looked at Lana for what she did, and she giggled nervously for what she did.

Lincoln: Right. So, we're going to make some soup for J.D. to feel better: it's a recipe Dad's used in case any of us ever got sick, it's his famous Chicken Soup with chunks of grilled chicken, seasonings, noodles, and warm chicken broth.

Rita: Excellent idea, sweetie. But, I can guess you also have another surprise.

Lincoln: You guessed it, Mom. I'm also going to add a little something to the soup to make sure J.D. makes a full recovery.

Lincoln fired a blast of rainbow light, and it formed the same rainbow flowers that I used to cure Mrs. Santiago.

Nico: Whoa, those are the same flowers that J.D. 2 made and that J.D. used to cure Mrs. Santiago when she got sick when she had contact with the sick patients at the hospital.

Lincoln 2: (Through The Rainbow Thunderbird and Third Eye Rainbow Iris) That's right, Nico, and as you all saw, Lincoln can also grow these beautiful flowers by firing a blast of rainbow light, and that's another sign of his powers constantly evolving.

Nico: Awesome.

Lincoln: Thanks, now then, let's get to work. Nico, you and your harem are in charge of grilling the chicken, seasoning it, and cutting it into chunks for the soup, Lori, you and the other sisters are in charge of boiling the soup noodles, and my harem will also help you in preparing the chicken broth. Varie and the rest of J.D.'s harem, along with his kids are still helping J.D. recuperate, so he'll be distracted while we work on the soup.

Lori: We got it, bro.

Lincoln: Right, now then, Operation: Elemental Eternal Phoenix Angel Recovery is a go.

Nico: Alright, and awesome name, Linc.

Lincoln: Thanks, Nico.

The group got to work with Nico and his harem seasoning and grilling the chicken, and then, cutting it into chunks, Lori and the other sisters got a pot of water and started boiling the soup noodles, and Lincoln's harem got to work making the chicken broth, and Lincoln took one of the rainbow flowers and put them into a bowl and he mashed them into pulp and he added a drop of a rainbow-colored liquid into the pulp, and he mixed it and it glowed with rainbow colors and the choir of angels sang. Then, Nico and his harem added the cut-up seasoned chicken chunks and Lori and the sisters added the strained soup noodles into the boiling chicken broth, and it simmered for a good fifteen minutes until it was finally ready.

Lincoln: Perfect, now we'll just pour some soup into a bowl.

Lincoln poured some of the soup into a bowl, and then, he added in a drop of the rainbow-colored liquid that he made from the crushed rainbow flower and a drop of a mysterious rainbow-colored liquid, and when it made contact with the soup, it glowed and a choir of angels sang.

Nico: Cool. Now, to get this to J.D.

We walked in and Lincoln had the bowl of the chicken soup in a plate, and I smelled it.

Me: Wow, that smells good.

Lincoln: Hope you like it, it's my Dad's Chicken Soup.

I took a spoonful of the soup and when I drank it, my taste buds went into overdrive, and then, I also felt the effect of the rainbow-colored liquid Lincoln created, and it was working to make sure that I'd made a full recovery after that little ordeal. When I drank the whole bowl of soup, I suddenly made a full recovery.

Me: Whoa, now that's one awesome soup you guys made.

Lincoln: I knew you'd love it, J.D.

Me: And I wonder what you also added to the soup to help me make a full recovery?

Lincoln: Remember the flower J.D. 2 made when Mrs. Santiago got sick years ago? Well, take a look at this.

Lincoln fired a blast of rainbow light, and it formed the same rainbow flowers that I used to cure Mrs. Santiago.

Me: Whoa, now I remember, and you can also create those flowers as well, Linc?

Lincoln: Yep, and I also added in a drop of a rainbow-colored liquid that's like the mixture from the Rainbow Tears of The Phoenix potions we got, but I had found out I can also fire that same rainbow-colored liquid as well.

Me: Awesome, and thanks to what you guys did, I'm feel so much better now. Sorry I didn't come with you on your rescue, Linc.

Lincoln: That's alright, J.D., but you've made a full recovery and you're back in action.

Me: You bet I am, and I heard that among the girls you rescued were Josie and The Pussycats, right?

Lincoln: You said it.

Me: I haven't seen them in a long time, and I know you'll take care of them as always.

Lincoln: That's right.

*[We heard Lola screaming and saw her running out of her room and kicking in Lucy's bedroom door.]*

**Lola:** "Lucy, I need you to show me how to do that cat eye again. I'm trying a 'night on the town' look."

**Lucy:** "Give me one second."

Lola: [Gasps after looking at Lucy's doll.] I didn't know you had a doll! She's… She's breathtaking! Where did you get her?

Lucy: I found her in one of Great Grandma Harriet's trunks in the attic.

Horsea: She's pretty.

Lola: Well, you absolutely must allow me to throw her a 'welcome to the family' tea party.

Horsea: I'll prepare the tea!

Manaphy: Me too!

*[Lola attempts to grab the doll, but Lucy stops her.]*

Lucy: Oh, sorry, Lola, but no. She's really fragile, I have to take special care of her. I spent all day making this coffin to keep her safe.

Lola: Ugh. A doll this beautiful deserves to be played with, not left in a creepy coffin. I can keep her safe. I swear!

Lucy: It's not that I don't trust you, but I know that things can get a little crazy in your room.

Lola: Ugh, that is not true.

Poromon: You have to admit that she, Lori, and Lynn have been getting better ever since we found out that Dark Orbs were in nearly all of us.

Horsea: That's true.

Manaphy: I agree.

Lola: Thank you guys.

**Lana:** "YEAH! Reel it in, you guys!" *[Lana is riding her skateboard with her pets and crosses Lucy's room, and then crashes into Lisa's room.]* "Sorry, Lis!" *[Then she crashes into Lola's room.]* "Sorry, Lols! Broke another teacup. Actually, make that the whole set!"

Lucy: [Pops her head out of her room.] Sorry, Lola, the answer is no. [closes her door]

Lola: [groans] I have to find a way to play with that doll. Can you guys help me?

Woz: I don't think this is a good idea.

Horsea: I agree Lola.

Manaphy: Me too.

---

*[Scene changes to Lola running out of her room and kicking open Lucy's bedroom door again.]*

**Lola:** *[clears her throat]* "Lucy, may I present to you: Reasons Lola Loud Should Be Trusted With Lucy's Doll." *[The rolled paper in Lola's hands opens and falls.]*

**Lynn:** "Save your breath." *[Lola looks down from her paper. Lynn is lifting a weight.]* "Lucy's not here, she's at a poetry convention all day. Ohhh, *[stops lifting her weight.]* that means there's an extra breakfast downstairs! DIBS ON LUCY'S BACON!" *[She runs out of her room.]*

Lola: You're even more beautiful than I remembered. Oh, and you look so bored in there. No one to gossip with over Earl Grey and crumpets. You know, we could have a really quick tea party and I can get you back into this coffin before Lucy's home. [She looks around before taking the doll and placing it on the chair of her tea party table in her room.] Mr. Sprinkles, Eunice… you two, please welcome… oh, we need a name for you. How about…'Lady Rosalind Cordelia Annabella Pembrookington!' Or 'Rosie' for short. [Winks at Rosie. She then takes out a teapot.] Tea? [Lola pours tea for her stuffed toys while humming a familiar tune] I'll make it extra sweet for you. [She giggles and drops a sugar cube in Rosie's teacup but some tea splashes on Rosie's dress, and Lola gasps.] "Oh no." [Tries to use her saliva to get rid of the stain.] Oh no, Lucy's gonna kill me! [grabs the doll] Maybe it's not that noticeable?

[Looks at Mr. Sprinkles]

[The frame focuses on Mr. Sprinkles' face for a few seconds.]

Lola: [screams] OF COURSE IT IS!

Poromon: What are we going to do?!

Lola: We?! What's this "We" stuff? The 5 of you moved Rosie here. Looks like Lucy's gonna use the Black Gates on you guys!

Woz: It was your idea!

Lola: But you could've talked me out of it!

Poliwag: You're right, Lola. We're guilty!

Manaphy: What are we going to do?

Horsea: We'll never survive in prison. They'll mop the floor with us!

Manaphy: Wait didn't SpongeBob say that when he made the Nasty Patty?

Horsea: I guess so.

Lola: We have to get rid of this stain before anyone sees it!

Woz: How?

Lola: I'll think of something.

Manaphy: Okay.

*[Lola shuts the door and Eunice falls onto the floor.]*

---

*[The basement]*

**Lola:** "Rosie, you just sit there and chat with Mr Sprinkles while I wash your dress." *[She takes the dress of Rosie, only to see that it soaked through and screams.]* "It soaked through?!" *[Groans and thinks for a while]* "Well, I suppose your body can go in the wash but your delicate porcelain head can't. So… I'll just…" *[Tries in vain to pull Rosie's head off her body, but it hits a pipe and falls onto the floor, cracked.]* "Oh, Rosie, I'm so sorry!" *[To Mr. Sprinkles]* Mr. Sprinkles, what do I do?!" Hmm… *[as Lola examines the crack and thinks again.]*

*[Scene cuts to Lincoln's room, where he is fixing a model of a spacecraft. Lola sneaks in and grabs his glue without him noticing. Lincoln then tries to take his glue from the table but realizes it's missing. Cuts to Lola back in her room and she uses the glue to cover up the crack on Rosie's head.]*

**Lola:** "There we go; that should hold." *[To her plushies]* "I dunno, what do you guys think?" *[It turns out that the glue wasn't able to fix the crack and Rosie's head splits again. She groans.]* "I know it looks bad, Eunice, but as my friend, you AREN'T SUPPOSED TO SAY THAT! *[sighs]* I'm sorry, I'm having a day. Maybe I can just cover the crack with her hair?" *[She attempts to do so, but then all of Rosie's hair dries up and falls down.]* "Ugh! COULD THIS POSSIBLY GET ANY WORSE?!"

*[Cuts to Lola back in the basement, and she takes out the body from the washing machine, and it turns out to have become completely pink,]*

**Lola:** *[screams]* "How did this happen?!" *[She finds Lana's cap in* *the washing machine.]* "Great. The one day of the year Lana washes her hat!" *[Tosses Lana's hat away]* "Well, this is beyond fixing, so… *[Lola chuckles nervously and thinks again.]* "Hmm…" You were once so beautiful… [her voice gets menacing]… but now we have to get rid of you!

WHOA BOY! SCARY!

Horsea: You're scary Lola.

Lola: Sorry.

---

*[Lori's room. Lori is texting on her phone, and Lola hands her some money. Lori looks at Lola confused.]*

**Lola:** "I need a ride to the antique district, NOW. No questions asked."

**Lori:** *[Looks at the bill]* "Wait, do you need to go tinkle before we leave?"

**Lola:** "What did I just say? But yes." *[Cuts to the antique district and Lori drops her off.]* "Circle the block." *[Lori does so and Lola enters the store. She looks around a shelf full of dolls until she finds one that looks just like Lucy's, but the hairstyle is different and it's showing her teeth. She grabs a rolling ladder and climbs up in front of it.]* "What do you think, Mr. Sprinkles? If I change the eyeliner, curl the hair, and file down the teeth, she just MIGHT pass for the original!" *[puts the doll on the front desk and takes out some cash.]* "I'll take her!" *[She slams down the money, but due to that, the tea cups and plates in the display shatter. The lady glares at her and Lola pulls out some more.]* "And… all of those."

*[Thunder crashes. Later that night, Lola gets to work on the doll in her room, transitioning into a little montage. After a while, the doll looks exactly like Lucy's before it got ruined in the first place.]*

**Lola:** "That should do it." *[steps out of the room and sees Lincoln walking to his room. She gasps and quickly hides the doll behind her* *back.]* "Lincoln, hello! Lovely weather we're having… !" *[smiles nervously]*

**Lincoln:** "Uh, yeah, I guess. Hey, have you seen my glue?"

**Lola:** *[sees that the glue is on the table in her room and closes her door.]* "Pssh, why would I have? What do you think, I go around swiping people's glue?!"

**Lincoln:** "You don't have to get mad about it." *[closes his door]*

**Lola:** *[clearly mad at this point]* "I'm not mad!" *[She goes into Lynn and Lucy's room and puts the replacement doll into the coffin and closes it like it was never touched at all, Lola then takes Rosie out of Mr. Sprinkles.]* "You were once so beautiful… *[her voice gets menacing]*… but now I have to get rid of you!"

---

*[A hole is dug outside the front yard, and the next shot has Lola dragging the doll under the house.]*

**Lola:** "Sorry, Rosie, but if Lucy finds you, I'm toast." *[Sets Rosie down and a cup of tea.]* "Here, in case you get thirsty." *[crawls her way out]*

---

*[The next morning… ]*

**Lola:** *[yawns and stretches as she wakes up from her slumber and greets her shelf of dolls as she leans over her bed.]* "Good morning, sweet princes and princesses!" *[She moves Mr. Sprinkles out of the way only to see Rosie further behind the shelf as lightning crashes; this causes her to gasp and scream.]* "Rosie! How did you get back up here?!" *[points a finger at Rosie]* "We put you in the crawlspace!" *[Lola stops and takes a few steps forward, rubbing her chin, trying to rationalize the situation.]* "Maybe I just dreamed it. Yeah! It was probably that cheese I ate right before bed, always gives me nightmares!"

*[Later that night, Lola, in a pink hoodie, enters the backyard, looks*

*around, and grabs a shovel with Rosie in her pocket. She goes behind Charles' doghouse, digs up a hole, drops Rosie inside it, and fills it back up. Charles comes out, confused by what Lola's doing. She notices and glares at him.]*

**Lola:** "You saw nothing!" *[She heads back inside and Charles goes back into his house and whimpers, again.]*

---

*[Dawn rises, again… ]*

**Lola:** *[giggles as she walks into her room with Mr. Sprinkles.]* "I know! And it's like, 'Just because you have a beautiful mane does not make you the fashion police, am I right? I'm right!" *[As Lola pours tea for her dolls, she spots Rosie at the table, prompting her to spill the tea, drop her teapot, and scream.]* "What are YOU doing here?! *[standing on an empty chair, pointing her finger.]* "I *buried* you! And that was *not* a cheese dream!" *[Lola gasps as she realizes a pattern; in a small, prolong voice.]* "You're haunted… !" *[Cut to Rosie with thunder clapping.]* "Of course you are… you belong to Lucy!" *[gets off the chair]* Well, my little friend… you picked the WRONG person to haunt!" *[She puts Rosie in a garbage bag and tosses her in one of the trash cans outside the front yard.]* "Sayonara, spooky! Good luck getting back from the dump."

*[Cuts to a garbage truck dumping Mr. Grouse's trash. Lola is satisfied and Lincoln approaches with a garbage bag.]*

**Lincoln:** "Hey, Lols, how's it going?"

**Lola:** "Ugh! Lincoln, what's with the third degree?! It's none of your business how it's going!" *[stomps back inside]*

**Lincoln:** "Why are you so mad?"

**Lola:** *[clearly mad]* "I'M NOT MAD!"

---

**THE NEXT DAY…**

*[Lola is wearing a cucumber mask over her face, with her hair done curled. She takes off the cucumbers covering her eyes, only to find Rosie sitting on her desk.]*

**Lola:** *[screams while thunder claps on close-up of Rosie yet again; Lola jumps off her chair.]* "Seriously?!" *[bangs her fist on the desk]* "Okay, that's it! I'm taking care of this creepy doll, ONCE AND FOR ALL!" *[She walks across her bedroom to grab a large pink duffel bag to stuff Rosie in.]*

*[Cut to the hallway, with Lincoln in Lola's path.]*

**Lincoln:** "Hey, Lols, where are you off to?"

**Lola:** "Ugh! Why are you everywhere?! Shouldn't you be playing with Clyde or something?!" *[swatting her hand at Lincoln as some kind of pest.]*

**Lincoln:** "Clyde's at his weekly therapy appointment. He invited me, but…" *[notices a light thud as Lola ignores him; Lincoln irritably darts his eyes as Lola walks downstairs, then points his eyes at the camera when Lola leaves.]*

Poromon knew he had to distract Nico while the others got Rosie out.

Poromon: Nico, which Gene Slammer do you think you'll meet next?

Nico: Right Mandatory Question. How about we do one for a Pokemon next?

Me: Ooh which one?

Nico: How about one for a Galarian Rapidash?

Me: Ooh good choice.

Laney: I like that one.

Varie: Me too.

May: Yeah. So that means someone who is psychic will go with

next.

Nico: Yep.

She went to Tall Timbers Park and buried the doll.

---

*[The next morning, Lola is sound asleep when a drip of water lands on her cheek. She notices and removes her sleeping mask to find Rosie on her bed right in front of her, dripping wet and covered in vines and rope, and falls over, soaking up the blanket.]*

She screamed!

Woz: What?! How did the doll come back to us?!

Lola: (SCREAMS)

Poromon: Oh man!

*[Reaching her limit, Lola runs out of her room, screaming, goes into Lynn and Lucy's room and shuts the door, catching her breath. Lucy is on her bed with her fortune telling cards.]*

**Lola:** *[scared]* "LUCY!"

**Lucy:** Hey, Lola, glad you're here. I just drew the Ace of Wands, which means you're going-"

**Lola:** *[She is pushing Lucy's dresser to the door.]* "Never mind that. We need to barricade the door. Help me move this dresser!" *[continues pushing the dresser]*

**Lucy:** "Uh, want to tell me what's going on?"

**Lola:** *[sighs]* "Okay, I took your creepy doll and then I broke her and now she's haunting me. I'm so sorry, Lucy, you told me not to touch her and I should've listened to you."

**Lucy:** *[confused]* "You broke her?" *[opens her coffin, which contains the doll Lola replaced Rosie with.]* "She looks fine to me."

**Lola:** "Uh, that's- yeah, that's not your doll." *[She opens her door with Lynn's hockey stick as her weapon.]* "That is!"

*[Cuts to Rosie as thunder claps yet again.]*

**Lucy:** *[walks up to Rosie and grabs her.]* "Whoa, how did you even do this?"

**Lola:** "Well, it began as a simple tea stain, and then things kinda progressed from there." *[sighs guiltily]* "I'm a terrible sister."

**Lucy:** "No you're not. I forgive you. It's not like you did this on purpose."

**Lola:** *[smiles and hugs Lucy]* "Thank you, Luce, you're really nice. So, can you please get her to stop haunting me and stuff?"

**Lucy:** "She was probably just haunting you because you took her away from her rightful owner. Now that you've given her back, I'm sure she'll leave you alone."

Me: What's going on in here?

We saw the doll.

Me: Whoa! That doll is strange.

Nico: That doll gives me the creeps.

Lola: It's haunted guys!

Nico: Haunted?

Brittney: Let me see.

Brittney went over to it.

Brittney: Hmm. Yep it's possessed by an evil spirit.

Me: Like in the movie Annabelle!

Lola: (Screams)

Brittney: Let me work my magic.

She fired a blast of magic and it hit the Doll and then a spirit came out of it! Brittney then sent the spirit back to Hell where it belongs.

Nico: Whew.

Poliwag: There! That should make sure it doesn't return!

Nico: Good.

Me: Now what's going on here?

Poliwag: We can explain!

Nico: Please do.

They explained everything to us.

Nico: Whoa!

Me: Well this doll can be fixed.

Lola: Really?

Nico: Well, nothing we can't fix.

Me: I got this.

I snapped my fingers and made the doll as good as new.

Me: There we go. She is beautiful. Without the evil spirit she is just as beautiful as Mika's dolls.

Lola: She sure is.

Me: Where did you find this doll Lucy?

Lucy: I found her in Great Grandma Harriet's trunk.

Nico: Wow.

We had a great time with Lola and Lucy's doll.

THE END

Another awesome fanfiction done.

Boy it sure has been a while since we did an episode of the Loud House and this was for the episode Tea Tale Heart. That was a creepy one and the doll reminded me of the doll from the movie Annabelle. How scary is that. That episode aired on October 12th, 2018. Scary. The first part was for a planet made of Chum and that was a gross and disgusting planet! I never vomited that much before. The second part was for the 1983 version of Dungeons & Dragons and that one is where we went to the Elemental Plane of Fire and that was cool. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, kolbdog323, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, EtstheClarenceandTLHfan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. For Nico's next rescue tomorrow, Get ready to be scared out of your witz for the next rescue as Nico, Akiza Izinski, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily go to Venice, Italy and help the Quest Team save Hadji from a haunted house that has a terrible dark secret. It's going to be in the episode More Than Zero. We're also going to meet a girl named Kora Lexington who is known as the Furious Flame of the Sigmar Comet. Kora is one of Nico's friends from metalworks class and she is also a master of the fire of the Hellblade and the powers of Khorne the Blood God and she knows how to make all evil go into very big time ballistic rage. And we're also going to meet a Galarian Rapidash Gene-slammer named Nathalia Chelyabinsk. Nathalia is from Russia and she is one of Nico's friends from Astronomy class and she is also a very powerful psychic and has a powerful connection to the stars as they tell her everything about what goes on and who is in trouble and more. She is a very powerful shaman too. For Lincoln's rescue tomorrow, Lincoln and his group are going to a planet made of Krabby Patties, and Lincoln and his group are going to battle a giant Krabby Patty-themed villain called Pattyzilla. Lynn Sr.'s also coming with Lincoln and his group, since tomorrow's Father's Day. And they're going to meet a Red-Eyes Dark Dragoon gene-slammer named Selena Doragonmajishan (Doragonmajishan is dragon magician in Japanese) who is not only one of Lincoln's Guardian Angels from Japan, but also his classmate in Math, who like the Goths of Darkness, is into the Occult and she and Lincoln head to a swimming pool that only they know the location together a few times. They even tackled a very difficult Algebra assignment in class together, and they even done pumpkin carving, and she really hates Scoots with a passion. Tomorrow is both Fathers Day and Juneteenth and we're going to not only see the awesome Gay and Lesbian Pride Parade but we're also going to have a great time with our dads and we're going to battle General Vostok who is back for revenge on me for stopping him years ago. Flying over the Mediterranean Sea, Nico, Akiza Izinski, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily were flying towards Venice, Italy and we were getting a call from the Quest Team about a haunted house that was said to be the most paranormally active house in all of Europe. Dr. Quest has been studying the mystery of the house for years.

Nico: So What do you think Dr. Quest called us over for about this house?

Me: Boy who knows. But I've heard legends about this house. People that go into this house never return.

Lola: Scary.

Lucy: Wicked.

Brittney: But if it's haunted we're ready for it.

Eli: Same here.

Varie: It might be a Scooby Doo monster.

Me: I don't think so. Something is telling me that this is not a bad guy in a mask.

Laney: Oh boy.

Nico: Thanks for coming with me, Akiza.

Akiza Izinski: No problem Nico. It's an honor to be part of one of your rescues.

Laney: It's always a really fun adventure.

Himiko Toga: It sure is.

Nico: Akiza, you still have your psychic powers, right?

Akiza: I sure do and they have been an amazing power for me to have ever since I became a Signer.

Me: At first her parents didn't see it that way.

Camie: Why what happened?

Me: Well Akiza came from a dark past. Her father is a senator and she was treated like an outcast because of her powers.

Tsuyu: Oh man!

Lola: Yeah and with the help of some of the Jinchuriki and many of us that know the same pain she was helped out a lot.

Nico: So, when are you and Yusei planning your wedding?

Akiza: We haven't decided on that yet. We're still dating but our love for each other is really strong.

Laney: You two were made for each other Akiza. After everything you went through as a Signer you deserve a very happy family and life together.

Akiza: Thanks Laney. That means a lot to me.

Laney: You're welcome.

Nico: Wait we're here.

We then saw the house and it was a REALLY SCARY AND TERRIFYING PLACE!

Me: Whoa! This house gives me the creeps.

Nico: Me too.

Laney: Scary.

We went over to the entrance and landed.

Me: I've got a really bad feeling about this.

We went into the house and it was a scary place.

Dr. Quest: I'm fine, son. Just a little shaken up.

We came.

Nico: Hello? Anyone here?

Me: Dr. Quest, Jonny, Race.

Dr. Quest: Boy are we glad to see you guys.

Nicole: What happened?

Nico: Wait. Where's Hadji?

Jonny: He was sucked into the wall of the house!

Me: What!?

Race opened the closet.

Race: I'm Afraid we're in a lot better shape than these poor scientists.

Nicole saw the splattered remains of two French Scientists.

Nicole: Oh man.

Jonny: Dad, what about Hadji? You don't think that…

Dr. Quest: Don't lose hope, Jonny.

Me: What happened here Dr. Quest?

Eli: Yeah what happened?

Dr. Quest: Perhaps, we can use the data this invention collected to find out exactly what's going on. It seems that the entity or paranormal force that exists here…

Race: You mean that voice?

Dr. Quest: Exactly! From the data it appears that the entity used the power of the machine to make itself stronger. Thus allowing it to physically transport Hadji to the supernatural dimension.

Aylene C.: How in the world did it do that?

Jonny: But why?

Dr. Quest: That's what we need to find out.

Hadji: **Jonny, Dr. Quest. Help me!**

Jonny: Hadji? Where are you? Hadj!

Hadji: **Help me. Help me.**

Nico: I'll use Speed Demon's speed to find him.

Eli: Wait Nico. I don't think he's anywhere here in the house.

Entity: [evil laughter]

Jonny went up to the wall.

Jonny: Let him go!

Entity: **He's mine now.** [evil laughter]

Brittney: That voice. That Entity is filled with pure greed.

Nico: Akiza where is Hadji at?

Akiza: He's in the spirit plane.

Nico: We better think of something.

We did an analysis of the data we got from the machine.

Dr. Quest: Running this data through my laptop's configuration shows that an energy portal was created directly into the paranormal source.

Jonny: You mean the house ate Hadji?

Dr. Quest: Not the house, but the entity that lives here. It has the power to transport living matter to the Dead Zone.

Me: So he's in the Netherworld!

Nico: Then that's where we're headed.

Lola: But we promised we wouldn't go to Hell on your rescues ever again.

Nico: Oh right.

Me: But there is another way.

Jonny: That's right! Only we call it "Quest World."

We hardwired Quest World into the house.

Dr. Quest: Using the French equipment, which is already hard-wired into the house we should be able to access the house's paranormal source directly through Quest World

Race: And save Hadji.

Dr. Quest: There! Everything is connected.

Me: All right we're ready.

Eli: Ready out here. We'll monitor things from here.

Jonny: Ready, Race?

He nodded.

Me: Ready guys? Quest World log on. Subjects, Jonny Quest and Race Bannon. Going hot!

It activated and they were teleported to Quest World!

Brittney: Don't worry guys, I've used my magic to form a barrier to protect us from the entity's power.

Me: Okay. Good job Brittney.

Dr. Quest: I've calibrated the Quest World's sensors to pick up any signs of spiritual activity.

Race: Activate sensor scan.

He got a scanner on his arm and fired a green beam and scanned the area.

Race: Nothing.

Brittney: I'm sensing a huge spiritual presence coming for you two.

Nico: I feel it too.

Akiza: Be careful guys

A red orb appeared behind them.

Brittney: Behind you!

They saw the entity and it was about to fire Lightning and then Brittney used her magic and formed shields around them and the lightning bounced off the shields and hit it.

Jonny Quest: Thanks Brittney!

Race: Activate Laser Gatling Gun.

He got a wicked Gatling Gun.

Jonny: Activate Light Shield!

Jonny got a shield!

The Entity fired waves of lightning and it hit the shield. Then Race fired laser blasts and Brittney fired purple magic blasts and the Entity was weakened badly.

Race: It seems to not like your dark magic Brittney.

Nico: Yeah.

The entity phased into the wall!

Jonny: It's going into the wall. Dad, J.D. any sign of it?

Me: Negative. I lost it.

Dr. Quest: It's not registering. The sensors never picked up a thing.

Nico: Hadji?! You there, dude?!

Me: He has to be here.

Hadji: Race. Jonny, help me!

Race: It's Hadji.

Nico: Down that hall to the right and first door on the left!

Jonny ran and then they saw in a room something!

Jonny: Ah-huh!

Race: Jonny, what's..

They saw Hadji in a cage!

Jonny: Hadji.

Me: There he is!

Nico: Hang on. We'll have you out!

Me: Wait! It could be a trap.

Jonny ran over to him.

Jonny: Hadji, are you alright?

Hadji/Entity: **Now, you are mine.**

He grabbed Jonny.

Brittney: It's the entity! It's starting to take possession of him!

Race: [gunshot]

He shot the cage down and cage disappeared!

Demonic shrieking was heard inside Hadji.

Jessie Bannon: What's happening to him?

Nico: The entity is starting to possess him!

Hadji: Run, Jonny. It is controlling me. Get out while you still can.

Nico: Hold on Hadji!

Brittney: I got this!

Brittney used her magic and then a swirl of energy formed in the middle of the floor and it got Hadji over to us!

Me: It worked!

Eli: Shutting Down Questworld!

Eli shut it down and then we got to Hadji.

Hadji: Help me!

Me: Hold on!

I fired a beam of magic and it freed him.

Nico: Hadji!

Hadji: Nico! Guys! Thank you!

Me: Anytime.

Jessie Bannon: Thank goodness we saved you.

Brittney: Now we got to find the source of the entity and destroy it.

Nico: Hopefully, the next Gene Slammer is on that!

Me: Nico calm down. I know you're scared but we'll get through this. We all got to stick together. This is not the time to go Shaggy on us.

Jonny: But we got to still fight that thing.

Man: There is a way.

We saw a gondolier man!

Man: There are two monsters living here. Destroy one and you destroy the other.

Jonny: I don't understand.

Dr. Quest: Who are you?

Jacobi Sporachi: I am Jacobi Sporachi. The last of the Sporachi family.

Dr. Quest: But that's impossible. Jacobi Sporachi disappeared over two hundred years ago.

Me: Yeah how can you be him? It was way back in the 1700s.

Dr. Quest: True, his body was never found but..

Jacobi Sporachi: That body stands before you now.

Hadji: That is so strange.

Jonny: But how?

Jacobi Sporachi: Two and a half centuries ago, I was the happiest of men.

---

Jacobi: (VOICEOVER) My family had made a fortune in harvesting deep water pearls. I had inherited the business as the only living heir. I was a young man full of the vigor of life. I hired a partner to help grow the business. Frederico worked diligently for me. Then, one faithful day one of my divers found the largest black pearl I had ever seen. Little did I know then that it had an evil life of its own. That pearl embodied the very essence of greed. The pearl's evil spirit was able to feed on Frederico's true nature. Which was an unbridled lust for wealth and power. Frederico used the energy of the pearl for his own gain at the cost of his immortal soul. I tried to stop his terrible corruption and in return, he cursed me with a fate worst than death: Eternal life without eternal youth.

FLASHBACK ENDS

Jacobi Sporachi: Some years later, Frederico disappeared. I have stayed near the house to warn others of his evil. Alas! I have not always been successful. Somewhere in this house, the pearl is hidden.

We were shocked at what we heard!

Nico: Whoa!

Me: That's horrible Mr. Sporachi.

Eli: Yeah we're sorry that happened to you.

Jacobi Sporachi: It's all right but thank you.

Akiza: Shouldn't be that hard to find the pearl.

Nico: In a house this big it's like looking for a needle in a haystack.

Brittney: Lets see.

Brittney pulled out her book and looked through it and found a picture of the black pearl! It was called The Black Pearl of Mammon!

Brittney: Here it is! The Black Pearl of Mammon!

Me: The Demon of the Cardinal Sin of Greed?

Brittney: Yeah that's right. This pearl has all of Mammon's evil greed essence inside it.

Laney: Oh man.

Me: That pearl must be destroyed!

?: We can help with that.

We saw a girl with red hair and red clothes and she had a twin-tailed comet symbol on her forehead and on her arm was the symbol of Khorne the Blood God and she had a Hellblade and she was riding a Galarian Rapidash!

Nico: Kora Lexington!

Kora Lexington: Awesome to see you again Nico.

Galarian Rapidash: (In a girls voice) (Russian accent) And you too comrade Nico.

Nico: Nathalia Chelyabinsk too. Awesome!

Nathalia reverted back and she was a girl with purple hair and purple and blue clothes.

Nathalia Chelyabinsk: We can catch up later Nico.

Nico: First we got to find the pearl.

Kaito: We're using our gears as soon as we find the pearl.

Nico: Okay. Lets get searching everyone.

ZOOM!

Nico and Rainbow Dash used their speed to search.

We got to searching. Nothing.

Dr. Quest: I've checked every room upstairs. Nothing!

Jonny: The kitchen, too.

Nico: Nothing downstairs either.

We saw Jacobi in front of a wall. It was a mural of a bunch of divers bringing up a black pearl from the sea.

Nico: That's a beautiful painting.

Jonny: What's wrong, Mr. Sporachi?

Jacobi Sporachi: That wall. It was never there before.

Laney took a picture of it and so did Lily.

Jonny: Dad, there's air coming through here.

Jonny looked through a hole and then he saw a room but then he saw an evil demonic eye looking at him through a hole.

Jonny: There's something behind this.

Dr. Quest: We need something to break through this wall.

Me: I got this!

I punched the painting and smashed the wall down!

We were in a courtyard.

Jonny: Wow! Where are we?

Jacobi: Oh, it is the old courtyard. Frederico must have sealed it off for some reason.

Nico: Probably to keep something hidden.

Me: Wait look!

Jonny Quest: The Pearl.

We saw THE BLACK PEARL!

Nico: There it is!

Brittney: The Black Pearl of Mammon!

Jacobi Sporachi: We must destroy it.

Kaito: (gets out Zi O gear) There's the Pearl!

Zocks: (takes out Zero One Gear) This one's for Aruto!

Kaito got an awesome Zi-O Blaster and Zocks got a Zero One Sword!

Nico: Yeah!

Eli used the force and brought it over to us.

Me: Here we go!

Kora unsheathed her Hellblade!

Me: This is for 250 years of torture to the Sporachi family!

We raised our swords.

Hadji's Voice: Do not do it, my friends.

Race's Voice: Don't do it, kiddos.

Hadji's Voice: You will finish us all.

Their voices were inside the pearl even though they were with us.

But we didn't buy it for a second!

Jonny: No, it's all lies. You're not Hadji. You're not Race.

Me: YEAH!

Nico: You're playing mind games!

Entity: I am power! I am riches. I am everything you yearn for.

All of us: No, you're dust.

Me: DIE!

We blasted and smashed the pearl into a million pieces!

Entity: NOOOOOOOOOO!

The entity was destroyed!

Dr. Quest: You did it guys!

[rumbling]

THE WHOLE HOUSE WAS COMING DOWN!

Jonny: We're not out of this yet.

Me: This whole place is coming down!

Nico: LETS GET OUTTA HERE!

We teleported back to the Venice dock and we saw the house collapse right in front of us and sunk into the sea.

Jacobi then grabbed my arm and we looked at him.

Jacobi Sporachi: Thank you, boy. Thank you.

We then saw him disintegrate into dust. After 250 years, he can finally rest in peace.

Dr. Quest: Now Jacobi can finally go to his eternal rest.

Jonny: In peace.

Nico: Lets have a moment of silence for him.

We did so and took off our hats and put our hands on our chests for

them.

Eli: Boy that was awesome!

Me: But at least the Sporachi name can rest in peace.

Nico: That's true. After 250 years.

Me: Jacobi did nothing to deserve being cursed like that.

Laney: Yeah no kidding there.

Akiza: What's your favorite memory of Nico?

Kora Lexington: I have one first. In our metalworking class I was showing Nico how to weld metal and all that and me and Nico built an amazing solid gold and diamond skyscraper.

Me: Whoa! The Chandros Building? That was you guys?

Nico: Yep. Cool huh?

Me: Wow! That is so cool!

Lincoln: It sure is!

Nico: Yep.

Me: Also that symbol on your forehead and your skirt Kora, that's the Symbol of the Cult of Sigmar from Warhammer.

Kora Lexington: That's right. I played Warhammer a lot with Nico too and I like the Twin Tail Comet. It's amazing. Also I was imbued with all of Khorne's powers.

Nico: Wow.

Me: Yep. And Nathalia, what's your favorite memory?

Nathalia: Me and Comrade Nico go way back. We discovered lots of amazing stars and objects for Astronomy Class. We also named them too.

Nico: Yep.

Me: Wow! That is so awesome.

Nico: Yep.

Nico then hugged Kora and Nathalia.

Nico: I missed you both. But I only see Kora as a sister.

Kora and Nathalia: We missed you too Nico.

Kora: I'm not a gene-slammer actually. But I wanted to help out a friend.

Nico: That's a good reason.

Kora: Yes. Also I have feelings for J.D. myself.

Me: I'm honored Kora.

Nico: Yeah. But this was a great rescue for me.

Laney: It sure was.

We went back home.

Me: That's right, big guy, and this is one awesome and edible planet.

Nico: You said it, J.D. (Eats a Krabby Patty) Mmm, that's so good.

Me: Man Mr. Krabs would love this planet.

Lincoln: SpongeBob will enjoy seeing this planet, and I want to thank you and Sophia Casterwill for joining us, Dad, and Happy Father's Day.

Lynn Sr.: You're welcome, Lincoln, and thank you.

Sophie Casterwill: (British Accent) Same here, Lincoln, this is going to be an amazing rescue.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of eight girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eight girls, but they've been cornered by Pattyzilla, a gigantic monster made of Krabby Patty meat with buns for a hide, and it's going to kill them.

Lincoln: Guys, I found the eight girls, but they've been cornered by Pattyzilla, and it's going to kill them.

?: (Japanese Accent) That gigantic patty monster, let's destroy it once and for all.

Suddenly, we saw the Duel Monster, Red-Eyes Dark Dragoon, appear before us.

Nico: Wow, that's Red-Eyes Dark Dragoon, awesome.

Lincoln: And I'd recognize that Japanese accent from anywhere, I knew it's you, Selena Doragonmajishan, but we'll talk later, we've got a gigantic patty monster to destroy.

We then rushed on over, and Lincoln fired very powerful rainbow energy balls and elemental forces at Pattyzilla, and that allowed the eight girls to get away. When Pattyzilla saw them, it was enraged and it roared in pure anger.

Lincoln: Alright, gang, let's fry this overgrown patty monster!

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Beast Boy, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Pattyzilla, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, and Magic, and they exploded with incredible power as they hit him.

Then, Lincoln fired a powerful massive rainbow fireball at Pattyzilla and fried it, and then, we piled on and we devoured him completely, and we let out a collection of monstrous belches which can be heard even in The World Tree Estate, and we all cheered wildly as we holster our weapons and powered down.

Lincoln: Mmm, tasty, and that's it for that overgrown patty monster. (To Selena Doragonmajishan) And it's so good to see you again, Selena Doragonmajishan.

Selena Doragonmajishan reverted back to normal, and she's a beautiful girl with long flowing black hair, red eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful midnight black angel wings, and she reigned in the power of Red-Eyes Dark Dragoon, and she's dressed in a short-sleeved black blouse, sleeveless black midriff top, long black skirt, black pants, black knee-high high-heeled boots, and long midnight black sleeveless trenchcoat with dark magic and darkness on the coattails, and Red-Eyes Dark Dragoon on the back, and holstered on her back is a large Red-Eyes Dark Dragoon-themed greatsword with Red-Eyes Dark Dragoon etched on the 7'0" massive, wide, double-edged black blade, Red-Eyes Dark Dragoon's black wings for the crossguard, large red gem embedded in the rainguard, longer black handle, and large red gem surrounded by black angel wings for the pommel.

Selena Doragonmajishan: (Japanese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Selena Doragonmajishan and they hugged, and Selena Doragonmajishan's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Selena Doragonmajishan: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Selena Doragonmajishan, she's my classmate from Math Class and one of my many Guardian Angels from Japan, and like The Goths of Darkness, she's into the Occult and we headed to a swimming pool that only we know the location together a few times, and we even tackled a very difficult Algebra assignment in class together, and we even did pumpkin carving.

Me: Wow, that's really awesome.

Lincoln: It sure is, and she really hates Scoots with a passion.

Nico: Brutal.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Selena Doragonmajishan's neck with red gems on the gold thunderbolt links and black crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Selena Doragonmajishan: (Japanese Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Selena.

Selena Doragonmajishan had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Selena Doragonmajishan's waist and Selena

Doragonmajishan wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Selena Doragonmajishan's face and kissed her on the lips, and she also returned it, and we cheered for them. Then, we went up to the eight girls, and when Lincoln saw them, he recognized them immediately. The eight girls are Sakura Banka, Kikka Kurabe, and Hiyori Munenashi from Build Divide: Code Black, Genie Finn do Salvan, Irina Ritz do Allhide, Lydia Beginsgate, Sylphy Melhaven, and Veda Al Hazard from The Greatest Demon Lord Is Reborn as a Typical Nobody.

Lincoln: Oh wow, it's Sakura Banka, Kikka Kurabe, and Hiyori Munenashi from Build Divide: Code Black, Genie Finn do Salvan, Irina Ritz do Allhide, Lydia Beginsgate, Sylphy Melhaven, and Veda Al Hazard from The Greatest Demon Lord Is Reborn as a Typical Nobody.

Me: Awesome.

Lincoln: Are you girls okay?

Sakura Banka: Yes, we're okay, thanks to you.

Then, when Sakura Banka and the other seven girls saw who it was that saved them from Pattyzilla, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie

Sakura Banka: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Sakura Banka: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared on the necks of Sakura Banka, Kikka Kurabe, Hiyori Munenashi, Genie Finn do Salvan, Irina Ritz do Allhide, Lydia Beginsgate, Sylphy Melhaven, and Veda Al Hazard with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the TLPS World Tree Estate, and the rest of the team were shocked when they found out the villain we went after was Pattyzilla, a gigantic monster Krabby Patty themed-villain.

But, when Lincoln showed what he did in frying that monster and us eating it, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Selena Doragonmajishan have a lot of catching up to do now that she's back in town.

---

After destroying Pattyzilla, we were training intensely in the gym, this time, doing 150,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Selena Doragonmajishan saw Lincoln working out like crazy, she had an atomic red blush on her face.

Selena Doragonmajishan: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Selena, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Selena Doragonmajishan: (Japanese Accent) That's incredible.

Nico: It sure is. So, Selena, what memories did you have with Lincoln?

Selena Doragonmajishan: (Japanese Accent) I remember this one time, Lincoln and I were working on a difficult Algebra assignment for homework, but since we know we're in The Loud House, things can get chaotic, and we'd soon be proven right when The Trinity of Violence burst in, and they order Lincoln to clean the basement. But, I saw that behind their backs, they had knives in their hands and it meant they're going to kill him. But, Lincoln said "no", and it made them so mad, they took out the knives and they were going to kill him, but I fired three blasts of darkness and disarmed them of the knives, and trapped them inside three spheres of darkness. We went in Lisa's room and we saw that Lisa and Luan were the ones who had supplied them with the knives, and that's further proof Lisa and Luan were also part of this plot, and I fired two more blasts of darkness and trapped Lisa and Luan in two more spheres of darkness. We told Mr. and Mrs. Loud of what Lori, Lynn, Lola, Luan, and Lisa of their plan, and we showed them the footage on the cameras, and they were mad at the five of them. Lori, Lynn, Lola, Lisa, and Luan got grounded for five months, and they were sent to Aunt Ruth's house, and Lincoln refused to talk to them during that time, and he broke down and he hugged me and cried really hard into my chest, but I hugged Lincoln and didn't let go.

We cheered for what Selena Doragonmajishan did to defend Lincoln.

Nico: I can't believe what those five tried to do to Lincoln, that was just pure evil.

Me: I know, that just makes all the more reason to smash Dark Lynn's face in even more.

Lincoln: You bet, and we've been planning on ways to make that pig suffer.

Lynn: Yeah, and I've seen a few of them, and they're more than enough to make her scream in so much horror, and I've also added in a few tortures in as well.

Lynn took out the list of tortures that she and Lincoln, along with the rest of their sisters are going to use to make Dark Lynn suffer, should she show her face.

1. Make her wash all of her lucky jerseys.

2. Make her wear only dresses and tiaras.

3. Take her out of all her sports teams.

4. Pop all of her balls and destroy her sports equipment.

5. Melt all of her sports trophies and turn them into a plaque.

6. Make her throw away all her stinky socks and spray her stinky feet in lilac-scented soap and water.

7. Spray her with lilac-scented water and soap.

8. Force her to watch as someone else claims victory in any sporting events.

9. Make her wear a mascot costume that hasn't been washed in weeks, and throw rotten food at her.

10. Give her a full Loud House beatdown.

11. Let Lincoln's Guardian Angels give her the beatdown of her life, and make her scream in pain.

12. Rip that eyesore of a ponytail off her head.

13. Smash her teeth out of her mouth.

14. Break her arms and legs.

When we saw the list, we were stunned.

Me: Dang, that's quite a list, in addition to you ripping that eyesore of a ponytail off her head, smash her teeth in, and break her arms and legs, Linc.

Lincoln: That's right.

Nico: Listing the kinds of tortures and punishments that only a pig like Dark Lynn isn't going to like. (Smirks) Very creative, big guy.

Lincoln: Thanks, Nico. Oh, and speaking of pigs, we're going to head out and humiliate NO MA'AM, The Bundys, and Mrs. D'Arcy. I called Vypra and Dark Spicer to chain Al Bundy, his friends, Peggy, Kelly, Bud, and Marcy to posts at Dad's restaurant.

Eli: I can't wait to make that pig squeal.

Rita: Mind if I also come along? I can't wait to teach Peggy and Marcy a lesson.

Lynn Sr.: Same with that moron and the rest of those pigs of NO MA'AM.

Lincoln: Of course, Mom and Dad, and I can't wait to give that Bacon Face newt, Bud Bundy, the painful beatdown of his life and humiliate him even more.

Lori: Same with that stupid bimbo, Kelly.

Paige: And don't worry, we'll keep an eye on the Mascots, so they don't try to wreck the place with another party.

Fluttershy and Rarity: And our kids are asleep in their cribs, Linky, so you don't have to worry about them.

Lincoln: Thanks, girls.

We got a shower afterwards, and then, we headed out to give Al Bundy and his NO MA'AM friends, Peggy, Kelly, and Bud Bundy, and Marcy D'Arcy quite the humiliation for all the trouble they've caused in Chicago, while Lincoln's harem remained in the World Tree Estate. But, this was also part of their big plan: they're going to cook up an awesome Father's Day Dinner, since today's Father's Day.

Ronnie Anne: Okay, girls, now that Lincoln and the rest of the team are at Lynn's Table to humiliate Al Bundy and his NO MA'AM friends, Peggy, Kelly, and Bud Bundy, and Marcy D'Arcy, we're going to cook an awesome Father's Day dinner.

Paige: This is going to be an amazing Father's Day dinner no one's going to forget.

Girl Jordan: You said it, Paige.

Himiko (Warriors Orochi): And since they'll be out for most of the day, we've got a lot to do before they get back. So, what's on the menu?

Sam Simpson: Ooh, we'll cook some whole chicken in the oven, and we got some seasonings for the chicken.

Clover: And we'll cook up some rice to serve as a side dish.

Alex (Totally Spies): And I'll also make some Caesar and Chef's Salad.

Ronnie Anne: Awesome idea, and we'll throw in some of the food Abuela always makes, along with some hot wings, and as a special surprise: we'll also cook up one of Lincoln's top favorite foods his Dad makes: Mac 'N Cheese Bites. But, we got to make sure Lincoln doesn't catch the scent.

Lily the Mermaid: You said it, when he catches the scent, he'll come back here, and what about the Mascots?

TLPS Ryuko Matoi: Don't worry, they'll keep watch for Lincoln and the others, and we'll also hear the screams of Al, his family, Jefferson, Marcy, and the rest of The Bad News Butt Cracks.

Twilight Sparkle: And with the ideas that Linky has to make them suffer, they'll be there for most of the day.

Rainbow Dash: That's perfect. Now, then, let's get cooking.

Lincoln's harem got to work with getting out a whole chicken from the freezer and thawing it out, and they got to work seasoning it with some amazing seasonings, boiling macaroni noodles for the Mac 'N Cheese bites, grating the types of cheeses and getting out the caramel, Alex (Totally Spies) was busy with washing the lettuce for the salads, Ronnie Anne was making some of her Abuela's cooking, The Mane 9 were getting out drinks for the dinner, and the rest of Lincoln's harem were also preparing the table and getting the plates, cups, knives, forks, spoons, and other cutlery ready for the dinner. Plus, while that was going on, they eventually heard the painful howls and screams coming from Al Bundy, his NO MA'AM herd, Peggy, Marcy, Bud, and Kelly, and they winced.

Ronnie Anne: (Winces) Ooh, whatever torture Lincoln's doing to Bud, it's not going to end well for that little newt.

Nicholette Torrington: And I definitely heard the howls from Al Bundy and his NO MA'AM herd, along with the shrill shrieks coming from Peggy, Kelly, and Marcy, yikes.

Ruby Rose: Those pigs have been asking for it, they have no respect for women at all.

Paige: And it also doesn't help they also hate their wives, and let's face it: Peggy Bundy's a lazy, red-headed, bon-bon binging, couch cushion denting, wine swilling, credit-card maxing parasite from Hell, Marcy is a man-hating feminist who's completely twisted and belongs in a nuthouse, and Kelly, well, we know the rest.

Lily the Mermaid: You said it, Paige.

At Lynn's Table, we were busy giving Al Bundy, his NO MA'AM friends, Peggy, Bud, Kelly, and Marcy the humiliation of a lifetime, and The Masters of Evil were also there for the humiliation spree.

Bud Bundy: This is all your fault, Dad, if your stupid antics hadn't gotten the attention of Team Loud Phoenix Storm, we wouldn't be spending the rest of our lives in prison and getting humiliated by the stupid heroes in the process. Dimwit!

Kelly Bundy: This is all Daddy's fault, and he knows it. Moron!

Peggy Bundy: And on top of that, I can no longer sit on the couch and spend all of your money, you dope. Thank your father, kids.

Bud and Kelly: (Mockingly) Thanks, Dad.

Al Bundy: SHUT UP, THE LOT OF YOU!

Marcy D'Arcy: I don't understand why I'm also getting humiliated as well, this is all that pig's fault.

Femme Fatale: Well, from what I found out from Nicole, you're just as, if not, even more twisted and completely insane, and I've seen the things you've done in Chicago, Marcy. So, you're just as guilty as NO MA'AM.

Nicole: And Peggy, you, Bud, and Kelly are also just as guilty as NO MA'AM, since you're just as morally depraved, twisted, and stupid as the morons that are all tied up with you.

Al Bundy: I hate all of you!

Our rainbow energy auras flared up big time, thanks to Al's hate, and that results in Jefferson hitting Al on the head.

Jefferson D'Arcy: Way to go, Al.

Lincoln: And there's a whole lot more in store for all of you, along with our resident targets for our humiliations.

We were also going to humiliate our resident targets: Flip, Lewis Travolta, Scoots, Icky Vicky, Trina Riffins, Billy McLean, and Bubble Bass after we get through with torturing the pigs of NO MA'AM, and they were really in trouble now.

Back at the World Tree Estate, Lincoln's harem got the chicken in the oven, the salads, the Mac 'N Cheese bites with a dash of caramel, nuclear hot wings, and the food of Ronnie Anne's Abuela and the drinks ready. Then, a few hours later, they got the chicken out and in the center, it was a delicious golden brown with spices on it, and it was amazing.

Ronnie Anne: Alright, we did it.

Just then, they heard the sound of more screams, this time, it's coming from Flip, Lewis Travolta, Icky Vicky, Scoots, Trina Riffins, and Bubble Bass.

Paige: And it wasn't just the pigs of Chicago they're humiliating, but our resident targets Flip, Lewis Travolta, Icky Vicky, Scoots, Trina Riffins, and Bubble Bass.

Nicholette Torrington: Should've known it wouldn't start and end with NO MA'AM, The Bundys, and Marcy, but they also included the resident targets and jerks.

Girl Jordan: Yep, should've seen that one coming. And what better way to celebrate Father's Day than with a humiliation on the jerks and on our new targets from Chicago.

Paige: (Snickers) And I hope Lincoln fried Bud badly when he electrocuted him.

Ronnie Anne: It's not just Bud, but I think he also got Kelly as well, along with Marcy, Peggy, and the NO MA'AM morons.

Suddenly, Poromon and the other mascots came rushing in.

Poromon: Girls, Lincoln and the others are coming back.

Lily the Mermaid: And not a moment too soon. Girls, let's get cleaned up.

Lily the Mermaid used her water powers and got the girls in Lincoln's harem cleaned up. Then, Lincoln and the rest of us came in, but we had our eyes covered. Then, we were guided to the dining room and when our eyes were uncovered, we saw everything the girls in Lincoln's harem did.

Lincoln's Harem and Kids: HAPPY FATHER'S DAY!

Lincoln: Wow! You all did this?!

Twilight Sparkle: Yep, we made an amazing Father's Day dinner for all of you, and we also included all of your favorite foods as well.

When we saw our favorite foods, it was so amazing.

Nico: That's so awesome!

Lincoln made clones of himself, and he and the clones went up to the girls in his harem and they wrapped their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Lincoln and his clones, and they shared an amazing and passionate super-charged kiss, and they also hugged the kids.

Lincoln: Thank you all for this surprise, girls.

Rainbow Dash: When we found out that you guys were planning on heading down to Lynn's Table for lunch and humiliating the jerks, along with our new targets from Chicago, we had to get to work and fast.

Lily the Mermaid: And we had the whole menu planned out, along with including all of your favorite foods.

Nico: (Drools) Nuclear Hot Wings and Chicken!

Lincoln: (Zombie State) Mac 'N Cheese Bites! (Snaps out of it)

Me: Whoa!

Girl Jordan: And we also heard everything that you all did to those jerks, and we also heard the bellowing hatred of Al Bundy, looks like you've made him really mad now.

Lincoln: And his family blames him, but they're a completely dysfunctional family that would rather eat nails than say a kind word to one another.

Mollie: And it's a good thing we got them off the streets of Chicago for good, otherwise, Chicago will have to deal with those morons forever.

Nicole: You said it, Mollie.

We sat down and we tried the food they made, and it was really delicious.

Lincoln: Wow!

Nico: Oh, so good!

Me: This is so amazing.

Lily the Mermaid: And we also got dessert made for tonight: Chocolate Lava Cake, and we had to put it in a special part of the fridge, so that way…

Lincoln: That way, my sisters don't eat it before tonight. Nice move, Lily.

Ronnie Anne: Yeah, knowing Lincoln's chocoholic sisters, once they get the smell of chocolate in their noses, nothing can stop them. It takes skill and cunning to pull one over on them.

Lincoln: You said it.

* * *

Later it was time for Taranee's 3rd Ambassador Mission.

William: Anyone else wanna go with Taranee? Besides Tony Jones and Heat Wave?

Halinor: Me and the previous Guardians will go if you want.

Taranee: Sure Halinor.

Me: It'll be awesome for Jak and Daxter to meet the predecessor Guardians of Candrakar.

Cassidy: It sure will be awesome.

Me: Anyone else?

No one raised their hands.

Me: No one? Okay.

Nico: All right then lets go.

We were off to the world of Jak and Daxter!

We arrived in Haven City.

Jak: Hey guys!

Taranee: Jak, meet my archenemy.

Heatwave: Awesome to meet you guys. My name is Mick Rory but everyone calls me Heat Wave. I have fire powers that come from my gun here.

Jak: Awesome to meet you Mick.

Me: And these are the Predecessor Guardians before Taranee and her friends.

Cassidy: Awesome to meet you. We're from over 40 years ago. My name is Cassidy and I'm the Guardian of Water, Irma's Predecessor.

Halinor: I'm Halinor and I'm the Guardian of Fire, Taranee's Predecessor.

Yan Lin: I'm Yan Lin and I'm the Guardian of Air, Hay Lin's grandmother and predecessor.

Kadma: I'm Kadma and I'm the Guardian of Earth and Cornelia's predecessor.

Nerissa: And I'm Nerissa, Guardian of the Heart and predecessor for Will.

Will: Before she was redeemed, Nerissa was a monster.

Me: That was one of the most incredible battles we have had and it threatened to rip the entire planet apart.

Nico: It sure did.

Daxter: Wow! We'll have to hear about that later though.

Tess: But it sounds awesome.

Me: It was. Oh and this is my friend Tony Jones here from the

Moonlands.

Tony Jones: Awesome to meet you guys. I am one of the protectors of the Moonlands.

Jak: I actually knew that Taranee and their friends had predecessors. I just didn't know their names.

Nico: That's all right.

Me: But we've had so many awesome adventures with them.

Megan McCallister: Yeah we sure did.

Me: And it all happened over 4 years ago.

Taranee: Yep.

Jak: Also, on the big day, it'll probably be Erol who's gonna be the target.

Me: So Erol is our primary target for when we all come to help you guys. It'll be awesome to pound that dirt clod into the ground.

Eli: Yeah it sure will.

Halinor: Looking forward to that one.

Nico: Tell us more about Erol.

Me: That's right and we need to know more about him. One of our most important rules is Know Thy Enemy.

Jak: Okay. Here's what we know.

He went over Erol's history.

---

Erol, alternatively spelled Errol, is the central antagonist of the Jak & Daxter video games series, serving as a major antagonist in Jak 2 and Daxter and later one of the main antagonists of Jak 3 as Cyber Erol. He is designed to be what Jak would be like if he was evil.

He was voiced by David Herman, who also played Nudar in Futurama.

Erol is an arrogant, cruel, callous and outright treacherous megalomaniac who is in Jak's face constantly from the moment he arrives in the future. He hopes to win Keira's affections and eventually kill Jak. Erol is the champion racer in Haven but during the final race against Erol race in Jak 2, Erol crashes into a stash of Eco barrels and explodes while attempting to run Jak over out of hate for him.

In the third game, he is resurrected as a cyborg and commands the Metal Heads, KG Death Bots in a war against the Freedom League and eventually managaes to form an alliance with the all-powerful Dark Makers. In the climactic showdown, Jak and Daxter manage to defeat him before he can destroy the world with the powers given to him by the Dark Makers.

---

When he was done we were shocked!

Me: Oh shit! An evil Sasuke of this world.

Nico: Good comparison.

Taranee: So he is an arrogant monster out to kill you guys.

Keira: Yeah and tryi to win my heart.

Me: What a fiend!

Nico: And now, he's a cyborg?!

Jak: Yeah.

Me: His hatred towards you is brutally intense!

Eli: No kidding! It consumed him beyond repair.

Nico: It sure did and now he is going to destroy the planet.

Me: He is definitely getting the Black Gates for his crimes.

Nico: I sense someone else here. But it's not Erol.

Me: I feel it too.

Eli: Same with me. It's coming from that way!

Eli pointed to the northwest.

Nico: Lets go check it out.

We went to do so.

Nico: We're getting close.

We then saw a figure and it was MIZO!

---

Mizo began life in Kras City as the son of a famous racer. Who was always busy racing instead of being around for his family, this caused Mizo to grow resentful of his Father. He'd vow to "own the whole damn sport" as a means of revenge against his Father. During one race, Mizo killed his father in cold blood. Later founding the Mizo Crime Family.

Mizo was a very notorious crime lord within Kras City, and was the arch-rival of Haven City crime lord Krew. At some point before Krew's death he and Mizo bet each other's crime operations over the following Kras city Combat Racing competition. Krew knew that Mizo was willing to cheat in order to win the championship so he prepared measures to ensure his own team would be forced to fight against Mizo's team by poisoning them and locking the antidote behind the trophy. It is implied that Mizo was aware of Krew's scheme and prepared countermeasures by hiring every professional racer he could find to race for his team.

Mizo had been playing the role of a sports announcer, G.T. Blitz, disguising himself so he can oversee every race. Throughout the game it's hinted that Blitz isn't quite what he seems, and as Krew's team led by Jak started to take the lead over the championship Blitz would continuously taunt Jak and attempt to either intimidate him into quitting and at one point even attempt to bribe him to throw away the cup to no avail.

When Jak made it to the final race of the Grand Prix Mizo decided to race himself under his G.T. Blitz persona, but this proved futile when Jak won the race and the entire championship. Having won the championship, Krew's daughter Rayn brought the antidote for the entire team only for Blitz to take off his wig revealing himself to be Mizo and claim that Rayn had cheated and broken their deal, only to realize that Pecker was filming him thus revealing his secret identity to the entire world. Enraged, Mizo stole the antidote from Rayn and attempted to flee in his car prompting Jak to chase after him in his own car.

Jak caused Mizo's vehicle to spin out of control violently crash into a wall. Mizo dropped the antidote on the ground. When Jak picked up the antidote Mizo attempted to warn Jak that Rayn was not trustworthy to no avail, he then taunted Jak saying "You have a habit of leaving people to die, Don't you?" referring to his Rival, Krew's death at Jak's hands two years prior. Jak turned away from the dying Mizo, simply replying "You get used to it." as Mizo's vehicle exploded, killing him. Mizo's warning regarding Rayn turned out to be true, as she had conspired with Krew to poison Jak and his friends the entire time so that she could take over Mizo's operations. By the time Jak and his friend realized that Rayn was a traitor it was too late as she had already taken over as Kras City's new crime lord.

---

Nico: It's Mizo!

Jak: Oh no.

Me: This guy is going down!

Eli: Yeah he will pay.

We went at him.

We arrived.

Mizo: Miss me, Jak?

Jak: Not at all you jerk!

Me: You're the one that has a habit of leaving people to die, don't you!?

Mizo did not like that one bit when I threw his own taunt right back at him!

Mizo: (ENRAGED) WHY YOU FUCKING LITTLE!

Nico: You're the guy who started off as a racer and turned into a crime boss!

Me: That's right! You are nothing but a two-bit cheater and a worthless sore loser!

Eli: And now it's time for you to be brought to justice!

Jak: Yeah!

Tony: WITH THIS ANIMITE, I MAGINE… FUROK!

He summoned FUROK!

Me: Awesome!

Will: Lets get him! GUARDIANS UNITE!

We went Guardian!

Will: (ENERGY SURGES) THE HEART!

Irma: (WATER SPLASHES) WATER!

Taranee: (FIRE BURNS) FIRE!

Cornelia: (VINES GROW) EARTH!

Hay Lin: (WIND BLOWS) AIR!

Me: (LIGHTNING STRIKES) LIGHTNING!

Elyon: (CLOCKS TICK) TIME!

Megan McCallister: (STARS SHIMMER) SPACE!

Lillian: (LIGHT SHINES) LIGHT!

Cassidy: (WATER SPLASHES) GUARDIAN OF WATER!

Halinor: (FIRE BURNS) GUARDIAN OF FIRE!

Yan Lin: (WIND BLOWS) GUARDIAN OF AIR!

Kadma: (VINES GROW) GUARDIAN OF EARTH!

Nerissa: (ENERGY SURGES) GUARDIAN OF THE HEART!

Nico: YEAH! TIME FOR SOME BUTTKICKING!

Furok: Let the fur fly! (to Daxter) Great to meet you, Daxter.

Daxter: You too Furok.

Nico: This is gonna be good.

Jak: What are the Moonlands?

Me: It's an island that is home to creatures that are from the dreams and imaginations of everyone there. It's full of awesome powers and more.

Nico: Yeah.

Tony Jones: Furok, Energy Blast!

He fired an energy blast.

Me: Taste this!

I fired a wave of lightning and it hit Mizo and electrocuted him and then Furok's blast hit him too and smashed him down.

Heat Wave: My turn!

Heat Wave fired a wave of fire and it hit Mizo and burned him all over.

Me: This is what I would do to Billy McLean.

I flicked the switches for Terror Blossom and the planet Venus and fired waves of fire flowers and they hit Mizo and burned him all over and he screamed like a little girl!

Furok: Dax, I've got a very crazy and unorthodox idea.

Daxter: What is it?

Furok: You and I are doing a combo attack together!

Daxter: Oh yeah! Lets do it!

Daxter and Furok: MOONLANDS ALIEN BURST!

They fired a massive waves of energy and elements and they formed into the symbols of the Moonlands and smashed Mizo down!

Nico: YEAH!

Me: Now for this one. Here's what I would do to Ale-fuckdro!

I flicked the switches for Cruel Fluttershy and Uranus.

Me: Mizo your mother is a worthless buttkissing bitch!

I fired waves of butterflies and they hit him and Mizo screamed in pain as they burned him!

Jak: (to Tony) Dax and Furok did a combo together. It's only fair that we do the same.

Tony Jones: Lets do it!

Jak and Tony: PUNCHING ECO FIST STORM!

They fired a waves of energy and they formed into fists and smashed Mizo down all over.

Me: Watch this guys. Here's what I would do to Heather!

I flicked the switches for Shrapnel and Saturn!

I fired metal sawblades and they slashed Mizo in half and cut him in two!

Nico: OH YEAH!

Daxter: Okay, if his heart's stll intact, he's not dead yet!

Me: No but he was cut in half. I'll finish him.

Jak: Go for it.

Me: Also this is what I would do to that coldhearted fucked up bitch Amy.

I flicked the switches for Trifire and Mars and fired a blast of fire and it hit and incinerated Mizo into a pile of ashes!

Nico: YEAH! Mizo you have failed this world.

We later came back.

May: Hey guys!

Nico: Hey May.

Me: Boy this was awesome.

We told everyone everything about what happened and it was awesome and fun.

May: Wow! That was awesome!

Me: And we used new powers with the Non Core M.O.E. members.

Nico: Yep we sure did.

May: Next time, Nate should go with you.

Taranee: Good idea!

Nico: Yeah!

---

Later it was time for another awesome holiday! But today was both Fathers Day and Juneteenth which is also known as Gay and Lesbian Pride day.

Mascots: HAPPY FATHERS DAY AND JUNETEENTH EVERYONE!

Muzzle: Two special days today, huh? Who knew?

Nico: Double Whammy Day.

Me: Yeah it sure is. Awesome.

Lola: Also Luna and Sam have something to show us.

Nico: Yep.

We went down to the street and there we saw the Pride Parade.

Nico: Wow!

Me: The Pride Parade.

Exile: (Russian Accent) Is it a statue?

Me: You'll see. And here it comes now.

We saw Asami, Korra, Luz, Amity, Luna, Sam, Marceline and Princess Bubblegum's float and it was called Lesbian Stellar Adventure. It was a float with them floating in a bubble that made it look like they were in space and the stars were all rainbow color and the planets were being made by them. On the driving it was Lyra Heartstrings and Bon Bon and they were awesome.

Nico: Wow! That float is so cool!

Me: Yep. I helped them build it. It was an awesome project for them.

Eli: That is so cool bro!

Kora Lexington: It sure is! Wow!

Hun Gurr: Happy Pride Month, girls!

Lyra Heartstrings: Happy Pride Month to you all!

Sam S.L.: What do you think of our float?

Nico: Awesome! J.D. did a great job helping you all out!

Luna Loud: He sure did dudes!

Korra: It's really awesome.

Me: Glad I was able to help you girls.

Nico: Hey Lincoln is that Clyde and his dads?

Lincoln: Yep.

We saw Clyde and his dads on a float with a bunch of other guys. It was called Tropical Mens World!

Nico: Awesome!

Harold McBride: Happy Pride Month guys!

Me: You too Mr. McBride!

Snarl: Me Snarl want to see you girls kiss!

Girls: Okay!

They did so and it was adorable!

All of us: Awwwww.

Me: So awesome.

Nico: Yeah!

Eli: So awesome!

Francis: (to Teresa) You and I should still kiss too.

Teresa: Good idea.

They did so.

Me: Aww.

Nico: So awesome.

Me: This is so awesome.

But then my wrist computer beeped.

Me: Uh oh.

I looked it up and it showed that the Quest Team jet was down in Northern Siberia. Also the Quest Team is stranded in Northern Russia.

Me: Uh oh! The Quest Team is in trouble!

Nico: Again!? Wow that's twice in one day. Where at?

Me: Siberia in Russia.

Nico: Oh man! They'll freeze to death! We got to get over there!

Me: And quick.

Nico: Right!

Then Girder, Carly Atlas, Spymaster, Xigbar, Pete, Mercurymon, Vanitas, Katnappe, Gator Ghoul, and Manta Bayarsh appeared.

Girder: Can me, Carly Atlas, Spymaster, Xigbar, Pete, Mercurymon, Vanitas, Katnappe, Gator Ghoul, and Manta Bayarsh go with you guys?

Nico: Yes you guys can.

Tom and Sheila came.

Tom Lair: Guys we got big trouble!

Irma Lair: What's wrong daddy?

Tom Lair: I'm afraid you guys aren't gonna like this. J.D.'s old enemy Vostok has escaped from prison and is out for revenge!

We gasped!

Nico: Oh man!

Me: I had a feeling he would one day return!

Camie: Who is Vostok?

Me: He was a KGB General for the Soviet Union and he went rogue and he turned into a Terrorist after the Soviet Union fell from power.

I went over his history.

---

General Vostok was a recurring villain in the cartoon series The Real Adventures of Jonny Quest. He appeared in two episodes and was voiced by Mark Hamill both times.

Biography

Vostok was a hard-line Siberian army general and former KGB agent who resented the former Soviet Union's abandonment of Communism. He sought to use a living golem to overthrow the Czech Republic's current government headed by President Alena Stasny. To this end, he posed as Czech scientist Professor Karst's chauffeur, but was recognized by Race Bannon. He sent an attack helicopter to kill Bannon, but the pilot failed, and Bannon stole the chopper.

Still posing as Karst's chauffeur, Vostok accompanied him and the Quests to where the golem was. After Vostok brought the stone giant to life by carving an infinity symbol into its forehead using an artifact Vostok hard murdered another Czech scientist to obtain, Vostok betrayed Karst, and ordered the golem to kill him and the Quests. Although Karst seemed to die, the Quests were able to escape thanks to the intervention of Race Bannon in the helicopter.

Gathering his men, led by his second in command Colonel Dimitri, Vostok led an assault against President Stasny's mansion, using the golem as a spearhead. The golem laid waste to the Czech soldiers and flipped a tank over, smashing the top end into the upper floor of the house, allowing Vostok and Dimitri, the latter armed with a machine pistol, to simply walk up it like a ramp.

Vostok confronted Stasny and the Quest and ordered the golem to kill them. However, it turned out that Professor Karst had survived the attack earlier. He knocked out Dimitri, took his gun, and attempted to kill his former business partner. As the two fought over the artifact which controlled the golem, part of the ceiling caved in on them, destroying the golem and killing Karst. However, Vostok survived and escaped.

Later, he weaponized Dr. Gunter Erikson's ability to freeze large amounts of water, the Bifrost Effect, using it to steal a Russian submarine, the Gagarin. He was killed when Dr. Quest turned the Bifrost Effect against him; as Vostok launched torpedoes, the water around his submarine froze, preventing the torpedoes from advancing any further. The resulting explosion destroyed the Gagarin, killing Vostok.

---

When I was done everyone was shocked!

Kora Lexington: Wow! I didn't know you had a big history with him J.D.

Me: Yeah and I stopped him years ago when he used the Golem to try and take over Prague. But he doesn't know that I've gotten stronger since then.

Lola: No he doesn't.

Me: Now we're going to finish what I started and kill him.

Nico: Yeah. Since you have experiences with this guy you can lead this mission J.D.

Me: Thanks Nico.

Runabout: Boss, which Gene Slammer do you think you'll meet next rescue?

Nico: I'm hoping to do one for an Atrocian next.

Ben: The Worst's species next! Wow!

Me: They are really strong and tough.

Shanan: Boy they sure are.

Nico: Yep.

Me: Lets get moving. The Siberian Cold is something no one can survive in for a while. Lets roll!

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Corey Hudson, the Interrogator of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is another Blood Dragon coming after us?

Lincoln: That's right, Nico, and it's Corey Hudson, the Interrogator of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us.

Yvonne Qinsington: So, the Interrogator of The Blood Dragons is heading here, eh? He must've found out what we did yesterday to Kyle Carter, and those two work as a team in torture and interrogation.

Lincoln: But, now that we broke up their partnership, Corey Hudson's heading here to take revenge on us for what we did. Good, now, we can make him pay for everything he's ever done.

Nico: That's an awesome way to close out our special Father's Day. Alright, gang, let's go, we got a rogue KGB Soldier to deal with.

Me: You got that right, Nico. Get ready, General Vostok (Eyes glowing red) You're not leaving out of this battle alive, this time, you die!

We were off to Russia!

---

We were flying over Russia.

Katnappe: (shivers) I don't think cats can survive in the cold!

Me: Don't worry I brought our parkas with us.

I gave everyone our parkas.

Katnappe: Oh good.

Eli: Hey bro how did you beat Vostok before?

Me: That is one I'll never forget. It was back in 2013. The Russian Federation ordered its entire military to kill him on sight for terrorism. But here's what happened.

---

Me: (Narrating) **It was back in 2013 in Prague, the Capital City of the Czech Republic. Me and my family were on vacation there when we found out that Vostok was terrorizing the area with the golem. I found out about this and went after Vostok. It was the most brutal and ferocious fight I've ever faced.**

Past me kicked Vostok in the face and I kicked the Scriv out of his hands and stopped the Golem. Then we engaged in a brutal fist fight! We screamed and roared and went at each other and engaged in a ferocious fight! We grabbed each other and I punched him in the face and kicked him in the stomach and he punched me in the face and I kicked him in the face and he kicked me in the stomach and I punched him in the stomach and he punched me in the face twice and I dodged his third strike and punched him in the face and he kicked at me and I dodged his strike and punched him in the face and kicked him in the stomach. He came at me and fired a bunch of bullets and I deflected them away and punched him in the face and kicked him in the chest and punched him in the face again! He got up and went at me and punched me in the face and kicked me in the stomach with devastating force and I crashed into a rock and belched up a huge amount of blood. He grabbed me and threw me down and pile drove me and I belched up even more blood and it got on his face and he was screaming in pain as it burned him and I got up and punched him in the face and kicked him and punched him in the face and he punched me in the face with devastating force and knocked out some of my teeth and I was thrown to the ground and he jumped and just as he was about to smash my head in, I grabbed he foot and threw him into a rock and I kicked him with devastating force and I grabbed his arm and broke it. He then got up and viciously punched me in the stomach and I belched out a huge amount of blood and I punched him away.

Past me: YOU CAN'T WIN VOSTOK!

Vostok: (RUSSIAN ACCENT) THIS PLANET WILL BE MINE IN THE NAME OF COMMUNISM AND YOU ALL WILL DIE WITHOUT FREE WILL!

Past me: LIKE HELL IT WILL BE YOU MOTHERFUCKING MOTHERFUCKER!

We went back to fighting! We were mercilessly thrashing each other and we weren't gonna give up until one of us dies! I punched him in the face with devastating force and he belched up a huge amount of blood and I kicked him in the stomach and punched him in the face! Vostok punched me in the stomach and kicked me in the face with devastating force and I belched up a huge amount of blood and I dealt him a deadly uppercut and kicked him in the face. He growled ferociously and punched me in the stomach and dealt me a deadly uppercut!

I landed and he had a pipe ready and we clashed with them. We stood ready to clash again.

Vostok: It is over.

Past me: (Speaking Russian) Сделай свой лучший выстрел, ты, коммунистический ублюдок! (Take your best shot you communist motherfucker!)

He came at me and and I kicked him in the head and bashed him in the head with the pipe and knocked him out.

Me: **It was one of the most brutal fights I've ever had. But I saved all of Prague from a fate worse than death. Vostok wanted to bring back the Soviet Union and everyone into the age of Communism.**

FLASHBACK ENDS

Me: That's what got me Prague's highest honor: The Order of The White Lion medal.

Everyone: Wow!

Camie: That is incredible!

Laney: We all were amazed ourselves when we heard about it.

Lola: Yeah we sure were.

Tsuyu: Wow! J.D. that was so cool.

Sirius: Boy I'll say.

Jewel Man: Need a jacket, Maria?

Maria: I've got one on. J.D. gave it to me.

Jewel Man: Oh sorry.

We then saw someone walking along the cold.

Me: Wait look.

We saw a lone figure and it was Jonny and Bandit.

Nico: It's Jonny and Bandit!

We went down.

Vanitas: You two okay?

Jonny Quest: Yes we are. But that creep Vostok has my dad, Jessie, Race and Hadji.

Nico: We got to save them.

Me: And we will. Me and Vostok have an old score to settle.

Eli: Jonny how did you wind up all the way out here?

Jonny: We were on our way to visit Professor Erikson and then we were shot down by some kind of bomb.

Me: He used a Bifrost Effect Bomb on the jet.

Nico: What's that?

Me: A Flashfreeze Bomb.

Nico: Whoa!

Me: Yeah.

Jonny: But it's up to us now. They're going due north.

Me: Lets go.

We were off.

We were trekking the ice.

Jonny: The tracks are covered, but I'm sure they went this way.

Me: I think they did!

Jonny's watch beeped and it showed we were on the right track.

Bandit: [whimpering]

Jonny: I know, boy. I'm cold too.

Me: We all are.

Bandit saw something and went at it.

Jonny: [Bandit barking] Hey, wait up!

Me: Whoa he found something.

We went to what looked like an ice formation.

Me: Wonder what this is.

Jonny: What is it, boy?

Bandit scratched at something and then Jonny rubbed snow off an ice rock and it had what looked like a lever frozen in it.

He kicked it and then a door opened.

Jonny: Good work, Bandit.

Me: Whoa a secret entrance.

Nico: Awesome job Bandit.

Fluttershy: Nice job Bandit.

Bandit: Woof woof.

Jonny: It's nice and warm in here.

Me: It sure is.

We took off our jackets and tied them around our waists and looked around.

Eli: Hadji and the rest of the team are here. I sense it.

Randy: I'll turn invisible and save Hadji and the others.

Nico: That's the second time today that we save him.

Me: I know. First in a haunted mansion and now this. Proceed Randy.

He went invisible.

Pete: You guys want some cocoa? It's warm.

Me: Sure.

We got some and it was good.

Me: Thanks Pete. But shh we don't want them to hear us.

We walked around and we saw that it was an underground Terrorist Base for Soviet Uniion Rogues.

We hid behind some barrels and looked around.

Me: Vostok sure knows how to operate a lair.

Nico: Yep.

Nico then pulled out a blaster.

Nico: Today will be a good test for my mahogany laser.

Chop Shop: Was that invented today?

Nico: Yep. Just invented it. It's for the colors of Pride Month.

Me: Nice.

Eli: Hadji, Jessie and Race are in the cell below us. Those guards are guarding it.

Me: Leave these guys to me. Watch.

I pulled out a Russian coin worth a lot. I kissed it.

Me: Make me proud lucky Ruble.

I tossed the coin onto the floor and then the guards went over to and then I jumped down and used my stealth and then snuck up behind them and then…

SNAP SNAP!

I snapped their necks!

Mercurymon: That's the name of your Russian Coin?

Nico: That's Russian Currency Mercurymon.

Mercurymon: Oh right.

I picked it up and got the keys for the cell.

Nico: But awesome job J.D.

Me: Thanks. But don't worry Nico you'll get to use that laser of yours soon.

We went over to the door of the cell.

Hadji: These cuffs would challenge Houdini himself.

Jessie Bannon: I'm not giving up.

Then we opened the door.

Nico: Someone call for reinforcements?

Jonny: : Hey, guys. Did you miss us?

Bandit: Woof woof.

Race: Hey, nice work, guys.

Jessie Bannon: Boy are we glad to see you.

Me: Same here.

I chopped the cuffs and broke them off.

Nico: Now lets go find the doc and then go after Vostok.

Me: Also I sense that Vostok has prisoners here. We got to get them too.

Nico: Right. I have an idea. You face Vostok and we'll go save the doc and those prisoners.

Me: Okay.

Gulper: Gulper want to drink soda before we continue.

Eli gave him one.

Gulper: Thanks Eli.

Gulper drank it.

Nico: Okay.

Me: Here we go. Get ready Vostok. (Eyes Glow Red) You and I have a score to settle.

Jonny: (to Gator Ghoul) How come you're not cold?

Gator Ghoul: Because I'm cold blooded.

Jonny: Oh.

Nico: Lets go.

Nico and the others went to get the doc and the prisoners and I went to find Vostok.

Me: I hope you're ready for me Vostok!

A figure came out and then out came GENERAL VOSTOK!

Vostok: (Russian Accent) Well this is a new sight. Who are you comrade?

I teleported and kicked Vostok down and snapped the guards necks.

Me: Been a long time Vostok.

Vostok: Who are you my friend?

Me: You don't remember me Vostok? Let me jog your memory then. In 2013 I was on vacation with my family in the Czech Republic and I stopped you from using the Golem to Overthrow the Czech Government.

Vostok: WHAT!?

He then saw a flashback me and compared it to me.

Vostok: You're J.D. Knudson!?

Me: (Speaking Russian) Правильно, мой старый друг! Прошло девять лет с тех пор, как мы в последний раз поссорились, и я снял тебя и отправил в тюрьму Черного Дельфина! (That's right my old friend! Its been nine years since we fought the last time and I took you down and sent you to the Black Dolphin Prison!)

Vostok: You've changed a lot J.D. What happened to you?

Me: Many adventures, many years of training, many things. Now you and I, we have some catching up to do as well as an old score to settle.

I punched him in the face and then he went at me and I kicked him in the face and then punched him in the stomach many times and kicked him in the face.

Rippersnapper: You guys sure we're headed in the right direction?

Nico: Eli's leading the way on this.

Jonny: Dad's got to be around here some place.

In the lab, Dr. Quest was working.

Colonel: (Russian Accent) What is it you're doing now, doctor?

Dr. Quest: Making a few final adjustments.

Colonel: You must think me a fool! I'm not about to give you a chance to use this.

Dr. Quest: There's one problem. That's just the decoy.

He took a flashlight and it fired a flashfreeze ray! And then he smashed the launcher through the ice and sent the guards falling through the floor.

Then he froze the door off and smashed the guards on it.

Hadji: I believe we have found Dr. Quest.

Nico: We sure did.

They went up to him.

Dr. Quest: Everyone! Good to see you.

Nico: Glad you're all right doctor.

Dr. Quest: Yes. Jonny, I thought you went for help?

Jonny: No way. And let someone else have all the fun?

Nico: J.D. is fighting Vostok. How did you get out?

He showed them a flashfreeze flashlight!

Nico: A Flashlight?

Dr. Quest: A Flashfreeze Flashlight.

Nico: Lets go into the lab and see what we can use.

Manta Bayarsh: I found some unopened food!

Nico: Now is not the time to eat Manta. We got to kill Vostok.

Lola: But I did find all of Professor Erikson's research and all that.

Nico: Great.

Lana: And also more freeze bombs too.

Nico: Amazing that Vostok is using all this as a weapon of destruction.

Dr. Quest: Yes. He wanted to use the Bifrost Effect as a weapon of destruction.

Nico: What a monster.

POW!

I punched Vostok in the face and kicked him down.

I jumped and kicked him in the back.

Vostok: You have gotten stronger! And faster! But how!?

Me: All the wonders of training!

POW!

I punched him in the face!

Kevin Levin: Sweet! I found a stack of money! (starts counting it)

Nico: That must be their funding.

Kevin Levin: Yeah.

He counted up $14,391,034,457,78,491,136.00 in Rubles or 82,748,278,498,292,323,942 Rubles.

Nico: Wow! That's a lot of Russian Money.

Laney: They must've stolen the entire Russian Treasury.

Nico: Maybe.

Eli came back.

Eli: Guys I found the prisoners and freed them!

Nico saw that it was his friend Captain Rossanov!

Nico: Captain Rossanov!

Captain Rossanov: (Russian Accent) Comrade Nico! You and Team Loud Phoenix Storm came just in time.

Xigbar: Just doing our jobs!

Nico: Yeah. J.D. is fighting Vostok right now. We better go help him out.

Eli: Right. And I found Professor Erikson. He's hurt.

Varie looked him over and he was knocked out with a powerful heavy sedative.

Varie: He's all right. He took a massive dose of a sedative.

Nico: Geez.

Varie: He'll be out like this for a while.

Reflector: Boss, use me in my camera mode to blind the guards.

Nico: Right.

Reflector transformed into his camera mode and then they got ready.

The guards came.

Nico: Say Cheese!

SNAP!

He blinded the guards and Nico blasted them.

BLAM!

I punched Vostok in the face. I kicked him all over. And then smashed him down.

Me: I learned this one on Television!

(RUSSIAN DANCE MUSIC PLAYS)

I was dancing to Russian Music.

Me: HEY! (KICKS VOSTOK ALL OVER) HEY! (KICKS VOSTOK ALL OVER) HEY!

They ran and they saw the door sealed.

Spymaster: I'll hack into the door.

Spymaster did so and opened it.

Nico: Awesome. Entrance time.

Plug Man: Showtime!

They went at the fight with me and Vostok.

POW!

I punched Vostok in the face. He was brutally mangled all over.

Me: Had enough?

Vostok: NEVER!

He went at me and I kicked him in the face and knocked him down!

But then the spirits of the Hummingbirds of the Stars came and they swirled around Vostok and then converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and then a phoenix cry was heard and everyone came!

Me: Nice!

Nico: We got the doc and rescued Vostok's prisoners.

Me: I've been having fun with Vostok.

Nico: The laws of victory are set!

Vostok: There are no such laws!

Carly Atlas: Was that from Build?

Nico: Yes.

Me: And It's a great law for us!

I kicked Vostok in the face.

Then Firefly, Plastique, Whiteout, Ghost, Gearhead, Killer Shrike, Trickster, Loki, Cad Bane, and Vortex appeared.

Nico: Firefly, Plastique, Whiteout, Ghost, Gearhead, Killer Shrike, Trickster, Loki, Cad Bane, and Vortex.

Killer Shrike: Wow J.D. sure did a number of Vostok.

Me: I sure did. Vostok is one tough cookie but then again Russia has been widely known for training its soldiers well.

Nico: That's for sure.

Laney: Yeah Russia did a great job.

Firefly: Having a Happy Juneteenth?

Luna: Sure am, dude!

Plastique: Good. Because it's not over yet!

Me: We also have Father's day too.

Nico: Yep.

Whiteout: I hope Taranee uses more Eco powers in the battle.

Nico: Oh she will.

Ghost: (to Nico) We heard you rescued Hadji.

Nico: We sure did and it was a scary one.

Gearhead: Did any baddies get taken out?

Nico: Yep. We took out an evil pearl.

Brittney: Really scary and ugly story there.

Then Terror Blossom appeared.

Me: Terror Blossom. Nice to see you again.

Terror Blossom: Good job using my Astroswitch.

Me: Thanks. First time using it.

Nico: But it was cool.

Me: Yep.

We got the usual battles underway!

## Lola, Sunset Shimmer, Pipsqueak, Fire Skylanders, Volcana, Sam S.L., Tara, Lea and Francis VS Firefly - Nico's rescue and meeting a Galarian Rapidash Gene-Slammer and Kora

---

Firefly was first.

Firefly: (to Lola) Nico did a good job rescuing Hadji in his rescue. And he met a Galarian Rapidash Gene-Slammer and Kora too.

Lola: Yeah but that was one of the scariest rescues we've ever been on and we had to face a malevolent entity and destroy a black pearl straight from Hell.

Sunset Shimmer: Yeah it was really scary. That pearl had over 250 years of evil in it dating back to the 1700's.

Pipsqueak: (British Accent) It sure did and it was really scary too.

Sunburn: Yeah that was a scary one. But it was worth it.

Volcana: It sure was.

Sam S.L.: We're proud of everyone though.

Tara: We sure are.

Firefly: That was a scary rescue but I'm glad you guys pulled through. Lets do it!

They fired waves of fire and smashed him down.

## Shope, Rainbow Dash, Scootaloo, Air Skylanders, Ben 10,000, Bella, Ben, Riley, Runabout and Runamuck VS Bette Sans Souci A.K.A. Plastique - The Sporachi Family cursed for 250 years because of one man's greed

Plastique was next.

Plastique: (to Shope) The Sporachi Family was cursed for 250 years because of one man's greed. See what happens when people become too greedy?!

Shope: No kidding! Like what the Poet Virgil said "What a Mockery is made in the brief battle for Possessions that make so short a life."

Plastique: That is a very, very good point.

Shope: But that pearl was to blame for what happened to the Sporachi Family.

Rainbow Dash: Thank goodness Brittney was able to tell us what that Pearl was.

Scootaloo: Yeah no kidding. That was really scary and terrifying.

Whirlwind: Yeah no kidding there.

Ben 10,000: But still it was a really awesome rescue and Jacobi Sporachi can finally go to his eternal rest after 250 years.

Bella: Yeah we're happy that he is free. But sad that he went through all that.

Riley: Yeah no kidding. Only on those that are evil should they deserve that kind of curse.

Ben: That is for sure.

Plastique: I agree there. Thank goodness they are cursed like that. But on an innocent soul like Jacobi? Never. Lets do it!

They fired waves of lightning, rainbows and wind and energy and smashed her down.

---

## Squirrel Girl, Fluttershy, Tornado Bolt, Life Skylanders, TD Gwen, Cameron, Jewel Man and Ring Man VS Whiteout - Lincoln's rescue

---

Whiteout was next.

Whiteout: (to Squirrel Girl) I heard Lincoln's rescue was in a Krabby Patty Planet. How was it?

Squirrel Girl: It was incredible. It was a planet Mr. Krabs, all of Bikini Bottom and the Ocean would love.

Fluttershy: It was really amazing to see.

Tornado Bolt: Boy it sure was. SpongeBob, Patrick and Lily loved it.

Stealth Elf: They sure did and it was awesome.

TD Gwen: It was really cool.

Cameron: And awesome and delicious too.

Whiteout: Wow that was awesome. A Planet made of Krabby Patties. Lets do it!

They fired waves of leaves, grass and flowers and energy and smashed him down.

---

Ariel, Eli, Rarity, Sweetie Belle, Water Skylanders, Danny Phantom, Sam, Tucker, Dani, Papillon and Randy VS Ghost - Meeting a Red Eyes Dark Dragoon Gene-Slammer

---

Ghost was next.

Ghost: (to Ariel) I heard you guys met a Red Eyes Dark Dragoon Gene-Slammer. What's her name?

Ariel: Her name is Selena Doragonmajishan. She is one of Lincoln's friends from Japan.

Eli: She is really awesome and she is one of the masters of the Occult.

Rarity: Indeed she is darlings. She has an amazing history.

Sweetie Belle: Boy she sure does. And she hates that insane monster Scoots too. But she had an amazing story too.

---

Selena Doragonmajishan: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Selena, and now, I can also

defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Selena Doragonmajishan: (Japanese Accent) That's incredible.

Nico: It sure is. So, Selena, what memories did you have with Lincoln?

Selena Doragonmajishan: (Japanese Accent) I remember this one time, Lincoln and I were working on a difficult Algebra assignment for homework, but since we know we're in The Loud House, things can get chaotic, and we'd soon be proven right when The Trinity of Violence burst in, and they order Lincoln to clean the basement. But, I saw that behind their backs, they had knives in their hands and it meant they're going to kill him. But, Lincoln said "no", and it made them so mad, they took out the knives and they were going to kill him, but I fired three blasts of darkness and disarmed them of the knives, and trapped them inside three spheres of darkness. We went in Lisa's room and we saw that Lisa and Luan were the ones who had supplied them with the knives, and that's further proof Lisa and Luan were also part of this plot, and I fired two more blasts of darkness and trapped Lisa and Luan in two more spheres of darkness. We told Mr. and Mrs. Loud of what Lori, Lynn, Lola, Luan, and Lisa of their plan, and we showed them the footage on the cameras, and they were mad at the five of them. Lori, Lynn, Lola, Lisa, and Luan got grounded for five months, and they were sent to Aunt Ruth's house, and Lincoln refused to talk to them during that time, and he broke down and he hugged me and cried really hard into my chest, but I hugged Lincoln and didn't let go.

We cheered for what Selena Doragonmajishan did to defend Lincoln.

Nico: I can't believe what those five tried to do to Lincoln, that was just pure evil.

Me: I know, that just makes all the more reason to smash Dark Lynn's face in even more.

Lincoln: You bet, and we've been planning on ways to make that pig suffer.

Lynn: Yeah, and I've seen a few of them, and they're more than enough to make her scream in so much horror, and I've also added in a few tortures in as well.

Lynn took out the list of tortures that she and Lincoln, along with the rest of their sisters are going to use to make Dark Lynn suffer, should she show her face.

1. Make her wash all of her lucky jerseys.

2. Make her wear only dresses and tiaras.

3. Take her out of all her sports teams.

4. Pop all of her balls and destroy her sports equipment.

5. Melt all of her sports trophies and turn them into a plaque.

6. Make her throw away all her stinky socks and spray her stinky feet in lilac-scented soap and water.

7. Spray her with lilac-scented water and soap.

8. Force her to watch as someone else claims victory in any sporting events.

9. Make her wear a mascot costume that hasn't been washed in weeks, and throw rotten food at her.

10. Give her a full Loud House beatdown.

11. Let Lincoln's Guardian Angels give her the beatdown of her life, and make her scream in pain.

12. Rip that eyesore of a ponytail off her head.

13. Smash her teeth out of her mouth.

14. Break her arms and legs.

When we saw the list, we were stunned.

Me: Dang, that's quite a list, in addition to you ripping that eyesore of a ponytail off her head, smash her teeth in, and break her arms and legs, Linc.

Lincoln: That's right.

Nico: Listing the kinds of tortures and punishments that only a pig like Dark Lynn isn't going to like. (Smirks) Very creative, big guy.

Lincoln: Thanks, Nico. Oh, and speaking of pigs, we're going to head out and humiliate NO MA'AM, The Bundys, and Mrs. D'Arcy. I called Vypra and Dark Spicer to chain Al Bundy, his friends, Peggy, Kelly, Bud, and Marcy to posts at Dad's restaurant.

Eli: I can't wait to make that pig squeal.

Rita: Mind if I also come along? I can't wait to teach Peggy and Marcy a lesson.

Lynn Sr.: Same with that moron and the rest of those pigs of NO MA'AM.

Lincoln: Of course, Mom and Dad, and I can't wait to give that Bacon Face newt, Bud Bundy, the painful beatdown of his life and humiliate him even more.

Lori: Same with that stupid bimbo, Kelly.

Paige: And don't worry, we'll keep an eye on the Mascots, so they don't try to wreck the place with another party.

Fluttershy and Rarity: And our kids are asleep in their cribs, Linky, so you don't have to worry about them.

Lincoln: Thanks, girls.

FLASHBACK ENDS

Ghost: Whoa! That's awesome that Lincoln made that list of tortures for Dark Lynn. But wow! I'm glad Selena was able to stop the Loud Kids from killing Lincoln. Those dark sides of theirs have REALLY caused a lot of trouble.

Gill Grunt: That's just putting it mildly! They have gotten in trouble because of them more times than anyone else can even count!

Danny Phantom: Yeah you're not kidding there!

Sam Manson: Those dark sides of theirs need to be more than just imprisoned in crystal. They need to be given the Black Gates.

Tucker: I agree there guys. They are beyond all forms of rehabilitation.

Dani: You're not kidding there.

Ghost: I agree there too. Lets do it!

They fired waves of energy, water, jewels, ice and lightning and smashed her down.

Yvonne Qinsington: I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne. You can come out now, Corey Hudson.

A 24 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder came out, it was Corey Hudson, the Interrogator of The Blood Dragons.

Yvonne Qinsington: I should've known Bryan Greyson would send you to kill us, Corey Hudson. But, your days of killing people are about to come to an end.

Corey Hudson: I'll wipe that smug look off your face by killing you and everyone you love, and you'll pay dearly for what you did in capturing Kyle Carter.

Yvonne Qinsington: Still the same lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Yvonne Qinsington's red eyes turned neon red, and she was surrounded by a red energy aura with fire, psychic energy, and The Chariot, she unholsters her massive Arcana Force VII - The Chariot and Sword of The Arcana swords from her back, and as she approached Corey Hudson, she left blue energy, gravity, psychic energy, and Arcana Force VII - The Chariot with every step.

Yvonne Qinsington: You've gotten away with one crime too many throughout the years since Bryan Greyson formed The Blood Dragons, not to mention the murders you've committed, Corey Hudson, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Yvonne Qinsington was surrounded by a massive vortex of red energy with fire and psychic energy surrounding it, there's Arcana Force VII - The Chariot flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Yvonne Qinsington emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Yvonne Qinsington grew from 6'5" to 6'11" in height, she has the body of a goddess, she has red highlights in the bangs of her long flowing red hair, she has neon red eyes and a red energy aura with fire, psychic energy, and Arcana Force VII - The Chariot surrounding her, she has Arcana Force VII - The Chariot and with the Fire Kanji in its hands emblazoned on her forehead, she has on Arcana Force VII - The Chariot earrings with red gems for eyes and holding the Fire and Eternity Kanjis in its hands, she also has the Arcana Force VII - The Chariot with red gems for the eyes and the Fire and Eternity Kanjis in its hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with red crystal links from her merged Crystal Necklace of the Buddha and red gems on the gold lightning bolts. Yvonne Qinsington has on a short-sleeved red blouse, red sleeveless top with black vertical stripes, red skirt, red pants, red ankle-high sneakers, and long red sleeveless trenchcoat with fire and psychic energy on the coattails, and on the back is Arcana Force VII - The Chariot surrounded by fire. Suddenly, Yvonne Qinsington felt a sharp pain on her back, and then, her massive red angel wings grew much bigger for her new body, and the large red feathers have black tips. Yvonne Qinsington has on a Ring of The Phoenix with red gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Yvonne Qinsington's massive Arcana Force VII - The Chariot and Sword of The Arcana swords began merging together and they were surrounded by a kaleidoscope of red energy, fire, and psychic energy, and when it emerged, it's been transformed into Arcana Force VII - The Chariot's Fire Arcana Greatsword of Psychic Justice, it's a brand-new greatsword with Arcana Force VII - The Chariot and the Major Arcana card The Chariot etched on the 7'0" massive, wide, double-edged red blade, large red angel wings for the crossguard, large red gem embedded in the rainguard, longer black handle, and large red gem with angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with red gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Arcana Force VII - The Chariot with red gems for eyes and a large red gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on her right hip and Eater of Sins revolver holstered on her left hip. Yvonne Qinsington has has transformed into SUPER ANGEL ETERNITY INFINITY FIRESTORM ARCANA FORCE VII PSYCHIC ANGEL OF PSYCHIC FIRE JUSTICE AND DIVINE CLAIRVOYANT LOVE!

We were amazed by Yvonne Qinsington's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Corey Hudson saw it, the thug got his knife and was about to stab her, but Yvonne Qinsington fired a powerful blast of red energy with fire, psychic energy, and Arcana Force VII - The Chariot, and it hit Corey Hudson and he was sent flying into a wall.

Melanie McPherson: (Scottish Accent) Whoa, Evelyn's transformed, that's so awesome!

Nico: You said it, Melanie. This is going to be good.

Lincoln: Wow, Yvonne, you look beautiful. How do you feel?

Yvonne Qinsington: (Divine Echoing Cosmic Voice of The Arcana Fire Chariot and Divine Clairvoyant Love) **I feel incredible, Linky. Now, shall we deal with that thug, Corey Hudson, once and for all?**

Lincoln: (Smiles) With pleasure, Yvonne.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds

unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Yvonne Qinsington.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that thug away for the rest of his life.**

Yvonne Qinsington and Lincoln went after Corey Hudson, who tried to shoot them with his gun, but they grabbed the bullets and they crushed them in their hands and they also fired a blast of rainbow and orange fire which melted his gun, and they fired powerful blasts of rainbow energy, red energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Arcana Energy at Corey Hudson, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Me: Uh oh, here it comes.

Corey Hudson drank the werewolf serum, and we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **So, he wants to play it like that, huh? Okay, then.**

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's rip him to shreds.**

Yvonne Qinsington and Lincoln attacked him with their massive greatswords and left painful scars on him and they also spilled his blood and it caused him to roar in anger, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on his chest, and the cure took effect as Corey Hudson changed back to normal. Then, Evelyn and Lincoln fired a blast of magic and it hit Corey Hudson, and put him into a special card prison where he'll be locked up until trial, and into a box that Melanie McPherson made, where she put Morgan Wesley, Gary Reese, Riley Cooper, Nelson Everett, Kyle Carter, and Marc Landon into. We cheered wildly for what Yvonne Qinsington and Lincoln did as they holstered their massive greatswords on their backs and powered down and Lincoln changed back, and Yvonne Qinsington's new body, clothes, weapons, jewelry, and massive red angel wings are permanent.

Yvonne Qinsington: That's another Blood Dragon down and five to go. Thanks for helping me take down Corey Hudson, Linky.

Lincoln: (Smiles Warmly) You're welcome, Yvonne.

Suddenly, Yvonne Qinsington wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down Yvonne Qinsington's face, they kissed passionately as Yvonne Qinsington's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force VII - The Chariot flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and flames behind them and the rest of Lincoln's harem cheered for them. Lincoln and Yvonne absorbed the flames and it made them stronger than ever.

Penelope Harrisburg: Which means the next Blood Dragon to take down tomorrow is Eric Archer, Weapons Expert of The Blood Dragons.

Lincoln: That's right, Penelope, and we'll make that thug pay for what he's done.

Nico: Which means that once Eric Archer's been taken down, all that's left to take down is Justin Nolan, Colin Mason, Alan Cameron, and finally, Bryan Greyson.

Lincoln: Yep, and then, we bring them all to justice, just like with Damian Alaister and The Church of Necrom, but it'll end with The Blood Dragons getting Life in The Uranus Prison for the rest of their lives.

Nico: You said it. But great job today everyone. We've taken down Vostok and liberated Russia from the terror of a madman. Also we got another Blood Dragon.

Eli: This was an awesome Juneteenth and Fathers Day.

Nico: Yes it is. Lets head home.

Jonny Quest: (To the Viewers) This was an awesome series of adventures! So awesome. We did two awesome adventures me and my family went on.

Nico: This was really awesome. And this was also a great fathers day.

We went back home and enjoyed the rest of the day and then we went to sleep.

Another awesome chapter done.

HAPPY FATHERS DAY AND JUNETEENTH EVERYONE!

This was an awesome way to celebrate Fathers Day and Juneteenth. Vostok was really a monster and he deserved to be destroyed. This chapter was for the Real Adventures of Jonny Quest episode called General Winter. That was a great one. That episode aired on March 26th, 1997. Awesome episode. The first part of the chapter was for the final episode of The Real Adventures of Jonny Quest called More Than Zero and that was a great one. But scary. That episode aired on April 16th, 1997. It was awesome. The second part was for a planet of Krabby Patties and that would be an awesome world. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, kolbdog323, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, EtstheClarenceandTLHfan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Over in New York City was Nico, Homer Simpson, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were there to do another awesome and really cool rescue.

Me: New York City. I always love coming here.

Chloe Bourgeois: I can't wait to start shopping! This place always has everything!

Me: New York City is not called the Big Apple for nothing. It's one of the largest cities in the Continental United States.

Homer: Yeah it sure is. And I also love the food. Mmm Brooklyn Style Pizza. (Drools)

We laughed.

Me: You sure do love your food Homer.

Lola: He sure does.

Nico: Thanks for coming with me, Homer.

Homer: No problem Nico. As long as we get to kick bad guy butt and eat I'm always ready for this.

Kaoruko: Yeah nothing like kicking some bad guy butt.

Camie: Yep.

Nico: Homer, I'm really sorry that I didn't call you when I saw Burns and Crocker on Maxxine's missions.

Homer: It's no big deal Nico. Besides I would have loved to strangle Burns.

Me: Or Punch him in the face like you did when you were his assistant. (Season 7 Episode 17)

Homer: Yeah that would have been nice. It would have been cool to do that. I would have gladly beat him up more.

Camie: Homer how come you worked for that Douchebag, Burns like that? He wasn't a good boss to you.

Me: He wasn't a good boss to ANYONE Camie. He didn't pay his employees hardly anything. He only paid them pennies on the dollar.

Camie: Geez!

Kaina Tsutsumi: Yeah what a jerk.

Nico: Yeah he was a total jerk and a monster of an asshole. But seriously, Homer. Answer the question.

Homer: Right. I worked for him because he felt I was a good safety engineer for the Springfield Nuclear Power Plant. But I was really far from it.

Me: Well you did help out around the Nuclear Plant from time to time. That was cool. You did save it from a nuclear meltdown. (Season 3 Episode 5)

Homer: Yeah I sure did. But that was on accident.

Nico: But you did a good deed Homer.

Homer: Thanks.

Nico: Sometimes, accidents lead to good deeds.

Me: That's true.

Homer: Yes. But to be honest I never liked working for Mr. Burns.

Nico: No one did in my opinion Homer.

Eli: Yeah he was never liked at all.

Laney: Yeah.

Me: And with everything we found out from Lincoln's Guardian Angels about him and beyond, he falls into the Top 10 of the Top 10,000 of the most Hated Scumbags In the Universe that we loathe.

Nico: Wow!

Me: It's a work in progress.

Nico: Oh. I honestly wasn't expecting to see him and Crocker as Another W.

Homer: Me neither! That was amazing.

Maria: It sure was. But that was incredible how they were like that.

Me: Yeah. But the cool part is we got 310 Core Masters of Evil Gaia Memories out of them.

Nico: We sure did. That is awesome.

Homer: It sure is.

Nico: We might see the real deal later.

Homer: I have that same feeling myself.

Me: Yeah. But still I'm glad the world is now a much better place now that Springfield, Joe Quimby, Burns and its most irredeemable douchebags are all gone.

Nico: Me too. That town was a menace.

Me: They didn't call it the Armpit of America's Buttcrack for nothing!

We laughed at my remark!

Me: (Laughs) That always cracks me up every time!

Nico: Me too!

Laney: That always cracks me up too. But Springfield wasn't just called that. It was also called The Meanest Town in America.

Me: Yeah.

Tsuyu: Yeah that town was a menace.

We arrived in Central Park.

Me: Central Park. Awesome place for fun and sights.

Nico: Yep.

Eli: And it's so awesome.

Camie: Yeah.

Nico: I think someone's here.

Me: Yep. Look.

We saw a bunch of kids playing tag.

Nico: They sure are having fun.

Eli: Yeah.

We watched and then we saw a blond hair girl with a ponytail and it was one that I know.

Me: I know that girl. That's Marion Hawthorne. Her father is a well known and respected business tycoon and she is a rich girl. But she is also a bully to everyone.

Nico: Oh great. Another Queen Bee.

Me: Yeah.

We also saw Harriett Welsch.

Me: And that girl is Harriett Welsch. She is a really skillful master of spying. Not bad for someone her age.

Eli: Very impressive.

We saw her about to pick up and read Harriet's private notebook.

Me: Not on my watch!

Harriett, Janey and Sport went over and confronted her.

Janey: You heard her Marion! Give it back before I pound you into cement!

Marion: (Taunting) Ooh I'm so scared!

SWIPE!

I grabbed the Notebook from her!

Me: That wasn't a request you dirty blond!

Marion: Give it back now!

Me: NO!

Marion: Give it back now J.D.!

Me: Make me you peasant! You got Harriett in trouble and ostracized before! And you dumped paint on her and humiliated her! You also made Harriett get in trouble by all the parents at the school as well as nearly get her sent to a nuthouse!

Marion: She deserves it for being a spy!

I looked at her with a massively hateful death glare!

Me: You are a selfish, repugnant, spoiled brat! You did this to her before and I'm not going to let you do it again.

Homer: Why you little!

Nico: No Homer! She's a little girl. Save that for strangling bad guys.

Homer: Oh right.

Me: Everyone don't listen to this little spoiled brat. And Marion here's what I think of your little club.

I held out my hand and fired an energy blast out to the right and then it hit a small shed built in a small lot and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The shed was blown to matchstick splinters!

Marion: (SCREAMS) MY SPYCATCHERS CLUB!

Me: What Spycatchers Club? Also…

I snapped my fingers and erased the memories of what the kids found out in the notebook. Except for Marion, Harriett, Janey and Sport.

Me: You aren't worth humiliating anymore. Come on kids. I'll get you all some pizza.

Harriett: Thanks J.D. You're a true friend.

Nico: If she IS a spy, she's probably one for good!

Marion: She is an evil Spy! She spied on all of us to get her own opinion!

Loud girls: (BUZZ NOISE)

Lana: Wrong answer dirtface!

Janey: Yeah! We don't care that Harriett is a spy! She is also a good friend.

Sport: And because of you Marion you RUINED all our friendships with her.

Me: And I was there when you did all that. Marion you are nothing but a heartless bully!

Marion: YOU WILL PAY FOR THIS!

Then she was enveloped in a massive swirl of dark energy and fruits and then she turned into ANOTHER BARON for Gaim!

Me: WHOA! She's another Secondary Rider!

Nico: I didn't see that coming!

Me: And she is another Secondary Rider for Baron from Gaim!

Kaito: (takes out Blade gear) Oh, this won't kill you.

Zocks: (gets out 555 gear) But you'll be left with a headache back in your room.

Kaito summoned the Blade Kamen Rider Sword and Zocks summoned the blasters of the 555 Riders!

Nico: Yeah!

Eli: But this will be awesome!

Me: It sure will. Kids you better get someplace safe. This is gonna get ugly really quick!

Harriett: Okay!

They went to hide.

Me: Marion this power is evil but it's time to bring you further down a number of pegs! And you need to be sent to a boarding school after this! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Zocks fired the 555 blaster.

He blasted Another Baron all over the place.

Nico: Okay now you can strangle her Homer.

Homer: Okay! Why YOU UGLY FRUIT FILLED LITTLE!

He grabbed Another Baron and choked her!

Another Baron: Get off me, idiot! (Slams Homer into a wall)

Homer: (Groans) (GROWLS)

He jumped out and inflated into a big ball and then smashed her down with the force of a million wrecking balls!

Nico: YEAH!

Another Baron got up.

?: LOOK OUT BELOW!

A figure then smashed onto Another Baron and crushed her with the force of 700,000,000 wrecking balls and then there was a huge explosion!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Marion was back to normal but badly mangled and hurt and she was in a crater and then I grabbed the Another Secondary Rider Watch and purified it!

Me: Got it.

I then saw hundreds of Lockseeds all over the ground.

Me: Whoa!

I looked at one and saw one that was A Cacao Fruit, Vanilla Bean and Strawberry with the heads of the Strawberry, Vanilla and Chocolate Technicolor Phantoms on it.

Me: These are all Lockseeds for the Non-Core members of the Masters of Evil!

Nico: Wow! I was wondering when we would get these.

I zoomed around and picked them all up.

We saw that the figure that landed on Marion was an Atrocian!

Nico: Wow an Atrocian!

Atrocian: (In a girls voice) Long time no see Nico.

Nico: Selina Logan! Wow!

She reverted back and Selina was a girl with blond hair and yellow clothes.

Selina Logan: Awesome to see you again Nico.

Nico: Same here.

All the kids came and cheered.

Harriett: That was so amazing J.D.!

Me: Thanks Harriett.

Marion got up and she growled ferociously!

Marion: I hate you guys! YOU WILL PAY FOR THIS!

Our auras flared up with incredibly strong power. But then…

Man: That's enough Marion!

A man came out and it was Marion's Dad and he was not happy with her.

Me: Hello Mr. Hawthorne. Good to see you again.

Mr. Hawthorne: Hello J.D. Good to see you too.

Marion: (Nervously) Hello daddy.

Mr. Hawthorne: (Mad) You are in big trouble young lady. (To me) Is it true what my daughter did to these kids?

Me: Yes sir. Every word of it.

Eli pulled out a tape recorder and played what I said.

Me: (On a recording) Make me you peasant! You got Harriett in trouble and ostracized before! And you dumped paint on her and humiliated her! You also made Harriett get in trouble by all the parents at the school as well as nearly get her sent to a nuthouse!

Marion: (On a recording) She deserves it for being a spy!

Mr. Hawthorne looked like he was going to blow his stack!

Mr. Hawthorne: I can't believe you are my daughter! How can you be so cruel to these kids!? You have let me and my reputation down. For that I'm disowning you, cutting you out of my family's fortune and sending you to a boarding school in another country forever.

Marion was shocked but she had it coming and the kids all cheered wildly as she was carted off.

Me: You brought all this on yourself Marion.

Nico: Good riddance.

Homer: So, what's your favourite memory of Nico?

Selina Logan: I have a lot of them but my favorite is when me and Nico did a lot of Eating Challenges together. My favorite is when we took on the Ludicrous Wings challenges on the Jersey Boardwalk.

Nico: Whew! Those were insanely spicy wings!

Me: Wow I remember seeing those on TV and those were some of the most lethal spicy wings I've ever seen.

Nico: Yep. And we both won t-shirts for doing that.

Me: Awesome!

Nico and Selina hugged.

Nico: I really missed you.

Selina Logan: Me too my eating champion partner.

Me: That's what I call an awesome appetite. But lets go get some pizza!

Everyone cheered.

We went to an awesome Brooklyn pizza shop and had a great time. Later we went to Harriet's parents and reprimanded them and told them everything about what Marion did and more. They were not happy with Marion at all for being a bully but they apologized to Harriett for their ignorance. Marion was sent to a boarding school in Oymyakon, Russia, the coldest town in the world. She is hating every second of it there and the people of Russia there are NOT Nice there at all. Her entire life was ruined and she brought all this on herself. They will make sure she doesn't try anything funny at all.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Heathcliff, Sonja (Heathcliff), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Ed are heading to Cheboygan, Michigan, and not only is Lincoln going to rescue the four girls here, but we got word that Hailey Timaeus' three former older brothers, Joshua, Drake, and Noah Timaeus have broken out of prison and they want revenge on Hailey Timaeus for throwing them in prison long ago.

Lincoln: Wow, we're here in Cheboygan, Michigan, and I know what we're going to do here, not only am I going to rescue the four girls here, but we got word that Hailey Timaeus' three former older brothers, Joshua, Drake, and Noah Timaeus have broken out of prison and they want revenge on Hailey Timaeus for throwing them in prison long ago.

Me: That's right, big guy. You were right that Hailey's former three older brothers would one day break out of prison to get revenge on her for throwing them in prison long ago, and also put her parents under our protection as well.

Nico: Because, they also want revenge on the parents for throwing them in prison as well. Those three muscle-headed muttons, well, I'm not going to be surprised if Lincoln flattens them.

Lincoln: Oh, trust me, Nico. Flattening them isn't the only thing I'm going to do to them, and thanks for joining us, Ed.

Ed: You're welcome, Lincoln.

Hailey Timaeus: I knew the day would eventually arrive that those three would break out of prison to try and get revenge, but I'm ready for them.

Rayman: We all are, and so is Lincoln.

TLPS Mr. Wolf: I hope he smashes them into the ground.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of four girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the four girls, but they've been cornered by Joshua, Drake, and Noah Timaeus, and they're going to kill them.

Lincoln: Guys, I found the four girls, but they've been cornered by Joshua, Drake, and Noah Timaeus, and they're going to kill them.

?: (Girl's voice) (Beastly Voice) Those three criminals, let's get them.

Suddenly, we saw the Duel Monster, Zombie Werewolf, appear before us.

Nico: Wow, that's the Zombie Werewolf, awesome.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Amber Mahigan, but we'll talk later, time to deal with Joshua, Drake, and Noah Timaeus once and for all.

We then rushed on over, and Lincoln fired very powerful rainbow energy balls and elemental forces at Joshua, Drake, and Noah Timaeus, and it allowed the four girls to get to safety. When the Timaeus trio saw Hailey Timaeus, they were enraged.

Joshua Timaeus: You little… !

Hailey Timaeus: Not another word from you or the other two muscle-bound morons, Skunk Pits!

Lincoln: She's right, you or your meathead moron brothers don't deserve to say another word, not after all the crap you put your sister through, Joshua.

When Joshua, Drake, and Noah saw Lincoln who's grown a lot from the 11-year-old into a 17-year-old permanently 7'5" tall and handsome man with abnormally massive and powerful muscles and eight-pack abs, it pissed them off badly.

Lincoln: Not quite the reaction I was expecting, but either way, you three are going back to prison, but not before I beat you three black and blue.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity

forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Ed, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Joshua, Drake, and Noah Timaeus, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, and Magic, and they exploded with incredible power as they hit them.

Then, Lincoln began smashing those three into the ground with his immense and brute superhuman strength and he even smashed their teeth out of their mouths, and we tied the three of them up in rainbow energy straitjackets and rainbow energy chains, so they couldn't escape, and when the cops arrived, Hailey's former brothers were loaded up and taken away. We all cheered wildly as we holster our weapons and powered down.

Lincoln: Good riddance to those three pieces of crap. (To Amber Mahigan) And it's so good to see you again, Amber Mahigan.

Amber Mahigan reverted back to normal, and she's a beautiful girl with long flowing black hair, red eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful midnight black angel wings, and she reigned in the power of Zombie

Werewolf, and she's dressed in a sleeveless midnight blue vest, sleeveless midnight blue midriff top, midnight blue skirt, midnight blue bellbottom pants, midnight blue sneakers, and long midnight blue sleeveless trenchcoat with the full moon and darkness on the coattails, and Zombie Werewolf on the back, and holstered on her back is a large Zombie Werewolf-themed greatsword with Zombie Werewolf etched on the 7'0" massive, wide, double-edged midnight blue blade, two Zombie Werewolf's heads for the crossguard, large midnight blue gem embedded in the rainguard, longer black handle, and four Zombie Werewolf's heads with large midnight blue gems in their mouths and a large red gem on the bottom of the heads for the pommel.

Amber Mahigan: You too, Lincoln, it's been a long time.

Lincoln went up to Amber Mahigan and they hugged, and Amber Mahigan's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Amber Mahigan: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Amber Mahigan, she's one of my many Guardian Angels from Michigan, and you're going to like this: Amber's a member of The Ottawa Tribe, one of the largest Native American tribes here in Michigan. She's also really strong and brave, and she's taken on the wrath of Lori, Lynn, Lola, Lisa, and Luan at their worst.

Me: That's so awesome, and I've heard about the Ottawa tribe, they settled on Manitoulin Island, in Lake Huron, Michigan's Upper Peninsula.

Amber Mahigan: That's correct, J.D., and I was also intrigued when I found out Lincoln and his family were descendants of the Iroquois tribe who inhabited the areas of Ontario and upstate New York for well over 4,000 years.

Nico: Along with being descendants of witches and from royalty in 17th Century Scotland, and Lincoln and Linka, his genderbent twin, got their powers from Hinon, The Iroquois God of Lightning.

Amber Mahigan: Really? That's incredible!

Lincoln: And my powers have also been constantly evolving for the past six years, and it's not just lightning that I use, I also now use other elemental forces, and I also got hit with Cosmic Radiation, and I'm also immortal and invincible.

Amber Mahigan: Amazing!

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Amber Mahigan's neck with blue gems on the gold thunderbolt links and midnight crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Amber Mahigan: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Amber.

Amber Mahigan had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Amber Mahigan's waist and Amber Mahigan wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Amber Mahigan's face and kissed her on the lips, and she also returned it, and we cheered for them. Then, we went up to the four girls, and when Lincoln saw them, he recognized them immediately. The four girls are Hamyuts Meseta, Kyasariro Totona, Mirepoch

Finder, and Shiron from The Book of Bantorra.

Lincoln: Oh wow, it's Hamyuts Meseta, Kyasariro Totona, Mirepoch Finder, and Shiron from The Book of Bantorra.

Me: Awesome.

Lincoln: Are you girls okay?

Hamyuts Meseta: Yes, we're okay, thanks to you.

Then, when Hamyuts Meseta and the other three girls saw who it was that saved them from Joshua, Drake, and Noah Timaeus, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Hamyuts Meseta: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made three clones of himself, and he and the three clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Hamyuts Meseta: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, four Thunderbird Necklaces of Eternal Love appeared on the necks of Hamyuts Meseta, Kyasariro Totona, Mirepoch Finder, and Shiron with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the TLPS World Tree Estate, and the team was shocked when they found out the villains we went after were Joshua, Drake, and Noah Timaeus, who'd broken out of prison and they wanted revenge on Hailey Timaeus for throwing them in prison long ago.

But, when Lincoln showed what he did in smashing those three bastards into the ground, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Amber Mahigan have a lot of catching up to do now that she's back in town, and as for Joshua, Drake, and Noah Timaeus, they were sent to The Uranus Prison, where they were put in separate cells in Maximum Security Solitary Confinement, and their sentences have been upgraded to Eternity in The Uranus Prison with No Chance of Parole.

---

After giving the beatdown to Hailey Timaeus' former brothers, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Amber Mahigan saw Lincoln working out like crazy, she had an atomic red blush on her face.

Amber Mahigan: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Amber, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Amber Mahigan: That's incredible.

Nico: It sure is. So, Amber, what memories did you have with Lincoln?

Amber Mahigan: Oh, I remember this one time, Lincoln and I were doing a class project on one of the Native American tribes that lived here in the United States for thousands of years, and when Lincoln picked the Ottawa tribe for our project, I was really amazed. Lincoln and I were doing our research on the Ottawa tribe on the computer and even getting into contact with my parents and grandparents on the phone who heard Lincoln chose the Ottawa tribe for our project. But, our project time was interrupted by Lori, Lynn, Lola, Lisa, and Luan, who busted in and they had baseball bats in their hands and their eyes were red with hatred and insanity, and they said they've had enough of Lincoln even living, and they were going to kill him. But, I went at them and I brutally pulverized them into the dirt and we tied them up. Then, I told Mr. and Mrs. Loud of what Lori, Lynn, Lola, Lisa, and Luan tried to do to Lincoln and they heard the words coming from those three demons because I had on a wire. Eventually, Lori, Lynn, Lola, Lisa, and Luan got grounded for five months, and Lincoln refused to talk to them, and he broke down and he hugged me and cried really hard into my chest, but I hugged Lincoln and didn't let go.

We cheered for what Amber Mahigan did to defend Lincoln.

Me: Jeez, just how many lines are the Dark Louds willing to cross?!

Lincoln: They've crossed one too many lines when they tried to kill me long ago, along with so many other incidents as well, and I was thinking about what Sam Manson said yesterday. The Dark Louds are way too dangerous to let any of them live, they've crossed one line too many and they've proven to be extremely murderous and dangerous, not to mention if let loose, they'll kill anyone who gets in their way. Once we brutally beat up and capture Dark Lynn, the Dark Louds are looking at a one-way trip to The Black Gates forever.

Nico: Good idea, big guy. Those Dark Louds have been nothing but a nightmare to everyone and to all of you for the last time, and would you and your sisters like the honor of ending the Dark Louds once and for all?

Lincoln: I thought you'd never ask, Nico.

Lori: Yeah, we've literally had it up to hear with those spiteful monsters inside us. But, ever since Lincoln severed all of us from our Dark Sides, we've finally been freed from the last bit of chaos and darkness that's been with us since we've been growing up.

Lynn: And I can't wait, if Dark Lynn shows up, we got that list of tortures we're going to use on her and we're going to make that bitch pay.

Eli: I'll rip her in two for everything that she's ever done!

Lincoln: Eli, I know you're angry at Dark Lynn for everything she's done, but we just need to be patient. When the time comes, we'll send her and the rest of the Dark Louds to The Black Gates where they will be forgotten for all eternity.

We got a shower afterwards, and then, Clyde and his harem were getting ready for their date at Noki Bay in the world of Mario. Clyde and his harem have on their beach clothes, and they have on their jewelry and their weapons holstered in case of trouble.

Clyde: Alright, everyone, are we ready?

Syd Chang: We're ready.

Clyde and his harem left the World Tree Estate, and when they arrive at Noki Bay, it's everything that Lincoln said it was.

Syd Chang: Wow, so this is Noki Bay.

Clyde: Yep, Lincoln and his harem have been to Noki Bay on their dates before, and now, seeing it for the first time here, it's amazing.

Clyde and his harem dived right into the waters and they began swimming in the waters, and they also saw the sea creatures and plants that live there. Then, they also were working on their tans in the sun by lying out on towels in the sand, and they also had fun playing some volleyball, and they had lunch in a picnic area located in the north underneath some trees and it was really amazing. Then, as the sun was about to set, Clyde made clones of himself, and he and the clones went up to the girls in his harem and they wrapped their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Clyde and his clones, and they shared an amazing and passionate super-charged kiss. Then, they came back home to the World Tree Estate, and back in their original clothes.

Nico: Hey, Clyde, how was your date?

Clyde: It was awesome, Nico, we went to Noki Bay in the world of Mario.

Lincoln: Wow, we've been to Noki Bay before on our dates, how was it?

Clyde: Awesome.

Me: Nice one.

* * *

Later it was time for the first ever Ambassador Mission of Pohatu. He was going to meet the Build Kamen Riders and this one had a really awesome story behind it as well as an awesome adventure that brought two worlds together.

Pohatu: I'm really excited about this one guys. After everything you told me about the Build Kamen Riders it's going to be so awesome to meet Sento and his friends.

Me: You will love it Pohatu. Sento is a really smart guy and he knows so many awesome quantum mechanics formulas that will make your head hurt.

Nico: Yep. Also we're going to show him our first acquisition from the Another Kamen Riders.

Me: The 310 Core Fullbottles.

Nico: Yep.

William: Anyone else want to go with Pohatu? Besides Jack Landors and 2 Rabbids?

Maria: Me and Horsea will go.

May: I want to go too. It'll be awesome to meet Sento.

Wallflower Blush: I might as well myself as well. Woz do you want to go?

Woz: Sure. I heard that we met Sento a while back and it'll be great to see him again.

Me: That's right I remember he made an appearance with you guys. That was awesome.

Pohatu: Yep.

Megan Kiraton: And I'll go too. This will be awesome.

Me: Okay.

Nico: Lets head out!

We were off to Japan.

We arrived in Japan and then the Build Kamen Riders saw Pohatu and us.

Banjo: (glares at Pohatu) Just our luck running into another Smash.

Sento: From the looks of things, this one's brown.

Banjo: Well, in a few minutes, it's gonna be black and blue!

Sento: No argument from me. Now, shall we begin the Experiment?

Sento pulled out a black and red device with silver gears and a crank handle, as well as a red and blue pair of bottles. Banjo pulled out an identical device, but only one bottle, as what looks like a tiny dragon with a hole in it's back flies into his hand, folding it's head and tail up as it does) They both place on their belts before shaking the bottles they carry. Sento twists the caps on his bottles, while Banjo does the same, before slamming his cap down into the back of his dragon as Sento inserts his bottles cap down into his belt, followed by Banjo slamming his dragon into the belt)

Cross-Z Dragon: Wake up!

Build Driver (Build): Rabbit! Tank! Best Match!

Build Driver (Cross-Z): Cross-Z Dragon!

With these actions, both Sento and Banjo start cranking the handle on the side of their Build Drivers, causing them to generate some sort of constructs resembling model kit wire frames on a giant rack)

Build Drivers: Are you Ready?!

Sento and Banjo: Henshin!

Build Driver (Build) Hagane no Moonsault! RabbitTank! Yay!

Build Driver (Cross-Z): Wake up Burning! Get Cross-Z Dragon! Yeah!

With the famous pronouncement made, the wire frame constructs slam into Sento and Banjo, Sento's creating his red and blue striped armor across a black bodysuit, with a visor resembling a blue tank and red rabbit head, using armor pieces resembling a rabbit ear and tank barrel to create something akin to a scarf, while Banjo is much simpler, dark blue armor with a flame design wrist plate on his left arm, but as the armor halves come together, a third section folds in, creating shoulder pads with that flame design and a dragon head visor.

Sento: The laws of victory are set!

Banjo: I feel unbeatable at this moment! (to Sento) Take care of the one pretending to be J.D. I'll take care of the brown one.

Sento: Right!

Banjo charged at Pohatu. Meanwhile, Sento leaps forward at a great speed and delivers a strong divekick to me.

I then teleported and grabbed Sento.

Sento: Banjo stop it's really me.

Maria: It's all right guys! We're the real deal.

Sento: Maria! Wow! And that means that…

Me: Yeah Sento it's really me. We aren't smashes.

Nico: Besides who else would J.D. be when he told us how he and Maria destroyed Evolt and banished him to the Dark Dimension.

Banjo: Oh man! We're sorry we attacked you guys. We thought you were Smash's.

Me: It's all right. But we're here with Pohatu here.

Sento: So you are Pohatu that we heard about.

Pohatu: That's right. Pohatu, Toa of Stone. Awesome to meet you guys. Maria and J.D. told me so much about you.

Sento: Same here.

Horsea: Hello, Sento! Hello, Banjo!

Sento: This must be Horsea. Awesome to meet you.

Horsea: Same here to you guys.

Me: We should introduce some of the team here.

Wallflower: Awesome to meet you. I'm Wallflower Blush.

May: I'm May Chan, Nico's awesome wife.

Megan Kiraton: I'm Megan Kiraton the Poison Butterfly Gene-slammer.

Sento: Awesome to meet you guys. And Woz wow you're looking great.

Woz: Same to all of you.

Me: Oh and Sougo is doing awesome. We saw him a couple of weeks ago and he is doing really well.

Banjo: We're glad he is.

Me: Yep.

Jack Landors: And it's awesome to meet you guys. My name is Jack Landors, Red Ranger of the SPD Rangers.

Me: You may know them as the Dekarangers here in Japan.

Sento: Wow it's an honor. But it's awesome to meet you guys and Maria, J.D. we're sorry we attacked you.

Me: I have a feeling this is going to happen to us every time we have one of the Toa go for Ambassador Missions. But no hard feelings there.

Sento: How about we show you guys the base?

Nico: Sure.

Eli: We would like to see it.

Me: Also I take it Gentoku told you guys about how we faced him?

Sento: He sure did and that is amazing that he took you on during one of the missions you did with our fellow Kamen Riders.

Me: At first I was REALLY pissed off at him for helping Evolt like that and messing around with the laws of Mother Nature. But after hearing Maria's story about him and how remorseful he is about what he did I changed my views on him.

Sento: Good.

We later arrived at their base.

Kazumi: Hey, guys. Did you get the milk?

Sento: Well yes but we have some guests too.

We came in.

Kazumi: Wow Team Loud Phoenix Storm!

Maria: Awesome to see you again Kazumi.

Me: Been a long time.

Kazumi: It sure has. We can't thank you enough for saving the Earth from doom and destroying Evolt.

Me: Well Evolt will return when we help you guys on the big day. We banished him to the Dark Dimension till then.

Nico: Yeah we did.

Pohatu: But he will pay for his crimes.

Me: Not just in blood but with our wrath times ∞.

Eli: Yep.

Kazumi: Good.

Me: Oh Banjo I have good news for you. Kasumi is resurrected.

Banjo: Kasumi is back!?

Me: Yep. We fought her on one of our Ambassador Missions and I saved her from that monster she became. She is at our World Tree Estate and she is better than ever.

Gentoku then came.

Me: Gentoku! Awesome to see you here.

Gentoku: It's good to see you all again.

Me: Same to you.

Nico: How's that favor I did for you?

Gentoku smirked, unzipped his jacket, and the words "Pretty Good" appeared on his shirt.

Me: Cool!

Nico: Yep.

Me: Gentoku how did you do that?

Gentoku: I have the power to make words appear on any of my shirts.

Me: That is really awesome!

Eli: Very awesome too.

Wallflower Blush: It sure is.

Jack: (sighs) And these guys are Rabbids.

Me: (Whispers to Sento) Rabbids are very funny but they are not the brightest lightbulbs in the closet if you know what I mean.

Sento: Oh I get it.

Me: Also we should tell you about what we discovered.

I pulled out my bag and opened it and it had all the 310 Fullbottles.

Kazumi: Are those Fullbottles!?

Nico: They sure are. These are Fullbottles imbued with the powers of the 310 Core Members of our frenemies in the Masters of Evil.

Me: Our old enemy Jock Jockerson became Another Build and we faced him during one of Maxxine's Ambassador Missions with the Zi-O Kamen Riders. We gave him the black gates after we defeated him and as a result we got these.

Nico: Yeah it was crazy.

Sento: Funny you should tell us this.

Sento stepped aside to reveal the same type of Fullbottles.

Maria: Me and Sento were designing the same type of Fullbottles even before Jock became Another Build.

Me: Whoa! That is very coincidental.

Nico: That is really cool.

Eli: Yeah!

Me: But there is also a very strong possibility that we're going to encounter Another Secondary Rider for Build later on in the future and that one will have Fullbottles for all the Non Core Members of the Masters of Evil.

Nico: Yeah it will be awesome to see what powers they have.

Me: Yep.

Nico: But it's not just Another Build that we've encountered. We met almost every Another Rider from over the course of 20 years.

Me: We met Another W, Ghost, Saber, Zero-One, Hibiki, Kabuto, Den-O, Kiva, OOO, Gaim, Ex-Aid, Decade, Drive, Fourze and Wizard so far.

Nico: Yep.

Megan Kiraton: And every one of those Another Kamen Riders has been very amazing and they are either old enemies or friends and even some bad scumbags we faced.

Sento: Wow that is so amazing. And it's incredible that you guys are taking them down.

Nico: One by one. We have bounties put up on them too.

Banjo: Really?

Me: Yep.

I pulled out wanted posters for them.

Me: We updated some of them and made posters for Kuuga, Agito, 555, Ryuki and Blade too.

Nico: Yep. Bounty Hunting is very profitable.

Banjo: Wow! That's awesome.

Me: Yep.

Nico: Sento, you're probably the most smartest Kamen Rider ever.

Sento: I sure am and I helped out so many people in our time of crisis.

Maria: Yeah that was cool.

One of the Rabbids tried drinking from the Rabbit Fullbottle.

Banjo: No! Those are not for drinking!

Sento: But it's ironic that it's trying to drink from the Rabbit Fullbottle.

We laughed.

Me: Yeah they look like rabbits but they are not really rabbits. But they are also not very bright.

Nico: But they are really funny.

Sento: Horsea, we also heard about what happened during the mission with the Zenkaigers.

Horsea: Can you be more specific?

Sento: (clears his throat) "X Marks the Spot!"

Banjo: "Allow me to blow your minds!"

Kazumi: "It's seems I've turned your world… upside down!"

Gentoku:… I don't even know what nowence means.

Horsea: Oh, you mean Officer X?

Sento: Just wanted to make sure you're ok after he went after you and the other mascots.

Banjo: (to Maria) You must've been really angry at Officer X going after Horsea.

Maria: Oh I was. I wanted nothing more that to kill that asshole.

Nico: Me too.

Me: He was a total insane nut.

But then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Sento: (hears explosion) That sounds like trouble.

Me: Looks like we got a Smash Attack in progress!

Nico: Time to go kick some fucking Smash butt!

Me: Yeah!

Eli: Lets get them!

We went to face them!

We went to the park and there we saw ANOTHER ZI-O!

Me: WHOA! It's Another Zi-O Kamen Rider!

Sento: You may look like Sougo. But you're not him!

Another Zi-O: (In a girls voice) That is because I'm not him.

Nico: (Gasp) That voice! I was hoping I would never have to hear that voice again. Kayley Creed!

It reverted back and we saw that it was a girl with black hair and dark clothes and she had a skull tattoo on her stomach as well as a shirt that said "Guns Don't Kill People, I Do with my Fists!"

Kayley Creed: Been a long time Nico. I'm flattered that you remember me.

Nico: You always did like intimidating people with that badass Attitude of yours Kayley!

Me: You know her Nico?

Nico: Unfortunately yes I do. Her name is Kayley Creed. She was the Terror of Trenton Middle School. Kayley was the worst bully in school and she always got a sick thrill out of humiliating people for her own pleasure. She tormented all the kids and made us all look like a bunch of fucking imbeciles!

Kayley Creed: That was because it was all the thrill of the fun.

Me: Thrill of the fun my fucking ass!

Eli: Yeah you are nothing but a jerk!

Kayley Creed: But I heard so much about Nico becoming the leader of the team.

Nico: Yeah you always did know how to make people look like a bunch of laughingstocks Kayley! Even the school staff was terrified of her because of her nasty disposition. They wanted to expel her but they couldn't because she threatened their lives.

Me: WHOA!

Kayley Creed: Good times for me back then.

Me: This girl is a ruthless and heartless psychopath!

Maria: Yeah!

Woz: You dare pretend to be my Demon King?!

Kayley Creed: Oh please! When I'm done with your friends, I'll be the only Demon King you'll ever know!

Nico: We'll see about that!

Me: Yeah!

Then a Burn Smash, Needle Smash, Square Smash, Flying Smash, Strong Smash and Ice Smash appeared with her!

Me: Burn Smash, Needle Smash, Square Smash, Flying Smash, Strong Smash and Ice Smash! But the Burn Smash is cured!

Nico: It must be another version.

Gentoku: I take it that you also coerced these Smash into following you.

Kayley Creed: Yes and I wanted to give them better lives with a bounty that Evolt put out on you guys. I was imbued with the powers of Another Zi-O and then I would hire these Smashes with the promise of a better life.

Me: How much is the bounty he put out on us?

Kayley Creed: $268,323,500,000,000,000,000,000,000,000,000,000,000,000.00.

Me: Impressive but to tell you the truth we're worth far much more than that.

Sento: Shall we begin the Experiment?

Me: We shall Sento!

Build Team: Henshin!

They transformed into their Build Forms!

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Eli: YEAH!

Nico: All right lets split them up and take them down! J.D. you want Kayley?

Me: Yes I do.

Sento: The laws of victory are set!

Banjo: I feel unbeatable at this moment!

Kazumi: I'll crush you with the fire burning in my heart!

Gentoku: Be a sacrifice for the greater good!

Nico: It's time to kick some Smash ass!

Me: Yeah!

I went up to Kayley.

Kayley Creed: So you will be the first to die J.D.

Me: I don't die that easily Kayley. You may have 20 years of Kamen Riders with you but all that power in you is not going to be given away for free. Obviously Evolt wants something in return doesn't he?

Kayley Creed: Yes he does. He wants his power back as well as the Fullbottles you stole from him.

Me: Well tell him he can't have them.

Sento: Horsea, this is for you.

Horsea! Poliwag! Best match!

He then donned powerful awesome new Pokemon armor! AWESOME!

Nico: COOL! That is amazing! Pokemon Form. That is awesome.

Sento: Just made it.

He fired a blast of water and it hit Ice Smash and drenched him.

Kazumi then approached Ice Smash.

Kazumi: I'll burn you to death.

He then punched Ice Smash and punched him down.

Kazumi then kicked and bashed him all over.

Kayley Creed: You want me so bad J.D.? Come and get me.

Me: With pleasure.

Sento fired water at Burn Smash.

It hit it and steam came off.

Then it fired fireballs and he dodged them and they hit the ground and exploded!

KRABBBBBBBOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOMMMMMMMMMMMM!

Nico: Bad move there sparky! You play with fire and you will get burned!

Nico fired a fireball blast and it hit Burn Smash and he exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was destroyed.

Gentoku grabbed Strong Smash's fist.

And he kicked him in his face and smashed him down.

Me: Come on Kayley!

Kayley then was enveloped in a vortex of dark energy with all the dark symbols of the Another Riders swirling around her and then she turned into ANOTHER ZI-O!

Another Zi-O: You want me, you got me!

She fired dark fruits at me with Gaim's powers and I slashed them with my scythe and they hit the ground and exploded all over!

KRABBBBOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOOOMMMMMM!

KRABBBBBBBBBOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM!

Me: Nice use of Gaim. Now for this one. I really must thank your fellow Another Riders for these.

I used the Fullbottle of The Condiment King!

Me: Taste this!

I fired a stream of nuclear spicy hot sauce and it hit Another Zi-O and burned her!

Pohatu: My turn!

He kicked a stone and it hit Another Zi-O in the face and smashed her down.

Nico: Nice kick Pohatu.

Sento: If this was a soccer match you would win the game for us.

Pohatu: Thanks.

Me: Lets see how she likes this one.

I used the power of Dark Spicer.

Me: Here's your warning, Your fucking Ass is about to be kicked!

I used Dark Spicer's Ultimate Big Chill's Powers.

Me: Taste Fire that's so cold it burns!

I fired a massive wave of endothermic fire and it hit Another Zi-O and froze her.

Banjo grabbed Square Smash by the face.

KROW!

He kneed him in the face.

Nico: Yeah!

Nico punched Square Smash.

Another Zi-O got up and broke free of the ice.

Another Zi-O: Try this one.

She pulled out Another Rider Watch. Then she activated Dark Spicer's powers!

She donned an awesome armor that was a fusion of all the aliens that Dark can turn into from his Antitrix!

Me: WHOA! WHAT A FUSION ARMOR!

Another Zi-O: Here's your warning, your fucking ass is about to be kicked!

Me: Come get some!

She fired a massive blast of fire and I deflected it back and knocked her down. She then used Dark's XLR8's power and ran at me with incredible speed and I dodged her and kicked her down.

Jack Landors: Don't leave me out! SPD Emergency!

Jack went RED SPD!

Jack Landors: SPD RED!

Jack fired his Delta Blasters at the Smashes.

Blasting them all over.

Nico: Awesome!

Me: Hey Kayley try this one.

I used the Fullbottle for Pyros the Lava Titan and I barfed out a massive wave of lava and it hit her and smashed her down and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She exploded and was down! She was knocked out.

Me: Blech! I don't know how Pyros does it but that tasted awful!

I picked up her Another Rider Watch and purified it. Then I saw all over the ground Rider Watchs and they were all imbued with the 310 Core Powers of Each of the Masters of Evil.

Me: Whoa! Just like we predicted. These Rider Watches have the 310 powers of the M.O.E.

I picked them all up.

Kayley got up.

Kayley Creed: NO! My power!

Me: You need to spend some time in a cell!

I pulled out my SPD Morpher.

Me: SPD MORPHER JUDGEMENT MODE!

I pressed a button and a timer came on. 30 seconds later a red X lit up.

Me: GUILTY! CONTAINMENT MODE!

I fired an antimatter beam and locked her in a containment card!

Kayley Creed: Let me out of here!

I went over and picked her up.

Me: Kayley Creed you have failed this city!

Banjo: Still got these guys to deal with!

Me: I know! Lets see what we got here.

I pulled out a Rider Watch and it was for Lord Drakkon.

Me: I think I'll try Lord Drakkon.

I activated Lord Drakkon's Rider Watch and then I donned and awesome green, gold and white dragon armor and I had a red eye visor on my helmet and I had an awesome dragon sword!

Nico: WHOA!

Eli: Whoa bro is that you?

Me: Yeah! I got 310 Rider Watches!

Nico: WHOA! We'll have to check this out.

Pohatu: At least Burn Smash is down.

I then teleported and slashed Strong Smash in half and he exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: And Strong Smash.

Eli fired a blast of energy and it hit Ice Smash and he too Exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Sento: Don't leave me out!

Me: I won't.

Nico: Nope.

Sento fired a blast of energy and it hit Flying Smash and destroyed him!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Maria: And now for the other two!

Maria fired an energy blast and it hit Square Smash and Needle Smash in one blast and destroyed them!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Jack Landors: Shutdown!

Me: These six Smash have failed this city!

Nico: Don't worry. When we defeated them, I used my powers to make sure their human forms were saved.

Eli: That's a relief.

Sento: Thank goodness.

Me: Oh and Sento, The Bounty for Another Zi-O is all yours for you and your team.

Sento: Thanks J.D. This was awesome!

Nico: Boy it sure was! Wow! Lord Drakkon's armor really looks cool on you.

Me: It sure does.

May: I'll say.

Me: And Nico another prisoner for you.

I gave Nico the Containment card that had Kayley Creed inside it.

Nico: Thanks J.D.

---

We later came back.

William: Hey guys! How did it go?

Me: Really awesome!

We told everyone everything and it was so awesome.

Laney: Wow! So we caught Another Zi-O! That's awesome.

Lola: Yeah it is!

May: Ace Bunny should come with you next.

Pohatu: Awesome! Looking forward to that one.

Nico: Yep.

We were over in Camp Kidney.

Taylor: Camp store, huh? Sounds cool.

Nico: Yeah it's really interesting guys. Raj makes awesome business.

Edward the Platypus: The store is really stupid. It's where we have to pay for stupid necklace beads instead of money.

Eli: What!? That is a preposterous form of money for a camp.

Raj: (Indian Accent) You can relax. Now, you really do have to buy things with actual money.

Me: Well that's good.

Nico: Yeah. I think it was Lumpus that gave the idea for that.

Me: What a big horned moron.

Eli: Yeah.

Thundercracker: Got anything that's useful in battle?

Raj: As a matter of fact we just got this in.

He pulled out a really awesome Swiss Army Flamethrower!

Raj: The Swiss Army Moosekiller 6000. It's a powerful multipurpose tool designed to kill the most insane moose.

Lumpus: (Offscreen) I WANT MY CAMP BACK!

Raj: Oh and here he is now.

Me: Very coincidental.

Raj tested it out and showed us that it had a lot of tools! Hammers, knives, everything!

Nico: WHOA!

He pulverized and slashed apart Lumpus all over.

Edward the Platypus: The job I got stuck with was shaving Lumpus' back.

Maria: SAY WHAT?!

Lumpus: Oh, c'mon! Shaving my back IS important!

Silverbolt: I didn't need to hear that!

Nico: ME NEITHER! And Lumpus has more back hair than Rolf does!

Rolf: That moose of insanity must know who has most back hair!

Rolf went up to Lumpus.

Nico: Lumpus if I were you I would cover your eyes.

Lumpus: What are you talking abou…

RIIIIIPPPPPP!

Rolf ripped off his shirt and showed all his back hair and Lumpus screamed like a little girl and his eyes melted out of his sockets!

Fuzzy Lumpkins: I gots more hair then both of ya'll!

Nico: He's right.

Lumpus: Who said that!? I can't see!

Nico: Wow Rolf really blinded him.

Me: But Raj we'll take that awesome Flamethrower.

Raj: A most excellent choice J.D. That will be $60,020.00 please.

I pulled out my wallet and gave him said amount plus $8,000.00 in tip.

Me: Keep the change.

Raj: Pleasure doing business with you.

Me: Thank you Raj.

Wallflower: I'll use that flamethrower.

Nico: Cool.

We went back to the estate and we were getting ready for our next mission.

Me: So you guys will like this one. We're going to Florida and we're going to meet Cody Griffin.

Nico: Cool! I have a feeling this is gonna be awesome.

Me: Yep. And my powers are telling me that something is going on with him. We'll find out what it is when we get there.

Nico: Awesome. I can't wait to see what it is.

Eli: Yeah. But also the Force is telling me that Ben's old enemy Jonah Melville escaped from prison!

We gasped!

Ben Tennyson: My old enemy Jonah is loose!? Oh man.

Me: Wasn't he that poacher that sells rare kinds of fish on the black market?

Ben Tennyson: Yeah. You guys will not like him.

Ben went over his history.

Jonah was first seen in The Krakken, where he and his men pretended to be a fish saving organization, named Friends of Fish. They fenced off a portion of the lake, which Captain Shaw found suspicious. Shaw wanted to cross the fence, but Jonah asked him to turn around. Soon after that, the Krakken attacked Jonah and his crew, who were saved by XLR8. The Krakken wanted a box from them (which was later revealed to contain one of her eggs).

Later, he was seen after his men took Shaw out of the water while he was searching for the Krakken. He asked Shaw what he was doing down there, but the captain refused to tell him and punched Shaw in the face. The men took Shaw to his ship, while Jonah dropped a tracking device into the water that would help him locate the eggs. In addition to this, he dropped a bomb onto Shaw's ship and destroyed it.

What he didn't know was that Ben was with Shaw and had heard everything. Ben turned into Stinkfly and followed them. In order to stop him, Jonah dropped oil barrels into the water and blasted them to detonate. This managed to get Stinkfly to the water where Jonah tried to run him over with his boat. Stinkfly managed to hide from them and save Shaw, who had been just thrown out by Jonah's goons.

At the Rust Bucket, Gwen looked up Melville's name and discovered his true story. He was a poacher who traveled around the world, poached rare animals, crated them up and sold them to private collectors. It was then clear that Jonah was an enemy to all wildlife.

Jonah was seen at a harbor where he was retrieving the second egg with a crane and an aquatic mech suit. He said that after he sold them to the highest bidder, he would be rich enough to move to the Bahamas. However, the Krakken appeared, which made him decide to capture her too. He got in his mech suit, while his men tried to hold up the Krakken. As Jonah fired at the Krakken, Ripjaws appeared and started to fight him. After a long underwater battle, the eggs were taken from Jonah and were given back to their mother. The Krakken destroyed Jonah's suit and was about to kill him but he was stopped by Ripjaws. The Krakken returned to her eggs and Ripjaws punched Jonah in the face, knocking him out cold. He was then hung on a stump and left for the police.

When he was done we were shocked!

Nico: Whoa man!

Fluttershy: I do not like this guy at all.

Me: Me neither.

Laney: Yeah. But I have a feeling he is down in Florida.

Lana: But we'll be ready for him.

Then Firefly, Plastique, Whiteout, Ghost, Gearhead, Killer Shrike, Trickster, Loki, Cad Bane, and Vortex appeared.

Firefly: Can me, Plastique, Whiteout, Ghost, Gearhead, Killer Shrike, Trickster, Loki, Cad Bane, and Vortex go with you guys?

Nico: Yes you all can. We're going to Florida to meet Cody Griffin. Something is going on between him and we need to figure out what it is.

Eli: Yeah and we think it has something to do with Jonah Melville. He escaped from prison last week and is in Florida right now.

Nico: Yeah and we got to get over there and quick.

Bruiser Cruiser: Nico, which Gene Slammer do you think you'll meet next?

Nico: I'm hoping to do one that's different next. I'm hoping to meet one that's for a fusion alien. One for an Ectonurite and a Pyronite next.

Me: Whoa! An Ectonurite-Pyronite Hybrid. Really interesting combination.

Lola: That will be awesome to see though.

Lana: Yeah.

Me: It sure will be. So it's either one of the fire users or the ghost users next.

Nico: Yep.

Whiteout: Let's get going.

Nico: There's no time to lose!

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Eric Archer, Weapons Expert of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is another Blood Dragon coming after us?

Lincoln: That's right, Nico, and it's Eric Archer, Weapons Expert of The Blood Dragons., and he's heading here on the orders of Bryan Greyson to kill us.

Penelope Harrisburg: So, the Weapons Expert of The Blood Dragons is heading here, eh? Perfect, now we can deal with him, and he's also got tons of weapons violations on his record as well.

Nico: Weapons violations, uh oh. Looks like the Blood Dragons have gotten their hands on some really dangerous weapons that they've used to commit their crimes.

Lincoln: Agent Waco's been wanting to find out about that, but since the compound's heavily guarded and any who try to get in are immediately killed, we'll have to wait until we capture all of the Blood Dragons, then the FBI can get into the compound and find those weapons.

Nico: Good idea. Alright, gang let's go, we. got a fish-hating poacher to send to the starry lonesome.

Ben Tennyson: Yeah, and you better make out your last will, Jonah Melville, because you're leaving out of this fight with your arms and legs broken and turned into a human pretzel.

Varie: Save some for the rest of us, Ben. Any enemy to marine life along with mermaids deserves no mercy from us at all.

Me: You got that right, Varie.

We were off to Florida.

MIAMI, FLORIDA

We were over in Miami, Florida.

Me: Good old Miami. Home to Florida Oranges, amazing tropical ocean views and beautiful scenery.

Nico: Yeah. So awesome.

Jindrax: You think there's something abnormal about Cody?

Me: I don't think so.

Nico: But I have a feeling it's something awesome.

But then my mermaid sense went off.

Me: My mermaid sense is going off.

Nico: Is a mermaid near?

Me: I think so.

We looked out into the ocean.

Cad Bane: I don't see anything.

Me: But it's there. She is definitely close. And I sense that she is looking at that lighthouse up there.

We saw the lighthouse and that was the house of Cody Griffin.

Me: That's Cody Griffin's house.

Nico: Nice lighthouse.

Me: I sense Mermaid energy coming from it too.

Nico: Lets go.

We went to it.

We then arrived and went in.

Me: Hello?

Nico: Anyone home?

Mrs. Griffin: We're in here!

We went to Cody's room and we saw Cody helping his girlfriend Sam.

Me: Cody?

Cody Griffin: Team Loud Phoenix Storm! What an honor.

Sam: Same here. What's going on with Cody?

Me: We actually know what this is. Cody is entering the final stage of Mermaid Metamorphosis.

Nico: I know this is hard to believe but we actually know a lot of mermaids.

Eli: It's true.

Mrs. Griffin: We actually believe you.

Ashi: You know about this?

Mr. Griffin: Cody showed us this.

We saw Cody's arms and they had scales and fins on them.

Me: Wow.

Eli: Just like the books say.

Jess Wheatley: How do you know that Eli?

Eli: I've actually been around Mermaids long enough to know some of the signs. They can live amongst us but they start to turn into mermaids on their 13th Birthday.

Sam: Wow. That explains the extreme thirst, electricity and the scales.

Nico: So this is the secret Cody has.

Me: Yeah he has been sending texts to me and I knew something was up but I didn't know what it was.

Sam: Wow. Cody I'm sorry you're going through all this.

Cody Griffin: It's okay Sam.

Trickster: Shouldn't be a problem. We just need to hang here for the next several hours.

Eli: It's not that simple Trickster. Cody's metamorphosis will soon be complete and when that happens he has to be in the water all the time.

Nico: With a poacher running around doing who knows what there's no telling what will happen.

Sam: Poacher?

Me: Long story. But Cody we're sorry you're going through all this. I can tell that you have a lot of questions on your mind rather than answers.

Cody Griffin: I sure do.

Varie: I can tell. Cody have you been noticing any other changes going on with you?

Cody Griffin: Yes I discovered that I can breathe underwater, I can talk to fish, I can do this…

He stuck his hand to the wall and it was stuck like glue.

Me: Wow that is awesome.

Spiderman: Like me.

Grinnade made video game sounds in concern.

Nicole: Grinnade said that he is concerned.

Mrs. Griffin: I am too.

Me: Hmm.

Nico: We're gonna need to get some more information.

We went to the living room and talked.

Nico: Mr. And Mrs. Griffin how did you guys first get Cody?

Mr. Griffin: It was the weirdest thing. Somehow he wound up on our boat 13 years ago.

Nico: (Takes notes) Go on.

Mrs. Griffin: We went to the police and nobody reported anything about him. Nobody came for him so we adopted him.

Me: That's really cool. So you guys took him in as one of yours.

Mr. Griffin: Yeah and he loves the water.

Mrs. Griffin: He is on the swim team for school and he won.

Me: Way to go Cody.

Cody Griffin: Thanks. Sean is not happy about it.

Me: A friend of yours?

Cody Griffin: More like rival now.

Killer Shrike: Cleo and her friends know how you feel, Cody.

Cleo: It's true.

Rikki: We know what you are going through.

Me: But your transformation came from a magical source. Cody's was born biologically.

Bella: That's true.

Cody Griffin: Wow. That is amazing.

Me: It sure is. But Cody I know what's about to happen. The final stage of your transformation is coming. Your biological mother is gonna come to find you.

Mrs. Griffin: Is she really?

Me: Yes and I think I sense her right outside watching the house in the ocean.

Sam: You sense mermaids?

Me: I've had this power since I was a young boy.

Vice: Maybe the Philippine Sea can be a good hiding spot:

Nico: That's Halfway around the world Vice. We can't hide Cody way out there.

Me: Hmm. But I do know a place where we can hide Cody and Sam can be with him.

Sam: Really?

Me: Sure. We can hide him at the world tree estate ocean zone.

Nico: What's that?

Me: You'll like this. When we first got the World Tree Estate, I saw that our park was actually much bigger than we first thought. It had a massive biome environment world inside it and it had all the biomes of the world squeezed into one huge place. The ocean is one of them.

Nico: Wow! That is cool!

Me: Yep.

Nico: Yeah. Cody that is perfect for you and your family and Sam.

Sam: Yeah.

Loki: Jonah will never think to look there.

Me: Good idea. First we need to find Cody's mother.

Nico: Right.

Me: Lets go.

We went down to the beach.

Me: Okay here we go. I sense that she communicates telepathically.

Nico: Here we go.

I concentrated and felt for her presence.

Me: I sense her.

I used my telepathy.

Me: (Telepathically) It's all right. I mean you no harm. We are friends of your son Cody and we just want to talk to you.

Starlight Glimmer: Anything?

Nico: She'll come Starlight.

Then we saw a mermaid pop out and she was a beautiful mermaid with brown hair.

Sam gasped.

Sam: Wow. Cody is that?

Cody Griffin: Yeah. She's my mom. My other mom.

Me: Your real mom.

I held out my hands.

Me: It's all right guys.

They took my hands and I helped them and we walked on the water.

Sam: It feels weird walking on top of the water.

Me: I know. But it's cool. It took me a while to get used to doing though.

We went up to her.

Cody Griffin: Hello mom.

Sam: I'm Sam and it's a pleasure to meet you.

She talked to me telepathically.

Mermaid: (To me telepathically) Thank you for looking out for my son J.D.

Me: You have the Griffins to thank for that. But you're welcome. But I'm afraid you and Cody are both in danger. There's a mad poacher out to look for you and capture you and sell you and we can't let that happen.

Ghost: Soon, we'll have to take the fight to him.

Nico: I know but we can hear them too.

Mermaid: (Telepathically to us) I am eternally grateful to all of you for looking out for Cody.

Nico: You're welcome.

Eli: It was our pleasure.

Mr. Griffin: You're welcome.

Me: We can put you into our protection from this mad poacher. His name is Jonah Melville.

Mermaid: I've heard about him. He is a dangerous man.

Me: Yes he is.

Sam: But Team Loud Phoenix Storm will make sure he goes to prison.

Me: Yes we will.

But then Cody felt a really sharp pain in his legs!

Sam: Cody what's wrong!?

Me: Oh no! It's starting!

Marie Kanker Loud: That does it! We have to go after Jonah now!

Me: No wait!

We saw Cody's legs morph into Flippers.

Nico: Its starting.

Me: Okay lets get back to the estate!

Nico: Right!

The mermaid hopped onto my back.

Me: Okay. Hold on everyone.

I used Instant Transmission and we teleported to our park in the Ocean Part.

Nico: Wow! This is incredible.

Me: Yep.

The mermaid landed in the water and I put Cody on the beach.

Me: Stay here guys. You'll be safe.

Nico: Okay now lets get back and form a plan of attack.

Me: Right!

Cody Griffin: Be careful guys.

We teleported back to Miami.

We were back in Miami.

Gearhead: Any vehicles I can use?

Nico: Lots of boats over there.

Gearhead: Perfect.

Me: Lets see.

I looked around for Jonah's boat.

Me: Lets see.

I then saw a boat that had a fishing net on it and it was looking for mermaids. Then I saw Jonah Melville.

Me: There it is!

Ben Tennyson: That's his boat all right.

Me: Lets head to the docks!

Nico: Right.

We went to the docks. And then we saw the goons of Jonah!

Goon: Want the boss? You go through us!

Swift Foot: Not gonna be a problem!

CYCLONE! JOKER!

Me: I know that morph anywhere!

Phillip and Shotaro came out!

Nico: Phillip and Shotaro!

Me: Awesome to see you guys here.

Phillip: Same here J.D.

Nuju: Let me help you guys!

Plastique: Don't forget your Kamen Rider form.

Nuju: You got it! HENSHIN!

He turned into his W Kamen Rider form: KAMEN RIDER ARCTIC!

Nico: AWESOME!

Lola: So cool!

Nico: Yeah!

Nuju: We got this.

Shotaro and Philip: Now, count up your sins!

Nuju: And we're going to make them all your worst nightmare.

We went to face Jonah.

Me: Time for some buttkicking!

Khybon: Entrance time!

Nico: Right.

We went at him.

Jonah Melville came onto the boat.

Jonah: Nothing! Someone got to her first!

Then fireballs rained onto the boat and then they formed into a bunch of imps and they did all kinds of awful pranks on them and they hurt like a son of a bitch and then they converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above them and then a phoenix cry was heard and we came out!

Vortex: You're in for a storm now!

Nico: Yeah! Jonah Melville you're under arrest!

Jonah Melville: Team Loud Phoenix Storm!

Me: That's right!

Ben: Been a long time since I kicked your butt Jonah.

Jonah Melville: Ben Tennyson!?

Ben: That's right.

Then Wolf, Captain Boomerang, Crimson Dynamo, Shiva, Billy Numerous, Deker, Diabolico, Sportsmaster, Mummy, and the Rowdyruff Boys appeared.

Nico: Wolf, Captain Boomerang, Crimson Dynamo, Shiva, Billy Numerous, Deker, Diabolico, Sportsmaster, Mummy, and the Rowdyruff Boys.

Wolf: Now, only Another Decade's left.

Captain Boomerang: And that won't be easy.

Me: No it sure won't.

Crimson Dynamo: He'll probably have Rider Cards of us with him.

Me: And that will be cool.

Shiva: (to Nico) We heard you fought Marion Hawthorne.

Nico: We sure did.

Billy Numerous: Was she really Another Baron?

Me: She sure was. That was something we didn't see coming.

Nico: Nope.

Me: But we got Lockseeds for the non-core members of the M.O.E.

Eli: Yep.

?: That is awesome.

A figure came out and it was KONAKIJIJI from episode 10 of Kakurangers!

---

Posing as an gentleman (紳士 shinsei) owner of the Neverland store that served as his base of operations, Konakijiji assumes an infant form to strangle any adult who gets close enough to steal their souls to bring his dolls to life so he can have a family. In order to intercept Konakikiji, Sasuke was drafted to disguise himself as a baby to lure the Yokai. However, Konaki-Jiji is not fooled and has Sasuke captured to show him the fruit of his work. However, as others arrive, Sasuke escapes the deathtrap Konakijiji prepared for him and defeats the Youkai with the Kakuranger Ball. Enlarging, Konakijiji is quickly destroyed by Muteki Shogun with the souls returned to their rightful bodies

---

Eli: Konakijiji! I remember you! You were sent to seal the souls of people to bring your does to life.

Konakijiji: That's right Eli. Good memory.

Me: Also you are based on the Konaki-jiji from Japanese Folklore.

Konakijiji: That's right J.D.

Nico: Wow.

Konakijiji: You guys might not be the Kakurangers. But you'll still be a challenge.

Aurico: We sure will.

Nico: And it will be awesome.

We got the usual battles underway.

## Cole Evans, Sunset Shimmer, Pipsqueak, Fire Skylanders, Jake Long, Rose the Huntsgirl, Cheetah and Fuzzy Lumpkins VS Wolf - Nico's rescue

Wolf was first.

Wolf: (to Cole) I didn't expect Nico to get more Lockseeds on his rescue. And is Harriet really a spy?

Cole Evans: She sure is. Not like the ones that go on those awesome missions in the movies but she is really awesome like one. And what was really amazing is that we got Lockseeds for all the Non-Core Members of the M.O.E.

Sunset Shimmer: That is so amazing!

Pipsqueak: (British Accent) I can't wait to see what they can do.

Sunburn: I agree. This will be something to see.

Jake Long: Yeah this will be fun.

Rose the Huntsgirl: It sure will be awesome to see.

Wolf: I'm Looking forward to this one too. Lets do it!

They fired waves of fire and smashed him down.

---

## Julie Yamamoto, Pinkie Pie, Featherweight, Tech Skylanders, RPM Rangers, Smoke Scream and Bruiser Cruiser VS Captain Boomerang - Putting Marion Hawthorne in her place

---

Captain Boomerang was next.

Captain Boomerang: (to Julie) I'm glad Nico, Homer, and the others put Marion Hawthorne in her place. But I hope Homer wasn't hurt too bad.

Julie Yamamoto: For someone as tough as Homer he didn't get hurt too bad. But we did not expect Marion Hawthorne to be Another Secondary Rider for Baron from Gaim.

Pinkie Pie: Yeah that was amazing! But she had awesome Lockseeds on her.

Featherweight: Yeah she sure did.

Sprocket: I thought that was so awesome too.

Scott Truman: I thought it was really awesome myself.

Captain Boomerang: It sure was mates and that little monster got what was coming. But I didn't expect her to be Another Baron for Gaim. Lets do it!

They fired waves of metal, gears, lightning and energy and smashed him down.

---

## Akira, Iron Man, Starlight Glimmer, Cozy Glow, Undead Skylanders, Power Pack, Jindrax and Toxica VS Crimson Dynamo - Lincoln's rescue

---

Crimson Dynamo was next.

Crimson Dynamo: (to Akira) I heard Lincoln's rescue was in Cheboygan, Michigan. How was it?

Akira: It was really cool! And we brought down Hailey Timaeus' evil former brothers and sent them back to prison forever.

Iron Man: Yeah those monsters had it coming. They were total jerks.

Starlight Glimmer: They sure were and they deserved to be locked up.

Cozy Glow: I agree there. They brought all this on themselves.

Hex: Yeah no kidding there.

Energizer: Yeah those clods!

Lightspeed: They have no right to be brothers.

Mass Master: I agree there too.

Zero-G: Same with me as well.

Crimson Dynamo: Well said comrades. Lets do it!

They fired waves of stars, energy, bones, lightning and magic and smashed him down.

---

Kim Possible, Fluttershy, Tornado Bolt, Life Skylanders, Jonny 2X4, Ed, Edd, Eddy, Ashi, and Spoiled Rich VS Lady Shiva - Meeting a Zombie Werewolf Gene-slammer

---

Lady Shiva was next.

Shiva: (to Kim) I heard you guys met a Zombie Werewolf Gene-slammer. What's her name?

Kim Possible: Her name is Amber Mahigan and she is an awesome member of the Ottawa Indians of Michigan.

Lady Shiva: Wow that is amazing! The Ottawa are full of awesome history and culture.

Kim Possible: They sure are.

Fluttershy: She is really interesting and I have always been intrigued by all that.

Tornado Bolt: Me too. And she did an awesome thing for Lincoln.

---

Amber Mahigan: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Amber, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Amber Mahigan: That's incredible.

Nico: It sure is. So, Amber, what memories did you have with Lincoln?

Amber Mahigan: Oh, I remember this one time, Lincoln and I were doing a class project on one of the Native American tribes that lived here in the United States for thousands of years, and when Lincoln picked the Ottawa tribe for our project, I was really amazed. Lincoln and I were doing our research on the Ottawa tribe on the computer and even getting into contact with my parents and grandparents on the phone who heard Lincoln chose the Ottawa tribe for our project. But, our project time was interrupted by Lori, Lynn, Lola, Lisa, and

Luan, who busted in and they had baseball bats in their hands and their eyes were red with hatred and insanity, and they said they've had enough of Lincoln even living, and they were going to kill him. But, I went at them and I brutally pulverized them into the dirt and we tied them up. Then, I told Mr. and Mrs. Loud of what Lori, Lynn, Lola, Lisa, and Luan tried to do to Lincoln and they heard the words coming from those three demons because I had on a wire. Eventually, Lori, Lynn, Lola, Lisa, and Luan got grounded for five months, and Lincoln refused to talk to them, and he broke down and he hugged me and cried really hard into my chest, but I hugged Lincoln and didn't let go.

We cheered for what Amber Mahigan did to defend Lincoln.

Me: Jeez, just how many lines are the Dark Louds willing to cross?!

Lincoln: They've crossed one too many lines when they tried to kill me long ago, along with so many other incidents as well, and I was thinking about what Sam Manson said yesterday. The Dark Louds are way too dangerous to let any of them live, they've crossed one line too many and they've proven to be extremely murderous and dangerous, not to mention if let loose, they'll kill anyone who gets in their way. Once we brutally beat up and capture Dark Lynn, the Dark Louds are looking at a one-way trip to The Black Gates forever.

Nico: Good idea, big guy. Those Dark Louds have been nothing but a nightmare to everyone and to all of you for the last time, and would you and your sisters like the honor of ending the Dark Louds once and for all?

Lincoln: I thought you'd never ask, Nico.

Lori: Yeah, we've literally had it up to hear with those spiteful monsters inside us. But, ever since Lincoln severed all of us from our Dark Sides, we've finally been freed from the last bit of chaos and darkness that's been with us since we've been growing up.

Lynn: And I can't wait, if Dark Lynn shows up, we got that list of tortures we're going to use on her and we're going to make that bitch pay.

Eli: I'll rip her in two for everything that she's ever done!

Lincoln: Eli, I know you're angry at Dark Lynn for everything she's done, but we just need to be patient. When the time comes, we'll send her and the rest of the Dark Louds to The Black Gates where they will be forgotten for all eternity.

FLASHBACK ENDS

Lady Shiva: My goodness! Whoa! But Amber did awesome. And I don't blame Eli for wanting to rip Dark Lynn in two like that.

Stealth Elf: Me neither. Those dark sides in the Loud's are pure evil.

Jonny 2X4: Yeah they sure are.

Ed: Pass the Mustard!

Eddy: Shut up Ed. But yeah those monster need to go to the Black Gates.

Edd: I agree there Eddy.

Spoiled Rich: Yes they have no right to live.

Lady Shiva: I agree there too. Lets do it!

Penelope Harrisburg: I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne. You can come out now, Eric Archer.

A 24 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder came out, it was Eric Archer, the Weapons Expert of The Blood Dragons.

Penelope Harrisburg: I should've known Bryan Greyson would send you to kill us, Eric Archer. But, your days of killing people are about to come to an end.

Eric Archer: I'll wipe that smug look off your face by killing you and everyone you love, bitch.

Penelope Harrisburg: Still the same lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Penelope Harrisburg's green eyes turned neon green, and she was surrounded by a green energy aura with leaves, plants, psychic energy, and The Lovers, she unholsters her massive Arcana Force VI - The Lovers and Sword of The Arcana swords from her back, and as she approached Eric Archer, she left green energy, leaves, plants, psychic energy, and Arcana Force VI - The Lovers with every step.

Penelope Harrisburg: You've gotten away with one crime too many throughout the years since Bryan Greyson formed The Blood Dragons, not to mention the murders you've committed along with many weapons violations, Eric Archer, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Penelope Harrisburg was surrounded by a massive vortex of green energy with leaves, plants, and psychic energy surrounding it, there's Arcana Force VI - The Lovers flying around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Penelope Harrisburg emerged, but she was changed forever.

Penelope Harrisburg has transformed into SUPER ANGEL ETERNITY INFINITY NATURE ARCANA FORCE VI PSYCHIC

ANGEL OF PSYCHIC NATURE JUSTICE AND DIVINE CLAIRVOYANT LOVE!

We were amazed by Penelope Harrisburg's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Eric Archer saw it, the thug got a gun and was about to shoot her, but Penelope Harrisburg fired a powerful blast of green energy with plants, leaves, psychic energy, and Arcana Force VI - The Lovers, and it hit Eric Archer and he was sent flying into a wall.

Melanie McPherson: (Scottish Accent) Whoa, Penelope's transformed, that's so awesome!

Nico: You said it, Melanie. This is going to be good.

Lincoln: Wow, Penelope, you look beautiful. How do you feel?

Penelope Harrisburg: (Divine Echoing Cosmic Voice of The Arcana Nature Lovers and Divine Clairvoyant Love) **I feel incredible, Linky. Now, shall we deal with that thug, Eric Archer, once and for all?**

Lincoln: (Smiles) With pleasure, Penelope.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Penelope Harrisburg.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that thug away for the rest of his life.**

Penelope Harrisburg and Lincoln went after Eric Archer, who tried to shoot them with his gun, but they grabbed the bullets and they crushed them in their hands and they also fired a blast of rainbow fire which melted his gun, and they fired powerful blasts of rainbow energy, green energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Arcana Energy at Eric Archer, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Me: Uh oh, here it comes.

Eric Archer drank the werewolf serum, and we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **So, he wants to play it like that, huh? Okay, then.**

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's rip him to shreds.**

Penelope Harrisburg and Lincoln attacked him with their massive greatswords and left painful scars on him and they also spilled his blood and it caused him to roar in anger, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on his chest, and the cure took effect as Eric Archer changed back to normal. Then, Penelope and Lincoln fired a blast of magic and it hit Eric Archer, and put him into a special card prison where he'll be locked up until trial, and into a box that Melanie McPherson made, where she put Morgan Wesley, Gary Reese, Riley Cooper, Nelson Everett, Kyle Carter, Marc Landon, and Corey Hudson into. We cheered wildly for what Yvonne Qinsington and Lincoln did as they holstered their massive greatswords on their backs and powered down and Lincoln changed back, and Penelope Harrisburg's new body, clothes, weapons, jewelry, and massive red angel wings are permanent.

Penelope Harrisburg: That's another Blood Dragon down and four to go. Thanks for helping me take down Eric Archer, Linky.

Lincoln: (Smiles Warmly) You're welcome, Penelope.

Suddenly, Penelope Harrisburg wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down Penelope Harrisburg's face, they kissed passionately as Penelope Harrisburg's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force VI - The Lovers flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and plants growing underneath their feet and the rest of Lincoln's harem cheered for them.

Lincoln: And tomorrow's the day of Princess Celestia's special mission with the Yost Avengers, which means.

Suddenly, the energy field had reappeared surrounding the Blood Dragons' hideout in Arkansas, and it really pissed them off big time. We saw it reappear through a one-way window Lincoln made with his powers, and when we saw it, we laughed hysterically, especially with the curse words coming from those bastards.

Nico: (Laughing Hysterically) Oh man, I should've known that was about to happen again.

Me: (Laughing Hysterically) Yep. So, that field hadn't completely disappeared for good, big guy?

Lincoln: Nope. You see, when the special missions start, the field around the Blood Dragons' hideout in Arkansas will reappear and they'll be trapped inside it until we come back after our mission. (Smirks) But, it's still hilarious to hear them curse like crazy when the field reappears around their hideout.

Eli: That'll show 'em.

Princess Celestia: Just like what happened on the day before Rarity's special mission with the Kiramagers, you don't want the Blood Dragons to interrupt the big day tomorrow.

Lincoln: That's correct, Princess Celestia.

Princess Luna: He's right, we've had enough of that with The Church of Necrom. Now, it's time to head home and get some rest, your special day's tomorrow, sister.

Princess Celestia: That's right. (Looking to the skies) I hope the Yost Avengers will be alright.

Nico: Don't worry, Princess Celestia, they will be, and we'll be ready for whoever we're going to face tomorrow.

Lincoln: And whoever the uninvited villain will be tomorrow. But, we'll know who it is tomorrow.

Nico: You got that right, big guy. But great job today everyone. Lets get ready for tomorrow. We got a big mission.

Me: We sure do. It's number 3 out of 4 missions for the Yost Universe tomorrow.

Nico: Yep.

We went back to home and Enjoyed the rest of the day and went to sleep. Cody had a lot of catching to do with his mother. His biological mother.

Meanwhile in the Yost Universe, the Avengers were getting ready for our arrival and it was going to be an awesome adventure.

Yost Captain America: It'll be awesome to see Princess Celestia again.

Yost Wasp: It sure will.

Yost Iron Man: The enemy we're going up against is going to be strong but with Team Loud Phoenix Storm with us we're going to be ready for them.

Yost Captain America: Yes we sure will. All right everyone lets get ready. AVENGERS ASSEMBLE!

They ran at the Camera and it turned blue.

TO BE CONTINUED!

Nico: Whoa!

Natasha Hernandez: That's the God of the Sun in Hindu Myth.

Rainbow Dash: This is gonna be awesome!

Nico: Keep an eye out for traps.

We nodded and went into the temple and we looked around.

Rainbow Dash: Wow.

Tsuyu: Check out this mural.

We saw it.

Nicole: This is a story about the scythe.

Nico: What does it say?

Nicole: It's a really interesting story. It says "Long ago during a Solar Eclipse, the Indus Civilization saw this as a bad omen and using this as an opportunity, the evil warlord of the Moon Tribe, Chandra Yudhan, came and unleashed a horrible and terrible army on the Indus People. It was an ambush that left numerous lives dead and wounded. It was an attack that no one even saw coming as the Moon Tribe decimated everything. Fearing that defeat was inevitable the king of the Indus Civilization made a pact with the God of the Sun, Surya, and he granted him a powerful and amazing scythe imbued with all his mighty power over the sun and with this mighty weapon he used its power to destroy Chandra's army and drive them back into the darkness of the shadows from whence they came. But after the defeat of the army and saving all of the Indus People and lands from certain destruction, and fearing that the scythes power would be used for evil, the king hid the scythe here in this temple. For only one soul that is pure of heart can wield its power for good."

Nico: Whoa.

Me: Wow! I didn't know this happened.

Bhavna: That is most incredible.

Lars: It sure is.

Nico: Lets get to finding it.

We walked around and then in a big room with the sun shining down on it was the scythe! It was a golden bladed scythe with the top of the scythe before the blade being a sun and it was adorned with mystical jewels.

Nico: Whoa!

Nicole: There it is! The Scythe of Surya!

Bhavna: Amazing!

Rainbow Dash: Wow!

Nico: Who wants to pull it out?

Kida Neurenburg: I will.

She went up to the scythe and looked at it and then she grabbed it and it glowed and then she successfully pulled it out and it glowed in a massively intense light!

(ESCAFLOWNE (FOX KIDS VERSION) THEME SONG PLAYS)

Another Blades: HELP ME J.D.!

Me: We're trying Sarah!

Chloe: VENOM!

She fired a poison blast and it hit Another Blades and smashed her down.

She got up and the she opened a Wonder Ride Book and then put it on her sword and then the blade got covered in cheese and she fired a blast of cheese and it hit Nico.

KRASPLAT!

He was covered in nacho cheese sauce!

Nico: (SLURPS) Delicious!

Me: She has Wonder Ride Books all imbued with the non-core members of the Masters of Evil!

Eli: Wow!

Laney: Wow how cool is that!

Nico: I'll just use Roquefort's powers then!

He fired waves of cheese wheels and smashed Another Blades down!

Nico: Nice!

Another Blades then pulled out a Wonder Ride book and it was for Angry Hot Wing.

She had her sword glow with the power of Angry Hot Wing and she fired a wave of super spicy Nashville Hot wings and they went into Nico's mouth and he chewed them up and he spit the bones out.

Nico: (BURPS) Yummy! Nashville Hot my favorite!

Me: Hitoshi would get a kick out of that one!

Heatfreak: (In a girls voice) It sure is!

Nico: That voice. Lila Rosenburg.

She reverted back and was a girl with purple hair and clothes.

Lila Rosenburg: Awesome to see you again Nico.

Nico: You too.

Lila Rosenburg: I'll save this one.

She fired a blast of fire and it hit Another Blades and she exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Sarah was back to normal and I grabbed her Rider Watch and purified it and we saw lots of Wonder Ride Books on the ground and we picked them all up.

Nico: Wow! Touma is gonna be shocked seeing this.

Laney: He sure will be.

I went over to Sarah and she was weak but will be all right.

Me: Hold on Sarah. You'll be okay.

I picked her up and put her on my back.

Laney then saw something shining in the wall and she pulled back a stone and we saw a sword! It was a sword that had a pink blade and it had all the symbols of the powers of Candrakar on it!

Laney: Whoa this is a Candrakar Sword.

Nico: Whoa!

Me: Awesome!

I then got Sarah's sword and I decided that I would use it later.

Kida then got the sword too.

Nico: How do you know Sarah?

Me: She is a friend I know from a Foreign Exchange Program and she is an awesome cook too. She's from Russia and she makes really awesome borscht and piroshki. She also introduced all my friends in school to many of her country's foods and they all thought they were delicious.

Nico: Cool!

Me: Yep and she is also a great dancer in many of Russia's dances and songs too.

Nico: That's awesome.

Me: Yep. We talked a lot via Video Chat. But after I moved to Michigan we haven't talked to each other in a while. She disappeared somehow.

Nico: Whoa and it looks like we found her as Another Blades.

Lola: Yeah.

Lila Rosenburg: But it's awesome she is okay.

Lars: What's your favorite memory of Nico?

Lila Rosenburg: I have a lot of them but the most awesome one that me and Nico are both known for is making the most lethal and most deadliest chili ever. We made a super spicy deadly chili we call the Rosenburg-Chan Chili from The Earths Core! It's a super awesome many meat chili and it's got some of the most deadliest hot sauces and spices and peppers known to the world. It even has a people that is hotter than anything that Chief Wiggum made.

Laney: Does it really?

Lila Rosenburg: Yep. It's called the Merciless Pepper of Jacquejosetzennango.

Everyone gasped in shock!

Fiona Hernandez: Oh man! I've heard about those peppers! They are grown in Honduras and they were actually made by the inmates of the most toughest insane asylum there!

Lila Rosenburg: Yep.

Me: Whoa! That is some lethal chili! Think I can try some of that?

Lila Rosenburg: Sure J.D.

Nico: Yep. It was for a project we had back then and it was for the spiciest chili ever known.

Me: Wow! Chief Wiggum is gonna be super jealous of that.

Nico: Yep.

Nico and Lila hugged.

Nico: I really missed you.

Lila Rosenburg: Me too Nico.

Me: Boy this was an awesome treasure hunt.

Daring Do: It sure was.

Laney: We had a lot of fun on this one.

We later went back home and I put Sarah Yekaterinburg in the infirmary to rest and we told everyone about what happened and it was awesome.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Heathcliff, Sonja (Heathcliff), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, and The L-ementals are heading to the world of the 1992 Stephen King film, Sleepwalkers, and not only is Lincoln going to rescue the eight girls here, but we're also going to destroy Charles Brady and his mother, Mary Brady, who are Sleepwalkers, an ancient and forgotten nomadic race of vampiric shape-shifting werecats who feed on the life force of virgin girls.

And since these two are ancient and evil werecats, Lincoln also called Simone Lenoir, Lena Dupree, and Jacques to come with us, and they're also going to help in destroying Charles and Mary Brady, and they're going to be given a chance for redemption after serving their time in prison.

Lincoln: Whoa, we're here in the world of the 1992 Stephen King film, Sleepwalkers, and I know what we're going to do here, not only am I going to rescue the eight girls here, but we're also going to destroy Charles Brady and his mother, Mary Brady, who are Sleepwalkers, an ancient and forgotten nomadic race of vampiric shape-shifting werecats who feed on the life force of virgin girls.

Nico: That's right, Linc.

Me: I remembered seeing the movie long ago, and those two are pure evil.

Lena Dupree: I never thought that we'd have to deal with Charles and Mary Brady again, those two werecats are nothing but trouble.

Simone Lenoir: And before any of you ask, we are familiar with Charles and Mary Brady, and what they really are: they're

Sleepwalkers, an ancient and forgotten race of vampiric shape-shifting werecats who feed on the life force of virgin females to stay alive, and they also have magical powers, along with the power to turn invisible. But, there's one thing they're afraid of: cats.

Lucy Loud: Simone's right, and once they catch the scent of a Sleepwalker, the cats will start mauling them, and they'll burst into flames.

Lincoln: That's brutal, which is why we've got a plan on how to get rid of them, but not before we give them the scare of a lifetime, and I want to thank you, Simone, Lena, and Jacques for coming with us, Lucy.

Lucy Loud: You're welcome, Lincoln.

Jacques: And what is this scare of a lifetime you have for them?

Me: You'll see, Jacques.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of eight girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eight girls, along with Tanya Robertson, but they've been cornered by Charles and Mary Brady, and they're going to kill them and drain their life forces.

Lincoln: Guys, I found the eight girls, along with Tanya Robertson, but they've been cornered by Charles and Mary Brady, and they're going to kill them and drain their life forces.

?: Those evil Sleepwalkers, let's get them.

Suddenly, we saw Golden Homunculus, Salamandra the Steel, Ouroboros the Bronze, Leon the Lead, Eatos the Tin, Ekanas the Mercury, and Moonface the Silver.

Nico: Whoa, that's Golden Homunculus, Salamandra the Steel, Ouroboros the Bronze, Leon the Lead, Eatos the Tin, Ekanas the

Mercury, and Moonface the Silver, awesome. But, did I just hear one voice coming out of those seven?

Lincoln: You sure did, and I'd recognize that voice from anywhere, I knew it was you, Rosa Laurence, but we'll talk later, it's time to get rid of The Sleepwalkers for good.

We then rushed on over, and Lincoln fired very powerful rainbow energy balls and elemental forces at Charles and Mary Brady, and it allowed the eight girls and Tanya Robertson to get to safety. When Charles and Mary Brady saw us, they were enraged as their faces turned cat-like.

Charles Brady: How dare you interfere with our dinner, Team Loud Phoenix Storm?

Lincoln: Put a sock in it, litter breath.

Then, when Charles Brady and Mary Brady saw Simone Lenoir, Lena Dupree, and Jacques here, they were beyond pissed.

Mary Brady: You? What are you three doing here, shouldn't you be rotting in prison?

Simone Lenoir: (Smirks) We got out early for good behavior, and we've paid for our crimes.

Lena Dupree: (Smirks) And we're getting a shot for redemption with Team Loud Phoenix Storm.

Charles Brady: (Growls) Then, we shall kill you all!

Lincoln: Oh, I don't think so, Charles. The only ones dying here are you and your incestuous mother. J.D., shall we give them the scare of a lifetime?

Me: (Smirks) With pleasure.

Suddenly, Charles and Mary Brady saw my eyes and Lincoln's eyes change from rainbow and deep sapphire blue to yellow with slit pupils, and our faces turn wolf-like, and then, we let out a ferocious roar as Charles and Mary saw brown fur begin growing on our abnormally massive and powerful muscular bodies with light brown fur growing on our massive and wide muscular pecs and eight pack abs and our faces had turned into the muzzles of a wolf, large brown pointed wolf ears grew on top of our heads, our nails grew into claws, and Lincoln's eleven massive, long, and powerful white werewolf tails with large black wolf heads for tips sprouted out, along with my eleven massive, long, and powerful rainbow-colored werewolf tails with large white wolf heads for tips sprouted out, and we let out a very loud howl as Lincoln transformed into Lincoln the Nocturnal and I transformed into J.D. the Nocturnal, and it frightened Charles and Mary Brady.

Simone Lenoir: So, that's the surprise. But, why didn't they mention that before?

Lena Dupree: We didn't bother to ask them when we were on the side of evil long ago, Ms. Lenoir.

Jacques: She's right, but this really scared those two Sleepwalkers badly.

Lincoln the Nocturnal then unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he then transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Charles and Mary Brady, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, and Magic, and they exploded with incredible power as they hit them.

This badly enraged Charles and Mary Brady as they transformed into their true werecat forms.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) So, this is their true werecat forms, huh? Now then, J.D., shall we drain the life forces from those two werecats?

Me: (Divine Echoing Beastly Cosmic Voice of Elemental Friendship) Gladly, big guy.

Lincoln and I sent our eleven werewolf tails at the transformed werecats, and as soon as the large black wolf heads on Lincoln's eleven werewolf tails bit and latched onto Charles Brady's arms, legs, stomach, neck, and back and my werewolf tails bit and latched onto Mary Brady's arms, legs, neck, stomach, and back, we began sucking out and draining the two werecats of their life forces, as the rest of the team saw the energy visibly flowing from the wolf heads and into me and Lincoln, as our rainbow energy auras with elemental forces and mythological animals flared up extremely, as we gain a massive power and energy boost. Then, as soon as we were done, Charles and Mary Brady looked like they were 250-years-old, now that Lincoln and I drained them of their life forces.

Simone Lenoir: Now, to send you two off to Oblivion for good. (Whistles)

We then saw Clovis and the other cats appear, and they ran towards Charles and Mary Brady, and they jumped on and they clawed and bit the werecats and after they got off, the werecats burst into flames, and then, Lincoln and I sent them to The Black Gates forever. We cheered wildly as we then holster our weapons and power down, and me and Lincoln changed back.

Lincoln: Now, the Sleepwalkers are now extinct forever. (To Rosa Laurence) And it's so good to see you again, Rosa Laurence.

Rosa Laurence reverted back to normal, and she's a beautiful girl with long flowing crimson red hair, crimson red eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful crimson red angel wings, and she reigned in the powers of Golden Homunculus, Salamandra the Steel, Ouroboros the Bronze, Leon the Lead, Eatos the Tin, Ekenas the Mercury and Moonface the Silver, and she's dressed in a sleeveless crimson red vest, sleeveless crimson red midriff top, crimson red skirt, crimson red pants, crimson red legwarmers, crimson red sneakers, and long crimson red sleeveless trenchcoat with gold, steel, bronze, lead, tin, mercury, silver, Fire, Water, Earth, Wind, Light, and Darkness on the coattails, and Golden Homunculus, Salamandra the Steel, Ouroboros the Bronze, Leon the Lead, Eatos the Tin, Ekenas the Mercury and Moonface the Silver on the back, and holstered on her back is a large 7 Alchemy Beasts-themed greatsword with Golden Homunculus, Salamandra the Steel, Ouroboros the Bronze, Leon the Lead, Eatos the Tin, Ekenas the Mercury and Moonface the Silver etched on the 7'0" massive, wide, double-edged crimson red blade, crimson red angel wings for the crossguard, large rainbow gem embedded in the rainguard, longer black handle, and large rainbow gem surrounded by crimson red angel wings for the pommel.

Rosa Laurence: You too, Lincoln, it's been a long time.

Lincoln went up to Rosa Laurence and they hugged, and Rosa Laurence's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Rosa Laurence: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Rosa Laurence, she's one of my many Guardian Angels from Michigan, and this one time, she took on Lynn at the ultimate extent of her worst.

We gasped in shock.

Rosa Laurence: And I also got a horrible revelation about Lynn that nearly got Lynn sent to the nuthouse forever.

Me: What?! Oh, we're not going to like it one bit.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Rosa Laurence's neck with crimson red gems on the gold thunderbolt links and crimson red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Rosa Laurence: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Rosa.

Rosa Laurence had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Rosa Laurence's waist and Rosa Laurence wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Rosa Laurence's face and kissed her on the lips, and she also returned it, and we cheered for them. Then, we went up to the eight girls, and when Lincoln saw them, he recognized them immediately.

The eight girls are Rukino Saki, Sashinami Shouko, Kriemhild, Nanami Rion, Ninomiya Takahi, Nobi Marie, Renboukouji Akira, and Sakurai Aina from Valvrave the Liberator.

Lincoln: Oh wow, it's Rukino Saki, Sashinami Shouko, Kriemhild, Nanami Rion, Ninomiya Takahi, Nobi Marie, Renboukouji Akira, and Sakurai Aina from Valvrave the Liberator.

Nico: Awesome.

Lincoln: Are you girls okay?

Rukino Saki: Yes, we're okay, thanks to you.

Then, when Rukino Saki and the other seven girls saw who it was that saved them from Charles Brady and Mary Brady, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-

Rukino Saki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Rukino Saki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared on the necks of Rukino Saki, Sashinami Shouko, Kriemhild, Nanami Rion, Ninomiya Takahi, Nobi Marie, Renboukouji Akira, and Sakurai Aina We returned to the TLPS World Tree Estate, and the team was shocked when they found out the villains we went after were Charles Brady and his mother, Mary Brady, the Sleepwalkers from the 1992 Stephen King film, Sleepwalkers.

But, when Lincoln showed what he and I did in draining those two werecats of their life forces and Simone Lenoir, Lena Dupree, and Jacques calling the cats to destroy the werecats, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Rosa Laurence have a lot of catching up to do now that she's back in town, and Simone Lenoir, Lena Dupree, and Jacques are now new members of The Redemption Squad.

---

After destroying Charles Brady and Mary Brady, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Rosa Laurence saw Lincoln working out like crazy, she had an atomic red blush on her face.

Rosa Laurence: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Rosa, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Rosa Laurence: That's incredible.

Nico: It sure is. So, Rosa, what's this horrible revelation about Lynn that nearly got her sent to the nuthouse forever?

Rosa Laurence: You're not going to like it one bit, Nico. I was walking through Franklin Avenue one day, but then, I heard the sound of screaming coming from The Loud House, along with the sounds of smashing inside the house itself, and I found out there's only one person who could've made that scream: Lincoln, and he was in trouble. I went inside and I found Lincoln, but he was being beaten all over the place by Lynn, but her eyes were red with hatred and insanity and she was foaming at the mouth like a rabid dog. I wasn't going to let Lynn just beat Lincoln up like that, so I pushed her off of him, and she just went at me like crazy, and I had to fight her off and after I knocked her out, I tied her up with nylon rope. Then, I went over to Lincoln, and he was really banged up: a black eye, he had some missing baby teeth, and that's not the worst part: when I lifted up his shirt, he had tons of knuckle marks and bruises all over his body and bite marks on his arms. Lincoln told me that Lynn got mad at him because he said that he didn't want to help her with her sparring anymore and that he was done with being her punching bag, and that's what led to her going crazy. I knew Lynn was a little crazy and she treated Lincoln like a punching bag, but what she just did, I was absolutely furious at Lynn, and so were the rest of the family after they came out of hiding. They were already thinking of throwing her in a nuthouse forever for what she did, but Lincoln and I decided against it, instead, Lynn was grounded for eight months and she was off her sports teams during that time. I then had to get Lincoln to the hospital to get his injuries taken care of, and he broke down and cried as he held on to me, and seeing that look of despair on his face, I also held on to him, but not too tightly since he still had wounds on him.

We were not only shocked, but we also had tears coming down from our eyes.

Me: My God.

Nico: Damn, getting punched and beaten like that was bad enough, but getting bite marks on your arms, now that really did it. Linc, I can't believe you went through that, because you said you weren't going to be treated as Lynn's punching bag anymore.

Lincoln: Lynn hated it when she doesn't get her way, but for her to resort to that, I was so mad at her, I didn't speak to her during her punishment.

Rosa Laurence: And Lincoln's wounds healed up over time, and he did forgive Lynn, and Lynn wanted to earn Lincoln's forgiveness.

Lincoln: That's right, and then over time, I did eventually talk to Lynn, and she also began to talk to me again. But, this is more reason for me to get rid of Dark Lynn once and for all.

Me: You got that right.

We got a shower afterwards, and then, Lincoln, his harem, and his kids were getting ready for their date, this time, it's at The Gold Saucer, a towering amusement park built over the ruins of Old Corel. They also had their weapons holstered in case of trouble.

Lincoln: Alright, everyone, are we ready?

Thunder Sparkle: We're ready, Dad.

Lincoln, his harem, and his kids left the World Tree Estate, and when they arrived at The Gold Saucer, it was an amazing and towering amusement park built over the ruins of Old Corel.

Phoenix Shimmer: Wow, what is this place, Dad?

Lincoln: This, Phoenix Shimmer, is The Gold Saucer, an amazing and towering amusement park built over the ruins of Old Corel. Cloud and the others told me about this place, and it's perfect for us all to have some fun before Princess Celestia's big mission with the Yost Avengers today.

Twilight Sparkle: Perfect.

Lincoln, his harem, and his kids head inside, and they began having fun at the areas of The Gold Saucer: the Ropeway Station, Terminal Floor, Speed Square, Battle Square, Chocobo Square, Ghost Square, Event Square, Round Square, and Wonder Square and they were really having a blast. Then, they had some lunch at an area of the park. Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem and they wrap their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Lincoln and his clones, and they shared an amazing and passionate super-charged kiss and the kids cheered. Then, they came back home to the World Tree Estate.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico, we went to The Gold Saucer.

Nico: Oh, no way, the towering amusement park that was built over the ruins of Old Corel?! That's so awesome!

Lincoln: It sure is, and we had a lot of fun there as well.

Me: That's awesome, big guy. Next time, we should also bring our harems and kids there as well.

Lincoln: Trust me, you guys are going to love it.

Later it was time for Taranee's Final Ambassador Mission.

William: Anyone else want to go with Taranee? Besides Nate and 1 Rabbid?

Me: Well you know Twilight Sparkle will go because she and Nate are brother and sister.

Twilight Sparkle: That's true.

Lola: Yeah.

Wallflower: I'll go as well. I want to try some of my stuff against a boss that Jak faced.

Me: Awesome awesome.

Nico: I think that's it. Shall we head out?

Me: Lets go!

We were off to the world of Jak and Daxter.

We arrived at Haven City.

Jak: Hey guys!

Taranee: Jak, this is Princess Twilight.

Twilight Sparkle: Awesome to meet you. I'm Twilight Sparkle the Princess of Friendship and Princess of the Magic Skylanders.

Jak: Wow it's an honor to meet you your highness.

Twilight Sparkle: No need for formalities but thank you.

Nate: And my name is Nate Adams and it's awesome to meet you.

Jak: Wow same to you.

Taranee: Nate is a Yokai hunter. He goes and confronts Yokai's that are causing trouble.

Me: They are spirits that are the embodiments of legendary creatures from Japanese Folklore. Some are really silly and full of mischief. But others are pure evil.

Nico: Yeah it's weird and funny but cool.

Eli: Yeah but they are also very easy to work with.

Nico: Like Pokemon and Digimon.

Jak: Awesome!

Daxter: That is really something.

Me: They act in more ways than one to Pokemon, Digimon, the monsters of Monster Rancher and more.

Nico: Yep.

Me: But they are really awesome too.

Nico: So, any bad guys appear since last visit?

Jak: Actually yes and you all arrived just in time.

Me: Uh oh. I hope Errol hasn't made his move too early.

Jak: No it's not him. We'll show you.

Tess: Come with us.

We followed them and we went to the southwestern edge of the city.

Nate: Is it someone just as dangerous?

Jak: Yes it is. But it's best if you see for yourself.

We got to the Southwestern side and we saw MAIA!

---

Maia is the co-antagonist of The Precursor Legacy, alongside her younger brother Gol Acheron. Both were corrupted by exposure to dark eco, Maia being a sorceress and her brother being a Sage. They operated out of their citadel, where they resided on the far north side of the continent.

Together, Maia and her brother planned to revive a custom Precursor robot in order to open dark eco silos across the earth and reshape the planet to their liking. To that end, Maia created a force of dark eco-mutated creatures known as the lurkers, to besiege human-inhabited villages and find, excavate, and steal Precursor technology and eco.

Throughout her southward crusade, she and her brother kidnapped the other eco Sages, forcing them to power their robot once it was complete. The disappearance of the Sages, and the lurkers' appearance around the southernmost Sandover Village, prompted green eco Sage Samos Hagai and his protégé Jak to journey north and confront the siblings, ultimately leading to the evil duo's defeat.

Prior to the events of The Precursor Legacy, Maia and Gol were normal, and resided in the underground northern village, where the Yellow Sage's hut was also located. Maia the elder of the two, they lived in a citadel constructed within a hollowed-out dark eco silo, which was also the site of a former Precursor city (sometimes referred to as simply "Precursor City"). While Gol studied and experimented with dark eco as a Sage, it is unknown to what extent Maia was exposed. However, Samos Hagai at some point warned her that the dark eco would affect them both.

Eventually, the siblings cut off contact with the other Sages, and disappeared for years. Both became corrupted by dark eco, twisting their minds, graying their skin, and yellowing their eyes. Maia became a fully fledged dark eco sorceress, using her newfound power to maintain a perpetual youthful appearance, hiding her true elderly age. This is presumably when she also gained teleportation and flying powers.

The siblings eventually devised a plan to unleash vast amounts of dark eco upon the planet and reshape it to their liking. They discovered that they could open the dark eco silos all over the world using a custom Precursor robot from scavenged parts, though they would need to kidnap the other eco Sages to harness their power. Maia thus created an army of lurkers to take over the villages, capture the Sages, as well as find, excavate, and steal Precursor artifacts to help them on their quest.

These lurkers were mutated versions of natural animals, and as Maia's army moved further south, the indigenous creatures of various locations would also become mutated. These mutated characteristics included yellow eyes, a pair of skin spurs on either side of the bottom lip, and hostile behavior.

Maia and her brother were first introduced in the prologue of The Precursor Legacy, on Misty Island, when Jak and Daxter spotted them addressing a troop of babaks and bone armor lurkers. She commanded them to attack anyone who strayed from the nearby Sandover Village, and that they would attack it in due time, completing their crusade south.

When Daxter came to Samos in search of a solution to his transforming into an ottsel, the latter advised they travel north in search of Maia's brother, Gol. Unaware of Gol's corruption, Samos believed he was the only one who knew enough about dark eco to change Daxter back into a human.

The siblings did not appear again until much later in the game, after Jak, Daxter, Samos, and Keira had traveled as far north as Volcanic Crater, to the Red Sage's hut. There, the duo revealed their plans, and that they were behind the lurker attacks and kidnappings of the other Sages. This was the first time Samos saw their new corrupted appearance, and he admonished Maia for following her brother.

The siblings then vanished, leaving the group resolute to stop them. Daxter was distraught that they would have to fight the one chance he had at being transformed back into a human. They nonetheless did, eventually confronting Gol and Maia at their citadel after rescuing all of the kidnapped Sages (including Samos, who Gol and Maia had since kidnapped). Gol stated they were too late, however, as the robot was ready. Maia claimed that the dark eco had given them "a beauty beyond anything [they] could understand", and to "just wait until we open the silos".

Gol and Maia then entered their newly-powered robot, and began the process of opening a nearby dark eco silo. Jak and Daxter chased them there, ultimately defeating the robot with light eco. The robot then sank into the nearly-open silo's dark eco, taking the siblings with it and presumably killing them. However, Samos afterwards could only conclude that the dark eco "probably" destroyed Gol and Maia.

* * *

Nico: That's Maia!

Me: She was the first major enemy you destroyed!

Eli: Yeah!

Nico: Does she see us yet?

Maia: I know you're all here Team Loud Phoenix Storm! Come on out!

Me: That's a yes.

I fired an energy blast and it hit Maya in the back and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was badly burned all over the place.

Nico: Nice shot.

We came and faced her.

Me: Maia you will pay for everything you did.

Jak: We beat you once. We can do it again!

Me: This time Jak and Daxter are not alone!

Eli: And we're going to kick your butt!

Wallflower: Big time! Oh and sorry I'm Wallflower Blush. I never told you who I am.

Jak: No worries. But awesome to meet you.

Nico: Yep. Now lets power up!

Will Vandom: Lets do it! Guardians Unite!

We powered up!

Will Vandom: (ENERGY SURGES) THE HEART!

Irma Lair: (WATER SPLASHES) WATER!

Taranee: (FIRE BURNS) FIRE!

Cornelia: (VINES GROW) EARTH!

Hay Lin: (WIND BLOWS) AIR!

Me: (LIGHTNING STRIKES) LIGHTNING!

Elyon: (CLOCKS TICK) TIME!

Megan McCallister: (STARS SHIMMER) SPACE!

Lillian Hale: (LIGHT SHINES) LIGHT!

Cassidy: (WATER SPLASHES) GUARDIAN OF WATER!

Halinor: (FIRE BURNS) GUARDIAN OF FIRE!

Yan Lin: (WIND BLOWS) GUARDIAN OF AIR!

Kadma: (VINES GROW) GUARDIAN OF EARTH!

Nerissa: (ENERGY SURGES) GUARDIAN OF THE HEART!

Twilight Sparkle: This will be awesome!

Taranee: Let's test out our new toys!

Me: You don't have to tell me twice!

Eli: Yeah!

I pulled out my sword and put in the Wonder Ride Book for The Strawberry, Vanilla and Chocolate Technicolor Phantoms.

"THE POWERS OF THE THREE NEAPOLITAN ICE CREAM PHANTOMS FLOWED THROUGH THE SWORD OF THE MIGHTY HERO'S BLADE AND HE UNLEASHED A MIGHTY FLOOD OF ICE CREAM GOODNESS ON HIS OPPONENT."

Me: NEAPOLITAN ICE CREAM BLAST!

I fired a flood of Chocolate, Vanilla and Strawberry ice cream and it hit Maia and buried her in a pile of ice cream!

Nico: ICE CREAM!

Nico then ate the pile fast and it was tasty.

Nico: Awesome. (GROANS)

A big block of ice then formed on his head!

Nico: AAAAAGGGHH! BRAIN FREEZE!

Me: You got to stop eating ice cream fast Nico.

Taranee: I got this.

She fired a wave of fire and melted the ice.

Nico: Ahh. Thanks Taranee.

Me: That was cool though. Lets see here. I hope Maia is a vegetarian!

I used the Wonder Ride Book for Lunch Lady Ghost!

"THE VENGEFUL GHOST OF LUNCH AND MEAT SUMMONED ALL THE MEATS SHE COULD AND SMASHED THE FOE THAT HATED MEAT DOWN WITH BRUTAL CARNIVORE MIGHT!"

My sword got meat and energy orbiting around it.

Me: Try this one! CARNIVORE MEAT FORCE FEED!

I fired a massive blast of meat and it went into Maia's mouth and she was bloated really big!

Daxter: Can I have some meat?

Jak: Right now?!

Nico: You got to admit though that was cool.

I gave him a steak and Daxter ate it.

Daxter: Delicious!

Nico: Yep. But that was awesome!

Twilight Sparkle: It sure was.

Me: But lets see if she can handle this foul stench.

I used the power of the Book for Mr. Pig, Minuette's archenemy.

"THE STENCH OF THE MOST FOUL SMELLING PIG IN THE WORLD FLOWED THROUGH OUR HERO'S POWER AS HE UNLEASHED THE WORST FOUL STENCH UNTO THE ENEMY WITH SHEER STINKINESS!"

Me: Plug your noses guys! This one is gonna kill her. FARTS OF TOXIC WASTE STENCH!

I fired a massive blast of fart gas from my sword that smelled as horrible as Pumbaa's farts times 1,000,000,000 and they hit Maia and then melted all her skin off! Like how the toxic waste did to that bad guy in Robocop!

Maia was in excruciating pain!

Nico: Boy that was lethal!

Nate: Don't leave me out! I summon BLAZION!

Nate summoned the Fire Lion Yokai, BLAZION!

Blazion: (ROARS) Yeah!

Jak: AWESOME!

Nate: Sic em!

Blazion fired a wave of fire and it hit Maia and then she exploded into a massive burst of fire! She was screaming in excruciating pain even more!

Nico: OH YEAH!

Jak: Lets finish her off!

Me: Lets! Lets see how the sword does with my book.

I loaded my all-powerful Wonder Ride book, Eternal Wonder of Joy, and it had rainbow energy and surging with lightning all over the blade!

Nico: WHOA! What power!

Me: Lets hit her with a combo!

Taranee: You read my mind!

Jak: Lets do it!

Guardians, Me, Jak and Taranee: ELEMENTAL ECO ULTRA BLAST!

We fired a massive blast of energy and it hit Maia and completely obliterated her in an instant! She was dead!

Nico: Take that!

Then her spirit appeared.

Nico: You will never be welcome here.

Nico gave her the black gates and destroyed her.

Jak: Taranee, ever since I met you, me and Dax have actually seen you as a little sister.

Taranee: Really? Oh Jak!

They hugged. Daxter too.

Nico: So awesome.

Me: Yeah. But we destroyed 3 of Jak and Daxter's big enemies.

Eli: We sure did.

Wallflower: It was really awesome.

Twilight Sparkle: It sure was.

Later we came back.

May: Hey guys how did it go?

Me: Really awesome!

We told everyone everything and it was awesome!

Laney: Wow! That was amazing!

May: Yeah it was! 3 more of Jak and Daxter's enemies destroyed forever.

Nico: Yep. And we finished Taranee's missions with a bang.

May: Onewa, for your first mission, Brody and 3 Rabbids should go with you

Onewa: Awesome! And my missions are for Drive.

Me: It'll be awesome to meet Shinnosuke.

May: It sure will. We should use our cars to go on those missions.

Nico: That's not a bad idea May.

Eli: Using our cars in Ambassador Missions is an awesome idea.

---

Later we were at the park and we were there for some relaxing before the big mission.

Jirobo: Hi, I'd like your best ice cream!

Vendor: You got it.

He gave him the best ice cream he has. Jirobo gave him the money.

Me: Ahh! Nothing like a bit of relaxing in the park before a big mission.

Nico: Boy you said it J.D.

Me: And on the First Day of Summer too. We go into the Longest Days and Shortest nights now because of the Summer Equinox.

Lisa Loud: Indeed and it's awesome having fun on this day.

SpongeBob: [Walks up to us with a pink flower around his head. He tosses flower petals into the air] Happy first day of summer, everyone! [walks over to Squidward] Care to join me for solstice caroling? [sings in a high voice]

Walking in the grass,

it's so fine,

don't need shoes

in the summertime! [tosses flower petals at Squidward]

Squidward: I'm not much of a summer person, SpongeBob.

Me: Happy first day of Summer to you too SpongeBob.

Mr. Krabs: Davy Jones on the jib! Do my ears deceive me? Is it really the first day of summer? Is it?

SpongeBob: [chuckles] Yeah.

Mr. Krabs: [does a few back flips in the air] Whee-hoo!

Nico: I love Summer..

Jessie Bannon: I really do like ice cream.

Nico: Me too Jessie. But we're sorry you went through so much on so many adventures over the last 7 days.

Jessie Bannon: No worries Nico. But it was really fun.

Me: Yes it sure was.

Lila Rosenburg: Hey J.D. here's mine and Nico's chili we made.

She had a bowl glowing with a neon purple glow and it was emitting a low hum and my geiger counter was clicking like mad.

Nico: That is the chili we know.

Me: Woowee! That likes like some awesomely hot chili.

She gave me the bowl and a spoon.

Slipstream: How's Sarah?

Me: Getting better bit by bit. But she will be better in a couple of days.

Nico: Good.

I then tried some of the chili.

Then…

**SUPER INCREDIBLY MASSIVE EXPLOSION OF FIRE AND INCREDIBLE SPICE!**

It cleared up 25 seconds later and it was INTENSE!

Me: WHOA! Lila you and Nico made REALLY AWESOME CHILI!

Applejack: WOOWEE! That is some spicy and hot chili!

I ate the whole bowl and it was delicious! My fire aura was incredibly strong and powerful and it felt like I absorbed the hatred of an infinite number of Kisenian Blossoms!

Me: Ahh! (BELCH)

Nico: WHOA! J.D. loves your chili Lila.

Lila Rosenburg: Our chili.

I licked the whole bowl clean.

Me: Ahh! Delicious!

Air Raid: Good thing you're not vomiting.

Me: No but it was awesome! Great job you guys.

Nico: Thanks J.D. Glad you liked our chili.

Lila Rosenburg: This is so great that you love our chili J.D.

Me: It was awesome.

I gave the bowl back to Lila.

We had ice cream and it was awesome.

Me: Ahh. Delicious.

Nico: Nothing like awesome cookies and cream ice cream.

Laney: You said it.

Apple Bloom: It was awesome.

Starlight Glimmer: I think so too.

Yes we had an awesome and relaxing time.

We got back to the estate.

Me: That was great.

Juniper Montage: Now, it's time to head on down to the Yost World.

Nico: Yep. Are you ready for your big mission Princess Celestia?

Princess Celestia: I'm always ready for this Nico!

Nico: That's the spirit!

Me: And you guys will like our target. We're going after their worlds version of General Ross. And he is the Red Hulk!

Nico: Whoa!

Laney: This guy is one nasty creep. He has an explosively hot temper!

Nico: Yep.

Me: Yeah.

I went over his history.

---

General Thaddeus "Thunderbolt" Ross, also known as Red Hulk and simply General Ross, is a supporting antagonist from the TV series The Avengers: Earth's Mightiest Heroes. He appears as the secondary antagonist of the Micro Episode Hulk vs The World, and then returning as a supporting antagonist in Season 2.

He is a rogue U.S. military general and the archenemy of the Hulk, whom he his obsessed with capturing for his own purposes. This adaptation of Ross is arguably far more heinous than any other version of the character.

In his human form, he is voiced by Keith Ferguson. While in his Red Hulk form, he is voiced by Fred Tatasciore.

At some point, General Ross began his endless campaign to hunt down and capture the Hulk, having no regard for anyone who gets hurt in the process. Eventually, at some point, he tracks hims Hulk to Las Vegas, where he was fighting the Absorbing Man. Eventually, he became enraged how two S.H.I.E.L.D. agents (Black Widow and Hawkeye) intervened as well. Ross then recklessly fired a missile at Hulk, not caring if the agents got hurt or killed. After the Hulk stopped the missile and saved their lives, the agents captured him and Nick Fury ordered Ross to stand down, enraging the general.

After Hulk left the Avengers due to being mistrusted constantly, Ross and his Hulkbuster Unit attempted to capture him again in a forest region near the Canadian border. They were stopped by Hawkeye, forcing them to retreat.

Losing all traits of his humanity, Ross became aligned with Red Skull (under the alias of "Senator Dell Rusk") to further his obsession with capturing the Hulk. On the helicarrier, the Winter Soldier breached the base and injected Ross with a modified sample of the Hulk's blood, thus ultimately granting him the same powers. He then wreaks havoc on the base and brutally tortures the agents onboard to attract the Avengers. He then brawls with the Hulk before retreating under "Rusk's" orders. He and the Soldier then meet "Rusk" in his office along with Falcon and Doc Samson, who were both brainwashed.

During this time, an L.M.D. of Ross protected his identity while leading the Hulkbusters into finally capturing the Hulk. Red Hulk then assists Skull as he released a biochemical called "Dust of Death" on Avengers Mansion and bystanders, which transformed the victims into horrifying versions of him. Red Hulk fought Thor at the Statue of Liberty, but the God of Thunder sent the Hulk copycat flying away. After the Avengers captured Skull, cured the infected and had Falcon and Samson treated while Soldier defected, Red Hulk escaped and wasn't seen for a while.

Captain America and Iron Man travel to a Hulkbuster Base after convincing the president to clear Hulk of the crimes committed by Red Hulk, forcing Ross' L.M.D. to release him. Unbeknownst to them, Ross' L.M.D. secretly placed a device on the back of his head to make him lose control. After being released, Ross makes him lose control and escape into the woods. Ross' L.M.D. then insults them on how they released a "deadly person". The real Ross, still as Red Hulk, eventually arrives to help them defeat the Hulk. He then joins them as an Avenger. Unknown to Red Hulk, Captain America and Wasp sneak into the Hulkbuster Base and learn what's happened to the Hulk. Wasp is able to remove it just as the Avengers arrive. As Hulk attacks Red Hulk, the latter drops a remote which exposes that he placed the device on him. Iron Man then reveals that he planted a device on Red Hulk's ID card, due to rightfully never trusting him in the first place. The device reverts him back into his human form and reveals his true identity and intention to label them all as terrorists, infuriating the Hulk. Captain is able to convince him to spare Ross' life. Just as Ross is sent to jail for his crimes against humanity, despite what has happened, he still thinks that Hulk is the true threat, unable to see that he was the real monster.

---

When he was done we were shocked!

Nico: WHOA! So this version of Ross is a rogue general!

Betty Ross: Whereas the one we know as my dad is a good man that did his best to protect our country.

Me: Yep. And we're going to throw this version of that Ross into the cell of the one we know.

Nico: Ooh smart thinking! And it is time that we give the one we know a shot at redemption.

Then Wolf, Captain Boomerang, Crimson Dynamo, Billy Numerous, Deker, Diabolico, Sportsmaster, Mummy, and the Rowdyruff Boys appeared.

Shiva: Can me, Wolf, Captain Boomerang, Crimson Dynamo, Billy Numerous, Deker, Diabolico, Sportsmaster, Mummy, and the Rowdyruff Boys go with you guys?

Nico: Yes you all can.

Wolf: And J.D. made a really wise decision with the Yost version of Ross.

Crimson Dynamo: I never liked that guy. He was always trying to kill Bruce.

Me: No kidding there.

Nico: I agree there. J.D. has become wiser and smarter since I became the leader.

Me: I'm just learning from you Nico.

Nico: I'm glad. You are more than capable of taking back my position when ready.

Me: Nah. You more than earned my position fair and square.

Nico: Awesome.

Darkwing: Boss, which Gene Slammer do you think you'll meet next rescue?

Nico: I'm hoping to do one for a Galilean next.

Me: Wow! One of Gravattack's kind next.

Shanan: That will be awesome to see.

Lola: It sure will.

Nico: Yep. Anyway before we leave we got to make a pit stop to the Neptune Prison.

Wolf: Okay then.

Nico: Lets go.

We were off to the Neptune Prison.

We arrived.

Guard: Ross you have a bunch of visitors.

We came.

Eddy: Hey, Ross, old buddy. You won't believe what we got. 310 Ridewatches for the Core Masters of Evil members. So far, we've tried-

Ross: Eddy, please don't waste time with small talk. I know you didn't come here just to discuss that.

Nico: Actually no.

Nico swiped a keycard and opened his cell.

Nico: Your parole application has been accepted. We're giving you a shot at redemption.

Ross: Really? Wow!

Betty Ross: Oh daddy!

She and Ross hugged.

Ross: I'm so happy to see you sweetie.

Betty Ross: Me too daddy.

Nico: It's time for us to give you a shot at redemption. We're going to the Yost Dimension to take down an insane Red Hulk version of you and we're going to put him in this cell here.

Ross: That is a good call.

Me: It was my idea sir.

Ross: Good call.

Nico: Yep. Guard keep this cell warm. Yost Ross is coming in.

Guard: You got it boss.

Nico: All right lets get Ross his clothes and then head out.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was none other our old enemy, Imhotep, the traitorous ancient Egyptian High Priest who murdered Pharaoh Seti I over 5,000 years ago and using dark magic from The Black Book of The Dead to bring Anck-Su-Namun back from the dead, and he's come back from the dead to get revenge on us for destroying him years ago. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You're right, Nico, and we're not going to like it one bit: the dark energy I sensed belongs to our old enemy, Imhotep, the traitorous ancient Egyptian High Priest who murdered Pharaoh Seti I over 5,000 years ago and using dark magic from The Black Book of The Dead to bring Anck-Su-Namun back from the dead, and he's come back from the dead to get revenge on us for destroying him years ago.

We gasped in pure shock.

Me: Imhotep's back?! Oh man, but he doesn't have his powers that were given to him by The Hom Dai. Lincoln, how did Imhotep come back from the dead?

Lincoln: A Dark Orb.

Nico: Of all the villains that had to come back, Imhotep refuses to stay dead and gone for good. But, like J.D. said, Imhotep doesn't have his powers that were given to him by The Hom Dai, but this time, we're giving him The Black Gates.

Princess Celestia: Yes, and after everything you told us about him, J.D., a monster like Imhotep doesn't deserve to live at all.

Lincoln: And do you mind if I also help out, Princess Celestia. I've got a spell I've invented to send Imhotep to The Black Gates once and for all.

Me: Really? Now, this I really got to see.

Nico: Same here, and it'll get rid of that traitorous priest, Imhotep, once and for all, and the murder of Pharaoh Seti I once and for all. Alright, gang, let's go, time to meet the Yost Avengers and help them with one of their big enemies.

Lincoln: Alright, and before we head on over, there's something that I need to take care of. I think it's time to reduce General Ross' sentence.

Lincoln left for The Neptune Prison for Traitors, and he went to General Ross' cell.

General Ross: Lincoln, what brings you here?

Lincoln: General, you've served enough time here in prison for what happened long ago. Now, it's time to reduce your sentence, and have you join The Redemption Squad.

General Ross: Yes, and I'm sure Betty will be happy to see me, along with Bruce.

Lincoln let General Ross out of his cell, and they came back to The World Tree Estate.

Nico: General Ross, glad you could come.

General Ross: Of course, Nico, and Lincoln told me today is Princess Celestia's special mission in the Yost Avengers world.

Nico: That's right, General, and are you ready for what Lincoln's going to do?

General Ross: I am, Nico. (To Lincoln) Alright, Lincoln, I'm ready.

Lincoln: Alright, General. Hold still, this is going to hurt.

Lincoln snapped his fingers, and suddenly, General Ross felt what was happening to him, as his skin turned red and he then grew to 7'5" in height and his upper and lower body muscles grew and his prison uniform top exploded off, and he now had abnormally massive and powerful upper and lower body muscles and eight-pack abs, large camo pants, and large black combat boots. General Ross was now Red Hulk once again, but he now had control of it.

Lincoln: How do you feel, General?

Red Hulk: Like I got hit with a bulldozer, but otherwise, I'm alright.

Then, Betty hugged her dad, and he returned the hug, and they were finally reunited.

Red She-Hulk: I'm glad that Lincoln not only got you out of prison, but now, he gave you the ability to transform into Red Hulk.

Red Hulk: He sure did, and I'm so glad to see you again, sweetie.

Nico: Welcome aboard, General Ross. Alright, gang, let's go, time to meet the Yost Avengers and help them with one of their big enemies.

Lincoln: And you'd better say your prayers later on, Imhotep. Because this time, we'll make sure that you never rise again, you blasphemous traitor of Egypt.

We were off to the Yost World.

---

## YOST WORLD

---

We arrived and we saw the Yost Avengers facing the Yost Wrecking Crew!

Boomer: There they are. And they're fighting the Yost Wrecking Crew.

Brick: I'll handle Piledriver. Boomer, you can have Bulldozer.

Butch: Thunderball's mine!

Me: And me and Nico will handle Wrecker!

Nico: Lets get them!

We flew at them.

Yost Captain America: You will get your face bashed in Wrecker!

Yost Wrecker: We'll see!

Then…

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above them and then a phoenix cry was heard and Yost Captain America smirked and then I swooped in and punched Yost Wrecker in the face and the Rowdyruff Boys kicked and smashed the rest of the Yost Wrecking Crew into pulp.

Me: This a private party or can anyone join?

Yost Captain America: Awesome to see you all here!

Me: No problem Steve. Just glad we came to join the party.

Nico: And we're facing your versions of the Wrecking Crew.

Ground Man: Hulk! Catch! (tosses Yost Hulk a Ridewatch of the Dark Turtles)

Yost Hulk: Huh. Wonder what this is gonna do.

Nico: You'll love it.

He activated it and he got a turtle shell and weapons for the Dark Turtles!

Nico: COOL!

Me: Yeah!

Yost Hulk: Wow! Hulk like this!

Me: It's the powers of the Dark Turtles.

Nico: Yeah!

Yost Hulk smashed the Yost Wrecking Crew all over and smashed them to pulp and then we tied them up.

Nico: YEAH!

Me: You guys will make awesome members of the Masters of Evil.

Yost Wrecker: Tell Zemo we're not interesting.

Me: It's not Zemo's group. It's Vypra's group. She is a much better boss than that lowlife Zemo.

Eli: Yeah.

Yost Iron Man saw Crimson Dynamo.

Yost Iron Man: Dynamo? Is that you?

Crimson Dynamo: No Tony, I'm not the one from this universe.

Akira Akatsuki: He's the one from our universe.

Me: Long story there. But it's awesome to see you guys.

Yost Wasp: Same to you J.D.

Me: Looking good Janet.

Nico: We owe you guys big time for helping us during the mission with the Kiramagers.

Yost Captain America: No problem Nico.

Captain America: (to Yost Cap) Wingstips on the head of the costume? Really?

Yost Captain America: It's not the costume. It's what you do while wearing it.

Me: That's true. How has the Spiderman of this universe been doing?

Yost Iron Man: He's doing much better.

Me: I hope our pep talks have been helping him out since Hay Lin's Ambassador Missions.

Yost Iron Man: We talk to him every now and then. But he is doing good.

Me: Awesome.

Hawkeye: (to Yost Hawkeye) You look like Cupid wearing that.

Yost Hawkeye: Say what you want. But I think this makes me cool.

Nico: That's funny Clint. But in this universe costumes are different. By the way have you guys talked things over with your version of Black Widow?

Me: That's what we would like to know too.

Thor: (to Yost Thor) Nice helmet.

Yost Thor: Thank you. You do not have yours?

Thor: No I don't wear one.

Eli: But I think both you guys are awesome.

Thor: Thank thee Eli.

Yost Hawkeye: Our version of Black Widow is still out there.

Me: We'll find her Clint. It's hard to imagine that HYDRA would brainwash her like that. But in our universe HYDRA doesn't exist anymore. We gave them all the Black Gates.

Nico: Good riddance. They caused more than enough problems for all of us.

Yost Iron Man: (to Iron Man) You been having genius talks with the Reed from my world? I actually missed said talks.

Iron Man: I sure have.

Me: Those were awesome talks.

Lisa Loud: Even I most enjoy them myself.

Nico: So do I.

Lila Rosenburg: Wow it's like they are talking to themselves in the mirror.

Qin: I know and that is so awesome. Every time we come here it's like they are talking to themselves.

Lila Rosenburg: It sure feels like it.

Yost Hulk: (to Hulk) You and Banner are ok now?

Hulk: Puny Banner not bad overtime.

Yost Hulk: Same with me and my Banner. Although we still have some things to work out. Oh, and you can have your Ridewatch back.

Hulk: Thanks Other Hulk.

He gave it back to our Hulk.

Me: You know it's a darn shame that some of the heroes we know are not part of this universe.

Dr. Strange: Like me for example.

Nico: Yeah.

Yost Wasp: Our Black Widow isn't part of the team officially. Sometimes, she helps us. Sometimes, she works with Fury.

Nico: That's a relief.

Me: I was afraid we were going to have to fight her because of her previous affiliations with HYDRA.

Yost Wasp: Yeah. But we heard that you guys all destroyed Apocalypse and got everyone to stop hating mutants in our world. Is that true?

Me: Every single word of it.

Nico: Yep. Now mutants and everyone are living together in peace and harmony.

Eli: It's true.

Mummy: How about we see your base?

Yost Captain America: Sure.

We went to the Avengers Mansion.

We arrived at the awesome Avengers Mansion.

Yost Captain Avengers: Welcome to our Avengers Mansion.

Starfire: It's so amazing.

Hotlink: This really is your Home Sweet Home.

Yost Hawkeye: Sure is. If you forget about it being broken into by bad guys every so often.

Yost Black Panther: Just be glad the two of us were not captured by our Zemo the first time his Masters of Evil attacked.

Yost Yellowjacket: Don't forget me.

Me: Well I have a feeling that we'll be facing your worlds version of Zemo too. He is going to be wanting some payback on our M.O.E. for turning his version into a laughingstock I'll bet.

Nico: I have that same feeling.

Me: Yeah. (Sees something) Like this for instance!

I fired an energy beam and it hit something and a figure fell to the floor from the ceiling and it was a HYDRA Member and he had a big hole in his chest and he died instantly.

Me: Looks like Zemo's men are still running around.

Captain Boomerang: (Australian Accent) How are things with the Skrulls?

Yost Wasp: We got them all rounded up and destroyed thanks to J.D.

Me: Glad to know that my marker spell really paid off and helped you guys out.

Nico: It sure did.

Twilight Sparkle: That was really genius.

Sunset Shimmer: It sure was.

Yost Hulk: I've been having lots of fun smashing Skrulls.

Overbite: Considering that the Skrull who impersonated Captain America got you locked up by Hulkbusters and therefore, made you unable to help fend off that invasion, I don't blame you.

Nico: Me neither. But at least all the Skrulls are gone.

Me: Thank goodness for that too.

Eli: Yeah.

Rarity: I agree there darlings.

Princess Celestia: But at least we arrived here to help you all out.

Yost Captain America: I agree.

Yost Hawkeye: Did any Skrulls try the same shit on you guys?

Wolf: Of course not. And they wouldn't be able to thanks to J.D. and Eli's powers.

Me: Even if they did try to impersonate me they wouldn't be able to copy my powers because they can't be replicated.

Eli: Same with me.

Yost Hawkeye: Wow.

Me: It's some kind of special cosmic defense mechanism that came with my powers.

Nico: That's neat. But true.

Tsuyu: That is really cool.

Lola: Yeah it sure is.

Poromon got out 3 beer bottles.

Yost Cap: What are those?

Poromon: Three bottles of beer!

Overbite: I think Tony likes to drink occasionally. I don't know about the rest.

Yost Iron Man: I sure do but I'll gladly have one.

Poromon: Yay!

Yost Wasp: A Digimon that likes to drink beer?

Me: Don't ask.

Applejack: Yeah it's crazy.

Nico: We've had some crazy stuff happen with the Mascots and many of us.

Laney: It's silly.

Sportsmaster: Do the rest of you want the other 2 beers?

They shook their heads for no.

Nico: Whew.

Me: But we should also explain why we are here.

Nico: We came to help you guys take down your worlds version of Red Hulk.

Eli: Yeah.

Yost Hulk: I already told you guys that he and Zemo aren't in their cells.

Sea Clamp: Good. So you already knew that Red Hulk would turn up.

Me: Good. It'll make hunting them down easier. Also I have an awesome way to get your world's version of Ross really pissed off.

I went over and opened a window.

Me: (Takes a Deep Breath) HEY ROSS! YOUR FUCKING MOTHER IS A FUCKING SHITSTAIN! (ECHOING)

Yost Ross roared in incredible rage.

I smirked.

We laughed at what I did.

Nico: (Laughs) That was funny!

Crimson Dynamo: What this world's Ross tried to do in making Hulk go on an uncontrollable rampage and then try to join you guys to make himself look like a hero makes him no different from Albedo's former teammates.

Ty Lee: You guys should know who we're talking about.

Nico: Yeah. We're talking about Team Buktu.

Me: That bunch of fakers deserves to be destroyed.

Lola: Yep.

Ravage: You guys also helped fight me and Onslaught's Live Action counterparts.

Nico: We sure did.

Yost Captain America: Yeah. Also we heard you guys lost a bunch of people you know.

Me: Yeah. That was awful. But we didn't lose a fourth member thank goodness.

Nico: Yeah. Long story on that.

Yost Captain America: We've contacted our world's Iron Fist, War Machine, Quake, Falcon, Luke Cage, Black Widow, Scott Lang, Bucky, and Doc Samson about Red Hulk making a move today.

Diabolico: What about Spiderman, Mockingbird, the Guardians of the Galaxy, and the Asgardians?

Vision: Mockingbird is with our version of SHIELD in case things escalate.

Yost Ms. Marvel: The Guardians of the Galaxy are busy cleaning up the remnants of the Skrulls still in space.

Me: That's good that Peter and the Guardians are helping out.

Yost Thor: My people still need to protect Asgard in case it comes under attack.

Nico: Okay.

Yost Hawkeye: And Spiderman? I tried calling him. But I had to hang up when his aunt picked up instead.

Me: Oops. You want me and Hay Lin to go try and find him?

Nico: I have a feeling he'll come to us later on.

Me: Okay then.

Yost Hulk: Still can't believe that Harry kid cursed everyone out at Midtown High. I might be green but I'm not an ogre like Shrek!

Molly Hale: Of course you're not.

Nico: No you aren't. You know Hulk you may be bad tempered but you are a pretty cool cat.

NICO JUST SAID THAT!

Nico: (To the viewers) Take it home with you!

Deker: Those who you guys DID contact are in for a special treat.

Maria: And there are more Ridewatches where that came from.

Me: Yep. I tested out mine for Lord Drakkon and I got really cool armor.

Nico: You'll see many more of them later on.

Me: Yep.

Lola: It's going to be awesome to see.

Nico: Yeah. Anyway how would you all like to see a demonstration of our powers with the usual battles that we have?

Yost Iron Man: We would be honored to watch.

Me: Cool.

Vypra then appeared.

Vypra: I'm not part of the usual battles today. I'm here because Zemo's probably gonna be wanting to fight me.

Me: I have a feeling he is gonna come after you for revenge Vypra.

Luan: But we're not going to let that happen. He can do that over my dead body!

Nico: Yeah!

Me: And we're going to make sure he pays for it. In blood. Steve, you guys may not approve of killing villains. But there is a rule that we follow. We only go after those that are complete scumbags and are irredeemable. Those are the kinds of people that deserve to die the most horrible punishments we can give them.

Yost Captain America: You're right. I understand.

Yost Hawkeye: You know we helped you guys off our Annihilus, right? Pretty much too late to keep following that no kill rule now.

Me: I know. I just wanted to remind you of that. Sorry.

Yost Hawkeye: Oh no worries.

Nico: Good.

Me: Anyway lets head to your simulator and show you our power.

Yost Iron Man: You got it.

Yost Hulk: What do you think I did to many of the Skrulls after that spell was cast?

Nico: We get the idea.

Lola: Yeah.

We went to their Simulator. And then Evil Lyn, DC Enchantress, Pied Piper, Jack O Lanter, Biowulf, Whiplash, Aqueduct, U Foes, Madame Masque, and Pterodactyl Ghost appeared.

Nico: Evil Lyn, DC Enchantress, Pied Piper, Jack O Lantern, Biowulf, Whiplash, Aqueduct, U Foes, Madame Masque, and Pterodactyl Ghost.

Pterodactyl Ghost: Glad to see you all here.

Nico: Yep.

The reserve Avengers came too.

Evil Lyn: For the reserve Avengers who could make it, thanks for coming.

Yost Doc Samson: It's only fair that I show up as well. I made the mistake of not doing something about Ross right after I became what you see me as now.

DC Enchantress: Well, at least you get to help take him down now.

Yost Wolverine: Good thing me, my team, and the Fantastic Four came with J.D. and the rest right away.

Pied Piper: Yep. There was no need for you guys to be contacted.

Me: That's for sure.

Jack O Lantern: (to Nico) Heard you found some treasure.

Nico: Yep.

Biowulf: Was it those Ridebooks?

Me: That and we found the Scythe of Surya, a Sword of Candrakar and all the Ride Books of all the Non-Core M.O.E. Members.

Nico: It was awesome.

Varie: Boy it sure was.

Mean Screen then appeared.

Nico: You sure are a glutton for punishment Mean Screen.

Mean Screen: I sure am.

Me: Nice.

Mean Screen: Luan, when Zemo's dead, you should put the symbol of the American Flag on his corpse.

Luan: Not a bad idea. It'll Flag him of our Victory! (Laughs) Get it?

We laughed at her joke!

Me: (LAUGHS) That was a good one!

Lola: Yeah!

Vypra: We also have 2 archenemies here. One for Yost Captain America and the other for Yin.

2 figures came out and they were THE FIRE COUNT and Taotie!

---

Fire Count

The Fire Count is an antagonist who appears in "His Hero". He wears a crown which suggests that he may have been the previous ruler of the Fire Kingdom. He is made out of fire and has nothing else inside of him but his facial expressions. He can be considered a "representation" of Ice King in the sense that Billy is Ooo's old equivalent of Finn. Considering that he is a count and thus royalty, it is likely that he is related to Flame King and Flame Princess in some way. In his appearance, Billy fought him and rescued the Cotton Candy Princess. He was bisected by Billy, so it is specifically doubtful that he will appear again any time soon (aside from flashbacks).

Taotie

**Taotie** is one of the main antagonists in the DreamWorks/ Nickelodeon TV series *Kung Fu Panda: Legends of Awesomeness* . He is a very greedy, arrogant, villainous, manipulative, and deceitful warthog who is incredibly skilled in mechanics, having helped build the Training Hall when he was a student. He is Shifu's old friend who turns down kung fu in favor of machines after he was dismissed from the Jade Palace. He makes his first appearance in the episode " *Sticky Situation* ", where he was tasked by Po to fix the Training Hall. He frequently continues to appear in the series with new inventions to fight against Po, Shifu, and the Furious Five. He also has a teenage son named Bian Zao. He is Shifu's archnemesis.

He was voiced by Wallace Shawn, who also played Vizzini in *The Princess Bride*, and Dr. Elliot Coleye in *My Favorite Martian* .

Earlier years

It is known that Taotie was once Master Shifu's friend and a student at the Jade Palace in his younger days. However, unlike Shifu, Taotie was not a good fighter and had a hard time trying to learn kung fu. To help him improve, he and Shifu constructed the Training Hall, making use of Taotie's skill in mechanics. But while the Training Hall was impressive, Taotie's kung fu skills were still not, and he remained a poor, clumsy, inadequate student.

Jealous of Shifu's growing abilities, Taotie decided he would use his mechanical mind to compensate for his failures in kung fu. Taking the sacred Jade Orb of Infinite Power, he made a giant weapon in the shape of a wooden warrior, fueled by the Orb, devised to make up for all of his weaknesses. He was proud of his creation, but Oogway and Shifu were instead appalled by it. They told him that his machines sullied the purity of kung fu. They took back the Orb and presumably destroyed Taotie's creation, and he was dismissed from the Jade Palace. Taotie (abandoning kung fu) feels extremely resentful and dissatisfied of it and of Shifu, and wanting to prove himself superior to both.

In *Kung Fu Panda: Legends of Awesomeness Sticky Situation*

After Po broke the equipment in the Training Hall with sticky dumplings by mistake, he calls on Taotie after seeing the warthog's mark in the Hall along with Shifu's. Visiting his home, Po meets Taotie as well as his unenthusiastic teenage son named Bian Zao, and (after being confronted with a spinning metallic contraption) told him that Shifu had asked for his help. Suspiciously, Taotie agrees to come and repair the Training Hall, his son accompanying him. Po then sneaks him and Bian Zao inside the Hall, avoiding Shifu and the Furious Five, and Po secured the entrance, not wanting anyone to see it was wrecked. Meanwhile, Taotie was left to realize his long-awaited vengeance.

He eventually emerged, and once again wielded another giant mechanical warrior, made from equipment in the Training Hall, with Bian Zao beside him at the controls. Taotie announces that Po had led him inside, and Shifu, alarmed to see Taotie, angrily revealed to Po that Taotie was no longer his friend but an enemy. He and the Furious Five seek to fight Taotie's invention, and declared that Po would not fight with them. Taotie's many dangerous functions proved a challenge for the kung fu warriors' attacks, and everything was eventually stopped. Shifu was also overtaken, and Taotie gloats to him that machines were more powerful than kung fu, and aimed to finish him off.

Po soon arrives armed with a bowl of sticky dumplings, surprising both Taotie and Shifu. He is able to hold off the machine and use the dumplings to glue its parts together, which resulted in it breaking down. With his invention destroyed, Taotie unleashes his spinning metallic contraption like an umbrella, takes his son, and flies off in an effort to escape, still wanting revenge. After the contraption stopped working in midair, he and Bian Zao crashes not far from the Training Hall and flees.

*Fluttering Finger Mindslip*

The two are seen back at their home with Taotie as determined as ever to get revenge on Shifu. A messenger arrived and handed him a bill from the Palace, which infuriated Taotie. He and Bian Zao later flew to the Jade Palace in his bird-like flying machine to confront the kung fu warriors about the bill, only to discover the Furious Five standing before him with no memory of who they were, or who Taotie was.

Taotie uses this to serve his purposes, telling them he was their kung fu master and that Shifu and Po were their sworn enemies. Though he is able to deceive them long enough to have them attack Shifu and Po, they eventually have their memories restored when

Po uses the clay from the Alabaster Pot of Remembrance on them during the battle. Cornered by Po and the others and unarmed, Taotie flees again from the scene with Bian Zao, and they escaped in Taotie's flying bird-like machine.

*The Kung Fu Ki*

Taotie reappears as a cameo in Po's nightmare. Here, he tried to defeat the Furious Five with Scorpion, Hundun, and Fung; they were defeated by Peng instead by Po.

*Big Bro Po*

Taotie's latest attempt to take over the palace using his Iron Claws of Doom ended in disaster due to Bian Zao neglecting to lubricate the invention. He was swiftly defeated and sent to Chorh-Gom Prison and because of this, Po was left to look after Bian Zao. When Bian Zao came to visit him in prison, Taotie persuades him to smuggle parts of his invention inside the cakes he brought to him, and his son complied when Taotie promised to spend some quality time that didn't involve trying to destroy Shifu and his students. Bian Zao smuggled in every piece, but during his time at the palace he developed a friendship with Po, and became so reluctant to smuggle the last piece that would complete the Iron Claws. Out of kindness, Po unwittingly gives Taotie the cake himself.

With his machine reassembled and greatly improved, Taotie breaks out of prison and attacked the kung fu warriors once again, this time nearly succeeding. He was only defeated when Bian Zao (unwilling to betray either Po or his father) took a third option and secretly pulled out the lubrication hose, immobilizing the Iron Claws and forcing him and his father to once again make a swift getaway, much to Taotie's disappointment.

*The Most Dangerous Po*

Taotie is among the villains that were hunted by General Tsin and subjected to stiffening Zu Chao Powder. He is later rescued by Po, but escapes upon being repelled by Po.

*Bosom Enemies*

Taotie is seen using a knife stand machine to attack Po which ends up failed. Taotie ends up in a nervous breakdown following his defeat and Po accidentally ripping off his pants. Bian Zao later turns to Po to get Taotie back to normal. Taotie ends up seeing the light and Po plans to make Taotie a good guy by having him make crime-fighting gadgets while having some special nunchucks made for Po. When the Furious Five arrive, Taotie ends up showing off the special nunchucks as Po states that Taotie has changed. Taotie commented that his old friend Goatie, his parents (including the uncle that never like), and the Cart Wash Manager turned against him. When the Furious Five leave vowing to come after Taotie if he hasn't changed, Po states to Taotie that he can have Taotie make weapons for the Furious Five with Po secretly taking quantitative measurements of the Furious Fiver. Po comments that Taotie can make the best crime-fighting assistant to the Furious Five. After Po leaves upon handing him the measurements of the Furious Five for the weapons needed to fit the Furious Five's talents, Taotie ends up snapping out of his good side as the measurements to make a machine. The next day, Taotie attacks Po and the Furious Five with the Adapto-Bot (which can copy the movies of Po, Master Tigress's claws, Master Monkey's tail, Master Mantis's pointed claws, Master Crane's flight, and Master Viper's constructions) stating that Taotie plays assistant to nobody. Taotie's Adapto-Bot receives a magnifying glass from Po through Bian-Zao and ends up using it to distract the Adapto-Bot while Po uses his nunchucks to throw the Adapto-Bot off balance and then destroys it. Po thanks Taotie for helping him out as he quotes "What are friends for?". Yet Taotie and Bian Zao end up remanded to Chorh-Gom Prison as Taotie works on the designs of his next invention to use on Po.

### *The Maltese Mantis*

Taotie and Bian Zao were attending the Festival of Figurines where they are unpacking the figurines of Taotie's inventions. Though Bian Zao was very doubtful, uncertain, and suspicious that people would buy figurines of his father, Taotie was extremely imperturbable and confident that he would make a fortune once the fans saw the power of his figurines (demonstrated when one of them punched a hole through the table). Bian Zao eventually asks his father for some money, so he could go and buy something that wasn't "lame". Bian

Zao eventually discovers Mantis (who was accidentally paralyzed by Po using the Paralyzing Touch Point) and becomes intrigued when he spotted the eyes of the "figure" moving (the only part of Mantis's body that wasn't paralyzed). Po and Master Shifu learn from Bian Zao about where they can find Taotie. Po and Master Shifu aggressively confront Taotie, who refused to give Mantis up, especially after Po unwisely revealed that Mantis would become permanently paralyzed in a matter of minutes. Taotie then attempts to make a break for it only for the destructive skirmish between him, Po, and Master Shifu to make it onto the nearest stage. With help from the festival attendees, Po and Master Shifu cornered Taotie, who ended up being beaten up by the attendees while Bian Zao gives Master Mantis back to Po and Master Shifu. While Master Shifu undoes the paralysis on Master Mantis, Bian Zao carried his beaten-up father away.

---

Finn: The Fire Count!

Po: And Taotie!

Taotie: Been a long time Dragon Warrior!

Me: Master Shifu wasn't he your old friend turned into a dangerous criminal?

Master Shifu: That is right J.D.

Me: Wow.

Fire Count: And it's an honor to meet the famous Team Loud Phoenix Storm.

Me: You too Fire Count and you look like a fire version of the Ice King.

Fire Count: I get that a lot.

Nico: Nice.

We got the usual battles underway.

## Optimus Prime, Twilight Sparkle, Starshine Sparkle, Magic Skylanders, Emerald Sustrai, Lincoln, Aria Blaze, and Juniper Montage VS Evil-Lyn - Nico's rescue

---

Evil-Lyn was first.

Evil Lyn: (to Optimus) Nico found another treasure on his rescue. How powerful is it?

Optimus Prime: It's extremely powerful. The Scythe of Surya has all the power of the sun in it as well as the powers of life in its entirety.

Twilight Sparkle: It sure does. Kida Neurenburg the Multiviola Gene-Slammer got it and she looks amazing with both the Sword of Candrakar and the Scythe of Surya.

Starshine Sparkle: She sure does and that was such an awesome treasure hunt.

Spyro: Everyone had a lot of fun on that one.

Emerald Sustrai: They sure did.

Lincoln: Yeah it was really fun.

Aria Blaze: It sure was awesome.

Green Arrow: Her name is Rosa Laurence and she has the power to turn into all seven Alchemy Beasts all at once or individually and has their powers.

Rainbow Dash: Boy she sure does and that is really awesome.

Scootaloo: But we found out something horrible about what Lynn did.

---

Rosa Laurence: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Rosa, and now, I can also defend

myself, and in addition to getting stronger, I've also gotten smarter as well.

Rosa Laurence: That's incredible.

Nico: It sure is. So, Rosa, what's this horrible revelation about Lynn that nearly got her sent to the nuthouse forever?

Rosa Laurence: You're not going to like it one bit, Nico. I was walking through Franklin Avenue one day, but then, I heard the sound of screaming coming from The Loud House, along with the sounds of smashing inside the house itself, and I found out there's only one person who could've made that scream: Lincoln, and he was in trouble. I went inside and I found Lincoln, but he was being beaten all over the place by Lynn, but her eyes were red with hatred and insanity and she was foaming at the mouth like a rabid dog. I wasn't going to let Lynn just beat Lincoln up like that, so I pushed her off of him, and she just went at me like crazy, and I had to fight her off and after I knocked her out, I tied her up with nylon rope. Then, I went over to Lincoln, and he was really banged up: a black eye, he had some missing baby teeth, and that's not the worst part: when I lifted up his shirt, he had tons of knuckle marks and bruises all over his body and bite marks on his arms. Lincoln told me that Lynn got mad at him because he said that he didn't want to help her with her sparring anymore and that he was done with being her punching bag, and that's what led to her going crazy. I knew Lynn was a little crazy and she treated Lincoln like a punching bag, but what she just did, I was absolutely furious at Lynn, and so were the rest of the family after they came out of hiding. They were already thinking of throwing her in a nuthouse forever for what she did, but Lincoln and I decided against it, instead, Lynn was grounded for eight months and she was off her sports teams during that time. I then had to get Lincoln to the hospital to get his injuries taken care of, and he broke down and cried as he held on to me, and seeing that look of despair on his face, I also held on to him, but not too tightly since he still had wounds on him.

We were not only shocked, but we also had tears coming down from our eyes.

Me: My God.

Nico: Damn, getting punched and beaten like that was bad enough, but getting bite marks on your arms, now that really did it. Linc, I can't believe you went through that, because you said you weren't going to be treated as Lynn's punching bag anymore.

Lincoln: Lynn hated it when she doesn't get her way, but for her to resort to that, I was so mad at her, I didn't speak to her during her punishment.

Rosa Laurence: And Lincoln's wounds healed up over time, and he did forgive Lynn, and Lynn wanted to earn Lincoln's forgiveness.

Lincoln: That's right, and then over time, I did eventually talk to Lynn, and she also began to talk to me again. But, this is more reason for me to get rid of Dark Lynn once and for all.

Me: You got that right.

FLASHBACK ENDS

Jack O Lantern: My goodness! Dark Lynn is a monster! She needs to be destroyed for good.

Whirlwind: I agree there totally.

Black Widow: Same here. She is an absolute nightmare no one should ever see again.

Yost Zemo: The good general asked me to slow you and your friends down. It's something I glad accepted.

Vypra: You seriously can't accept that I'm the leader of the Masters of Evil, huh?

Yost Zemo: The Masters of Evil used to be a a powerful fighting force against the Avengers and other foolish heroes. Now, thanks to you, it's become a laughingstock. I will not stand for it any longer!

Homer: Laughingstock. I think it's a respectingstock.

Me: That's a good way to put it Homer.

Yost Cap: Leave Vypra out of this, Zemo. Your feud's with me.

Yost Zemo: Oh, do not worry, Captain. After I kill her, you'll be next.

Me: Like hell you will!

Just then, a web hit Yost Zemo in the eyes.

SPLAT!

Then out came Yost Spiderman!

Me: Hey Peter we were just talking about you!

We went to face Yost Red Hulk.

As we were walking to the park, The King of Flan came.

Maria: Thanks for coming, King of Flan.

King of Flan: (Spanish Accent) Anytime amigos. I may not be one of the core 310 but it's great to help you all out.

Nico: We are going to need all the help we can get to face Yost Red Hulk.

We pressed on.

In the park Yost Red Hulk was waiting with intense fire burning around him and on him.

King of Flan appeared.

King of Flan: Hello, general. Care for some Flan?

Yost Ross: I never asked for any. Now, where's the Hulk?

King of Flan: (sneers) Closer than you think. And there's more then one!

Yost Ross: What do you mean?

Suddenly the spirits of the Fire Defenders of the Sky appeared and they swirled around him and then fired blasts of fire and burned around him in fiery explosions. Then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and fireballs rained down and burned him all over the place and then a phoenix cry was heard and we came out.

Nico: General Thunderbolt Ross A.K.A. Red Hulk.

Yost Ross: Who are you?

Nico: Your worst nightmare!

But then his skin turned red and he grew huge and muscular and then his clothes ripped and his hair turned black and his eyes glowed red and then he turned into RED HULK! HE ROARED AS HE HAD A MASSIVELY INTENSE AURA OF FIRE AROUND HIM!

Yost Hulk: You will pay for your crimes!

Red Hulk: Still think you punks stand a chance now?

Yost Hulk: (smirks) We gonna talk or are we gonna smash?

Red Hulk answered the question by charging at Yost Hulk and Edzilla

Yost Hulk and Edzilla: HULK/ED SMASH!

KRASMASH!

Edzilla knocked Red Hulk into a building with his tail. This was followed by Yost Hulk hitting Red Hulk with a couple of cars.

SMASH SMASH SMASH!

I teleported and grabbed and lifted Yost Red Hulk and threw him a Tara formed a huge mountain and Yost Red Hulk smashed into it!

Nico: You are REALLY pathetic!

Yost Red Hulk ROARED IN FURY AND A MASSIVE EXPLOSION OF FIRE BLASTED OUT AROUND HIM AND THEN WE ABSORBED ALL HIS FIRE!

Red Hulk: Don't think you've won just yet. Kudabots!

An army of Kudabots appeared.

Nico: Kudabots!

Me: Just what we predicted!

Laney: Yep.

I fired waves of fire and blasted them into nothing.

Nico fired energy blasts and blasted them all over the place.

Hulk smashed some all over.

Then the Kudabots jumped the Yost Avengers!

The Yost Avengers lay defeated at the hands of the Kudabots.

Red Hulk: (chuckles evilly) Killing Banner right now would be too easy. Instead, I'll go with killing Captain America first. That'll really show the world that the Avengers are finished.

Edzilla: (punches Kudabot) ED HELP AVENGERS!

Eddy: We ALL want to help them, Lumpy. But what can we do?

I punched Yost Red Hulk in the face!

Me: You will pay for your crimes fire face!

I went Super Angel Infinity Xelnaga!

Me: (Divine Echoing Elemental Voice of Hope and Love) You will feel the power of love and hope.

Celestia then got an idea.

Celestia: (to everyone watching) Everyone in both worlds! Lend the Avengers your strength! They get stronger with your support! When I go "1, 2", shout "Avengeers Assemble"! Okay? 1, 2…

All: AVENGERS ASSEMBLE!

Celestia: One more time! 1, 2…

All: AVENGERS ASSEMBLE!

Celestia: Louder! 1,2…

All: AVENGERS ASSEMBLE!

Jamesdean5842: AVENGERS ASSEMBLE!

At these words, Yost Cap found the strength to get up.

Yost Captain America: They're right. We can't give up! We won't give up! And we'll never give up!

Yost Captain America threw his shield at a Kudabot, knocking it down.

Nico: YEAH!

Yost Captain America: Thank you for your help, everyone.

Yost Wasp: This is just like after we defeated Galactus.

Yost Iron Man: Except no real world threatening crisis this time.

Yost Hulk: I'm not complaining. As long as I get to smash stuff.

Yost Hawkeye: You and me both, big guy.

Yost Thor: Prepare yourselves, everyone. For our greatest battle yet!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Princess Celestia: I've had it up to hear with you for the last time, Yost Red Hulk.

Suddenly, something within Princess Celestia's mind snapped as her purple eyes turned neon purple and she was surrounded by a white energy aura with Alicorns, suns, light, and magic, she unholsters her Sword of The Sun, and as she approached Yost Ross, she left behind white energy, Alicorns, suns, sunlight, and magic with every step.

Princess Celestia: You really disgust me, Yost Red Hulk, the Avengers of this world have accomplished many great things and they've defended this world from all sorts of evil that lurk here. (Getting Very Angry) But, you… you never cared about their deeds and what they've done to defend this world from the evil that lurks here, you were only driven by your personal hatred for the Yost Hulk… , (Canterlot Royal Voice) AND THOU HAST CROSSED ONE LINE TOO MANY, AND FOR YOUR CRIMES, I SHALL SEE TO IT THAT YOU ARE PUNISHED SEVERELY FOR YOUR CRIMES!

We gasped in pure shock.

Nico: Whoa, she even used the Canterlot Royal Voice for this one. Oh, now we know it's serious.

Lincoln: And Yost Red Hulk is about to feel the fury of The

Equestrian Sun of Benevolence. HIT THE DECK!

We then took cover, and Princess Celestia screamed like a madwoman and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of fire and energy blasted out and she was surrounded by a massive vortex of white energy with suns, light, and magic surrounding it, there's an Alicorn flying around the vortex, and the Sun was shining down, and in the vortex is a purple phoenix. Then, as the vortex faded, Princess Celestia emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Princess Celestia grew to 6'5" in height, she has the body of a goddess, she has purple highlights in the bangs of her long flowing aurora-colored hair with stars in it, she has neon purple eyes and a white energy aura with suns, light, Alicorns, and magic surrounding her, Princess Celestia has an Alicorn with the Sun on its horn emblazoned on her forehead, she has on Alicorn earrings with white gems for eyes and the Sun Kanji in its hooves on her ears, her Amulet of The Light Skylanders had an Alicorn pendant with the Light Kanji in its hooves, her golden Amulet of Light has purple gems on the gold suns and aurora-colored crystals embedded in it because her Crystal Necklace of the Buddha merged with it, and the Alicorn pendant was holding the Sun Kanji. Suddenly, Princess Celestia felt a sharp pain on her back, and then, massive midnight white angel wings with purple tips on the large white feathers, sprouted out from her back, with light falling from the tips. Princess Celestia has on her Ring of the Phoenix with large purple gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire Corps ring on her left ring finger, and she has her cutie mark on her right shoulder. Suddenly, Princess Celestia's massive Sword of the Knights of The

Princess Celestia has transformed into SUPER ANGEL-ALICORN INFINITY SOLAR LIGHT ALICORN ANGEL OF SOLAR JUSTICE AND EQUESTRIAN LOVE!

We were truly amazed by Princess Celestia's Super Angel-Alicorn Infinity transformation, but when Yost Ross saw it, he fell into a rage and he tried to kill her by pummeling her, but Princess Celestia dodged it, and she fired a powerful white energy blast with Suns, magic, light, and Alicorns, and it hit him and he hit back first into a wall.

Me: WHOA! Princess Celestia you look incredible!

Nico: Imhotep, I should've known you'd one day return from the dead. But, this time, we're going to see to it that you never rise from the dead ever again.

Me: And you will pay for your crimes in Oblivion, traitor.

Me: You always did know how to show evil everywhere you go my high priest

Camie: Your High Priest? What do you mean?

Me: Oh I forgot to mention this to some of you. I am also the reincarnation of Pharaoh Seti I. He lived over 3,000 years ago and was one of the most amazing Pharaohs of Egypt..

Nico: It's true. It was an amazing revelation to find out but it was really cool.

Camie: Wow!

Lincoln: It's how he knows so much about ancient Egypt and how he knows a lot about its history.

Camie: That is amazing!

Nico: It sure is.

Me: Yep. Imhotep was the Pharaoh's high priest and the Keeper of the Dead. He is also the monster that killed my past life.

I went over his history.

**Imhotep**, also known as the **Mummy**, is the titular main antagonist of *The Mummy* remake trilogy. He appears as the titular main antagonist of both *The Mummy* and its sequel *The Mummy Returns*, and a posthumous antagonist in the third installment *The Mummy: Tomb of the Dragon Emperor* . He was an Egyptian High Priest who was cursed and mummified alive when he tried to resurrect his lost love. He is Rick O'Connell's arch-nemesis.

In the films, he was portrayed by Arnold Vosloo, who also played François Molay in *Agent Cody Banks*, Habib Marwan in *24*, Colonel Coetzee in *Blood Diamond* and Zartan in the *G.I. Joe* film series. In the animated series, he was voiced by Jim Cummings.

Imhotep is the High Priest during the reign of Seti I. He carries on an affair with Anck-Su-Namun, the Pharaoh's mistress whom other men are forbidden to touch. He helps her assassinate Pharaoh Seti I, and she kills herself to avoid capture by the royal Medjai guards, intending for Imhotep to resurrect her afterwards. Imhotep and his priests then stole her body and took it to Hamunaptra, the "City of the Dead", where he intended to resurrect her using the Black Book of the Dead . However, he was interrupted by the Medjai before the ritual could be completed. As punishment for their sacrilege, the priests were mummified alive, while Imhotep himself had to endure the Hom-Dai for murdering the pharaoh: the worst of all ancient

Egyptian curses, which involved having his tongue cut out and being mummified and buried alive along with flesh-eating scarab beetles. However, the curse of the Hom-Dai meant that Imhotep would become a plague upon mankind if he were ever released or resurrected, so the Medjai and their descendants kept a constant watch over Hamunaptra (where Imhotep was buried) for over three thousand years afterward to ensure that no outsider would ever find the city and thereby risk bringing Imhotep back to life.

When he was restored to life in 1926 A.D., Imhotep gained several powers, including regeneration, invulnerability, turning himself into sand, and controlling the desert sands by creating sandstorms, as well as the ability to wield the Ten Plagues of Egypt to an unspecified degree; he was seen to turn water to blood, unleashing locusts, blocking out the sun to cause darkness throughout Egypt, and control the people of the city by inflicting them with boils and sores (although these last were used before he regained his full powers, which may account for him only using some of the plagues rather than all of them). During the first part of the movie, Imhotep expresses an intense fear of cats, screaming in fear when a white one appears in Evy's room. Ardeth Bay and Evy's superior explain that Imhotep will fear them until he is fully regenerated into becoming human again, cats being associated with the Guardians of the Underworld in Egyptian mythology; Rick uses this information to good effect later in the film.

In the 1999 version, Ardeth Bay is not Imhotep's pseudonym, but rather the leader of an ancient secret society also known as the Medjai, descended from the same Egyptian royal guards devoted to guarding Imhotep's tomb and protecting the world from his malice.

*The Mummy Returns*

In the 2001 sequel, Imhotep, having been resurrected and freed from the resin he had been trapped in at the end of the first movie by a group of his faithful cultists known as the Cult of Imhotep including his new right-hand priest Baltus Hafez and Anck-Su-Namun's living reincarnation, proceeds to seek out the Bracelet of Anubis, which was the key to finding the lair of the Scorpion King, an ancient warrior whose defeat will grant Imhotep control over the Scorpion King's near-indestructible Army of Anubis.

After finding the bracelet on the arm of Alex O'Connell, the son of Rick and Evy, Imhotep captures the boy and uses him to find the lair of the Scorpion King, rejuvenating his body using the flesh of mercenaries Anck-su-namun tricks into opening the cursed chest. Once Imhotep reaches the lair within the sacred oasis known as Ahm Shere, he walks over a magic seal on the floor which causes him to be robbed of his telekinesis, immortality, and other powers granted by the curse of Hom Dai by Anubis, who seemingly wishes him to face the Scorpion King as a normal mortal. When the Scorpion King responds to Imhotep's summons, Imhotep tricks him into attacking Rick O'Connell by lying that instead of him being sent to slay the Scorpion King, it was his archenemy. He then attempts to slay the Scorpion King, but is thwarted by Rick, who slays the king and sends his army to the Underworld. When Rick kills the Scorpion King and the temple-like pyramid begins to collapse. Rick and Imhotep both nearly fall into a chasm, that apparently leads to the underworld, and grab onto the ledge.

While Rick is rescued by Evelyn, Anck-Su-Namun leaves Imhotep to die while he begs for her assistance. After this betrayal, Imhotep loses all will to live, since one of his goals was to be reunited with his lover, who apparently did not fully reciprocate his affection. He gives Rick and Evelyn a sad envious smile and willingly casts himself into the pit, thus ending his reign of terror once and for all.

In the sequel, Imhotep is shown to have new powers such as; wallcrawling, telekinesis, and aquakinesis (an ability to control water).

A non-canon ending for the tie-in video game has him killing the Scorpion King and become Neo-Pharaoh with the Army of Anubis and Anck-su-namun at his side.

*The Mummy: Tomb of the Dragon Emperor*

Imhotep does not appear in the third film, only mentioned by Rick as "the same mummy I put down twice". Ironically, he ends up having a nightclub in Shanghai named after him as a tribute by Jonathan Carnahan, who toasts to him: "May the bugger actually *stay* dead!".

*The Mummy: Animated Series*

Imhotep makes his return in the animated series, where he serves as the main antagonist yet again.

For the cartoon continuity, Imhotep's backstory was changed due to censorship reasons. When he was alive, Imhotep, instead of having an affair with Anck-Su-Namun, attempted to use the Scrolls of Thebes to steal the Manacle of Osiris in order "make the world his own". However, he was caught and mummified alive. After his defeat by the O'Connells, he was once again resurrected by the jealous archaeologist, Colin Weasler, who intended on having Imhotep become his slave.

This backfired and Weasler became *Imhotep's* servant. Meanwhile, the O'Connells discover the Manacle of Osiris. Alex O'Connell once again wears the Manacle and it remains stuck on him. After this is discovered, Imhotep and Weasler arrive intending on obtaining the Manacle. Imhotep kidnaps Alex in order to take the Manacle from him. However, despite his efforts, the O'Connells arrive and a battle ensues. Evelyn O'Connell attempts to use The Book of the Dead, used by Colin Weasler, to send Imhotep back. However, Weasler intervenes and Imhotep is "caught somewhere between being human and undead". The Book of The Dead is lost and Weasler and Imhotep flee. For the rest of the season, Imhotep attempts to obtain the Scrolls of Thebes to separate the Manacle from Alex until the finale in which they are destroyed.

At the end of that episode, Imhotep is presumed dead though they all still have doubts. In the second season, Imhotep returns and attempts to find other means to conquer the world. He resurrects Anck-Su-Namun and the two, along with Weasler, search for the Scythe of Anubis. However, once they obtain the Scythe and seemingly defeat the O'Connells, Anck betrays Imhotept refusing to be sub-servient to him. Imhotep also had a brief alliance with Ninzam Toth in "Spring of Evil" in which they go to the Dark Temple and use the Spring of Evil to turn Alex O'Connell to the dark side. However they failed and the alliance was disbanded. At the series finale, Imhotep steals the Medallion of the Medjai to access Du'wat and form an army of the undead. Whilst there he encounters Anck-Su-Namun trapped. She begs Imhotep to release her but he refuses. In the end, Alex unlocks the "power within" and throws

Imhotep into the underworld. Afterwards, The Minotaur predicted that Imhotep would form alliances and return more powerful then ever. However this does not happen as of yet.

When I was done everyone that hadn't heard about it was shocked!

Nico: We all were shocked.

Camie: That's horrible!

Lola: Yeah we were horrified ourselves.

Me: Because of his crimes, Imhotep was cursed with the Hom-Dai, the Worst Curse in all of Ancient Egypt. It's only reserved for the most evil and blasphemous. Out of Egypt's entire history over the course of 7,000 years this curse has never before been used because of how it was feared.

Sirius: That's horrible!

Kaina Tsutsumi: That really is scary and terrible.

Himiko: That curse must be awful!

Lola: Yeah. We learned that if anyone that is a victim of the Hom-Dai were resurrected they would bring with them the 10 Plagues of Egypt.

Kaoruko: The Plagues that Moses unleashed with the power of God from the Bible?

Me: The very same ones.

Himiko: Very scary!

Suddenly, Princess Celestia's purple eyes turned neon purple and she was surrounded by a purple energy aura with Suns, sunlight, Alicorns, and magic, she unholstered her Princess Celestia's Solar Alicorn Sword of Magical Love and Sunlight Justice, and as she approached Imhotep, she left white energy aura with Suns, Alicorns, sunlight, and magic with every step.

Princess Celestia: Imhotep, I will never forgive you for the blasphemous crimes that you committed against against Egypt over 3,500 years ago: you murdered Pharaoh Seti I and you tried to use The Black Book of The Dead's dark magic to resurrect Anck-su-Namun, and you tried to destroy the world when you were brought back from the dead. But, now, I shall see to it that both you and the traitor, Anck-su-Namun, are erased from existence for all eternity for your crimes.

Suddenly, Princess Celestia was surrounded by a massive vortex of white energy with Suns, sunlight, and magic surrounding it, there's an Alicorn flying around the vortex, and the Sun was shining down, and in the vortex is a purple phoenix. Then, as the vortex faded, Princess Celestia emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Princess Celestia grew from 6'5" to 6'11" in height, she has the body of a goddess, she has purple highlights in the bangs of her long flowing aurora-colored hair with stars in it, she has neon purple eyes and a white energy aura with suns, light, Alicorns, and magic surrounding her, Princess Celestia has an Alicorn with the Sun on its horn emblazoned on her forehead, she has on Alicorn earrings with white gems for eyes and the Sun and Eternity Kanjis in its hooves on her ears, her Amulet of The Light Skylanders and her golden Amulet of Light have purple gems on the gold suns and aurora-colored crystals embedded in it because her Crystal Necklace of the Buddha merged with it, and the Alicorn pendant was holding the Sun and Eternity Kanjis in its hooves. Suddenly, Princess Celestia felt a sharp pain on her back, and then, massive midnight white angel wings with purple tips on the large white feathers, sprouted out from her back, with light falling from the tips. Princess Celestia has on her Ring of the Phoenix with large purple gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire Corps ring on her left ring finger, and she has her cutie mark on her right shoulder. Suddenly, Princess Celestia's massive Princess Celestia's Sunlight Alicorn Sword of Magical Equestrian Love and Solar Justice was surrounded by a kaleidoscope of white energy and sunlight, and when it emerged, it's transformed into Princess Celestia's Sunlight Alicorn Greatsword of Magical Equestrian Love and Solar Justice, it's a brand-new large greatsword with a 7'0" massive, wide, double-edged white blade with her cutie mark and suns etched on the blade, large white Alicorn heads for the crossguard, large purple gem embedded in the rainguard, longer black handle, large white Alicorn heads with sunlight gems for eyes and a large purple gem on the bottom of the white Alicorn heads for the pommel, she has on her new large gold cuff Bracelets of The Champions of The Universe with purple gems on her wrists, her Belt of Elemental Bravery with an Alicorn for the belt buckle and white gems for the eyes and a large purple gem in its collar for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on on her right hip and her Eater of Sins revolver holstered on her left hip. There's a gold kanji below the Alicorn that said, "Princess Celestia, Alicorn Princess of The Day and The Light Skylanders, Loving Daughter of Queen Galaxia and King Cosmos, Loving Older Sister of Princess Luna, Loving Mother of Amber Morning, Destroyer of Daybreaker and The Doomsday 23, Defender of Equestria, Ponyville, and Canterlot, Member of The Knights of The Friendship Table, Loving Sister of the Yost Avengers, and Master of The Day and Sunlight Magic"

プリンセスセレスティア、アリコーンプリンセスオブザデイとライトスカイランダーズ、クイーンギャラクシアとキングコスモスの愛する娘、プリンセスルナの愛する姉、アンバーモーニングの愛する母、デイブレイカーとドゥームズデイ23の破壊者、エクエストリアの擁護者、ポニーヴィル、カンタロット、友情のテーブルの騎士団のメンバー、ヨストアベンジャーズの愛する姉妹、そして日と日光の魔法のマスター

Princess Celestia has transformed into SUPER ANGEL-ALICORN ETERNITY INFINITY SOLAR LIGHT ALICORN ANGEL OF SOLAR JUSTICE AND EQUESTRIAN LOVE!

We were truly amazed by Princess Celestia's Super Angel-Alicorn Eternity Infinity transformation, but when Imhotep saw it, he fell into a rage and he tried to kill her when he got out a sword, but Princess Celestia dodged it, and she fired a powerful white energy blast with Suns, magic, light, and Alicorns, and it hit him and he hit back first into a wall.

Princess Luna: Amazing, now my sister's transformed, and Imhotep will be in trouble if he tries to even attack her.

Nico: You said it, Princess Luna, and Lincoln's going to help her out with dealing with that traitor to all of Egypt.

Me: In the same way he helped you against Twisted Merida.

Princess Luna: A brother and sister tag-team, that's exactly how it happened on my special mission, this should be amazing to see.

Amber Morning: Wow, Mom, you look amazing. How do you feel?

Princess Celestia: (Divine Echoing Cosmic Voice of The Sunlight Alicorn and Solar Light Justice) **I feel incredible, Amber Morning. Now then, Lincoln, shall we deal with that traitor, Imhotep, and see to it he never rises from the dead ever again?**

Lincoln: Of course, Princess Celestia.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope and he joined Princess Celestia.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **You have tormented us for the last time, Imhotep. Prepare to die, murderer of Pharaoh Seti I and traitor of all Egypt.**

Princess Celestia and Lincoln went after Imhotep, who tried to attack them with a sword he had with him, but Princess Celestia and Lincoln blocked and dodged his attacks, and they fired powerful blasts of rainbow energy, white energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Alicorns at Imhotep, and they exploded with incredible power as they hit him. Then, Lincoln ripped the Dark Orb embedded in Imhotep's hand out, and he threw it in The Warp, and Lincoln and Princess Celestia made a magic circle of Ancient Egyptian hieroglyphs and it surrounded Imhotep, and it bound the traitorous priest with golden chains.

Princess Celestia: (Divine Echoing Cosmic Voice of The Sunlight Alicorn and Solar Light Justice) **Now, to make sure Imhotep receives his punishment for his crimes against Egypt thousands of years ago.**

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) I'm already on it, Princess Celestia. (To Imhotep) (Speaking Arabic) لا يمكن أن يكون هناك مسامحة لأمثالك ، إمحوتب ، لقد ارتكبت العديد من الجرائم المظلمة التي لا تغتفر ضد الفرعون سيتي الأول وكل مصر منذ أكثر من ثلاثة آلاف وخمسمائة عام ، وكل ذلك بسبب حبك الزنا لأناك-سو- نامون. الآن ، سيكون كلاكما معًا إلى الأبد في النسيان ، حيث لن يكون كلاكما أكثر من ذكرى منسية. Translation: There can be no forgiveness for the likes of you, Imhotep, you committed so many dark and unforgivable crimes against Pharaoh Seti I and all of Egypt over three-thousand five-hundred years ago, and all for your adulterous love for Anck-su-Namun. Now, the both of you will be together forever in Oblivion, where the both of you will be nothing more than a forgotten memory.

Suddenly, the Ancient Egyptian hieroglyphs began glowing and when they glowed black, it meant that Imhotep was found guilty for his crimes against Egypt and Pharaoh Seti I over three-thousand five-hundred years ago, and he was confronted by the spirits of all those he's killed, and he was erased from existence by The Black Gates, along with Anuck-su-Namun, and they were now nothing more than a forgotten memory. We cheered wildly for what Princess Celestia and Lincoln did as they holstered their massive greatswords on their backs and powered down, and Princess Celestia's new body, clothes, weapons, jewelry, and massive white angel wings are permanent.

Lincoln: (Speaking Arabic) بئس المصير يا خائن مصر الكافر . Translation: Good riddance, Blasphemous Traitor of Egypt.

We then ran up to Princess Celestia and Lincoln, and we hugged them both, and they returned our hug.

Me: Wow, now that was a really awesome spell you used on Imhotep, Linc.

Lincoln: Thanks, J.D. I had a bad feeling that Imhotep would one day return from the dead to get his revenge on us, specifically you, for killing him long ago. So, I had to create a spell, one that would be perfect for someone like Imhotep, and it worked perfectly: it banished Imhotep and Anuck-su-Namun to The Black Gates, and now, they're nothing more than a forgotten memory.

Nico: Good riddance to that traitor, and I didn't know you spoke Arabic, Lincoln.

Lincoln 2: (Through the Rainbow Thunderbird and Third Eye's Rainbow Iris) In addition to also getting stronger and smarter, Lincoln's also been learning a lot of languages that've been spoken throughout many different cultures since the beginning of history, and we've also helped out with that one as well since we've also travelled to different places and learned their languages as well.

This amazed the rest of us.

Me: Whoa.

Eli: That's incredible.

Nico: You said it, Eli. And Lincoln, what Duel Monster Gene-Slammer are you planning on meeting tomorrow?

Lincoln: That's a good question, hmm. Ooh, how about a Gene-Slammer for Holactie, The Creator of Light?

Me: Ooh, now that's amazing.

Nico: Same here.

Eli: WHOA! The most powerful monster ever made in Duel Monsters!

Nico: Wow!

Me: Yep.

Yost Captain America: That is gonna be awesome. (To the viewers) This was an awesome and amazing adventure. Hope you all loved this one as much as we did.

Nico: We all did. Great job everyone. This mission was a success.

Laney: It sure was.

Princess Luna: And I'm so proud of you sister.

Princess Celestia: Thank you Luna.

We later went back home and we all had ice cream and enjoyed the rest of the day and went to sleep. This was an awesome mission.

In the early morning hours at 1:45 AM, I was having a really interesting dream. But it was not just an ordinary dream. It looked more like a vision both into the past and into the future.

Me: What is going on?

I saw the cutie marks of Twilight Sparkle and friends swirl around me. They were for Twilight Sparkle, Sunset Shimmer, Applejack, Rarity, Fluttershy, Pinkie Pie, Rainbow Dash, Starlight Glimmer, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Trixie Lulamoon, Vinyl Scratch, Adagio Dazzle, Aria Blaze, Sonata Dusk, Star Swirl, Rockhoof, Mistmane, Flash Magnus, Somnambula, Mage Meadowbrook, Gusty the Great, Princess Luna and Princess Celestia and I also saw in the past and the future, 27 mysterious figures fighting Equestria's enemies of the past eons ago and in the future I was seeing them face the Doomsday 23 leading up to the war with Evil Starlight Glimmer.

Me: Whoa! Whoever these people are they are really strong.

The Spirit of the Tree of Harmony then spoke.

Spirit of the Tree: J.D. you must find the great champions of Harmony. The Doomsday 23 are going to return and we need their help to deal with them for good.

Me: The Champions of Harmony?

Spirit of The Tree: It's of great importance.

Me: I understand.

I later woke up at 8:10 AM.

Me: Whoa! What a dream. Wait that was no ordinary dream. That was a message. A Warning.

I went and got dressed and I went to talk to Princess Celestia.

In Canterlot, Princess Celestia was signing some paperwork.

I then came in.

Me: Princess Celestia. (Kneels) I'm sorry to come in like this but I have had a dream tell me something really unusual. It was actually a message.

Princess Celestia: What was it for?

Me: It was telling me that the Doomsday 23 are returning and that a powerful force called the Champions of Harmony are needed to help us destroy them.

Everyone gasped.

Princess Celestia: I had a feeling they would return and that the Champions of Harmony would one day be needed again.

Princess Luna: Who are the Champions of Harmony sister?

Princess Celestia: They are a group of 27 of the most powerful warriors that govern the Elements of Harmony. Long ago after I banished you into the moon, Equestria was in the grip of a terrible war. The greatest enemies in all of Equestria were terrorizing the world. But the Elements of Harmony called upon an incredibly powerful force of 27 powerful warriors from another world. They are known as the Champions of Harmony. They were fierce and powerful warriors of incredible purity that purified all the land of Equestria and destroyed their enemies. The battle raged on for years but they were able to destroy all of Equestria's most dangerous enemies. But at a terrible price. They perished in battle.

We gasped.

Me: Oh man! That's terrible!

Princess Luna: It sure is.

Princess Celestia: Yes but if the Doomsday 23 are returning then it must be of an urgent nature for them to be called upon for this. J.D. I have an important mission for you.

Me: Of course Princess. What is it?

Princess Celestia: I want you to go find and train the current generation of the Champions of Harmony and train them all to master all your powers and abilities so that they can get up to your level of power to destroy the Doomsday 23 forever.

Me: Consider it done princess. But how will I recognize them?

Princess Celestia: That part is an easy one. They will have the cutie marks of the Elements of Harmony emblazoned in the middle of their foreheads and on their right arm they will have the symbol of the Elements of Harmony on their right arm.

Me: That's easy to remember. Okay. You can count on me princess.

Princess Celestia: Good luck J.D.

Me: Not that I'll need it but thank you Princess. We still have the Blood Dragons to bring down so we'll have to get started on them after we take them down.

Princess Celestia: Understood.

I left and told everyone about my dream and what was to be done and it was incredible!

Kaito: Fair point.

Me: Oh Nico, Girl Jordan said that she has the Wanted Posters for all the Another Secondary Riders all ready.

Nico: Great!

Eli: But we'll be ready for them now.

Me: So far we faced Another Secondary Riders for Gaim and Fourze. But that's it.

Nico: Yep.

Laney: But it's going to be so cool if we face Another Secondary Rider on Pohatu's next Ambassador Mission.

Lola: It sure will.

Zocks: Don't forget W and Saber as well.

Me: Oh yeah thanks for reminding me Zocks.

Zocks: You're welcome.

Me: With so many Kamen Rider teams it's hard to keep track.

Laney: That's true.

Nico: Yeah. Lets have some fun!

We went to have some fun.

Me and the MHA Girls went to the games, Nico and May went to the Tunnel of Love. And we also went to some of the food stands.

Me and the MHA Girls were now it the Strength Bell Game.

Me: Hey girls watch this one.

I then pounded the button with my strength!

KRASSSSMAAAAAAAAAAAASSSSSSSSHHHHH!

I sent the weight up the tower and then…

KRABLANG!

It hit the bell and smashed it right off of the tower and it sent it flying and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It hit a missile that was heading to the estate and destroyed it!

Nico: NICE ONE!

Me: Nice! Whew! That missile got shot down thankfully.

Maria: I wish I had brought Horsea.

Eli: She'll get some pictures from here.

Maria: Yeah.

Juran: Who fired that missile?

Me: No idea. But that was a close one though.

Nico: Yeah.

Lisa Loud: Actually that missile was fired from abandoned military base to the north.

Nico: Oh that one. Vince and the others will have to look into it.

Me: Okay.

We then got some awesome funnel cake and it was delicious.

Laney: (Eating) Mmm! Good funnel cake.

Me: Yep.

FFFFFFFAAAAAAAAAAAARRRRRTTTTTT!

Nico: EW! Who sliced the Limburger?

Me: I think they did.

We saw a huge Baked Bean Eating Contest going on.

Laney: Ooh! A baked Bean Eating Contest.

Gaon: I'm not participating in that!

Laney: No but I will. I want to rub it in Lynn's face by showing her that I am just as good as she is.

Nico: Oh boy. Go for it Laney.

Lana: This is gonna be good.

We then saw Laney in the contest and we were really excited for her.

The contest began and Laney was eating bowl after bowl after bowl after bowl of baked beans! All the contestants were falling.

FART! FART! FAARRTT! FART FART FART!

It was down to Laney and a kid that was said to be born with 3 stomachs. But even his ravenous appetite was no match for Laney!

FAAAARRRTTT!

Announcer: And with 75 bowls of beans, THE WINNER IS LANEY LOUD!

We cheered wildly for her!

Laney was given an awesome and great trophy and it had a bean in it and she was given a life time supply of Beans and Weanies!

Nico: Awesome job Laney!

Laney: Thanks guys.

Leni: That was totes amazing.

Laney: That sure was.

Maria: And now, cue the farts!

Laney's stomach grumbled loudly.

Me: Uh oh. Here it comes.

Laney: Yep. Uh oh.

FFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRTTT

Laney blushed in embarrassment.

Lincoln: Oops.

Laney: Pardon me.

Maria: Still feel like farting?

Laney: (FARTS IN RAPID SUCCESSION!) YEAH!

Me: You better head to the restroom.

Laney: Good idea!

She ran to the bathroom.

Me: Laney did really awesome in that.

Lola: She sure did.

Nico: Lynn is gonna be amazed at that.

Me: Laney showed Lynn that she can beat her in spicy food and now this.

Lana: I'll say.

Nico: Yep.

Zocks: She's gonna be in there a while.

Nico: Yep.

But then we heard screaming and then we saw people running and then we got a shock when we saw a scary Red Wild Force Ranger and it looked like it was Another Rider!

Nico: What the!?

Me: Oh fuck me sideways! Is that An evil Another Rider Version of the Red Wild Force Ranger!?

Eli: It sure is!

It looked like the Red Wild Force Ranger except it had a scary face and scary demonic claws!

Me: Whoa! But that is definitely NOT Cole Evans or Kakeru Shishi from Gaorangers!

Vroon: Let's call that Another Wild Force Red.

Nico: I like it!

Another Wild Force Red: (In a girls voice) Help me!

Me: Wait that voice!

She detransformed and we saw that it was another friend from my past! It was Whitney Farrington!

Me: Whitney Farrington!

Whitney Farrington: J.D. you have to help me! I have so much power in me! I can't control it!

Me: Hang on Whit, you'll be okay!

Whitney Farrington: (SCREAMS IN PAIN) I CAN'T FIGHT IT! HELP ME!

Nico: Hold on!

Me: Fight it Whitney! Fight it!

She was enveloped in a swirl of darkness and she had animal crystals of many kinds of Wild Force Zords swirl around her and she turned into Another Wild Force Red!

Eli: We have to save her!

Kaito: (takes out Kiva Gear) Cole is gonna be pissed when he hears about this.

Zocks: (takes out Den O Gear) So is the Wolf O'Donnell.

Me: You got that right! Not only do we have Another Riders and Another Secondary Riders running Amok but now we have Another Power Ranger Riders Running Around!

Kaito got the sword of Kiva and Zocks got the sword of Den-O too!

Laney came out.

Laney: Ahh that's better. What's going on?

Me: A battle with a new Rider kind!

Laney gasped when she saw Another Wild Force Red!

Laney: What is that thing!?

Me: It's Another Wild Force Red! We have Another Kamen Rider Versions of the Power Rangers now!

Nico: Yeah!

Me: But that's also my friend Whitney Farrington!

Nico: Whoa!

Me: Hang on Whitney! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: Only one thing to do. (Takes out Ridewatch for Wolf) HENSHIN!

He activated his Kamen Rider Wolf power and turned into KAMEN RIDER WOLF 2!

Nico: YEAH!

Me: Wow! Nico you look great as Kamen Rider Wolf! Isamu is going to get a kick out of this one!

Nico: Boy I sure do look cool as him!

May: Yeah you do!

?: Let me help too!

A Galilean came!

Nico: A Galilean! Awesome!

Galilean: (In a girls voice) Been a long time Nico!

Nico: Gabby Eunice! Awesome!

Galilean: Yep. I'll hold her in place.

She used her gravity to do so and so did Leni.

Me and Nico: WOLF MOON FURY BLAST!

We fired a massive blast of blue energy and fire and it hit Another Wild Force Red and it exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down! I caught the Power Rangers Rider Watch and it was for the Gaorangers.

Me: It's the Gaorangers Rider Watch. How cool!

Eli: Wow!

Nico: Yeah! That was awesome.

Me: Look!

We saw Animal Crystals all over the ground. Hundreds of them.

I picked one up and I saw a green one that was for an Asian Lung and there was the symbol of Lord Drakkon in it.

Me: Whoa! These are Animal Crystals imbued with the Masters of Evil's powers, both core and non-core! Mine's Lord Drakkon of the Asian Lung.

Nico: Wow! Mine's a Black Vampire Bat of Myotismon.

Eli: This is amazing! Mine is a Blue Thunderbird with the powers of Baron Mordo.

Lincoln: Wow!

We had all sorts of them.

I went over to Whitney Farrington and I picked her up and put her on my back.

Nico: Wow. Princess Shayla is gonna be amazed to hear about this too.

Me: No kidding.

Nico: How do you know Whitney?

Me: She was my partner in science class. She and I made a chemical formula for getting animal communication powers and plant powers. But a kid pushed her and it got on her and she got those powers. I punched that kid in the face and took her to the nurses office and there I saw that she got those powers as she grew a blueberry bush with her hands and she was also talking to the Nurse's Cat she had with her and that was really cool.

Nico: Wow! That is awesome!

Eli: Boy it sure is.

Gabby reverted back and she was a girl with orange hair and she had orange clothes and green eyes.

Gabby Eunice: That is really something.

Leni: What's your favorite memory of Nico?

Gabby Eunice: My favorite memory with him is very coincidental as I too was in science class with him. Me and Nico worked on a formula for Gravity control powers and then a bully pushed me and I dropped the formula and it exploded in my face and I then got mad and made him heavy and I discovered that I got gravity powers from it.

Nico: Yep.

Me: Wow! A Galilean is perfect for you.

Eli: It sure is.

Nico: Yep.

Nico and Gabby hugged.

Nico: I really missed you.

Gabby Eunice: Me too Nico.

Laney: But this was an amazing discovery for us.

Lana: Boy I'll say.

Nico: Yep. Lets head back to Estate and tell everyone what we found out and get Whitney to the infirmary to rest.

Me: Right.

We did so and we later told everyone what we found out and more and it was shocking!

Lincoln: Wow, we're here in Mexico, and I know what we're going to do here, not only am I going to rescue the nine girls here, but we're also going to destroy the evil versions of Kars, Esidisi, Wamuu, and Santana, the Pillar Men from JoJo's Bizarre Adventure: Battle Tendency.

Me: That's right, big guy. This is going to be awesome.

Jolyne Kujo: You said it, and my great-grandfather, Joseph Joestar, was the one who defeated the Pillar Men many years ago. But, let me tell you guys about the Pillar Men, so that way, you have an idea of what we are dealing with.

Jolyne Kujo proceeded to tell us about the Pillar Men, so we have an idea of what we're dealing with.

Pillar Men

The Pillar Men are the primary antagonistic force in JoJo's Bizarre Adventure: Battle Tendency. They are a group of evolved ancient humanoids. Formerally found across the Americas, they are very smart, impressively strong, live far longer than humans, and have the ability to manipulate their bodies. They are weak to sunlight and the Ripple, reproduce little (they felt no need to produce many, as they were the most highly evolved beings and being the most powerful beings at that time), and sleep for millennia at a time, however. The Pillar Men also have horns, displaying them proudly. There are only four left alive at the time of JoJo's Bizarre Adventure: Battle Tendency.

Biography

Background

An intelligent, strong, and long-living race, the Pillar Men once ruled

Earth as its best beings, with humans worshiping or fearing them. Although most were content with their abilities and lives, Kars, considered as a prodigy of Pillar People, was not. Seeking perfection, he created a Stone Mask in an attempt to unlock Pillar People's full physical potential. But the Stone Masks worked best with low-level organisms such as humans. Kars suffered enormous hunger as Stone Mask's side effect, and began to feed insatiably. Eventually his race feared Kars and tried to kill him from wreaking havoc on all life. At first Kars attempted to reason with his people, citing that do they not want to be perfect (such as being able to conquer sunlight, the only weakness for Pillar People). Realizing it is pointless, Kars not only stayed alive, but managed to kill every other member of his race besides Esidisi, Wamuu, and Santana.

Some time later, Kars discovered that in order for Kars to become the 'perfect being' he seeks, he needs an artifact called 'Super Aja', a flawless artifact of power combined with a modified Stone Mask would grant Kars the immortality and perfection. Seeking Super Aja, Kars along with Wamuu, Santana and Esidisi, went on a long journey in search of the said artifact, battling Hamon Warriors along the way. But the last fight against Hamon Warriors in Rome in which Hamon Warriors were very nearly eradicated, Kars and his Pillar Men spent considerable energy and strength, forcing them into 5000 year dormancy to recuperate.

JoJo's Bizarre Adventure: Battle Tendency

The last survivng four Pillar Men reawoke 5000 years before the events of JoJo's Bizarre Adventure: Battle Tendency, capturing and experimenting on humans with the Stone Mask. Finding that the Super Aja - a rarest artifact among Red Stones of Aja had the key to become ultimate beings, the main three headed off to Rome, leaving Santana behind in Mexico. They were unable to find their precious stone, and slept within a cave until 1939.

In 1939, the Speedwagon Foundation found the temple Santana was in. Intending Straizo to destroy him, he was later betrayed by the newly made vampire, with Rudol von Stroheim finding and studying Santana. Reawakened, Santana killed everyone inside the building they were in but Stroheim and Speedwagon before through the help of the former and Joseph Joestar, Santana was sealed away.

Some days later, Wamuu was reawakened and soon also revived his partners. Speedwagon, Joseph, and Caesar Zeppeli soon came on to the scene, which they lost but lived. Forcing Joseph to seek them through poisoned rings, they sent off through Europe to find them.

A month later, Esidisi learned that the location of the Aja Stone was on Air Supplena Island along with Lisa Lisa. Although Esidisi's body was wrecked, he possessed Suzi Q to mail the stone to San Moritz. Esidisi was then extracted and ended. Kars sent out for the Swiss border to find his price, only for the Nazis to interrupt the message. Kars bet a improved version of Stroheim, who let him keep the stone for sparing him.

Caesar then went to the Pillar Men's hideout, only to be fought by Wammuu. In the fight, Caesar dies. Wamuu then fleed to Kars' location with a vampire army. Tracking him through his blood, Joseph eventually has a chariot race against Wamuu, where Joseph wins. Despite the honored contract, Kars attacks Lisa Lisa, obtained the Stone, and unleashed his blood-sucking horde. However, the Nazis and the Speedwagon foundation manage to defeat Kars. Cornered, Kars activates the mask to become the ultimate being.

Kars tries to furiously kill Joseph, as he flees to a volcano. Joseph tries to plunge Kars within the lava, only to fail and have his left arm cleaved through. As Kars tries to kill his enemy, Joseph uses the Stone of Aja to trigger the volcano's eruption. Kars is then blasted into the sky and into space. As Kars drifts off into the void, he loses the ability to think or move with time, immortal but destined to float in space forever.

## Powers and Abilities

### High-Level Body Manipulation

The Pillar Men can freely change and manipulate their bodies to a greater degree and speed than any vampire created by the Stone Masks, being able to dislocate or even break their own bones as well as flatten organs in order to achieve any form they desire. With their near-immortality and powers of regeneration, they can survive, endure attacks, and restore their bodies even after being reduced to only their brain.

### Advanced Intelligence

The Pillar Men's most dangerous trait is their superior intellect. They are capable of perfect recall and are able to instantly analyze and understand the mechanics behind anything including complicated things such as languages, machinery, tactics, systems, and people's minds and actions, within a matter of seconds. Santana instantly learned the procedure to dissemble a gun that might have taken a human hours to learn; and Esidisi was able to match Joseph in wits.

### Enhanced Senses

Pillar Men possess extremely enhanced senses. These are demonstrated a number of times, such as Santana sniffing out the area like a dog, or Kars being able to detect the number of people in a room via heat signatures.

### Absorption

The Pillar Men's main method of sustenance is absorbing living beings (including Vampires) via any form of physical contact. A Pillar Man's body is composed of cells that release a digestive acid, which melt the victim at a cellular level, creating the illusion that the Pillar Man is absorbing a victim into its body. The cells also appear to induce an euphoric enzyme as victims subjected to the process do not feel anything until physical contact is broken. The surviving Pillar Men displayed this ability in creative ways: Santana forced himself into another's body to control their movement while eating them from the inside, Wamuu grafted the hands of multiple targets and absorbed their innards by simply touching one, and Esidisi grafted a human limb to himself after losing his original forearm. This ability is ineffective against Ripple users as the cells perceive the danger posed by their energy.

### Elemental Battle Mode

The more experienced Pillar Men each have their own special fighting style, characterized by a specific "element" such as fire, wind, or light. Powers based around these elements are referred to as "Modes" (流法モード Mōdo, lit. "Flow Method").

This ability and their body manipulation appear to only be usable by those associated with Kars and the Stone Masks; the Pillar Men race originally used primitive weapons such as spears before they were massacred.

Ultimate Being

A Pillar Man can become an Ultimate Being (究極の生命体アルティミット・シイング Arutimitto Shīngu, lit. "Ultimate Life Form") by activating a Stone Mask affixed with the Red Stone of Aja. So far, only Kars has been seen to become an Ultimate Being. A Pillar Man in this state becomes much more powerful, with a massive enhancement to his overall capabilities and as well as new ones:

Being unaffected by sunlight

Complete immortality

The ability to reshape their body on a cellular level to that of any kind of human, animal or plant

The ability to use the Ripple

When Jolyne Kujo was done, we were really shocked.

Lincoln: Whoa, these guys sure are dangerous beings, but we'll be dealing with the evil versions of Kars, Esidisi, Wamuu, and Santana in the Simulator. I heard Vypra's going to recruit Kars, Esidisi, Wamuu, and Santana in the real world into The Masters of Evil, and they'll be archenemies for some of the MHA heroes, this is going to be awesome. And thanks for coming with us, Loni.

Loni: You're welcome, Lincoln.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of nine girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the nine girls, but they've been cornered by the evil versions of Kars, Esidisi, Wamuu, and Santana, and they're going to kill them.

Lincoln: Guys, I found the nine girls, but they've been cornered by the evil versions of Kars, Esidisi, Wamuu, and Santana, and they're going to kill them.

?: (Filipino Accent) Those evil monsters, let's get them.

Suddenly, we saw the Duel Monster, Holactie, the Creator of Light, appear before us.

Eli: Wow, that's Holactie, the Creator of Light, the most powerful ever made in Duel Monsters, amazing.

Lincoln: And I'd recognize that Filipino accent from anywhere, I knew it was you, Althea Aganad, but we'll talk later, we've got to deal with the evil versions of the Pillar Men.

We then rushed on over, and Lincoln fired very powerful rainbow energy balls and elemental forces at the evil versions of Kars, Esidisi, Wamuu, and Santana, and that allowed the nine girls to get to safety. When the evil versions of Kars, Esidisi, Wamuu, and Santana saw us, they were furious.

Lincoln: You monsters have terrorized humans for the last time, now it's time for you four to die.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Loni, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after the evil versions of Kars, Esidisi, Wamuu, and Santana, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, and Magic, and they exploded with incredible power as they hit them.

Then, Himiko (Warriors Orochi) made a ball of light, and it blinded them, and it made them unknown to the fact that Lincoln sent four skin-colored blobs of goo, and they went at the evil versions of Kars, Esidisi, Wamuu, and Santana, and the goo piles engulfed the evil versions of Kars, Esidisi, Wamuu, and Santana from behind. Then, Lincoln called the goo piles with the evil versions of Kars, Esidisi, Wamuu, and Santana in them, and they merged into Lincoln's massive and muscular body, and he then assimilated the powers and abilities of the evil versions of Kars, Esidisi, Wamuu, and Santana. Suddenly, four energy cards appeared with the souls of the evil versions of Kars, Esidisi, Wamuu, and Santana trapped inside them in Lincoln's large left hands. They, then had a kanji marked on their foreheads, and the four cards burst into black flames, and the evil versions of Kars, Esidisi, Wamuu, and Santana were banished to The Black Gates forever. We cheered wildly as we holstered our weapons and powered down.

Lincoln: That's it for the evil versions of Kars, Esidisi, Wamuu, and Santana. (To Althea Aganad) And it's so good to see you again, Althea Aganad.

Althea Aganad reverted back to normal, and she's a beautiful girl with long flowing gold-colored hair, yellow eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has the Light Kanji tattooed on her forehead, she has massive beautiful gold angel wings with stars, and she reigned in the power of Holactie, The Creator of Light, and she's dressed in a sleeveless yellow vest, sleeveless yellow midriff top, long yellow skirt with black lace designs on the bottom, yellow sneakers, and long crimson red sleeveless trenchcoat with light on the coattails, and Holactie, The Creator of Light on the back, and holstered on her back is a large Holactie, The Creator of Light-themed greatsword with Holactie, The Creator of Light etched on the 7'0" massive, wide, double-edged gold blade, gold angel wings for the crossguard, large gold gem embedded in the rainguard, longer black handle, and large gold gem surrounded by gold angel wings for the pommel.

Althea Aganad: (Filipino Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Althea Aganad and they hugged, and Althea Aganad's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Althea Aganad: (Filipino Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Althea Aganad, she's my Guardian Angel from the Philippines.

Nico: Wow, she's from the Philippines, that's awesome. But, which part of the Philippines is she from?

Lincoln: Oh, she's from Manila.

Nico: The capital of The Philippines itself, now that's awesome.

Althea Aganad: (Filipino Accent) Yep, and it's where I've lived before we moved to Royal Woods, Michigan, and where I met Lincoln, and I also took on Lori at the ultimate extent of her worst, and I've got a really horrible revelation about Lori that almost got her sent to Ionia Correctional Facility, Michigan's toughest maximum security, prison forever.

Nico: (Gasps) Holy crap! We're really not going to like hearing this one bit.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Althea Aganad's neck with yellow gems on the gold thunderbolt links and yellow crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Althea Aganad: (Filipino Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Althea.

Althea Aganad had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Althea Aganad's waist and Althea Aganad wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Althea Aganad's face and kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the nine girls, and when Lincoln saw them, he recognized them immediately. The nine girls are Blanc Neige, Kureha Touka, Elwyn the Elf, Hiruda Reia, Houmei, Mao, Ryuuna, Seena Kanon, and Xecty Ein from Shining Tears X Wind.

Lincoln: Oh wow, it's Blanc Neige, Kureha Touka, Elwyn the Elf, Hiruda Reia, Houmei, Mao, Ryuuna, Seena Kanon, and Xecty Ein from Shining Tears X Wind.

Me: Awesome and cute.

Lincoln: Are you girls okay?

Blanc Neige: Yes, we're okay, thanks to you.

Then, when Blanc Neige and the other eight girls saw who it was that saved them from the evil versions of Kars, Eisidisi, Wamuu, and Santana, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball

Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Blanc Neige: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Blanc Neige: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love appeared on the necks of Blanc Neige, Kureha Touka, Elwyn the Elf, Hiruda Reia, Houmei, Mao, Ryuuna, Seena Kanon, and Xecty Ein with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We exit the Simulator, and we told everyone what happened there, and they were shocked when they found out the villains we went after were the evil versions of Kars, Esidisi, Wamuu, and Santana, the Pillar Men from Jojo's Bizarre Adventure: Battle Tendency.

But, when Lincoln showed what we did to them with Himiko (Warriors Orochi) blinding them with a blast of light and Lincoln using Majin Buu's absorption technique by sending four tanned skin-colored piles of goo to engulf them and he absorbed them into his body and he assimilated their powers and abilities and sent their spirits to The Black Gates, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Althea Aganad have a lot of catching up to do now that she's back in town.

---

After we dealt with and Lincoln absorbed the evil versions of Kars, Esidisi, Wamuu, and Santana, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Althea Aganad saw Lincoln working out like crazy, she had an atomic red blush on her face.

Althea Aganad: (Filipino Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Althea, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Althea Aganad: (Filipino Accent) That's incredible.

Nico: It sure is. So, Althea, what's this really horrible revelation about Lori that nearly got her sent to Ionia Correctional Facility, Michigan's toughest maximum security prison?

Althea Aganad: (Filipino Accent) You're not going to like it one bit, Nico. I was walking through Franklin Avenue one day, but then, I heard the sound of the call for help coming from The Loud House, and I found out there's only one person who could've made that call for help: Lincoln, and he was in trouble. I went inside and I went to Lincoln's room, but the room was bolted and nailed shut with boards and nails. I busted the door down, and I saw Lincoln, but he was really pale and weak from hunger. I was really horrified and I picked him up, and the other sisters came out, and they all saw Lincoln, and they freaked when they saw him really pale and weak from hunger. He then told me and the others that Lori attacked him and threw him in his room and bolted and nailed it shut with boards and nails. That horrified everyone, and I was enraged beyond measure. When Lori and the Loud Parents came in and saw Lincoln, the parents were horrified at his condition, but as for Lori, she went ballistic and tried to kill Lincoln, but I punched Lori hard in the face and knocked her down. I told the parents what happened, and they were really enraged at what Lori did, and she said she's had it with Lincoln living, so she tried to kill him and she'd swore she'd do it again, and she meant it in a cold-hearted manner. They were about to call the police and get Lori sent to Ionia Correctional Facility forever, but I decided on something a lot worse: I'd decided to send her straight to The Royal Woods Jail, and she'd really be in it now, and the cops made sure that Lori saw her fate if she tried to kill Lincoln again, and back at The Loud House, Mr. Loud fixed up his Lynn-sagna, and Lincoln ate all of it, and he was getting his strength back. Then, he ran up to me and he hugged me tightly, and he started crying into my chest, and I held on to him and hugged him, and I didn't let go.

We were not only shocked, but we also had tears coming down from our eyes.

Me: My God.

Nico: Damn, now that was just a cold-hearted move for Dark Lori to make, the heartless bitch! If that bitch so much as gets out again, I'm going to take a chainsaw and shove it right up her… !

Lincoln: Nico, I'd watch what you say, you know I have eight newborn baby daughters, and I don't think they'll like hearing their uncle say something that profane.

Nico then covered his mouth and blushed in embarrassment.

Me: Now, that was a close one, nice warning, Linc.

Lincoln: Thanks, J.D. But, Nico, I don't blame you for getting that mad at Dark Lori, she's always forced Lori to think only of herself, and be completely cold and distant, and treat her own family like they were strangers and servants. Which is another reason why she and the other Dark Louds are getting The Black Gates after Dark Lynn gets clobbered and broken like a rag doll.

Eli: You said it.

We got a shower afterwards, and then, Lincoln, his harem, and his kids were getting ready for their date, this time, it's at Altamira, and joining them is the rest of the team and The Masters of Evil, who also showed up, and it's to celebrate the success of Phase 1 for The Ambassador Missions.

Lincoln: Alright, everyone, are we ready?

Nico: We're ready, Linc.

Lincoln, his harem, his kids, the rest of Team Loud Phoenix Storm, and The Masters of Evil left the World Tree Estate after setting the defense grid and security system, and we arrived at Altamira.

Me: Wow, so this is Altamira, awesome.

Lincoln: Yep, and we chose this place as not only for my date, but also, as a celebration for the success of Phase 1 of The Ambassador Missions.

Lincoln, his harem, his kids, the rest of Team Loud Phoenix Storm, and The Masters of Evil began to have fun here, and we went on the rides in the theme park, and we also went swimming in the water, and we also had some lunch that Lincoln made at an area of the park. Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem and they wrap their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Lincoln and his clones, and they shared an amazing and passionate super-charged kiss and the kids and all of us cheered. Then, we came back home to the World Tree Estate.

Nico: That was really awesome, and it's an awesome way to celebrate the success of Phase 1 of the Ambassador Missions.

Lincoln: You said it, Nico, and we all had a fun time.

Me: We sure did, and you also had fun at the Strength Tester machine when you squeezed the grip really hard and it didn't even break.

Lori: And it literally went up to Champion Gripper, that was really incredible.

Luna: (Snickers) And the girls in Lincoln's harem had a really atomic red blush on their faces, thanks to what Lincoln did in that machine, dude.

Lynn: That just proves what kind of man Lincoln's now become, and it's no surprise that many girls were attracted to him, because of his personality.

Nicholette Torrington: And now that he's become a permanently 7'5" tall, handsome, and extremely muscular hunk of a man, that just makes him even more attractive than ever.

Lori: Uh, Nicholette, need I remind of what happens whenever you say those kinds of words around Lincoln?

Suddenly, Lincoln had a seductive smirk on his face and he made clones of himself, and he and the clones then went up to the girls in his harem and they wrap their abnormally massive and powerful muscular arms around the girls' waists, and they lean down to the girls' faces and passionately kissed them on the lips. When Lincoln and the clones were done, the girls' faces turned really atomic red, and they had steam whistling out of their ears, hearts were in their eyes, and they had nose bleeds.

Applejack: WHOOWEE! What a man!

Lori: We literally warned you about that, Nicholette, but it looks like you didn't listen.

---

Later it was time for Pohatu's second Ambassador Mission.

William: Anyone else want to go with Pohatu? Besides Ace and 2 Rabbids?

Eclair: I'll go with too.

Twilight Sparkle: And me and my friends will go as well.

Nico: Sweet!

Eli: This will be awesome.

Laney: Yeah it will.

Maria: I can't wait for you guys to meet Sento.

Me: Yep.

Nico: But lets head out.

We were off to Japan.

We arrive in Japan.

Sento: Hey guys!

Pohatu: Sento, this is Ace Bunny.

Ace: Awesome to meet you. I'm Ace Bunny, Descendant of Bugs Bunny and Leader of the Loonatics from the 27th Century.

Sento: Wow it's an honor to meet you.

Me: And these are Twilight Sparkle and her friends.

Twilight Sparkle: It's awesome to meet you. I'm Twilight Sparkle, Princess of Friendship and the Magic Skylanders.

Sunset Shimmer: I'm Sunset Shimmer, Princess of Forgiveness and the Fire Skylanders.

Applejack: I'm Applejack, Princess of Apples, Honesty and the Earth Skylanders.

Rarity: I'm Rarity, Princess of Jewels and Fashions, Generosity and the Water Skylanders.

Pinkie Pie: I'm Pinkie Pie, Princess of Parties, Laughter and the Tech Skylanders.

Fluttershy: I'm Fluttershy, Princess of Animals, Kindness and the Life Skylanders.

Rainbow Dash: I'm Rainbow Dash, Princess of The Wonberbolts, Loyalty and the Air Skylanders.

Starlight Glimmer: I'm Starlight Glimmer, Princess of Redemption, Empathy and the Undead Skylanders.

Trixie Lulamoon: I'm Trixie Lulamoon, Princess of Humility and Magic..

Sento: Wow! It's an honor to meet you all.

Eclair: And my name is Eclair. I'm the Priestess of the Phoenix.

Sento: Pleasure to meet you.

Me: Eclair has walked the world for over 400 years because she was made immortal by Phoenix Blood.

Nico: It's true. It was a scary adventure for her.

Sento: Wow.

Banjo: I'm Ryuga Banjo. But just call me Banjo.

Sento: I call him muscle head.

Banjo: I told you not to call me that!

Eli: Excuse me. But I must discipline the nanny goats!

BONK!

Eli went to bonk Sento and Banjo's heads.

Sento and Banjo: OW!

Me: He does that to straighten people out.

PSYCHO STRINGS PLAY!

But Nico grinned evilly before shaving the back of Eli's head.

BUUZZZZ!

Eli: OW! WHAT THE FUCK!

Nico: HA! I GOT YOU BACK!

Eli: Oh ha ha ha! Yes you did. But it was just a prank!

Nico: Well now we're even.

Eli: Yeah.

We laughed!

Eclair: That was funny!

Rainbow Dash: (LAUGHS) Nice one Nico!

Nico: Yeah.

Me: He sure got you bro!

Eli: (Laughs) Yeah he did! But I had it coming.

I snapped my fingers and regrew his hair.

Gentoku: (chuckles) Sorry, Eli. But…

Gentoku revealed his shirt, which said "You got shaved!"

Me: Nice shirt!

Eli: Yeah that is cool!

Rarity: Those shirts you have are absolutely amazing.

Gentoku: They sure are. Glad you like them.

Maria: They are always cool.

Nico: Yeah.

Wallflower Blush: I like them myself. That is awesome.

Misora and Sawa came out.

Sento: This is Misora and Sawa.

Kazumi: I like calling Misora Miitan!

Maria: And it's awesome to see you both again.

Me: Same here.

Misora: You too J.D. and Maria.

Sawa: And it's an honor to meet you guys.

Eli: You too.

Ace: Sorry about the war that happened here before.

Me: Yeah that was terrible.

Sento: It was but we'll be all right.

Nico: That's good.

Me: And to think that this whole thing started with finding Pandora's Box on the planet Mars.

Maria: Yeah how weird to find that there.

Me: Yep.

Banjo: Why couldn't the war be fun like the ones for Perim and the Cybertronians? At least those made toys and cards.

Maria: Banjo, NO wars are fun.

Me: That's right! All war brings is nothing but pain, suffering, death and destruction. My grandfather fought in World War II a long time ago and it was not a pretty sight for him.

Eli: Yeah all war is terrible.

Me: Yeah.

Twilight Sparkle: Yeah no kidding there.

Wallflower Blush: Many people die from it too.

Sento: Pohatu, do you want to be a Kamen Rider for my team? I even made you your own device.

Pohatu: I would be honored.

Nico: Awesome.

Banjo: Why couldn't you guys have erased Evolt's Blood Stalk form as well?

Maria: I'm sorry, Banjo. But all we were able to erase were Evolt's more powerful forms.

Kazumi: His Blood Stalk form isn't exactly a pushover either. Just saying.

Nico: I know.

Me: Not for us. You have to understand that we are the most powerful force in the entire universe and we have taken on far more powerful enemies than Evolt. And we won EVERY Time.

Sento: You do have a point there.

Nico: Yeah.

Maria: I'm sorry that Soichi Isurugi is locked up with Evolt until the big day as well.

Sento: Maria, I'm sure he would've wanted to be locked up in the Warp instead of being free to hurt people.

Me: Soichi is just as guilty as Evolt is. And when we face him, he and Evolt are both getting the Black Gates. They deserve to be destroyed for tearing all of Japan and nearly the entire planet apart and causing nothing but over 10 years of unholy calamities against nature and humanity and for killing countless lives all over the universe. Evolt is like a bloodsucking leech and he needs to be destroyed forever. But Soichi also needs to be held accountable too regardless of it being against his will.

Nico: I agree there.

Me: Soichi will get sent to the Neptune Prison. He did all this against his will but that still is not an excuse.

Eli: Yeah what he did was horrible.

Twilight Sparkle: It sure was.

But then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We heard an explosion!

Me: And the timing is perfect!

Eclair: This will be awesome.

Me: Yep. And we are going to get the opportunity to test the powers of our new Animal Crystals for the Masters of Evil.

Nico: This will be interesting.

Me: Long story on that. But we'll explain later.

We then came out and then we saw ANOTHER SECONDARY RIDER! It was for Cross-Z!

Banjo: WHAT THE FUCK IS THIS?!

Nico: It's Another Secondary Rider!

Me: And this one is for Cross-Z!

Twilight Sparkle: Wow! First a Power Rangers Another Rider in Phoenix Land and now Another Secondary Rider here!

Me: Jeez! What's next, Another Rider appearing on our next mission?

Eclair: Lets hope not.

Banjo: WHO THE FUCK ARE YOU?!

Another Cross-Z: (In a girls voice) Nico help me!

Nico: That voice! Darla "Crazy Horse" Fields!?

She de-transformed and Darla was a girl with purple hair and she black clothes with Indian Jewelry and had a tattoo of a Moose on her arm and a bear paw on.

Me: Those tattoos. She's part of the Cheyenne Indians! I've had a really strong and amazing fascination with them ever since I was in elementary School.

Eli: Cool.

Nico: Yeah Darla is part of the Cheyenne Tribe. She and I have known each other for a long time. I went to her Indian Reservation back when I was in 3rd Grade and we had an awesome camping trip there.

Wallflower: Wow that is cool.

Darla: Nico you have to help me! (Clutches her head in pain) I can't control this power!

Nico: Fight it Darla!

Darla: I can't!

She was enveloped in a swirl of darkness and she had fullbottles swirl around her. She turned into Another Cross-Z!

Nico: Oh man!

Pohatu: Henshin!

He turned into a new Kamen Rider! Pohatu's Build form was a brown form and it had glowing blue lines on it.

Nico: COOL!

Me: Wow! What is this form called?

Pohatu: I'll call this form Kamen Rider Cherenkov!

Nico: Cool!

Me: After the blue glow in nuclear reactors. I like it.

Eli: Hence why it had blue glows.

Nico: OUCH! Nice one Sunset!

We picked them all up.

Nico: Hold on Darla.

Sento: The others I can use next time.

Nico: Good idea. But wow! This was awesome demonstrating the powers of the Fullbottles of the M.O.E.

Eli: Boy it sure was.

Wallflower Blush: I can't wait to see what they can do on our mission.

Me: Yeah.

Kazumi: Is she gonna be okay?

Nico: She'll be all right.

Me: She's just weak from the effects of the Rider Watch. Oh.

I pulled out a wanted poster for Another Cross Z.

Me: Bounty for Another Cross Z goes to you guys. We updated the bounties for the Another Riders and included the Another Secondary Riders too.

Sento: Awesome!

They got another $500,000,000,000.00 added to their accounts. The Non-Core members have more members than the core ones do.

We came back.

Nico: Get a bed in the infirmary ready! Stat!

Varie and Maria Santiago came.

May: Oh man! Is she okay?

Nico: She's okay. She's just weak from the effects of the Rider Watch.

Gabby Eunice: Oh man! That's Darla Fields! Its been a long time since we saw her.

Nico: It sure has been a while. We got to demonstrate the powers of the M.O.E. Fullbottles.

Me: Yep.

We told everyone everything and we told them how she got the powers of Another Cross-Z and we got the powers of the Non-Core

M.O.E. Fullbottles.

May: Whoa that is amazing!

Laney: Wow no kidding! But that was awesome!

May: Kairi Yano, Avalanche, and Keiichiro should go with you next.

Pohatu: Awesome! It'll be an honor for Sento to meet the LupinRangers and PatRangers.

Nico: It sure will be cool.

---

We were later over in Philadelphia, Pennsylvania and we were at a very familiar house.

Me: Here we are guys.

Ranmaru: Who lives here?

Me: You'll see.

I knocked on the door and then out came a big guy with a red shirt and blue pants and it was none other than the legendary FAT ALBERT HIMSELF!

Fat Albert: HEY HEY HEY! IT'S FAT ALBERT!

Nico: AWESOME!

Fat Albert: Wow! Team Loud Phoenix Storm it's an honor to meet you all!

Nico: You too Albert! I loved watching you growing up.

Cleveland: Oh my god I love Fat Albert and I do know him too.

Shag: You know him, Cleveland?

Cleveland: You bet I do Shag. He and his friends are all amazing.

Nico: Yeah no kidding. They are all legendary.

Fat Albert: We sure are. But it's a shame our creator is in prison now.

Me: I know. Shocking. And I love Bill Cosby.

Eli: Me too.

We also met the Cosby Kids. We met Albert's friends

James "Mushmouth" Mush (voiced by Bill Cosby) is a slack-jawed simpleton with big lips. He always wears a red knit hat with a blue scarf and always speaks in virtual Ubbi Dubbi, tantamount to an overdose of novocaine in the mouth, which Cosby would later use in the "Dentist" monologue from his 1983 film, Himself. He plays a homemade bass guitar in the Junkyard Band.

"Dumb" Donald Parker (voiced by Lou Scheimer) is a lanky, dimwitted fellow. He is Rudy's best friend. He always wears a green long-sleeved jersey three sizes too big, and a pink stocking knit cap covering his entire face except his eyes and mouth. In the Junkyard Band, he plays a trombone made out of plumbers' pipe and a morning glory horn from an old phonograph. In the Fat Albert film and while in the real world, Donald takes off his cap and learns that he has a handsome face.

William "Bill" Cosby (voiced by Bill Cosby) is a character based on Cosby himself and is the host of the series. Like the others, Bill is a good athlete and enjoys playing sports. However, he spends most of his time trying, often unsuccessfully, to keep his little brother Russell out of trouble. Like Fat Albert, Bill is often a voice of reason in the gang, although at times a little more stubborn. In the Junkyard Band, he plays homemade drums made from a discarded foot-pedal trash can using spoons for sticks.

Russell Cosby (voiced by Jan Crawford) is Bill's younger brother (based on his real-life brother-whom he often talked about in his routines) and the smallest and youngest of the Junkyard Gang. He always wears a heavy blue jacket, a yellow scarf, red boots, and a dark blue Ushanka winter hat regardless of the weather. Russell has a penchant for making snide remarks and blunt observations (much to his older brother's consternation). Russell frequently criticizes Rudy, reserving his most withering insults for when Rudy is being especially cocky. His catchphrase is "no class." He plays the xylophone in the Junkyard Band (made out of empty cans and a discarded coat rack).

Weird Harold Simmons (voiced by Gerald Edwards) is a tall, skinny, beady-eyed kid who is the tallest one of the Junkyard Gang and always wears a gold dress blazer, a brown sock on one foot and a red sock on the other, and is clumsy. In the Junkyard Band, he plays a harp made from bedsprings, and on occasion plays a "dressmaker dummy" in the percussion section. In the film adaptation, he is called "Old Weird Harold", as he was in Cosby's stand-up routines.

Rude Rudy Davis (voiced by Eric Suter) is a sharp-dressed, smooth talking, cocky huckster whose smart-aleck attitude frequently gets him into trouble. He is Dumb Donald's best friend. Rudy's cocky attitude and dismissive demeanor are often the catalyst for a typical plot's conflict. But inside he has a good heart and usually learns lessons from his mistakes. In the Junkyard Band, he plays a makeshift banjo, whose parts include a broomstick handle and sewing-thread spool to hold the strings. However, when shown playing apart from the others, Rudy plays an electric guitar (personalized with a big "R"). He always wears an orange flat cap, a fuchsia vest, a pink turtleneck, purple bell-bottom jeans, and boots. Rudy's personality in the Fat Albert movie is much different as he is portrayed as a kind and chivalrous gentleman who falls in love with the female lead Doris (Kyla Pratt).

Bucky Miller (voiced by Jan Crawford), as his name indicates, has a large overbite. He is a quick and flexible athlete. Bucky plays a stovepipe

organ in the Junkyard Band.

Nico: It's so awesome to meet you guys.

Mushmouth: (Gibberish)

Nico: I love your trademark gibberish Mushmouth.

Donald Parker: Yeah he is great.

Fat Albert: Cleveland, I'm glad you stopped hanging around that fat idiot Peter.

Skywarp: Oh, you should be glad!

Cleveland: Me too Albert.

Me: I think everyone is glad about that.

Nico: Yep.

Skydive: Any bad guys that we should know about?

Fat Albert: Just Reggie and Arthur.

Me: Those abusive teens that bully you guys?

Bucky Miller: Yep.

Me: I hate those guys. No offense but those guys are big fat jerks.

Fat Albert: None taken but yeah no kidding.

Laney: Who are they?

Me: A couple of worthless dirtbags.

I went over their history.

---

Reggie and Arthur are two of the three main antagonists (alongside The Lead Teen) of the 2004 comedy film Fat Albert. Reggie is an arrogant jock who bullies the protagonist Doris Robertson and flirts with her sister Lauri, but Lauri is disgusted by him. While Reggie is the brain and muscle, Arthur acted as Reggie's dumb right hand.

Reggie was portrayed by Omarion Grandberry, and Arthur was portrayed by J. Mack Slaughter, Jr..

When Fat Albert and the gang pop out of the TV to help Doris with her situation, Reggie and Arthur, not knowing the gang is from a TV show, begins a rivalry with Fat Albert (particularly after seeing Albert hit on Lauri).

At a disco party, Reggie tried to get Fat Albert to go on stage to humiliate him in front of Lauri, but it backfired when Fat Albert sang a rap version of his theme song and got the whole crowd dancing.

As Fat Albert got off the stage, he handed Reggie a coke can. As Reggie began to grow even more suspicious of Fat Albert, he opened the can, only to have the soda spray him all over the face (as Fat Albert was shaking the Coke can while he danced on the stage).

Near the climax, Reggie and Arthur discover that the gang is from the TV upon spying on them from Doris' house window. Hearing that the gang has to go back in the tv and seeing Fat Albert not go in, Reggie and Arthur decide to take advantage of this.

When a very faded Fat Albert came to encourage Doris on her track run, Reggie announced to everyone that Fat Albert wasn't who he thought he was, but before Reggie could expose Fat Albert's secret, the big guy grabbed him by the collar and demanded "Hey, hey, hey, Get outta my way!" and Reggie ran away in fright. Arthur without hesitation allowed Doris to borrow his skateboard for Albert to race back to her house. Then Arthur ran away as well.

It is unknown what happened to Reggie and Arthur afterwards.

---

When I was done everyone was shocked!

Laney: Man what a couple of screwballs! (FARTS) Sorry.

Hunch: Do you guys want to join the team?

Fat Albert: We all would be honored.

Mushmouth: (Gibberish)

Me: He said they all would.

Nico: Cool.

Lola: Awesome!

Laney: (FARTS) Sorry! Still got beans in me.

We laughed.

Nico: Lets head home and get ready for our next mission. You guys will love it.

We went back to the estate.

We were getting ready and then Evil Lyn, DC Enchantress, Jack O Lantern, Biowulf, Whiplash, Aqueduct, U Foes, Madame Masque, and Pterodactyl Ghost appeared.

Pied Piper: Can me, Evil Lyn, DC Enchantress, Jack O Lantern, Biowulf, Whiplash, Aqueduct, U Foes, Madame Masque, and Pterodactyl Ghost go with you guys?

X Ray: Nice to meet you, Fat Albert.

Fat Albert: You guys too! So awesome.

Madame Masque: Wow! I loved watching you guys growing up! Really awesome memories.

Bucky: Glad you did.

Nico: Yep. All right here is our next mission. We're going to the Lego World and we're going to the planet Ysmault. We're going to battle the Lego version of Atrocitus.

Me: Cool!

Laney: Wow! This will be fun!

Omaima Lexington: It sure will be and I love the Lego world. (LOUD FART) Oops sorry.

Nico: No worries.

Laney: We're just full of gasbags aren't we.

We laughed.

Nico: Yeah.

Skullgrin: Boss, which Gene Slammer do you think you'll meet on your next rescue?

Ironclad: Lynn, I hope you're not jealous of Laney right now.

Lynn: Nah. I was earlier but not anymore. I'm proud of Laney.

Nico: We all are. Also to answer your question I'm hoping to do one for Ball Weevil's kind next.

Me: Cool!

Laney: Awesome! A Weevlian gene-slammer.

Nico: Yep.

Maria: That one will be so cute!

Vapor: Honestly, the Lego versions of Luthor and Joker would make good recruits.

Nico: I agree there. All right lets go!

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Justin Nolan, the Explosives Expert of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is another Blood Dragon coming after us?

Lincoln: That's right, Nico, and it's Justin Nolan, the Explosives Expert of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us, and they're pissed off that the barrier came up again yesterday.

Nico: Yep, we guessed it.

Loreena Kellington: So, the Explosives Expert of The Blood Dragons is heading here, eh? Perfect, now we can deal with him, and he's also got tons of bombing federal buildings on his record as well.

Nico: Bombing federal buildings, this guy's got a death wish if he's bombed federal buildings all over the country.

Lincoln: The court's going to have quite a field day with this scumbag when we capture all of the Blood Dragons and get them sent to the starry lonesome forever.

Nico: You got that right, big guy. Alright, gang, let's go, time to teach the Lego version of Atrocitus a very painful lesson.

We went to the ship and we were off. We went through a portal to the Lego Universe and we were off to Ysmault!

---

The U.S.S. Valorous Phoenix was flying through space.

Nico: Team Loud Phoenix Storm Captain's Log, Stardate 6612.2: The U.S.S. Valorous Phoenix is en route to the planet Ysmault, home world of the Red Lantern Corps that embody the emotion of Rage. We're going to be in for one nightmarish challenge as we take on the Lego Version of their leader Atrocitus. It's going to be a brutal battle but we're going to be ready for him.

Laney: I hope we kick some Red Lantern butt.

Lana: Me too.

Cole: I can't believe you guys fought an Another Rider version of me.

Tengu Man: I can't believe it either.

Me: Boy none of us can. It's something no one ever even saw coming.

Nico: No kidding there.

Laney: Yeah. But the cool part is we got Animal Crystals for each member of the Masters of Evil both Core and Non-Core.

Cole: That is true.

Cole revealed this his M.O.E. Crystal was a Blue Lion with Wolf O'Donnell's symbol on it.

Nico: That is awesome though.

Me: It sure was. If Another Wild Force Red had all those Wild Zord Crystals in it it'll be interesting to see what Another Super Megaforce will have.

Nico: Yeah.

Grier: Swartz must've realised that we're going to eventually defeat all his Another Riders.

Me: That's right we are and yeah that could be the reason. So he's trying to come up with more ways to try and destroy us.

Nico: Yep. But what he doesn't know is that he is only helping us get more and more tools.

Eli: Yeah.

Me: If we face Another Lightspeed Rescue Red, I have a feeling that one will be interesting.

Carter Grayson: How so?

Me: I have this feeling that he will have all the weapons and arsenal you have imbued with the powers of the Masters of Evil as well.

Kelsey Winslow: Wow! That will be interesting.

Dana Mitchell: But it would be amazing to see what they can do.

Lola: It sure would be awesome.

Vector: How is this Ysmault different from ours?

Nico: It's the same world with the same terrain and landscape but the people are all Lego Characters.

Vector: Oh that makes sense.

Nico: Yeah.

Me: But this is gonna be an awesome battle.

Laxus: You excited for this one, Bleez?

Bleez: I sure am. It'll be great to get some well deserved payback on Atrocitus.

Eion: It will be awesome to face him.

Laney: Atrocitus is not to be taken lightly though.

Brittney: That's for sure.

Zilius Zox: But we're ready for him.

Nico: Yes we are.

Whiplash: Don't forget that the Atrocitus we know is in our ranks.

Nico: Yep. That's true. A Lego Version won't hurt to be added.

Lucy Loud: No it wouldn't.

Lynn: Yeah.

RD Lana: Rarity, I think you and Juru might have a chance to shine here.

Rarity: Oh this is gonna be so fun.

Juru: It sure will be awesome.

Me: Yep.

Pterodactyl Ghost: I'll search in the sky for any Lego heroes or Villains.

Nico: Okay. We should be there.

Lisa Loud: And we have arrived at our destination.

Nico: On screen.

We saw that we were at a blood red planet and it was a scary world.

Nico: There it is. Planet Ysmault.

Lola: Scary planet.

Fluttershy: Oh it sure is scary.

Me: Yeah.

Nico: Lets land.

We got the ship landed and we came out and we saw that the planet was all a terrifying place and it was a gnarled, twisted and scary mountain world. There were lakes, rivers and ponds filled with blood and there were bones all over and also canyons and more.

Nico: Whow.

Me: The planet Ysmault.

Eli: Wow.

Twilight Sparkle: So this is Ysmault.

Drillhorn: This is nothing new. After all, we've been to our version of this.

Nico: Yes we have but not in this universe.

Drillhorn: True.

Me: Just keep your eyes peeled for Red Lanterns. They know we're going to be here.

Eli: They she will.

Lola: Yeah.

Me: We're going to smash their butts into dust too.

Nico: Yep.

Madame Masque: Hello? Any Lego heroes or villains here?

Nico: Hmm.

We looked and then found nothing.

Me: Weird. There's nothing here.

Nico: Okay Pterodactyl Ghost. Take to the air.

He did so.

Magmon: This is actually my kind of place.

Nico: It sure is.

But then.

SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP SLAP!

LOUD SCREAMING!

We heard screaming in the distance and we also heard what sounded like spanking!

Nico: Is that Spanking?

Lucy Heartfilia: Ooh ouch.

Biowulf: I smell someone up ahead. It's not a Red Lantern.

Me: Are you sure it's not Laney or Omaima?

Biowulf: I'm positive.

Pterodactyl Ghost then came.

Pterodactyl Ghost: I found some heroes! They are under attack by Red Lanterns. They were the Lego versions of Terra, Starfire, Raven, Carol Ferris, Killer Frost, Cheetah, Firefly, Power Girl, Bleez and The Spoiler!

Nico: Stephanie Brown A.K.A. The Spoiler? We haven't met our version of her yet.

Ember McLean: Everyone except Firefly is a girl over there!

Me: Yeah! And the Lego versions of Firefly, Killer Frost, Cheetah, Power Girl and Bleez will make great additions to the M.O.E.

Laney: I agree there.

Nico: Same with me. We already have the Lego version of Condiment King with them.

Laney: He is funny.

Nico: Lets go.

We went at the Red Lanterns they were fighting and then fireballs rained down on them and incinerated them in an instant! We landed and suddenly our auras exploded out with incredibly awesome power from the rage and negative energy they had that we absorbed!

Me: WHOA!

Evil Lyn: Hello there. You guys okay?

Lego Terra: Thanks to you guys.

Lego Starfire: Yes we owe you guys.

Lego Raven: Wow you're Team Loud Phoenix Storm.

Lego Killer Frost: Wow it's an honor! Condiment King told us so much about you guys.

Me: I had a feeling he did Louise.

Lego Killer Frost: How did you know my name?

Me: We know all about the Superheroes and Supervillains in the comic books. Superhero and Supervillain identities are pretty much non-existent in our world.

Lego Cheetah: That is amazing.

Chill Bill: (to Lego Firefly and Lego Cheetah) I'm very sorry that Nico and Marinette didn't meet you guys before.

Lego Firefly: No worries. But it's cool.

Lego Cheetah: Yeah it is.

Me: And Stephanie Brown A.K.A. The Spoiler. We haven't me you in our world yet. Your father Arthur Brown the Cluemaster is one of the M.O.E.'s members and he is Aang's archenemy.

Aang: It's true. He is really awesome.

The Spoiler: Wow that is cool.

DC Enchantress: Listen, I don't mean to rush you guys. But have you seen your version of Superman and Batman? Heck, we won't mind Joker or Luthor!

Lego Terra: They are back on Earth.

Me: The Lego Versions of the Joker and Luthor we can handle because they are both really funny. Also they would make great members of the Masters of Evil. Our universe's versions of them are both dead and destroyed. Given the Black Gates.

Nico: Yeah they had it coming.

Qin: Yeah they needed to be destroyed too.

Aqueduct: Fuck it! We can't wait for the four of them! We have to find where Lego Atrocitus is and take him down!

Nico: Patience Peter. They'll come.

Aqueduct: Okay.

Lego Power Girl: Was that your ship that we saw land earlier?

Nico: It sure was.

Lego Starfire: That's your ship!? It's as big as the moon!

Me: It's over 1,200 miles long.

Nico: Yep.

Lego Raven: Wow.

Nico: Wait.

We heard something and then out came Lego Batman, Superman, Joker and Lex.

Nico: There they are.

Lego Superman: Team Loud Phoenix Storm! Awesome you all made it.

Lego Lex: Looks like we have more heroes to face.

Nico: You are not worth our time Lex. Nor you Joker because you two are versions we can handle.

Me: Yeah you guys are funny.

Beelzemon: Entrance time!

Nico: We'll talk more later. Lets go get Atrocitus!

We went to face him.

Lego Atrocitus was walking around and then the spirits of the Ninja

Stars of Machine Elements appeared and swirled around him and then smashed him all over the place! Then they converged and then Red Lantern Light blasted him all over and then we came out.

Nico: Hello Atrocitus!

Me: Time for you to take a chill pill!

Lego Atrocitus: You want to get to me you got to get passed them!

Then a massive number of Red Lanterns appeared!

Maria: Fuck! We have to get past these Red Lanterns first!

Rekka Battou! Brave Dragon~! Rekka Issatsu! Yuki no ryuu to Kaenken Rekka ga majiwaru toki, shinku no tsurugi ga aku wo tsuranuku!

Me: I know that transformation anywhere!

Out came the Saber Kamen Riders!

Lola: Hey guys!

Touma: Looks like we got here just in time!

Nico: Awesome to see you all here.

Rintaro: Yeah! J.D. did you guys face Another Blades?

Me: Yeah we sure did.

Starlight Glimmer: It was really awesome but we all got our own Wonder Ride Books.

Eli: Yep.

Touma: Wow!

Megan McCallister: Let me help you guys!

Lego Joker: Um… you CAN turn into their type of Kamen Rider, right?

Megan McCallister: Yes I can.

She put in her Wonder Ride Book!

Megan McCallister: HENSHIN!

She went Saber! Her form called Kamen Rider Star Storm!

Nico: Atrocitus, I'm taking you out for a drive!

Lego Atrocitus: Ha! There are no vehicles around here for you to use, fool!

Jack O Lantern: He was borrowing the catchphrase of a certain Kamen Rider.

Lego Luthor: Is this a verbal tic that happens to Nico often?

Me: Yeah but it's really cool!

Nico: Yep. That was Drive's Kamen Rider line.

Me: Yep. And we meet Shinnosuke tomorrow.

Lola: Yep.

May: And I ripped out Nira's spine.

Lego Atrocitus: I like your style girl.

Then Titania, Titanium Titan, Dodgeball Wizard, Count Spankulot, White Lightning, MetalSeadramon, Goro, Villamax, Beast Man, and Stratos appeared.

Nico: Titania, Titanium Titan, Dodgeball Wizard, Count Spankulot, White Lightning, MetalSeadramon, Goro, Villamax, Beast Man, and Stratos.

Count Spankulot: (Transylvanian Accent) I take it you heard me making these Red Lanterns feel the stingy wrath of the Hand of Justice being administered to these naughty Red Lanterns.

Lucy Heartfilia: I had a really big feeling that was you Count.

Titania: (to Lego Luthor and Joker) You two are gonna make good recruits.

Lego Joker: Well, maybe since Bats is always busy, my archenemy can be the Bloxx Girl.

Titanium Titan: (Spanish Accent) That can be arranged.

Iris Brockman: I would be honored to be the Lego Joker's archenemy.

Lego Luthor: As for me, I'd like a certain weapon of mine rebuilt.

Dodgeball Wizard: Show us the blueprints later.

Me: We'll see what they can do.

Count Spankulot: (to Nico): We heard you went to Phoenix Land.

Nico: We sure did.

White Lightning: Did you have fun?

Me: We all did. And we had a lot of awesome fun there.

White Lightning: Wow! (See's Fat Albert) Whoa Fat Albert! Awesome to meet you! I loved watching you all the time back when I was a kid! So awesome!

Fat Albert: I'm glad you did.

Big Burpa then appeared.

Me: Big Burpa. Back for another round?

Big Burpa: Yep.

Me: Cool.

Big Burpa: Maybe you should consider visiting Lego Marvel Heroes in the future.

Nico: That's not a bad idea.

Laney: Yeah.

Nico: LETS GET IT ON!

We got the usual battles underway!

---

Fabia, Princess Celestia, Amber Morning, Light Skylanders, Raimundo, Lori, Loki, Glumshanks and Hunch VS Titania - Nico's Rescue

---

Titania was first.

Titania: (to Fabia) I hope Nico had fun on his rescue. (Growls) Because Swartz just made things a lot more dangerous!

Fabia: Well look on the bright side. We now have the opportunity to get weapons from each of the Power Rangers imbued with all your powers. Also this will be an interesting thing for all of us.

Princess Celestia: It sure will be interesting.

Amber Morning: Yeah I think it's going to be really fun.

Spotlight: Yeah no kidding.

Raimundo: I agree there too. It'll amazing to see which Another Rangers will appear.

Lori: It literally will be awesome.

Loki: Yep it sure will.

Titania: I can tell you're all looking forward to this one. Lets do it!

They fired waves of light and wind and smashed her down.

---

Nuju, Pinkie Pie, Featherweight, Tech Skylanders, Vinyl Scratch,

## Luna Loud, Sam S.L., Tengu Man and Sword Man VS Titanium Titan - Having Fun in Phoenix Land and shocking that there are now Another Power Ranger Riders Running Amok

Titanium Titan was next.

Titanium Titan: (to Nuju) Nico, Leni, and the others must've had a lot of fun in Phoenix Land. But it's shocking that there are now Another Power Ranger Riders Running Amok!

Nuju: It was really shocking for them to see that! But it was awesome to see Another Rider versions of the power rangers. Swartz is giving us a lot of awesome tools too.

Pinkie Pie: They sure are amazing! Now Swartz is giving us awesome tools for the Power Rangers too!

Featherweight: Yeah he sure is.

Sprocket: We're really looking forward to this.

Vinyl Scratch: Yeah we sure are.

Luna: You said it dudes!

Sam S.L.: Yeah it's really cool.

Titanium Titan: I can tell you guys are excited about this. Lets do it1

They fired waves of ice, gears, lightning and energy and smashed him down.

## Dan Kuso, Sunset Shimmer, Pipsqueak, Fire Skylanders, Princess What's-Her-Name, Earthworm Jim, Peter Puppy, Grier and Moosk VS The Dodgeball Wizard (Codename KND) - Lincoln's Rescue

Dodgeball Wizard was next.

Dodgeball Wizard: (to Dan) I heard Lincoln's rescue was in Mexico. How was it?

Dan Kuso: It was really cool! We took on evil versions of Kars, Esidisi, Wamuu, and Santana, the Pillar Men from JoJo's Bizarre Adventure: Battle Tendency.

Sunset Shimmer: That was so amazing!

Pipsqueak: (British accent) It sure was cool!

Sunburn: We had a lot of fun on that one.

Princess What's-Her-Name: We sure did and it was awesome.

Earthworm Jim: We sure did my little daffodil.

Peter Puppy: It was really cool too.

Dodgeball Wizard: Glad you guys had fun. Lets do it!

They fired waves of fire and smashed him down.

## Lucy Heartfilia, Twilight Sparkle, Starshine Sparkle, Magic Skylanders, Brittney Knudson, Lucy Loud, Laxus Dreyar and Alan & Ann VS Count Spankulot - Meeting a gene-slammer for Holactie the Creator of Light

---

Count Spankulot was next.

Count Spankulot: (to Lucy) I heard you guys met a gene-slammer for Holactie the Creator of Light. What's her name?

Lucy Heartfilia: Her name is Althea Aganad and she is from the Philippines and she is the most powerful gene-slammer ever. She is the ultimate fusion of all 3 Egyptian God Cards.

Twilight Sparkle: She is the most poewrful gene-slammer we've ever met and she is amazing.

Starshine Sparkle: Yeah she sure is. But you are not going to like what happened with Lori because of her dark side. But please don't spank her for this.

---

Althea Aganad: (Filipino Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Althea, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Althea Aganad: (Filipino Accent) That's incredible.

Nico: It sure is. So, Althea, what's this really horrible revelation about Lori that nearly got her sent to Ionia Correctional Facility, Michigan's toughest maximum security prison?

Althea Aganad: (Filipino Accent) You're not going to like it one bit, Nico. I was walking through Franklin Avenue one day, but then, I heard the sound of the call for help coming from The Loud House, and I found out there's only one person who could've made that call for help: Lincoln, and he was in trouble. I went inside and I went to Lincoln's room, but the room was bolted and nailed shut with boards and nails. I busted the door down, and I saw Lincoln, but he was really pale and weak from hunger. I was really horrified and I picked him up, and the other sisters came out, and they all saw Lincoln, and they freaked when they saw him really pale and weak from hunger. He then told me and the others that Lori attacked him and threw him in his room and bolted and nailed it shut with boards and nails. That horrified everyone, and I was enraged beyond measure. When Lori and the Loud Parents came in and saw Lincoln, the parents were horrified at his condition, but as for Lori, she went ballistic and tried to kill Lincoln, but I punched Lori hard in the face and knocked her down. I told the parents what happened, and they were really enraged at what Lori did, and she said she's had it with Lincoln living, so she tried to kill him and she'd swore she'd do it again, and she meant it in a cold-hearted manner. They were about to call the police and get Lori sent to Ionia Correctional Facility forever, but I decided on something a lot worse: I'd decided to send her straight to The Royal Woods Jail, and she'd really be in it now, and the cops made sure that Lori saw her fate if she tried to kill Lincoln again, and back at The Loud House, Mr. Loud fixed up his Lynn-sagna, and Lincoln ate all of it, and he was getting his strength back. Then, he ran up to me and he hugged me tightly, and he started crying into my chest, and I held on to him and hugged him, and I didn't let go.

We were not only shocked, but we also had tears coming down from our eyes.

Me: My God.

Nico: Damn, now that was just a cold-hearted move for Dark Lori to make, the heartless bitch! If that bitch so much as gets out again, I'm going to take a chainsaw and shove it right up her… !

Lincoln: Nico, I'd watch what you say, you know I have eight newborn baby daughters, and I don't think they'll like hearing their uncle say something that profane.

Nico then covered his mouth and blushed in embarrassment.

Me: Now, that was a close one, nice warning, Linc.

Lincoln: Thanks, J.D. But, Nico, I don't blame you for getting that mad at Dark Lori, she's always forced Lori to think only of herself, and be completely cold and distant, and treat her own family like they were strangers and servants. Which is another reason why she and the other Dark Louds are getting The Black Gates after Dark Lynn gets clobbered and broken like a rag doll.

Eli: You said it.

FLASHBACK ENDS

Count Spankulot: My goodness! That is something that I would unleash the hand of justice on her for. But her dark side deserves it more than her.

Loreena Kellington: I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne. You can come out now, Justin Nolan.

A 24 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder came out, it was Justin Nolan, the Explosives Expert of The Blood Dragons.

Loreena Kellington: I should've known Bryan Greyson would send you to kill us, Justin Nolan. But, your days of killing people are about to come to an end.

Justin Nolan: I'll wipe that smug look off your face by killing you and everyone you love, bitch.

Loreena Kellington: Still the same lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Loreena Kellington's purple eyes turned neon purple, and she was surrounded by a purple energy aura with stars, psychic energy, and The Emperor, she unholsters her massive Arcana Force IV - The Emperor-themed sword and Sword of The Arcana from her back, and as she approached Justin Nolan, she left purple energy, stars, psychic energy, and Arcana Force IV - The Emperor with every step.

Loreena Kellington: You've gotten away with one crime too many throughout the years since Bryan Greyson formed The Blood Dragons, not to mention the murders you've committed along with the bombings you've done, Justin Nolan, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Loreena Kellington was surrounded by a massive vortex of purple energy with stars and psychic energy surrounding it, there's Arcana Force IV - The Emperor flying around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Loreena Kellington emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Loreena Kellington grew from 6'5" to 6'11" in height, she has the body of a goddess, she has purple highlights in the bangs of her long flowing purple hair, she has neon purple eyes and a purple energy aura with stars, psychic energy, and Arcana Force IV - The Emperor surrounding her, she has Arcana Force IV - The Emperor and with the Star Kanji in its hands emblazoned on her forehead, she has on Arcana Force IV - The Emperor earrings with purple gems for eyes and holding the Star and Eternity Kanjis in its hands, she also has the Arcana Force IV - The Emperor with purple gems for the eyes and the Star and Eternity Kanjis in its hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with purple crystal links from her merged Crystal Necklace of the Buddha and purple gems on the gold lightning bolts. Loreena Kellington has on a sleeveless purple blouse, purple sleeveless top with black vertical stripes, purple skirt with flowers, purple pants, purple sneakers, and long purple sleeveless trenchcoat with stars and psychic energy on the coattails, and on the back is Arcana Force IV - The Emperor surrounded by stars. Suddenly, Loreena Kellington felt a sharp pain on her back, and then, her massive purple angel wings grew much bigger for her new body, and the large purple feathers have dark purple tips and stars in the feathers. Loreena Kellington has on a Ring of The Phoenix with purple gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Loreena Kellington's massive Arcana Force IV - The Emperor-themed sword and massive Sword of The Arcana began merging together and they were surrounded by a kaleidoscope of purple energy, leaves, plants, and psychic energy, and when it emerged, it's been transformed into Arcana Force IV - The Emperor's Star Arcana Greatsword of Psychic Justice, it's a brand-new greatsword with Arcana Force IV - The Emperor and the Major Arcana card The Emperor etched on the 7'0" massive, wide, double-edged purple blade, large purple angel wings for the crossguard, large purple gem embedded in the rainguard, longer black handle, and large purple gem with angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with purple gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Arcana Force IV - The Emperor with purple gems for eyes and a large purple gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on her right hip and Eater of Sins revolver holstered on her left hip. There's a spring green kanji below Arcana Force VI - The Lovers that said, "Loreena Kellington, Gene-Slammer of Arcana Force IV - The Emperor, Very Strong and Powerful Psychic Mindreader and Clairvoyant, Loving Guardian Angel and Future Wife of Lincoln Loud, Destroyer of The Blood Dragons, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Dear Friend of Melanie McPherson, Catherine Hoshi, Jade Hyotonia, Penelope Harrisburg, Yvonne Qinsington, Evelyn Francois, Roxanne Lowinsky, Sonnya Rexxington, Sylvia Starron, Sophia Starron, Felicia Terrington, and Sylvia Starron, and Master of Stars, Psychic Energy, and the Arcana"

Loreena Kellington has transformed into SUPER ANGEL ETERNITY INFINITY STAR ARCANA FORCE IV PSYCHIC ANGEL OF PSYCHIC STAR JUSTICE AND DIVINE CLAIRVOYANT LOVE!

We were amazed by Loreena Kellington's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Justin Nolan saw it, the thug got a bomb and was about to throw it at her, but Loreena Kellington fired a powerful blast of purple energy with stars, psychic energy, and Arcana Force IV - The Emperor, and it sent the bomb into space and it exploded and sent Justin Nolan flying into a wall.

Melanie McPherson: (Scottish Accent) Whoa, Loreena's transformed, that's so awesome!

Nico: You said it, Melanie. This is going to be good.

Lincoln: Wow, Loreena, you look beautiful. How do you feel?

Loreena Kellington: (Divine Echoing Cosmic Voice of The Arcana Star Emperor and Divine Clairvoyant Love) **I feel incredible, Linky. Now, shall we deal with that thug, Justin Nolan, once and for all?**

Lincoln: (Smiles) With pleasure, Loreena.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Loreena Kellington.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that thug away for the rest of his life.**

Loreena Kellington and Lincoln went after Justin Nolan, who tried to shoot them with his gun, but they grabbed the bullets and they crushed them in their hands and Lincoln also fired a blast of rainbow fire which melted his gun, and they fired powerful blasts of rainbow energy, purple energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Arcana Energy at Justin Nolan, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Me: Uh oh, here it comes.

Justin Nolan drank the werewolf serum, and we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **So, he wants to play it like that, huh? Okay, then.**

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's rip him to shreds.**

Loreena Kellington and Lincoln attacked him with their massive greatswords and left painful scars on him and they also spilled his blood and it caused him to roar in anger, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on his chest, and the cure took effect as Justin Nolan changed back to normal. Then, Penelope and Lincoln fired a blast of magic and it hit Justin Nolan, and put him into a special card prison where he'll be locked up until trial, and into a box that Melanie McPherson made, where she put Morgan Wesley, Gary Reese, Riley Cooper, Nelson Everett, Kyle Carter, Marc Landon, Corey Hudson, and Eric Archer into. We cheered wildly for what Loreena Kellington and Lincoln did as they holstered their massive greatswords on their backs and powered down and Lincoln changed back, and Loreena Kellington's new body, clothes, weapons, jewelry, and massive red angel wings are permanent.

Loreena Kellington: That's another Blood Dragon down and three to go. Thanks for helping me take down Justin Nolan, Linky.

Lincoln: (Smiles Warmly) You're welcome, Loreena.

Suddenly, Loreena Kellington wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down to Loreena Kellington's face, they kissed passionately as Loreena Kellington's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force IV - The Emperor flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and stars gleaming in the skies behind them and the rest of Lincoln's harem cheered for them.

Jade Hyotonia: Which means the next Blood Dragon to show their ugly face tomorrow is Colin Mason, the Muscle of The Blood Dragons.

Lincoln: That's right, Jade, and we're going to flatten that muscle-bound thug tomorrow, and then, all that's left is to take down Alan Cameron, and then, we get to the final showdown with Bryan Greyson, the leader of The Blood Dragons.

Nicholette Torrington: And that'll be another mess of Damian Alaister's cleaned up. I can't believe the Blood Dragons would ally with The Church of Necrom, they know of the pain and suffering those 18 Demon Goths have done throughout the years.

Lincoln: Yes, but they really don't care about anyone except for themselves.

Nico: You said it. Oh, Lincoln, Laney, Lynn, Lila and I made something for you three.

Lila Rosencroft and Nico hand Lincoln, Lynn, and Laney three bowls of their famous Rosencroft-Chan Chili from The Earth's Core and the bowls were glowing with a neon purple glow and the bowls were emitting a low hum and our Geiger Counters were going off the charts!

Lincoln: Thanks, Lila and Nico.

Lynn: Whoa, this is going to be awesome.

Laney: J.D. already tried it first, now it's our turn.

She also handed Lincoln, Lynn, and Laney a spoon and Lincoln, Lynn, and Laney tried some of the chili.

Then…

THREE SUPER INCREDIBLE MASSIVE EXPLOSIONS OF RAINBOW FIRE AND INCREDIBLE SPICE!

It cleared up 25 seconds and it was intense!

Lynn: Whoa! Now, that's some nuclear hot chili.

Lincoln: Really awesome, and she heard about the three of us being True Spice Demons, and she also wanted to see us handle the heat of their nuclear hot and spicy chili.

Laney: And we really passed with flying colors.

Lincoln, Lynn, and Laney ate the whole bowls and they were delicious! Their rainbow fire auras were incredibly strong and powerful and they felt like they absorbed the hatred of an infinite number of Kisenian Blossoms, and they licked the bowls cleans.

Lincoln, Laney, and Lynn: Ah. (BELCHES AND RAINBOW FIRE CAME OUT OF THEIR MOUTHS)

Nico: Dang!

Lila Rosencroft: Whoa, you were right, Nico, Lincoln, Lynn, and Laney are tough True Spice Demons, and they love our chili.

Nico: Yep.

We laughed!

Me: YEAH!

Nico: But great job today everyone. We're off to an awesome start for number 1 of the Lantern Planets.

Eli: We sure are.

Lego Batman: (To the viewers) This is part one of the Lantern Planet Adventures. Be ready for more to come.

Nico: You can be sure of that.

# LANTERN PLANET ADVENTURES 2 - AVARICE

Journey to Planet Okaara - Planet of Greed

---

In the early morning hours at 2:53 AM, Lincoln had a dream, and he saw seven figures who was hiding out and living in the streets of Cairo, Egypt. But, they were no ordinary seven figures, their were Starburst, daughter of Lincoln's future wife, Twilight Sparkle. Sunray, daughter of Lincoln's future wife, Sunset Shimmer. Prism Bolt, son of Lincoln's future wife, Rainbow Dash. Anthea, daughter of Lincoln's future wife, Fluttershy. Cotton Candy, Daughter of Lincoln's future wife, Pinkie Pie. Crystal Clarity, daughter of Lincoln's future wife, Rarity. and Golden Delicious, son of Lincoln's future wife, Applejack. Lincoln woke up from the dream, but he wasn't the only one, Twilight Sparkle, Nyx Midnight, Sunset Shimmer, Rainbow Dash, Fluttershy, Pinkie Pie, Rarity, Applejack, Lori Loud, Nico, and I also had the same dream.

Lincoln: Twilight, Nyx, Sunset, Rainbow, Fluttershy, Pinkie, Rarity, Applejack, Lori, J.D., Nico, did you guys have that same dream as me?

Lori: We sure did, bro.

Twilight Sparkle: And it also means that we found out where our kids, are at.

Nyx Midnight: But the question is, Where?

Me: They're at Cairo, Egypt.

Nico: Oh man, that's not good. It's the same place when we found Zeta Telekinetic, Frostbyte, Princess Frozen, and Grindcore. And is not a safe place for them.

Lincoln: That's right, Nico. Come on, we're going to rescue them, and bring them to the Estate.

Lori: You got that right, bro.

Lincoln, Lori Loud, The Mane 7, Nyx Midnight, Me, and Nico were heading to Cairo, Egypt. Lincoln saw a 11-year-old girl who has light orange skin, blue short hair with light blue and pink streaks, and purple eyes. She wore a orange blouse, dark blue skirt with a picture of a starburst star, blue socks, and black platform loafers. A 12-year-old girl who has dark pink skin, orange short hair with yellow and red streaks, and dark yellow eyes. She wore a light red blazer, underneath, she wears a white shirt, black jeans, and black small heel boots. A 13-year-old boy who has grayish blue skin, darker blue her with red, yellow and blue streaks, and green eyes. He wore a black and dark blue racing jacket with a picture of a prism with a rainbow thunderbolt, black pants with dark blue lightning bolt-like design on the sides, and black and dark blue running with a lightning bolt on the sides. A 13-year-old girl who has light blue skin, pink hair with white streaks with a blue hairclip, and dark yellow eyes. She wore a dark yellow short sleeve jacket, Underneath, she wears a pink and white striped long sleeve shirt, blue short denim shorts, white leggings with yellow polka dots, and yellow sneakers. A 11-year-old girl who has light pink skin, light green hair tied in a single braid with a green flower, and light blue eyes. She wore a red dress with flowers on it, dark green leggings, and green flats. A 12-year-old girl who has light purple skin, short purple hair, light blue eyes, and freckles on her nose. She wore a white sleeveless shirt dress, gold bracelets, black leggings, and light blue ankle strap low heel ballet flats. And a big and tough 13-year-old boy who has light orange skin, brown hair with yellow streak, and blue eyes. He wore a red neckerchief, a blue denim shirt with rolled-up sleeves, Underneath, he wears a white t-shirt with a picture of a gold apple, blue country denim pants, and brown boots. Lincoln saw who they was, it was Starburst, Sunray, Prism Bolt, Anthea, Cotton Candy, Crystal Clarity and Golden Delicious.

Lincoln: Excuse me, are you Starburst?

Starburst: Yes. Who are you?

Lincoln: I'm Lincoln Loud of Team Loud Phoenix Storm, and this is

my older sister, Lori Loud, my older brother and leader of Team Loud Phoenix Storm, J.D. Knudson, and my second brother and second leader of Team Loud Phoenix Storm, Nico Chan. And there's also someone you know all too well.

Then, Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Fluttershy, Pinkie Pie, Rarity and Applejack came out, and when Starburst, Sunray, Prism Bolt, Anthea, Cotton Candy, Crystal Clarity and Golden Delicious saw Them, they were stunned.

Starburst: Mother, is that you?

Twilight Sparkle: Yes, sweetie, it's me.

Starburst, Sunray, Prism Bolt, Anthea, Cotton Candy, Crystal Clarity and Golden Delicious ran up to Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Fluttershy, Pinkie Pie, Rarity and Applejack, and they hugged, and they cried tears of happiness, and we looked on at the scene. Then, Lincoln joined in on the hug, along with me, Nico, Lori, and Nyx Midnight.

Lincoln: And there's something you should know, Twilight, Sunset, Rainbow, Fluttershy, Pinkie, Rarity, Applejack, your mothers are one of my many future wives.

Starburst: Wives? Are you saying that because… you're our father now?

Lincoln smiled, and that filled Starburst, Sunray, Prism Bolt, Anthea, Cotton Candy, Crystal Clarity and Golden Delicious with joy, as he picked them up and they hugged, and we had a smile on our faces and tears in our eyes.

Lincoln: Alright, everyone, let's go home. I can't wait until we tell everyone in the morning about this.

We went back home to the Estate, and Lincoln told everyone what happened, and he then introduced Starburst, Sunray, Prism Bolt, Anthea, Cotton Candy, Crystal Clarity and Golden Delicious to the rest of his siblings, who are now their aunts. We were proud of what Lincoln did in reuniting Twilight Sparkle, Sunset Shimmer, Rainbow

Dash, Fluttershy, Pinkie Pie, Rarity and Applejack with their kids, and they now has a loving, strong, brave, and caring father in their life.

Princess Cadance and Black Widow were with us.

Nico: That's very unusual that there is another Power Rangers Rider appearing in the Crystal Empire.

Eli: Yeah no kidding.

Me: But we're going to be ready for it.

Laney: I have a strong feeling it's going to be Another Lightspeed Rescue Ranger too.

Lola: That will be awesome.

Princess Cadance: But if anyone can beat it you guys can.

Black Widow: I'm ready to help you guys.

Nico: Same here. And yes we will gladly smash this Riders face in.

Himiko: Yeah we sure will.

Nico: Thanks for coming with me, Scott.

Nico: That is so awesome.

All Aboard: Crystal Empire!

The Train pulled up and we got off.

Me: Boy that was fast.

Princess Cadance: It sure was quick.

Twilight Sparkle: It'll be amazing to see the Crystal Empire again.

We walked to the Crystal Empire.

Nico: Your Yost counterpart is pretty much wearing the Ant Man suit as well.

Ant Man: He sure is. It's really awesome.

Lola: It sure is cool.

Himiko: So what is the Crystal Empire like?

Me: It's really awesome and it has a lot of history behind it too.

Eli: It sure does. It has a lot of history dating back to over 1,000 years ago.

Me: Yep.

Nico: What do you think of the Heroes for Hire? It's made up of the Yost versions of Ant Man, Luke Cage, and Iron Fist.

Ant Man: It's really awesome! I think it was really clever how it's got myself Luke and Iron Fist.

Nico: It sure is.

Princess Cadance: I think it's awesome too.

Twilight Sparkle: It sure is.

We walked through the Crystal Empire and no one was on the streets.

Nico: This place is like a ghost town.

Me: Where is everybody?

Varie: They are probably hiding because of the Another Ranger being in the area.

Princess Cadance: They are. But now that you are all here you can help us be safe.

Me: It'll be awesome Princess.

Everyone then saw a huge statue of me and Spike. I had Sombra's head impaled on a crystal spear and Spike was right beside me holding the Crystal Heart!

Eli: Whoa! They changed the statue!

Me: Wow! It's me and Spike together this time.

Himiko: Wow! J.D. I didn't know you and Spike were immortalized in the history of the Crystal Empire.

Sirius: Wow! What did you and Spike do that caused you to become part of its history?

Me: Well that is a great story. I became the hero of the Crystal Empire for killing King Sombra on my birthday 1,000 years ago. And Spike became a hero of the Crystal Empire for saving the entirety of the Crystal Empire from destruction when Sombra returned and tried to destroy it. But that was before Team Loud Phoenix Storm met Twilight and friends.

Twilight Sparkle: It's true.

Nico: Yep.

Himiko: Wow! What can you tell us about King Sombra?

Me: You would not like this guy at all Himiko. King Sombra was a unicorn that was a ruthless tyrant and he had a heart that was as black as night. He was the ultimate personification of pure evil. And he wanted to rule over the Crystal Empire with an iron fist. Or Iron Hoof in this case.

I went over his history.

---

**King Sombra** is a major antagonist in *My Little Pony: Friendship is Magic* . He appears as the main antagonist of the season 3 premiere "The Crystal Empire" and the season 9 premiere "The Beginning of the End". He is also a supporting antagonist in the season five finale "The Cutie Re-Mark", and a posthumous antagonist in the season six premiere "The Crystalling" and the rest of season 9.

He is the former ruler of the Crystal Empire who is bent on taking it back and later all of Equestria. Sombra cast a curse that made the empire disappear for a thousand years. He returned the same time it did and is determined to regain the empire, so he can regain his physical form and conquer Equestria with his army of mind-controlled pony slaves. However, his plans were thwarted by Cadance, Spike, the Mane Six, and the Crystal Ponies, and he was defeated and destroyed. In Season 9, Sombra was restored by Grogar (who is Discord in disguise) to join his team of villains so they can take Equestria together. However, Sombra arrogantly refused his offer and he goes out to conquer Equestria on his own. He managed to destroy the Tree and Elements of Harmony and succeeded in taking over Ponyville and Canterlot. However, he was defeated once again by the Mane Six.

In the IDW MLP comics, he appears as the secondary antagonist in the 13th story arc *Siege Of The Crystal Empire* ; the real main antagonist being his "mother" Rabia. In the IDW comics, it is stated that Sombra is actually an Umbrum created to destroy the Crystal Heart and release the Umbrum army trapped underneath the Crystal Empire; although this is considered to be non-canonical to the series. King Sombra reappears as the main antagonist in IDW's crossover comic series, *My Little Pony/Transformers: The Magic of Cybertron*, also titled *Friendship in Disguise II.*

He was voiced by Jim Miller in Season 3, and was voiced by Alvin Sanders in Season 9.

King Sombra's early life is left completely unknown in the TV series (unlike in the comics). It can be speculated that Sombra was once a normal unicorn, possibly a resident of the Crystal Empire, until he began studying dark magic, and had delved so deep in it that it mutated him into the tyrannical abomination he is today. It is also implied that Sombra murdered the previous Queen of the Crystal Empire so he can take it over.

What is known is that King Sombra was an extremely powerful unicorn whose heart is said to be as black as night. Using his dark magic, Sombra took control of the Crystal Empire and established himself as its king, turning it into his dark domain and enslaving the crystal ponies, and most likely planned to do the same with the rest of Equestria. He also hid away the Crystal Heart, the most prized and powerful artifact of the Crystal Empire, at the very top of the castle and set up traps around it to keep it from ever being used against him. Fortunately, Princesses Celestia and Luna arrived and used their combined magic to depose him, turning his body to shadow and banishing him to the Arctic North, ultimately sealing him into a crevice of ice which closed up.

However, he foresaw his own defeat and placed a curse of his own upon the Crystal Empire that caused it and those within it to disappear out of spite. Celestia apparently knew that the empire would reappear one day and set up patrols to watch and inform her if it should, knowing that Sombra would likely return along with it.

*The Crystal Empire* Part 1 " *We'd better get moving. There are* *things out here we really don't want to run into after dark. (Fluttershy: [gulp] What kind of things?) Let's just say the Empire… isn't the only thing that's returned.* „ ~ Shining Armor to the Mane Six about Sombra's return.

A thousand years later, the Crystal Empire reappears, but the crystal ponies had no memory of their kingdom before Sombra took over, and the mere memory of Sombra himself caused them pain. At the same time, King Sombra breaks free of his confinement, but remained in his shadowy form. He attempted to retake the empire, but Princess Cadance, who was sent to the empire alongside Shining Armor by Celestia to protect it, was able to cast a protection spell around the city which kept him out. Unable to enter, Sombra continued to stalk the arctic, waiting for Cadence to lose her strength and drop the shield and hunting down those who attempted to enter.

Celestia then sent Twilight Sparkle and her friends to the Crystal Empire to help protect it. Shining Armor met them at the train station that they arrived at to escort them to the empire, and also warned them of Sombra's presence in the arctic. Just then, the evil unicorn appeared and chased after the heroes. Just as they nearly reached the empire, Shining Armor stops and confronts Sombra, allowing the others to make it through the barrier. He attempted to blast him with his magic, but the blast just past through his shadowy body, and Sombra then envelops Shining Armor in darkness. Shining Armor was somehow able escape Sombra, but his horn became covered in black crystals, preventing him from using his magic.

When Cadance began to run out of power to perform the spell, the barrier briefly deactivated, allowing Sombra to invade.

Part 2 " *The Crystal Heart has returned! Use the light and love within you to ensure that King Sombra does not!* „ ~ Princess Cadence encouraging the Crystal Ponies to banish Sombra.

Cadence was able to gather enough strength to reactivate the barrier. Noticing this, Sombra attempted to rush it, only to have his horn cut off. He then grew a new horn while the one that was lost melted into the ground and grew dark crystals from behind the barrier, much to Sombra's delight.

Twilight and Spike searched for the Crystal Heart, which was the key to protecting the empire. After a while, they then decided to investigate the castle, where nobody would dared to look during Sombra's reign. Utilizing the same dark magic that Sombra uses, Twilight reveals a secret staircase in the throne room. After traveling down the stairs, they run into a door that was enchanted by Sombra to hypnotize who ever looks at it into confronting their worst fears. In Twilight's case, she envisioned Celestia telling her that she failed her test and wouldn't continue her studies, only for Spike to snap her out of the trance. Spike gets brainwashed too and thought Twilight was banishing him, but Twilight saw through the enchanted door's purpose and shuts it, releasing Spike from the spell and comforting him about his fear. She then casts a spell of light on the door to make it truly open. Meanwhile, the crystals grown from Sombra's horn slowly spread all over the empire, terrorizing the crystal ponies and making them lose hope, despite the Mane Six's best efforts to keep their spirits up.

Twilight and Spike end up reaching the very top of the castle where they finally find the Crystal Heart, but Twilight triggers a magic alarm that alerts Sombra. Thus, he activates a trap that imprisons Twilight within a wall of dark crystals that she couldn't even teleport out of. With no way out, Twilight entrusts Spike to take the Crystal Heart to Cadance, despite her promise to Celestia to attempt to save the empire herself. Cadence then finally succumbs to exhaustion, causing the barrier to fall and allowing Sombra to wreak havok on the empire once again. Spike appears with the Crystal Heart, which enrages Sombra, who declares the heart to be his alone. He travels through the ground in shadow form, leaving a trail of dark crystals, and then creates a larger crystal to lunge at Spike with while reconstituting his physical form. However, both Spike and the heart were rescued by Cadence, who inspires the crystal ponies to use the love inside them to defeat Sombra for good while returning the heart to its rightful place. Sombra commands them stop, but they refuse to obey him any longer.

Together with the heart, the crystal ponies spread their love throughout the empire, dispelling all the dark crystals infesting it. The love then reached Sombra, causing him to be destroyed by shattering into pieces. With Sombra gone, the Crystal Empire was finally restored to its full glory.

The first of many alternate timelines temporarily created by Starlight Glimmer, King Sombra is in power and ruling over the Crystal Empire with the iron hoof, having never been defeated by Princess Cadance due to the change in the timeline. Using magic helmets, he brainwashed the crystal ponies into his soldiers to fight for him in a war against Celestia against the rest of Equestria. He was winning the war as he managed to conquer half of Equestria.

When Twilight returned to the past to stop Starlight, the timeline was changed again. Instead, Queen Chrysalis was able to take Equestria while Sombra did not return.

King Sombra is revived by Discord (who was in the form of the ancient tyrant Grogar) and is summoned to his lair, where Queen Chrysalis, Lord Tirek, and Cozy Glow accuse him of being the one who summoned them there. However, "Grogar" reveals himself as being the one to summon them, much to the villains' astonishment, as they had all thought he was a legend (except for Cozy Glow, who had never heard of him before). "Grogar" proceeds to tell the group of his plans to eliminate Twilight Sparkle and her friends and demonstrates his power by giving Tirek enough magic to partially revive his strength, also causing him to tell Cozy Glow of the stories that he had heard of "Grogar" when he was younger and for Sombra to do the same afterwards. "Grogar" goes on to state that he's been watching over all of them and asks them why they think that they've always been beaten by the same six ponies, Chrysalis interrupting Sombra before he can respond. "Grogar" rebuffs all of their answers and points out that the Mane 6 have always won because they work as a team, and demands that they all do the same in order to take over Equestria.

However, Sombra refuses to join "Grogar", claiming that he will take the Crystal Empire back for himself and destroy anyone who gets in his way. Unphased by this, "Grogar" tells Sombra to go and try to take over the Empire again, even offering to transport him there on the conditions that he can keep it if he succeeds, but will serve him once he fails, claiming he will destroy him again if he refuses to abide by his terms. Sombra agrees and proceeds to arrogantly proclaim how he will overtake the Empire, before an annoyed

"Grogar" whisks him away. Sombra proceeds to lay siege to the Crystal Empire with ease, brainwashing the crystal ponies and royal guards into serving him as he approaches the castle. Inside, Princess Cadence sends out a message to Twilight before she and Shining Armor notice that Flurry Heart is missing and find her in Sombra's clutches. Sombra then forces Shining Armor and Cadence to surrender, capturing the Crystal Heart and fully taking over the Crystal Empire afterwards.

Upon receiving Cadence's message and summoning her friends, Twilight decides to retrieve the Elements of Harmony from the Tree of Harmony to defeat Sombra. Back at the Empire, Sombra is seen relaxing on his throne, amused by Flurry Heart's attempts at attacking him, only for the Mane 6 to arrive to challenge him. Unconcerned, Sombra forces his opponents to endure their own worst fears (making Twilight see a vision of all of her friends being controlled by Sombra while Princess Celestia and Luna show disappointment in her, turning them into Nightmare Moon and Daybreaker as a result), and suggests that they should surrender, as nothing can beat their own fears. However, Twilight and the others overpower Sombra's visions with the Elements, revealing that they were only facing their fears long enough for Spike to free his captives.

Cadence then reclaims the Crystal Heart and uses it to dispel Sombra's influence from the Empire, freeing everyone from his control. In spite of this, Sombra proclaims that he will win in the end, before being seemingly destroyed by the Elements. Having saved the Empire again, Twilight and the Mane 6 return the Elements to the tree, only for Sombra to appear and destroy both.

Sombra reveals that his supposed demise back at the Crystal Empire was merely a ruse to fool the Mane 6 in so that he could trace them back to their source of power and destroy it; and now that he has done so, they will be unable to stop him. Despite this, the Mane 6, minus a disheartened Twilight, try to fight back against him, only for Sombra to imprison them all, realizing that, with them out of the way, he can conquer all of Equestria for himself, planning to overtake Ponyville first. Sombra then considers using his magic to brainwash the Mane 6 as well, but decides against it, as he is already forcing them to endure their worst fear by taking control of Equestria anyway before leaving. Sombra goes on to brainwash all of Ponyville - including Spike, Starlight Glimmer, the Cutie Mark Crusaders and the Mane 6's other friends-into becoming his slaves and takes them to conquer Canterlot, while the Mane 6 are forced to deal with the Everfree Forest's overgrowth thanks to the Tree's destruction.

Sombra storms Canterlot with ease thanks to his brainwashed army, and barges into the Princess' throne room, only to find that it is empty, making him believe that Celestia and Luna had run away from him in fear. Soon, the Mane 6 arrive in the Princess' throne room with Discord (back in his true form) and engages Sombra, who attempts to blast them with magic. However, Discord dispels all of Sombra's attacks with ease while commenting that, even though he expected Twilight and the others to handle things by themselves, they still win because he is their friend, though in doing so he accidentally prompts Sombra to target Fluttershy instead, making Discord take the blast for her. Sombra gloats at his victory and begins to decide how he will eliminate the rest of his enemies, while, at the same time, Discord gives his friends a heartfelt speech about how they don't need him or the Elements to beat Sombra since all they have ever needed to win is each other.

Disregarding Discord's claims, Sombra attacks the Mane 6, who, now inspired, begin to fight back, generating more magic than ever. Baffled, Sombra demands to know how the Mane 6 have the ability to stand up to him even when he destroyed the source of their power, although Twilight claims that he never did, with her and the others reminding him that friendship is magic, before using their power to destroy him once again and remove his influence from Equestria. Due to how powerful the Mane 6's magic was, Sombra's skin was tearing itself apart while he quickly turns to dust as well and disappears into the light, destroying him once and for all.

Later, Celestia and Luna return from fending off the Everfree Forest and state that they will hold off on making Twilight and her friends the new rulers of Equestria until Twilight feels she is ready, causing Discord to reveal that he faked his injuries in an effort to push Twilight to become the great leader he knows she is, additionally revealing that he could have defeated Sombra any time he wanted. Back at "Grogar's" lair, Tirek and Chrysalis ask him about how Sombra's plan went, and "Grogar" shows them that he had been defeated yet again. Choosing not to revive him a second time, Discord (back in his Grogar disguise) uses Sombra's destruction as an example to the others of what happens when they try to abandon his plans, making them nervously agree to serve him.

Despite him being gone (both before and after his resurrection), King Sombra had built up a dreadful legacy for himself, with ponies often making mentions of his terrible crimes from time to time.

King Sombra was briefly referenced in the twelfth episode of Season 3, " *Games Ponies Play* " when Rainbow Dash says the Crystal Ponies "lost a thousand years to an evil king's curse."

King Sombra does not make an appearance nor is he even mentioned in Season 4. However, in the premiere, " *Princess Twilight Sparkle* ", Twilight briefly uses the same magic as his to activate a potion that allowed her to see into the past.

King Sombra was mentioned again a couple of times in the Season 6 premiere, " *The Crystalling* ". Spike mentions King Sombra while telling the crystal ponies about how he was defeated. Twilight later reveals the reason that King Sombra merely hid the Crystal Heart in his castle is to prevent the Frozen North's weather from breaching the Empire. This explains why Sombra never destroyed the Crystal Heart in the first place.

In the Season 7 finale, " *Shadow Play* ", Pinkie Pie mentions Sombra while recounting the threats Equestria has faced over the last thousand years to Star Swirl the Bearded.

King Sombra is mentioned a few times in the episode, " *Uprooted* ".

He is also mentioned in " *Sparkle's Seven* ", where it is shown that Princesses Celestia and Luna decided to have Shining Armor increase security in Canterlot following Sombra's previous attack on it.

In " *She's All Yak* ", Sandbar lists King Sombra and Cozy Glow as two ponies worse than Yona.

He is briefly mentioned in " *The Last Crusade* " by Mane Allgood, who lists him as one of the main reasons why she and her husband Snap Shutter decided to come to Ponyville and spend time with their daughter, Scootaloo.

In " *The Ending of the End - Part 1* ", Sombra is mentioned a number of times when it is revealed that Discord had been posing as Grogar and was using him and the other villains to create a threat that would push Twilight and her friends into becoming confident rulers of Equestria. In " *Part 2* ", Twilight has a picture of Sombra included in a thought chart when trying to come up with a way to defeat Tirek, Queen Chrysalis and Cozy Glow.

When I was done everyone that hadn't heard about it was shocked!

Sirius: Whoa man! He was a monster!

Brittney: Yes he sure was. And he was also one of the Doomsday 23 that we destroyed on April 12th, 2021.

Nico: Yeah.

Me: Yep. And I got a vision into the future that the Doomsday 23 are going to return. So Princess Celestia tasked me with finding the Champions of Harmony. They are powerful girl warriors that were chosen to be the protectors of Equestria.

Nico: Do the girls we'll meet in the future count as Gene Slammers?

Me: No they are normal girls that were chosen by the Elements of Harmony themselves. I found out from the Spirit of the Tree of Harmony that they are human girls that were chosen by the Elements of Harmony to defend all of Equestria from their most dangerous enemies.

Nico: Wow! That is amazing. But how will we know who to look out for?

Me: Princess Celestia said that part will be easy to remember. They have the cutie marks of the Elements on their foreheads and the symbol of the Elements of Harmony tattooed on their arms.

Nico: Wow! That is easy to remember.

Vroon: But are they able to turn into ponies?

Me: No the Spirit said that they are normal human people that were given incredible power. So our best bet is that we'll meet them with any gene-slammers we'll meet.

Vroon: That makes sense.

Laney: But if they are going to be called to battle with the Doomsday 23 then we'll need all the help we can get leading up to the War with Evil Starlight Glimmer.

Lola: Yeah.

Nico: We sure will.

Me: I was tasked by Princess Celestia to train the next generation of the Champions of Harmony so that Equestria will never lose its great defenders ever again.

Nico: Wow!

Then we heard a noise.

Me: Wait shh.

Ant Man: You guys hear that?

Nico: Yeah.

Eli: It's approaching the castle from the north!

We went to the castle and then we saw a figure coming! It got closer and then we saw that it was ANOTHER LIGHTSPEED RESCUE RED! He looked like a scary version of the Red Lightspeed Rescue Ranger but he had a scary version of Carter's Battlizer!

Me: Another Lightspeed Rescue Red!

Nico: WHOA! Scary!

Eli: Carter and Toyman would not like the sight of this one!

Nico: Hi, welcome to the Crystal Empire. Can we take your order?

Another Lightspeed Rescue Red: (In a girls voice) HELP ME!

Me: (Gasp) That voice!

I went over.

It de-transformed and then I saw that it was a green hair girl with red clothes and she had a moon shape scar around her right eye.

Me: Gina Moonscar!

Nico: Oh man! Another one of your friends?

Me: Yep. She was my partner in treasure hunting. When we were in school I would take her to some of the most awesome places to hunt for treasure and she and I would find awesome treasures from all over the world.

Laney: That is amazing!

Gina Moonscar: Those were great times! But J.D. you have to help me! This power is too much for me! I can't control it!

Me: Swartz is really doing what he can to piss us off.

Lana: Yeah he sure is!

Me: Hold on Gina. We'll save you. But lets take this away from the Crystal Empire. We don't want anyone to get hurt here.

Nico: Good thinking.

Gina Moonscar: Okay.

We took Gina to the the south side of the area near the snow of the

Frozen North and we faced her.

Princess Cadance: We'll help you return to normal Gina! We promise!

Nico: Wait by any chance are you related to the infamous Louisiana Bayou Pirate named Morgan McRight who is known better as Morgan Moonscar?

Gina Moonscar: Yes! He was my ancestor that lived back in the 18th century up until he disappeared.

Me: We'll tell you how that happened later.

Gina Moonscar clutched her head and then she was enveloped in a vortex of darkness with the Lightspeed Rescue Ranger symbols around it and then she turned into Another Lightspeed Rescue Red again!

Zocks: (takes out Decade gear) I have a feeling Another Decade is next for the chopping block.

Kaito: (Takes out W gear) I've got that feeling too.

Nico: Same with me too.

Zocks summoned the powers of the Secondary Riders from 2001 to 2011 in the form of Diend's Blaster and Kaito got W's Prismblade!

Nico: YEAH!

Me: Hold on Gina! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS!)

I turned into WOLF MOON 🌙!

Nico: This is gonna be awesome.

With Diend's blaster, Zocks summoned clones of Punchhopper and Kickhopper.

Nico: Cool!

Me: Shun Kageyama and So Yaguruma would be proud!

Chloe: They sure would.

Zocks: I have that same feeling too.

Me: Yep.

Another Lightspeed Rescue Red summoned a Thermal Blaster that had the symbol of Vypra on it as well as the Kanji for Light and Darkness.

Me: Whoa that Thermal Blaster has all of Vypra's power on it!

Nico: Yep! She has weapons for the Lightspeed Rescue Rangers but they are all imbued with the powers of the Core and Non-Core Masters of Evil Members!

Lola: This is gonna be awesome!

She then summoned V-Lancer that had Firefly's symbol on it with the kanji for fire on it!

Eli: That V-Lancer has Firefly's powers too!

She fired waves of light and darkness and fire and we jumped and there was a massive fiery explosion when it hit the ground!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lola: WHOA!

Nico: Awesome power!

Me: Yeah it was!

Nico: What better way to defeat her then with the power of Toyman? (gets out Toyman's Ridewatch)

Nico activated it and then he donned Toyman's stylish outfit and he had blasters on his arms as well as bombs on a belt.

Nico: Okay this one is weird but it's cool!

May: Oh Nico you look really cute in that one.

Nico: (Blushes) Aww thanks May.

Me: But Toyman would be proud of you Nico.

Nico: Yep.

While we were fighting Another Lightspeed Rescue Red, Ant Man turned tiny and ran over her body to search for the AnotherRideWatch. Good luck with that.

But then Ant Man spotted a tiny purple vortex on her chest and went into it and then he saw the Another Ride Watch!

Ant Man: There it is!

It was a purple version of a Ride Watch but with a scary skull helmet for the Red Lightspeed Rescue Ranger!

Ant Man then grabbed it and pulled hard!

Another Lightspeed Rescue Red screamed and roared in pain!

Another Lightspeed Rescue Red: HELP ME! HELP ME!

Me: I think Scott found the Another Ride Watch!

Eli: I sense a power weakness!

Ant Man: Okay. I might need some help with this one!

He came back!

Nico: You found her Ride Watch.

Ant Man: Yeah it's in her chest!

Me: I had a feeling that Swartz or the Timejackers would put it there.

Varie: Me too!

Me: Hold on Gina!

I used the power of Demyx's Animal Crystal. It was for a Whale and it had Demyx's sitar on it.

Me: Lets see what this one does. DANCING WATER TANGO!

I fired a wave of water and then Water Dancers appeared and they spun Another Lightspeed Rescue Red around and they made it dizzy.

Nico: Wow! Demyx would be proud!

Me: He sure would.

?: Let me help out!

We saw a Weevlian appear!

Nico: Wow a Weevlian!

Maria: (Squeals) You are so cute!

She glomped it and hugged it.

Weevlian: (In a girls voice) I know I'm cute.

Nico: That voice! Leia Romanov?

Black Widow gasped!

Weevlian: Awesome to see you again Nico.

Leia Romanov reverted back and she had blond hair and green eyes and green and yellow clothes.

Maria: (pouts) Aww, bring back the cuteness.

Nico: Maria calm down.

Maria: Sorry.

Me: Lets get this done so you and Nico can catch up! WOLF MOON STYLE NINJA ART: FLAMES OF THE HOWLING WOLF PACK!

I fired a wave of blue fire and it formed into a howling wolf pack and then it slammed into Another Lightspeed Rescue Red and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was knocked down and I caught the Lightspeed Rescue Rider Watch.

Me: Number 2 of the Power Rangers Rider Watches.

Lana: And look here!

We saw all the Lightspeed Rescue Weapons for the Masters of Evil all on the ground and we got V-Lancers, Thermal Blasters and Battle Boosters all imbued with the powers of the Masters of Evil, Core and Non-Core.

Me: Cool!

Laney: Awesome!

I then went over to Gina and picked her up and put her on my back.

Me: You'll be all right Gina.

Varie: She's just exhausted.

Leia Romanov: That was so awesome.

Black Widow: Leia?

Leia looked at Black Widow and gasped.

Leia Romanov: (Gasp) Natasha? Is that really you?

Black Widow: It is me sis.

Leia Romanov: Natasha!

They went and hugged for the first time in like ever.

Nico: How do you know Natasha, Leia?

Leia Romanov: She's my big sister Nico.

We gasped!

Me: Whoa!

Eli: That is amazing!

Leia Romanov: We were separated because I had to leave the country because of one of my family's enemies. I heard that Natasha was now part of S.H.I.E.L.D. and the Avengers and I was so proud of her.

Black Widow: But now all that matters is that I have my sister back.

Nico: And we're happy for you Leia.

Ant Man: What's your favorite memory of Nico?

Leia Romanov: I have a lot of them. My favorite though is when Nico and me were working in woodworking class and we made really exquisite furniture worth thousands and people that were rich came all the way over to our school and bought them all for millions.

Nico: Yep.

Laney: Wow! That must've been really great furniture.

Me: You are quite a talented Carpenter, Leia.

Leia Romanov: Thanks.

Nico and Leia hugged.

Nico: I really missed you.

Leia Romanov: Me too Nico. Me too.

Me: That's so awesome that you and Natasha are back together after so long.

Eli: It sure is.

Leia Romanov: I know.

Black Widow: Yeah. When I first joined S.H.I.E.L.D., not a day went by that I would miss Leia. I wondered how she was doing and if she was okay.

Laney: But at least you are back with her.

Me: You made the right call to go with us on this rescue Natasha.

Black Widow: I sure did.

We later went back home and we told everyone everything and it was shocking! Carter was shocked too. But we were glad that Black Widow and Leia were back together. I put Gina in the infirmary and she was gonna be in there for a while.

Jessica Shannon was with the group to help out.

Lincoln: Wow, we're here in India, and I know what we're going to do here, not only am I going to rescue the seven girls here, but we're also going to destroy Necalli, an ancient Aztec warrior and Emissary of the Gods with the intent of consuming the souls of the strongest warriors in order to become stronger.

Nico: That's right, big guy, and I heard from Ryu and the others that they have a history with him, and that Necalli tried to devour their souls as well.

Me: He's really dangerous to all those that stand in his way, he needs to go.

Lincoln: That's exactly what's going to happen to him, J.D., and thanks for joining us, Ant Man.

Ant Man: You're welcome, Lincoln. So, what's the history with Necalli?

Lincoln: Dhalsim told us that he heard about a tale from ancient times that once every hundred years during "The Hour of The Battle", Necalli awakens and walks this world in order to consume the souls of strong warriors.

Ronnie Anne: When Tio Carlos heard about it, he did some digging around and he found a record of this during the time of the Aztecs, and it spoke of Necalli's legend, and it matched what Dhalsim had heard.

Eli: Incredible. But still, Necalli needs to be destroyed once and for all.

Lincoln: Right, Eli.

Lincoln: And thanks for helping out with us too Jessica.

Jessica Shannon: Anytime Linky. It'll be so awesome. to help out.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of seven girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the seven girls, but they've been cornered by Necalli, and he's going to devour their souls.

Lincoln: Guys, I found the seven girls, but they've been cornered by Necalli, and he's going to devour their souls.

?: That misanthropic beast, let's get him!

Suddenly, we saw the Duel Monster, Scary Moth, appear before us.

Nico: Wow, that's the Duel Monster, Scary Moth.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Mesa Florrence, but we'll talk later, we've got an ancient devourer of souls to destroy.

We then rushed on over, and Lincoln fired very powerful rainbow energy balls and elemental forces at Necalli, and that allowed the seven girls to get away. When Necalli saw us, he growled and roared in anger.

Lincoln: Your days of devouring souls are over, Necalli.

Suddenly, we saw Necalli smash his fists into the ground, and then, he roared as we saw his very long black hair which bleeds into dull shades of red and tied into locks held together by gold ringlets bursts loose from its bonds, lengthens, and glows bright red, the scars on both his body and face glow red, his skin darkens noticeably, and the sclera of his eyes turn from white to ghastly black.

Lincoln: Let's end him once and for all, guys.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Ant-Man, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Necalli, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, and Magic, and they exploded with incredible power as they hit him.

Then, Lincoln fired a red energy blast and it hit Necalli, and he sucked out all of the negative energy inside the ancient Aztec warrior, and Lincoln gained a massive power boost. Then, Lincoln fired a powerful rainbow energy ball at Necalli and it destroyed him, and Lincoln banished his spirit to The Black Gates forever. We cheered wildly as we holster our weapons and powered down.

Lincoln: That's it for Necalli, and he's never coming back. (To Mesa Florrence) And it's so good to see you again, Mesa Florrence.

Mesa Florrence reverted back to normal, and she's a beautiful girl with long flowing green hair and a flower in her hair, orange eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful and colorful moth wings, and she reigned in the power of Scary Moth, and she's dressed in a sleeveless yellow sports jersey with the number 23 on it, yellow gym shorts, yellow knee guards, yellow sneakers, and long sleeveless yellow trenchcoat with darkness and moths on the coattails, and Scary Moth on the back, and holstered on her back is a large Scary Moth-themed greatsword with Scary Moth etched on the 7'0" massive, wide, double-edged green blade, Scary Moth's wings for the crossguard, large orange gem embedded in the rainguard, longer black handle, and large green gem surrounded by gold moth wings for the pommel.

Mesa Florrence: You too, Lincoln, it's been a long time.

Lincoln went up to Mesa Florrence and they hugged, and Mesa Florrence's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Mesa Florrence: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Mesa Florrence, she's one of my Guardian Angels from Michigan, she's a powerful athlete with a heart of gold.

Me: Wow, that's awesome.

Mesa Florrence: And I've also got a powerful story about how I got a bully in trouble big time for picking on my little sister, Ella.

Lincoln: You guys are really going to love hearing it, it's awesome.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Mesa Florrence's neck with green gems on the gold thunderbolt links and yellow crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Mesa Florrence: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Mesa.

Mesa Florrence had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Mesa Florrence's waist and Mesa Florrence wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Mesa Florrence's face and kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the seven girls, and when Lincoln saw them, he recognized them immediately. The seven girls are Valkyrie, Hydra, Layne, Mayim, Nanamura Akina, Sanada, and Tokino Rika from UFO Ultramaiden Valkyrie.

Lincoln: Oh wow, it's Valkyrie, Hydra, Layne, Mayim, Nanamura Akina, Sanada, and Tokino Rika from UFO Ultramaiden Valkyrie.

Me: Awesome and cute.

Lincoln: Are you girls okay?

Valkyrie: Yes, we're okay, thanks to you.

Then, when Valkyrie and the other six girls saw who it was that saved them from Necalli, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Valkyrie: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made six clones of himself, and he and the six clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Valkyrie: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seven Thunderbird Necklaces of Eternal Love appeared on the necks of Valkyrie, Hydra, Layne, Mayim, Nanamura Akina, Sanada, and Tokino Rika with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they were shocked that the villain we went after was Necalli.

But, when Lincoln showed what we did to the soul-devouring ancient Aztec warrior, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Mesa Florrence have a lot of catching up to do now that she's back in town.

---

After destroying Necalli in India, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Mesa Florrence saw Lincoln working out like crazy, she had an atomic red blush on her face.

Mesa Florrence: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Mesa, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Mesa Florrence: That's incredible.

Nico: It sure is. So, Mesa, how did you get that bully that picked on your little sister, Ella, in trouble big time?

Mesa Florrence: You're going to like this, and you're also not going to like this part. You see, my mother hates my guts because she's a religious fanatic that thinks we're pure evil and nothing but a total embarrassment.

Nico: What?! Oh, now that's just low! I hope she's in prison for what she did to you and your sister!

Mesa Florrence: I'll tell you about my former mother's fate later, Nico. After ten years of trying to get pregnant, my mom got the great news, but the happiness was short lived. The doctor looked straight into Mom's eyes and said.

Doctor: Ma'am, your baby has Down Syndrome.

Mesa Florrence: Months later, she delivered the baby, and it was me: completely normal and 100% healthy, and everyone said it was a miracle. My dad had a mechanics workshop in New York, and I hardly saw him at home because he worked so much. Even though Mom came from a rich background, she never helped Dad financially.

Mrs. Florrence: Isn't it God's will, a man has to sweat and earn his bread, and provide for his family. If you want to eat, you better put food on the table.

Mesa Florrence: Once when I was three, Mom and I visited him at the workshop, he was fixing a car and he asked me to get him the pliers. I didn't know what it was, so I picked up the whole toolbox and put it in front of him. He was shocked.

Mr. Florrence: How did you do that?!

Past Mesa: (Picks up the toolbox) Just like that, Daddy. It's easy.

Mr. Florrence: Oh my God, you're so strong. Oh, my daughter, no no, it's like you're my son.

Mrs. Florrence: Why are you looking so happy, idiot? I don't want a manly daughter, girls are suppose to be delicate. This is what I get, after ten years of waiting. I'm taking her to the doctor.

Mesa Florrence: The doctor said I was exceptionally strong, because my muscle strength were higher than most girls. But, Mom just kept calling me a freak. She decided to leave me with Dad at work and help him make more money. Two years later, Mom gave birth to my little sister, Ella. But, she was born with the Down Syndrome the doctors predicted for me ten years ago. The minute we saw Ella, Dad and I were in love with her and we made sure she didn't feel different growing up, but Mom just couldn't stop complaining about us.

Mrs. Florrence: Why is God so mad at me?! First, you came out really weird, and now, Ella?! I must've done something terrible in my life that I'm getting punished for.

Mesa Florrence: She tried to feed Ella as she whined non-stop, and suddenly, Ella spat out all the food on Mom's face. Gosh, I love that kid. Mom also didn't allow us to watch YouTube videos, because it was a sin to do anything fun. She blocked YouTube, but I found this amazing app called Fire Garden. I took Ella to my room, and we watched videos all night long. One morning, I was at Dad's workshop, a bus suddenly stopped in front of us, and a man jumped off.

Man: Oh my God, did you just lift those big tires up all by yourself?! I'm already seeing you as an Olympic weightlifting champion.

Mesa Florrence: The man introduced himself as a sports coach and asked me to join his school in Royal Woods. He also gave Dad his card and said he'd be waiting for us to tell him when we could leave. Dad was so excited for me, and I felt like I just won the lottery. But, when I told Mom, she flipped out.

Mrs. Florrence: Are you crazy?! I'm not trusting a stranger, and leaving the place and the wealth God's given me?! No one is going anywhere!

Mesa Florrence: I was so bummed at Mom's reaction. But then, little Ella came to me with a solution.

Ella Florrence: What if Mom has nothing? Let's throw all her money away.

Past Mesa: OMG Ella, you're a genius. Yes, let's donate Mom's money to charity.

Mesa Florrence: I found a charity organization online and filled out all the forms online. But, suddenly, I started to lose my nerve.

Past Mesa: Maybe, this isn't such a good idea, Ella. I don't think we should do this.

Ella: Oh yes we should.

Mesa Florrence: With that, she clicked Enter, and in a second, Mom lost all her money, even Dad's workshop was in her name and it was gone in a second. She threw the biggest tantrum ever, and even threatened the organization to return her money. But, they refused and there was nothing she could do about it. Angry and frustrated, she agreed to the last option: moving to Royal Woods, and she never knew it was us. When we got to Royal Woods, the man showed us the small house for rent, and he also assured us we'd get special scholarships for me and Ella, and we'd be going to the same school.

Mrs. Florrence: How can you be happy about this?! You know how Ella is! What am I suppose to do?! Go to school with her and guard her from the police?!

Past Mesa: Mom, you don't need to do that, I'll handle it. She's my little sister.

Mesa Florrence: On the first day of school, I dropped Ella off at her classroom. When I entered mine, I saw no teacher there, but a girl who was cat walking in front of everyone. As I attempted to brush past her, she stepped on my foot with her pointed heel. I yelped in pain, but she started yelling at me instead of saying sorry.

Ansey: You idiot! Why did you bomb my show?! I was rehearsing for the beauty pageant contest.

Past Mesa: Oh, your show? I thought this is a classroom, not a stage.

Ansey: Well, you thought wrong. I'm the queen of the school, and I make the rules, and I say the whole world's my stage.

Mesa Florrence: Wow, she seemed crazy and really full of herself. Later that day, Ella and I were eating lunch in the cafeteria when Ansey came along and said we were sitting at her table. Just then, she saw Ella and started laughing.

Ansey: Oh, you didn't say you had a sister. Well, I can see why, I mean, you must be so embarrassed by her.

Past Mesa: Shut up, Ansey, you're just embarrassing yourself.

Ansey: You can't talk to me like that. I told you, I'm the queen here, the hottest girl in school.

Ella: Why? Do you have a fever?

Past Mesa: She does, Ella. Let's make her feel better.

Mesa Florrence: And with that, I threw a glass of ice cold water in her face. The whole cafeteria burst into laughter while Ansey screamed and stormed off. So many people thought Ella was adorable, and they wanted to be friends with her. Meanwhile, I started weightlifting practice, and the coach was stunned to see me lifting heavier weights than the boys on the team. One day when I was coming out of the gym, I saw Ella standing with a sad face outside the dance room. I asked her what happened, and she cried out.

Ella: I don't want to be here. These girls are mean, they don't want me on the team.

Mesa Florrence: I barged into the dance room, and I wasn't surprised to see Ansey there.

Past Mesa: Hey, why did you tell my sister that she can't be on the team?! What's wrong with her?!

Ansey: What's wrong, are you blind? It's obvious she can't do dance moves with us, and I don't have forever to teach her. Now, be off with your dumb sister.

Mesa Florrence: I lost it, I walked over to their sound system, pushed over the big speakers, and ripped out all the wires. As Ella and I walked out, I turned around and locked her outside. But, we got caught and we wound up in detention, and Mom went nuts when she found out.

Mrs. Florrence: God, I knew this would happen. Ella is not like everyone, and she can't be with everyone. You were unkind to that girl, and that makes you two sinners. I'm going to go pray now, I don't want to go to Hell with you.

Mr. Florrence: Our daughters are not unkind, I'm sure there was a good reason.

Mesa Florrence: But, before he could finish, Mom pushed him aside and stormed off. Mom is just terrible. The next day at school, I looked for Ella during Recess, and I couldn't find her anywhere. I was running all over the place, feeling panic rise inside. Where could she be? Just then, I saw a grand piano in the corner, blocking the Janitor's closet. As I stepped closer, I could hear Ella crying for help.

Past Mesa: Oh my God. Ella, I'm here. I'll get you out, sweetie.

Mesa Florrence: With one big push, I swept the piano out of the way and opened the door. Poor Ella came tumbling out in my arms crying like crazy.

Ella: Ansey told me to go inside.

Mesa Florrence: I was going to destroy that witch. I stormed off into the dance room with Ella, and before I could get to her, Ella ran straight at her pushing her aside. They both landed on the floor, and just then, a beam fell off the roof, exactly where Ansey was standing seconds ago. Oh my God, Ella had just saved Ansey.

Ella: I saw it was falling. So, I…

Ansey: How dare you touch me, you moron! I don't your disease rubbing off me.

Mesa Florrence: That was the last straw. I walked up to Ansey and gave her a hard punch to her face and knocked out some of her teeth.

Past Mesa: You're a heartless bully, Ansey. You think she's weaker than you, so you pick on her. But, here she is saving your stupid butt after everything you've done. She's got more heart and strength than you ever will, and you could learn a thing or two from her. We all could because Ella is amazing.

Mesa Florrence: Just then, I saw that a lot of kids had followed us into the dance room, and they were all clapping and cheering for Ella, and everyone started to boo Ansey, and she ran off crying. Ansey was now an outcast. When we got home, I couldn't wait to tell my parents what a hero Ella had been, but, we found the two fighting loudly.

Mrs. Florrence: I'm not putting up with your embarrassing daughters anymore. My church friends say they're weirdos, do you know how that makes me feel? I'll stay, but only if we give them up for adoption, decide!

Mr. Florrence: That is the easiest decision I've ever had to make. You're a selfish horrible woman, and you don't know how to love anyone, so please, for the love of God, get out.

Past Mesa: Wow, Dad finally spoke up.

Mesa Florrence: Mom shouted and cried, but Dad tossed her bags out the door and onto the street, and our lives at home became so much better. The next day when we were leaving school, Ansey suddenly leapt out from behind a tree and spat at Ella. I was about to attack her, when suddenly, a well-dressed man stepped in and grabbed Ansey's arm.

Ansey's Dad: What did I just see, Ansey?! I can't believe it, how could you be so cruel to this child! You're grounded for a very long time, and you're off the dance team.

Ansey: Dad, you can't do that!

Ansey's Dad: Keep talking and I'll ask the principal to expel you myself. Apologize now.

Mesa Florrence: But, Ansey refused to apologize and she swore to get revenge on me, and that really crossed the line. Ansey's dad went to the office with Ansey's arm still in his hand and after he told her everything, the principal had her expelled and she was sent to a boarding school in another part of the world, and she was dragged off by police. And it turns out Ansey's dad was a big shot doctor, and he offered to take over all of Ella's medical bills and help out with any therapy she needed. When Mom heard that Ella wouldn't be expensive now, she contacted us by saying that she was sorry and she always knew we were special. But, we told her to leave us alone and never call us again. After a year of training, the coach said it was my time to shine, he entered me into many weightlifting competitions, and my medal collection's just begun, and I always had my biggest supporters cheering me on.

When Mesa Florrence was finished, we cheered wildly for what she did in defending her sister and getting that Queen Bee, Ansey, expelled.

Nico: Aw yeah, another Queen Bee has been dethroned, awesome job, Mesa.

Mesa Florrence: Thanks, Nico.

Lincoln: And as you guys saw, Mrs. Florrence is nothing more than a religious fanatic and she was a selfish horrible woman. I wonder what happened to her after your dad threw her out, Mesa.

Mesa Florrence: She gave into her religious delusions and tried to get back at us, but that plan was foiled when The Dark World Goth

Girls charged in, and they had her put in a dark energy straitjacket and dark energy chains and sent to the same nuthouse that Scoots was sent to for the rest of her life.

Nicholette Torrington: Yeah, I still remembered that day of us stopping that religious fanatic, and Jackie was a little disappointed that Ansey's dad had Ansey put into that car that sent her to a strict boarding school in a different part of the world, but she was glad another Queen Bee was dethroned for good.

Eli: Serves her right. But, what if she escapes and tries to get revenge?

Lincoln: Then, just like with Nor, Layla Wendoll, and Selene's ex-sister, Layla, she's getting the King Midas' Golden Touch Vengeance Curse, and we'll also be on guard in case Mrs. Florrence tries to get out and seek revenge again, and like I said to many of my future wives' many evil relatives, when I marry Mesa in the future, that religious fanatic will have no part in my family, she will die all alone.

Mesa Florrence: Yeah, and I severed my ties with her long ago, Lincoln, so there's no need to worry.

Just then, Vypra came in.

Lincoln: Vypra, this is quite a surprise. What brings you here?

Vypra: Sorry for the surprise visit, Lincoln, but I've got a little something for you and your harem to do, call it a combination date and recruitment. I want you guys to recruit these villains to The Masters of Evil, and they're for some of the girls in your harem, Lincoln.

Vypra gave Lincoln a list of potential members for The Masters of Evil, and who their archenemies are going to be: Peng, Tai Lung's nephew is going to be R. Mika's, archenemy, Goat Man, a former member of Skeltor's army is going to be Entrapta's archenemy, Dynamo is going to be Menat's archenemy, and he's an honorable foe of Mega Man X, Rolento, the former member of the Mad Gear Gang who's quite very resolved and determined in having to create and establish his own military utopian nation is going to be Perfuma's archenemy, Sodom, the former member and ringleader of the Mad Gear Gang is going to be Mai Shiranui's archenemy, The Pilaf Gang are going to be Nanami Simpson's archenemy, Hulk Davidson (Viewtiful Joe) is going to be Toph Bei Fong's archenemy, Gran Bruce (Viewtiful Joe) is going to be Yuna Kamihara's archenemy, Charles the Third (Viewtiful Joe) Sari Sumdac's archenemy, and Alastor (Viewtiful Joe) is going to be Colette Brunel's archenemy.

Lincoln: Wow, this is quite a list you made, Vypra. Looks like we got ourselves a recruitment and date after our workouts today, girls.

Nanami Simpson: Awesome.

TLPS Mr. Wolf: Let me and the crew come with you, Lincoln. I've got a few words to say to The Pilaf Gang.

Lincoln: And I can guess it's also going to be painful, right?

We then saw that the TLPS Bad Guys gang had on some boxing gloves, and they were really going to have a few "words" with The Pilaf Gang. We got a shower afterwards, and then, Lincoln and his harem were off to recruit Peng, Goat Man, Dynamo, Rolento, Sodom, The Pilaf Gang, Hulk Davidson (Viewtiful Joe), Gran Bruce (Viewtiful Joe), Charles the Third (Viewtiful Joe), and Alastor (Viewtiful Joe), and the TLPS Bad Guys are also going.

Their first stop was in China to recruit Peng, Tai Lung's nephew, and they saw him training like crazy.

Lincoln: He's got the same skill as Tai Lung, but not his uncle's darkness.

Lincoln and his harem walked up to Peng, who stopped as soon as he sensed their presence.

Peng: Ah, the famous Team Loud Phoenix Storm, what brings you here?

Lincoln: We're here to recruit you into The Masters of Evil, Peng, and we got you your archenemy.

R. Mika: And you're looking at her.

Peng: R. Mika, Zangief's student. Very well, I'm in.

Then, they went to Eternia to find Goat Man, the former member of Skeletor's army, and he agreed to join The Masters of Evil, and he was glad that Skeletor's gone for good and never coming back, then, they went to the hideout of Rolento, and after tying up his men who tried to attack them, he eventually agreed to join The Masters of Evil, then, they headed out to find Hulk Davidson (Viewtiful Joe), Gran Bruce (Viewtiful Joe), Charles the Third (Viewtiful Joe), and Alastor (Viewtiful Joe), and they agreed to join The Masters of Evil, and finally, they went to the hideout of The Pilaf Gang, and the TLPS Bad Guys decided to do an explosive entrance by placing a bundle of dynamite, and when it exploded, The Pilaf Gang saw Lincoln, his harem, and the TLPS Bad Guys Gang.

TLPS Mr. Wolf: We're here!

Emperor Pilaf: Team Loud Phoenix Storm, get them!

The Pilaf Gang went after Lincoln, his harem, and The TLPS Bad Guys Gang, only to get caught by a stream of midnight blue flames sent by TLPS Mr. Wolf and he trapped The Pilaf Gang inside a sphere of midnight blue energy.

Emperor Pilaf: What the?! Let us out now!

TLPS Mr. Snake: We'll let you three out on one condition: you join The Masters of Evil and you're not going to try and get The Dragon Balls again, got it?

Emperor Pilaf: I'm not taking orders from anyone! The Dragon Balls will be mine and this entire world will bow down to me!

TLPS Mr. Wolf: I'd watch those words if I were you, because just one more wrong word, and you die.

Lincoln: What's it going to be, are you three going to join The Masters of Evil or do I let TLPS Mr. Wolf hand you down your death sentences? (Smirks) Oh, and I forgot to say this, if you die, it's an eternity in the darkest depths of Hell for the three of you!

This caused their blood to freeze solid: the threat of getting attacked by armies of the damned really sent chills down their spines.

Emperor Pilaf: Okay, okay, we'll join Vypra's Masters of Evil, just don't kill us.

TLPS Mr. Wolf: Did you really think we'd just kill you? Lincoln, mind disabling the illusion?

Lincoln snapped his fingers and the illusions disappeared, and the rest of us were standing there the whole time.

Nico: And we got the whole thing on tape, nice one with the death threat, Linc.

Lincoln: I figured it'd be perfect. Besides, it's worth it to see them wet their pants in fright.

We saw what Lincoln said, and we laughed hysterically, and Lincoln and his harem accomplished the request made by Vypra, and then, we came back home.

* * *

Later it was time for Onewa's first ever Ambassador mission and we were heading to Japan to meet Shinnosuke and his team of the Drive Kamen Riders. We were in the Garage getting our cars ready for it.

Me: This is gonna be so awesome.

May: It sure will be. I can't wait to see Shinnosuke again.

Me: That was so awesome how you killed Nira with the Fatality move of Subzero.

Eli: It sure was.

May: That was a fun one.

William: Anyone else want to go with Onewa? Besides Brody and 3 Rabbids?

Me: Well the Cutie Mark Crusaders want to come with too. They have been wanting to give it a shot on an Ambassador Mission themselves.

Nico: Cool!

Apple Bloom: It'll be so amazing to meet Shinnosuke and the Drive Kamen Riders.

Nico: Well you guys will love it. Are we all ready?

Me: Yep.

Nico: All right.

We started our cars.

VROOM VROOM!

Nico: LETS RACE!

We were off!

We arrived in Japan.

Go: (sees Onewa) Another day for beating up another Roidmude, eh?

Shinnosuke: I just got off the phone with Kiriko telling her that we need to destroy this Roidmude.

Go: Good! But why don't we finish this up early, huh?

Shinnosuke pulls out a small red car-like device, twists the back of it around 180 degrees and places it into the brace)

Shinnosuke: Henshin!

At his battle cry, Shinnosuke forces the small car upwards, acting like a lever before slamming it back down.

Mr. Belt: Drive! Type: Speed!

As Mr. Belt announces the transformation, a column of energy in weird tire-like segments forms around Shinnosuke, consolidating into a black undersuit topped with red and silver armor resembling a sports car, concluding with a tire generated on Tridoron's front left wheel shooting off and landing across Shinnosuke's torso.

Meanwhile, Go pulls out what looks like a small white motorcycle, as he pulls up the slot in the Mach Driver and places the motorcycle in it.

Mach Driver: Signal Bike!

Go: Let's… Henshin!

After letting his battle cry be known, Go slams the Mach Driver slot down, beginning his transformation.

Mach Driver: Rider! Mach!

With that, what appear to be energy rings swirl around Go, before splitting apart and consolidating onto him as his armor, a primarily white armor with a pair of red stripes down one side, black and light blue accents all over it, silver antennae on the helmet, and the strangest addition, a small tire-looking device pasted onto his right shoulder)

Go: Tracking… terminating… all done at Mach speed! Kamen Rider… Mach!

Shinnosuke: I'm taking you out for a drive! (to Go) Go, take the brown one. The one mimicking J.D. Knudson's appearence is mine.

Go: Gotcha!

With that, Go charged at Onewa. Meanwhile, Shinnosuke threw a punch at me. I closed my eyes… only to open them and saw that Shinnosuke's fist stopped inches away from my face.

Shinnosuke: Made you look!

Shinnosuke backflipped out of the way as Tridoron, which was behind him the whole time, sends all of its Shift Tires simultaneously flying at me.

May: Shinnosuke stop!

They did and they saw May!

Shinnosuke: May? Wow! It's really you!

May: Yeah and these are my team.

Me: Awesome to meet you guys.

Nico: Yeah.

Onewa: I mean you guys no harm. I am Onewa, Toa Metru of Stone.

Shinnosuke: So you are the Onewa we were told about! That is awesome!

They reverted back.

Shinnosuke: But it's an honor to meet you.

Eli: Same to you Shinnosuke.

Nico: Yeah it's awesome to meet you guys.

Me: It's Onewa's first ever mission with all of you. It's part of a special diplomatic mission program we made.

Nico: Yeah.

Shinnosuke: Wow that is amazing!

Me: Oh and these are the Cutie Mark Crusaders.

Apple Bloom: I'm Apple Bloom.

Sweetie Belle: I'm Sweetie Belle.

Scootaloo: And I'm Scootaloo.

Brody: And it's an honor. I'm Brody Romero, leader of the Ninja

Steel Rangers.

Me: You may know them as the Ninninger's here in Japan.

Shinnosuke: Awesome! It's a pleasure to meet you guys.

Manaphy: Hello, Shinnosuke! Hello, Go!

Shinnosuke: Wow hello Manaphy. You are looking great.

Go: Yeah you're looking good.

Manaphy: Thanks. It's awesome to see you guys.

Shinnosuke: You too. Wow are those your cars?

Me: They sure are. These are the cars we used to race with in many different races all over the galaxy.

Nico: Ever saw those on TV?

Shinnosuke: Boy we sure did and you guys were awesome in those!

Eli: We had a lot of fun in those too.

May: Yes we sure did.

Manaphy: Hello, Mr. Belt!

Mr. Belt: Good to see you again Manaphy.

Me: That is so cool that you have Krim Steinbelt as a belt. It's like he's an awesome artificial intelligence.

Nico: I was just about to say the same thing. That is so cool.

Shinnosuke: It sure is. How are Medic and Heart doing?

Me: Really good thank you. They are now in the Masters of Evil. Our frenemies. They are doing awesome.

Eli: Yeah they are.

Shinnosuke: I'm glad they are.

Go: Same here.

May: Brain's being considered as well.

Nico: Yeah we'll find someone good for him.

Eli: Yeah. But that is amazing that you guys faced Brain and his team out to destroy the world.

Shinnosuke: It was a big job but we have to do it.

Me: I agree. Also Shinnosuke you have our absolute sincere condolences for what happened to your father. (GROWLS FEROCIOUSLY!) What Nira did really pisses me off!

Shinnosuke: I know. But thank you J.D.

Me: You're welcome but it was so awesome that May killed him the way she did. That was a move that Subzero did.

Go: That is really awesome.

Nico: It sure was.

Me: Yeah but if we face Nira he is definitely getting the Black Gates.

Go: How about we show you guys the police station?

Me: Sure.

Eli: It'll be awesome to see your HQ.

Me: Also we have some things we need to talk about.

Shinnosuke: Okay.

We went to the police station.

Kiriko: Did you guys destroy the Roidmude?

Shinnosuke: False alarm. It wasn't a Roidmude at all.

Me: It was actually us.

We came in.

May: Hey Kiriko.

Kiriko: May it's great to see you!

May: You too Kiriko.

Manaphy: Hey Kiriko!

Kiriko: Hey Manaphy! And wow J.D., Nico, Eli, it's an honor to meet you.

Me: Same here Kiriko.

Onewa: And it's awesome to meet you too.

Kiriko: You must be Onewa that we were told would be coming.

Onewa: That's right and it's an honor.

Kiriko: Same here.

May: Genpachiro! Jun! Kyu! Rinna! I missed you guys!

Genpachiro: We missed you too May.

Jun: Yeah you're looking great.

Kyu: Same here. And Team Loud Phoenix Storm it's an honor.

Me: You too.

Nico: Awesome to meet you all.

Brody: Same here.

Onewa: And to you as well.

They saw the Rabbids.

Brody: (sighs) And these guys are Rabbids.

Nico: Yeah they are really funny. But they are not very bright.

Me: Yeah they are not the brightest light bulbs in the closet if you know what I mean. They may be dumb but they are really funny.

Rayman: Yeah they sure are. Oh sorry I'm Rayman and I'm with the team to keep the Rabbids from causing any harm and all that.

Shinnosuke: That makes sense but it's awesome to meet you.

Kiriko: Same here.

Rayman: Yeah.

We got to talking.

Me: So we have something strange for you to see.

I pulled out a case and in it was the Shift Cars for the 310 Core Members of the Masters of Evil.

Me: These are Shift Cars that we got while battling one of the enemies of the Zi-O Kamen Riders. They are all imbued with the powers of the Core Members of the Masters of Evil.

Nico: Yeah.

Shinnosuke: That is really amazing.

Me: Yeah it sure is.

Nico: Shinnosuke, you and Mr. Belt must make an awesome team.

Shinnosuke: Yeah we sure are.

Brody: You guys know how to burn rubber and fight crime too.

Me: Just like Philip and Shotaro when they fight Doponts.

Nico: Yep.

Me: Also Shinnosuke we owe you guys big time for helping us out during the 20 Days of Darkness.

Kiriko: 20 Days of Darkness?

Me: It was 20 of the most darkest and depressing despair filled days in our entire team's om January 23rd to February 11th, 2021 we had to go through hell. We were also battling 20 of our most dangerous enemies during that time. You guys helped us out in the Olympus Coliseum back then.

Shinnosuke: I remember that! That was intense!

Nico: It sure was.

Eli: Yeah. We were battling Organization XIII and the Sullen 6.

Shinnosuke: Wow.

Kiriko: That was awful.

Me: Yeah and it was all started because of a douchebag from Nico's past.

May: That was awful.

Shinnosuke: I remember signing up for that tournament in the Underworld.

Me: I remember that! That was so awesome!

Eli: It sure was. And I think J.D. faced you Shinnosuke.

Nico: Yep.

Me: Whoa! That was you Shinnosuke!? Wow I completely forgot about that.

Shinnosuke: Yeah that was cool.

Me: You did put up one helluva fight and that was awesome. Well done.

Shinnosuke: Thanks.

Onewa: What can you tell us about the Roidmudes?

Go: Besides the fact that they're mechanical creatures? They're capable of slowing down time itself to a crawl.

Kiriko: This is known as the Heavy Acceleration phenomenon. It slows down everything in it.

Mr. Belt: Fortunately, May and Manaphy have shown to be affected by it for only 5 seconds.

Me: Whoa!

May: But our powers make us impervious to that.

Me: That's good. Because I invented a spell that makes us immune to that kind of power.

Nico: Thank goodness.

Kiriko: Wow good thinking.

Me: I also heard everything about Banno. Is he really that dangerous?

Shinnosuke: You have no idea. His name is Banno Tenjuro and he is the Devil Incarnate.

He went over Banno's history.

---

Tenjuro Banno is the creator of the Roidmudes and the overarching antagonist of Kamen Rider Drive. He was a scientist who was Go and Kiriko Shijima's birth father and a friend of Krim Steinbelt.

He originally worked with Krim Steinbelt to design the Roidmudes, which he envisioned as robots capable of "evolving" to become more humanlike by experiencing human emotions. However, Banno soon began mistreating his creations, and after Krim discovered

Banno was torturing them, he ended their partnership and the two split up. Banno's abuse of the Roidmudes eventually led to them rising up and killing him, before attempting to take over the world in an event known as the "Global Freeze".

Secretly, Banno survived by preserving his consciousness in a tablet and later tricked his son Go into releasing him, allowing him to go forward with his plans. After kidnapping Mr. Belt, Banno created a knockoff of the Drive Driver to download his consciousness into, dubbed the Banno Driver and used it to transform into Gold Drive after possessing Roidmude 006. His ultimate goal is to use Sigma Circular to become god by digitizing the entire world and force everyone to bow down to him.

He was portrayed by Masakazu Morita, the voice actor who is famous for the voices of characters like Ichigo Kurosaki from Bleach, Marco from One Piece, Ri Shin from Kingdom, Tidus from Final Fantasy X, Auel Neider from Mobile Suit Gundam SEED Destiny and Pegasus Seiya from Saint Seiya Hades: Chapter Inferno.

Banno was once the lab partner and close colleague of Krim Steinbelt. He originally conceived of the Roidmudes as robots with the capacity to develop into being humans through experiencing human emotions, but while he was working on them their development became stunted. Banno asked Krim Steinbelt for help with completing the Roidmudes, so Krim provided Banno with the prototype Core Driviars to use for them, granting them the capacity for evolution.

At some point, Banno dated Sumiko Shijima and fathered two children with her, Kiriko and Go. It is unknown if the two ever got married, but they eventually split up, likely due to Banno's abusive nature.

Banno later met with a young entrepreneur to persuade him to fund the Roidmudes, but when the young man, a furious Banno activated Roidmude 002 and forced to assume the investor's appearance so he could torture 002 as if he was the real businessman. Krim later walked in on Banno torturing 002 with an electric cattle prod and rescued him, shocked at what Banno was doing. Banno told Krim that he was just testing out the Roidmudes' pain receptors, but a disturbed Krim refused to hear it and, after saving 002, criticized Banno for committing such a malicious act and ended both their friendship and partnership. Seeking to get back at Krim, Banno implanted an evil chip in all of the Roidmudes containing negative emotions.

As a result of Banno's actions, the Roidmudes rose up in revolution against their creators. Banno was killed by Roidmudes 001, 002 and 003, who went on to murder Krim as well. However, Banno also secretly stole Krim's technology for uploading minds and, while his body was destroyed, he was able to upload his consciousness into a tablet computer that 003 had taken.

Go later found out that the Roidmudes were in possession of his father's mind and decided to go undercover to save his father. He joined up with Freeze and Brain to get close enough to them to steal the tablet and, with help from Chase, he took Banno from Brain and escaped. Banno at first proved helpful to the Riders, assisting them in ways such as providing them with information and healing the infection Yukari had gotten from the Thief Roidmude. Upon discovering that Banno was back however, Mr. Belt immediately expressed his distaste for Banno and refused to work with him, surprising the Riders and the Special Investigation Unit.

Despite Go and the others' trust in Banno, it soon turned out that he was actually manipulating them to achieve his own ends. After gaining control of one of the Ride Boosters, he uses it to attack the Riders and trash the Drive Pit. Once Shinnosuke was kncoked off a cliff, Banno had his secret agent, Roidmude 004, steal the Drive Driver from him. Banno and 004 brought Mr. Belt to a secret hideout, where they used a makeshift lab to copy the Drive Driver's schematics. With the stolen data from Drive Driver, Banno was able to successfully transfer his will into a brand new Driver he called the Banno Driver.

Banno later approached Medic as she was trying to reach her Super Evolution and offered his help. When the Riders showed up, Banno possessed her to fight them but was torn off by Heart. Before Heart could do anything though, Banno shot out energy tentacles before slipping away. Roidmude 006 went after him with six other Roidmudes, but Banno tore out his core before possessing his body and using it to transform into the powerful "Gold Drive", demonstrating his power against the other Roidmudes and Mach. Faced by Go, Banno confessed that he never loved him and always saw him as a tool before departing.

As Medic was still seeking a way to Super Evolve, Gold Drive approached her again and offered to reset her back to before she healed the other Roidmudes so she could experience again the emotion that allowed her to evolve the first time. Medic agreed and allowed Banno to operate on her, but Banno secretly lobotomized Medic as part of his reprogramming in addition to giving her the ability to Super Evolve. With Medic as his puppet, Banno blackmailed Heart into submitting to him and became leader of the Roidmudes. In exchange for their obedience, Banno stated he would restore Medic and help Heart with his plans, noting that as Gold Drive he was the only other being capable of joining with them to complete the Promised Number. However, Heart worked to thwart Banno's plans by ordering Brain to go on the run so Banno couldn't use him to complete the Promised Number. Eventually though, Gold Drive and 004 were able to track Brain down. Brain voluntarily submitted to Banno and agreed to help him complete the Promised Number. The four Super Evolved Roidmudes all gathered beside a lake, guarded by Low-Class Roidmudes and Reaper Legionnaires. Gold Drive also sent out a tip to the SIU in order to lure them there so he could take out all his enemies at once. As the Riders fought the Low-Class Roidmudes and Reaper Units, Gold Drive joined with the other Roidmude executives to begin the Promised Number, using a device he devised purportedly as a stabilizer to ensure the Promised Number would go more safely. During the ritual however, Banno attempted to use Medic as a countercurrent for the excess energy, but Brain sacrifices himself to take her place and be destroyed instead. After the Promised Number was completed, Banno revealed that the "stabilizer" he used was actually his ultimate creation, Sigma Circular, and that the true purpose of the Promised Number was simply to power it up. With that, Banno exits the scene while 004 self-destructs to cover his escape.

Gold Drive and the remaining six members of Reaper Legion then took over the SDCC building, planning to use it as the point to stage a second, worldwide Global Freeze. The Kamen Riders stormed the building to stop Sigma, soon joined by Heart and Medic. After destroying the three Reaper Units guarding the path to Sigma, the Riders and Roidmudes are confronted by Gold Drive. While Drive, Heart and Medic went on to stop Sigma, Gold Drive faced off against Mach and Chaser. Despite the best efforts of the Riders, they were unable to stand up to the power of Gold Drive and were defeated. After knocking Chase into a wall, Gold Drive moved to finish off Go, but Chase got in the way and took the brunt of the attack instead. Fatally wounded, Chase attempts to self-destruct in order to finally defeat Banno, but Banno survives.

As Gold Drive mocked Go and Chase's sacrifice, a furious Go used the Signal Bike Chaser to become Kamen Rider Chaser Mach. Shocked that his son was able to obtain such a form, Gold Drive was unable to hold his own against Mach's onslaught. He attempted to paralyze Mach, but Chase's Chaser Viral Cores undid the paralysis by merging with the Rider's armor. After being beaten down, Gold Drive/006 was defeated by Chaser Mach with a Rider Kick, destroying 006's body and knocking the Banno Driver off him. Despite being damaged, the Banno Driver remained intact and Banno still existed within it. As Sigma began the process of converting every human being on Earth into data, Banno attempted to transfer his data to Sigma only for Go to go to finish him off. Banno pleaded with Go to spare him, saying that his genius was needed for humanity, but Go refused to listen. Unable to preserve his data in time, Banno was finally killed by Go using Shingou-Ax's Full Throttle to shatter the Driver.

---

When he was done we were shocked and horrified and enraged!

Me: That motherfucking sick monster!

Nico: Yeah he really is the Devil Incarnate!

Apple Bloom: He is pure evil!

Me: Then without a shadow of a doubt he's going to be our primary target when we help you guys on the big day. But he and Nira are both definitely getting the Black Gates. You can count on that.

One Rabbid started playing with a Shift Car like it was a toy car.

Go: Hey! Those aren't toys!

The Rabbid blew a raspberry at him. Rayman took the Shift Car.

Rayman: No! Bad!

The Rabbid whimpered.

Nico: See they aren't very bright.

Me: Oh we're also keeping our eyes peeled for any Another Riders.

I pulled out wanted posters of them.

Me: Did you see any of these here?

Shinnosuke looked through them and one poster caught his eye.

Shinnosuke: This one I saw.

He showed Another Decade!

Me: Another Decade is here!

Nico: Oh god! I hope Swartz hasn't decided to make an early strike!

But then the TV Came on.

News reporter: Breaking news! A group of Roidmudes are on the attack. They're being led by what appears to be a monstrous version of Kamen Rider Decade!

We gasped!

Me: Oh boy! We better get ready.

Eli: Time to kick some Another Rider Ass!

Sweetie Belle: Yeah! Lets do it!

We went to face them and we saw that it was not just Another

Decade but it had 7 Roidmude's with it! They were Revenger, Crush, Paint, Shoot, Volt, Shocker and Judge!

Shinnosuke: Alright! Who are you?!

Another Decade: (In a girls voice) You have to stop me Nico!

Nico: (Gasp) That voice!

Me: At least it's not Swartz!

Another Decade reverted back and she was a girl with purple hair and had purple and black clothes. It was Nico's friend from Cooking Class, Renee Laurenstein!

Nico: Renee Laurenstein!

Me: Another of your friends?

Nico: Yep. We went to Cooking Class together and she made some of the most awesome breads ever. We made some really awesome breads together and they were awesome.

Me: Wow that is awesome!

Renee Laurenstein: Yes but Nico you have to help me! I can't control this power!

Nico: Hold on Renee!

Me: Lets do it!

Shinnosuke: Henshin!

Go: Let's Henshin!

Brody: IT'S MORPHIN TIME! POWER STARS, LOCK IN! READY! NINJA SPIN!

Me: KIBAL LETS HOWL!

We transformed!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Shinnosuke and Go transformed and they were ready!

Brody: Power of the Ninja! Ninja Steel Red!

He was ready!

Go: Tracking… terminating… all done at Mach speed! Kamen Rider… Mach!

Shinnosuke: Team Loud Phoenix Storm, let's take these guys out for a drive.

Brody: Right! Ninja Rangers, fear no danger!

Nico: Time to kick some Fucking Roidmude Ass!

Crush: You will be kicked loser!

Me: Bite my fucking fiery ass!

Eli: Yeah!

Shinnosuke and Crush Roidmude ran at each other.

Then Shinnosuke kicked him in the face!

I was facing Shoot Roidmude and he fired waves of missiles at me as I ran at him and I was running past them as they hit the ground and exploded in massive fiery explosions!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

The area around me was turning into a raging warzone.

Me: Try this on!

I summoned my Lord Drakkon Thermal Blaster and I pressed 5-5-5 on my Lord Drakkon Booster.

Me: Try this one!

I fired powerful green energy beams and they hit the ground in front of Shoot Roidmude and exploded with incredible power in a massive fiery explosion!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Whoa! What power!

Shoot Roidmude was sent flying and he smashed into Crush Roidmude and they both exploded!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA! That was awesome!

Their numbers, 023 and 091 appeared and I jumped into the air after them.

Me: Not this time!

I summoned my Gaim Locksword.

Me: Lets see how they like this one!

I put the Lockseed of Evil Nuova Shenron on the blade!

Me: NUOVA STAR!

I fired a powerful ball of Fire and it hit both numbers and obliterated them in a massive pillar of fire!

Nico: WHOA!

Brody: That was awesome!

Shinnosuke: Time for Type Speed Shadow!

Tire Koukan! Midnight Shadow! (Shamisen strum, followed by slicing sounds)

He was ready!

Eli and Shinnosuke set their sights on Volt Roidmude!

Eli: This one is gonna get electrifying!

Shinnosuke formed a clone and both of them threw a purple energy shuriken at Volt Roidmude.

They hit him all over and blasted him all over.

Eli: Taste this one!

Eli fired Force Lightning and electrocuted Volt Roidmude all over.

Eli then summoned his V-Lancer for Baron Mordo!

Eli: Try this!

He fired a powerful purple energy blast and it hit Volt Roidmude and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was smashed down.

Go: Don't leave me out! Time to go Tomarle!

Signal Bike! Signal Koukan! Tomarle! (High pitched electronica music)

Eli: OH YEAH!

Me: YEAH! Time for some speed!

I activated Speed Demon's switch and the Mercury Switch.

Me: Time for this speed master to go fireball!

I put on Molten Man's Wizard Ring.

MOLTEN MAN! PLEASE!

I was enveloped in an aura of fire and lava and I ran fast and set much of the area on fire and me and Go went fast and then we plowed into Volt, Shocker, Paint and Revenger Roidmude's and they exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: WHOA! That was so awesome!

Eli: Not done yet!

Eli saw the numbers for 005, 010, 089 and 024 and jumped and Eli used his Booster for Baron Mordo and pressed 5-5-5 and fired a powerful purple energy blast and destroyed all the spirits of the Roidmudes!

Go fired a force shield shaped like Tomarle's logo that slowly charged Renee.

Nico: Hold on Renee!

Nico and Go went around her but then she broke out of the slow and clutched her head!

Me: Oh no!

Renee Laurenstein: Nico help me!

She was enveloped in a vortex of darkness and the logos of the Kamen Riders from 2001 t0 2011 and she turned into ANOTHER DECADE!

Me: Hold on Renee!

Go: Wait. Is she using a Rider Card?

Nico: She is!

KAMEN RIDE! KABUTO!

She donned the powers of Kabuto!

Me: So that's it!

I took off my jacket and boots and folded them up.

Eli: You guys may want to hold on to something!

I dropped them onto the ground and then…

THUNDEROUS LOUD CRASH!

They hit the ground with incredible force and made a huge crater and I went really fast at her and punched and kicked her all over.

Shinnosuke: Holy shit! That was heavy!

Nico: Wow! Not even Renee is a match for J.D. without his weighted jacket.

Shinnosuke: Wow! How much weight does J.D. have in all that?

Eli: Bro has as much weight as the planet on him when he is without his coat.

Go: WHOA! That is crazy!

KAMEN RIDE! DRIVE!

She used the power of Drive!

Shinnosuke: Oh, Hell no! She did NOT just use a Rider Card of me!

Go: J.D., now would be a good time to use those new Shift Cars!

Me: You got it! I've been wanting to try one anyway.

I used the power of Tchang Zu's Shift Car.

I had lightning surging and striking all over from my hands and they were intensely powerful!

Eli: WHOA! That is electrifying!

Apple Bloom: YEAH!

I fired a powerful blast of lightning and it hit Another Decade and electrocuted her all over!

Nico: WOW! SHOCKING!

Me: Yep!

But then I saw her use another card! It was one for Dark Spicer of the Masters of Evil!

MASTERS OF EVIL! DARK SPICER!

Nico: She has cards for the Masters of Evil too!

She formed a sword made from Dark's version of Arctiguana!

Another Decade: Here's your warning: Your ass is about to be kicked!

Me: Bring it on babycakes!

Shinnosuke: Type Speed Flare should melt that ice!

Tire Koukan! Max Flare! (Electric guitar squeal)

Nico: YEAH!

He fired a massive blast of fire and it hit the sword and melted it.

The Cutie Mark Crusaders came back.

Apple Bloom: We finished off Judge Roidmude.

Nico: Great job girls!

Me: Try this one!

I flicked the switches for Shendu and Jupiter.

I then breathed a massive blast of fire and it hit Another Decade and then she smashed her down and she exploded!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: YEAH!

I caught the Decade Rider Watch and Purified it.

Me: Yeah!

Then we saw Kamen Rider Cards and Masters of Evil Cards all over the ground and I went and picked them up.

Me: Wow! So awesome.

Nico came and picked up Renee.

Nico: That was so awesome!

Onewa: By the way, Shinnosuke, your team gets Another Decade's bounty.

Me: And it's the largest one we got.

I showed him and it was worth over $250,000,000,000,000,000,000.00.

Shinnosuke: Whoa! 250 Sextillion!? That is a lot!

Me: Yep.

Nico: But this was so awesome!

Eli: Yeah it sure was!

Go: But J.D. you were awesome with all that! You guys have been collecting lots of tools from Another Riders.

Me: Yeah we sure have been busy.

Sweetie Belle: But it was really awesome!

Eli: Yeah it was.

Onewa: But we're going to have one awesome story to tell everyone.

Nico: We sure are. Lets get Renee here to the infirmary.

Kyu: Look at all this money! It's mine! I'm rich! Filthy stinking rich!

Genpachiro: Hey, don't hog all of that to yourself!

Nico: Yeah there's more than enough for you guys to build a massive house for you and more.

Me: Yep. No need to go Eustace on us.

May: That's the last thing you guys would want to have happen.

Kyu: Oh sorry.

We went back home.

Nico: Get a gurney in here stat!

Varie and Maria Santiago came with one.

Varie: Oh man! Another Rider?

Me: She was Another Decade.

Maria Santiago: Dios Mio! At least it wasn't Swartz.

Me: Thank goodness for that. I was afraid we were going to face him early.

Lincoln: We saw what was going on. That was so awesome!

Rarity: We're so proud of you 3.

Sweetie Belle: Thanks sis.

Apple Bloom: It was really amazing.

Scootaloo: Yeah it sure was.

We told everyone everything and it was awesome!

Laney: Wow that was cool!

Lola: Yeah it was!

Onewa: We had a lot of fun on this one.

May: Next time, Arkayna should go with us. And Poromon as well.

Nico: That's a great idea! I hope we face Dark Lynn next time as Another 555.

Me: That would be awesome.

---

Later in the lab, I was looking at a blood sample under a microscope.

Me: Hmm.

Lubber: What are you looking at, J.D.?

Me: A Blood Sample that I got from that Zombie Argentinosaurus that we faced over a year and a half ago. While it was held down I took some samples of it to figure out what would cause this gentle giant to become like that.

Lubber: Wow.

Aylene C.: That still haunts me. I can't believe this all began from a rabid hadrosaur.

Nico: Yeah.

I looked hard.

Colleen: (British Accent) Maybe it came from that zombie virus that infected that alternate Marvel Universe.

Me: I don't think so Colleen. This virus was in the world of The Land Before Time which was over 100 million years ago.

Colleen: Oh right.

I looked.

Nico: What is it?

Me: Take a look Nico.

Nico looked and he saw the virus. It looked like a scarier version of the Motaba Ebola Virus but it was destroying the dinosaurs red blood cells and tissue and not only killing the cells but reanimating them into zombie cells.

Nico: Jesus Christ! Look at that!

Me: I know. Shocking.

Nico: That dinosaur was completely out of its mind.

Me: Yeah. That Argentinosaurus was out of its mind with pain but its brain was still intact.

I pulled up the images of the Zombie Argentinosaurus before it became that and after.

Laney: It went from a gentle giant to a bloodthirsty killer! It slaughtered its whole herd.

Nico: Yeah.

Acid Storm: Good thing it only infected that dinosaur.

Nico: It started out with that Hadrosaur and then it bit the Argentinosaurus and infected it.

Eli: Ouch.

Slingshot: Poor thing.

Nico: Yeah.

Me: That dinosaur did nothing to deserve being turned into a monster like that.

Lana: No kidding.

Aylene C.: My heart still hurts for that creature. But at least we stopped it before anymore dinosaurs were killed.

Me: Thank goodness.

Nico: What do you want to call this virus?

Me: Jurassic Ebola X.

Nico: Nice.

Later in the Living Room, Lego Lex Luthor appeared and he had an amazing proposition.

Lego Luthor: It's time that me and Superman called all of our comrades that aren't scattered across the planets on our world.

Billy Gilbert: Good idea.

Cycloid: How many are still available?

Lego Luthor: Lots of us but it's time we put our differences aside and work together.

Nico: Any particular reason?

Me: I think I know. The Lego version of Brainiac.

Laney: Oh man.

Then all the Lego Heroes and Villains came.

Lego Robin: Batman? Why are you, me and the others here? And why are Killer Croc and the other bad guys in the same room as us?

Lego Joker: Yeah, the whole good vs evil thing…

Lego Batman: We're calling a ceasefire between good and evil in our universe indefinitely.

Lego Killer Croc: SAY WHAT?!

Me: There's a reason for it. With Brainiac from your universe running amok it's time for you guys to put aside your differences and work together with everyone so we can help destroy him for good.

Nico: Yeah Brainiac poses a tremendous threat to everyone.

Laney: He's right on that.

Lego Superman: J.D.'s right. It's clear that with Brainiac more dangerous, all of us working together is the best option.

Maria: And several of your comrades remain unaccounted for.

Nico: But we'll find them overtime.

Me: And we already found 10 of them on Ysmault. We have 6 more planets to look though. We're going to Okaara next, the home planet of the Orange Lanterns.

Nico: The world of greed. That means we're going to have Lego Larfleeze recruited into the Masters of Evil.

Me: Yep.

Larfleeze: I hope he not bad as me and take shiny.

Me: We won't let him touch it.

Then White Lightning, Titania, Titanium Titan, Dodgeball Wizard, Count Spankulot, MetalSeadramon, Goro, Villamax, Beast Man, and Stratos appeared.

White Lightning: Can me, Titania, Titanium Titan, Dodgeball Wizard, Count Spankulot, MetalSeadramon, Goro, Villamax, Beast Man, and Stratos go with you guys?

Nico: Yes you can. We're going to the planet Okaara.

White Lightning: The Home World of the Orange Lanterns. This will be awesome.

Lola: It sure will.

Dodgeball Wizard: Let's get going.

Nico: Right. Okaara here we come.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Colin Mason, the Muscle of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is another Blood Dragon coming after us?

Lincoln: That's right, Nico, and it's Colin Mason, the Muscle of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us.

Jade Hyotonia: So, the ruthless Muscle of The Blood Dragons is heading here, eh? Perfect, now we can give that muscle-bound thug the beating of a lifetime.

Lincoln: The court's going to have quite a field day with this scumbag when we capture all of the Blood Dragons and get them sent to the starry lonesome forever. When we went over his file, we saw that he committed a ton of assaults over the years, and many of those he's beaten up were brutally crippled for life.

Nico: He did what?! Oh, that bastard has no shame in the pain he's inflicted. Linc, I hope you and Jade put that thug on ice for what he did. Alright, gang, let's go, time to teach the Lego version of Larfleeze a very painful lesson.

Lincoln: And that is if you think only about yourself and not about those around you, it's going to get you killed, or worse, beaten black and blue by us.

Jade Hyotonia: Which is exactly what's also going to happen to Colin Mason when that dumbass shows up.

We were off to the planet Okaara. We got into the ship and we were off to the home planet of the Orange Lanterns.

---

The U.S.S. Valorous Phoenix Was then flying through space.

Nico: Team Loud Phoenix Storm Captain's Log, Stardate 6615.8: The U.S.S. Valorous Phoenix is en route to the home planet of the Orange Lanterns called Okaara. It's a jungle planet home to ancient ruins and it's also home to Larfleeze, Leader of the Orange Lanterns. Our mission is to battle him and find more comrades of the heroes and villains and recruit the Lego version of Larfleeze into the M.O.E.

Me: This is gonna be awesome.

Lola: It sure will be awesome.

Eli: I'm looking forward to this one.

Camille: Is this any different from our Okaara?

Nico: It's pretty much the same.

Camille: Oh.

Lisa Loud: We have arrived at our destination.

Nico: On screen.

We saw that we were at an orange planet and it was amazing.

Nico: Planet Okaara.

Eli: Wow.

Nico: Lets land.

We landed and got out and we saw that it was a jungle planet with ruins all over the place.

Nico: Here we are guys. Welcome to the planet Okaara.

Qin: Wow! Creepy planet.

Goro: Should we expect to see any of Larfleeze's troops?

Me: Well we better be ready for them.

Laney: Yeah.

Lincoln: But Larfleeze is someone not to be taken lightly.

Nico: That's true. He is always guarding the Orange Lantern Power Battery and he will hurt anyone that tries to get it.

Larfleeze: It's true. I will always defend shiny.

Lola: Yeah.

We went into the temple and it was amazing.

Nico: Wow what a temple.

Lego Joker: So, what's the deal with those Blood Dragons?

RD Lincoln: You want the short version or the long version?

Lego Joker: Long version please.

Nico: They are a gang that is out to kill us for destroying the Church of Necrom.

Nico told them all about them and the villains were all shocked!

Lego Luthor: Whoa! These guys sound like they are dangerous.

Me: That is a total understatement.

Eli: Yeah they are pure evil.

Count Spankulot: (Transylvanian Accent) They have been VERY bad!

Nico: Don't worry Count. They'll get what's coming to them and the Arcana Force Masters are going to give them their just desserts.

Laney: That is for sure.

Lola: Yep. We're not going to let them get away with their crimes.

Eli: Yeah.

Alucard: We should've just killed those guys all at once while we still had the chance!

Nico: You know what? I agree with you there.

Lego Luthor: Do you really have that little faith in your teammates?

Nico: What?! I never said that.

Lego Luthor: Really? I get the Blood Dragons are a pain. But if you DO have faith in your friends, you should let them take them out one at a time. As slow as it might be.

Me: I have been saying the exact same thing. I agree with Luthor on this guys. Just like the Church of Necrom we have to let the Arcana Force Gene-Slammers catch them one by one and they will get what's coming to them when the time comes. We just have to let this run its course as we catch them one by one.

Lola: Yeah Nico just calm down and let them handle it.

Nico: Oh you're right.

Me: Besides we only have 3 members to take down and then we'll bring them to court and send them to prison for eternity.

Nico: Good.

MetalSeadramon: (to Yost Wolverine) Logan, I think you and Princess Celestia might get a chance to shine today.

Yost Wolverine: I'm looking forward to this one.

Princess Luna: Same here.

Nico: Yeah. By the way J.D. I've been thinking about something. We should recruit the alternate universe version of King Sombra.

Me: That's a good idea. He is the exact polar opposite version of the King Sombra we know and loathe.

Twilight Sparkle: That is an interesting idea.

Nico: Yep. He'll be perfect for the Redemption Squad.

Bowser: Of course, we got those evil versions of Twilight and the others to deal with.

Nico: I agree there.

Me: But actually you don't have to worry about that anymore. King Kai just relayed a message to me and he said that they were all dealt with.

Nico: Great!

Me: Yep. Thank goodness.

Beast Man: Let's see if we can find more Lego recruits.

Nico: Right.

We walked around some more and then we saw Lego Plastic Man, Lego Blue Beetle, Lego SHAZAM, Lego Captain Cold, Lego Cheshire, Lego Doctor Fate, Lego Firestorm, Lego Giganta, Lego Hawkgirl, Lego Hawk Man, Lego Heat Wave, Lego Bane, Lego White Lantern, Lego Black Lantern and Lego Metallo!

Nico: Wow!

Me: The Lego versions of Plastic Man, Blue Beetle, SHAZAM, Captain Cold, Cheshire, Dr. Fate, Firestorm, Giganta, Hawkgirl, Hawkman, Heat Wave, Bane, White Lantern, Black Lantern and Metallo!

Nico: And they are under attack by a bunch of Orange Constructs!

Me: Yep.

Tayuya: If anyone has Eyecons and Ridewatches, now's a good time to fucking use them!

Me: Oh now is a fucking good time to kick some fucking ass!

Laney: Lets see how these guys like this!

Laney activated her Ride Watch and then she got SUPER RIPPED!

Nico: WHOA! LANEY IS BUFFED!

Laney: Looking really ripped! Bane's muscles are awesome!

Laney jumped and smashed and pulverized the Orange Constructs into dust!

Lego Blue Beetle: OH YEAH!

Lego Dr. Fate: That was amazing!

Lego Bane: (Spanish Accent) I just met you. But already, I find you very powerful.

Villamax: That's Laney for you.

Laney: Thanks. Your Ride Watch makes me pumped and my fire is lit.

She-Hulk: She is in every way like me when she is like this.

Lincoln: Boy she sure is.

Me: Laney the She-Hulk.

Laney: I like it.

Scowl: It's been a while since we used Eyecons.

Nico: Why not start again now? Anyone wanna volunteer?

Me: Boy it sure has been a while hasn't it.

Nico: Yep and here comes more Constructs!

We saw them coming!

Luster Dawn: Chew on this!

Luster Dawn activated her Eyecon!

CHARLES FELTMAN AND GRAMMA STUFFUM!

Luster Dawn: HOT DOG EXPLOSION STORM!

She fired a massive number of hot dogs and they went into the Construct's mouths and they exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Nico: Whoa! Charles Feltman was the inventor of the Hot Dog.

Eli: That's my kind of guy.

Me: Me too!

Lego Dr. Fate: I knew you were coming, Team Loud Phoenix Storm. My magic foresaw us meeting here.

Titania: Then you probably also know that right now, heroes and villains are on the same side.

Lego Heat Wave: How do we know this ain't a trap to Black Gate us?

Nico: There is no trick here.

Me: And besides this is because your worlds version of Brainiac is running around and causing problems.

Nico: That's right.

Kaz: Lets try this on!

He activated Molten Man's Rider Watch and then Kaz's arms turned into lava and had intense fire burning around him and then he fired waves of lava and fire and the blasts destroyed the rest of the constructs!

But then more came!

Grenade Man: More constructs! Let me dealt with-

Level up!

Me: I know that Level Up anywhere!

Nicole: Me too!

Out came the Ex-Aid Kamen Riders!

Nico: Emu, guys!

Emu: Awesome to see you all here.

Me: Same here guys.

Eli: Awesome to see you all here.

Kopaka: Let me help you guys!

Titanium Titan: Don't forget your Kamen Rider form.

Kopaka: I won't. HENSHIN!

Kopaka donned his awesome Kamen Rider form. It was called KAMEN RIDER LUNAR-AID!

Nico: YEAH! Lets go guys! Time for the entrance!

Spinister: He doesn't even know we're here!

We went into a room and we saw LEGO LARFLEEZE!

Nico: Target sighted.

Spinister: He doesn't even know we're here!

Nico: Lets get him.

We went at him.

Lego Larfleeze was looking around. But then the spirits of the elements of emotional power all appeared and then orbited around him and then they converged and then a massive flash of rainbow light blasted out above him and then the divine singing of angels was heard and then we came out.

Me: Larfleeze, I presume.

Nico: It's time to show you that greed has terrible consequences.

Lego Larfleeze: YOU WILL NOT TAKE SHINY FROM ME!

Stratos: Get ready to be blown away!

Lego Larfleeze came at us and I kicked him in the face and smashed him down.

Lola: You need to realize that your greed has terrible consequences!

Lana: That is for sure!

But then Batroc the Leaper, Whirlwind, Xaldin, Electropede, Count Nocturne, Salami Swami, Hydrax, Abra Kadabra, Boomerang, and Abis Mal appeared.

Nico: Batroc the Leaper, Whirlwind, Xaldin, Electropede, Count Nocturne, Salami Swami, Hydrax, Abra Kadabra, Boomerang, and Abis Mal.

Batroc: It's good to see you guys using your Eyecons again.

Whirlwind: You really should use them everyday.

Yost Wolverine: We'll keep that in mind.

Me: Yeah we sure will.

Xaldin: Although the Ridewatches are just as powerful.

Nico: Yes they sure are.

Electropede: (to Nico) We heard you went to the Crystal Empire.

Nico: We sure did.

Count Nocturne: How was it?

Nico: Really Awesome. We beat Another Power Rangers Rider and we got Lightspeed Rescue Weapons imbued with all your powers.

Count Nocturne: Wow that is amazing!

Me: Yeah it sure was.

?: Wow that must've been awesome.

A figure came out and it was NEO BAT NEZIRE From episode 10 of Megarangers!

* * *

A Nezire Beast created with the remains of Bat Nezire to make more powerful. With a series of female androids at his disposal, Neo-Bat Nezire provides them with flutes and send them across the world to play the Murderous Soundwave, an enhanced version of the Rage Soundwave. However, one of his robots, Number 167 who looks exactly like Shun's deceased mother, develops a mind of her own as a result of being hit by a truck. Attempting to destroy her, he is forced to fallback after Mega Blue overpowers him. Tracking his creation down, Neo-Bat Nezire uses his Murderous Soundwaves on the Megarangers until 167 comes to their aid and uses Shun's flute to negate the Nezire Beast's attack before she self-destructs to protect him. Enraged, Mega Blue attacks Neo KoumoriNezire in full fury before defeating him with the Tomahawk Sniper. The blast was aimed squarely at his stomach and ripped a massive hole straight through his stomach with fatal effects. Once bitten by Bibidebi, Neo-Bat Nezire is easily destroyed by Galaxy Mega's Mega Dash Cutter when he leapt at it as it descended through the Earth's atmosphere.

* * *

Eli: Neo Bat Nezire! I remember you! You were sent to finish what you started and you made the people of the Earth kill each other with a murderous shockwave.

Neo Bat Nezire: That's right Eli. Good memory.

Eli: Yep.

Neo Bat Nezire: Too bad I wasn't adapted in America.

Andros: If you were, you would've been an upgraded form of Batarax.

Me: Yeah what a ripoff! That would have been awesome.

Nico: It sure would have been awesome.

We got the usual battles underway.

---

## Captain America, Rarity, Sweetie Belle, Water Skylanders, Ant Man, Flik, Atta, Billy Gilbert and Acid Storm VS Batroc the Leaper - Nico's Rescue

---

Batroc was first.

Batroc: (to Cap) Nico once again did a good job on his rescue. Now, what's this about the Champions of Equestria?

Captain America: They are actually called the Champions of Harmony. They are 27 powerful people from Earth that were chosen by the Elements of Harmony themselves to be the great defenders of Equestria.

Rarity: It's a mysterious legend that Princess Celestia told us about and they involve 27 people from Earth that have defended Equestria from all its most dangerous enemies 1,000 years ago after she banished Princess Luna to the Moon.

Sweetie Belle: But it was really something to hear about.

Sweetie Belle told him about them but not their names as we don't know who they are yet.

Batroc: Wow! That is amazing!

Gill Grunt: It sure is. But we're going to be in for a huge challenge when we meet them.

Ant Man: Yeah this will be awesome.

Flik: It sure will be cool.

Atta: I agree there.

Batroc: This is gonna be interesting. And all leading up to the big war with Evil Starlight Glimmer in September. Lets do it!

They fired waves of water, jewels and ice and smashed him down.

Amber Morning: We all thought it was a great one.

Paula: Yeah no kidding! But Ansey got what was coming to her.

Spotlight: She sure did.

Palutena: What a heartless monster.

Hydrax: (to Ino) I heard J.D. studied the Virus that turned an Argentinosaurus into a Killing Machine. What's the diagnostic?

Jade Hyotonia: I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne. You can come out now, Colin Mason.

A 24 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder came out, it was Colin Mason, the Muscle of The Blood Dragons.

Jade Hyotonia: I should've known Bryan Greyson would send you to kill us, Colin Mason. But, your days of beating people to death are about to come to an end.

Colin Mason: I'll wipe that smug look off your face by killing you and everyone you love, bitch.

Jade Hyotonia: Still the same lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Jade Hyotonia's ice blue eyes turned ice blue, and she was surrounded by an ice blue energy aura with ice, psychic energy, and The Empress, she unholsters her massive Arcana Force III - The Empress-themed sword and Sword of The Arcana from her back, and as she approached Colin Mason, she left ice blue energy, ice, psychic energy, and Arcana Force III - The Empress with every

step.

Jade Hyotonia: You've gotten away with one crime too many throughout the years since Bryan Greyson formed The Blood Dragons, not to mention the murders you've committed along with the beatings you've done on so many innocent people who got in your way, Colin Mason, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Jade Hyotonia was surrounded by a massive vortex of ice blue energy with ice and psychic energy surrounding it, there's Arcana Force III - The Empress flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Jade Hyotonia emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Jade Hyotonia grew from 6'5" to 6'11" in height, she has the body of a goddess, she has blue highlights in the bangs of her long flowing ice blue hair, she has neon ice blue eyes and an ice blue energy aura with ice, psychic energy, and Arcana Force IV - The Empress surrounding her, she has Arcana Force III - The Empress and with the Ice Kanji in its hands emblazoned on her forehead, she has on Arcana Force III - The Empress earrings with ice blue gems for eyes and holding the Ice and Eternity Kanjis in its hands, she also has the Arcana Force III - The Empress with ice blue gems for the eyes and the Ice and Eternity Kanjis in its hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with ice blue crystal links from her merged Crystal Necklace of the Buddha and ice blue gems on the gold lightning bolts. Jade Hyotonia has on a sleeveless purple vest, ice blue sleeveless midriff top, ice blue skirt, ice blue pants, ice blue sneakers, and long ice blue sleeveless trenchcoat with ice and psychic energy on the coattails, and on the back is Arcana Force III - The Empress surrounded by ice. Suddenly, Jade Hyotonia felt a sharp pain on her back, and then, her massive ice blue angel wings grew much bigger for her new body, and the large ice blue feathers have purple tips and ice falling from the feathers. Jade Hyotonia has on a Ring of The Phoenix with ice blue gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger. Suddenly, Jade Hyotonia's massive Arcana Force III

- The Empress-themed sword and massive Sword of The Arcana began merging together and they were surrounded by a kaleidoscope of ice blue energy, ice, and psychic energy, and when it emerged, it's been transformed into Arcana Force III - The Empress' Ice Arcana Greatsword of Psychic Justice, it's a brand-new greatsword with Arcana Force III - The Empress and the Major Arcana card The Empress etched on the 7'0" massive, wide, double-edged ice blue blade, purple angel wings for the crossguard, large ice blue gem embedded in the rainguard, longer black handle, and large ice blue gem with angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with ice blue gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Arcana Force III - The Empress with ice blue gems for eyes and a large ice blue gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on her right hip and Eater of Sins revolver holstered on her left hip. There's a purple kanji below Arcana Force III - The Empress that said, "Jade Hyotonia, Gene-Slammer of Arcana Force III - The Empress, Very Strong and Powerful Psychic Mindreader and Clairvoyant, Loving Guardian Angel and Future Wife of Lincoln Loud, Destroyer of The Blood Dragons, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Dear Friend of Melanie McPherson, Catherine Hoshi, Loreena Kellington, Penelope Harrisburg, Yvonne Qinsington, Evelyn Francois, Roxanne Lowinsky, Sonnya Rexxington, Sylvia Starron, Sophia Starron, and Felicia Terrington, and Master of Ice, Psychic Energy, and the Arcana"

Jade Hyotonia has transformed into SUPER ANGEL ETERNITY INFINITY ICE ARCANA FORCE III PSYCHIC ANGEL OF PSYCHIC ICE JUSTICE AND DIVINE CLAIRVOYANT LOVE!

We were amazed by Jade Hyotonia's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Colin Mason saw it, the thug got out his brass knuckles and was about to kill her by beating her to death, but Jade Hyotonia fired a powerful blast of ice blue energy with ice, psychic energy, and Arcana Force IV - The Emperor, and it sent Colin Mason flying into a wall, and gave him a case of frostbite.

Melanie McPherson: (Scottish Accent) Whoa, Jade's transformed, that's so awesome!

Nico: You said it, Melanie. This is going to be good.

Lincoln: Wow, Jade, you look beautiful. How do you feel?

Jade Hyotonia: (Divine Echoing Cosmic Voice of The Arcana Ice Empress and Divine Clairvoyant Love) **I feel incredible, Linky. Now, shall we deal with that thug, Colin Mason, once and for all?**

Lincoln: (Smiles) With pleasure, Jade.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Jade Hyotonia.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that thug away for the rest of his life.**

Jade Hyotonia and Lincoln went after Colin Mason, who tried to attack them with his brass knuckles, but they dodged them, and they fired powerful blasts of rainbow energy, ice blue energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Arcana Energy at Colin Mason, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Me: Uh oh, here it comes.

Colin Mason drank the werewolf serum, and we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **So, he wants to play it like that, huh? Okay, then.**

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's rip him to shreds.**

Jade Hyotonia and Lincoln attacked him with their massive greatswords and left painful scars on him and they also spilled his blood and it caused him to roar in anger, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on his chest, and the cure took effect as Colin Mason changed back to normal. Then, Penelope and Lincoln fired a blast of magic and it hit Colin Mason, and put him into a special card prison where he'll be locked up until trial, and into a box that Melanie McPherson made, where she put Morgan Wesley, Gary Reese, Riley Cooper, Nelson Everett, Kyle Carter, Marc Landon, Corey Hudson, Eric Archer, and Justin Nolan into. We cheered wildly for what Jade Hyotonia and Lincoln did as they holstered their massive greatswords on their backs and powered down and Lincoln changed back, and Jade Hyotonia's new body, clothes, weapons, jewelry, and massive ice blue angel wings are permanent.

Jade Hyotonia: That's another Blood Dragon down and two to go. Thanks for helping me take down Colin Mason, Linky.

Lincoln: (Smiles Warmly) You're welcome, Jade.

Suddenly, Jade Hyotonia wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down to Jade Hyotonia's face, they kissed passionately as Jade Hyotonia's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force III - The Empress flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and snow falling down behind them and the rest of Lincoln's harem cheered for them.

Catherine Hoshi: Which means the next Blood Dragon to show their ugly face tomorrow is Alan Cameron, the Second-In-Command of The Blood Dragons.

Lincoln: That's right, Catherine, and we're going to flatten that thug tomorrow, and then, all that's left is the final showdown with Bryan Greyson, the leader of The Blood Dragons.

Nicholette Torrington: And then, we bring them to trial and get them convicted, and that'll be another mess of Damian Alaister's cleaned up.

Lincoln: Then, we can get to training the Champions of Harmony and prepare for the return of The Doomsday 23, which'll lead to the final showdown with Evil Starlight Glimmer, and once we send her to The Black Gates, then, we can say we've finally cleaned up the last mess of Damian Alaister and The Church of Necrom.

Nico: You got that right, big guy. That demented, fucked-up, Satanic Demon Goth and the rest of his Demon Goth horde have caused enough trouble for the last time, but that fucked-up bastard made a big mistake: he and The Church of Necrom badly underestimated us and they failed to see just how powerful we truly are. We fought to protect those we love, while they desire nothing but destruction and death, and they've crossed one line too many with their murder spree six years ago.

Lincoln: That's right, but we made sure they paid the price for their crimes when they got convicted and sentenced to death.

Nicholette Torrington: And it ended with us giving them The Black Gates forever, which is exactly what will await Evil Starlight Glimmer and the rest of The Doomsday 23.

Lincoln: You said it, Nicholette.

Nico: Yep. But great job today everyone. Greed is done.

Me: Yes it is.

Larfleeze: (To the viewers) This was a great adventure here. Almost as great as being with Shiny.

Nico: Yes it was. Lets go home.

We went back home and I was telling everyone about the Zombie Argentinosaurus and how it was a scary and gruesome adventure. It was gruesome and many of the people that hadn'r heard it was throwing up. We later returned home and then enjoyed the rest of the day and went to sleep.

Shannon: Same with me. I hope she is just as awesome in magic like my ancestors and Ben Ravencroft.

Nico: That is gonna be so awesome to see.

Lana: It sure will be awesome.

Nico: Thanks for coming with me, Ben. Or do you prefer Ben 10,000?

Ben 10,000: Ben 10,000 is fine. I like being called that because of the 10,000 aliens I have with me.

Me: That is still so cool that you can use so many awesome powers from over 10,000 different aliens. Even though there is over

1,000,000+ Aliens all over the galaxy.

Ben 10,000: It sure is awesome.

Nico: And several of those aliens were used by Giovanni to Gene Slam several of my friends.

Me: Yeah no kidding!

Ben 10,000: I know. But they were all given incredible power. But it's really awesome that they can use all those powers like that.

Lola: It sure is Ben.

Me: And the numbers are still coming in too.

Camie: That is just terrible that Giovanni was able to do that.

Sirius: Yeah no kidding there.

Kaoruko: Thank goodness he was given the Black Gates.

Nico: And that includes the one we're meeting today.

Nicole: That's right. But this will be awesome.

Nico: Yep.

Laney: So what is the witch we're going to meet?

Brittney: Well this kind of witch is more like an awesome accident. She is called Bluehilda. She is actually supposed to be a Boohilda.

Lana: What's a Boohilda?

Brittney: A Mischievous kind of Witch. They are a group of Witches that are part of the high society culture and they use their black magic to perform pranks.

Lincoln: Sounds like the kind of thing Luan would love.

Brittney: She and a Boohilda would DEFINITELY get along great. Here's what went down.

Brittney told us the history of Bluehilda and how she came into being and it was a funny story.

---

Bluehilda is the eponymous character of the pilot episode of the same name. She was created by attempt of a cult known as the Brown Cowls to resurrect a race of witches called Boohildas. However, one cowl mistook an ordinary blueberry for the essential ingredient of a Boohilda's wart, which resulted in Bluehilda being created instead.

Powers and Abilities: Superhuman Physical Characteristics, Witch Physiology, Flight (With her shrub stick), Magic, Cartoon Physics, Dimensional Storage (With her leaf), Body Control, Duplication, Shapeshifting, Tornado Creation (Can conjure tornadoes with her Tongue Twister spell), Electricity Manipulation (Causes a rash to appear on an opponent), Size Manipulation (Appears in a small cabin), Immersion (Attacked herself through a mirror), Regeneration (High-Mid; Reformed from being reduced to ice cubes), Plant Manipulation (As shown here), Status Effect Inducement (Can give people rashes), Creation (Regularly creates objects out of nowhere), Possibly Transmutation (An ability shown by other Boohildas)

Attack Potency: Street Level (Broke off a large branch of a tree). Multi-City Block+ Level with Magic (Created a tornado that flung the unbearables to the North Pole)

Speed: Average Human, likely higher with her Shrubstick (Flew so fast the background turned blurry)

Lifting Strength: Unknown

Striking Strength: Street Class

Durability: Possibly Wall Level (Endured a beating from Apanda and Slushee that resulted in her getting shattered into ice cubes against a tree)

Stamina: High (Searched a whole forest for Francis and doesn't get winded from injuries)

Range: Extended melee range via shrub stick, higher via spells

Intelligence: Average (Seems to have a decent understanding and ability to cast spells. At the same time, has a rather childish mentality and didn't immediately realize Lubba planned to kill Francis)

---

When she was done we were amazed!

Nico: Whoa!

Shannon: So she was an accident from a cult.

Me: A Funny Accident though.

Laney: Yeah that is silly.

Nico: They are really funny though. But Bluehilda will make a great addition to the team.

Me: She sure will.

Nico: But I'm worried about Heure and Ora.

Me: Because of all the Another Riders coming after us?

Nico: Yeah.

Laney: At least we're getting a good challenge before the Zi-O big day.

Nico: Is it wrong that I'm worried about Heure and Ora?

Juran: I'm worried about them as well. Because if Swartz finds out that they're loyal to us instead of him…

Nico: I don't even want to talk about that.

Me: Hmm. Hey I got an idea. We can have the Masters of Evil take them in and put them under their protection till the Big Day.

Nico: That's not a bad idea J.D.

Zocks: That's going to make Swartz suspicious. Though them being in the Masters of Evil is a good idea.

Me: Yeah but that gives me another idea. We can make Blood Clones to act in Heure and Ora's place till then while the real ones are with the M.O.E.

Laney: Yeah that works perfectly!

Fu: It just might work. Swartz won't be able to tell the difference with them.

Nico: I like it. Smart thinking there.

Nico: Right but we'll keep those options available for when the time comes.

Me: Great.

Brittney: Here we are.

We arrived at a huge tree house and it was amazing.

Me: Wow!

Nico: Is this where Bluehilda lives?

Brittney: Yep. Her house is not just a tree house, it's a tree mansion. Boohilda's are witches that like to live with those that are filthy rich.

Nico: And Bluehilda is just like that.

Me: She definitely has good taste.

Laney: She sure does.

Gaon: I hope no Another Ranger has attacked her.

Nico: Don't worry we won't let that happen.

We went up to the door and knocked on it and answering it was

Bluehilda's butler friend Boris! He was a Boar Man Butler.

Boris: (Posh Accent) Ahh the famous Team Loud Phoenix Storm it's an honor to meet you all.

Nico: Hello sir. Is Bluehilda here?

Boris: She is. Right this way.

We went in and we were shown to Bluehilda's room and she was getting ready to venture into the world.

Boris: Milady Bluehilda you have a bunch of visitors.

She saw us.

Bluehilda: Hexlo!

Nico: Hello Bluehilda. Awesome to meet you.

Bluehilda: Wow! Team Loud Phoenix Storm! Wow! (Turns into Fireworks and explodes with excitement!) Wow! I am one of your most awesome fans.

Me: (Laughs) She cracks me up. But we're honored.

Nico: We're so glad that you're safe at the moment.

Bluehilda: Thanks. I am SO PUMPED FOR THIS! (Turns ripped and bulky!) YEAH! (Unzips her muscles) For 10 flipping years of my life I've been getting a bum rap just because my family tree has a few bad apples on it. I'm a good witch, and I've been eagerly training for the day where I can finally go out into the world and show everyone what. I'M. MADE OF!

She turned into a calendar and then a bum and turned into a tree with green apples laughing malevolently and she was a lonely blue apple. Then she turned into an angel and then a boxer and Francis was a coach and then she turned into the Earth and she showed us that she was a good witch on the inside!

We cheered for her.

Laney: I love that spirit there!

Me: Yeah we do!

Fu: You have a good heart on you.

Nico: We've had a few friends that are not like their family members.

Bluehilda: Really?

Shannon: Yeah it's a long story. Also you and I are so much alike Bluehilda.

Bluehilda: Are we really Shannon?

Shannon: Yeah. My ancestors were the most feared witches ever to terrorize all of Salem, Massachusetts back 330 years ago and they were evil witches. But I am not like them. I am a good witch and I use black magic for good.

Bluehilda: That is so awesome!

Nico: It sure is.

Eli: Yeah.

Nico: Have you seen anyone besides us come here recently?

Bluehilda: Yes I have. I saw a really scary Lost Galaxy Power Ranger dude. (Turns into a Blue Lost Galaxy Power Ranger) He looked like a scary red version of Leo and he had an alien skeleton like suit on.

Me: That's Another Lost Galaxy Rider!

Nico: Looks like we found Another Power Ranger here!

Brittney: Whoa! Leo and El Diablo are going to flip when they hear about this!

Nico: Yeah!

Eli: But this is the third Another Power Ranger we've face. We'll call this one Another Lost Galaxy Red.

Nico: Good idea. Have you seen anyone else?

Bluehilda: Nope just that one.

Me: Okay. But we'll have to look further down the road to see if any of your potential enemies can be awesome members of the M.O.E.

Bluehilda: I do have a couple of them. The UnBearables and one of my Boohilda brethren.

Nico: Those are good ideas.

Lana: They sure are.

Me: The UnBearables? Aren't they Bear Themed Witch Hunters that want to destroy you?

Bluehilda: That's them.

She pulled out a wanted poster of them.

Me: Panda, Slushy and Looba. They look silly and crazy.

Nico: Nice.

Me: Yeah.

Nico: I think I hear Another Lost Galaxy Red coming right now.

Eli: I sense it.

Nico: Lets go!

Bluehilda: Lets go kick some Another Rider Butt!

We went to face it.

We came out and saw a figure and it was ANOTHER LOST GALAXY RED!

Nico: Alright. There you are. (activates El Diablo's Ridewatch)

Nico then turned into a FIRE SKELETON GOD FORM AND HE WAS BURNING WITH INTENSELY POWERFUL FIRE!

Nico: YEAH!

He looked like a scary undead version of Lost Galaxy Red and he had a scary helmet with teeth on and dark versions of the Lights of Orion gear on him!

Nico: WHOA He is UG-LY!

Me: This has to be the scariest one yet so far.

Another Lost Galaxy Red: (In a girls voice) J.D.! Help me!

Me: (Gasp) That voice! Is that…

She reverted back and we saw that it was a red hair girl with a red dress and she had purple shoes on.

Me: Callie Frederico!

Callie Frederico: It's good to see you again J.D. but you have to help me! I can't control this power!

Nico: You know her J.D.?

Me: I sure do. She is one of my friends from my school art classes. We drew all kinds of awesome pictures and she is an awesome artist.

Laney: Wow she and I would get along great.

Nico: I can tell.

Me: Callie I'm sorry we have to fight you but this is for your own good!

Bluehilda: (Turns into a Superman-esque Hero) We'll save you!

Kaito: (takes out Gaim gear) So, you like using fire, eh?

Zocks: (takes out Wizard gear) Well, we can turn up the heat too!

Kaito donned awesome armor and had all the weapons of the Gaim Riders spinning around him.

Zocks then got Wizard Rings on him too!

Me: I think I'll turn up the heat too!

I pulled out a Ghost Pepper Lockseed!

Nico: A Ghost Pepper Lockseed! Awesome!

Me: Yep. HENSHIN!

I put in on my belt!

LOCK ON!

ZZZZZIIIIIIIPPPPP!

I turned into my newest Kamen Rider Form. KAMEN RIDER NAGA JOLOKIA!

Nico: WHOA!

Eli: WOW! Spicy!

Callie Frederico: That is amazing that you can turn into Kamen Riders J.D.!

Me: We had a lot of new power acquisitions on the Ambassador Missions we got these last couple of months.

Callie Frederico: So I see. Lets see what you can do.

She then was enveloped in a vortex of dark fire and it had the symbols of the Lost Galaxy Rangers and then she turned into Another Lost Galaxy Red!

Nico: (Speaking in Spanish) Ahora estas jodido. (Now you're screwed) (Throws fireball!)

I hit Another Lost Galaxy Red and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

Me: Try this one!

I pulled out my Chili Pepper Flamethrower Blaster!

Me: Feel the heat!

I fired a massive blast of fire from it and it hit Another Lost Galaxy Red and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Yeah!

Another Lost Galaxy Red: Not bad. Now for me.

She pulled out a black bladed Quasar Saber and then the blade changed and it was a green energy blade imbued with the power of Lord Drakkon!

Me: Her Quasar Saber has all the powers of the Masters of Evil, Core and Non-Core!

Eli: This is gonna be big!

Bluehilda: It sure will!

Ben 10,000: My turn to turn up the heat!

Ben 10,000 went ULTIMATE BEN and activated the powers of HEATBLAST!

Ben 10,000: HEATBLAST!

He fired a massive blast of fire from his hands and they hit Another Lost Galaxy Red and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Another Lost Galaxy Red ran out of the fire and then came at us and fired green energy blades from her sword and we dodged them.

?: This girl is a power house!

Then we saw an Ekoplektoid appear!

Ben 10,000: An Ekoplektoid!

Nico: Cool!

Ekoplektoid: (In a girls voice) Awesome to see you again Nico.

Nico: Leina Kingston! Wow! Awesome to see you again.

Ekoplektoid: Same here. We'll catch up after we take her down.

She slapped her back and turned into 8 of herself and then smashed Another Lost Galaxy Red all over!

Brittney: Time to finish this!

Brittney then fired a blast of dark energy and it hit Another Lost Galaxy Red and she exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down but I caught the Another Rider Watch and Purified it.

Me: Got it.

We saw Quasar Sabers and Transdaggers and Quasar Launchers all over the ground.

Me: Wow! Quasar Sabers, Transdaggers and Quasar Launchers.

Laney: And they all have the symbols of the Core and Non-Core Members of the M.O.E. on them.

We picked them up and I got said weapons for Lord Drakkon. We went and picked up our respective frenemies. Then I went over to Callie.

Me: Hold on Callie.

I pulled out my new Rainbow Rose Serum and she took one drop and was healed.

Callie Frederico: (Weakly) (Coughs) J.D.?

I reverted back.

Me: Are you all right Callie?

Callie Frederico: What happened?

Me: It's an ugly story. But you're okay now.

She then hugged me and cried hard into my chest.

Leina reverted back and she was a girl in a blue athletic uniform and had pink hair.

Leina Kingston: That was so awesome.

Ben 10,000: What's your favorite memory of Nico?

Leina Kingston: I have a lot of them but my favorite is when I faced a bully that was out to kick Nico's butt and I punched that bully in his chest and smashed all his bones into dust. I

have this amazing power that destroys the entire skeleton system of those I hit. It's how I got the nickname the Skeleton Smasher.

Nico: Yep. She left that bully permanently and eternally crippled as a blob.

Me: Whoa! That is powerful.

Laney: It sure was.

Leina Kingston: Yeah.

Nico and Leina hugged.

Nico: I really missed you.

Leina Kingston: Me too Nico.

Bluehilda: But this was so awesome! (Explodes into fireworks!) I loved this!

Eli: We're glad you had fun Bluehilda.

Nico: You'll make a great addition to the team.

Qin: Boy you sure will.

We got Bluehilda's house and her friends to the Estate and we had the house moved to our Park and it was awesome.

Callie was gonna be okay.

And with us were the remaining Warriors of Wei: Xiahou Dun, Dian Wei, Xu Zhu, Xiahou Yuan, Zhang Liao, Xu Huang, Zhang He, Cao Ren, Cao Pi, Pang De, Jia Xu, Yue Jin, Li Dian, Yu Jin, Xun Yu, Cao Xiu Man Chong, and Xun You, the remaining Warriors of Wu: Zhou Yu, Lu Xun, Taishi Ci, Lu Meng, Gan Ning, Huang Gai, Sun Ce, Da Qiao, Zhou Tai, Ling Tong, Ding Feng, Lu Su, Han Dang, Zhu Ran, Cheng Pu, and Xu Sheng, the remaining Warriors of Shu: Zhao Yun, Guan Yu, Zhang Fei, Zhuge Liang, Ma Chao, Huang Zhong, Wei Yan, Pang Tong, Guan Ping, Liu Shan, Ma Dai, Guan Suo, Bao Sanniang, Xu Shu, Fa Zheng, and Zhou Cang, the remaining Warriors of Jin: Deng Ai, Zhong Hui, Zhuge Dan, Xiahou Ba, Guo Huai, and Wen Yang, and Yuan Shao and Zhang Jiao, and they were in their Dynasty Warriors 7, 8, and 9 appearances and wielding their weapons from the games.

Lincoln: Wow, we're here in Hu Lao Gate, and I know what we're going to do here, not only am I going to rescue the nine girls here, but I'm going to put the final touches to his plan to unite The Three Kingdoms into one and we're also in for an awesome battle as we're going to destroy Lu Bu and Dong Zhuo.

Nico: That's right, Lincoln, and from what we were told about Dong Zhuo and Lu Bu, those two are bloodthirsty beyond all reason.

Me: And these two need to be destroyed once and for all.

Lincoln: That's right, J.D., and thanks for joining us, Ace.

Ace Bunny: You're welcome, Lincoln, this is going to be one battle that'll mean the end of the chaos that's plagued The Three Kingdoms. But, I can also guess that a few more warriors are also going to join us before we get after Dong Zhuo and Lu Bu.

Lincoln: That's right, Ace. (To the remaining Warriors of Wei, the remaining Warriors of Wu, the remaining Warriors of Shu, and the remaining Warriors of Jin) And it's a pleasure to meet all of you.

Zhao Yun: It's a pleasure to meet you too, Lincoln. Lord Liu Bei told us all about you, and about your plan to unite The Three Kingdoms into one.

Xiahou Dun: And we'll finally be rid of Dong Zhuo and Lu Bu once and for all.

TLPS Mr. Wolf: That's right. Those two have caused nothing but trouble for the last time.

Suddenly, we saw the Duel Monster, Blue-Eyes Quinquennial

Dragon, appear before us in the skies and on its back are the nine girls.

Nico: Wow, that's the Duel Monster, Blue-Eyes Quinquennial Dragon, and it got the nine girls away from Dong Zhuo and Lu Bu.

Blue-Eyes Quinquennial Dragon: (Ukrainian Accent) That's right.

Lincoln: And I'd recognize that Ukrainian accent from anywhere, I knew it was you, Fay Reikova, but we'll talk later. Now that the nine girls are out of danger, it's time to get rid of Dong Zhuo and Lu Bu, luckily, I've got a plan on how to deal with the soldiers of that pig. Nico, if you would?

Nico made a hologram of the field and he points to one area where the majority of Dong Zhuo's army is at.

Lincoln: Right here in that area, that's where the majority of Dong Zhuo's army are located at, but they're going to be unaware that I'm going to place some powder kegs there, and we're going to launch a fire attack and get rid of Dong Zhuo's army, and this'll infuriate that swine. But, as soon as we get near Hu Lao Gate, we'll be in for one rough fight with Lu Bu.

Me: You said it, Lincoln. Lu Bu is known as a powerful warrior, but his arrogance will be his undoing in the end, and we also have to keep Dong Zhuo from escaping Hu Lao Gate and heading to Chang An.

Jiang Wei: Which is exactly where Lincoln has placed an ambush unit.

Lincoln: But, that swine's unaware that the ambush unit waiting for him are The Masters of Evil, and he'll have a hard time with them. Alright, everyone, it's time to put an end to both Dong Zhuo's twisted ambitions and Lu Bu's rampage.

We then rode off into battle, and Lincoln placed the powder kegs right where the majority of Dong Zhuo's army are located at and they were made unaware of what Lincoln just did, and Sun Shang Xiang, Xiahou Yuan, Huang Zhong, Ina, and Lincoln fired a barrage of fire arrows, and as the arrows hit the powder kegs, they exploded with incredible power and the explosions killed Dong Zhuo's men, and the flames made the shape of a Thunderbird.

Nico: Alright!

Xiahou Dun: Most impressive, Lincoln, and you've gotten the remaining soldiers of Dong Zhuo's army panicking.

Dian Wei: All the more better to cut them all down where they stand.

We rode off on our horses and Rapidashes and we cut down the remaining soldiers of Dong Zhuo's army and we banished them all to The Black Gates.

Lincoln: Alright, everyone, now to take down Lu Bu, and then, we'll take down Dong Zhuo. Advance!

We rode off to Hu Lao Gate, but then, we saw something descend from Hu Lao Gate, it was none other than Lu Bu in his Dynasty Warriors 8 appearance and wielding his Sky Piercer halberd and riding on his horse, Red Hare.

Lu Bu: I am sick of weaklings. Come!

Lincoln: You'll fight even if you're the last man standing. Well, that ends here and now, this battle shall be your last, Lu Bu.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he went after Lu Bu, and their weapons clashed fiercely and sparks flew.

Nico: Lincoln's really keeping up with Lu Bu, and he's not showing him any mercy.

Guan Yu: Lu Bu fought only for himself and for nothing else but to satisfy his thirst for battle, but Lincoln fights to protect those he cares about.

Me: That's right, Master Guan Yu, and Lincoln's not going to let a wild animal like Lu Bu get away with going on a rampage throughout the land.

Lincoln continued clashing with Lu Bu and they weren't letting up, but then, Lincoln disarmed Lu Bu of his halberd, and then, he thrust his massive greatsword into Lu Bu's black heart, and a massive pool of blood formed as blood began spilling out.

Nicole: Whoa.

Lincoln removed his massive greatsword from Lu Bu's chest, and the demon of the battlefield fell to the ground and he died in a pool of his own blood. Then, Lincoln marked his forehead with a kanji, and Lu Bu was forever banished to The Black Gates forever and never to be seen again.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Farewell, you beast of the chaos, and now, only Dong Zhuo remains. Forward!

We charged and as soon as the word of Lu Bu's death finally hit Dong Zhuo, it was enough to really enrage the tyrant. Dong Zhuo tried to burn down Luoyang and make his escape, but The Masters of Evil came out and they began attacking him, and Lincoln fired a powerful wave of ice and not only did it hit Dong Zhuo's remaining men and froze them to death, but it also made a wall of ice so thick, it's cut off Dong Zhuo's escape. When Dong Zhuo saw us, he was enraged.

Dong Zhuo: I've had it with you maggots, I will have all of you executed for ruining my dreams of paradise. Seize them!

Dong Zhuo's men tried to attack the nine girls that Fay Reikova rescued, but Lincoln fired blasts of rainbow energy at them killing them, and angering Dong Zhuo even more, but now, we were also angered at what that pig tried to do.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Shut your snout, you bloated swine. Your so-called dreams of paradise are about to be brought to an end

here and now.

Me: Your days of tormenting the living are all over, Dong Zhuo.

Nico: Time to die, you pig.

Lincoln, Nico, and I fired three energy blasts that took on the forms of The Phoenix of Wei, The Tiger of Wu, and The Dragon of Shu, and they hit Dong Zhuo, and they exploded with incredible power, killing the tyrant and he was banished to The Black Gates forever. We cheered wildly as we holstered our weapons and Lincoln powered down.

Lincoln: There, and now, the chaos has finally been brought to an end. (To Fay Reikova) And it's so good to see you again, Fay Reikova.

Fay Reikova reverted back to normal, and she's a beautiful girl with long flowing blue hair, blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess she has massive beautiful blue angel wings, and she reigned in the power of Blue-Eyes Quinquennial Dragon, and she's dressed in a short-sleeved blue blouse, sleeveless blue top, long blue skirt, blue pants, blue legwarmers, blue sneakers, and long blue sleeveless trenchcoat with lightning on the coattails, and Blue-Eyes Quinquennial Dragon on the back, and holstered on her back is a large Blue-Eyes Quinquennial Dragon-themed greatsword with Blue-Eyes Quinquennial Dragon etched on the 7'0" massive, wide, double-edged blue blade, Blue-Eyes Quinquennial Dragon's wings for the crossguard, large blue gem embedded in the rainguard, longer black handle, and large blue gem surrounded by blue angel wings for the pommel.

Fay Reikova: (Ukrainian Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Fay Reikova and they hugged, and Fay Reikova's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Fay Reikova: (Ukrainian Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Fay Reikova, she's my Guardian Angel from the Ukraine, and she hates Chandler with a vengeance.

Me: Whoa, now that's brutal. But, Chandler's redeemed now.

Lincoln: I'm afraid that's going to be a problem, you see, even though Chandler's been redeemed, she still doesn't trust him.

Fay Reikova: (Ukrainian Accent) That's right, and I have a shocking and horrifying revelation about him, and it should tell you all why I will never trust that sewage bastard.

Nico: Uh oh. Maybe, we should tell Chandler to stay clear when Fay comes back with us.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Fay Reikova's neck with blue gems on the gold thunderbolt links and blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Fay Reikova: (Ukrainian Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Fay.

Fay Reikova had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Fay Reikova's waist and Fay Reikova wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Fay Reikova's face and kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the nine girls, and when Lincoln saw them, he recognized them immediately. The nine girls are Felicia, Albertina, Christina, Efria, Ingrid, Linnea, Shimoya Mitsuki, Sigrdrifa, and Sigrun from The Master of Ragnarok & Blesser of Einherjar.

Lincoln: Oh wow, it's Felicia, Albertina, Christina, Efria, Ingrid, Linnea, Shimoya Mitsuki, Sigrdrifa, and Sigrun from The Master of Ragnarok & Blesser of Einherjar.

Me: Awesome.

Lincoln: Are you girls okay?

Albertina: Yes, we're okay, thanks to you.

Then, when Albertina and the other eight girls saw who it was that saved them from Dong Zhuo and Lu Bu, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted

Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Felicia: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Albertina: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love appeared on the necks of Felicia, Albertina, Christina, Efria, Ingrid, Linnea, Shimoya Mitsuki, Sigrdrifa, and Sigrun with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villains we went after at Hu Lao Gate were Dong Zhuo and Lu Bu.

But, when Lincoln showed what he did in killing Lu Bu and Dong Zhuo, along with the army of that cowardly swine, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Fay Reikova have a lot of catching up to do now that she's back in town, and Lincoln's plan has succeeded: The Three Kingdoms have been united as one and we've recruited them all in the fight against The Doomsday 23 and Evil Starlight Glimmer, but now, Lincoln's going to have another challenge, and that is uniting the Warriors of Japan and recruiting them in the fight against the Doomsday 23 and Evil Starlight Glimmer.

---

After the epic battle at Hu Lao Gate and slaying Dong Zhuo and Lu Bu, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Fay Reikova saw Lincoln working out like crazy, she had an atomic red blush on her face.

Fay Reikova: (Ukrainian Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Fay, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Fay Reikova: (Ukrainian Accent) That's incredible.

Nico: It sure is. So, Fay, what's this shocking and horrifying revelation about Chandler and why you'll never trust him?

Fay Reikova: (Ukrainian Accent) You're not going to like it. You see, me and my family were just like everyone here in Royal Woods, we were nice, kind, and friendly to our neighbors. But, Chandler hated me and my family with all his black heart. During all the times he bullied Lincoln, Laney, Lucy, Lana, Lola, and Lisa, I defended him and his sisters from that monster, but he was plotting to do something that could lead to me truly despising him. I came home and I found out that he cost my dad his job at the office, because I got in his way of ruling the school, and it got worse. We lost our home and I tried to keep the family together, but the pain and suffering that Chandler caused when he got my dad fired from his job proved way too much, and my mother eventually committed suicide and a few weeks later, my father also committed suicide. I was left all alone, and I swore if Chandler dared to show his face, I would make him suffer the pain that I suffered.

We gasped in pure shock and horror at what Fay Reikova told us.

Me: My God.

Nico: So, that's why you refuse to trust Chandler, even if he's redeemed, you still remember all of the pain he caused you and your family.

Lincoln: And when Fay told us what Chandler did, my sisters wanted to kill him, but I told them that killing him is just going to lead to more trouble. But, I didn't want Fay to be all alone and I wanted to do something to help her, but she got Gene-Slammed by those Team Rocket scientists and took off, and I never saw her again.

Nico: Those Team Rocket scientists got what they deserved, but we're still cleaning up their mess.

Me: That's right.

Ace Bunny: As if Chandler hadn't crossed one line too many, this is one big line that could've gotten him sent to juvie, and then, prison for life.

We then got a shower afterwards, and then, Lincoln and his harem, Nico and his harem, Naruto and his harem, and me and my harem are heading off to play baseball at Mario Stadium, soccer at Konga Coliseum in the world of Mario, and lastly, beach volleyball at Angel Island in Sonic's world.

Our first stop is Mario Stadium, and Lincoln and his harem are going to play baseball against Nico and his harem, and me and my harem and Naruto and his harem are sitting in front row seats in the stands.

Me: This is going to be so good, Lincoln and his harem against Nico and his harem in a game of baseball.

Nico was pitching and his harem were scattered all over the field, with May at First Base, and the one up to bat is Lincoln. When Nico threw the ball, Lincoln hit the ball with incredible strength, and it flew out of the stadium, and Lincoln ran as fast as he could through the bases and made it to first base.

Naruto: Wow, now that was awesome.

Sakura Haruno: And I got it on film, when Lynn sees this, she's going to be so proud of Lincoln.

Nico: Whoa. Either I was seeing things or the sports talent of Lynn was really rubbing off on you, Linc, you got a home run.

Lincoln: But, it's just starting, Nico. Batter up!

We knew the game was just getting started, and in the end, Lincoln and his harem won, and they shook hands with Nico and his harem. Then, we went off to Konga Stadium for a game of soccer, and it's me and my harem against Naruto and his harem. The soccer match ended with me and Naruto being tied in the soccer game. Finally, we went off to Angel Island for a game of beach volleyball, and it's Lincoln and his harem against me and my harem. The volleyball match ended with Lincoln and his harem winning, and they shook hands with me and my harem. Then, as the sun was about to set, Lincoln, Nico, Naruto, and I made clones of ourselves and Lincoln, Nico, Naruto, and I and the clones went up to the girls in our harems and we wrap our abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Lincoln, Naruto, Nico, and I and our clones, and we all shared an amazing and passionate super-charged kiss. Then, we came back home to the World Tree Estate.

Lori: Hey, boys, how was your sports day?

Lincoln: It was awesome, Lori, we went to Mario Stadium to play baseball, and for the baseball game, it was me and my harem against Nico and his harem, then we went to Konga Stadium to play soccer, and for the soccer match, it was J.D. and his harem against Naruto and his harem, and finally, we went to Angel Island to play beach volleyball, and it was me and my harem against J.D. and his harem.

Nico: Yep, Lincoln and his harem won the baseball game, J.D. and his harem and Naruto and his harem were tied in the soccer match, and Lincoln and his harem won the beach volleyball match.

Then, Sakura Haruno showed the video of Lincoln scoring a home run, and when Lynn saw it, she ran up to Lincoln and hugged him, and he hugged her back.

Lynn: Wow, Linc, I'm so proud of you.

Lincoln: Thanks, Lynn. But, I was in it to have some fun as always.

Lynn: That's right. If Dark Lynn were here, she'd act like a sore loser.

Rayman: If Dark Lynn shows up, she'll get what's coming to her.

Nico: My words exactly, Rayman.

---

Later it was time for Pohatu's third Ambassador Mission with the Build Kamen Riders.

Nico: This is gonna be awesome.

Avalanche: I can't wait to meet the Build Kamen Riders.

Me: You'll love them Dominic.

William: Anyone else want to go with Pohatu? Besides Avalanche, 2 Rabbids, Kairi Yano, and Keiichiro?

Lincoln: Me and my siblings will go.

Nico: Cool! You guys will love the Build team. They are really cool.

Lola: I'm really looking forward to this one.

Eli: We all are always up for some fun.

Callie and Allie Wilde are playing awesome video games. They were playing one of Nico's video games based on the Non-Core Members of the M.O.E.

Me: That is awesome that Callie and Allie are both playing games together.

Laney: It sure is.

Nico: Lets head out.

We were off to Japan.

We arrived in Japan.

Sento: Hey guys!

Pohatu: Sento, this is my archenemy.

Avalanche: Pleasure to meet you. My name is Dominikos Ioannis Petrakis. But everyone calls me Dominic Petros for Short. But you can call me Avalanche. I am a former member of the Brotherhood of Mutants and I was born with Seismic Wave Powers and I can make earthquakes.

Sento: Wow that is cool!

Banjo: Boy I'll say.

Me: Yep. And there are my friends the Loud Siblings.

Lincoln: Awesome to meet you guys. I'm Lincoln Loud and these are my siblings.

Lori: Literally awesome to meet you. I'm Lori.

Leni: I'm Leni.

Lucy: I'm Lucy.

Laney: I'm Laney.

Lana: I'm Lana.

Lola: I'm Lola.

Lisa Loud: Greetings. I'm Lisa.

Lily: And I'm Lily.

Banjo: Wow! Awesome to meet you guys.

Me: Yes their mom and dad all thought it would be cute if all their names began with the Letter L. (Whispers to Sento) They also come from a family that doesn't believe in condoms.

Sento Snickered.

Nico: And these two are more of the Super Sentai Teams.

Kairi Yano: Pleasure to meet you. I'm Kairi Yano, Leader of the LupinRangers.

Keiichiro: And I'm Keiichiro, Leader of the PatRangers.

Me: The LupinRangers are a Thief Group of Rangers and the PatRangers are Cop Rangers.

Sento: That is cool!

Banjo: (to Kairi Yano and Keiichiro) Why couldn't we have teamed up with you guys when we were still fighting Evolt?

Kairi Yano: You guys came from another universe and we weren't with your universe when everything that happened with you guys went down.

Me: Yeah this is the prime universe. And you guys didn't merge with our world until close to a year later when the LupinRangers and PatRangers were having their adventures.

Banjo: You have a point there.

Nico: Yeah but it's still awesome.

Eli: It sure is.

Twilight Sparkle: Yeah it sure is.

Me: We met the LupinRangers on one of our adventures with the Kaijudo Team and they were awesome. I also demonstrated some of my Ranger Abilities with them too.

Banjo: That is cool!

Nico: I've got the perfect setup for the Build team. It'll consist of Sento, Banjo, Gentoku, Kazumi, Pohatu, and J.D.

Me: Awesome set up dude!

Laney: Yeah it is!

Gentoku: That is so awesome. And I give it…

He showed a shirt that said 5 Thumbs Way Up!

Nico: Nice shirt!

Luan: That one Thumbs you up! (Laughs) Get it?

We laughed at her joke!

Sento: (Laughs) That was funny!

Nico: Yeah it was.

Nico: Did you spend the money of the bounty you got wisely?

Kazumi: Well, we are thinking of spending some of it on candy.

Gentoku groaned and showed his shirt to reveal the words "I'm with stupid" with an arrow pointing to Kazumi.

Me: (LAUGHS) That shirt is funny!

Gentoku: Thanks.

Kazumi: (mockingly) You wound me, Beardy.

Sento: (to Eli) You're not gonna bonk their heads together?

Eli: Why should I? So Nico can shave off another part of my head?

Nico whistled innocently while hiding a razor behind his back.

BONK!

I bonked Kazumi and Gentoku's heads together.

Kazumi and Gentoku: OW!

Me: Sorry. If Eli isn't going to do it then at least I can.

Nico then snuck up behind me and just as he was about to shave part of my head I grabbed his arm.

Me: Don't even think about it.

Nico: Aw man!

We entered the base to see familiar faces that Kazumi.

Akaba: Hey there, boss!

Kazumi: Akaba, Aoba and Kiba! Wow! Awesome to see you here!

Me: The Hokuto Sanbagarasu!

Sunset Shimmer: What does that mean?

Me: The Hokuto Three Crows. They were Kazumi's former teammates when the country was still divided by the Great Wall.

Aoba: It's true and it's an honor to meet you Team Loud Phoenix Storm. And Awesome to see you again Maria.

Maria: Same to you boys.

Me: And they are also the three most powerful Smash's we've ever seen. Akaba is the Hard Castle Smash, Aoba is the Stag Hard Smash and Kiba is the Owl Hard Smash.

Kiba (Build): That's right.

Eli: But it's so cool to meet you guys.

Nico: Same here.

Akaba: Yeah.

Sento: What are you doing in our base?

Aoba: We're here to join the Masters of Evil.

Banjo: You guys joining the Masters of Evil? You're kidding, right?

Lori: Oh, come on, Banjo. I think they're literally good candidates.

Me: I agree. And we were planning to have them join the M.O.E. in the future.

Nico: It's true.

Maria: We're always willing to have more recruits join them.

Me: We also plan to have the Engine Brothers join them too.

Nico: Yep.

Banjo: Fine. But we're gonna test you guys in battle. And fair warning: I'm using my most powerful form.

Me: This will be awesome to see in action.

Nico: Yep. Besides we wanted to test their power anyway.

Laney: I'm looking forward to all this.

Lily: We all are.

Lincoln: Yep.

Me: And it will be a great opportunity to test out more Fullbottles.

We were ready.

Me: All right guys. It's Buttkicking time!

Sento and Banjo: Henshin!

They transformed and were ready!

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Maria: YEAH!

Banjo: Now, for Cross Z Magma!

Cross-Z Magma! Are you ready? Gokunetsu kinniku! Cross-Z Magma! Achachachachachacha Acha!

Banjo donned his awesome CROSS-Z MAGMA FORM!

Me: YEAH! WHEW! That one is scorching hot!

Eli: Makes me sweat seeing it!

Banjo: Nice isn't it.

Kairi Yano: Kaitou Change!

Keiichiro: Keisatsu Change!

They transformed!

Kairi Yano: (SNAPS FINGERS) LUPIN RED!

Keiichiro: PAT 1!

Nico: YEAH!

Kairi Yano: (To the Hokuto Sanbagarasu) Here's an advanced notice: We're taking your treasure!

Akaba: Bring it on!

Keiichiro: By order of the GSPO, We're taking you 3 down by force!

Kiba (Build): Bring it on!

The Hokuto Sanbagarasu turned into their Hard Smash forms!

Me: Those are still just as cool as when we first saw them.

Maria: They sure are.

Sento: Time for more Fullbottle action!

Ssserpent! King Hiss! Best Match!

SNAKE POWER!

He donned awesome green armor infused with the powers of King Hiss and Ssserpent and he had Snake Power!

Sento fired a powerful poison venom blast and the blast went at the Hard Smashes and burned them with poison!

Me: Lets see how they like this one.

RAINBOW RAIDER! DR. LIGHT! BEST MATCH!

VISIBLE SPECTRUM LIGHT POWER!

Me: This will brighten up your day!

I fired beams of rainbow light and they hit Owl Hard Smash and it hit him and explosion!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was knocked down but got up!

Lola: OH YEAH!

Sento: Now for this one!

Shiv! Dark Laser! Best Match!

FORCE BLADE POWER!

He donned an awesome black armor with energy blades coming out of his arms!

Laney: Now that is cool!

Lynn: Wow! Shiv would love to see this one.

Sento: He sure would.

He jumped and slashed Hard Castle Smash and cut him good.

Me: YEAH! Now lets see how they like this one. I also discovered that when we get new recruits into the M.O.E. That we get new tools for them immediately.

Nico: Nice!

ANOTHER GAIM! EVILSEED! BEST MATCH!

HELHEIM PLANT POWER!

I had all the weapons of the Gaim Kamen Riders orbiting around me!

Nico: Oh that is awesome!

Laney: Boy Kaito and the Gaim Riders will love this one!

Me: Yep.

I fired blades of energy and blasts of energy and fruit and they hit all three of them and smashed them all over the place.

Sento: This one's next!

Webstor! Roman Goodwin! Best match!

RED FLAME SPIDER POWER!

He donned an awesome red and black Spider Armor and it had the Nazca Line for Spider on the arm and had he had red fire swirl around him!

Nico: Awesome!

Me: Bertrand and Roman and even Lucy and Webstor would like this form.

Lucy Loud: I can handle this one.

Sento fired a massive blast of red fire and it formed into a spider and smashed down the 3 Hard Smashes.

Me: YEAH!

But then we heard a really scary noise. And then out came a figure and it was a really scary version of Kamen Rider Diend! It was ANOTHER DIEND!

Nico: Oh man! Is that Daiki?

Me: No that's Another Diend!

Kiba: Hey! You're interrupting our battle!

Another Diend: (In a girls voice) Oh I'm sorry. Now I can get my revenge on you all.

Lori: That voice! I didn't expect you to literally become another rider Ansey!

She reverted back and it was really Mesa Florence's enemy ANSEY! She was a girl with blond hair and had a white shirt on that was torn all over and she had a brown skirt and had torn up shoes!

Me: So you are Ansey! Mesa told us so much about you and how you were an absolute cold-hearted bitch!

Eli: Yeah who the hell do you think you are picking on her little sister like that!?

Ansey: I will never forgive Mesa for ruining my life! She got me sent to a boarding School in North Korea and it was absolute hell! I vowed that I will get my revenge on you all for ruining everything for me! I lost it all! I lost my life, my family, my fortune, everything! My dad disowned me and I have nothing! Mesa turned me into an outcast and humiliated me!

Me: You brought all that on yourself!

Lincoln: Well you will never be welcome in our world again Ansey!

Ansey: We'll see about that!

Ansey was enveloped in a vortex of dark energy and it had the symbols of all the Riders around it. And she turned into ANOTHER DIEND!

Another Diend summoned clones of Another Zero One, Another Ghost, Another Wizard, and Another Hibiki.

Pohatu: Those aren't Another Secondary Riders!

Another Diend: Swartz made some modifications so I can summon clones of Another Primary Riders!

Nico: Impressive.

Me: Very genius.

Another Diend: And it's not just them.

She also summoned clones of LORD DRAKKON, LEONARD, KING HISS, HYDRO MAN, VYPRA, SHIV, ELECTRO, WEBSTOR, BANE, VEXEN, FIREFLY, CALAMITOUS, EBON, KAOS, EL OSO, CARMEN DILLO, DUFF KILLIGAN, VREEDLE BROTHERS, TCHANG ZU, INSTIGATOR, AVALANCHE and MYOTISMON!

We gasped in shock!

Banjo: Sento, me and Avalanche will take out the 4 Another Riders! You focus on Ansey!

Sento: Right!

Vypra! Duskmon! Best Match!

Sento donned awesome black armor and it had Vypra's wings on it.

Me: I'll help you too Sento. Time for this to kick some butt!

BIOWULF! ZEN-AKU! BEST MATCH!

Me: WOLF MOON FULL HOWL FURY!

I fired a massive blast of energy and fire and it hit the Clone members of the M.O.E. And destroyed them all in a massive fiery explosion!

EXTREMELY MASSIVE FIERY EXPLOSION!

Nico: YEAH!

Nico also blasted the Another Rider Clones into dust as well.

Leni: You'll have to do better then that!

Another Diend: With pleasure!

Another Diend summoned clones of Another Kabuto, Another W, Another Fourze, and Another OOO.

Sento: (to Another W clone) I remember you all too well.

Another W clone just laughed evilly as it charged at Sento.

Eli: Not this time!

Eli formed a Sword of The Darkness Flame and slashed Another W in half and he exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Rainbow Dash blasted and Pulverized Another Kabuto and destroyed it.

Maria blasted the rest of the Kamen Rider Clones and destroyed them too!

Me: Now you will pay Ansey!

I then jumped and slashed her and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She exploded!

I caught the Another Rider Watch and purified it!

Nico: Take that!

Ansey was growling ferociously!

Lincoln: You brought this on yourself, Ansey. You think that just because you are popular, you can get away with whatever you want? No, there's laws when it came to taking and destroying the lives of others, as well as picking on people who are weaker than you and you've absolutely shown zero remorse for what you've done. Just for that, you're going to be cursed for all eternity.

Suddenly, Lincoln was surrounded by gold energy, and we knew what it meant: he's going to use his King Midas' Golden Touch Curse on Ansey and turn her into a golden statue for eternity.

Lincoln: (Singing Divinely) I see a cold wind blowing through, I see days neither fun nor free, I see a future caused by you, I see a path not meant to be. Your future should filled with magic, dreams, and wishes brought to life. But, the days ahead are dark and tragic, no time for hope when all is strife, whatever might have been, all the dreams that you did share, because of you, Ansey. Now, the future is a cold nightmare.

Nico and I had shivers going down our spines and so did many of us when Lincoln sang that song, then, Lincoln fired powerful blasts of gold energy from his massive deep sapphire blue angel wings, and as they hit Ansey, she screamed in horror as she was turned into a golden statue.

Me: Yeah!

Sento: Whoa! That was amazing!

Banjo: That was scary too!

Me: Yep. But Ansey deserved this. People like her deserve to be forever damned.

Just then, the clones of Another Gaim, Another Drive, Another Kiva, Another Build, Another Decade, Another Zi O, Another Ex Aid, and Another Den O appeared.

Banjo: Not this Build knockoff again!

Kairi Yano: (aims his Vs Changer at Another Zi O) Ansey must've summoned them as a backup plan.

Nico: Not good! We faced 20 years of Another Riders now.

Laney: We sure have.

Eli: Yeah!

But then we all got Diend's blasters on our hips and they had all the cards for the riders and the power rangers and even the Masters of Evil members Core and Non-Core!

Me: Cool!

Avalanche: Sorry about that. But anyway, you three are in.

Aoba: AWESOME!

Me: And the pay is good.

Kiba (Build): Great!

Me: Yep.

We had an awesome battle. Ansey is now in the Neptune Prison forever as a gold statue.

Kairi Yano: (to the Ansey Statue) Furthermore, we bid you one final Adieu!

Keiichiro: Mission complete!

Nico: Good riddance.

I snapped my fingers and teleported the statue to the Neptune Prison forever.

Rarity: Good riddance to that monster.

Me: Yeah.

Nico: Thank goodness.

Me: Oh and Swartz if you are watching this…

I flipped the bird at him and Swartz was really watching our battle from afar and he was enraged!

Later we came back.

Nico: That was awesome!

May: How did it go?

Me: We had one helluva fight.

We told everyone everything and it was great!

May: Whoa! I didn't expect that!

Mesa Florrence: So Ansey came back!? Whoa! But at least she got what was coming to her.

Me: Thank goodness.

May: Next time, Lupin should go with you.

Nico: Good idea.

Pohatu: Yeah that's perfect!

Cozy glow then came.

Cozy Glow: Guys, you know the girls who are in the medbay?

Maria: Yep. Why?

Cozy Glow: They just woke up and are feral!

We gasped!

Me: Good thing the neutronium restraints I put on them are holding!

We went to the Infirmary and we saw them roaring with incredible savagery! Their Another Rider powers were making them like this!

Nico: Oh man!

Eli: This is bad!

Blitz: (Arnold Schwarzenegger Accent) Girls, calm down!

Nico: Don't make me have to hurt you! (activates Wolf O Donnel's Ridewatch)

He donned Wolf's powers and abilities.

Me: Nico calm down. I know how to handle this.

I used my speed and gave them my Rainbow Rose Serum and then dark smoke came out of them and disintegrated in an instant.

Nico: Whoa!

Me: Whew.

They woke up but were incredibly weak.

Nico: Are you all right girls?

They groaned.

Blast Off: We're glad you girls are okay.

Gina Moonscar: Yeah but man I have got the worst ever headache.

Whitney Farrington: My head feels like it has been crushed by a steamroller.

Me: But at least you girls are okay.

Bluehilda: Yeah you are gonna be fine.

Laney: Yeah you sure are.

Varie: But you'll have to be here for a couple more days just to be safe.

Gina Moonscar: Okay.

Fireflight: Nico, I hope you feed Swartz his own heart for this!

Nico: Oh, I intend to. But until then, all of us will just have be patient so he won't see it coming.

Me: Okay.

Eli: But I have a few choice words for him.

Me: You gonna send a threatening message to him bro?

Eli: Yep.

Eli had his eyes glow blue.

At his base, Swartz was enraged and then Eli's eyes appeared in front of him.

Eli: SWARTZ, I SENSE THAT YOU ARE WATCHING OUR BATTLES WITH YOUR ANOTHER RIDERS! CONSIDER THIS A WARNING, NOTHING YOU SEND AGAINST US WILL STOP US AND WHEN WE FINALLY BATTLE ON THE BIG DAY WHEN WE MEET THE ZI-O KAMEN RIDERS, BELIEVE ME VICTORY WILL BE OURS! WE WILL TRIUMPH OVER YOU AND YOU WILL PAY THE ULTIMATE PRICE FOR ALL OF YOUR CRIMES IN THE NAME OF ALL YOUR SICK LITTLE GAMES! WE'RE COMING FOR YOU SWARTZ!

He was cowering when he saw that! He knew his days are numbered!

Then the Lego heroes and villains all came.

Ludwig Koopa: Did you guys find out what Lego Brainiac's up to.

Lego Luthor: Yes. It's not exactly good.

Lego Superman: He plans to shrink every world in the Multiverse for his collection. So far, he's gotten shrunken at least 25 worlds so far.

We gasped in shock!

Me: That sick fiend!

Eli: We won't let him get away with it.

Laney: Yeah!

Eli: He will pay for his crimes. A genius like him is no match for our power.

Then Boomerang, Batroc the Leaper, Whirlwind, Xaldin, Electropede, Count Nocturne, Salami Swami, Hydrax, Abra Kadabra, and Abis Mal appeared.

Boomerang: (Australian Accent) Can me, Batroc the Leaper, Whirlwind, Xaldin, Electropede, Count Nocturne, Salami Swami, Hydrax, Abra Kadabra, and Abis Mal go with you guys?

Nico: Yes you all can. We're going to the planet Kward and we're going to battle the Lego version of Sinistro.

John Stewart: Wow this will be awesome.

Sinistro: The Lego Version of me is gonna be awesome.

Me: Yeah it sure will.

Scrapper: Boss, which Gene Slammer do you think you'll meet next rescue?

Nico: I'm hoping to do one for one for one of Overflow's kind next.

Me: Ooh that will be awesome to see.

Lola: Yeah it will!

Shanan: A Cascan Gene-slammer. That will be awesome to see.

Me: So the next one that goes with you is a water user.

Bai Tza: Like me.

Abra Kadabra: You think my Lego Counterpart is there?

Nico: We'll find out. Lets get a move on.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Alan Cameron, the Second-In-Command of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us. When we saw it, we knew it

meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is another Blood Dragon coming after us?

Lincoln: That's right, Nico, and it's Alan Cameron, the Second-In-Command of The Blood Dragons, and he's heading here on the orders of Bryan Greyson to kill us.

Catherine Hoshi: So, Bryan Greyson's sent his Second-In-Command after us, huh? This is way too perfect. Now, we can do to him what we've done to the other Blood Dragons, and then, tomorrow, the final battle against Bryan Greyson will take place.

Nicholette Torrington: And we'll be rid of yet another criminal organization and that'll be yet another mess of Damian Alaister's cleaned up.

Lincoln: Once they've been convicted, it'll be life in the starry lonesome for good.

Nico: You got that right, big guy. Alright, gang, let's go, time to teach the Lego version of Sinestro a lesson.

We got to the ship and we were then off to the planet Kward!

---

The U.S.S. Valorous Phoenix is flying through space.

Nico: Captain's Log, Stardate 6619.4: Team Loud Phoenix Storm is en route to the home planet of the Sinestro Corps. This is the Lantern Corps that governs the emotion of Fear and we are heading to the planet Kward to take down Lego Sinestro and have him recruited into the Masters of Evil.

Eli: Kward is not something to be taken lightly.

Lego Joker: Look on the bright side. At least the Another Riders of the Primary Riders you guys have met are dealt with now.

Alister: That's right. Now, Swartz only has Another Riders of

Secondary Riders and Main Rangers.

Nico: That's true. He does. But we're going to be ready for them.

Laney: We sure will be. It'll be awesome to see what they have in store for us.

Lana: Yeah it will be awesome.

Lisa Loud: We have arrived at our Destination!

Nico: On Screen.

The screen showed us that we were at the home planet of the Yellow Lanterns, Kward!

Nico: Planet Kward.

Abis Mal: Fear goes two ways. People feel fear. Or they can use it.

Nico: Yep. Lets land.

We engaged the landing and we landed on the planet and we were next to the city where the Yellow Lantern Power Battery is at. We got out and it was an amazing city.

Nico: Here we are.

We saw that planet Kward a massive industrial planet and it was amazing.

Eli: Wow!

Sirus: So this is the planet Kward.

Himiko: Wow.

Ransik: Everyone, get your Eyecons and Ridewatches ready.

Schnitzel: Radda!

We got them ready.

Lola: This place is a total creep fest.

Salami Swami: I hope some fools are hungry!

Nico: Yeah!

Me: It's time we show THEM Fear instead of having it done to us.

Laney: You got that right!

Nico: This is gonna be good! Time to show them what they fear.

Agitos: Rango, I believe you and Pinkie Pie will get a chance to shine today.

Rango: Looking forward to it.

Pinkie Pie: And it's going to be amazing!

Laney: Yes it sure will be.

Hydrax: Here they come!

We saw numerous Yellow Lanterns coming!

Nico: Lets get them!

We fired waves of energy and elements and the blasts all hit them and destroyed them in a massive fiery explosion!

Snake Man: Let's split up and find the Lego Heroes and villains stranded here!

Nico: Right!

We went to find them.

We then saw a bunch of figures and they were the Lego versions of Gorilla Grodd, The Gray Ghost, Green Arrow Green Loontern, Harley Quinn, Kid Flash, Killer Moth, Kilowog, Platinum, Poison Ivy, Polka-Dot Man, Question, Reach Warrior, Red Hood and Red Tornado!

Nico: There they are.

We saw them surrounded by more Yellow Lanterns.

Electropede: Does anyone want to use any Eyecons or Ridewatches?! Preferably mine?!

Nico: I'll use this one.

Nico activated Electropede's Ridewatch and he got awesome armor that looked like Electropede and lightning was surging all around him.

Nico: YEAH!

Paula: And I'll use this one!

She activated her Eyecon.

ENRICO FERMI AND ELECTROPEDE!

Paula: LIGHTNING PARTICLE BLAST!

She fired a massive blast of lightning and it hit the Yellow Lanterns and destroyed many of them!

Nico then fired a massive blast of lightning and destroyed the rest!

Gravity Man: Let me decrease gravity on these guys!

Nico: Go for it!

He used his gravity powers and had them float in midair!

Me: Yeah!

Qin fired waves of fire and incinerated them.

Rotwood: If anyone wishes to use more Ridwatches and Eyecons, feel free to-

Rotwood then sees Green Loontern.

Rotwood: Is that Daffy Duck in a Green Lantern costume?

Green Loontern: (Sarcastically) No it's Porky Pig in a Lantern Costume. Of course it's Daffy Duck!

Nico: Wow! Daffy you look great as a lantern.

Green Loontern: Thanks.

Lego Joker: (pouts) Oh, c'mon! Unlike your version of me, I actually treat Harley right!

Nico: That's true but we absolutely hate our version of you.

Harley Quinn: Yeah I would never love that jerk! Ever again! Not after what he did to me.

Laney: I don't blame you for getting mad at him one bit.

Me: Me neither.

Lego Grodd: (to Donkey Kong) It's good to meet a fellow primate.

Donkey Kong: And to meet the Lego version of my archenemy.

Nico: Awesome.

Lola: This is really awesome seeing you all here though.

Xaldin: If anyone wants to use an Eyecon or Ridewatch of me, they can feel free to do so!

Lego Kid Flash: Meanwhile, I'll speed around to find Sinestro!

Me: Okay.

Nico: Lets see what your Ridewatch can do Xaldin.

He activated it and he got an Organization XIII Coat and got powerful Wind Lances!

Nico: AWESOME!

Nico then saw a bunch of Yellow Lanterns coming and then he fired a massive tornado that formed into a dragon and he blasted them down.

Babs Seed: They just keep coming!

Rider time!

Me: I know that morph anywhere!

Out came the Zi-O Riders!

Nico: Cool!

Me: Sougo, Tsukuyomi, Awesome to see you guys!

Sougo: Same here! You're all looking good.

Maxxine: Let me help you guys too!

Batroc: Don't forget your Kamen Rider form.

Woz: Allow me to help as well, my Demon King.

Sougo: You got it!

Maxxine: And I won't. HENSHIN!

She turned into her new Kamen Rider Amaterasu Form!

Nico: YEAH!

Lego Kid Flash came back and he found Lego Sinestro over by the battery.

Nico: Entrance time!

We went to find him and we saw him in front of the battery.

Guts Man: Entrance time!

Nico: I already said that.

Guts Man: Oh right sorry.

We went at Lego Sinestro and he was wondering why many of his forces were gone. And then the Elemental Animals of Greed appeared and swirled around him and then converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and then a phoenix cry was heard and we came out.

Me: Sinestro, nice to see you.

Lego Sinistro: So the famous Team Loud Phoenix Storm is here.

Me: That's right and we're going to smash your face in.

Lego Sinestro: Even though we're on opposite sides, it is very nice to see a version of myself.

Sinestro: You're not bad yourself.

Whirlwind: Dude, can you admire yourself after we're done fighting him?!

Sinestro: Sorry.

Me: But yeah it is like looking at yourself in the mirror.

Laney: It sure does feel that way.

Leni: It totes does.

Then Felix Faust, Iron Lung, Merman, Zexion, Bizarro, Misty Tredwell, Dr. Light, Gameface, Evil Seed, and Number 7 appeared.

Nico: Felix Faust, Iron Lung, Merman, Zexion, Bizarro, Misty Tredwell, Dr. Light, Gameface, Evil Seed, and Number 7.

Number 7: Glad you all are doing okay.

Me: Yes we are.

Felix Faust: (to Lego Joker) I guess after this, we're recruiting the more pleasant Lantern Leaders.

Lego Joker: Try not to be so hard on em, okay?

Iron Lung: We won't be.

Merman: But we WILL fight them if they're mind controlled.

Nico: Yes we will.

Zexion: (to Bluehilda) Welcome to the team, Bluehilda.

Bluehilda: Thanks! I'm so excited for this!

Bizarro: It won't be a pleasure to have you around.

Nico: Bizarro talks in opposite. Hisi vocabulary is reversed. No means yes and yes means no and all that.

Bluehilda: Oh I get it. It won't be a pleasure.

Bizarro: You're Not catching on.

Nico: You just have to get used to it.

Decibat then appeared.

Me: Back for another round Decibat?

Decibat: You bet I am!

Lola: Nice!

Decibat: It must be scary to see there are monstrous versions of you Rangers. (to Leo) Including the monstrous version of you. Not even Trakeena, Scorpius, and most of the other main bads would think of something that twisted!

Leo Corbett: You're not kidding there! But yeah it is scary but it's amazing.

Me: We get new tools all out of it.

Nico: Yep. Lets get this party started!

We got the battles underway.

Feilx Faust: (to Ingrid) Nico must've had a nice time meeting Bluehilda on his rescue. She reminds me of Genie.

Princess Luna: She is really funny and awesome.

Moondust: I agree there.

Blackout: I think she is great and awesome.

Roxy: Her name is Fay Reikova and she is from the Ukraine. She is a 5-Headed Blue Eyes White Dragon. That is really cool.

Zexion: Wow! I've never seen a 5-Headed Blue-Eyes White Dragon. 3 heads yes but never 5.

Roxy: She is the 2 five headed dragon like that.

Fluttershy: She sure is. And we found out something about Chandler.

Tornado: Yeah we sure did.

---

Fay Reikova: (Ukrainian Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Fay, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Fay Reikova: (Ukrainian Accent) That's incredible.

Nico: It sure is. So, Fay, what's this shocking and horrifying revelation about Chandler and why you'll never trust him?

Fay Reikova: (Ukrainian Accent) You're not going to like it. You see, me and my family were just like everyone here in Royal Woods, we were nice, kind, and friendly to our neighbors. But, Chandler hated me and my family with all his black heart. During all the times he bullied Lincoln, Laney, Lucy, Lana, Lola, and Lisa, I defended him and his sisters from that monster, but he was plotting to do something that could lead to me truly despising him. I came home and I found out that he cost my dad his job at the office, because I got in his way of ruling the school, and it got worse. We lost our home and I tried to keep the family together, but the pain and suffering that Chandler caused when he got my dad fired from his job proved way too much, and my mother eventually committed suicide and a few weeks later, my father also committed suicide. I was left all alone, and I swore if Chandler dared to show his face, I would make him suffer the pain that I suffered.

We gasped in pure shock and horror at what Fay Reikova told us.

Me: My God.

Nico: So, that's why you refuse to trust Chandler, even if he's redeemed, you still remember all of the pain he caused you and your family.

Lincoln: And when Fay told us what Chandler did, my sisters wanted to kill him, but I told them that killing him is just going to lead to more trouble. But, I didn't want Fay to be all alone and I wanted to do something to help her, but she got Gene-Slammed by those Team Rocket scientists and took off, and I never saw her again.

Nico: Those Team Rocket scientists got what they deserved, but we're still cleaning up their mess.

Me: That's right.

Ace Bunny: As if Chandler hadn't crossed one line too many, this is one big line that could've gotten him sent to juvie, and then, prison for life.

FLASHBACK ENDS

Zexion: My goodness! She hates Chandler with every fiber of her being for ruining her life and for protecting Lincoln and his sisters! And he made her parents commit suicide!? He was pure evil!

Stealth Elf: Yeah no kidding! His dark side was the driving force behind it.

Jessica Shannon: Yeah no kidding!

Wasp: Yeah what a heartless monster!

Scootaloo: Yeah no kidding!

Whirlwind: But thank goodness it didn't happen.

Yang: No kidding.

Gameface: Thank goodness. Also was that Daffy Duck as a Lantern that we saw earlier?

They fired waves of yellow energy and elements and they formed into said Yellow Lanterns.

Lincoln and his harem: YELLOW LANTERN FINAL SMASH: INSECTS OF FEAR!

They summoned insects made from the Yellow Light of Fear and the blasts all hit Lego Sinestro and smashed him down and knocked him down and we regrouped.

Me: Take that!

Misty Tredwell: Lego Sinestro will make an excellent recruit.

Dr. Light: And the Rider Cards that J.D. and the others got really came in handy.

Me: They sure were. They are really awesome.

Gameface: (to the Zi O team) You guys helped as well.

Sougo: We sure did. Stay safe, Woz.

Woz: I will, my demon king. Thank you.

Me: You guys be safe till the big day. Eli sent a threatening message to Swartz and we're going to make that time-traveling monster pay for his crimes in blood.

Sougo: Good to know.

They teleported back to Japan.

Fay Reikova: I'm going to love it here with you guys

Leina Kingston: Same with me.

Evil Seed: You girls won't regret it.

Me: No you won't.

Number 7: Now, I believe we should check up on the girls in the infirmary again.

Me: Good idea.

?: You punks are going to pay for what you did to The Church of Necrom.

Catherine Hoshi: I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne. You can come out now, Alan Cameron.

A 24 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder came out, it was Alan Cameron, the Second-In-Command of The

Blood Dragons.

Catherine Hoshi: I should've known Bryan Greyson would send you to kill us, Alan Cameron. But, your days of killing people are about to come to an end.

Alan Cameron: I'll wipe that smug look off your face by killing you and everyone you love, bitch.

Catherine Hoshi: Still the same lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Catherine Hoshi's dark blue eyes turned neon blue, and she was surrounded by a dark blue energy aura with stars, psychic energy, and The Emperor, she unholsters her massive Arcana Force I - The Magician-themed sword and Sword of The Arcana from her back, and as she approached Alan Cameron, she left dark blue energy, stars, psychic energy, and Arcana Force I - The Magician with every step.

Catherine Hoshi: You've gotten away with one crime too many throughout the years since Bryan Greyson formed The Blood Dragons, not to mention the murders you've committed, Alan Cameron, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Catherine Hoshi was surrounded by a massive vortex of dark blue energy with stars and psychic energy surrounding it, there's Arcana Force I - The Magician flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Catherine Hoshi emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Catherine Hoshi grew from 6'5" to 6'11" in height, she has the body of a goddess, she has blue highlights in the bangs of her long flowing dark blue hair, she has neon dark blue eyes and a dark blue energy aura with stars, psychic energy, and Arcana Force I - The Magician surrounding her, she has Arcana Force I - The Magician and with the Star Kanji in its hands emblazoned on her forehead, she has on Arcana Force I - The Magician earrings with dark blue gems for eyes and holding the Star and Eternity Kanjis in its hands, she also has the Arcana Force I - The Magician with dark blue gems for the eyes and the Star and Eternity Kanjis in its hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with dark blue crystal links from her merged Crystal Necklace of the Buddha and dark blue gems on the gold lightning bolts. Catherine Hoshi has on a sleeveless blue vest, dark blue sleeveless midriff top, dark blue skirt, dark blue bellbottom pants with designs on the legs, blue sneakers, and long dark blue sleeveless trenchcoat with stars and psychic energy on the coattails, and on the back is Arcana Force I - The Magician surrounded by stars. Suddenly, Catherine Hoshi felt a sharp pain on her back, and then, her massive dark blue angel wings grew much bigger for her new body, and the large dark blue feathers have blue tips and stars in the feathers. Catherine Hoshi has on a Ring of The Phoenix with dark blue gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Catherine Hoshi's massive Arcana Force I - The Magician-themed sword and massive Sword of The Arcana began merging together and they were surrounded by a kaleidoscope of dark blue energy, stars, and psychic energy, and when it emerged, it's been transformed into Arcana Force I - The Magician's Star Arcana Greatsword of Psychic Justice, it's a brand-new greatsword with Arcana Force I - The Magician and the Major Arcana card The Magician etched on the 7'0" massive, wide, double-edged dark blue blade and stars on it, large dark blue angel wings for the crossguard, large dark blue gem embedded in the rainguard, longer black handle, and large dark blue gem with angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with dark blue gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Arcana Force I - The Magician with dark blue gems for eyes and a large dark blue gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on her right hip and Eater of Sins revolver holstered on her left hip. There's a blue kanji below Arcana Force I - The Magician that said, "Catherine

Hoshi, Gene-Slammer of Arcana Force I - The Magician, Very Strong and Powerful Psychic Mindreader and Clairvoyant, Loving Guardian Angel and Future Wife of Lincoln Loud, Destroyer of The Blood Dragons, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Dear Friend of Melanie McPherson, Catherine Hoshi, Jade Hyotonia, Penelope Harrisburg, Yvonne Qinsington, Evelyn Francois, Roxanne Lowinsky, Sonnya Rexxington, Sylvia Starron, Sophia Starron, and Felicia Terrington, and Master of Stars, Psychic Energy, and the Arcana"

Catherine Hoshi has transformed into SUPER ANGEL ETERNITY INFINITY STAR ARCANA FORCE I PSYCHIC ANGEL OF PSYCHIC STAR JUSTICE AND DIVINE CLAIRVOYANT LOVE!

We were amazed by Catherine Hoshi's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Alan Cameron saw it, the thug got out a gun and was about to shoot her, but Catherine Hoshi fired a powerful blast of dark blue energy with stars, psychic energy, and Arcana Force I - The Magician, and it sent Alan Cameron flying into a wall.

Melanie McPherson: (Scottish Accent) Whoa, Catherine's transformed, that's so awesome!

Nico: You said it, Melanie. This is going to be good.

Lincoln: Wow, Catherine, you look beautiful. How do you feel?

Catherine Hoshi: (Divine Echoing Cosmic Voice of The Arcana Star Magician and Divine Clairvoyant Love) **I feel incredible, Linky. Now, shall we deal with that thug, Alan Cameron, once and for all?**

Lincoln: (Smiles) With pleasure, Catherine.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Catherine Hoshi.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that thug away for the rest of his life.**

Catherine Hoshi and Lincoln went after Alan Cameron, who tried to shoot them with his gun, but they grabbed the bullets and they crushed them in their hands and Lincoln also fired a blast of rainbow fire which melted his gun, and they fired powerful blasts of rainbow energy, dark blue energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Arcana Energy at Alan Cameron, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Me: Uh oh, here it comes.

Alan Cameron drank the werewolf serum, and we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **So, he wants to play it like that, huh? Okay, then.**

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's rip him to shreds.**

Catherine Hoshi and Lincoln attacked him with their massive greatswords and left painful scars on him and they also spilled his blood and it caused him to roar in anger, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on his chest, and the cure took effect as Alan Cameron changed back to normal. Then, Catherine and Lincoln fired a blast of magic and it hit Alan Cameron, and put him into a special card prison where he'll be locked up until trial, and into a box that Melanie McPherson made, where she put Morgan Wesley, Gary Reese, Riley Cooper, Nelson Everett, Kyle Carter, Marc Landon, Corey Hudson, Eric Archer, Justin Nolan, and Colin Mason into. We cheered wildly for what Catherine Hoshi and Lincoln did as they holstered their massive greatswords on their backs and powered down and Lincoln changed back, and Catherine Hoshi's new body, clothes, weapons, jewelry, and massive dark blue angel wings are permanent.

Catherine Hoshi: That's another Blood Dragon down and only one more to go. Thanks for helping me take down Alan Cameron, Linky.

Lincoln: (Smiles Warmly) You're welcome, Catherine.

Suddenly, Catherine Hoshi wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as

Lincoln leans down to Catherine Hoshi's face, they kissed passionately as Catherine Hoshi's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force I - The Magician flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and stars gleaming in the skies behind them and the rest of Lincoln's harem cheered for them.

Melanie McPherson: (Scottish Accent) And now, the only Blood Dragon left to deal with is Bryan Greyson tomorrow.

Lincoln: That's right, Melanie, and we'll make that bastard pay for everything he's done, and then, it'll be Judgement Day.

Nico: That's right, just like with The Church of Necrom, you're going to bring The Blood Dragons to trial, and they'll be convicted and found guilty of their crimes.

Lincoln: That's right, but unlike The Church of Necrom, The Blood Dragons are going straight to The Uranus Prison for the rest of their lives, instead of throwing them in one of the federal prisons, since they'll try and escape from Federal Prison again.

Me: Yeah, and that's one thing we don't want.

Nico: Yeah, prisoners inciting riots to cause a jailbreak, that's one thing we don't want to deal with.

Me: You got that right.

Nico: Yep. But great job today everyone! We had a lot of fun on this one.

Sinestro: (To the viewers) This was a great adventure. Hope you all weren't too scared from it.

Nico: We weren't. But lets head home.

Lola: Yeah!

We went back home and we checked on the girls and they were okay. Then we got to watching TV and then the computer came on.

Computer: ALERT! Temporal disturbance in progress.

Me: Uh oh.

Then a time portal appeared and then out came a kid in an awesome outfit that looked similar to mine and he had rainbow hair and he had a crescent moon scar on his forehead and he had the same Sword of Harmony I had.

Nico: WHOA!

Me: Whoa is right! Who are you?

Ken Knudson: Sorry to drop in like this. But my name is Ken Knudson. And it's an honor to meet you all.

Me: Same here and it's awesome to meet you too Ken.

Ken Knudson: And it's an honor to meet you J.D. I've heard so much about you and I love all your adventures. I should explain why I'm here. I'm actually from 30,000 years into the future in the year 32,112.

Me: Wow! That's 30,090 Years from now.

Ken Knudson: That's right and I was sent back in time to help you guys find the Guardians of Harmony. You see you are not just my hero, you're my ancestor. I'm your descendant from 25,000 years into the future.

Me: Whoa! That is so awesome!

Nico: Wow!

Ken Knudson: Yes but I should tell you why I came to you guys.

Me: It must have something to do with the September 16th War.

Ken Knudson: Yes it does. But I'm afraid it has a dark story to it. You know all about Evil Starlight Glimmer and the Doomsday 23 returning right?

Nico: Yes we do.

Ken Knudson: Well the Church of Necrom brought back the rest of the Doomsday 23 as a contingency plan. But I'm afraid it gets worse than that. Evil Starlight Glimmer and her followers will wage war on not just the entirety of Equestria but also the entire world as well. She vows to destroy all ponies and creatures that have cutie marks. It's a terrible war even by my standards. What happens in the aftermath of the war is much more terrible. She plans to overthrow Princess Celestia and Luna's rule and enslave all ponies and creatures to do her bidding forever with her as supreme leader for eternity. She wants to turn Earth into the perfect Equalist Utopia.

We gasped in shock!

Me: A World Without Free Will!? That's insane!

Eli: She is pure evil!

Ken Knudson: Yes. The Church of Necrom has gone to great lengths to make sure the world suffers for their defeat.

Me: That is horrible. But aren't we helping you?

Ken Knudson: No they can't. They are all dead. 25,000 years from now the Universe's most powerful force will fall at the hands of Evil Starlight Glimmer. I'm the only one that's left. I'm the lone survivor of Team Loud Phoenix Storm. All of you guys are all dead except for one and that's my master and best friend and mentor Eli.

Eli: Me? Wow!

Ken Knudson: Yes. Living in my time 30,000 years from now was like living in a nightmare. I was always running and hiding and living in fear. Until I found my salvation and that is Time Travel. I knew that if I could travel back in time and warn you about the events that are about to unfold that I might be able to save you all.

Me: We greatly appreciate it Ken and we're really sorry about everything you went through.

Nico: Man you went through so much hell.

Laney: Yeah.

Goku: That's exactly like what happened with Trunks when the Androids destroyed everything in his time.

Trunks: Very similar.

Me: I was just about to point that out Master Goku. But there's one problem. We don't know who the new Champions of Harmony are and we don't even know where to look.

# LANTERN PLANET ADVENTURES 4 - WILL

Journey to the Planet Oa - Home of the Green Lantern Corps.

Walking through the ocean was Nico, Omi, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were heading over to the Krusty Krab.

Nico: I always love coming down here to the Ocean.

Eli: Me too.

Laney: It's so beautiful being underwater.

Arrietty: It sure is awesome.

Fu: Yep.

Omi: (Tibetan Accent) And I'm always up for a great battle in the future.

Nico: Thanks for coming with me, Omi.

Omi: It is a most honorable thing Nico. I'm always looking forward to a great adventure with you.

Sirius: It's always fun.

Tsuyu: It sure is.

Ochaco: I'll say.

Nico: Omi, is it true that you used to be the leader of the Xiaolin Dragons?

Omi: It most surely is true and it was really good times back then.

Me: Wow! That is cool.

Himiko: That must be really awesome going on all sorts of great adventures to find the Shen Gong Wu.

Omi: They were some of the best ever. We have had so many great times together.

Tsuyu: That is amazing.

Qin: What was the most trickiest Shen Gong Wu to find?

Omi: A most good question Qin. They were all hidden really well all over the world.

Nico: But it's amazing that you guys went out to find them all before Wuya and Jack Spicer and the Heylin did.

Me: But now we have Chase Young still out there.

Nico: Speaking of Jack Spicer, you really fought him the most in the past.

Omi: Yes we sure did and he and Wuya were a big team back then.

Me: Along with several other members of the Heylin we brought down. We either killed them, threw them in prison or they are now in the Masters of Evil.

Nico: Yeah we sure did.

Lola: That is awesome.

Omi: It sure is. Katnappe, Wuya and Dark Spicer are now in the

Masters of Evil.

Me: And there could be more of them later on in the future. As long as Chase Young is not among them. He is never to be trusted.

Camie: No he isn't.

Applejack: I hope we send that immortal snake in the grass to the Black Gates soon.

Me: Me too. As long as I'm the one that delivers the fatal cut with my poisonous blood.

Nico: (to Omi) It's understandable for you not to trust Chase Young. But you really were adamant on not trusting Jack as well.

Omi: That is true but Jack Spicer helped us a few times.

Me: That's good that he did.

Camie: What villains of the Heylin did you all destroy?

Me: Hmm. Boy its been a long time since we faced some of them. Lets see. We faced Gigi, Sibini, Salvador Cumo, Tubbimura, and Dark Spicer whom we sent flying when he first appeared and that's pretty much all I know. So far.

Omi: (sighs) Be honest, my friends. Were we that harsh to Jack Spicer that he went into hiding fearing we would kill him?

Nico: Honestly? You and Raimundo were adamant on thinking he would never change. Clay and Kimiko softened up to him after the war against the Anti-Fairies.

Me: Yeah the September 13th, 2019 War of the Anti-Fairies was a big eye opener for them.

Omi: It was.

Me: But to answer your question and I'm sorry if I'm not sounding very reassuring but you and Raimundo were harsh about that. But Jack did prove himself to be a changed guy.

Omi: That is true.

Me: But I don't think I want to meet the evil version of you Omi.

Camie: Who is he?

Me: He was Omi's evil counterpart from the Yin-Yang dimension. Wow we haven't mentioned that place in a long time.

Nico: It really has been a while.

Me: But yeah you would not like this guy one bit guys. He is the Polar Opposite of the Omi we all know.

I went over his history.

---

Dark Omi, also known as Evil Omi, is an antagonist in Xiaolin Showdown.

Judging Omi

Master Fung tells the warriors that one of them will soon advance to Wudai Warrior level, and after some petty arguing about who is most qualified, each one tries to find out who it is. They are all convinced it will be them, despite Dojo saying he does not know who it is because he cannot keep quiet. A Shen Gong Wu is revealed, the Yin Yo-Yo, which lets the user travel to the Yin-Yang world. Dojo and the other Xiaolin Monks went to the forest until they were stopped by Jack Spicer and the other villains. They began to fight until Chase switches the Ying Yo-Yo Shen Gong Wu with a fake one. After losing the Shen Gong Wu they comfort Dojo at the temple until seconds later they were attacked. They went to the vault to find nothing missing until they discovered Master Fung has been taken and transported to the Yin-Yang world, and they cannot rescue him without the Ying Yo-Yo.

Omi goes to get it from Jack, using the Changing Chopsticks to avoid detection, and he learns Jack is planning a raid of the Temple with his army of evil. Cyclops' steps make tiny Omi fall into the toilet, which Cyclops goes to drink out of. Jack comes up, slaps Cyclops with some paper, and flushes it. Omi uses the Gills of Hamachi to survive while he is being rushed out into a river. He runs back to the Temple, but only Dojo has escaped, while the other three are tied to a board, about to get tickled by Jack's ticklebot because they will not tell him the combination to the vault.

Omi knows that only Chase can help him and goes to Chase for help, who says he will help him fight Jack. Omi says, "I do not wish to sound ungrateful, but why?" Chase replies, "Because Spicer is an insect, and I enjoy squashing insects." He also offers Omi a place by his side. Omi was unsure about that, but Chase says Never Say Never. Omi becomes frustrated and refuses.

## Going to the Yin-Yang World

At the temple Jack attacks with his cheerleader Amy, together Omi and Chase defeated the cheerleaders and Chase grabs and shakes Jacks, causing the fake Ying Yo-Yo to fall out of his coat pocket.

He switches it back with the real one telling Omi he needs to save Master Fung. Omi responds as a warrior that he must do his honor. He went to the Ying-Yang world to save Master Fung while the other Xiaolin warriors stay with Chase (none of the other monks don't know that Chase was behind all this with Chase smirking in an evil way waiting for Omi to turn to the dark side).

Omi walks past shelves of countless bottles and then sees Master Fung, who is in a meditative state and does not respond to Omi's voice. Omi picks him up with one hand and returns to Earth.

## Turning to the Dark Side

However, as Omi is leaving the Ying-Yang world, a bottle on a shelf rolls to the ground, with a picture of Omi's face appearing on it, revealing that it is Omi's good chi.

As Omi approaches the exit, unfortunately, the nine dots on his forehead rotate to form a diamond angle. as Chase laughs in the background.

When Omi steps out of the portal, Raimundo, Kimiko and Clay congratulate him for succeeding. Kimiko hugs Omi and says it's good to have him back, but he pushes Kimiko off saying "But I am not back. I am not coming back," Raimundo says and apologizes come on, dude if this is about before, we're really sorry, but Omi ignores him. Omi tells Raimundo, Kimiko and Clay that when he tried to lead them, they didn't follow and when he tried to talk, they didn't listen to him either. Omi then states that only one person stood by him, believed in him, and trusted him when Raimundo, Kimiko and Clay didn't. That person being Chase.

Omi telling his friends that no one was listening to him tells them that only one person stood by his side (Chase Young).

As this goes on, Raimundo, Kimiko, Clay and Dojo stare at Omi in disbelief. After Chase announces that Omi is by his side, a huge wind blows up with Dojo announcing that it's the end of the world and that a thousand years of darkness has begun.

With lightning striking in the background, Omi's robes then magically change into their opposite colors. His red outfit with a purple belt has turned into a black robe with a red lining and sash. It then shows Omi standing there, engulfed by his newfound power.

The world then breaks in two, leaving nothing but carnage and destruction in its wake.

Chase then tells Omi that now that he's chosen the Heylin way, Chase will rule the world with Omi by his side.

In the background, Jack is not too thrilled, stating that he should be in Omi's position, causing Wuya to remark, "Always the bridesmaid, never the bride".

As they watch Omi's evil come to fruition, Kimiko is in shock that Omi has fallen to the dark side. Clay then remarks that at least things can't get any worse, but Dojo accidentally pushes Master Fung off some steps, presumably leaving the man injured.

## Saving Omi

With Omi having gone to the dark side and Master Fung in an unshakable meditative state, Dojo and the three other monks are left racking their brains as to how this happened and why Omi join the dark side and how they could change it back. In the meantime, at Chase's lair Omi begins training, asking Wuya if will she battle him but she responded if she had her human form back she wouldn't. Omi revels in his new partnership, gladly agreeing to help Chase to fulfill his urge to fight incessantly and fight anyone. Chase encourages him, he helps Omi train but only on one condition: He asked Omi if he promised to swear his loyalty to him, which Omi promises. By every word he made to Chase, he acts on savoring the prospects of the evil they can wreak. Wuya is less enthusiastic about the new ally, stating that "He was less annoying when he was on the side of good." She is no more cheerful when the other Heylin flock to Chase's side. Back at the Temple, the monks are not cheered up when Kimiko finds a video recording taken by Dojo-bot from earlier that day. They learn that it was Chase who sent Master Fung into the Ying-Yang world, meaning he had the real Ying Yo-Yo all along.

## Attacking the Temple

Things are bad, and they get worse when Chase and Omi attack the Temple. The warriors get ready to fight Chase, but he points to Omi, whose forehead dots are still glowing in the diamond position. Kimiko, Raimundo, and Clay try to convince Omi that it was Chase's fault for all of this happening, that he manipulated and lied to him just to get him on the dark side, but he ignores them, telling them to stop talking and fight him as he responds 'bring it off,' but Raimundo corrected him saying 'bring it on.' However, Omi did not care if was on or off as he just wants to fight. Chase orders Omi to attack the other three, who are knocked back in the impact. They try to use Shen Gong Wu against him, but Omi dodges so that they are hit by their own magic and beats them up. Chase then heads towards the vault to take some of the Wu from the remaining warriors. Back at his citadel, he uses the Serpent's Tail/Reversing Mirror combination to restore Wuya to her human form, she was happy to become human again and ask for her rock creatures to rise but is shocked and discovered that she does not have her powers. Chase explains to her that he disabled her powers so just to make sure she wouldn't double-cross him.

## Saving Omi's Life

Dojo finds a missing piece of the Wu scroll, showing that the Ying Yo-Yo is meant to be used with another Wu, the Yang Yo-Yo. Using only one to leave the Ying-Yang world will leave your good chi trapped there. Omi had not realized this, but Master Fung had, so he put himself in a meditative state to keep his evil side under control. The Warriors and Dojo attack Chase's fortress for the Ying Yo-Yo to retrieve Omi's chi and the Yang Yo-Yo, which Dojo remembers is somewhere in that realm.

The monks are soon found, with Omi as aggressive as ever. Even Jack Spicer joins the fight, using the Reversing Mirror to reflect attacks. Still, they find the Ying Yo-Yo and flee into the Ying-Yang world, with Jack accidentally passing into the portal also. After finding Omi's and Master Fung's chi, they find the Yang Yo-Yo and return to their world (closely followed by an unnoticed, near-invisible shape). When they return to Earth, they find Omi, his dots still glowing, ready and anxious to fight. Kimiko tells Raimundo and Clay to keep Omi busy while she goes into Omi with the Manchurian Musca. Jack follows her by using the Changing Chopsticks. Raimundo and Clay use their elemental abilities to battle, but Omi's new Heylin powers far outclass theirs, and Omi pummels both of them. Raimundo, taking the harsh beating, begins to cry, to show Omi that he is hurting him, who is shown wearing a caring/confused look on his face but Clay, behind Omi's back, breaks up the fight so Omi would stop hurting Raimundo. Still, the two of them are far outclassed by Omi, who has refined his water and ice attacks with brutal strength.

Just then, Kimiko and Jack-who, surprisingly, is helping her navigate Omi's brain-replace Omi's chi, leaving Omi's head as he becomes himself again. Dojo explains that, because Jack carried the Reversing Mirror into the Ying-Yang world, Jack left his evil side behind and as a result, has emerged as a good person.

## Turning into a Cat

Unfortunately, Chase appears above the young monks, interrupting the happy reunion. Enraged over what has happened, Raimundo wastes no time charging through the air at him, attempting to best the other man.

However, Chase, who is much stronger, grabs Raimundo's hands, which leaves him helplessly kicking in the air, frightened. Mere seconds later, Chase morphs into his reptilian self and attempts to eat Raimundo. But Clay appears at the last second and manages to pull Raimundo free of Chase and get him to safety. The Xiaolin Warriors then face Chase and his minions. The monks are prepared to defend Omi whatever the cost. Dojo soon joins in, magically transforming himself to his true height and in the process, unleashes a flamethrower at Chase who quickly intercepts it and then using a Heylin Memory Recall spell.

In the process, Omi remembers while he was evil, he swore his own eternal loyalty to Chase. As the flashback ends, Omi sadly reminds his friends to stand down, having realized that Chase was right all along and that Omi himself must stay with Chase because as a Xiaolin Monk, Omi apologizes to his friends and bound by his word, which unfortunately means he must stay with Chase. Chase used his black magic to (seemingly) bring Omi back to Heylin side. He does that again and it's shown that Omi has now been changed into a cat, who meows at his friends who gasp in shock.

Chase tells them that as they can see, Omi belongs to him now and forever. As Omi and the other warriors advance on them, Dojo, knowing they're hopelessly outnumbered, flees the castle with Jack, Clay, Kimiko, and Raimundo on his back. Chase chuckles then laughs evilly, and this echoes, as due to his overwhelming powers, the world instantly succumbs to the darkness with a strong surge of white light, erupting into the sky, which, in turn, brings about the end of the world.

As Dojo retreats, the others are focused on ahead except for Raimundo who is crying over what has happened. It then cuts to the lair, where Omi Cat approaches the end of the ledge and watches as his friends fly off into the night as the One Thousand Years of Darkness begins.

Finding Omi

With Omi still on Chase's side, the others try to figure out how to rescue him without giving up. Chase has the dots that were on Omi's forehead on his as he watches the world turns to darkness, Chase tell Omi one day he will appreciate evil as he pets Omi on the head, which he purrs backs up telling Chase that he will not respond to his actions, but he did like having his ears scratched and ask Chase to pet him more. Meanwhile, Master Fung is in a full-body cast having been injured after Dojo accidentally pushed him down a hill.

Due to the change in Jack Spicer, his act of kindness is more annoying than he ever was being evil. He does all the things Dojo would do for Master Fung, including bringing his morning tea. A small struggle for the kettle ensures between the two, resulting in the tea spilling over Master Fung, causing him pain. Kimiko provides Fung with her laptop and a chopstick so that he can communicate with them. He instructs the monks to challenge Chase for Omi's freedom but warns them that if they lose, then they too will lose their freedom. Jack, on the other hand, is completely optimistic that they can win; his expression is so creepy that everyone takes a step away from him.

At the same time, Dojo senses a strange presence at the Xiaolin Temple. The translucent character that emerged out of the Yin-Yang world was the Chi Creature. It floors the monks until Jack traps the monster into the Sphere of Yun Raimundo decides to take action to save Omi. While the monks leave the temple, Master Fung is left to guard the Chi Creature with the Silk Spitter, the Reversing Mirror and the Glove of Jisaku. However, Chase, Wuya, and Omi arrive at the temple, and Chase releases the Creature with the Serpent's Tail. The Chi Creature then sucks Master Fung's chi and following that, advances on Chase and Wuya, hoping to get both their chi which both of them become very scared which the creature does not realize they on the same side It turns invisible but Chase finds it and tells it to go after Raimundo, Kimiko, and Clay instead.

After Raimundo, Kimiko, and Clay get their chi sucked out, leaving them mindlessly babbling, Jack and Dojo have to restore them. Jack Spicer uses the Ying Yo-Yo (since the Yang Yo-Yo is missing), and lures the Creature back into the Ying-Yang World. Jack uses the Ring of the Nine Dragons to divide himself into two; one will distract the Chi Creature, and the other will retrieve Raimundo, Clay, Kimiko, and Master Fung's chi While leaving the Ying-Yang world, good Jack sacrifices himself as he leaves his good side behind, resulting in his evil side coming back. Dojo takes the chi and the Ying Yo-Yo and traps Jack Spicer into the Sphere of Yun.

After recovering the monks, who were put to remedial work, they challenge Chase to a Xiaolin Showdown with the battle being a soccer game and when Chase asks them what they'll be waging against Omi's freedom, Raimundo tells them that they'll be offering up their eternal loyalty to Chase should they lose. Omi is in disbelief, stating that he cannot allow his friends to do that for him.

Chase agrees on the condition that they use no Shen Gong Wu allowed, stating that the monks can only rely on their martial arts skills. Raimundo then tells Chase that the game is Xiaolin soccer and the two teams are the monks versus Chase and his jungle cats with Omi playing for the monks instead. Upon hearing that, Omi happily and joyfully rejoins his friends while three of Chase's cats revert to their human forms for the game while Chase himself changes into his lizard form.

Seconds later, the game begins with Dojo acting as a soccer ball. In the beginning, things look bleak for the monk as in an overwhelming show of force and power, Chase and his group score three goals with Wuya and the remaining jungle cats cheering them on. At half-time, the monks regroup with Omi telling his friends that they need to use much better moves to win. Spurred on by his words, the group scored their three goals, staging a comeback while also proving that they're far from finished.

After the third goal has been scored, Lizard Chase remarks to Omi that it appears he has taught him well but Omi Cat counters with, "No! It appears you have taught me too well!" . As Chase heads off to score the last goal, the monks regroup, performing the Dragon X Kumei Formation which thanks to Omi now playing for them finally works.

With the team racing across the field, they dodge all of Chase's team's efforts to stop them and after stopping Chase, finally send both him and Dojo into the opposite net with the final score reading

Xiaolin Monks: 4 and Heylin: 3 which means that the monks have won. As a result of that, the world is returned with normal with Omi becoming a human again and reclaiming his dots and also his good side. With the match over, the monks celebrate their victory.

Chase tells Omi "The evil inside you is stronger than you think." When Chase reveals that when Omi saw the secret to destroying evil, Chase used the Reversing Mirror to make Omi see the secret to destroying good, not evil, Omi tells Chase "The good inside you is stronger than you think."

Back at the temple, Master Fung tells the monks who will go on to the next level: the four of them much to everyone's surprise. Since only one would go on, but not until they all worked as one.

---

When I was done everyone was shocked and horrified!

Twilight Sparkle: That is terrible!

Eli: But if we do face him I want to have my shot at him.

Me: You'll get your wish soon bro. As long as we don't kill him. He is only 10 and it goes against our code to kill him.

Nico: Yeah.

Kaito: How exactly did Jack join you guys?

Nico: That will be answered when it's Raimundo's turn to join me on a rescue.

Me: We just haven't decided on when Raimundo will come with yet.

Kaito: Okay we'll wait.

Me: But it's a great story on that.

Nico: Yep.

Me: We're here.

We arrived at the Krusty Krab.

Mr. Krabs: Oh, no! Confound you, new Kelpshake store. What's your secret?

Plankton: I don't like this Krabs.

Mr. Krabs: Plankton, they have… a secret formuler.

Plankton: No, not another secret. And if there's a secret, I want to know about it!

Nico: Hey, Plankton. Hey, Mr. Krabs.

Mr. Krabs: Ahoy lads.

Nico: What's going on?

Plankton: I think that is what.

We saw a new store right across the street from the Krusty Krab.

Nico: Kelpshakes?

Me: Sounds unusual.

Laney: But I can tell that it's really popular.

Eli: Yeah.

[rumbling]

We felt rumbling.

Me: Whoa a Sea Quake!?

Lily: No look!

We looked at the Kelpshake store!

Mr. Krabs: [Gasps in horror!]

Plankton: [gasps as one Kelpshake store multiplies itself to have two

Kelpshake stores] They're multiplying. Why, they're on every corner.

Mr. Krabs: Block after block.

Plankton: They're everywhere.

Me: They're spreading like locusts!

Mr. Krabs: [a Kelpshake store falls on both of them] We've got to do something about this.

[cut to later where Mr. Krabs and Plankton and us walk into a Kelpshake store]

Nico: Something doesn't feel right about this.

Me: Yeah. I got that same feeling myself.

Eli: I feel it too. The Force is telling me that the Kelpshake Store is up to no good.

Varie: We better look into this.

We went into the restaurant.

Mr. Krabs: You sure this is going to work?

Plankton: Just stick to the plan.

Me: Here we go.

Mr. Krabs: [whistles] Oh, let's see, let's see. Ah, there you are. [spots an 'employees only' sign. Whispers to Plankton] Plankton, I think I found the kitchen.

Plankton: Let's do this thing!

Nico: Yeah.

Mr. Krabs: Here goes. Wa-choo! [sneezes on a mom and daughter] I'm sorry, I got a little bit of a [gasping] ah-ah-ah-ah-ah… choo! [continues sneezing in several different directions, eventually sneeze-blowing Plankton towards the kitchen door, but he hits the window and is stuck there, making Mr. Krabs cringe]

Employee: Eww. [sprays a cleaner at Plankton]

Plankton: [screams] My eye, my eye, my eye! [Mr. Krabs and Plankton and us run out and hide behind the Krusty Krab]

Me: Whew.

Mr. Krabs: I think we lost them. Well, you got any more bright ideas?

Plankton: Of course I do.

We then saw where a line of people are ordering Kelpshakes. Plankton is under one of the tiles on the floor. He laughs maniacally until the customers step the tile, causing him to get squished, making him scream. Cut to Mr. Krabs lowering Plankton with his black ski cloth by a rope through the vent. Plankton is about to take a sip of a Kelpshake when the customer takes a big sip first, swallowing Plankton. Plankton opens the customer's mouth and is raised up through the vent. Cut to Mr. Krabs blowing Plankton through a hose and out of a sink pipe. When Plankton gets out, he is covered with Kelpshake juice and gets drowned in the garbage disposal.

Me: Well that's it.

[Cut to the Krusty Krab where a wounded and bandaged Plankton argues with Mr. Krabs of their failure]

Plankton: I'm throwing in the towel, Krabs! All these convoluted plans are getting us nowhere. And to top it all off, I'm the only one who's taking the heat!

Mr. Krabs: What's that suppose to mean?

Plankton: I don't see you on the front lines. Sure, let me do all the work, while you just sit back like the fat gorilla you are!

Mr. Krabs: [grabs Plankton and starts poking his eye] Who are you calling a gorilla you one-celled, one-eyed bottom-feeder!?

Eli: Excuse me you two but I must discipline the Nanny goats!

Eli grabbed them and bonked their heads together!

Me: Don't even think about it Nico!

Nico: (Pouts)

SpongeBob: Mr. Krabs, if you want a Kelpshake, why don't you just buy one? [slurps his Kelpshake]

Mr. Krabs: [Scared] Buy one?

Me: Well I'll do it.

Mr. Krabs: Okay.

I went in.

Customer: I'll have one Kelpshake, please.

I went up to the counter.

Cashier: Can I help you?

Me: One Kelpshake please.

Cashier: Sure, that'll be one dollar.

Me: Wow that's a great deal.

I gave him the dollar.

Cashier: [cash register dings] Thank you.

I got one.

Cashier: Enjoy.

Me: I will.

Plankton: Now let's get to the lab underneath the Krusty Krab and find out what this stuff is made of.

[scene cuts to the laboratory of the Krusty Krab with Kelpshake on a plate where a sample of the drink goes through a tube, into chemistry bottles, and finally into Karen where she begins a D-N-A scan]

Nico: I bet it's something with mind control.

Me: We're about to find out.

Plankton: What's the secret ingredient, Karen?

Karen: Well, it appears that the main ingredient is, Kelp Juice.

Plankton & Mr. Krabs: Just kelp juice?

Me: Just Kelp Juice? That's it?

Mr. Krabs: And to think this whole time I could've been selling these meself!

Plankton: You? What about me? If anyone, I deserve to make a buck of selling this stuff.

Mr. Krabs: [removes the glass container and takes kelp juice] No way, pipsqueak. This gold mine is mine.

Plankton: Not if I can help it. [jumps at Mr. Krabs, but goes between his eyes and splatters into the wall] Ow.

Mr. Krabs: [cackling] Nice try. [about to take a sip]

Karen: I wouldn't do that if I were you. There's another ingredient.

Me: Uh oh. What is it?

Karen: You're not going to like this one guys. It's got Toxic Waste in it!

All of us: TOXIC WASTE!?

Nico: That's insane!

Me: These people are poisoning everyone!

Omi: We must tell everyone right away!

Nico: I agree!

We went outside. But then SpongeBob came up to us.

SpongeBob: [runs up crying covered in yellowish-green fur] What's happening to me?! [Mr. Krabs and Plankton and us all gasp in shock when we see SpongeBob covered in green kelp and he's naked]

Me: SpongeBob what the Hell happened to you!?

Nico: You're all covered in green fur!

Eli felt the fur.

Eli: This isn't fur, it's kelp!

Me: The Kelpshakes did this! SpongeBob those Kelpshakes are full of Toxic Waste!

SpongeBob: (GASP) That's crazy! And they've shut down the Kelpshakes restaurants!

Plankton & Mr. Krabs: Huh? [They both see workers sucking out all the liquid in the Kelpshake restaurant that says CLOSED FOREVER]

Me: Looks like someone already beat us to it.

Hazmat #1: It'll take decades to clean this hazardous material up.

Hazmat #2: I sure feel sorry for whoever drank this.

Me: Man those shakes are poison!

Nico went up to a Hazmat Man.

Nico: Excuse me. Do you know who shut down the restaurants?

Hazmat Man: Yeah it looked a lot like one of Overflow's kind.

Me: Looks likes our Cascan Gene-slammer did us a really big favor.

Eli: She sure did.

Me: Yeah. But we're not done yet. I sense trouble coming.

Then we heard EERIE MOANING!

Me: You guys hear that?

Nico then ducked as a sword just barely missed his head and it stuck into a wall.

Me: What the!?

We then saw a figure come out and it was a scary version of Zyuoh Eagle and it looked like he had skeletal bird wings and a scary toothed red helmet. He also had red muscles and a scary red trench coat! It was ANOTHER ZYUOH EAGLE!

Me: WHOA! Another Zyuohger!

Eli: Another Zyuoh Eagle to be more specific!

Me: But it has the powers of Gorilla and Whale in this one!

Nico: Yeah!

Eli: Wow!

Nico: Boy Yamato and Master Zik would be pissed if they saw this one!

Eli: Yeah they sure would!

Nico (to Another Zyuoh Eagle) So, I take it you didn't like the Kelp Shakes either?

Another Zyuoh Eagle: (In a girls voice) That's right.

Me: (Gasp) That voice!

She de-transformed and it was a girl that had purple hair and purple eyes and she had purple clothes all torn up and she had purple angel wings.

Me: Cammie Rendallton! I didn't expect you to be turned into Another Zyuoh Red.

Nico: You know her J.D.?

Me: I sure do. She's a homeless girl I helped in a local homeless shelter in Colorado. I gave her a lot of awesome food every week as well as books and stuff.

Nico: Wow that's really thoughtful.

Me: Yep. But 3 days before I was going to move to Michigan, I went to give Cammie this.

I pulled out a locket and it had a picture of me and her in it.

Nico: That locket is adorable.

Me: Yep. But I didn't get the chance. She disappeared before I could do so. I sensed that a strange force got her and I now know why. She was turned into Another Zyuoh Red by Swartz.

Cammie Rendallton: Yes and I am forever grateful to J.D. for all that. But I got this power and I can't control it!

Nico: We'll save you Cammie.

Me: Even though Master Zik isn't one of the core 310, he and Yamato would still be having a field day.

Nico: They sure would. (takes out Vulture's Ridewatch) Since I don't have Master Zik's Ridewatch yet, this will be a good alternative.

Nico activated it and he got Vulture's Metal Wings on his back!

Laney: Awesome!

Me: Adrien and Hay Lin would love this one.

Cammie then clutched her head in pain!

Cammie Rendallton: (GROANS) HELP ME!

Cammie then was enveloped in a vortex of darkness and Zyuoh Cubes and the Zyuohger Symbols swirled around her.

AAAHHAAAHHAHAH WOOOWOOOWOWO!

She turned into ANOTHER ZYUOH EAGLE!

Nico: This is gonna be awesome!

Me: Yep. Lets fight Zyuohger with Zyuohger!

I pulled out my Zyuoh Cube!

Me: WILD INSTINCT! AWAKEN!

AAAHHAAAHHAHAH!

I turned into ZYUOH WOLF!

Me: MONARCH OF THE MOONLIT FOREST! ZYUOH WOLF!

I was ready!

Lily: YEAH!

Zocks: (takes out Drive Gear) We're taking you out for a Drive.

Kaito: (takes out Ghost Gear) Shinnosuke would be proud.

Me: He sure would and we meet the Ghost Kamen Riders after the Drive team.

Nico: Yep.

Zocks got Go's blaster and Kaito got a sword with the powers of the Eyecons!

Nico: YEAH!

Me: Cool! UNLEASH THE BEAST!

I great powerful claws and fired blades of moonlight and they hit Another Zyuoh Eagle and blasted her all over!

Nico: Awesome!

Then we saw her pull out a Zyuoh Cube and it had a picture of Lord Drakkon on it with a dragon symbol on it! She activated it and fired beams of green energy and we deflected them back and they hit her!

Me: Whoa! She has Zyuoh Cubes for all the powers of the members of the Masters of Evil, Core and Non-Core!

Nico: Wow! This will be awesome to see!

Eli: Wow! This will be amazing.

Nico: If you guys want to use Eyecons and other Ridewatches, you can!

Omi: Lets see what mine can do!

Omi activated Box Ghost's Ridewatch and he got all his powers and Omi summoned numerous crates and they smashed into Another Zyuoh Eagle and pulverized her all over.

Twilight Sparkle: Here's Kaos's Ridewatch!

She activated it and got the powers of Kaos.

Twilight Sparkle: DOOMSHARK VOLCANO SWARM!

She summoned a massive swarm of Fire Doomsharks and they went at Another Zyuoh Eagle and burned her all over1

Nico: YEAH! Kaos would be proud Twilight.

Lola: She sure would!

Lincoln: Lets see what mine can do.

Lincoln activated his Ridewatch and he turned into PURE LIGHTNING! He fired a massive blast of lightning and it hit Another Zyuoh Eagle and electrocuted her all over!

Maria: Let's use Eyecons now!

Nico: Okay!

Maria: I got one!

Maria activated her Eyecon!

DR. ROBERT BALLARD AND NEW WAVE!

Maria: HYDROTHERMAL VENT SMOKESCREEN!

She fired a wave of black smoke and it covered Another Zyuoh Eagle.

She held her breath and punched and pulverized her all over and smashed her down!

Nico: COOL!

Me: Dr. Robert Ballard was the man who discovered the Hydrothermal Vents.

Nico: Even though he's not dead yet that is still really awesome.

Maria: Anyone else?

May: I have one!

She activated her Eyecon.

HENRY FORD AND LOKI!

May: THUNDER CAR ROADKILL!

She fired a massive blast of lightning and it turned into a massive armada of cars and they ran Another Zyuoh Eagle down.

Nico: WOW!

Me: Henry Ford, the Inventor of the first Car which propelled us into the Industrial Revolution.

Zocks: Funny considering I activated Drive's gear.

Nico: Yeah.

But then a blast of water hit Another Zyuoh Eagle and out came a Cascan!

Nico: Whoa a Cascan!

Cascan: (In a girls voice) (British Accent) Jolly good to see you again Nico.

Nico: Hayley Buckingham! Awesome!

Cascan: Let me deal with this one for you.

She reverted back and was a girl with red hair and had a red Kimono and then she fired waves of water and blasted Another Zyuoh Eagle down and she exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down and I grabbed the Another Zyuohger Watch and purified it and then I went over to Cammie and gave her my serum and then I put an air helmet on her. She coughed and was better.

Cammie Rendallton: (Weakly) J.D.?

Me: Yeah you're safe now.

We then saw Zyuoh Cubes all over the ground and we picked them all up.

I had Cammie on my back and she was weak but still okay. I also gave her the locket I was gonna give her and she loved it.

Cammie Rendallton: Oh J.D. it's beautiful.

Me: I had it made for you.

Plankton: How did you get the Kelp Shake restaurants shut down so fast?

Hayley Buckingham: I told the mayor of Bikini Bottom about what they were doing and how it was poisoning the citizens. I showed one of them to the Mayor and he gave the order to shut that restaurant down and they arrested all of the employees. They were sent to prison for life and ordered to pay trillions in restitution.

Mr. Krabs: Wow! That was amazing lass!

Nico: It sure was.

Me: That was really well done.

Eli: I agree there.

Hayley Buckingham: It sure was good.

Omi: What is your favorite memory of Nico?

Hayley Buckingham: I have a lot of them but my favorite is when I made Nico my world famous 10,000 Flavor Chicken Wing all-you-can-eat buffet.

Me: Whoa! You know that many flavors of wings?

Nico: She sure does.

Hayley Buckingham: Yes and they are some of the best ever. I made and came up with a long list of flavors for them.

She pulled out a list and showed us that she made over 10,212 flavors of wings and we saw everything from sweet, sour and more. There was even a flavor at the bottom of the list that showed the deadliest of them all. It was a super spicy and powerfully deadly flavor called NUCLEAR ARMAGEDDON 666!

Me: Whoa that one looks lethal. Nuclear Armageddon 666.

Hayley Buckingham: It sure is. It's a wing injected with Capsaicin Extract from the Carolina Reaper pepper and it's covered in the hottest hot sauce ever known and it has powdered Carolina Reaper Peppers on it as well as the hottest ever dry spice in the world that is so mind-blowingly hot that people that work with it have to wear radiation suits.

Me: Wow!

Eli: That is powerful!

Nico: Yep.

Laney: Wow!

Nico: Yep. Some of the best wings she has ever made.

Nico and Hayley hugged.

Nico: I really missed you.

Hayley Buckingham: Me too Nico.

Me: This was an awesome rescue.

Eli: It sure was.

Laney: Yeah.

Nico: I can't wait to try some of those wings.

Hayley Buckingham: You all will love them.

Nico: Lets go home and we got to cure SpongeBob and make the antidote for him and all of Bikini Bottom.

Lisa Loud: I'll get right on that immediately.

Varie: Awesome.

We later went back home and we told everyone what happened and we got to work on the antidote.

We got the antidote ready.

Omi: Here you go, Spongebob.

Spongebob drank it and he was back to normal but he was Naked!

SpongeBob: Whoa! The kelp ripped me out of my clothes.

Lily: No worries.

Lily went and got him new pants and a shirt and new socks and shoes.

SpongeBob: Thanks Lily.

He was happy.

Nico: What the hell were those people thinking using Toxic Waste like that!?

Eli: Yeah that was crazy!

Lola: It poisoned all of the people of Bikini Bottom.

Laney: Most of them anyway.

We later got everyone cured.

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Heathcliff, Sonja (Heathcliff), Heathcliff, Sonja (Heathcliff), Riff-Raff, Hector (Heathcliff), Wordsworth, Mungo, Cleo, Leroy, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Peyton are heading to Coolsville, and not only is Lincoln going to rescue the five girls here, but we're also going to deal with Fast Track Al, who's escaped from from federal prison and he wants revenge on both versions of Mystery Inc for ruining his drug dealing business by disguising himself as The Headless Skateboarder again.

Lincoln also called Max Goof over to help, because he's got a few words to say to him, and it's not going to be pretty.

Lincoln: Wow, we're here in Coolsville, and I know what we're going to do here, not only am I going to rescue the five girls here, but we're also going to deal with Fast Track Al, who's escaped from from federal prison and he wants revenge on both versions of Mystery Inc for ruining his drug dealing business by disguising himself as The Headless Skateboarder again.

Nico: That's right, big guy. Plus, you also called Max over to also help out, and he's got a few words to say to that former skateboarding champion turned convicted drug dealer.

Max Goof: Yeah, and it's not going to be pretty.

Lincoln: And we know it also means he's going also transform, and I want to thank you, Max, and Ken Knudson for joining us, Peyton.

Peyton: You're welcome, Lincoln, this is going to be so awesome bringing Fast Track Al down.

Ken Knudson: And today's the day we go after the leader and last of The Blood Dragons, Bryan Greyson.

Lincoln: Yep, and we bring them to court to face justice, Ken, and tomorrow, we begin the search for the 27 Champions of Harmony, and we'll be ready for the Doomsday 23 and Evil Starlight Glimmer when the time comes and clean up the last of The Church of Necrom's mess. I can't believe they've resurrected The Doomsday 23 as a contingency plan to still get revenge for their defeat and death, but knowing just how low Damian Alaister and his fucked-up goons have stooped, this is the lowest.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of five girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the five girls, but they've been cornered by The Headless Skateboarder, and he's going to kill them.

Lincoln: Guys, I found the five girls, but they've been cornered by

The Headless Skateboarder, and he's going to kill them.

?: (Girl's voice) That drug dealing former skateboarding champion, let's get him.

Suddenly, we saw the Duel Monster, Gilford the Lightning, appear before us.

Nico: Wow, Gilford the Lightning, that's awesome.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Keera Wellington III, but we'll talk later, we've got a fake Headless Skateboarder to deal with.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at The Headless Skateboarder, and it allowed the five girls to get away. When The Headless Skateboarder saw us, he moaned in anger.

Max Goof: You really think we're going to let you get away with what you tried to do, Fast Track Al?!

Suddenly, we then suddenly felt something snap deep within Max Goof's mind, as his deep blue eyes turned neon deep blue and he was surrounded by a white energy aura with angels, light, and keys, he unholstered his Unbreakable Bonds of Friends and Angels Keyblade from his wider and muscular back, and as he approached The Headless Skateboarder, he left white energy, angels, light, and keys with every step.

Max Goof: You make me sick, Fast Track Al, you were once the greatest skateboarding champion in Coolsville and you were respected by everyone. (Suddenly Getting Angry) But, when you threw your passion for skateboarding away and all because of drugs… , YOU'VE CROSSED A BIG LINE WHEN YOU DECIDED TO TURN TO CRIME, AND FOR THAT, I WILL SEE TO IT THAT YOU ARE LOCKED AWAY IN PRISON FOR THE REST OF YOUR LIFE!

Eli: Oh boy.

Lincoln: Yep, he's snapped, and now, it's going to get ugly. HIT THE

DIRT!

We ducked for cover, as Max Goof screamed like a madman, as he was surrounded by a massive vortex of white energy with crosses surrounding the vortex, there's an army of angels flying around the vortex, and inside the vortex is a gold phoenix as light shined down from the Heavens and a divine choir of Angels sang. Then, as the vortex faded, Max Goof emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Max Goof grew from 6'10" to 7'4" in height, he now has massive and powerful muscles and he still retained his eight-pack abs, he has red highlights in the bangs of his long black hair, he has deep neon deep blue eyes and a white energy aura with angels, light, crosses, and keys surrounding him, he has an Angel holding a Keyblade in its right hand and the Light Kanji in its left hand emblazoned on his forehead, he has on his Crystal Necklace of The Buddha with blue crystal links and an Angel holding the Light and Eternity Kanjis in its hands, he has on a long long-sleeved deep red trenchcoat with angels, light, and Keyblades on the coattails and on the back of the coat is an Angel with a Keyblade in its right hand surrounded by Keyblades and on top is a Hidden Mickey icon, a Crown pendant, a Keyblade icon, and the symbol of Kingdom Hearts. Suddenly, Max Goof felt a sharp pain on his now wider and more muscular back, and then, his massive white angel wings grew much bigger for his new body and the large white feathers have gold tips on them, Max Goof has on his Ring of The Phoenix with large red gem with heart-shaped gem embedded in it on his right ring finger and a Blue Lantern Ring on his left ring finger.

Suddenly, Max Goof's Unbreakable Bonds of Friends and Angels Keyblade was surrounded by a kaleidoscope of white energy, light, Angels, and Keyblades, and when it emerged, it was transformed into Gabriel's Eternal Unbreakable Bonds of Friends and Angels Keyblade, it's a brand-new Keyblade with a 7'0" massive, wide, double-edged crimson red blade with colored gems embedded in it and it surrounded a Hidden Mickey icon, a Crown pendant, a Keyblade, and the symbol of Kingdom Hearts, he has on his brand-new large gold cuff Bracelets of The Champions of The Universe with red gems on his wrists, his new Belt of Elemental Bravery with a gold Mickey head with blue gems for eye for the belt buckle on his waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on his right hip and his Eater of Sins revolver holstered on his right hip. There's a gold kanji below the Angel that said, "Max Goof, Champion of The College X-Games, Son of Goofy, Childhood Friend of P.J. and Bobby Zimmeruski, Friend to Many, Boyfriend of Roxanne, Humiliator of Bradley Uppercrust III, Brave and Powerful Next Generation Knight of King Mickey's Court, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Destroyer of Walter Bernhard, Ally and Partner of Leon Belmont, and Master of Light, The Keyblade, and the Angels"

Max Goof has transformed into SUPER ANGEL ETERNITY INFINITY CELESTIAL LIGHTSTORM PHOENIX ANGEL OF HEAVENLY LIGHT AND DIVINE JUSTICE!

We were amazed by Max Goof's Super Angel Eternity Infinity transformation, but when the Fake Headless Skateboarder saw it, he came after him, but Max Goof fired a powerful blast of white energy, light, Angels, and Keyblades, and they hit the fake Headless Skateboarder, and he crashed into a trashcan.

Nico: Alright, Max Goof's transformed into his Super Angel Eternity Infinity form, awesome.

Me: And he sent the fake Headless Skateboarder flying into a trashcan, P.U.!

Lincoln: Yep, he's going to smell like garbage for the next few weeks.

Max Goof: (Divine Echoing Cosmic Angelic Voice of The Celestial Angel and Divine Hope) **You got that right, Lincoln. Now, come on, let's get that maniac.**

Lincoln: Yeah!

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Peyton, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after the fake Headless Skateboarder, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, and Magic, and

they exploded with incredible power as they hit him.

Then, Max Goof fired chains made of white energy from his new Keyblade and it bound the fake ghoul and he couldn't escape. We cheered wildly as we holster our weapons and power down, and Max Goof's new body, clothes, weapons, jewelry, and massive white angel wings are permanent. Then, we saw that Max's new Keyblade now had large white angel wings for the guard, the blue cat's eye for the hilt, longer black handle, large red faceted sphere for the pommel, the Three Wayfinders of Terra, Aqua, and Ventus for the keychain links, and the keychain token are the silhouette heads of Mickey, Donald, and Goofy, just like with his Unbreakable Bonds of Friends and Angels Keyblade, and that was one awesome upgrade.

Lincoln: It's over for you, Headless Skateboarder, or should we say, Fast Track Al.

Lincoln removed the costume, and it was indeed Fast Track Al. Then, Nikiya, Sheila and Eric Loud, and Tom Lair came in and with the S.W.A.T. team and police and they grabbed Fast Track Al.

Nikiya: Nice work, guys, we've been after Fast Track Al as soon as he escaped from prison. Oh, and before we take him away, Max, would you like to punch him in the eye for disgracing skateboarding?

Max Goof: With pleasure.

Max Goof reared his left fist back, and he landed a strong punch to Fast Track Al's eye, and he gave him a black eye, and they took him away to jail.

Lincoln: That's it for that drug dealing disgrace to skateboarding. (To Keera Wellington III) And it's so good to see you again, Keera Wellington III.

Keera Wellington III reverted back to normal, and she's a beautiful girl with long flowing yellow hair, orange eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful gold angel wings, and she reigned in the power of Gilford the Lightning, and she's dressed in a sleeveless yellow sports jersey with the number 23 on it, yellow gym shorts, yellow knee guards with yellow hearts on it, yellow sneakers, and long sleeveless yellow trenchcoat with lightning on the coattails, and Gilford the Lightning on the back, and holstered on her back is Gilford the Lightning's gold bolt-bladed sword and a large Gilford the Lightning-themed greatsword with Gilford the Lightning etched on the 7'0" massive, wide, double-edged yellow blade, yellow angel wings for the crossguard, large yellow gem embedded in the rainguard, longer black handle, and large yellow gem surrounded by angel wings for the pommel.

Keera Wellington III: You too, Lincoln, it's been a long time.

Lincoln went up to Keera Wellington III and they hugged, and Keera Wellington III's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Keera Wellington III: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Keera Wellington III, she's one of my Guardian Angels from Michigan, she's also an awesome and great chef and makes really awesome desserts.

Me: Mary's going to love getting along with her, especially since she has a love for sweets.

Keera Wellington III: And I have one REALLY NASTY and horrible Revelation about Scoots that should have given her the death penalty.

Nico: Uh oh, I hate to find out what that crazy old goat did that should've given her the death penalty.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Keera Wellington III's neck with yellow gems on the gold thunderbolt links and yellow crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Keera Wellington III: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Keera.

Keera Wellington III had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Keera Wellington III's waist and Keera Wellington III wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Keera Wellington III's face and kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the five girls, and when Lincoln saw them, he recognized them immediately. The five girls are Stella Shining, Yuuki Soleil, Leila Etoile, Lily Airheart, and Yuni Vanquish from The Price of Smiles.

Lincoln: Oh wow, it's Stella Shining, Yuuki Soleil, Leila Etoile, Lily Airheart, and Yuni Vanquish from The Price of Smiles.

Nico: Awesome.

Lincoln: Are you girls okay?

Stella Shining: Yes, we're okay, thanks to you.

Then, when Stella Shining and the other four girls saw who it was that saved them from Fast Track Al,their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Stella Shining: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones went up to the girls, and hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Stella Shining: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, five Thunderbird Necklaces of Eternal Love appeared on the necks of Stella Shining, Yuuki Soleil, Leila Etoile, Lily Airheart, and Yuni Vanquish with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villain we went after at Coolsville was Fast Track Al, who broke out of prison and disguised himself as The Headless Skateboarder to get revenge on both versions of Mystery Inc.

But, when Lincoln showed what we did to him, along with Max Goof transforming into his new Super Angel Eternity Infinity form and punching Fast Track Al in the eye, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Keera Wellington III have a lot of catching up to do now that she's back in town, and as for Fast Track Al, he was sent to The Uranus Prison, where his sentence had been upgraded to Life Without The Possibility of Parole, and he'll never be free again.

* * *

After stopping Fast Track Al, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Keera Wellington III saw Lincoln working out like crazy, she had an atomic red blush on her face.

Keera Wellington III: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Keera, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Keera Wellington III: That's incredible.

Nico: It sure is. So, Keera, what's this really nasty and horrible revelation about Scoots that should've given her the death penalty.

Keera Wellington III: You're not going to like this one, Nico. I was walking home with Lincoln after a day of fun at Gus' Games and Grub. But, then I heard something coming fast, and then, Lincoln was run over ten times, and I saw who it was that did the dirty deed: it was Scoots and she was trying to kill him, and she was laughing like the crazy old bat she is. But, I stepped in and I punched Scoots hard in the face for what she did. We called the cops and the ambulance, who took Lincoln to the hospital, but Scoots got away before the cops could arrest her. The doctor told us that Lincoln was beaten up pretty bad: broken arms and legs, tire marks on his body, and much more, and he was in a full-body cast. The Loud Family were horrified by what Scoots did, including Luna and Lynn, who had thoughts of murder on their minds for that old goat. But, I talked them out of it, and they had to focus on helping Lincoln.

We gasped in shock and horror.

Me: She tried to commit first degree murder by running Lincoln over many times, that crazy old bat, she should've been given the death penalty.

Lincoln: You said it, but again, with Michigan abolishing the Death Penalty in 1846, she should've been given Life In Prison Without The Possibility of Parole. It's because of her, I had to spend four months in the hospital for what she did.

Eli's eyes shrank in pure rage and when we saw it, it meant big trouble.

Me: Uh oh.

Eli: (Monotone) Guys, would you please step outside for a minute?

But, we did more than that: we ran out of the World Tree Estate, and when Eli stood up, he took a deep breath and he suddenly let out a really nasty storm of swears and curses so loud, it was heard throughout all of Gotham Royal York and in The Masters of Evil's HQ in Montana.

Dark Spicer: Oh crud, was that Eli?

Vypra: Yep.

Even Ned Flanders heard it!

Ned Flanders: Dear Lord! Those are the loudest profanities I've ever heard!

Then, Eli let out a really loud scream, and then, steam came whistling out of the World Tree Estate.

Lincoln: Oh man.

Me: Holy crap!

Nico: Now, Scoots has really crossed it big time.

Lincoln: And I'll bet Eli's going to fly out of The World Tree Estate and pummel Scoots for what she did long ago.

Suddenly, we saw Eli fly out of The World Tree Estate and he went after Scoots and he pummeled the living crap out of her! It was so brutal that we heard her screams and everyone all over the city was cringing in fright from the sheer brutality of it. And when he was done, his knuckles and fists were covered in blood, and he was breathing heavily. Lincoln ran up to Eli, and he hugged him tightly, and Eli hugged him back and he cried hard into Lincoln's chest, and we also joined in.

Lincoln: (Soothing Voice) Shh, hey, it's okay, Eli.

Nicole: Scoots is really asking for it this time, but with Lincoln's curse still on her, it won't be long before she meets her doom.

We then got a shower afterwards, and then, Lincoln and his harem are heading to The Crystal Cave in Perim for their date. When they arrived at The Crystal Cave in Perim, it was a truly beautiful cave full of crystals.

Rarity: Wow, these crystals are amazing.

Lincoln: Yep, and The Crystal Cave in Perim is one of the most beautiful places here, Sarah told me about this place, and it's perfect for our date.

They explored the cave and it was really amazing, crystal clusters decorated the entire cave. Then, as Lincoln and his harem got outside, they soon saw yet another cave there and when they went inside, they saw some familiar gems here: it was The Stones of Gelel, the same one embedded in my hand. Suddenly, the energy auras of Lincoln and his harem began flaring up, and they began sucking in the Mine of Gelel into their bodies, and when they were done, a massive rainbow energy explosion erupted and a massive jungle appeared with flowers and plants of many beautiful colors, and Lincoln and his harem have awesome rainbow energy auras with elemental forces and mythical animals, and they also have Stones of Gelel embedded in the back of their right hands. We also arrived there as well as soon as we felt the sudden massive energy increase, and Lincoln and his harem told us all of what happened, and we were stunned.

Me: Whoa, so a Mine of Gelel has appeared in Perim? Whoa.

Lincoln: That's right, J.D.

Nico: That's really awesome and unexpected.

Lincoln: And we also got a little something for you guys.

Lincoln snapped his fingers, and the rest of the team now has Stones of Gelel embedded in the backs of their right hands, and they also gain a massive power and energy increase to their infinite energy and power, and the energy auras flared up extremely.

Nico: Wow, that's awesome.

Then, as the sun was about to set, Lincoln made clones of himself and he and the clones went up to the girls in his harems and they wrap their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Lincoln and his clones, and they shared an amazing and passionate super-charged kiss and we all cheered. Then, we came back home to The World Tree Estate.

Lincoln: We had a fun time at the Crystal Cave in Perim and we also found another Mine of Gelel here on Perim as well, and we also went through the same thing you and the Knights of The New Fire did 150,000 years hence, J.D.

Me: You sure did, big guy, and now, the rest of the team now have Stones of Gelel embedded in the backs of the right hands, awesome.

---

Later it was time for Onewa's Second Ambassador Mission.

William: Anyone else want to go with Onewa? Besides Arkayna, Poromon, and 3 Rabbids?

Twilight Sparkle: Me and my friends will go too.

Princess Celestia: And me and Luna will go as well.

Nico: Cool! This will be awesome for you all to go.

May: I can't wait for you all to meet Shinnosuke and his team.

Me: Yep.

Arkayna: We're really excited for this one.

Poromon: We sure are.

Nico: Yeah we are. All right lets head on out!

We got in our cars and we were off to Japan!

We arrived and we went into the Police Station's garage.

LA CUCARACHA HORN HONK!

Shinnosuke and the team came.

Shinnosuke: Hey guys!

Me: Like the horns? We just put them in for our cars.

Shinnosuke: Awesome.

Onewa: Shinnosuke, this is Manaphy's boyfriend.

Poromon: Awesome to meet you guys. I'm Poromon.

Nico: Poromon is also my Partner Digimon.

Go: Awesome!

Me: And these are the Princesses of Equestria.

Twilight Sparkle: It's an honor to meet you. I'm Twilight Sparkle the Princess of Friendship and the Magic Skylanders.

Sunset Shimmer: I'm Sunset Shimmer the Princess of Forgiveness and the Fire Skylanders.

Applejack: Howdy there. I'm Applejack the Princess of Apples and Honesty and the Earth Skylanders.

Rarity: I'm Rarity the Princess of Jewels and Generosity and the Water Skylanders.

Pinkie Pie: I'm Pinkie Pie, the Princess of Parties and Laughter and the Tech Skylanders.

Fluttershy: I'm Fluttershy, the Princess of Animals and Kindness and the Life Skylanders.

Rainbow Dash: I'm Rainbow Dash, Princess of the Wonderbolts and the Air Skylanders.

Princess Luna: I'm Princess Luna the Princess of the Night and the Moon and the Dark Skylanders.

Princess Celestia: And I'm Princess Celestia, Current Ruler of Equestria and the Sun and the Light Skylanders.

Shinnosuke: Wow! It's an honor to meet you all your highnesses.

Twilight Sparkle: No need for formalities but thank you.

Arkayna: And my name is Arkayna Goodfey, Princess of Drake City and Mysticon of the Dragon.

Go: Wow it's an honor.

Shinnosuke: Do you guys want to see the Drive Pit? We want to show you something Go's been working on.

Me: Sure. We heard so much about the Drive Pit from May and it was amazing.

Shinnosuke: Follow us.

We went to the Drive Pit.

We arrived.

May: Is that Chase's Core?

Go: Yep. As you remember, Chase was killed by my so called dad Banno. He was a hero that day. That's why I've been spending my free time finding ways to bring him back.

Shinnosuke: (to me) I know, dude. I'm pissed off about Banno too.

Me: What he did is unforgivable. When we face him on the big day I'm going to sadistically torture him before I kill him.

Nico: As long as I get to eat his heart after.

Shinnosuke: You eat peoples hearts!?

Me: Yeah it's gross but Nico does it only on those that are bad.

Eli: It's very appropriate for them.

Me: Also we're going to gladly give Banno the Black Gates.

Go: Test number 1.

Go pushed a button and electricity started flowing through Chase's core.

Go: IT'S ALIVE! IT'S ALIVE!

Manaphy: Go, it's not working!

Go: DARN!

Me: Nice use of the Frankenstein line though.

Go: Thanks.

Me: You're welcome.

Go: Test number 2.

Go then took out a hammer and started hitting Chase's core with it.

* * *

Go: Live, damn you! Live!

Kyu: Hey! That's mine!

Me: Boy and I thought Bulkhead was the only one that did that.

Nico: Yeah!

Me: But Go it's not working.

Nico: (sighs) J.D., please bring Chase back to life before Go breaks something.

Me: This was funny to see though. But you got it boss.

Shinnosuke: How do you plan to do that?

Me: I have the power to resurrect people.

Shinnosuke: You can do that?

Me: Yep.

May: J.D. is literally a god among man. He has the power to do anything.

Poromon: He can literally bring anyone back from the dead.

Me: Yep.

Go: Wow!

Me: Watch. (Snaps fingers)

I snapped my fingers and then a massive flash of light shined down from the heavens and then a figure came down as the divine singing of angels was heard and we saw that it was Chase! He was back from the dead!

Shinnosuke: (Gasp) Chase?

Chase: Hey Shinnosuke. I'm back.

Shinnosuke: CHASE!

He went and hugged him. It was a happy and tearful reunion.

Jun: Now that Chase is back, let's check out that new restaurant that opened up.

May: What's the restaurant called?

Jun: Supreme.

Me: That sounds like a cool one.

Fluttershy: It sure does sound interesting.

Eli: Yeah.

May: I have a feeling this will be a good one.

Nico: Yeah me too.

May: Why does this restaurant sound familiar?

Me: Hmm.

I started thinking. And then I remembered something I read about it on the internet.

---

Suprême (シュプレム, Shupuremu, French for "Supreme") is a French restaurant founded in 2009 hidden from plain view within a park, said to be so good, people are rendered silent from the food, and thus, cannot divulge its location, becoming a urban legend on the Internet.

The Special Investigation Unit first found out of this restaurant after Shinnosuke took out Roidmude 068, with the burned remains of the restaurant's pamphlet being found among the wreckage, with Kyu Saijo doing the legwork in finding the restaurant, leading Shinnosuke, Kiriko, and Otta over to Suprême.

---

Me: (GASP) I remember! This restaurant was for the Cook Roidmude. Number 090.

Nico: I remember that one!

Eli: Me too! That one was nuts.

We arrived at the restaurant and went in.

Waiter: Hello. Can I take your order today?

Nico: Well, for an appetizer… (smirks) you can drop the disguise, Cook Roidmude. I know it's you.

Cook Roidmude revealed herself!

BUSTED!

The people gasped!

Cook Roidmude: How did you know it was me?

Me: I can smell your venomous bite from a mile away. Time to kick your scaly butt! But not in here it's too cramped. Lets take it outside.

Cook Roidmude: Yeah you're right.

We went outside and into the street.

Shinnosuke: Onewa, before the battle, how would you like to be a Kamen Rider for my team?

Onewa: I would be honored Shinnosuke.

Shinnosuke gave him a belt and his own Shift Car!

Me: Cool! Now lets kick some butt!

Onewa, Chase, and Shinnosuke: Henshin!

Go: Let's Henshin!

They transformed and were ready!

Onewa was a brown Kamen Rider and he had powerful tractor and bulldozer parts on his shoulders. He was called KAMEN RIDER

CONSTRUCTION!

Me: YEAH! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Arkayna: Lets see what this can do!

She activated her Ridewatch for Mumbo Jumbo and got all of Mumbo's powers!

Arkayna: Try this on!

She fired a beam of magic and formed a Washtub Shower and then smashed Cook Roidmude all over with them!

Me: Ooh! That's gonna leave a mark!

Nico: It's Shift Car time!

Me: YEAH!

Twilight Sparkle: Lets see what mine can do.

She activated her Shift Car and then she had the powers of all 10 Skylanders Elements around her arms!

Twilight Sparkle: Wow! That is cool!

She fired waves of Skulls and bashed Cook Roidmude all over!

Nico: YEAH!

Chase: Let me get in some action. I HAVE been dead, after all.

Nico: Remind me to make you an all you can eat buffet after this. You are gonna be hungry after this.

Chase: I would like that. How long was I dead?

Me: Not really sure.

Eli: Too long to tell you the truth.

Chase: It has been a while.

Chase heard someone sneaking up on him and punched that person, knocking it to the ground.

It was really ANOTHER BIRTH of Kamen Rider OOO! It was a scary version of the Birth Kamen Rider for OOO and had a green armor and a scary helmet and had a scary version of the

Birth Blaster!

Me: Whoa! Another Birth from OOO!

Nico: At least this one is not for Wizard.

Me: Yeah!

Nathan Corso: Yeah but I'm proud of you for becoming the leader of Team Loud Phoenix Storm.

Nico: Nice to know that you still have some good in your heart. But you are fighting for the wrong reason.

Nathan Corso: Yeah but I still am out to get you.

Nico: We'll see.

Arkayna: Time to use my own Shift Car!

She activated her Shift Car and got all of Mumbo's powers and then she teleported and then kicked Cook Roidmude in the face and smashed her down.

Poromon: (takes out his own Shift Car) How could you do this?! Nice was your friend!

Nathan Corso: You haven't changed at all Poromon. Looking good for that cute little bird I remember and May it's awesome to finally meet you. I heard you and Nico tied the knot 2 years ago. You have my congratulations. Nico picked a really lovely one.

May: Glad you think so.

Nathan Corso: But to answer your question I hated bullies with a vengeance and I decided that I was going to get rid of bullies forever. I thought it would be perfect for me to start killing bullies.

Me: Believe me Nathan I hate bullies just as much as you do and I want nothing more than to destroy them all because they are scum of the Earth but you have to realize that they are people too. And they are victims of abuse, neglect and all that and deep down inside they are not very happy. But that gives you no right to try and wipe them all out! Look what happened to Ricky Beamer. He hurt a lot of bullies and look what happened to him.

Poromon activates his Shift Car.

He got Seadramon's power!

Poromon: (Echoing) ICE BLAST!

He fired a wave of ice from his mouth and it hit Nathan and had his lower half of his body frozen to the ground.

Nico: Nate, you need a massive wake up call. I think Swartz poisoned your mind with lies from minute one.

Nico then used Skulker's power and made his hand intangible and plunged it into Nathan's chest and he grabbed the watch. Nate screamed in pain!

Nico: Whoa too extreme.

Me: Let me do this.

Nico got out of the way and I used my magic and it hit him in his chest and then the Ridewatch got out of him and I caught it and then we got a Birth Blaster and then we got Core Medals for all the Non-Core Members of the M.O.E.

Me: Whoa! He got Core Medals for all the Non-Core Members of the M.O.E.

Onewa activated his own Shift Car.

He got KGBeast's gun arm and he fired laser blasts and they hit Cook Roidmude and blasted her all over.

Me: Lets see what these babies can do.

I put in the core medals for Roquefort, Cheese Monster and Angry Cheese!

Me: MOLTEN CHEESE DELUGE!

I fired a massive blast of Molten Cheese and it hit Cook Roidmude and drenched her in cheese!

Me: WOW! That was cool!

Applejack used her own Shift Car.

She got the blasters of the Vreedle Brothers!

Applejack: Take these!

She fired a massive barrage of energy blasts and smashed the Cook Roidmude all over with them.

Me: AWESOME!

Nico: Lets take him down!

Shinnosuke: Lets do it!

Me: YEAH!

Shinnosuke: Let's do a combo.

Onewa: Okay!

Onewa and Shinnosuke: STONE DRIVE SMASH!

They jumped and became a car of Earth and smashed into Cook Roidmude and she exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was reduced to number 090 and I then took my scythe and slashed it and she exploded!

She was dead!

Nico: Good riddance!

Me: Yeah.

We reverted back.

Nico: She didn't get the Black Gates. In fact, she can be a good cook for the Masters of Evil.

Me: I figured.

Twilight Sparkle: But this was really awesome.

Rainbow Dash: It sure was cool!

Shinnosuke: This was an awesome battle though.

Eli: Yeah it sure was.

We later came back and Nico had Nate on his back.

Lincoln: Hey guys.

William: How did it go?

Me: Really awesome.

We told everyone what happened and it was incredible!

William: Wow! And this is Nate? Whoa we had no idea he was a friend from your past Nico.

Nico: Yeah it was crazy.

May: Next time, KGBeast, Yin, and Yang can come with.

Onewa: Good idea.

Nico had Nate put into the infirmary.

---

Later in the park, we were at a table and Hayley had made for me, Nico, Laney and Lynn a huge all you can eat Chicken Drumstick Buffet and she made lots of flavors of them.

Papillon: About time you tried those wings, huh?

Nico: Yeah I missed these.

Me: Boy Hayley you have really meaty ones here.

Hayley Buckingham: Yeah I use drumsticks. Hope you guys are really hungry?

Nico: Oh we sure are.

We got to eating and man oh man were they really tasty! We had lots and lots of awesome flavors.

Nico: (Eating a S'Mores flavor wing) Delicious!

Me: S'mores is awesome!

Cow: Is there a milk flavour?

Hayley Buckingham: No milk wouldn't stick.

Cow: Oh.

We tried all her flavors and there was a massive pile of bones on the table.

Nico: Wow! That was great!

Hayley Buckingham: Now for my deadliest flavor.

She donned a radiation suit and then made her deadliest flavor of them all: NUCLEAR ARMAGEDDON 666! It was a drumstick that was glowing neon red and it was causing my geiger counter to click like mad!

Nico: WHOA!

Me: Whew! This is gonna be awesome!

Sinnertwin: This is gonna be explosive!

Eli: No kidding!

We then ate the drumsticks and it was delicious. But then…

**EXTREMELY MASSIVE AND POWERFULLY FIERY ATOMIC SUPER EXPLOSION OF FIRE AND INTENSE HEAT!**

MASSIVE PILLARS OF FIRE EXPLODED OUT AROUND US! Then two minutes later we were enveloped in powerful rainbow fire auras and they were incredibly strong and immensely powerful!

Me: WHOA! That is awesome!

Nico: WOW! That was amazing!

Laney: Yeah it was!

Lynn: YEAH NO KIDDING! That was great!

Hayley Buckingham: Wow! You guys are tough!

Streetwise: That was hot!

Nico: Yeah it was!

Laney: But it was tasty. (Stomach Grumbles) Uh oh! (MONSTROUS BELCH)

She burped out a massive blast of blue hot fire and it hit the Vengeance Express Cul-De-Sac Kids that were still out for revenge on the Eds. It hit them and burned them to a crisp!

Nico: WHOA! OUCH!

Eli: Yeah no kidding! But I didn't think the Vengeance Express kids were still out for the Ed's.

Nico: Yeah!

Laney: (WHEEZES)

Lola: Wow! That was incredible.

Nico: Wow! Yeah it was!

Me: But man I am so stuffed! I'm not eating anything more for the rest of the day.

Jessica Cruz: I don't blame you one bit J.D.

Nico: Yeah. All right lets get ready for our next mission. We're going to the planet Oa in the Lego universe.

Then the Lego Heroes and villains came.

Clawful: Did you find out more about Lego Brainiac's plan?

Lego Superman: We did. It's not good.

Lego Luthor: We learned that he's teamed up with your own Brainiac as well.

We gasped in shock!

Me Oh man!

Lola: If I remember right that was the version that our Lex Luthor worked with and merged with.

Laney: Yeah.

Nico: But we're going to kill 2 Brainiacs.

Lana: Yeah we are.

Then Gameface, Felix Faust, Iron Lung, Merman, Zexion, Bizarro, Misty Tredwell, Dr. Light, Evil Seed, and Number 7 appeared.

Gameface: Can me, Felix Faust, Iron Lung, Merman, Zexion, Bizarro, Misty Tredwell, Dr. Light, Evil Seed, and Number 7 go with you guys?

Nico: Yes you all sure can. We're going to the planet Oa.

Zexion: I hope we aren't facing a Mind Controlled leader?

Nico: I don't know if we are.

King Kai: (Telepathically to Nico) Nico can you hear me?

Nico: King Kai! Yes I hear you.

King Kai: I'm afraid I have really bad news. The Justice Lord version of John Stewart is over in the Lego Version of Oa and he is out for revenge. He is coming for you guys and he is going to make sure you guys all pay for ruining the Justice Lords.

We gasped!

Nico: Oh man! I wasn't with the team when they faced the Justice Lords but I did hear so much about the Justice Lords! It's hard to imagine that they were that dangerous and giving all heroes everywhere a bad name!

Me: Yeah no kidding there!

Twilight Sparkle: What is this Justice Lords version of John Stewart like?

Me: He is a rogue hero and he wants to try and kill the Justice League.

I went over his history.

---

John Stewart was a former superhero turned rogue in the Justice League series.

History

Much like his main counterpart, he was in the military and became a Green Lantern. This all changed when Lex Luthor became president and executed the Flash.

In response, Superman killed Lex Luthor in the Oval Office and the Justice Lords took over the world.

John Stewart traded his costume for a new one when the Justice Lords brought peace through tyranny. At some point, he shaved his head bald and progressed in his relationship with Hawkgirl. Green Lantern discovered an alternate universe through Batman.

He like the other Justice Lords discovered alternate versions of themselves still as superheroes with an alive Flash.

However, he ended up like the others permanently depowered, being unable to use his ring anymore.

* * *

When I was done everyone was shocked!

Laney: I remember that!

Lana: Yeah that was awful!

Me: Yep.

Nico: How did that adventure go down? I wasn't with you guys when it all happened so I don't know all the details.

Me: It's not a pretty sight but here goes.

I went over what happened in Chapter 391.

* * *

It starts on the Justice League Watchtower. Me, Vince, Carol, Aylene, Volcana, Star Butterfly, Starfire, Raven, Varie, Maria, Rachel, Aqua, Tara, Terra, Cody, Lincoln, and his siblings were talking to the Justice League.

Me: So Kal what was the strangest adventure you all had?

Superman: Our strangest adventure was when we were in another dimension.

Green Lantern: I'll never forget that. That was where we encountered our alternate counterparts, the Justice Lords.

Lincoln: The Justice Lords?

Linka: Who are they?

Hawkgirl: The Justice Lords are our counterparts in that dimension. Unlike us their Flash Counterpart was killed by Lex Luthor. They killed their Lex Luthor and took control of the presidency and anyone that does a crime no matter how great or small will be sent to prison on the spot. They enforced terror on the planet and made the world into a living nightmare in trying to make it a better place.

Volcana: That is not making the world a better place.

Starfire: That's right. That's ruling with fear.

Me: Those people give all superheroes everywhere a really bad name. Lets go over there and show them that we mean business and make sure that they never terrorize that world again.

Flash: How are we gonna do that?

Me: We have a Simulator and it acts as our doorway to countless dimensions across the fabric of the infinite reaches of the cosmos.

Lisa: That's right. It's been a prominent tool of ours and it made us stronger all together.

Batman: We had no idea that you all had such a tool. It's a feat of scientifical engineering all on its own.

Varie: It's true Bruce.

Aylene: It's been a powerful achievement for us. It can also take us back in time.

Me: That's right. It somehow has the power to do that without affecting the space time continuum.

Wonder Woman: That's really unusual and very interesting.

Hawkgirl: It's hard to imagine that such technology can do that.

Me: Yeah. So what do you all say? Shall we take the fight to the Justice Lords?

Superman: Lets do it.

Lori: Lets get em.

---

We were in the Simulator and Jared set the scenear io.

Jared: Coming online guys.

The Simulator Activated and we found ourselves in the world of the Justice Lords.

Me: Is this Metropolis?

Luna: It feels like we never left!

Varie: It does feel that way doesn't it?

Rachel: But this is beyond a shadow of a doubt the dimension of the Justice Lords.

Me: It sure is. Let me see if I can find them.

I concentrate and found their energy signals heading towards us.

Me: They're heading this way. Lets go.

We flew swung and ran towards them. We saw the Justice Lords ready to fight.

Lord Green Lantern: I knew you'd come here eventually. None of you belong here.

Green Lantern: Just because this isn't our world doesn't mean we can't try and save it.

Me: So you are the Justice Lords.

Lord Superman: That's right. We heard a lot about you J.D. Knudson and friends.

Me: How can that be? We all live in 2 different universes.

Lord Martian Manhunter: We have a special way to scan dimensions across the space time continuum and we saw all of your achievements.

Varie: So in a way we left our mark on this universe as well.

Lord Hawkgirl: Yes. That's a good analogy.

Lord Wonder Woman: We're this world's defenders. So we're the ones who protect it.

Wonder Woman (disgusted): Is that what you call all this? Protection?

Aylene: Your way of protection is ruling with fear!

Lord Batman: Disobedient children must be punished for defying us.

Batman: Children? Are you even hearing yourselves?! We're not gods! We don't decide who lives and who dies.

Lord Superman: The decision is ours! We were forced to make it when Lex Luthor forced his way into becoming president!

Superman: We know exactly what you lost.

Lord Hawkgirl: Then who are all of you to judge us?! But it doesn't matter. After we've killed you all, we'll bring your Flash over here. When he sees how we've perfected this world in his name-

Hawkgirl: He'll be afraid and disgusted! He'll know exactly the kind of monsters that you've become.

Lord Martian Manhunter: But he'll be alive! And we'll make him see things our way once he's here!

Marian Manhunter: You're not thinking straight! Just because your Flash died does not justify-

Lord Superman: Luthor took him from us!

Lori: And he literally got what was coming to him in our dimension!

Laney: He's now in a prison at the very distant edge of the universe.

Lisa: People like you can never be called heroes.

Superman: And you took this world's freedom! It's time to give it back!

Me: Lets power up!

Me, Varie, Vince, Carol, Lincoln, Linka and Laney went Super Angel 2 and 3.

Me: Lets dance!

We split off and went at them.

---

Battle 1: Lord Hawkgirl

Maria, Luna, Lily, Cody, Lincoln and Hawkgirl were facing Lord Hawkgirl.

Hawkgirl powered up her mace and she and Lord Hawkgirl clashed and Lincoln fired a blast of lightning at Lord Hawkgirl.

It electrocuted her and Maria, Luna and Lily fired a huge blast of water at her. They drenched her and she couldn't fly and Cody fired a blast of black and blue fire and burned off Lord Hawkgirl's wings and she screamed in excruciating pain.

Flash: Geez! That's got to hurt.

Lincoln: That must've hurt. Sorry you had to see that Shayera.

Hawkgirl: It's all right Lincoln. But if you ask me she gives all of my people on Thanagar a really bad name.

Maria: You'll get no arguement from me Shayera. It's like I say, A bird with no wings is only half a bird.

Hawkgirl: That's a good analogy.

Luna: It sure is. Now what are we gonna do about your evil twin?

Hawkgirl: Evil Twin. That's perfect for her Luna. Leave that to me.

Hawkgirl walked up to Lord Hawkgirl and punched her in the face and knocked her out.

Maria: Nice shot Shayera.

Hawkgirl: Thanks Maria.

Maria took Lord Hawkgirl's mace.

Maria: You know I could use this as a secondary weapon after I get a sword.

Lincoln: Good idea Maria.

Lily tied up Lord Hawkgirl.

---

Battle 2: Lord Wonder Woman.

Terra, Tara, Laney, Leni, Aylene, Raven and Wonder Woman were facing Lord Wonder Woman.

Leni and Lord Wonder Woman were clashing and Leni was using her sword and Lord Wonder Woman defended herself with her bracelets and the sparks that were flying were incredible.

Lord Wonder Woman: You're really good little girl. Did you train with the Amazons of Themyscira?

Leni: No. I totes had my own training.

Terra came up and fired a blast of fire at Lord Wonder Woman from his Keyblade and Aylene fired a blast of fire. Leni got out of the way and the fire blasts both hit Lord Wonder Woman. But she was holding the blasts back with her bracelets.

Tara formed lifted up a huge hunk of Earth and rock and she threw it at Lord Wonder Woman and it hit her. She was sent crashing into the ground. She lifted up the rock and Wonder Woman punched her in the face and knocked her out.

Laney tied her up with bramble vines and Raven encased her in a ball of darkness.

Wonder Woman: That takes care of that. You guys were amazing.

Terra: Thanks Diana.

Tara: Your evil twin gave all heroes everywhere a really bad name.

Laney: Yeah. She will never terrorize the world again.

Wonder Woman: No she won't. Leni your training has really paid off.

Leni: Varie is totes a great teacher.

Aylene: She sure is.

Raven: Lets hope that Lord Wonder Woman can never harm anyone ever again.

* * *

Battle 3: Lord Green Lantern.

Aqua, Luan, Lynn, Lucy and Green Lantern were facing Lord Green Lantern.

Lord Green Lantern had a green energy sword and he was slashing at them. Luan formed an orange light sword and they both clashed. Luan pushed him away and slashed him and cut him in the chest.

Green Lantern punched him in the face.

Green Lantern: You have abused the power of the Green Lantern for your own selfish purpose. The Guardians of the Universe would never allow this to happen and let you become like this!

Lord Green Lantern: I will do whatever it takes to make sure the world is safe. Even if I'm consumed with evil!

Lynn: It's already too late for that!

Lynn sent a huge wave of lava at Lord Green Lantern and he protected himself in a force field as the lava covered him.

Aqua froze the lava and with a blast of ice from her Keyblade and he was trapped.

Lord Green Lantern was trapped inside a bubble of earth and rock and he couldn't get out.

Lucy used the darkness and she couldn't be seen as she took his Green Lantern Ring.

Lucy: You don't deserve to be a lantern.

Lucy punched him in the face and knocked him out. She came out with him.

Aqua: Great job Lucy.

Lucy: Thanks Aqua. I used the darkness of his prison and strip him of his power ring and captured him.

Luan: You sure made a dark capture! (Laughs) Get it? But seriously great job Luce.

Lensay: Way wuce.

Lynn, Luan and Lucy: Aww!

Aqua: That was so cute.

Green Lantern: It sure was. Great job girls. He'll never bring a bad name to the Green Lantern Corps again.

Aqua: No he won't John.

Lynn: I'm sorry he sullied the Green Lanterns reputation John.

Green Lantern: It's all right Lynn. But he will no doubt face punishment when he goes before the Guardians of The Universe.

Luan: I have a feeling he will. He doesn't deserve to be a Green Lantern.

Lucy: You'll get no argument from me Luan.

Aqua froze Lord Green Lantern in a block of ice.

---

Battle 4: Lord Martian Manhunter.

Lori, Rachel, Linka and Martian Manhunter were facing Lord Martian Manhunter.

Martian Manhunter became a dragon and Linka fired a blast of lightning at Lord Martian Manhunter. Electrocuting him.

Martian Manhunter fired a blast of fire at him and burned him.

Lori: Let me literally blow you away!

Lori fired a blast of tornadic wind and entrapped him in a huge tornado.

Rachel fired a huge blast of sound energy and the energy was hurting Lord Martian Manhunters ears and he was in a lot of pain.

Linka fired more lightning and paralyzed him.

He fell to the ground as the tornado faded.

Martian Manhunter put his hand on his head and took his powers.

Martian Manhunter: You've disgraced the people of Mars and that will now cost you dearly.

Lori: He literally gave you people a bad name.

Rachel: He sure did. J'onn I'm sorry he ruined you.

Martian Manhunter: He will get what's coming to him.

Linka: He sure will.

---

Battle 5: Lord Batman.

Star Butterfly, Lisa, Lana, Varie, Starfire and Batman were facing Lord Batman.

Star fired a blast of fire at him and he dodged it.

Star: Narwhal Blast!

She got an unexpected surprise when she fired a blast of Narwhals from her hands.

Star: I can fire my magic from my hands!

Lisa: It appears that when you got your powers from Helios, you don't need your wand anymore for your spells.

Lana: Oh that is cool!

Varie: It sure is.

Varie fired a blast of water from her hand and it hit Lord Batman.

Star: This is gonna be awesome.

Starfire fired a laser vision blast and burned Lord Batman's cape off.

Lana fired a blast of ice lightning and froze Lord Batman's feet. Stucking him to the ground.

Star: Syrup Tsunami Shockwave!

Star fired a blast of pancake syrup and it drenched Lord Batman and covered him. He was stuck to the ground like glue.

Batman took Lord Batman's utility belt and mask.

Batman: You will never sully the reputation of Wayne Industries again.

Lana: No he won't Bruce.

Star: He gave bats everywhere a really bad name.

Lisa: Technically Star, Bruce Wayne is really Batman.

Star: Oh. I still have a lot to learn.

Lisa: We can see that.

Starfire: But still you did a great job Star.

Batman: You sure did.

---

Battle 6: Lord Superman.

Me, Vince, Carol, Volcana, Lola and Superman were facing Lord Superman.

Lola fired a blast of fire at him and he dodged it.

Carol fired Godzilla's Atomic Ray and he fired his laser vision. The blasts collided and they exploded with incredible power. Turning the field they were over into a sea of fire.

Volcana fired a stream of fire at Lord Superman and it hit him in the back.

I punched Superman in the face.

Superman: Your reign is over.

Lord Superman: NO! I WON'T LET YOU WIN!

Superman: You've lost. All because you've succumbed to madness.

Lord Superman (rushes towards Superman): Oh, really?! Then tell me, Superman. What does it mean then?! When everything you've given your life to protect is gone?! When you see that villains in the world cannot be stopped with simply beating them up for the police?! What does it mean I should do?! TELL ME!

Superman (ducks underneath Lord Superman): I'm glad you asked.

Lord Superman went over to the original, attempting to punch him. But Superman simply grabbed him by the shoulder and kneed him in the gut. I punched him in the back of the head and Lola kicked him in the face.

Carol punched Lord Superman in the nose and broke it.

Vince fired a blast of fire and it hit him in the arm.

Superman: It's about being the person who others can respect and he can respect back! (throws his Lord countepart into a wall) It's about doing the right thing and never succumbing to tyranny even after everything we hold dear is gone!

Me: It's about always being there to protect all of your friends and those you love and protect all of those that are precious to you.

Lord Superman fired his heat vision at Superman, but he blocked with his own heat vision.

Superman: It's about setting an example for other heroes and people who have incredible gifts, but need one thing to use them correctly. And that's a lesson that a friend of mine taught me! (punches his Lord self) WITH! (punches again) GREAT! (punches again) POWER! (Lord Superman catches the next punch) COMES! (catches Lord Superman's punch and throws him in the opposite direction over his shoulder as he lands on the ground) GREAT! (picks Lord Superman up by the collar) RESPONSIBILITY! (punches Lord Superman one last time)

Vince: And that's something a monster like you can never understand!

Vince punched him in the face with incredible force and sent him crashing into the ground.

Lord Superman fell to the ground defeated.

Superman: Using your powers responsibly means using them to show you're a good person. Not by using them to control others, but by helping people while letting them make their own choices at the same time. Yes, I've had times when I almost killed others. But then, I think about the people I miss who have died and what they would say to me. And I know that no matter what, I have to do what's right, even if it isn't always fair to me. That's why you'll never be a true hero. You won't hurt these people any longer.

Lord Superman (weakly): Fear is the only thing people know. One day, you'll understand.

Me: You're wrong about that. Fear only brings chaos, death and destruction. It does nothing but show your own hatred and ignorance towards others. To be a true hero you have to risk your life to save everyone that you care about. You have to lay your life on the line to save those that you love and always keep all those that are precious to you close to your heart.

Lord Superman: (Weakly) I don't care about that. I'm doing what I must to make sure that this world is safe from the scum that terrorize it.

Me: Your intentions are good but you're using them for the wrong ideas.

I put my hand on his head and strip him of his powers. He fainted from this.

Superman: What did you do to him?

Me: I stripped him of his powers and made them my own. He gave all the people of Krypton everywhere a really bad name.

Superman: You said it J.D.

Lola: One thing is for sure he will never terrorize the world again.

Vince: You said it Lola.

Carol: That's right. Never again.

The Justice Lords had been defeated and they were arrested and stripped of their powers. Lord Wonder Woman was tried for her crimes on Themyscira and she was petrified for all eternity. Lord Hawkgirl was taken back to Thanagar and placed in a prison forever. Lord Green Lantern was tried by the Guardians of The Universe and was found guilty of his crimes. He was banished to another part of the universe forever. Lord Martian Manhunter was banished to the Phantom Zone - an alternate dimension where the worst villains are exiled. Lord Batman was sentenced to life in the Antarctica prison in our dimension. Finally Lord Superman was sentenced to a special cell in the Moon where the Sun's light turned it into a strange red energy that nullified his powers.

* * *

Back on the Justice League Watchtower we were celebrating our victory.

Flash: That was awesome guys! You all sure showed those Justice Lords a thing or two,

Me: We sure did Wally. The Justice Lords were no match for the power of Me, My Friends and The Justice League working together. They were totally overwhelmed by our power and teamwork.

Hawkgirl: That's right J.D. They never even were a match for our power.

Laney: No they weren't. I just can't believe that they were going to take everyone's free will like that.

Vince: I know Laney. It's absolutely appalling.

Me: You'll get no argument from me partner. Living in a world without free will is considered The Ultimate Fate Worse than Death.

Lucy: It's true. I would never live in a world like that.

Luan: Me neither. There's no future in a world like that.

Lensay: Poo poo.

Luan: That's right Lensay.

Green Lantern: Now we've officially seen the last of the Justice Lords and they will never terrorize that universe again.

Flash: And now that Lex Luthor is in prison in the distant edge of the universe, I won't die like I did in that world.

Superman: No you won't.

Me: And we'll make sure of it Wally.

Lincoln: We sure will.

Me: And now we've official left our mark on that world too.

---

When I was done everyone was amazed!

Nico: WHOA!

Eli: Wow! That is amazing!

Sirius: Boy it sure was.

Laney: That was really fun.

Chaor: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to do one for Molestache's kind next.

Shanan: Wow! A Talpidian next. That is gonna be awesome.

Lola: It sure will be cool.

Nico: Yep.

Zexion: Let's get going.

Nico: Okay.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Bryan Greyson, the leader and found of The Blood Dragons, and he's heading here to kill us, and he's extremely pissed off at us for what we did in capturing the rest of his goons. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is Bryan Greyson on the move?

Lincoln: You bet he is, Nico, and he's extremely pissed off at us for what we did in capturing the rest of his goons.

Melanie McPherson: (Scottish Accent) So, the leader of The Blood Dragons is finally on his way here, is he? Perfect, now we can deal with him once and for all.

Lincoln: And I also sent the evidence of The Blood Dragons' numerous crimes all over the country to The Gotham Royal York Police Department, and we got the order to bring The Blood Dragons to court to face justice at court, just like what happened with The Church of Necrom.

Nico: Awesome.

Ken Knudson: And from what I heard from J.D. and Nico, The Blood Dragons are allies of The Church of Necrom, and that makes it even worse.

Lincoln: You heard right, Ken. But, this is it for The Blood Dragons, after today, they'll be spending the rest of their lives in prison, and we can find the 27 Champions of Harmony, so we'll be ready for The Doomsday 23 and Evil Starlight Glimmer.

Michelle Torrington: And this time, The Church of Necrom's final revenge on us for destroying them will be ended for all eternity.

Nico: You got that right, Michelle. Alright, gang, let's go, it's time to put a stop to Justice Lord John Stewart once and for all.

Lincoln: We'll make that Green Lantern disgrace pay for what he and the other Justice Lords did in their world years ago. (Deep Sapphire Blue Eyes glowing) And you'd better say your final prayers, Bryan Greyson, you and the rest of your Blood Dragon cronies are going to pay not only for your crimes against the United States, but also, for allying The Church of Necrom, you piece of crap!

We went to the ship and we were off to the planet Oa in the Lego Universe.

---

The U.S.S. Valorous Phoenix was flying through space.

Nico: Captain's Log, Stardate 6621.1: We are en route to the planet Oa, the home planet of the Green Lantern Corps and we are heading there to stop the Justice Lords version of John Stewart. Our mission is to stop him and strip him of his memory.

Me: This will be awesome.

Eli: What are the Justice Lords like?

Me: They are the Justice League essentially gone rogue. But they lived in another universe.

I went over their history.

---

Like their counterparts, the Justice Lords were formed by seven superheroes. They fought evil and villainous teams. Their dimensions diverged when Lex Luthor became president and killed Flash who they all considered family despite him annoying them with his antics. Superman along with Wonder Woman and Batman went to the White house and fought Luthor's guards. After Superman killed Lex Luthor, they took over the White House and their world. They inforced martial law over the entire world in order to keep the world in line, even small crimes like littering and disturbing behavior leads to immediate arrest. They also took away the people's freedom and choices, as they see that is what leads to uprising. They faced demonstrations from people and lobotmized criminals. Worse, because of their desire to control people to prevent an uprising, even doing something harmless like complaining about poor service could result in arrest.

Years after establishing control over the world, they encounter their Justice League counterparts from Batman. The Justice Lords lured their counterparts into a trap and arrived in their universe to establish the same control in their universe. Eventfully, they got defeated after the Justice League teamed up with their Lex Luthor in exchange for the latter getting freed from jail while under close supervision.

* * *

When I was finished everyone was shocked!

Eli: That is crazy!

Flash: Yeah it was. And all because their version of me died.

Laney: But they were all taken down by the most powerful force in all of the Multiverse: Us.

Nico: It's just hard to imagine that the Justice Lords were able to be that dangerous.

Me: Yeah. At least they are not terrorizing their universe anymore. A world without free will is the ultimate fate worse than death.

Lego Joker: What a heartless bunch of monsters.

Nico: Yeah no kidding.

Lego Joker: I actually tried some of those Kelp Shakes.

Maria: Say what?!

Lego Joker: Relax. I didn't feel any side effects.

St. Patricia: Must be because of your body chemistry.

Nico: That is cool.

Misty Tredwell: How were those wings, honey?

Me: Delicious and awesome.

Misty Tredwell: I'm glad.

Nico: Yeah.

Lisa Loud: We have arrived at our destination.

Nico: On screen.

We saw that we were at the planet Oa!

Nico: Planet Oa.

Stalker: Oa looks okay so far.

Nico: Lets land.

We landed and we were in front of the capital city of Oa with the Green Power Battery in the middle. It was easily recognized because of the green beam of light coming from the center of the city.

Me: Wow!

Eli: This is amazing!

Camie: So this is the planet Oa. Incredible!

Number 7: Let me scan for any Lego heroes and villains stranded here.

Nico: Okay.

She did so and looked around.

Then she found the Lego Versions of Thunderer, Toyman, Trickster.

Ultra-Humanite, Vibe, Wonder Girl, Zatanna, The Fierce Flame, El Diablo, King Shark, Harley Quinn (The Squad), Katana, Batzarro, Bizarra, Bizarro, Cyzarro, Darkseid and Desaad!

Number 7: I found them. Over by that building over there!

Thorn: Eyecon and Ridewatch time!

Flora: Lets do it!

We went at them.

Flora activated her Ridewatch and then got Manboy's powers and then went at a bunch of Red Lantern Warriors that were hired by Lord Green Lantern and then we punched and blasted them into dust!

Bizarro: Bizarro not happy to see Lego self!

Lego Bizarro: Bizarro not happy too.

Rarity: This is amazing here.

Lego Zatanna: It sure is.

Lena Isis: (to Lego Darkseid) Unlike the version that we know, we don't have a problem with you.

Phosphos: But no funny stuff!

Lego Darkseid: Don't worry I'm not like the one you guys know.

Me: That's a relief.

Laney: Yeah. Thank goodness.

Dr. Light: Time to enlighten these idiots!

Kairi: You got that right!

She activated her Ridewatch and got Dr. Light's powers.

Kairi: Lets make them see the light!

She fired waves of light and blasted the Red Lantern Warriors into dust!

Nico: YEAH!

Trent Fernandez: Super Dino Mode!

Trent went super and he smashed and pulverized Numerous Red Lantern Warriors all over.

Nico: YEAH!

Evilseed: Zarya, I think you and Kaito will get a chance to shine today.

Zarya: Yes we will and I'm looking forward to it all.

Kaito: Same with me.

Nico: YEAH!

Lola: I think we're just about ready for the entrance.

Akira Nijino: Right, If you want to use a Ridewatch, now's a good time.

Nico: Okay.

We saw a bunch of Red Lantern Warriors appear and they were blocking our way!

Red Lantern: You want to get to our boss you got to go through us!

Zenkaigers: ZENKAI CHANGE!

Zocks: TWOKAI CHANGE!

They transformed and Zocks danced and sang and the Mascots and Will danced to his song.

Merman: Roll call time!

Kaito: SECRET POWER! ZENKAISER! ゼンカイザー

Juran: DINOSAUR POWER! ZENKAI JURAN! ゼンカイジュラン

Gaon: HUNDRED BEASTS POWER! ZENKAI GAON! ゼンカイガオーン

Magine: MAGICAL POWER! ZENKAI MAGINE! ゼンカイマジーヌ

Vroon: RUMBLING POWER! ZENKAI VROON! ゼンカイブルーン

Zarya: CHANGE WOLF POWER! ZENKAI WOLF! ゼンカイウルフ

Zocks: PIRATE POWER! TWOKAISER! ツーカイザー

Lego Batman: (sighs) The Dark Knight of Gotham. Batman!

Lego Robin: Um… the Boy Wonder! Robin!

Lego Superman: The Man of Steel! Superman!

Lego Joker: The Clown Prince of Crime! Joker!

Zenkaigers and Zarya: THE SEVEN TOGETHER! KIKAI SENTAI SENKAIGER!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

Morton Koopa: Now to get past you guys!

3! 2! 1!

Nico: I know that countdown anywhere!

Then out came the Fourze Kamen Riders!

Gentaru: Looks likes we got here just in time!

Nico: Yeah you sure did!

Me: Awesome timing guys!

Eli: Yeah!

Whenua: Let me help you guys!

Iron Lung: Don't forget your Kamen Rider form.

Whenua: Oh I won't! HENSHIN!

He turned into KAMEN RIDER MERCURY!

Nico: YEAH! Lets go!

We were off to face Lord Green Lantern!

We then saw him at the power battery capital!

Me: Target sighted.

Bomb Man: Entrance time!

We went at him.

Lord John Stewart was looking around and then the spirits of the Techno Elements of Yellow all appeared and then they converged and then a massive flash of yellow light shined down and then out of the entity of Fear, Parallax, we came out.

Me: Hello there Lord Stewart. Been a long time. 4 and a half years to be precise.

Lord Stewart: J.D. Knudson!? You look completely different than when we last fought.

Me: The wonders of training and building bonds of friendship.

Lord Stewart: And you've all increased in numbers too!

Me: There weren't as many of us back then as we are now.

Nico: Yeah and we have changed quite a lot too.

Felix Faust: You think it's funny forcing your Will on others?

Lord Stewart: I don't think it's funny. I think it's necessary so no one suffers a tragedy like ours! (To Me) Maybe if you followed our example, that Lothor guy would be dead already!

Sinestro: Don't waste your energy on him, J.D.. Let me handle it during the usual battles.

Hal Jordan: You know what, Sinestro? Count me in as well!

Me: Go for it! Also I know not to waste energy on him. Besides after having to put up with the same kind of comparisons over the last 4 and a half years and learning from all the past mistakes and all that as well as having the guidance and help from Amanda Waller you tend to learn not to put up with it anymore.

Nico: That's good you learned from that.

Sinestro: It sure is.

Then Greiger, Fireor, Kerbero Gangan, Common Cold, Ben Ravencroft, Magneto, Beetle, Six Gum Gang, Killer Croc, and Krusty appeared.

Krusty: HEY HEY KIDDIES! (Goofy Laugh)

Nico: Greiger, Fireor, Kerbero Gangan, Common Cold, Ben Ravencroft, Magneto, Beetle, Six Gum Gang, Killer Croc, and Krusty.

Greiger: Must've been a shock to hear the Justice Lords escaped.

Nico: Yeah no kidding.

Fireor: But they shouldn't be a problem.

Kerbero Gangan: After all, they were dealt with before.

Me: Yep and that was back 4 and a half years ago.

Krusty: Wow.

Common Cold: (to Nico) We heard about the Kelp Shakes.

Nico: Yeah.

Ben Ravencroft: Were they really that disgusting?

Me: They were made with Kelp juice and Toxic Waste.

Ben Ravencroft: Toxic Waste!? That's insane!

Me: It was. Look what it did to SpongeBob.

I showed him a picture of SpongeBob all covered in Kelp Fur.

Ben Ravencroft: That is awful!

?: Yeah no kidding!

A figure came out and it was FURNACE MONSTER From Episode 32 of Lightspeed Rescue!

---

Little known about the Furnace Monster since he is not known to have encountered the Power Rangers before but died at some point and resided in the Shadow World. The Furnace Monster is among the deceased Demons seen in the Shadow World and is used by Prince Olympius and the Gatekeeper who try to destroy the Power Rangers with him. However, after the Thermo Blasters destroy the Gatekeeper's staff, they lose control of the monsters and Fireor escapes the Shadow World alongside Liztwin's upgraded form and the Furnace Monster at the same time as the Rangers and appear as giants. The Rangers immediately summon the Supertrain Megazord to dispose of them but their fire blasts overwhelm it and Fireor is able to impale it once the Furnace Monster and Liztwin restrain it. The tables turn however when Liztwin and the Furnace Monster advance on the Supertrain head-on, allowing the Megazord to destroy them with the Turbine Super Charge. They go limp and fall onto their sides where they then explode although the Lightspeed Solarzord then has to be used to destroy Fireor.

---

Carter: Furnace Monster!

Furnace Monster: Been a while rangers.

Me: I remember you! You were in the Shadow World with the rangers but your battle was never shown on TV. You're what we call one of the Offscreen Monsters to Battle the Rangers.

Furnace Monster: That's right J.D. Good memory.

Me: Never missed an episode.

Maria: Can't believe they didn't show your battle in TV.

Me: Yeah what a ripoff.

Furnace Monster: Let's just say that it was very hot:

Me: I believe it.

Nico: Yeah. Lets get it on!

We got the usual battles underway.

## Boris, Starlight Glimmer, Cozy Glow, Undead Skylanders, Kim Possible, Clawful and Ultra Humanite VS Greiger - Nico's Rescue

---

Greiger was first.

Greiger: (to Boris) Nico did good fighting Another Zyuoh Eagle on his rescue. Even though he didn't have Master Zik's Ridewatch yet.

Boris: Yeah he sure did and that was so awesome.

Starlight Glimmer: Now we all have our own Zyuoh Cubes. So awesome.

Cozy Glow: Yeah they are really cool and awesome.

Hex: They sure are. We have core and non-core Zyuoh Cubes.

Kim Possible: They are really awesome too.

Greiger: That is so awesome. But at least another friend of J.D.'s is safe. And you all faced her underwater too. Wow. Lets do it!

They fired waves of indigo fire, stars, lightning, bones and magic and smashed him down.

---

Wheeler (Captain Planet), Sunset Shimmer, Pipsqueak, Fire Skylanders, Dino Charge Rangers, Chaor and Takinom VS Fireor - What the hell were those guys thinking putting Toxic Waste into those Kelpshakes

---

Fireor was next.

Fireor: (to Wheeler) What the hell were those guys thinking putting Toxic Waste into those Kelpshakes?! That's the kind of thing you and your fellow Planeteers are trying to prevent!

Wheeler: Yeah those Kelpshakes people are a bunch of idiots! They have no idea about the ecological ramifications Toxic Waste has on it!

Sunset Shimmer: They turned the people of Bikini Bottom into Kelp Fur Freaks!

Pipsqueak: (British Accent) Yeah but we made the antidote.

Sunburn: Yeah no kidding.

Tyler Navarro: That was crazy!

Fireor: No kidding there! Lets do it!

They fired waves of fire and smashed him down.

---

Gaz Membrane, Princesss Luna, Moondust, Snowdrop, Children of

## The Night, Dark Skylanders, Nicole Knudson, Mandy and St. Patricia VS Kerbero Gangan - Lincoln's rescue

---

Kerbero Gangan was next.

Kerbero Gangan: (to Gaz) I heard Lincoln's rescue was in Coolsville. How was it?

Gaz: It was really cool and we took down a fake version of the Headless Skateboarder.

Princess Luna: And we sent him back to prison forever.

Moondust: We sure did and he deserves to be locked up.

Snowdrop: Yeah he had it coming for doing drug smuggling.

Gari: That is for sure.

Blackout: I agree there.

Nicole: And I hate people like that when they do all that.

Kerbero Gangan: I agree there too. Lets do it!

They fired waves of darkness and smashed him down.

---

## Robin, Fluttershy, Tornado Bolt, Life Skylanders, Lars Loud, Lucy Loud, Stalker and Kraven the Hunter VS Common Cold - Meeting a Gilford the Lightning Gene-slammer

---

Common Cold was next.

Common Cold: (to Robin) I heard you guys met a Gilford the Lightning Gene-slammer. What's her name?

Robin: Her name is Keera Wellington III and she is an amazing and powerful warrior.

Fluttershy: She sure is and we found out something scary about Scoots.

Tornado Bolt: Yeah she tried turning Lincoln into Roadkill.

---

Keera Wellington III: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Keera, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Keera Wellington III: That's incredible.

Nico: It sure is. So, Keera, what's this really nasty and horrible revelation about Scoots that should've given her the death penalty.

Keera Wellington III: You're not going to like this one, Nico. I was walking home with Lincoln after a day of fun at Gus' Games and Grub. But, then I heard something coming fast, and then, Lincoln was run over ten times, and I saw who it was that did the dirty deed: it was Scoots and she was trying to kill him, and she was laughing like the crazy old bat she is. But, I stepped in and I punched Scoots hard in the face for what she did. We called the cops and the ambulance, who took Lincoln to the hospital, but Scoots got away before the cops could arrest her. The doctor told us that Lincoln was beaten up pretty bad: broken arms and legs, tire marks on his body, and much more, and he was in a full-body cast. The Loud Family were horrified by what Scoots did, including Luna and Lynn, who had thoughts of murder on their minds for that old goat. But, I talked them out of it, and they had to focus on helping Lincoln.

We gasped in shock and horror.

Me: She tried to commit first degree murder by running Lincoln over many times, that crazy old bat, she should've been given the death penalty.

Lincoln: You said it, but again, with Michigan abolishing the Death Penalty in 1846, she should've been given Life In Prison Without The Possibility of Parole. It's because of her, I had to spend four months in the hospital for what she did.

Eli's eyes shrank in pure rage and when we saw it, it meant big trouble.

Me: Uh oh.

Eli: (Monotone) Guys, would you please step outside for a minute?

But, we did more than that: we ran out of the World Tree Estate, and when Eli stood up, he took a deep breath and he suddenly let out a really nasty storm of swears and curses so loud, it was heard throughout all of Gotham Royal York and in The Masters of Evil's HQ in Montana.

Dark Spicer: Oh crud, was that Eli?

Vypra: Yep.

Even Ned Flanders heard it.

Ned Flanders: Dear Lord! Those are the loudest profanities I've ever heard!

Then, Eli let out a really loud scream, and then, steam came whistling out of the World Tree Estate.

TTTTTTTOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOT

Lincoln: Oh man.

Me: Holy crap!

Nico: Now, Scoots has really crossed it big time.

Lincoln: And I'll bet Eli's going to fly out of The World Tree Estate and pummel Scoots for what she did long ago.

Suddenly, we saw Eli fly out of The World Tree Estate and he went after Scoots and he pummeled the living crap out of her! It was so brutal that we heard her screams and everyone all over the city was cringing in fright from the sheer brutality of it. And when he was done, his knuckles and fists were covered in blood, and he was breathing heavily. Lincoln ran up to Eli, and he hugged him tightly, and Eli hugged him back and he cried hard into Lincoln's chest, and we also joined in.

Lincoln: (Soothing Voice) Shh, hey, it's okay, Eli.

Nicole: Scoots is really asking for it this time, but with Lincoln's curse still on her, it won't be long before she meets her doom.

FLASHBACK ENDS

Common Cold: Goodness! (SNEEZES) That old witch just keeps sinking lower and lower!

Stealth Elf: She sure does! She needs to die right now.

Lars Loud: I agree there.

Lucy Loud: Yeah no kidding.

Common Cold: But man Scoots is really asking for it big time. Lets do it!

They fired waves of leaves, flowers and grass and smashed him down.

---

Shannon: It went really well! J.D. resurrected Chase after Banno killed him and they took down Cook Roidmude and Another Birth for OOO.

Twilight Sparkle: That was really amazing and it was great how all that happened.

Starshine Sparkle: We found out that Another Birth for OOO was really an old friend turned into an enemy.

Spyro: Yeah that was nuts.

Penny: Yeah it sure was.

Cody: (Australian Accent) Yeah it sure was.

Misty Tredwell: It sure was. But at least Nico saved him from himself.

Ben: Yeah no kidding. Lets do it!

They fired waves of magic and smashed him down.

---

Hawkgirl, Rainbow Dash, Scootaloo, Air Skylanders, Lena Isis and Zenet Surrow VS Magneto - Us beating Cook Roidmude and Another Birth from OOO

---

Magneto was next.

Hawkgirl: Yes they sure did. We got awesome Core Medals for the core and non-core members of the M.O.E.

Rainbow Dash: We sure did and it is so awesome.

Scootaloo: I agree there. It's so amazing.

Whirlwind: It sure is awesome.

Magneto: It sure is cool. But that's Another Secondary Rider down. Did you give the bounty to Shinnosuke?

Rainbow Dash: We sure did and it was awesome. It was $97,000,000,000.00

Magneto: Nice! Lets do it!

They fired waves of lightning, rainbows and wind and smashed him down.

Connor: No they were true spice demons and they handled it perfectly well.

Rarity: It was really amazing darlings. There were so many flavors of wings that it was incredible.

Sweetie Belle: You should have seen how many flavors there were that Hayley knows.

Gill Grunt: Yeah that is amazing she knows that many flavors.

Weiss: It sure is.

Lincoln: We tried some of them and they were really awesome and tasty.

Beetle: Boy they must've been awesome and tasty. Lets do it!

They fired waves of water, jewels and ice and smashed him down.

---

Right Suzuki: They were really tasty and delicious! 10,000+ Flavors is so awesome.

Applejack: They sure were but that Nuclear Armageddon 666 flavor was incredible!

Apple Bloom: Yeah the heat that came from it was incredible!

Flashwing: You're not kidding there! But Hayley does a really awesome job with them.

Wilbur: We're glad she does.

Dixie: Yeah she sure does.

Goof: Yeah we're glad.

Runt: Lets do it!

Keiko Yukimura: And it still is. The Green Lantern Corps is amazing and is the awesome defenders of the galaxy.

Princess Celestia: I think it's really amazing that John, Hal and all the Green Lanterns all live here on this planet.

Amber Morning: They are really amazing and this is number 4 of the 7 planets of the Lantern Corps.

Spotlight: Yeah we still have Blue, Indigo and Violet left.

Layla Williams: And they have Hope, Compassion and Love.

Killer Croc: Wow! Looking forward to see what's on those planets. Lets do it!

They fired waves of light and flowers and smashed him down.

---

Jackie, Pinkie Pie, Featherweight, Tech Skylanders, Time Force Rangers, Bomb Man and Burst Man VS Krusty - Terrible how Justice Lord John Stewart would do all that

---

Krusty was next.

Krusty: (to Jackie) It's terrible how Justice Lord John Stewart would do all that. Though the cause of it WAS tragic.

Jackie: I know! They became like that because they lost their version of The Flash. Lex Luthor killed him in cold blood and the Justice Lords overthrew the government and assassinated Luthor who was president and then destroyed everyone's freedom!

Pinkie Pie: And the Justice Lords were the catalyst for Project Cadmus.

Featherweight: Yeah that was terrible!

Sprocket: It was. We were shocked seeing what they did to that world.

Wes: That was bad. But at least Lex Luthor is so that will never happen to our Flash.

Krusty: Boy that's a relief! And is it true that J.D. and the team have had to put up with 4 and a half years of bad comparisons to the Justice Lords and all that?

Jackie: Every single word of it. The bad guys were trying to make us look bad by comparing us to the Justice Lords! How terrible!

Krusty: Yeah but you guys would never go down that path! You have too much honor for that. Lets do it!

They fired waves of metal, gears, lightning and bombs and smashed him down.

Ryan: TITANIUM POWER!

They transformed and they were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! LIGHTSPEED RESCUE!

The Megaforce Rangers turned into the Lightspeed Rescue Rangers too!

Nico: YEAH! Lets get him! RESCUE BIRD!

Nico summoned the Rescue Bird and formed it into the blaster!

Carter: V-LANCERS!

Laney, Lana, Lola, Lisa and Lily: THERMAL BLASTERS!

Eli, Nunnally and C.C. and the Megaforce Rangers: BOOSTER BEAMS!

Gentaro: Space is here!

Whenua: And ready to kick some butt!

They punched and smashed and pulverized and blasted the Red Lantern Warriors all over and destroyed them.

Ryusei: What should we do while waiting?

Whenua: Lets go help the rest of the team out.

Ryusei: Good idea.

Gentaro: Lets go!

They went to help us.

We regrouped.

Sinestro: (fires yellow blasts at Lord Stewart) Can't believe you'd sink so low, Johnny. I'm not complaining about the role reversal. But haven't you learned anything from your time on Earth?!

Lord Stewart: I did! I learned that sometimes, you have to make the hard choices to save people from themselves!

Nico: By causing people to live in fear!? I don't think so!

Eli: Yeah!

Me: John how can you be so heartless after what happened when your version of The Flash died!? Lex Luthor did kill him in cold blood and I won't deny that and that your worlds Lex Luthor got what was coming to him and I will accept that. He would have just continued to hurt people and make people suffer. Lex Luthor was the ultimate personification of pure evil and he got what he deserved. Both our versions of Lex Luthor are dead and gone forever now thank goodness and now we are permanently free of them. But you need to learn two things. One is that you abused your power for your own selfish gain and two is that your version of the Flash would not want this to become of you and the Justice Lords!

Goof: Time for this guy to go out for a drive!

Orion: Took the words out of my mouth, Goof. This one's for Shinnosuke!

Nico: Yeah!

I gave the Megaforce Rangers the Drive Keys.

Me: These are the Kamen Rider Drive keys. I call them the Justice Drive Force.

Nico: Ooh nice name.

Troy: I like it.

Megaforce Rangers: LEGENDARY KAMEN RIDER MODE! JUSTICE DRIVE FORCE!

The Megaforce Rangers turned into the Drive Kamen Riders! Troy was Drive, Noah was Mach, Gia was Chaser, Jake was Lupin, Emma was Heart and Orion was Brain!

Emma: Wow! I look great as Heart.

Orion: And I didn't know Brain was a rider too.

Me: But you guys look awesome as them.

We pulled out our Zenkai and Kamen Rider Cannons.

All of us: (TURNS DIALS) EXTREME FIGHTING POWER!

We summoned the Battle Fever J, Maskman, Dairanger and Gekiranger and the Kabuto, Den-O, Zi-O, Hibiki, Fourze and 555 Kamen Riders!

Nico: YEAH!

Laney: Cool!

Nico: Lets go!

Crag: Lets get him guys!

Ripping Friends, Lincoln, May, Lynn and Luna: IT'S RIPPING TIME!

We went at him and I formed a blue energy sword and Lord Stewart did the same and we clashed powerfully all over the place.

Lord Stewart: You're a Blue Lantern!?

Me: I have been one for a while John. I'm sorry it has to be like this for you but we have to stop you from hurting people.

I kicked him in the face and he fired waves of green energy and we dodged them. We blasted and smashed him all over the place.

Pyrithion, Siado, Malvadine, Khorror, and Aokua blasted and pulverized him all over the place.

They fired a massive tsunami of the Green Light of Willpower and the blasts all hit Lord Stewart and smashed him down.

We went up to him and I took his ring.

Lord Stewart: What are you guys gonna do now?

Wilbur: We won't kill you. We're gonna erase your memories and have you live a normal life in your own world. Hopefully, people won't recognize you.

Me: Consider this as our last act of mercy on you. (SNAPS FINGERS)

I snapped my fingers and erased his memories and then beamed him back to his world.

Me: There.

Nico: What are you gonna do with his ring?

Me: Give it to someone more worthy.

Magneto: That's one Justice Lord down.

Me: Yep. And I have a feeling we'll face Batman and Hawkgirl later on.

Beetle: And the Core Medals you guys got today helped out big time.

Dixie: (to the Fourze team) You guys helped out too.

Gentaro: We sure did.

Me: And you guys were awesome. We'll see you guys some time in August.

Gentaro: You got it J.D.

We high five and stars came out of our hands and then they went back to Japan.

Keera Wellington III: I'm really gonna love it here with you guys.

Hayley Buckingham: Same with me.

Killer Croc: You and Keera won't regret it, Hayley.

Krusty: Now, how about we have some of your wings back home?

Hayley Buckingham: I would like that.

Me: (Groans) I'm still full from all of those wings.

Nico: (LAUGHS) Yeah but I'm hungry for more of them.

Me: But we're not finished yet. I sense the leader of the Blood

Dragons coming in 3… 2… 1…

?: You punks are going to pay for what you did to The Church of Necrom and for capturing the rest of The Blood Dragons!

big trouble incoming.

Melanie McPherson: (Scottish Accent) And now, we've approached the final battle, and I knew there's no mistaking that voice from anywhere, along with the smell of cheap cologne. You can come out now, Bryan Greyson.

A 28 years old very muscular male and tall at 6'11" in height with dark brown hair, dark eyes, and dressed in a black leather jacket, white tank top, dark blue jeans, black leather knee-high combat boots, and the tattoo of The Blood Dragons on his right shoulder came out, it was Bryan Greyson, the founder and leader of The Blood Dragons.

Melanie McPherson: (Scottish Accent) Bryan Greyson, I should've known you'd come slithering out of your hideout in Arkansas like the lowlife snake you really are. But, your days of killing people and causing chaos in the United States are about to come to an end here and now.

Bryan Greyson: I'll wipe that fucking smug look off your face by killing you and everyone you love, bitch!

Melanie McPherson: (Scottish Accent) Still the same lowlife thug you've been, and now, your rampage ends here and now.

Suddenly, Melanie McPherson's pink eyes turned neon pink, and she was surrounded by a pink energy aura with clocks, psychic energy, and The Fool, she unholsters her massive Arcana Force 0 - The Fool-themed sword and Sword of The Arcana from her back, and as she approached Bryan Greyson, she left pink energy, clocks, psychic energy, and Arcana Force I - The Fool with every step.

Melanie McPherson: (Scottish Accent) You've gotten away with one crime too many throughout the years since you formed The Blood Dragons, not to mention the murders, bombings, and robberies you and your gang committed, Bryan Greyson, and now, I'm going to see to it that you and the rest of The Blood Dragons are brought to justice once and for all.

Suddenly, Melanie McPherson was surrounded by a massive vortex of pink energy with clocks and psychic energy surrounding it, there's Arcana Force 0 - The Fool flying around the vortex, and in the vortex is a pink phoenix. Then, as the vortex faded, Melanie McPherson emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Melanie McPherson grew from 6'5" to 6'11" in height, she has the body of a goddess, she has hot pink highlights in the bangs of her short neck-length pink hair, she has neon pink eyes and a pink energy aura with clocks, psychic energy, and Arcana Force 0 - The Fool surrounding her, she has Arcana Force 0 - The Fool and with the Time Kanji in its hands emblazoned on her forehead, she has on Arcana Force 0 - The Fool earrings with pink gems for eyes and holding the Time and Eternity Kanjis in its hands, she also has the Arcana Force 0 - The Fool with pink gems for the eyes and the Time and Eternity Kanjis in its hands for the second pendant, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with pink crystal links from her merged Crystal Necklace of the Buddha and pink gems on the gold lightning bolts. Melanie McPherson has on sleeveless pink midriff top, pink skirt, pink pants with designs on the legs, pink sneakers, and long pink sleeveless trenchcoat with clocks and psychic energy on the coattails, and on the back is Arcana Force 0 - The Fool surrounded by clocks. Suddenly, Melanie McPherson felt a sharp pain on her back, and then, her massive pink angel wings grew much bigger for her new body, and the large pink feathers have hot pink tips. Melanie McPherson has on a Ring of The Phoenix with pink gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Melanie McPherson's massive Arcana Force 0 - The Fool-themed sword and massive Sword of The Arcana began merging together and they were surrounded by a kaleidoscope of pink energy, clocks, and psychic energy, and when it emerged, it's been transformed into Arcana Force 0 - The Fool's Time Arcana Greatsword of Psychic Justice, it's a brand-new greatsword with Arcana Force 0 - The Fool and the Major Arcana card The Fool etched on the 7'0" massive, wide, double-edged pink blade and stars on it, large pink angel wings for the crossguard, large pink gem embedded in the rainguard, longer black handle, and large pink gem with angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with pink gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Arcana Force 0 - The Fool with pink gems for eyes and a large pink gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on her right hip and Eater of Sins revolver holstered on her left hip. There's a hot pink kanji below Arcana Force 0 - The Fool that said, "Melanie McPherson, Loving Older Sister of Celica McPherson, Descendent of Elsie McPherson, Gene-Slammer of Arcana Force 0 - The Fool, Very Strong and Powerful Psychic Mindreader and Clairvoyant, Loving Guardian Angel and Future Wife of Lincoln Loud, Destroyer of The Blood Dragons, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Dear Friend of Catherine Hoshi, Jade Hyotonia, Penelope Harrisburg, Yvonne Qinsington, Evelyn Francois, Roxanne Lowinsky, Sonnya Rexxington, Sylvia Starron, Sophia Starron, and Felicia Terrington, and Master of Time, Psychic Energy, and the Arcana"

Melanie McPherson has transformed into SUPER ANGEL ETERNITY INFINITY TIME ARCANA FORCE 0 PSYCHIC ANGEL OF PSYCHIC TIME JUSTICE AND DIVINE CLAIRVOYANT LOVE!

We were amazed by Melanie McPherson's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Bryan Greyson saw it, the thug got out a gun and was about to shoot her, but Melanie McPherson fired a powerful blast of pink energy with clocks, psychic energy, and Arcana Force 0 - The Fool, and it sent

Bryan Greyson flying into a wall.

Celica McPherson: (Scottish Accent) Whoa, now Melanie's transformed, that's so awesome!

Nico: You said it, Celica. This is going to be good, and perfect for the final showdown with The Blood Dragons.

Lincoln: Wow, Melanie, you look beautiful. How do you feel?

Melanie McPherson: (Divine Echoing Cosmic Voice of The Arcana Time Fool and Divine Clairvoyant Love) (Scottish Accent) **I feel incredible, Linky. Now, shall we deal with that thug, Bryan Greyson, once and for all?**

Lincoln: (Smiles) With pleasure, Melanie.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Melanie McPherson.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Your days of causing chaos in the United States is about to end here and now, Bryan Greyson.**

Melanie McPherson and Lincoln went after Bryan Greyson, who tried to shoot them with his gun, but they grabbed the bullets and they crushed them in their hands and Lincoln fired a blast of rainbow fire which melted his gun, and they fired powerful blasts of rainbow energy, pink energy, psychic energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Angels, and Arcana Energy at Bryan Greyson, and they exploded with incredible power as the blasts hit the thug. Then, he took out the vial of Professor Milo's werewolf serum.

Me: Uh oh, here it comes.

Bryan Greyson drank the werewolf serum, and we saw the thug's huge muscles grow even larger and his tank top and jacket explode off him and he grew to 7'3" in height, and then, he growled like an animal as fur grew all over his body, his eyes turned yellow with slit pupils, and he howled as he transformed into a werewolf.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **So, he wants to play it like that, huh? Okay, then.**

Lincoln let out a growl as brown fur begin growing on his abnormally massive and powerful muscular body with light brown fur growing on his massive and wide muscular pecs and eight pack abs and wolf muzzle, large brown pointed wolf ears grew on top of his head, his nails grew into claws and were laced with his cure: silver moonlight energy, his deep sapphire blue eyes turned yellow with slit pupils, and his eleven massive, long, and powerful werewolf tails with large black wolf heads for the tips sprouted out, and he let out a howl as he transforms into Lincoln the Nocturnal.

Lincoln: (Divine Echoing Beastly Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's rip him to shreds.**

Melanie McPherson and Lincoln attacked him with their massive greatswords and left painful scars on him and they also spilled his blood and it caused him to roar in anger, and Lincoln attacked him with his silver moonlight energy laced claws and he really left scars on his chest, and the cure took effect as Bryan Greyson changed back to normal. Then, Melanie McPherson and Lincoln fired a blast of rainbow energy and it hit Bryan Greyson, and put him into a rainbow energy straitjacket and rainbow energy chain so he can't escape, and he was also put into a gurney. Then, they also did the same to Morgan Wesley, Gary Reese, Riley Cooper, Nelson Everett, Kyle Carter, Marc Landon, Corey Hudson, Eric Archer, Justin Nolan, Colin Mason, and Alan Cameron, as they were let out of their card prisons and put into rainbow energy straitjackets and rainbow energy chains, and then, put into gurneys. We cheered wildly for what Melanie McPherson and Lincoln did as they holster their massive greatswords on their backs and powered down and Lincoln changed back, and Melanie McPherson's new body, clothes, weapons, jewelry, and massive pink angel wings are permanent.

Lincoln: Now, for the second part of the plan.

Me: Time to take the case to trial.

Lincoln snapped his fingers, and we were in the Gotham Royal York courtroom and everyone was here for the trial of the century, and all of The Masters of Evil are here too. And when Judge Katie Rockell arrived and sat down, the trial began. In a few hours, thanks to the evidence gathered of the crimes of The Blood Dragons, along with the weapons that were seized by Agent Waco and the FBI who had raided the Blood Dragons' hideout in Arkansas, and testimony of those who witnessed the crimes, the jury went to deliberate, and in a few seconds, the jury came back with a verdict: Morgan Wesley, Gary Reese, Riley Cooper, Nelson Everett, Kyle Carter, Marc Landon, Corey Hudson, Eric Archer, Justin Nolan, Colin Mason, Alan Cameron, and Bryan Greyson were found guilty on all charges against them, and the courtroom cheered.

Judge Rockell: Words can't speak about all of the trouble you all have caused the United States, not to mention that you had the nerve to make an alliance with The Church of Necrom. This proves that all you and your gang care about are yourselves. It is with the full support of the people of Gotham Royal York and the country that I say this: Morgan Wesley, Gary Reese, Riley Cooper, Nelson Everett, Kyle Carter, Marc Landon, Corey Hudson, Eric Archer, Justin Nolan, Colin Mason, Alan Cameron, and Bryan Greyson, having been found guilty by the jury, all of you are hereby sentenced to Eternity in the Uranus Prison Without The Chance for Parole, and you will never be free again.

Bryan Greyson: No prison can hold us, not even a stupid space prison!

Judge Rockell: Let's see how tough any of you are without the physical strength to back those words up. Lincoln, would you do the honors?

Lincoln: (Cracks Knuckles) With pleasure, Judge Rockell.

Lincoln went up to the members of The Blood Dragons and as he grabbed them, he sucked out all of their massive muscle mass and physical strength and they were now as thin as a rake. Then, Lincoln beamed all of them to The Uranus Prison and they were all put in separate cells in Maximum Security Solitary Confinement, where they'll never leave there alive.

Melanie McPherson: (Scottish Accent) Finally, it's all over. Thanks for helping me take down Bryan Greyson, Linky.

Lincoln: (Smiles Warmly) You're welcome, Melanie.

Suddenly, Melanie McPherson wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down to Melanie McPherson's face, they kissed passionately as Melanie McPherson's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Arcana Force 0 - The Fool flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and clocks chiming behind them and the rest of Lincoln's harem cheered for them.

Celica McPherson: (Scottish Accent) I'm so proud of my big sister and Lincoln being together.

Lincoln: Celica, you're also part of my harem as well.

Then, Lincoln suddenly stretched his right arm to her, and he also brought her in a big embrace, and he also kissed her on the lips too.

Nico: Whoa, looks like you also have elastic powers as well, big guy. Awesome!

Lincoln: Ooh, watch this.

Lincoln stretched his right arm and he formed his large right hand into a mallet and it hovered over Flip and he slammed it down on

Flip's head, and he screamed in excruciating pain, and he did the same thing to Scoots, as she screamed in excruciating pain as well, and he also did the same thing to NO MA'AM, The Bundy's, and Marcy D'Arcy, and we laughed hysterically.

Nico: (Laughing Hysterically) Now, that's brutal and hilarious.

Al Bundy: I hate all of you!

Our auras flared up as we gained a massive power and energy boost from Al Bundy's hatred, and that resulted in Peggy stomping on Al's foot and he howled in pain.

Bud Bundy: Why are we being punished for the stupid antics of Dad and his friends?!

Lincoln: Are you kidding, you, your sister, your Mom, and Mrs. D'Arcy are just as guilty, gnome. And you're just as much of a sexist perverted pig as your Dad.

Lori: And you're a total floozy who reeks of bleach, Kelly.

Rita: And you and Marcy are a bunch of pathetic excuses for wives who backstab the husbands that they forced into marriage, Peggy.

Lincoln: And thanks to what we did getting you all arrested, now all of you have to pay the price for all of the crimes you've committed, and looking at your rap sheets, we were right to get you all off the streets.

Me and Nico: Yeah, you sexist pigs!

We then returned to The World Tree Estate, and we left the jerks steaming with anger and they were still ranting like crazy.

We were watching TV.

Nico: Great job today guys. This is planet 4 of the Lantern Corps done.

Me: Yep. Now we have Odym, Nok and Zamaron left. And we're going to face Lego Brainiac and our Brainiac there.

Nico: Yes we are.

John Stewart: (To the viewers) Hope you all liked this adventure. It was a good one. And we had fun seeing Oa.

Nico: We sure did.

Ken Knudson: And now we being the search for the Champions of Harmony.

Me: We sure do. And I have a feeling they are gonna be awesome.

We were enjoying the rest of the day and having Hayley's awesome wings and they were tasty and went to sleep.

TO BE CONTINUED…

# LANTERN PLANET ADVENTURES 5 - HOPE

Journey to the Home Planet of the Blue Lantern Corps - Hope.

---

On Flora's home planet of Linphea was Nico, Flora, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were there to not only see what Flora's home planet was like but also we were there because of an awesome rescue. Linphea was a really beautiful and amazing planet and it was a magnificent world that was like a million Gardens of Eden.

Me: WOW! So this is the planet Linphea.

Flora: Yeah it's home.

Me: It's beautiful.

Laney: It's magnificent.

Fluttershy: It's so pretty and beautiful.

Twilight Sparkle: It sure is. I wouldn't mind coming here for a vacation.

Camie: Me neither. Flora your home planet is amazing.

Flora: I'm glad you like it.

Me: We've already been to Solaria and this makes the 2nd planet of the Winx Club planets that we went to.

Nico: Yep it sure does.

Eli: And I think this is the most beautiful of them all.

Nico: Thanks for coming with me, Flora.

Flora: Anytime Nico. It's awesome to go with you all and it's an honor to have you all here on my home planet.

Nico: I'm glad we could be here.

Lola: It's magnificent.

Nico: Flora, are you excited for the mission with Aruto in August?

Flora: I sure am and I can't wait to destroy Arc for good.

Me: We all can't wait Flora.

Lisa Loud: It'll be good to help finally rid the world of that atrocious technological monstrosity supercomputer for Aruto and his team.

Nico: Yes it sure will Lisa. After what we found out about Arc, it needs to be destroyed forever.

Me: Yeah.

Kaito: I have a feeling that an old enemy of yours will appear.

Me: And you're right Kaito. I got a call from Faragonda that our old enemy Valtor has escaped from the Omega Dimension and is after us to get revenge.

Everyone gasped!

Nico: Not that jerk again!

Flora: I thought we were rid of that monster!

Nico: Some villains just don't know when to quit.

Me: Yeah.

Camie: Who is Valtor?

Me: You would absolutely loathe this guy with every fiber of your being Camie. He is the most notorious traitor in all of the realms of Magix.

I went over his history.

---

Valtor, also known as Baltor, is the secondary antagonist of the Winx Club series, serving as the main antagonist of Seasons 3 and 8. He is also the third villain (the other two were Lord Darkar and, collectively, The Trix).

In Italian, he was voiced by Guido Di Naccio. In English, he was voiced by Cedric Kühle in the Cinélume dub, Sean Schemmel in the 4Kids dub, Josh Keaton in the Atlas Oceanic dub, and Henry F. Benjamin.

Valtor is a strong dark wizard who would love to do nothing more than to become the strongest evil wizard of them all. He turns people into monsters that are willingly to serve for him.

Like Bloom, he was born from the Dragon Fire but unlike Bloom however, Valtor was born from the Fire's dark side.

He was with the Ancestral Witches when they destroyed Domino. He was once a companion of Ms. Griffin when they were young. It was at this time when he met Bloom's parents who were both stronger than him.

He was sent to the Omega Dimension the day Domino was defeated. There he was frozen, intended for eternity, and was awake while frozen.

When the Trix were sent to the Omega Dimension, they released Valtor, intending to offer him up to the security snakes in their place. However, he destroyed the snakes and escaped the Omega Dimension along with the Trix, making them his minions. He took over Andros (Tides in 4Kids dub) and corrupted many mermaids, turning them into his minions while adding their power to his. His minions were branded with his symbol. To increase his power, Valtor would go to different planets and absorb their energy. The Trix would often compete with each other for his favor.

Valtor made a deal with Chimera and Cassandra to help them deal with their rival, Stella, in exchange for their eternal allegiance. Cassandra put a spell on Stella's father, King Radius, to turn him against her and make Chimera princess of Solaria, but Stella later broke the spell. Valtor recognized Bloom and confronted her on Andros, but he did not wish to fight her when she was too tired to fight, as it would not be satisfying. When Layla confronted him, he cast a spell to blind her, although she was later able to reverse this. Valtor also gave Sky's ex-fiancee Diaspro a potion to put Sky under a spell to make him love Diaspro and attack Bloom; however, Stella broke this spell and Diaspro was banished.

Valtor eventually decided he didn't want Andros as his base anymore so he relocated to Cloud Tower, taking it over, imprisoning Griffin, and brainwashing the other witches into "zombie witches". He later decided to destroy Andros by opening a portal to mix its positive energy with the Omega Dimension's negative energy. He was content to leave the brainwashed mermaids to die with Andros, viewing them as expendable. Tecna was able to close the portal, though she was trapped in the Omega Dimension in the process (although she later escaped with the help of the Winx and Specialists).

Because of this, Bloom, Stella, Flora, Musa, and Layla sought revenge on Valtor. They confronted him at Cloud Tower and fought him, but he gained the upper hand, telling Bloom that he killed her parents Oritel and Miriam. This gave Bloom further motivation for revenge, however, using a spell he gained from Planet Oppositus, he turned her fire into ice and froze her with it. Faragonda, Griffin, and Saladin arrived to fight him while the other Winx released Bloom and Stella teleported them out, causing Valtor's next attack to hit the

Trix instead.

Valtor eventually relocated to a new base, in a cave in the forest. He later challenged Faragonda, Griffin, and Saladin to a battle, but made them fight each other with an illusion while trying to steal the scrolls from Alfea. Bloom defeated him with the Water Stars, which are the opposite power of dragon fire. But before Bloom could kill Valtor, he told her that Oritel and Miriam were really trapped inside him due to an absorption spell he cast, and destroying him would do the same to them. Although Valtor escaped, Bloom later heard from the Ancient Witches that this was a lie, and her parents were really in another dimension.

Using the Spell of the Elements, Valtor flooded Cloud Tower, sent tornadoes at Red Fountain, set the forest around Alfea on fire, and caused an earthquake at Magix. The Winx fought Valtor below the lakebed but he transformed into a demon and used a talisman to control the power of the water stars and use them against Bloom. However, Bloom used fairy dust to open the box he contained his spells in, undoing all his spells. When the lakebed returned and the cave began to flood, the Trix abandoned Valtor, who was seemingly killed when the cave flooded.

However, Valtor returned and captured most of the Specialists, imprisoning them in Tides while controlling elements - having held onto the Spell of the Elements - to take the forms of them and fight the Winx. These clones disappeared when Bloom knocked Valtor out with a fireball. The Ancient Witches, unable to act on the outside world from the dark world but able to act on Valtor, cast a spell to take away his wizard form and turn him back into a demon forever. Bloom separated her flame from her and entered that of Valtor, where Valtor appeared and attempted to get Bloom to work with him against the Ancient Witches, but she declined his offer and used fairy dust to extinguish his flame, destroying him.

In the 4Kids version, Bloom uses fairy dust upon entering Baltor's mind, but this only removes the Ancient Witches' spell. After Baltor tries to make the deal, Bloom says her dragon fire will fight Baltor's dragon fire until one is put out, and extinguishes Baltor's flame with Dragon Fire Fury, destroying him and sealing his essence in oblivion.

In the Nickelodeon and Italian versions only (as Season 8 does not exist in Cinelume or 4Kids versions), in Season 8 Valtor is revived and is once again the main antagonist of the season. He is destroyed/killed a second time by the Winx with a magic beam.

When I was done everyone was shocked!

Camie: He's pure evil!

Lola: Yeah and Rachel San Diego hates this monster with a vengeance.

Lana: Yeah he is a monster.

Me: And this time we're going to use the Black Gates on him.

Gaon: Sure, you don't have a new transformation yet. And Bloom's always the one who kills Valtor. And Another Toq #1 might be there-

Juran: Gaon?

Gaon: Yeah?

Juran: You're not helping right now.

Gaon: Sorry.

Flora: But I'll be all right..

Gaon: Good.

Nico: There. Target at 9:00.

We saw a figure and it was VALTOR!

Me: This time I'll be the one that kill Valtor. Bloom had her shot now it's my turn.

Nico: Yeah.

We went at him.

Valtor was waiting and then he felt something and then a rainbow energy blast went right at him and he jumped out of the way as the blast hit the ground and exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A huge wall of fire was where he was after that.

Valtor: What the hell was that!?

We landed and I in my Super Angel Infinity Xelnaga form!

Valtor: J.D. Knudson? You have changed tremendously!

Me: (Divine Echoing Elemental Voice of Hope and Love) **That's right. And I've gotten more powerful since our last encounter. You are going to pay for everything you have done. This time you are not going back to the Omega Dimension.**

Nico: We're giving you the Black Gates.

Valtor: We'll see about that!

Nico: Sure, you avoided the first blast. But your luck won't hold out forever!

Valtor: I don't need luck to defeat you guys!

He fired an energy blast at us and I deflected it back and it hit him and knocked him down.

Nico: Try these on!

Nico fired a shower of fireballs from his fingers with Omega Shenron's powers and they hit him and the ground all around him and exploded all over with incredible power.

Magine: Lets see you face me!

Valtor: (to Magine) Your magic is no match for mine, robot girl!

Magine: Really now?

Magine got out a nail and hammer and put the nail on the ground.

Juran: Uh oh. Get ready for a scare!

Nico: I remember this!

She pounded the nail and then a curse was invoked.

BLANG BLANG BLANG BLANG BLANG BLANG!

Valtor screamed in pain as he was hit many times as Magine kept hammering the nail.

It felt like he was having nails smashed into his feet!

Lola: Ooh ouch!

Nico: I remember that one!

Me: **Lets see how he likes this one!**

I activated a New Eyecon.

PAUL BUNYON AND LORD DRAKKON!

Me: GIANT STOMP FORCE!

I grew to 63 Axehandles high and then stomped on Valtor's legs and broke them like toothpicks. HE SCREAMED IN PAIN AT AN UNFATHOMABLE LEVEL!

Nico: YEAH!

Magine followed his screams as I was crushing him with my huge size.

Me: **Aww did I cwush your wittle leggy weggies.**

Nico snickered at what I said.

Magine: (eyes glow creepily at Valtor) Found you!

Kaito: (takes out Fourze Gear) Okay, let's keep the fight going, huh?

Zocks: (Gets out OOO gear) Honestly, I was scared of that the first time!

Kaito got the switch panel of Meteor and Zocks got a Core Medal Sword.

I reverted back to my normal size.

Me: **Zocks try these.**

I gave him the core medals for Firefly, Scorcher and Pyro and he activated their fire powers! Zocks fired waves of fire and they hit Valtor and blasted and burned him all over.

Zocks: Feel the heat, motherfucker!

Valtor: (trying to deny the pain) Is that it? Little Bloom's flames are hotten. And she's not even with you right now!

Nico: You're right about that. I'll just have to tell her and the others all about this fight!

Me: **And she will be proud that you are dead. And another thing. Her mother and father?**

Valtor: What about them? They're dead.

Loud kids: (BUZZING NOISE)

Lincoln: Not anymore they aren't.

Laney: They are back.

Valtor: What!? But that can't be!

Me: **Your efforts to kill them were all for nothing.**

Nico: That's right. Domino is back.

Valtor: (to Flora) You think you can kill me, Flora? You're not even as powerful as Bloom is!

Flora: You're right. I'm not Bloom. I'm powerful in my own way!

Henshin!

Flora turned into her KAMEN RIDER ZERO-ONE FORM! It was called KAMEN RIDER NATURE!

Nico: YEAH!

Valtor: What the!?

Flora: Didn't expect this did you?

Flora formed a sword of flowers and grass.

She slashed and cut Valtor all over the place.

Nico: If anyone else wants to use Ridewatches and Eyecons, now's a good time.

Qin: How about this one?

She activated her Ridewatch for Captain Cold and got his ice blaster.

Qin: Time for you to chill!

Qin fired a blast of ice and it froze Valtor into a huge block of ice!

Me: **Now for this!**

I formed a black energy ball and I fired it and it hit Valtor and he exploded and was banished to the Black Gates!

Nico: YEAH!

Eli: Take that!

Nico: But we're not done yet.

We heard an eerie noise.

We then saw a figure come out and it was a scary version of Right Suzuki! It was ANOTHER TOQ RED! He looked like a scary red ToQger but with scary teeth on his helmet.

Laney: Is that Right?

Me: **No that's Another ToQger Red!**

Nico: Are you kidding me?! There's also Another Red Ressha as well?!

Eli: This is gonna be a good one!

Nico: Yeah!

Another ToQger Red: (In a girls voice) Help me J.D.!

Me: (Gasp) **That voice!**

She reverted back and we saw that it was a girl with red hair and fire angel wings and she was badly beaten up and she was clutching her head in pain.

Me: **Oh god! Danielle Oresdotter!**

Danielle Oresdotter: Help Me J.D.!

Nico: Whoa! You know her J.D.?

Me: **Yes I do. I met her when I was in Norway and she is a poor girl that came from a poor family. She and I became great friends when I was there with my family. I gave her food and built a great home for her.**

Nico: Wow!

Me: **Yep and I discovered that she has Fire Angel Wings and fire powers and has amazing love for all things in nature.**

Fluttershy: Oh goodness.

Nico: Why are you badly beaten up?!

She was clutching her head in pain!

Danielle Oresdotter: (Groans) I was trying to find J.D.! I was walking through the forests of the world to find him. He has to help me!

Nico: Oh man!

Me: **Hold on Danielle!**

Nico: (takes out Ridewatch of Six Gum Gang) I'll save you with this!

He activated the Ridewatch and got gum blasters.

Me: **Nico!**

I gave him some bubblegum.

Nico: Oh thanks!

Nico took some gum and chewed it up.

Lisa Loud: This is gonna hurt!

Lisa activated the Calamitous Ridewatch and she got an awesome battle suit.

Nico: Let's do this!

Danielle then was enveloped in a vortex of darkness and then she had trains orbit around her and then she turned into ANOTHER TOQ RED!

Me: **This is gonna be good!**

May: YEAH!

Another ToQ Red pulled out a Ressha and it was a black and yellow one that had the symbol of Vypra on it!

VYPRA RESSHA!

She fired waves of light and darkness and I deflected them away!

Me: **She has Ressha's for the Core and Non-Core Members of the Masters of Evil!**

Nico: Wow!

Me: **Boy Right and the Six-Gum Gang are both going to be pissed seeing this.**

Nico: Good thing I'm using the Six Gum Gang's Ridewatch right now!

Eli: Thank goodness.

Flora: But we got to stop her.

But then ropes appeared and tied up the Another ToQ Red!

Nico: What the!?

We saw that it was coming from a Talpidian!

Nico: A Talpidian!

Me: **One of Mole-Stache's kind!**

Mole-Stache: (In a girls voice) Hurry and stop her!

Nico: Ayaka Laurence! Wow!

Nico then fired a blast of energy and it hit Another ToQ Red and she exploded!

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was knocked down and I grabbed the ToQger Ridewatch and purified it and then on the ground we saw the Ressha's of the M.O.E.

Nico: Wow look at all these.

We picked them all up and collected them.

Nico: Cool.

I went over to Danielle and gave her my serum and she coughed.

Danielle Oresdotter: (Coughs) (Weakly) J.D.?

Me: **It's all right Danielle. It's over. You're safe now.**

Then she hugged me and cried hard into my chest!

Danielle Oresdotter: (CRYING HARD) I WAS SO SCARED J.D.! SWARTZ DID THIS TO ME! (CRYING HARD)

Me: (Soothing voice) **It's all right Danielle. It's over. It's over.**

Nico: Poor girl.

Ayaka reverted back and she was a blond hair girl with green eyes and green and yellow clothes.

Ayaka Laurence: That was amazing.

Nico: Eli, J.D., don't make another threatening message to Swartz right now. I promise you that he will get what's coming to him in August!

Me: **Don't worry Eli's message was a one time thing.**

Eli: Yeah that was my first and last warning.

Nico: Good. As long as that doesn't happen again.

Lola: Yeah but that was awesome that Eli did that message.

Lana: Yeah.

Ayaka Laurence: He sure has talent.

Flora: That was awesome though. What's your favorite memory of Nico?

Ayaka Laurence: I have a lot of them but my favorite is when me and Nico were in Botany Class and our project was to make an awesome tree that grows a variety of the worlds spiciest peppers. We used our plant powers to cross pollinate a Maple Tree with a bunch of pepper plants. We called that tree the Capsicum Maple Tree.

Eli: That is cool!

Ayaka Laurence: Yeah. We got a Triple A+ on it.

Nico: Yep.

Laney: That is neat!

Applejack: It sure is.

Nico and Ayaka hugged.

Nico: I really missed you.

Ayaka Laurence: Me too Nico.

Eli: That is cool that Nico and Ayaka made a really awesome tree that grows peppers.

Laney: It sure is.

Flora: That was awesome. How did you guys like my home planet?

Nico: It was really awesome!

Eli: It was awesome.

Flora: I'm glad you like it.

Nico: I got the entire fight on video.

May: Awesome!

Lola: Yeah.

We later went back home.

Lincoln: Wow, we're here in Colorado, and I know what we're going to do here: not only am I going to rescue the ten girls there, but we're also going to meet Emily Magica, the Champion of All Harmony.

Nico: That's right, big guy, but we also got bad news: Amy McKale, Emily's bloodthirsty ex-sister, has returned from the dead and she wants revenge on you and Emily for killing her.

Emily McKale: Should've known that bloodthirsty savage wouldn't stay dead for much longer.

Me: And just like with Giselle Razor, she's looking at getting sent to The Black Gates.

Lincoln: That's right, J.D., and thanks for joining us, Hay Lin.

Hay Lin: You're welcome, Lincoln.

Suddenly, we saw Twilight Sparkle's cutie mark on her right shoulder and the Magic Cutie Mark on Lincoln's wider and muscular back were glowing, and that means The Champion of the Magic of Friendship was near.

Nico: Whoa. So, that's the way we can tell that Emily Magica's here.

Lincoln: The same also goes with the rest of the Champions of Harmony, awesome.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of ten girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the ten girls, but they've been cornered by Amy McKale, and she's going to kill them to slake her thirst for blood. Lincoln also saw a girl with long purple hair, Twilight Sparkle's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in purple clothes, and she's defending them from the bloodthirsty Amy McKale.

Lincoln: Guys, I found the ten girls, but they've been cornered by Amy McKale, and she's going to kill them to slake her thirst for blood. I also saw a girl with long purple hair, Twilight Sparkle's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in purple clothes, and she's defending them from the bloodthirsty Amy McKale.

Ken Knudson: That's Emily Magica, the Champion of All Harmony, and the first of the 27 Champions of Harmony. We got to get over there at once.

?: And send that bloodthirsty savage, Amy McKale, back to where she belongs.

Suddenly, we saw the Duel Monster, The Ascended of Thunder, appear before us in a flash of lightning.

Nico: Wow, that's The Ascended of Thunder, awesome.

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Dakota Maracle, but we'll talk later, it's time to send that bloodthirsty savage, Amy McKale, to The Black Gates forever.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Amy McKale, and it allowed the ten girls to get to safety and Emily Magica stood with us. When Amy McKale saw us, specifically Emily McKale and Lincoln, she roared in anger.

Amy McKale: YOU! I will kill you both for what you did to me!

Lincoln: You did that to yourself, Amy, you tried to kill Emily and her parents, and you already proved that you were nothing but an evil, selfish, black-hearted, bloodthirsty savage with a thirst for blood and destruction.

Lori: You literally shouldn't have returned from the dead again, Amy McKale, and now, we're going to see to it that you stay dead and gone.

Emily McKale: And this time forever, you bloodthirsty brute!

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), and Musashi Miyamoto (Samurai Warriors) got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Hay Lin, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super

Emily Magica fired a blast of magic and it hits Amy McKale, and the purity of the magical blast burned Amy McKale, since she was a heartless bloodthirsty savage. Then, Lincoln unleashed a powerful and violent storm of rainbow energy slashes from his massive greatsword, and they cut Amy McKale into a thousand pieces and she exploded in a massive explosion of blood, which covered Lincoln, and her spirit was banished to The Black Gates. We cheered wildly as we holster our weapons and powered down and Lincoln absorbed all of Amy McKale's blood that covered him.

Emily Magica: Thank you for what you all did. (Recognizes who we are) Wait, you're Team Loud Phoenix Storm?!

Me: That's right.

Lincoln: We found about you and the other 26 girls who were chosen by the Elements of Harmony to become the new 27 Champions of Harmony. We plan to recruit you and the other 26 Champions of Harmony because we're about to face the threat of The Doomsday 23, along with Evil Starlight Glimmer.

Emily Magica: What?! But, I thought they were banished to Oblivion forever.

Lincoln: That's what we thought, but Ken Knudson told us The Doomsday 23, along with Evil Starlight Glimmer, have been resurrected as a contingency plan by a malevolent Satanic group known as The Church of Necrom, led by the sadistic and insane Damian Alaister.

Ken Knudson: That's right, and as Lincoln said, it's just in case they bit the dust and got banished to The Black Gates, and they wanted one last attempt at revenge on Team Loud Phoenix Storm, but we are here to recruit you and the other 26 Champions of Harmony and train you all in everything that Team Loud Phoenix Storm knows, so all of you will be ready for the hated enemies of Equestria when they return.

Emily Magica: Then, I'm already in, I refuse to let the Doomsday 23 or The Church of Necrom destroy the world and all Harmony.

Nico: Awesome.

Lincoln: We've recruited one of the 27 Champions of Harmony and we've seen the last of Amy McKale for good. (To Dakota Maracle) And it's so good to see you again, Dakota Maracle.

Dakota Maracle reverted back to normal, and she's a beautiful girl with long flowing purple hair with a flower in her hair, purple eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful black angel wings with lightning surging in the feathers, she has a tattoo on her right arm called The Mark of Hinon, it's a Thunderbird with three lightning bolts coming out of its wings, and she reigned in the power of The Ascended of Thunder, and she's dressed in a short-sleeved purple blouse, purple sleeveless dress top, purple skirt, purple pants, purple sneakers, and long sleeveless purple trenchcoat with lightning and Thunderbirds on the coattails, and The Ascended of Thunder on the back, and holstered on her back is The Ascended of Thunder's staff and a large The Ascended of Thunder-themed greatsword with The Ascended of Thunder etched on the 7'0" massive, wide, double-edged purple blade, yellow angel wings for the crossguard, large red gem embedded in the rainguard, longer black handle, and large purple gem surrounded by angel wings for the pommel.

Dakota Maracle: You too, Lincoln, it's been a long time.

Lincoln went up to Dakota Maracle and they hugged, and Dakota Maracle's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Dakota Maracle: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Dakota Maracle, she's one of my Guardian Angels from Michigan, and you're in for awesome surprise: she's a member of The Iroquois Tribe and she has a tattoo on her right arm called The Mark of Hinon, it's a Thunderbird with three lightning bolts coming out of its wings, and she's said to have been blessed by Hinon on the day she was born, and she has powerful lightning powers and massive beautiful black angel wings with lightning surging in the feathers.

Me: Wow, so she was blessed by Hinon on the day she was born, awesome, and you heard that Lincoln and his Genderbent twin, Linka, got their powers thanks to Hinon's divine blessing, right?

Dakota Maracle: That's right, J.D., and I've got a really awesome story about Girl Jordan and Lincoln and how they were secretly a couple from day 1 of 2nd Grade.

This surprised us greatly.

Nico: What? Girl Jordan and Lincoln were secretly a couple from Day 1 of 2nd Grade?! Oh, this is one story we're really wanting to hear.

Eli: Same here.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Dakota Maracle's neck with purple gems on the gold thunderbolt links and purple crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal

Love.

Dakota Maracle: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Dakota.

Dakota Maracle had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Dakota Maracle's waist and Dakota Maracle wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Dakota Maracle's face and kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the ten girls, and when Lincoln saw them, he recognized them immediately. The ten girls are Lily Ramses Futaba, Kaya Blanche, and Yuuko Morino from Tentacles and Witches, Hana Natori from 25-Sai no Joshikousei, Mio Fukatani from On a Lustful Night Mingling with a Priest, Airi Akitsuki, Marina Akitsuki, and Sana Kuranaka from Oni Chichi, Maki Sanjou and Yuki Misono from Maki-Chan to Now.

Lincoln: Oh wow, it's Lily Ramses Futaba, Kaya Blanche, and Yuuko Morino from Tentacles and Witches, Hana Natori from 25-Sai no Joshikousei, Mio Fukatani from On a Lustful Night Mingling with a Priest, Airi Akitsuki, Marina Akitsuki, and Sana Kuranaka from Oni Chichi, Maki Sanjou, and Yuki Misono from Maki-Chan to Now.

Nico: Awesome.

Lincoln: Are you girls okay?

Lily Ramses Futaba: Yes, we're okay, thanks to you.

Then, when Lily Ramses Futaba and the other nine girls saw who it was that saved them from Amy McKale, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Lily Ramses Futaba: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Mio Fukatani: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, ten Thunderbird Necklaces of Eternal Love appeared on the necks of Lily Ramses Futaba, Kaya Blanche, Yuuko Morino, Hana Natori, Mio Fukatani, Airi Akitsuki, Marina Akitsuki, Sana Kuranaka, Maki Sanjou and Yuki Misono with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they also met Emily Magica, the Champion of All Harmony and one of the 27 Champions of Harmony they were shocked when they found out the villain we went after in Colorado was Amy McKale, who came back from the dead, and wanted revenge on Emily and Lincoln for killing her and still wanting to quench her thirst for blood.

But, when Lincoln showed what we and Emily Magica did in attacking Amy McKale and what Lincoln did to finish Amy McKale forever, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Dakota Maracle have a lot of catching up to do now that she's back in town, and now, we are finally rid of Amy McKale for all eternity, and that bloodthirsty savage isn't coming back ever.

After destroying Amy McKale and this time forever, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when

Dakota Maracle saw Lincoln working out like crazy, she had an atomic red blush on her face.

Dakota Maracle: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Dakota, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Dakota Maracle: That's incredible.

Nico: It sure is. So, Dakota, what's this story about Girl Jordan and Lincoln and how they were secretly a couple from Day 1 of 2nd Grade.

Dakota Maracle: You'll love hearing this, Nico. Many years ago, I was starting out in 2nd Grade, and I also met Lincoln and Girl Jordan, who also started 2nd Grade as well, and we became friends easily. But, then, I saw that Lincoln and Girl Jordan were secretly a couple and it was really amazing. But, I also found out that if any bully finds out, they'll start teasing them. But, I came to their rescue and I punched any bully who'd tried to tease Lincoln and Girl Jordan, and I swore to keep their secret, and for years, I did just that. But, it was so sweet that Lincoln and Girl Jordan were secretly a couple, and I knew one day, they'd be together.

When Dakota Maracle was finished, it was so amazing and we had tears of happiness in our eyes.

Nico: Wow, now that was one awesome story.

Me: So, you two were secretly a couple when you guys started 2nd Grade, wow.

Lincoln: That's right, J.D., and Dakota kept it a secret and defended

us.

Girl Jordan: And she knew we were an amazing couple, but what she didn't know was that Linky's charisma and personality would attract many girls and it would lead to him having a harem, and Dakota would eventually develop feelings for Lincoln as well, and now, she's part of his harem now.

Eli: Wow, and you were given The Mark of Hinon when you were born and you were also blessed by Hinon.

?: (Strong Voice) That's right.

This caught our attention.

Me: Who said that?

Suddenly, we saw the blue Thunderbird Element of Harmony on Lincoln's Thunderbird Necklace of Eternal Love was glowing, and we heard the strong voice coming from them.

Lincoln: (Gasps) Lord Hinon.

Hinon: (Through the Thunderbird Element of Harmony) That's correct, Lincoln, and I apologize for the sudden scare.

Nico: This is indeed quite a surprise, Lord Hinon, and it's an honor to meet yo. So, you were inside the Thunderbird-shaped Element of Harmony that Twilight Sparkle and her friends gave Lincoln.

Hinon: (Through the Thunderbird Element of Harmony) That's right, Nico, and it's a pleasure to meet you, and to answer your question, you're right. I was inside of the Thunderbird-shaped Element of Harmony that Twilight Sparkle and her friends gave Lincoln, and I apologize for not telling you all this on Lincoln's birthday.

Nico: It's alright, Lord Hinon.

Hinon: (Through the Thunderbird Element of Harmony) And it's also good to see you again, Dakota.

Dakota Maracle: You too, Lord Hinon.

Suddenly, the Thunderbird-shaped deep sapphire blue Element of Harmony glowed and it also caused the Rainbow Thunderbird emblazoned on Lincoln's forehead and the rainbow iris of Lincoln's Third Eye of The Buddha to glow even more, and it meant Hinon was now also going to help Lincoln as well.

Hinon: There, now I'm also going to help you and Linka even more, Lincoln.

Lincoln: Wow.

We then got a shower afterwards, and then, Lincoln and his harem are heading to Aqua Lake Zone in Sonic's world for their exploration date.

Lincoln snapped his fingers, and the 7'5" tall, handsome, and extremely muscular man was dressed in a pair of large orange swim shorts with stars, constellations, Thunderbird, Phoenix, Angel, Buffalo, and elemental forces that Kuēsā gave him, large orange sandals, his jewelry, and he had his weapons holstered, in case of trouble.

And his harem were dressed in the two-piece bikinis with stars and constellations in their favorite colors that Kuēsā gave them, sandals, jewelry, and they had their weapons holstered.

Lincoln: Alright, ladies, are we ready?

Dakota Maracle: We're ready, Linky.

Lincoln and his harem headed for Aqua Lake Zone in Sonic's world after they left the World Tree Estate, and when they arrived, it was still amazing as ever.

Paige: Wow, so this is Aqua Lake Zone, it's amazing.

Lincoln: It sure is, Paige. Sonic told me about this place, and it's perfect for our date. Shall we?

Lincoln and his harem dived right into the waters and they began swimming in the waters, and they also saw the sea creatures and plants that live there. Then, they had lunch in a picnic area located in the north underneath some trees and it was really amazing. Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem and they wrapped their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Lincoln and his clones, and they shared an amazing and passionate super-charged kiss. Then, they came back home to the World Tree Estate, and back in their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico, we went to Aqua Lake Zone in Sonic's world, and we had a lot of fun exploring there.

Lily the Mermaid: We sure did.

Nico: That's awesome.

Me: And you guys also had fun exploring there, and you didn't run into any trouble.

Lincoln: We sure didn't.

Later it was time for Pohatu's final Ambassador Mission and this was gonna be a really awesome and cool one.

Brittney: Me and the Goths and Dark Signers will go and Hari too if she wants.

Hari Koo: I would be honored.

Haiku: Yeah we'll love this.

We arrived in Japan.

Pohatu: Sento, meet Lupin.

Lupin III: Hello there. Arsene Lupin III, descendant of Arsene Lupin.

Hari Koo: and my name is Hari Koo. I'm Brittney's little sister figure.

Brittney: I met Hari and her little brother on my separate Ambassador Mission.

Nico: Yep.

We went to the base and then when we got in we saw a familiar figure to Maria and Sento sitting in the base. We saw that it was UTSUMI NARIAKI!

---

**Nariaki Utsumi** is a major antagonist in *Kamen Rider Build* . He is a spy for Namba Heavy Industries Ltd. acting as the assistant of Gentoku Himuro at the Touto Institute of Advanced Matter Physics, and secretly a member of the organization Faust. He later assumes the form of **Night Rogue** when Gentoku uses him as a scapegoat and seemingly dies, only to resurface as an engineer for Namba. Later in the series, Utsumi joins up with Evolt and becomes **Kamen Rider Mad Rogue** .

He serves as a supporting antagonist in the "Faust" and "Invasion of Hokuto" arcs, a major antagonist in the "Invasion of Seito" and "Evolt" arcs, and the secondary antagonist of the "New World Creation" arc.

He was portrayed by Yuki Ochi.

Nariaki Utsumi was originally one of the Namba Children, a group of orphans taken in by Namba Heavy Industries Ltd. and raised to serve as spies and agents of the company, as well as being conditioned to be absolutely loyal to the company's president Juzaburo Namba. At some point after the Skywall Disaster Utsumi infiltrated the Touto government and became the assistant of Gentoku Himuro, possibly with help from Gentoku himself. He later joined Faust after it was formed by Gentoku and Takumi Katsuragi with backing from Namba Heavy Industries.

Utsumi is first seen informing Gentoku about Sento's job application for the Touto Institute of Advanced Matter Physics, stating that Sento had passed the entrance test with a perfect score.

Utsumi is Sento's direct superior at the Institute, reporting directly to the Prime Minister of Touto, Taizan Himuro, while at the same time also secretly assisting Gentoku/Night Rogue within Faust. He was one of the first present witnessing Taizan's collapse, after the Pandora Box was stolen from the Institute. The Box was later hidden within a secret basement at one of Namba Heavy Industries' laboratories.

After the Pandora Box was stolen by Blood Stalk, Night Rogueand Juzaburo Namba resolved to dissolve Faust by staging an operation to destroy it where Touto would supposedly take down Faust. In the operation Utsumi assumed the identity of Night Rogue and was exposed by Build as Faust's apparent leader, but Build remained suspicious.

Cornered by Build a bridge across a river, Utsumi revealed to Build that he had known for a while he was really Sento. He told Sento to "turn back" while he still had time but was shot by Himuro and knocked off the bridge before he could finish.

However, Nariaki was later found by Blood Stalk and converted into a cyborg due to the fatal injuries he had sustained, before resurfacing as a member of Namba Heavy Industries Ltd. He later revealed to Himuro that he had survived while he was waiting for Juzaburo Namba.

After Himuro was banished from Touto, he approached Utsumi and asked to be made a Kamen Rider, Utsumi made him beg for it, but then later declined his request anyway. Stalk later decided to make Gentoku into a Kamen Rider on his own, an idea that Utsumi did not like but still went along with.

Collaborating with Seito

Utsumi later updated the Kaiser System to create the Remocon and Engine Bro's to be used by Seito's military. For his efforts, Utsumi received a personal thanks from Seito's Prime Minister, Masakuni Mido.

He accompanied Blood Stalk to the meeting with Sento and Ryuga to exchange Taizan Himuro for the Evol Driver, though when Sento and Ryuga refused to follow through and fighting broke out, Utsumi fled the scene. He later ambushed Misora to steal the Evol Driver from her and gave it to Stalk, allowing him to become Kamen Rider Evol.

Later, as Kamen Rider Evol Dragon completed and used the Pandora Box to create Pandora Tower, Nariaki went out untransformed and demanded he stop opening Pandora's Box. Evol responding by shooting him away by with the Nebulasteam Gun. He later reappears back at Namba's office when Evol goes to meet with Namba.

Becoming Kamen Rider Mad Rogue " *Now, fight to your heart's content… Kamen Rider Mad Rogue!* „ ~ Evol christens Utsumi's Kamen Rider form.

After assuming his Black Hole form, Evolt goes to Namba in the form of a copy of Soichi Isurugi and declares to Namba that he will be the new leader of Seito, supplanting Namba Industries. He later meets with Utsumi and proposes that he come work for him, complimenting his skills as a scientist and revealing a second Evol Driver for him to use, though Nariaki is reluctant to take Evolt up on his offer.

Nariaki later meets with Gentoku Himuro and pleads with him to help them stop Evolt, saying he could destroy the enter world if not stopped. However, Gentoku is reluctant to trust his old assistant.

Nariaki eventually goes to confront Evolt alongside the Remocon and Engine Bro's and a squad of Hard Guardians. He produces a tablet for Namba to talk to Evolt with, and his boss proclaims his refusal to go along with Evolt's plans. Evolt then assumes his Black Hole form and teleports everyone to a barren battlefield for them to fight. Nariaki sends the Hard Guardians to attack first, but Evolt cuts them all down in a matter of seconds. The two Kaisers then go to attack, but fair little better against Evolt's immense power. The Kamen Riders then arrive and fight Evol alongside the forces of Namba Industries, though even with their combined power they are unable to hold their own against Evol.

After killing the two Washio brothers, Evol opens up a portal to Namba's office and goes through it to kill Namba. Utsumi could only watch in horror through his tablet as Evol disintegrated Namba's body. Returning through the portal, Evol restates his offer to Utsumi and tosses him Namba's old cane. Remembering his time as a Namba Child, Nariaki laughs and declares that, since Namba is dead now, nothing matters anymore and takes Evol up on his requests. Evol then gleefully tosses Utsumi the second Evol Driver, which Nariaki inserts the Bat and Engine fullbottles in to become a Kamen Rider, which Evol proclaims to be "Kamen Rider MadRogue".

With his newfound power, Utsumi fiercely attacks Kamen Rider Rogue and knocks him out of his transformation, refusing to listen to Gentoku's attempts to reason with him and proclaiming that with Evolt he finally has a chance to showcase his brilliance. As Ryuga rushes over to check up on Gentoku, Mad Rogue charges up an attack to finish them off with, but the attack is shielded by Kamen Rider Grease, who promptly retreats with the two injured Riders.

Back at the Pandora Tower, Utsumi is informed by Evol that now that Namba is dead, he will be assuming the identity of Masakuni Mido to propel the invasion forward, stating that reuniting Touto will make things easier for him in the long run. Utsumi then inquires to Evol what he intends to do about the Kamen Riders, to which Evol replies that he still intends to keep on using them to further his plans, instructing Utsumi to bring them to him alive. Admiring the Evol Driver, Utsumi expresses that he had previously believed their to only be one and asks Evol where the second one came from, but Evol instructs him to keep his questions to himself.

Visiting the ledge where he was shot off, Utsumi reflects on if he is wrong, but comes to the conclusion that he is not and chooses to reject the notion completely. Later, Utsumi leads an army of Hard Guardians as they assault a Touto city, only for Kamen Riders Cross-Z Dragon and Grease to show up and fight off the Guardians. Utsumi then transforms into Kamen Rider Mad Rogue and begins attacking the two, soundly overpowering them both. Takumi Katsuragi then arrives to help out, transforming into Kamen Rider Build, but Mad Rogue defeats him too and knocks him out of his transformation. However, spurred on by Ryuga and Gentoku, Takumi regains his memories as Sento, allowing him to use the Genius Fullbottle to transform into Kamen Rider Build Genius Form, shocking Mad Rogue.

Build Genius then overpowered and easily defeated Mad Rogue, but before he could finish Mad Rogue off, Kamen Rider Evol showed up and claimed the Hokuto Three Crows' Fullbottles from Kazumi before teleporting away with Mad Rogue. Back at Faust's lab, Evolt revealed to Utsumi that he intended to wipe out humanity by turning them all into the final form of Smash, Lost Smash, and having them rampage until they've killed each other and destroyed the planet. He then confirms Utsumi's assumption that he left the Kamen Riders alive so he could turn them into Lost Smash.

When Kazumi attempted to infiltrate Faust's lab to claim back the Hokuto Three Crows' Fullbottles, his disguise was seen through by Utsumi, who had a quartet of Faust Guardians capture him. Utsumi then subjected Kazumi to Nebulas Gas experimentation, making it so that if he ever lost a fight he would die. Kazumi manages to escape but is pursued by Faust Guardians. Finding himself face to face with Yoshiko Tajimi, Kazumi's Prime Minister uses the Owl Lost Bottle to transform into Owl Lost Smash to fight him. Build then shows up to assist Kazumi, but Mad Rogue also arrives and attacks Grease while Build engages the Owl Lost Smash. Spurred on by Build's determination to save the world, Grease fiercely attacks Mad Rogue and overpowers him, forcing him to fall back.

Kamen Rider Mad Rogue later participated in an attack on the Touto

Government Office spearheaded by Black Hole Evol. He fought against Kamen Rider Cross-Z Magma and was fiercely beat back by him after he flew into a rage upon experiencing visions of Evol destroying Mars. After Evol annihilated the Touto Government Office, Mad Rogue retreated along with him.

Utsumi was later present when Evolt was giving a speech disguised as Mido to the people of all three territories about the reunification of Japan. After Evolt was done, he had the drone filming him turned off and told Utsumi to procure the Kamen Riders so they could use them to produce Lost Smash. Utsumi then told Evolt that having the Lost Smash attack people would bring about the downfall of the nation and questioned Evolt as to what his goals really were, but Evolt simply told him not to ask anymore questions if he valued his life.

Mad Rogue later pretended to fight off the Kamen Riders, who had been declared "terrorists" by the Seito media and slandered as attempting to oppose Seito's new order, in order to lure them out. Sento and Gentoku soon arrived to confront him, transforming into Build Genius Form and Kamen Rider Rogue respectively. Utsumi sent the Stretch Clone Smash he was with to attack Build while he fought Rogue. Mocking the Rider for being unable to live up to his father, Mad Rogue beat Rogue down though, inspired by Build's determination, Rogue refused to give up. After the Stretch Clone Smash was destroyed, Mad Rogue was defeated by the combined power of Rogue and Build and knocked out of his transformation. Utsumi later fled when Another Build arrived and ambushed Sento and Gentoku.

Noticing that Gentoku and Kazumi were sneaking around Faust's base, Utsumi captured them and had them dosed with a high concentration of Nebula Gas so they could be turned into Lost Smash. However, the two manage to escape before the procedure was finished, prompting Utsumi to send Faust Guardians after them, as well as transforming into Kamen Rider Mad Rogue to fight them. Kamen Rider Build then arrives in his TankTank form and fights off Mad Rogue and his Guardians while Cross-Z Magma flies away with Gentoku and Kazumi. After Mad Rogue gets knocked to the ground by Build, Shinobu Katsuragi shows up as Build NinninComic to fight

Build instead and causes Sento's Build Driver to teleport him away. He then tells Utsumi that Build escaped.

After Kamen Rider Evol was defeated by the Kamen Riders, he sent some of his DNA to possess Utsumi in addition to hiding it in the Evol-Driver, anticipating that Shinobu Katsuragi would betray him. After Shinobu brought the Riders to the Pandora Tower and revealed he was working against Evolt the entire time, Evolt showed up and revealed he was possessing Utsumi before fatally wounding Shinobu and transforming into Kamen Rider Mad Rogue to fight the Riders. Evolt quickly found Utsumi's power to be limiting though, and discarding him so he could retake his own Evol-Driver and use it to become Kamen Rider Evol.

Later, after Evol lost two of the Lost Fullbottles to the Riders, Utsumi walked up to him and accused him of only conquering Japan to buy himself time to complete the Black Pandora Panel. Evol responded by grabbing Utsumi by the neck and telling him to "shut up", threatening to kill him if he revealed his true intentions to the Riders.

Following his announcement of a final battle against the Kamen Riders over live television, Evolt had Utsumi run simulations of a Strong Smash Hazard and a Flying Smash Hazard so he could practice against them. After destroying both with single strikes, Evolt remarked to Utsumi that he would make a good replacement for Shinobu.

On the day of the final battle, Utsumi stayed behind at the top of the Pandora Tower to watch the Kamen Riders as they made their way through the tower. He later called Sawa Takigawa and, revealing he had been plotting to betray Evolt all along, tells her and Misora to bring the Lost Bottles to the Pandora Tower. He later shows up while Kamen Rider Rogue is fighting clones of Remocon Bro's and Engine Bro's to transform into Mad Rogue and assist him. The clones merge to form Hell Bro's, but the two Riders manage to destroyed it with their combined power, causing it to drop the Hammer Lost Bottle. Kamen Rider Evol then shows up to claim the Lost Bottle and fights the two Riders.

Mad Rogue then reveals he is able to access Evolt's phases and fights Evol one-on-one, only to lose and be knocked out of his transformation after his cyborg body gives in, revealing him as mechanized to Gentoku and Sawa. Evol then attempts to finish Gentoku and Sawa off with the Steam Blade, but Utsumi gets up to block the attack, sacrificing himself to give the two time to gather the Lost Bottle and escape by teleporting away.

In the new world created by the merging of the World of Build into the main Kamen Rider world, Nariaki Utsumi became a worker at Namba Industries, which was now just a single metal-working plant as opposed to a large arms dealing corporation. He was shown attempting to break a metal rod over his knee for being imperfect in a similar fashion to how he broke Namba's cane, and failing.

He later reunites with the rest of the Riders to assist them in their fight against the Downfall terrorist organization, becoming Kamen Rider Mad Rogue once more to fight the Downfall grunts.

Utsumi: Hello, Team Loud Phoenix Storm. I don't know if you're busy. But we really need to talk!

Me: Utsumi Nariaki!

Lucy Loud: Gasp!

Brittney: Not this bad guy!

Utsumi: Please! I have nowhere else to go!

Me: Like we'll ever believe that!

Lupin: You have Namba Industries.

Utsumi: Not at the moment! You know Juzaburo Namba?

Maria: The CEO of Namba Industries? Yeah, me and Sento remember him.

Utsumi: He said that I was fired from Namba Industries!

Me: How do we know this isn't a trick?

Nico: Yeah after what you did with Evolt how do we know this isn't a trick so you can try and kill us?

Utsumi: Because the person who replaced me is much worse then Evolt or how I was before.

Me: Oh really? And who pray tell is that?

Kazumi: I think it's him!

We looked on the TV and then we saw a face I thought I was rid of forever! It was my enemy DANZO SHIMURA!

Me: Danzo Shimura!

Nico: Not that traitorous motherfucker again!

Eli: I thought we were rid of him forever!

Banjo: Is that one of the rogue ninjas from the Hidden Leaf?

Me: He's worse than that Banjo. He's the most notorious traitor in all of the history of the Hidden Leaf and the Five Great Nations. He was an old acquaintance of the 3rd Hokage and they were once good friends and were competing all the time for the title of Hokage. But Danzo is not someone to be taken lightly. He was given the Moniker, The Darkness of Shinobi. He is a warmonger and he gets a sick thrill out of causing nothing but chaos, death, destruction, pain. suffering and war. He was responsible for a number of unholy atrocities and war crimes all over the world and because of him, the entire planet was teetering on the razors edge of destruction.

I went over his history.

---

Danzō Shimura is a member of the Hidden Leaf's council and a major antagonist in the manga and anime series Naruto. His unbridled jealousy of Hiruzen Sarutobi, caused Danzō to do despicable acts in pursuit of the position of Hokage, Danzō's militant and archaic views made him a danger to the village he professed to love and protect as he created the hatred in some of Konoha's greatest attackers and major villains (Kabuto Yakushi, Orochimaru, Nagato, and Sasuke Uchiha) due to his harsh and cruel indifference to human suffering. Strangely, despite Danzō's views that ninja should always be ready to sacrifice their lives, he was afraid of death, much to his own shame. He is Sasuke Uchiha's arch-nemesis.

In the Japanese version, he was voiced by Hiroshi Ito, and Masayuki Katō as a young adult. In the English version, he was voiced by William Frederick Knight, and Peter Lurie as a young adult.

In his youth, Danzō was good friends with Hiruzen Sarutobi, having felt the need to upstart him. During the First Shinobi World War, Danzō and Hiruzen, along with the latter's team-mates Koharu Utatane and Homura Mitokado, were placed together in a squad under the Second Hokage Tobirama. When being late pursued by the Kinkaku Squad of the Village Hidden in the Clouds, Danzō attempted to volunteer in sacrificing himself as a decoy to ensure the others' safety. However, paralyzed with fear as Hiruzen volunteered for the task, Tobirama sacrificed himself instead while naming Hiruzen as his successor much to the shock of both Hiruzen and Danzō.

With Hiruzen as the Third Hokage, with him, Koharu, and Homura appointed roles as his advisors, a grudge filled Danzō resolved to become Hokage someday and formed the ANBU subsidiary named Root. Though the group was later officially disbanded, Root remained secretly active as Danzō executed shady dealing. The group became even more mindlessly devoted to Danzō, who started branding them with cursed seals, even attempting to assassinate Hiruzen on one occasion.

One such event was aiding Hanzo in his attempt to wipe out the but the men he sent to the Village Hidden in Rain were all wiped out by Nagato. Danzō also played a role in Kabuto Yakushi becoming a rogue ninja under his former subordinate Orochimaru, whom Danzō had implanting the DNA of Hashirama Senju to use his Wood Style.

In the aftermath of Kurama's attack on Konoha, Danzō suspected the Uchiha clan to have involvement and supported their relocation for better observation, which led to the Uchiha becoming more isolated and discontent, and thus eventually plotting to rebel. Years later, learning of the planned coup d'état by the Uchiha clan and playing on Itachi Uchiha's pacifist tendencies to provide him and the other elders with information of the clan's actions, Danzō secretly killed Shisui Uchiha, despite the fact that Shisui was actually already planning to use a genjutsu to prevent the Uchiha rebellion. He kills Shisui in order to obtain his Sharingan eyes. However, Danzo then secretly ordered Itachi to slaughter his clan in return that his younger brother Sasuke Uchiha would be spared death. Though Itachi committed the deed, he left Danzō with a warning to not harm Sasuke or he would expose the circumstances of the Uchiha Clan's demise to the other ninja villages. Hiruzen, however, guesses much of what had happened, although he had no proof, and becomes even more suspicious of Danzō, and demands that Root be disbanded.

When Team Kakashi decides to meet with the spy Sasori installed in Orochimaru's camp, Danzō took advantage of Kakashi's absence to assign Sai to the group as part of a plan to secretly assassinate Sasuke. To achieve that goal, Danzō had Sai trick Orochimaru into thinking he wants to join forces with him to destroy Konoha. Though Sai failed his mission, Danzō allowed him to remain with Team Kakashi, as Danzō had become worried about Naruto becoming a problem, and Sai would be in a perfect place to watch him.

During the events of Pain invading Konoha, Danzō was against Tsunade calling Naruto back to the village in fear that they would lose Kurama. To that end, Danzō not only killed the messenger toad Kōsuke but also ordered his subordinates not to come to the Hidden Leaf's aid with the expectation that Tsunade would be killed off not caring about the deaths of the other villages. Most of the villagers were killed in the attack. However, despite Danzō's action, Naruto arrived none the less with everyone Nagato killed revived while Tsunade ended up in a coma. Following the invasion, the Hidden Leaf are summoned before the Lord of Fire over what occurred, with Danzo convincing the feudal lord to name him the new acting Hokage. Danzō becomes the leader of the armed forces by influencing Mifune's mind but is caught.

Soon after, Danzō uses his power to mark Sasuke as a criminal to be killed before leaving for the Kage Summit in the Land of Iron to discuss dealing with the Akatsuki. Before leaving, seeing that he cannot confine Naruto due to his reputation as a hero, Danzō ordered Sai to spy on the boy while sending his men to track down Kabuto for his medical knowledge. With Torune and Fuu as his bodyguards, Danzō arrives at the Kage Summit and attempts to name himself the leader of the alliance that would fight the Akatsuki. However, the abrupt appearance of Taka and White Zetsu forces Danzō to flee.

However, Danzō and his men were halted by Tobi at the Samurai Bridge. By that time his men were defeated by Tobi and Sasuke, who then challenged Danzo to personal combat, Danzō unsealed his arm and revealed it to have been embedded with multiple Sharingan eye as he admits his role in the Uchiha Clan Massacre. Sasuke pretends to attack in anger with his Susanoo, Danzō uses Izanagi to evade the fatal attack, until it becomes evident that Sasuke was actually just making Danzō lose track of how many Sharingan he had in his arm, and in the end Sasuke is able to overcome Danzō by using a simple genjutsu making Danzō think he has one extra. With the powers of both Senju and Uchiha at his disposal, causing Tobi to realize that Danzō is targeting Naruto, Danzō clashes with Sasuke before being forced to sever his right arm as he was overwhelmed by the Senju DNA.

Refusing to accept defeat, Danzō takes Karin as a hostage so he can use Shisui's eye on Sasuke. However, Danzō was shocked that Sasuke had his attack pierce through Karin to kill him. On the verge of death, seeing that he can never surpass Hiruzen, Danzō decided to use the last of his life to take both Sasuke and Tobi down with him with the Reverse Four Symbols Seal. Though both were able to get out of range, Danzō destroyed Shisui's Sharingan to prevent Tobi from obtaining it.

When I was finished, Sento and the others were horrified!

Sento: He's that dangerous!?

Me: Yeah. Danzo is not called the Darkness of The Shinobi for show. He has done so many terrible war crimes and atrocities all over the 5 Great Nations that it defies all forms of description. He claims that it was all for "The Good of The Hidden Leaf Village" but all he was doing was satisfying just himself. He tarnished everything that the Hidden Leaf stood for and his unbridled jealousy was unbelievable and he views my brother Naruto as a weapon. He doesn't give a flying fuck about anyone but himself.

Nico: Yeah this guy is really bad news.

Lucy Loud: Yes he is and he can never be trusted ever.

Sento: I had no idea that you guys had so many experiences with him. Let alone a really bad history with him in the distant future and all that.

Eli: Yeah we sure have.

Me: What Danzo has done over the years makes him nothing short of Pure Evil Incarnate.

Utsumi: (gets on his knees) Please, Team Loud Phoenix Storm. I promise not to double cross any of you. All I want is my job back!

Horsea: What do you think, Maria?

Maria: I don't know.

Me: Maria I know it might not seem like a good idea. But right now we have much bigger problems and we don't have much of a choice. Danzo is here and we have to make sure he is brought to justice for all of his crimes.

Nico: I thought you want to kill him.

Me: As much as I want to do so I've grown sick and tired of killing him over and over. This time I'm going to throw him in jail but with a terrible curse put on him. Lady Tsunade is going to have one helluva field day when she sees Danzo back.

Lupin: Eli can check if he's lying.

Eli: Okay.

Eli used the Force and found out that he was telling the truth.

Eli: Guys, Utsumi is telling the truth. He wants his job back and he wants to prove to us that he is going to change into a good man.

Me: Okay.

Nico: We'll give you a chance Utsumi. But if you double-cross us, consider yourself given the Black Gates.

Sento: Does Danzo have any foot soldiers?

Me: He used to but in 150,000 years we killed them all. They are called ROOT. They were a branch of the Hidden Leaf ANBU and Danzo wanted all shinobi to be nothing but emotionless tools of war. But the 3rd Hokage disapproved of Danzo's methods and ordered for the group to be disbanded. But Danzo kept it running regardless and disobeyed his orders. He operated with it from the shadows.

Sento: Wow.

Maria then saw something outside.

Maria: Looks like there are still ROOT members serving Danzo. There are even some outside.

Me: Obviously 150,000 years has taken a big toll on his memories.

Sento: Perfect! Henshin!

He transformed!

Nico: Lets get them! (GOES MYSTIC SAIYAN!)

Me: Here we go! (Snaps Fingers)

I donned my awesome Shinobi of the Leaf gear!

Me: Lets go get them!

I unsheathed my sword and we went at the ROOT Members!

I slashed and cut and bisected them in half.

Sento: I didn't get a chance to test these out last time.

Hydro Man! Demyx! Best Match!

WATER POWER!

He got an awesome and cool Aqua Blue Water Armor!

He fired a massive blast of water and blasted through them.

Me: Try this one on. FIRE STYLE NINJA ART: HELLFIRE INFERNO!

I fired a massive blast of fire and it formed into a huge black flame cobra and it blasted the ROOT Members into ashes in an instant. They were all destroyed

Me: Now lets go get him!

Sento: Right. But what was that technique you learned J.D.?

Me: Oh I know lots of awesome techniques. But that was one of the most powerful techniques we know.

Nico: It's true.

Eli: Yeah.

We went to the Prime Minister's house.

Me: Here we are.

Sento: Now for these before we go in there.

Ebon! Shade! Best Match!

DARKNESS SHADOW POWER!

He had pitch black armor on!

Nico: YEAH!

Me: Lets go. Time for a side entrance.

Sento: It'll be awesome to see an entrance.

We went in.

Juzaburo Namba: Utsumi. I thought I made it clear that you were fired!

Me: He's with us for the time being!

Juzaburo Namba: You have no right to be siding with that…

I grabbed him by his shirt and gave him a death glare.

Me: Shut your fucking mouth.

I let him go.

Nico: Consider this his rehiring.

We went to Danzo's office.

We went up to his door.

Me: Here to ge.

We went at the door.

Danzo was meditating and then the symbols of the Villages of the 5 Great Nations appeared and swirled around him and then they converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the door and then a Phoenix Cry was heard and then we came out.

Me: Danzo Shimura! Been over a year since we saw each other.

Danzo Shimura: It feels like an eternity J.D.

Me: For me it's an infinite eternity.

Nico: You will pay for everything you have done!

Sento: You're about to see my most powerful form, Danzo!

Genius! Are you ready? Kanzen muketsu no bottle yarō! Build Genius! Sugei! Monosugei!

He donned his most powerful form and it was awesome!

Danzo: Your power is very impressive Sento. Too bad you're with J.D. or you would have beem a good bodyguard for me.

Sento: Like I'll ever be a lacky for you!

Me: And your butt-buddy Orochimaru isn't coming to help you ever again. I made sure of that!

Danzo: And how did you do that?

Me: I killed him and gave him the Black Gates.

Danzo gasped! He heard legends about one of the deadliest techniques ever done by the Uzumaki Clan but never in 150,000 years would he ever thought that I would be able to master a technique as powerful as that!

Danzo: You mastered the Black Gates?

Me: Did I stutter on that?

Gentoku: And we're going to make sure you never torment anyone again!

Danzo: (to Gentoku) Shame you side with Team Loud Phoenix Storm, Gentoku. You shared my ideals before.

Gentoku: The difference is that unlike you, I admit that I've made mistakes! (throws punch at Danzo)

POW!

He punched him in the face and knocked him down!

Me: But lets not fight in here. Too cramped.

Nico: And I got just the planet for us.

Nico snapped his fingers and we were on the planet Valmorg!

Me: The planet Valmorg. Good choice.

Sento: Wow! It's brutally hot here.

Me: 1,900 degrees Fahrenheit.

Lucy Loud: It's fitting for us.

Me: Now then…

I went Super Angel Infinity Xelnaga!

Danzo: What the!?

Me: (Divine Echoing Elemental Voice of Friendship, Hope and Love) **I'm not the same as I was before Danzo. I've gotten far more powerful since when we last fought over a year ago.**

Danzo: What have you become?

Me: **A creature that exists in Evil's Worst Nightmares!**

Sento walked up to Danzo and kneed him in the stomach.

KROW!

I then teleported and kicked Danzo in the back of the head and sent him crashing into a rock. He got up and he was mad.

Danzo: You wretch!

Me: **Says the pot calling the kettle black.**

Horsea squirted ink into Danzo's eye.

SQUIRT!

He screamed as his eye was blinded!

Nico: YEAH!

BLAM!

Nico punched Danzo in the face!

Rarity: Lets see how he likes this darlings!

She used the Fullbottles of Xaldin and Vortex!

XALDIN! VORTEX! BEST MATCH!

Rarity: HURRICANE DRAGON THUNDERSTORM!

She fired a wave of wind and it hit Danzo and shredded him all over the place!

Maria: Sento, you may not be using Fullbottles at the moment. But we still can!

Nico: That's for sure!

Carly Atlas: Lets see what mine can do.

Haiku: Here we go.

CARLY ATLAS! AXEL! BEST MATCH!

Haiku: ORANGE FLAME INFERNO STORM!

She fired a massive blast of fire and it hit Danzo and burned him!

Brittney: Nice one!

Danzo: The War in the Elemental Nations could've been recreated here.

Banjo: But it wasn't! Thanks to the efforts of Maria and Sento!

Nico: And there is no way in hell we would ever let that happen!

Eli: Besides we have another war coming up in a month and a half!

Me: **And we don't need you to add more fuel to the fire by including another war into the mix!**

Carly Atlas: Yeah! And you have a lot to answer for when you are put away forever!

Danzo: I'm not going down without a fight!

Me: **Then that's exactly what you are going to get!**

Not wanting to be left out, Kazumi punched Danzo in the eye

BLAM!

He was punched hard and I leg swept Danzo and then kicked him in the back and sent him into the air and then I jumped and then I kicked him in the back and teleported and dealt a massive spinning axe-kick to his stomach!

Me: **FLYING LION'S LEAF SHADOW!**

Danzo smashed into the ground with devastating force and he got up and had a lot of bleeding cuts and all that.

Utsumi: Oh, and this is for replacing me!

Utsumi poured salt into Danzo's eye.

He screamed in pain!

Nico: OOH! That has to hurt!

Twilight Sparkle: Nothing hurts worse than rubbing salt in your eyes.

Persephone: No kidding there.

Danzo growled.

Danzo: I'm not done yet!

Danzo went into BAT ROGUE!

Me: **Now things are getting good.**

Nico: (to Utsumi) When Danzo's defeated, you can have your Kamen Rider device.

Utsumi: Awesome! Thanks.

Eli: You're welcome!

Danzo then spread bad wings and flew into the air and I flew after him we clashed with incredible power! Sparks and fire were flying all over the place and setting much of the area on fire.

Maria fired a water blast at Danzo and the fires.

He was smashed down and I fired a massive shower of energy balls and they were hitting Danzo all over with incredibly explosive power! Massive fiery explosions were decimating the land as Danzo was being pulverized all over by a massive flurry of energy blasts and more. It was like how Vegeta went ballistic against Cell. It was incredible!

Brittney: Wow! Look at dad go!

Nico: Unbelievable!

Maria: YEAH!

I stopped and when the smoke and dust cleared Danzo was down and defeated!

Maria: Now, as promised, you better not go back to evil.

Utsumi: I won't. In fact, I think I'm going to take it easy for the next couple of days.

I landed and powered down.

Me: You kept your word all the way. You can choose to be in either the redemption squad or the Masters of Evil.

Utsumi: I'll need some time to think on that.

Nico: Okay.

I went over to Danzo and I grabbed his Bat Fullbottle and purified it and then took his Kamen Rider Belt and then I tied him up and put a seal on him that neutralized his chakra and I picked him up.

Me: Lady Tsunade is going to explode seeing Danzo back.

I went over to everyone.

Nico: Wow that was incredible!

Me: Awesome way to finish Pohatu's missions with a bang.

Sento: Pohatu, ever since I met you, you've been like a big brother to me. And trust me. My family situation is… complicated.

Pohatu: I understand Sento and Maria told us everything that you went through and that is awful but I would be honored to be your big brother.

Sento: I'm glad and honored.

Maria: So awesome.

Sunset Shimmer: But this was an awesome way to finish with a bang for these missions.

Eli: Yeah it sure was.

Me: And next up is Ghost.

Nico: Yep.

We later came back.

May: Hey guys. Welcome… (GASP) Is that Danzo!?

Me: Yeah weird story.

I told everyone everything and it was incredible.

May: HOLY MACKEREL!

Nico: Man this guy's (GETS HADES MAD) IS REALLY STARTING TO PISS ME OFF!

Nico had fire explode out of him and his hair like how Hades gets mad!

Nico: (Panting) Whew. Sorry about that.

May: Onua, for your first mission, 4 Rabbids and Juniper Lee should go with you.

Onua: Great idea. The Ghost Kamen Riders right?

Nico: Yep.

Laney: But this was awesome.

Me: Yep. I got to go report this to Lady Hokage.

Nico: I'll go with you.

Me: Okay.

We went to the Leaf Village.

Me and Nico were walking over to the gates of the Leaf and we went in.

Izumo: Well hey J.D., Nico.

Nico: Hello Izumo and Kotetsu.

Kotetsu: Here to report in?

Me: Well that and we have had a really major development happen on Pohatu's final ambassador mission.

We then showed Danzo.

They gasped!

Izumo: Is that Danzo Shimura!?

Kotetsu: How is that possible!? He's dead!

Nico: We don't know ourselves to tell you the truth.

Me: But we know it's not the Church of Necrom's handiwork.

Izumo: Well we better lead you to the Hokage then!

They came with us and we went to the office.

We knocked on the door.

Lady Tsunade: Come in!

We came in.

Me: Hello Lady Tsunade.

Lady Tsunade: Oh hello J.D., Nico.

Me: Sorry to come in like this but we have had a really unexpected development happen during Pohatu's last Ambassador Mission. Recognize this face?

I showed them Danzo and they gasped in shock!

Shizune: Is that?

Lady Tsunade: Danzo Shimura!?

Nico: Yeah.

We told them everything about what went down and they were shocked and then…

Lady Tsunade: WWWWWWWHHHHHHHHHAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

I covered my ears with my wings! And Lady Tsunade's yell was so powerful that it shattered all the glass in the Hokage building!

Nico: HOLY SHIT!

Me: GEEZ LADY HOKAGE! Can you please warn us next time when you do that!?

Lady Tsunade: Oh sorry. But well done capturing Danzo.

Me: Thanks. Oh and the evidence you need on his crimes is all in here.

I pulled out a black book and it was called Danzo's Terrible Crimes.

Me: This is something I was putting together in 150,000 years. It's a record of all the crimes Danzo has done. This has more than enough evidence that the Five Great Nations need.

Lady Tsunade looked it over and it was awful!

Lady Tsunade: J.D. you are something. But great job. You guys are going to be given Z-Rank mission credit. ANBU, take Danzo to be prepped for trial.

They did so.

Me: Thank you Lady Hokage.

Nico: But Danzo is going to be sure to get what's coming to him.

Me: This is gonna be something I call The 5 Great Nations Trial of The Century.

Nico: Yep.

We got the trial later underway and it didn't take long. Danzo was found guilty of NUMEROUS COUNTS including Unlawful vigilantism, Conspiracy, Mass murder, Various illicit underhanded dealings. Crimes against humanity, Nigh-omnicide, Brainwashing, War Crimes, Abuse, Mutilation, Treason, Attempted usurpation, Abuse of power, Attempted abduction and more. He was sentenced to many terms of eternity in the Neptune Prison Supermaximum Security Section in Solitary Confinement. But he has a terrible curse on him! It was the Chronos' Vengeance Curse and he looked like he was 150 years old and had Eternal Life Without Eternal Youth.

Later Joe and Cleveland came out with a movie projector.

Joe: We have something for you all to see.

Molly Hale: What do you guys want to show us?

Joe: More of Peter's dumb antics.

Cleveland: Fair Warning: Nicole won't like it.

Nicole: I have a feeling it won't be good.

I put on my black blind man glasses.

Cleveland: Some of you may want to close your eyes.

We did so.

The video rolled.

After David Hyde Pierce's wardrobe malfunction during the ceremony, the FCC, led by Cobra Commander, receives an insignificant volume of phone calls concerning the incident, and decides to censor any content from television that could be even slightly harmful to viewers. The censorship is applied to such content as Chrissy Snow's cleavage from Three's Company, Ralph Kramden's threats of spousal abuse on The Honeymooners and even Dick Van Dyke's name. Peter is outraged, and on advice from Tom Tucker, starts his own TV network, PTV, on which he broadcasts classic shows unedited. He also includes original programming, such as Brian and Stewie's sitcom Cheeky Bastard, Quagmire's Playboy After Dark-esque Midnight Q, Dogs Humping, and The Peter Griffin Sideboob Hour.

It was stupid, crazy and dumb.

Cleveland: We're sorry, Nicole

Lightning Dust: Don't be sorry. You two were just going along with it.

Joe: Yeah we were.

Nicole: But Peter is an absolute moron for doing all this.

Lois Griffin: If I see him again I'll strangle him again.

Bart: I'll tell him that he was born in a suckshack.

Nico: Yeah!

Blot: Although I don't see what's so wrong about Cheeky Bastard.

Brian: That's honestly one of the only segments me and Stewie are proud of.

Nico: Wow that is cool.

Laney: Yep.

Lola: But Peter needs to be castrated!

Lois: The icing on the cake was a segment where he crapped off of a bridge and and hit my car with Stewie inside!

Groove: What?! Stewie, I hope you weren't hurt too badly!

Stewie: Nah I'm okay. Besides I'm too tough to be hurt by The Fat Man taking a shit on the car.

Nico: Yeah no kidding.

Lola: Peter was born with no brain.

Me: Lois what the hell were you thinking marrying a douchebag like Peter? He needs to go away forever.

Laney: Yeah what a jerk!

Lois Griffin: You're right. I was blind to the truth.

Me: Well you did get a divorce and that's good.

Lola: Yep.

Then the Lego DC Heroes and Villains came.

Energon Scorponok: What did you guys find out?

Lego Superman: It's just as we feared. The Justice Lords are allied with the Brainiacs.

Lego Batman: Although my Justice Lord Counterpart wasn't there for some strange reason.

Nico: I had a feeling they were involved. But I have a feeling it's only 2 more of them.

Lego Batman: We saw the Justice Lords version of Shayera but there was something different about here.

Me: Like how?

Lego Batman: I couldn't put my finger on it.

Me: Oh.

Nico: Well she must be on the planet Odym. It looks like we're heading to the home planet of the Blue Lantern Corps.

Nico: Awesome.

Then Fireor, Greiger, Kerbero Gangan, Common Cold, Ben Ravencroft, Magneto, Beetle, Six Gum Gang, Killer Croc, and Krusty appeared.

Krusty: HEY HEY KIDDIES! (GOOFY LAUGHTER)

Fireor: Can me, Greiger, Kerbero Gangan, Common Cold, Ben Ravencroft, Magneto, Beetle, Six Gum Gang, Killer Croc, and Krusty go with you guys?

Nico: Yes you guys sure can. We're going to the planet Odym, homeworld of the Blue Lanterns to face Justice Lord Hawkgirl.

Lola: Yep.

Magneto: Oh man! Shayera this must be quite a shock for you to have to face a counterpart of yourself.

Hawkgirl: It was. But I'm gonna be all right.

Eli: What can you tell us about the Justice Lord version of Hawkgirl?

Me: It's not a pretty sight bro.

I went over her history.

---

This Hawkgirl of an alternate dimension is a member of the tyrannical Justice Lord in the Justice League animated series. Like her Justice League counterpart, she has a relationship with John Stewart.

Shayera and her counterpart's history were similar until Lex Luthor became president and killed Flash. After Flash was killed, Superman went to the White House and killed Luthor. Sometime later, the Justice Lords took over the Earth and deprive people of their freedom and free speeches. At this point of time, Hawkgirl got rid of her old costume and replaced it with a new one. She retained her relationship with John Stewart, and like him missed the Flash and brooded over his loss.

She and John later helped bust up a protest at a College that was objecting to the Justice Lord's fascist oppression, and later along with their teammates kidnapped the Justice League and tried to do to their world what they had done to theirs before the Justice League freed themselves and defeated them with help from Lex Luthor.

Later, when fused with Brainiac, Luthor created robotic copies of the Justice Lords, including Hawkgirl. The Hawkgirl bot attacked her counterpart, also ripping into her that she was hated by both humans and Thanagarians alike due to her actions during the latter's invasion of Earth. This duplicate was shortly thereafter smashed to bits by Green Lantern John Stewart.

---

When I was done everyone that hadn't heard about it was shocked!

Eli: Whoa man!

Me: Yeah.

Divebomb: Boss, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to do one for Moyo's kind next.

We gasped!

Lola: Whoa!

Nico: Was it something I said?

Shanan: No it's just that Moyo's kind is one that we have all speculated to be a myth for years. He's a Martian.

Shanan showed us a picture of one.

---

Moyo is a short red alien with a tail that has a green ball in the end. He has a yellow belly, sharp teeth, green horns and three toed feet as well as two fingers on each hand. He has creepy eyes with eyelashes as well as two ears. Moyo wears the Omnitrix symbol on his stomach.

---

Me: Whoa weird.

Nico: Wow that's a Martian?

Me: They don't look like the ones that we saw in the movies.

Shanan: No but they do come from Mars. That is cool.

Laney: I thought that Martians looked like small aliens with big ugly brains.

Lola: Yeah.

Runt: How do you like the team so far, Emily?

Lunk: And why are you wearing a jumpsuit?

Emily Magica: The team is really awesome and it's a great honor to be part of Team Loud Phoenix Storm.

Twilight Sparkle: And it's awesome to meet the Champion of the Magic of Friendship.

Emily Magica: It's an honor to meet you Twilight. Also to answer your question it's for me to become an Alicorn Gene-Slammer. I am going to become a copy of Twilight Sparkle.

Nico: It was all my idea. I thought it would be cool.

Me: Yeah it sure would be awesome.

Lego Luthor: See, Nico. I told you that with patience, you would see the end of the Blood Dragons.

Nico: (in denial) Me? I wasn't impatient at all.

Dixie: (sarcastically) Sure you weren't.

Marah: You WERE impatient, Nico.

Nico: Okay maybe I was impatient. Sorry.

Me: No worries man.

Nico: Okay. Shall we get going?

Me: Lets shall!

King Kai: (Telepathically) Nico, can you hear me?

Nico: King Kai, what's wrong?

King Kai: (Telepathically) I got some bad news: it's Flip, he's busted out of his chains in a fit of rage and he still wants revenge on you guys for ruining his scams and his plots to kill the Louds and their friends for money and revenge again.

Me: He what?!

We checked the computer, and we saw that Flip indeed escaped by busting out of his chains in a fit of rage and he escaped. Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was indeed Flip, who busted out of his chains and he still wants revenge on us for ruining his scams and his plots to kill the Louds and their friends for money and revenge again.

Lincoln: King Kai's right, that mutated fat cheapskate's escaped!

Me: I'm gonna rip that stupid good-for-nothing cheapskate to shreds for this!

Lynn Sr.: No, J.D., I'll handle Flip. I still harbor anger towards that mutated fat cheapskate because of what he did hiring that serial killer, Daniel Derek Monroe, to kill my Dad on Halloween decades ago.

Rita: And what he's tried to do in killing us all and all for money, he's not getting any mercy from me as well. But, we're going to pummel him really badly and we'll have him chained back up to his post at Lynn's Table, but when the humiliation sessions start again, he's in for even more pain.

Nico: Good idea, Ms. Rita.

Lincoln: And since we're heading to Odym, it's time to get into uniform.

Suddenly, Lincoln was surrounded by a blue energy aura with the symbol of The Blue Lantern orbiting around him, and he was about to say the Blue Lantern Oath.

Lincoln: In fearful day, in raging night, With strong hearts full, our souls ignite, When all seems lost in the War of Light, Look to the stars, for hope shines bright!

Then, Lincoln's large blue pants turned black except for the rainbow thunderbolts, massive orange weighted bands on his abnormally massive and powerful biceps and thighs, glowing neon orange version of He-Man 2002's loincloth and long orange trenchcoat flaps except for the rainbow flames coming off them, and the eight large orange orbs orbiting around his legs turned blue. Lincoln was in his Blue Lantern Corps uniform.

Dakota Maracle: Wow, so you're also a Blue Lantern, that's awesome.

Me: He's not the only one, Dakota. Let's follow Lincoln's lead.

Then, me and the rest of the Blue Lanterns said the oaths, and we were in our Blue Lantern uniforms.

Nico: You know, we should've changed into our Lantern Corps uniforms when we began travelling to the Lantern Worlds.

Eli: Yeah, we should've.

Nico: But, now we know what to do. Alright, gang, let's go, we've got a rogue Thanagarian to deal with.

Lynn Sr.: And you'd better start praying, Flip, because Rita and I aren't showing you any mercy for all the stupid crap you've done, and you're going to pay dearly for what you did hiring that bastard, Daniel Derek Monroe, to kill my dad on Halloween decades ago!

Rita: Along with trying to kill my kids and all of us, so you could get money and revenge.

Lincoln: Not to mention, you've done so many despicable things that could've gotten you sent to the electric chair. But, this time, you deserve every single beating for everything you've ever done, you scum-sucking, hairy, mutated, ugly, stupid, smelly cheapskate!

We got on the ship and we were off to the planet Odym!

* * *

The.U.S.S. Valorous Phoenix was flying through space.

Nico: Captain's Log, Stardate 6623.1: The U.S.S. Valorous Phoenix is en route to the home planet of the Blue Lantern Corps, Planet

Odym. Our mission there is to help the Blue

Lanterns take down the Justice Lords version of Hawkgirl who has been found roaming the planet.

Saint Walker: I have a feeling that my people are going to need all the help they can get for this one.

Me: Don't worry brother Walker, all will be well.

Wilbur: Alright, Emily. Time to begin the Gene Slamming.

Greiger: Starting… now!

Emily Magica: I'm ready! Hit me!

We injected her and then she went through incredible changes! She had her skin turn purple and she grew fur, her forehead grow a horn and her back grew wings and then her hair had a magenta streak in it and she had her arms and legs turn into hooves and also she grew a tail that was dark purple and it had a magenta streak in it. She had become a carbon copy clone of Twilight Sparkle!

Twilight Sparkle: Wow! This is amazing!

Emily Magica: Yeah!

Me: Wow!

I pulled out a mirror and she saw herself!

Emily Magica: Whoa! I look so much like Twilight Sparkle!

Nico: You look like a clone of her.

Eli: It's like looking at yourself in the mirrior!

Hornet Man: We'll put the remains of your jumpsuit in the trash.

Emily Magica: Okay. But wow I look awesome.

Nico: Yep. Can you revert back?

Emily Magica: I'll try.

Me: Cover your eyes boys.

They did so and I put on my blind man shades and Emily concentrated and then she was reverting back. It was the changes in reverse. And she was naked.

Maria, Leni, Varie and Rarity gave her new clothes and she put them on.

Maria: That was cool.

Goof: How'd that feel?

Krusty: Was your stomach growling?

Emily Magica: Not at all. In fact it wasn't even painful one bit. It was more powerful and magical than painful. But it was awesome.

Nico: That is cool.

Laney: It sure is.

Eli: We just have 26 more of your friends to find before the big war.

Emily Magica: I heard from the Equestria Oracle that there is a huge war coming. We won't let Evil Starlight Glimmer or the Doomsday 23 do what they want.

Birdbrain: Princess Celestia, you and Yost Cap will have your time to shine today.

Princess Celestia: I'm looking forward to this one!

Yost Captain America: Me too!

Lisa Loud: We have arrived at our destination.

Nico: On screen.

The screen showed that we were at a blue beautiful planet. Planet Odym.

Nico: Planet Odym.

Laney: It's beautiful.

Kerbero Gangan: You happy to be home, Saint Walker?

Saint Walker: Yes I am. It's magnificent.

Nico: Lets land.

We engaged the landing and then we landed and we got out of the ship and we saw that planet Odym was just as beautiful as Linphea. It was a jungle planet loaded with beautiful flowers and more. And the Blue Lantern Power Battery was at the very heart of the whole planet.

Nico: Wow!

Camie: So this is Odym. It's beautiful!

Tsuyu: It's magnificent.

Mr. Boss: Let's keep an eye out for trouble.

Nico: Right.

We walked around and it was a magnificent jungle world. The fauna was absolutely amazing.

Lola: This is an amazing place.

Ben Ravencroft: Get your Eyecons and Ridewatches ready.

We nodded and did so.

Me: Okay so far nothing.

Lola: But we're ready for anything.

Retrax: I see some Lego Heroes and villains over there!

We saw Lego Beast Boy, Booster Gold, Catwoman, Doomsday, Etrigan, Wonder Girl, Star Girl and Blight!

They were being attacked by Yellow Lantern Warriors! We went at them and blasted the Yellow Lantern Warriors into dust!

Beetle: You guys okay?

Lego Booster Gold: Thanks to you guys!

Lego Catwoman: It's an honor to meet the famous Team Loud Phoenix Storm.

Me: You too Selena.

Shadow: Booster, I really do hope our version of you is like you.

Lego Booster Gold: Yeah I have a feeling he will be like me.

Me: And Lego Doomsday you are a much better version of the Doomsday we fought.

Lego Doomsday: Yes I am. Thank you.

But then more Yellow Lantern Warriors appeared.

Killer Croc: If anyone wants to use my Eyecon and Ridewatch, they can!

Keiko: I'll go!

Keiko activated Killer Croc's Ridewatch and got big muscles and then she slapped a Red Lantern Warrior with incredible strength and smashed him into a bunch of warriors with incredible force!

Nico: WHOA! What a slap!

Yusuke: Keiko has always had a slap of that kind of strength.

Flash Man: We don't have time to mess around with these guys!

SHABADOOBI TOUCH TO HENSHIN!

Me: I know that Morph anywhere!

Out came the Wizard Kamen Riders!

Haruto: Looks like we got here just in time!

Nico: Awesome to see you Haruto!

Laney: Yeah we owe you guys for this!

Haruto: Think nothing of it.

Elyon: I'll help you guys!

Common Cold: Don't forget your Kamen Rider form.

Elyon: You got it! HENSHIN!

She turned into KAMEN RIDER CHRONOS!

Nico: YEAH!

We went to find Justice Lord Hawkgirl and we then found her by a river.

Clayface: Entrance time! I'm so gonna enjoy this!

Nico: Lets do it!

We went at her.

Lord Hawkgirl was looking around for us and then the spirits of the Green Light of Will appeared and orbited around her and then then swirled together and converged and then a massive flash of green light blasted out above her and then we came out.

Me: Hello Lord Shayera!

I then noticed that HER WINGS WERE MISSING!

Me: Whoa man! What happened to your wings!?

Lord Hawkgirl: You did this to me! After my defeat at your hands I was sent back to Thanagar and because of my treachery I lost the one thing that makes me fly, my wings! They cut off my wings as part of a terrible punishment!

She showed us bloody stumps on her back where he wings once were and we gasped in shock!

Me: That is extreme!

Eli: Geez!

Hawkgirl: It's a punishment on Thanagar that can only be given to people that have done the worst of offenses. Like what my version of myself has done. Whenever someone has done treason they get their wings cut off.

Me: Oh man! I would call that a fate worse than death!

Laney: Yeah!

Nico: A Thanagarian without wings is only half a Thanagarian.

Lord Hawkgirl: Why don't you guys just accept that you're just like us?! The first 2 weeks of ruling the Earth won't be that difficult!

Magneto: My dear, I doubt I want to know how you and your friends spent the first 2 weeks of your reign.

Me: Shayera listen! We've had to go through a lot of people telling us that we are like you! For over 4 and a half years people have been telling us over and over that we are like the Justice Lords. But it's not the case. We are not and NEVER EVER will become like you. You guys became the way you were because your version of the Flash died. We held ourselves together because we have the one thing that you guys lost long ago: Friendship!

Nico: That's right! Our bonds have held us together and we will never drift apart because we are and always will be the best family ever!

But then Control Freak, Radioactive Man, Artie Ziff, Key, Overdrive, Knightbrace, Griffin, Myotismon, Dark Spicer, and Shiv

Nico: Control Freak, Radioactive Man, Artie Ziff, Key, Overdrive, Knightbrace, Griffin, Myotismon, Dark Spicer, and Shiv.

Key: Awesome to see you all here.

Control Freak: Welcome to the team, Emily.

Emily Magica: Thanks. It's awesome being here.

Radioactive Man: Hope you enjoy your stay.

Emily Magica: Oh I will.

Artie Ziff: (to Bloom) Sorry you didn't help in killing Valtor, Bloom.

Bloom: No worries.

Key: At least he's gone for good now.

Bloom: Thank goodness. My planet has now been avenged.

Dark Spicer: (to Lego Superman) Here's your warning: Your ass is about to be kicked!

Lego Superman: Bring it on!

Me: Yeah!

?: This will be fun.

A figure came out and it was IRONSPIKE from episode 23 of Time Force!

---

Like all other mutants, Ironspike was created in the result of a science accident. Before the events of the season, he, like all other mutants, was captured by Time Force.

Later, in the twenty-third episode, he was released by Ransik and sent to destroy the city and the Rangers. Ironspike attacked Silver Hills and fought with the Rangers. Ironspike was a powerful mutant. He had a powerful armor and sword. He also could shoot with laser beams from his eyes. At first he fought with Jen and Katie. Ironspike easily defeated the Yellow and Pink Rangers. But then Wes and Lucas arrived and fought with the mutant. During the battle, a young curious photographer named Mitch watched the battle. Ironspike was finally defeated and frozen by Wes with the Time Strike.

---

Wes: Ironspike!

Ironspike: Been a long time rangers!

Me: I remember you! You were released and sent to destroy the city and the rangers and Mitch the Photographer watched the whole battle.

Ironspike: That's right. Good memory.

Me: Never missed an episode.

Ironspike: Have you Rangers kept in contact with that photographer kid?

Katie: We haven't seen Mitch in a while but we'll have to see him some time.

Ironspike: I agree there. It has been a while.

Dark Spicer: Here is my first alien.

He turned into a black version of Mucilator and he had slime dripping from him as well as red patches on him.

Slugfury: Meet… Slugfury!

Shanan: A Dendrobatidian Hybrid! Wow!

Ben: Is that was Mucilator's kind is?

Shanan: That's right and they are the natural predators of the Orthopterrans.

Nico: Wow!

Rita: You know I won't let you stick me in your patches, right?

Slugfury: I know. But Slugfury's powers don't always involve his patches! (throws punch at her)

She dodged it and Nico fired a wind blast and blew him back.

Dark: Now for this.

He turned into a blue version of Tyrannopede but it had a really much longer centipede body and had spikes all over its body.

Carnicenti: I call this one… Carnicenti!

Shanan: A Tyrannopede Hybrid! Wow!

Lola: Wow that one looks more centipede now.

Dark: Nice huh?

Taranee: Because the T Rex is a carnivore, right?

Carnicenti: Yep! Consider this a treat after you recently finished your ambassador missions. (fires spiderweb at Taranee)

She ducked and fired a wave of fire and blasted him down.

Nico: Nice!

We got the usual battles underway.

---

Nicole Knudson, Starlight Glimmer, Cozy Glow, Undead Skylanders, Persephone, Misty Tredwell, Energon Scorponok and Tidal Wave VS Control Freak - Nico's Rescue,

---

Control Freak was first.

Control Freak: (to Nicole) It's good that Nico saw Flora's home planet on his rescue. And the next video game monster I'm summoning is someone Fox knows.

He summoned the bioweapon of the planet Aquas! It was BACOON!

---

Bacoon was once a monstrous clamshell like creature, believed to have been the reason as to why Aquas was now a 97% ocean world and why the islands/ancient civilization sunk below the waves. During Andross's conquest of the Lylat System, his minions began polluting the Aquas Oceans to convert the local wildlife into mind controlled bioweapons, along with Bacoon itself, where it was armed with triple turrets and two muscles that clamp the shell down to protect the centre eye. Bacoon appears in "Star Fox 64" stationed on Aquas as the Mission boss, and also appears in the "Lylat Wars Comic", serving an abridged role comparable to the N64 game.

Thousands of years ago before the Lylat Wars, a great civilisation lived above the waves of Aquas, building beautiful temples and making a living by harvesting sea life. Meanwhile, Bacoon was a monstrous entity living in depths that grew jealous of the glorious civilization above, learning how to control aquatic lifeforms and sent thousands of explosive Starfish to explode in the ice caps and melt them, drowning the civilization and sunk the temples forever by the rising tides. During the Lylat Wars, the Cornerian Army received reports that Andross was polluting the Aquas ocean and turning the sea lifeforms into deadly bioweapons. Because they had nothing to tell what was going on in the depths, General Pepper sent the Star Fox team in Slippy's new Blue-Marine submersible to take out the Bacoon because it was the only vehicle that could get the job done. Using the experimental submersible, Fox battled Bacoon and destroyed it, adding it to the team's service invoice.

---

Nicole: Bacoon! Great choice and perfect for this. Also yes Linphea was a really beautiful planet. It was really amazing seeing what Flora's home planet was like.

Starlight Glimmer: It was a beautiful paradise. I wouldn't mind going there on a date with Lincoln one of these days.

Cozy Glow: It was beautiful from what we heard.

Hex: It sure was beautiful.

Persephone: Yeah it was. It was like a massive and beautiful garden.

Misty Tredwell: I can tell everyone had a lot of fun on that one.

Control Freak: I'm glad they did. Lets do it!

They fired waves of stars, magic, bones, lightning and energy and green fire and smashed him down.

---

Pyrrha, Sunset Shimmer, Pipsqueak, Fire Skylanders, P'andor, Tahu, Divebomb and Rampage VS Radioactive Man - Beating Valtor and a Another ToQ Red

---

Radioactive Man was next.

Radioactive Man: (to Pyrrha) Nico, Flora, and the others did good beating Valtor and Another ToQ #1. (laughs) It must've been humiliating for Valtor to be defeated by Flora!

Pyrrha: Oh it was! Valtor is never going to be able to live that down in the Black Gates. But now all of Bloom's people have been avenged.

Sunset Shimmer: They sure have. Thank goodness.

Pipsqueak: (British Accent) Yeah no kidding. What Valtor did was terrible.

Sunburn: Yeah no kidding.

P'andor: (Russian Accent) That is very awful he did all that.

Tahu: You got that right brothers.

Radioactive Man: It sure is awful. Lets do it!

They fired waves of fire and smashed him down.

---

Leon, Pinkie Pie, Featherweight, Tech Skylanders, Tracer, Rojo, Marah and Kapri VS Artie Ziff - Lincoln's Rescue

---

Artie Ziff was next.

Artie Ziff: (to Leon) I heard Lincoln's rescue was in Colorado. How was it?

Leon: It was awesome and that was where we met the first of the Champions of Harmony. Her name is Emily Magica and she is the champion of the Magic of Friendship. She has all the powers of Twilight Sparkle and embodies everything that Twilight stands for.

Artie Ziff: Wow! That is awesome!

Pinkie Pie: And she is amazing! She got to try out being a gene-slammer for Twilight.

Featherweight: She is now a carbon copy clone of Twilight.

Sprocket: That is really cool.

Tracer: (British Accent) I think so too. Emily is ready to take on all of Equestria's most dangerous enemies.

Rojo: She sure is.

Artie Ziff: That is amazing! 1 down and 26 to find. Lets do it!

They fired waves of metal, gears, lightning and water and smashed him down.

---

T.J. Johnson, Fluttershy, Tornado Bolt, Life Skylanders, Whitney, Comic Book Guy, Hornet Man and Magma Man VS Key - Meeting a gene-slammer for The Ascended of Thunder

* * *

Key was next.

Key: (to TJ) I heard you guys met a gene-slammer for The Ascended of Thunder. What's her name?

T.J.: Her name is Dakota Maracle and she is from the Iroquois Tribe and she has the same kind of lightning powers given to Lincoln.

Key: Wow that is really coincidental.

Fluttershy: It sure is and we found out something really adorable and cute about Girl Jordan and Lincoln.

Tornado Bolt: Yeah we sure did and it was so awesome.

* * *

Dakota Maracle: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Dakota, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Dakota Maracle: That's incredible.

Nico: It sure is. So, Dakota, what's this story about Girl Jordan and Lincoln and how they were secretly a couple from Day 1 of 2nd Grade.

Dakota Maracle: You'll love hearing this, Nico. Many years ago, I was starting out in 2nd Grade, and I also met Lincoln and Girl Jordan, who also started 2nd Grade as well, and we became friends easily. But, then, I saw that Lincoln and Girl Jordan were secretly a couple and it was really amazing. But, I also found out that if any bully finds out, they'll start teasing them. But, I came to their rescue and I punched any bully who'd tried to tease Lincoln and Girl Jordan, and I swore to keep their secret, and for years, I did just that. But, it was so sweet that Lincoln and Girl Jordan were secretly a couple, and I knew one day, they'd be together.

When Dakota Maracle was finished, it was so amazing and we had tears of happiness in our eyes.

Nico: Wow, now that was one awesome story.

Me: So, you two were secretly a couple when you guys started 2nd Grade, wow.

Lincoln: That's right, J.D., and Dakota kept it a secret and defended us.

Girl Jordan: And she knew we were an amazing couple, but what she didn't know was that Linky's charisma and personality would attract many girls and it would lead to him having a harem, and Dakota would eventually develop feelings for Lincoln as well, and now, she's part of his harem now.

Eli: Wow, and you were given The Mark of Hinon when you were born and you were also blessed by Hinon.

?: (Strong Voice) That's right.

This caught our attention.

Me: Who said that?

Suddenly, we saw the blue Thunderbird Element of Harmony on Lincoln's Thunderbird Necklace of Eternal Love was glowing, and we heard the strong voice coming from them.

Lincoln: (Gasps) Lord Hinon.

Hinon: (Through the Thunderbird Element of Harmony) That's correct, Lincoln, and I apologize for the sudden scare.

Nico: This is indeed quite a surprise, Lord Hinon, and it's an honor to meet yo. So, you were inside the Thunderbird-shaped Element of Harmony that Twilight Sparkle and her friends gave Lincoln.

Hinon: (Through the Thunderbird Element of Harmony) That's right, Nico, and it's a pleasure to meet you, and to answer your question, you're right. I was inside of the Thunderbird-shaped Element of Harmony that Twilight Sparkle and her friends gave Lincoln, and I apologize for not telling you all this on Lincoln's birthday.

Nico: It's alright, Lord Hinon.

Hinon: (Through the Thunderbird Element of Harmony) And it's also good to see you again, Dakota.

Dakota Maracle: You too, Lord Hinon.

Suddenly, the Thunderbird-shaped deep sapphire blue Element of Harmony glowed and it also caused the Rainbow Thunderbird emblazoned on Lincoln's forehead and the rainbow iris of Lincoln's Third Eye of The Buddha to glow even more, and it meant Hinon was now also going to help Lincoln as well.

Hinon: There, now I'm also going to help you and Linka even more, Lincoln.

Lincoln: Wow.

FLASHBACK ENDS

Key: Aww that is so sweet of Lincoln.

Stealth Elf: It sure is. I think it's so adorable that Lincoln and Girl Jordan have been a secret couple since they were younger and that Dakota was their secret defender.

Whitney: That is awesome.

Comic Book Guy: I can honestly say that Lincoln and Girl Jordan back then were this. Best. Couple. Ever.

Everyone: Awww.

Key: I couldn't have said it better myself. Lets do it!

They fired waves of leaves, grass, flowers and energy and smashed him down.

---

## Andros, Twilight Sparkle, Starshine Sparkle, Magic Skylanders, Vert, LaGrange, Birdbrain and Bristleback VS James Beverley A.K.A. Overdrive (Marvel) - Pohatu's Final Ambassador Mission

---

Knightbrace was next.

Overdrive: (to Andros) I heard today was Pohatu's Final Ambassador Mission. And what vehicle can I use around here?

Andros: Well there are no vehicles here since Odym is a jungle planet. Maybe we'll get one in the city when you guys come with us tomorrow.

Overdrive: Yeah you're right.

Andros: Also yeah today was Pohatu's final mission and that one went great. They took on Danzo Shimura for the last time and he's now in prison forever. In the Neptune prison.

Overdrive: Wow! I guess J.D. decided to stop killing him.

Twilight Sparkle: Yeah he sure did and Lady Tsunade had one nasty rant that was so loud we could hear it all the way from up in the Estate.

Starshine Sparkle: Yeah no kidding! Wow!

Spyro: I don't think we've ever heard Lady Hokage yell that loud before.

Vert: No kidding there!

LaGrange: Yeah that was a shock!

Overdrive: Wow! You don't think it was the Church of Necrom that brought him back do you think?

Andros: In all honesty I don't have any idea. But it might be the work of Evolt as Danzo was able to turn into Bat Rogue.

Overdrive: That sounds much more plausible. Lets do it!

They fired waves of magic and energy and smashed him down.

---

## Zarya Moonwolf, Princess Luna, Moondust, Snowdrop, Children of The Night, Dark Skylanders, Blake, Nergal, Mr. Boss and Stickybeard VS Knightbrace - Us Shockingly facing Danzo

---

Knightbrace was next.

Knightbrace: (to Zarya) It must've been shocking for J.D. and the others to fight Danzo again. But it was fitting for him to appear in a world that also went through war.

Zarya: Yeah that was fitting especially for a warmonger like him. After all the trouble he caused in 150,000 years and in the world of shinobi over the years it was time to bring an end to Danzo for good.

Princess Luna: But at least he is now in prison forever where he belongs.

Moondust: Thank goodness. Danzo has caused a tremendous number of problems.

Snowdrop: Yeah he sure has. What a heartless fiend!

Gari: Yeah he has no right to even be on Earth after everything he did.

Blackout: That is for sure.

Blake: Yeah what a monster.

Nergal: Hope he likes prison food from now on.

Knightbrace: I hope he isn't happy one bit. Lets do it!

They fired waves of darkness and energy and smashed him down.

---

## Jimmy Neutron, Princess Celestia, Amber Morning, Light Skylanders, Stella Zhau, Bronze Kneecap, Cicadacon and Retrax VS Johnny Horton A.K.A. Griffin (Marvel) - Cleveland and Joe's Clipshow

---

Griffin was next.

Griffin: (to Jimmy) Sorry you guys had to watch Joe and Cleveland's clipshow about that PTV shit. The only segment I really liked was Cheeky Bastard.

Jimmy Neutron: To be honest I did not like that show one bit and Peter was doing a lot of stupid things before then too.

Princess Celestia: Yes he sure was. Peter has done all kinds of stuff that makes him the biggest idiot ever.

Amber Morning: Yeah he was born completely without a brain.

Spotlight: What do you think his IQ is? -25?

Griffin: That would make him a totally braindead monkey.

Stella Zhau: But it's fitting for him.

Bronze Kneecap: (French Accent) Oui it sure is.

Cicadacon: Yeah I never liked that guy. He is a total alcoholic slob and he abused Meg for her entire life!

Retrax: He doesn't deserve to be a parent or anything.

Griffin: I agree there completely. Lets do it!

Cicadacon: I agree there. Cicadacon, TERRORIZE!

He transformed!

Retrax: But Peter being with you guys under close watch will be good for him. Retrax, TERRORIZE!

He transformed too!

They fired waves of light and energy and smashed him down.

## Nico Chan, Rarity, Sweetie Belle, Water Skylanders, Linka Loud, Eccentro, Vegeta and Shadow VS Myotismon - Lois made the right call on Peter

Myotismon was next.

Myotismon: (to Nico) Lois made the right call on Peter. Censoring exists for a reason!

Nico: Yes she sure did and I'm glad it does.

Rarity: Oh me too darlings. What Peter did in that whole movie was disgusting and repulsive!

Sweetie Belle: Yeah and he took a dump on the highway and got Lois and Stewie hurt! Stupid moron!

Gill Grunt: Yeah no kidding! Peter needs to have a leash put on him!

Linka Loud: I agree there. What an ugly testicle chinned dirtbag!

Eccentro: I agree there guys.

Myotismon: Yeah no kidding there. Lets do it!

They fired waves of water, ice, jewels and energy and smashed him down.

## Eddy, Applejack, Apple Bloom, Earth Skylanders, Emerald Goldenbraid, Electrocutioner, Flash Man and Star Man VS Dark Spicer - Odym is Beautiful but what Justice Lord Hawkgirl is doing is wrong

Dark Spicer was next.

Dark Spicer: (to Eddy) Odym's really Beautiful. But what Justice Lord Hawkgirl's doing is wrong.

Eddy: I agree there. Odym is a really beautiful planet and I wouldn't mind taking Luan here on a date myself. But yeah what Justice Lord Hawkgirl is doing is terrible.

Dark Spicer: So far we met Justice Lord John Stewart and Hawkgirl. How were the rest of the Justice Lords Dealt with?

Eddy: That is an easy one. We have Justice Lord Superman in the moon prison where the sun's light is absorbed and turned into Red Sunlight to neutralize his powers, Lord Batman was put in the Antarctica Prison, Lord Wonder Woman was taken back to Themiscyra and petrified for all eternity, Lord Martian Manhunter was banished to the Phantom Zone, Lord John Stewart the first time was banished to another part of the universe and Lord Hawkgirl was put in prison forever on Thanagar. But I did not expect for them to cut her wings off too.

Dark Spicer: Yikes no kidding! That is an awful punishment for someone like Hawkgirl.

Applejack: No kidding there! But all the Justice Lords brought all this on themselves and for over 4 and a half years they have been making remarks about Team Loud Phoenix Storm being just like them!

Dark Spicer: That is absolute bullshit! You guys all have way too much honor to be anything like the Justice Lords. They are wrong about you guys in every sense of what they said.

Apple Bloom: I agree there! We are never going to become like them.

Flashwing: Yeah. That is never going to happen.

Emerald Goldenbraid: We won't ever turn out to be like them.

Electrocutioner: No way guys.

Dark Spicer: I agree there. Lets do it!

They fired waves of energy, apples, earth, rock, crystal and boulders and smashed him down.

---

## Lynn, Rainbow Dash, Scootaloo, Air Skylanders, Kendra, Shendu, Clayface and Sandman VS Shiv - Justice Lord Hawkgirl faced a terrible punishment on Thanagar after we beat her the first time

---

Shiv was next.

Shiv: (to Lynn) Justice Lord Hawkgirl faced a terrible punishment on Thanagar after you guys beat her the first time. I don't think you guys planned that punishment at all.

Lynn: No that was completely unexpected. But then again Thanagarian customs are completely different from what we have on Earth.

Shiv: That is true.

Rainbow Dash: But that is terrible that she would have her wings cut off like that! That's like taking the wings off a Pegasus Pony!

Scootaloo: I don't even want to begin to imagine what that would be like even for me!

Whirlwind: Yeah that would not be a good thing.

Kendra: Yeah it would be terrible.

Shendu: It sure would be terrible.

Shiv: No kidding. Lets do it!

They fired waves of lightning, rainbows, wind, fire and lava and smashed Him down!

---

## Time Force Rangers, Megaforce Rangers, Nico, Eli, Nunnally, C.C., Laney, Lola, Lana, Lily and Lisa VS Ironspike

---

Ironspike was next.

Nico: This is gonna be awesome.

Nico teleported and opened his safe and in it was a bunch of Talisman Cards and they were called The Talisman Cards of Eternal and Elemental Harmony, they're Talisman Cards with the images of The Pillars of Harmony from the past and present and with The Champions of Harmony of the past and present on the front and surrounded by gold embroidery on the back of The Talisman Cards is the Seal of the Elements of Harmony. Once in hand, they'll get a massive power and energy increase, and they'll also have an extremely and powerful painful effect on The Doomsday 23 and Evil Starlight Glimmer.

Nico teleported back with them.

Time Force Rangers: TIME FOR TIME FORCE!

Eric: QUANTUM POWER!

The Time Force Rangers transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! TIME FORCE!

The Megaforce Rangers turned into the Time Force Rangers too!

Nico: Lets get him!

The rangers summoned the Vortex Blasters and they formed it into the Vortex Cannon!

Nico: FIRE!

They fired waves of energy and elements and the blasts hit Ironspike and then the rangers fired their blast and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was reduced to the size of an action figure and Nico picked him up.

Nico: Ironspike you have failed this planet.

Nico put him in a cryopod.

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped.

Lord Hawkgirl used her mace to knock Magneto's helmet off.

Magneto: Impressive, my dear. Not everyone has a chance to knock off my helmet.

Lord Hawkgirl: I might not have my wings. But I'm still a warrior!

Lord Hawkgirl swung her mace at Yost Cap but he blocked with his shield.

Lord Hawkgirl: How's your shield blocking my mace? It's made on Nth Metal!

Yost Cap: My shield's made of vibranium, one of the nearly indestructible metals in my world.

Me: That's right!

Lord Hawkgirl: I'm still a powerful warrior!

Nico: What a coincidence.

Nico kicked her mace out of her hand and Maria caught it!

Nico: So am I!

Haruto: It's showtime!

The Red Lantern Warriors went at them and they blasted them all over with magic and energy.

Elyon blasted them into dust.

Haruto incinerated them all over.

Elyon: Take that!

Nitoh: What do you guys want to do now?

Elyon: Lets go help the rest of the team out.

Haruto: You got it Elyon.

Nitoh: I'm still hungry!

Haruto: Lets go!

They went to help us.

Noah: Time to REALLY make use of our Core Medals!

Me: Yeah!

I gave them the keys for OOO.

Me: I call this group the Spirit Coin Crusaders.

Nico: Not bad.

Troy: I like it. Good name.

Me: I thought so too.

Megaforce Rangers: LEGENDARY KAMEN RIDER MODE! SPIRIT COIN CRUSADERS!

The Megaforce Rangers turned into the OOO Kamen Riders! Troy was OOO, Noah was Birth (OOO), Gia was Core, Jake was Poseidon, Emma was Aqua and Orion was Goda!

Nico: Oh yeah!

Emma: Wow! This is awesome!

Jake: Yeah it is!

Nico: Yep.

We all pulled out our Zenkai and Kamen Rider Cannons.

All of us: (TURNS DIALS) BARKING BEAST POWER!

We summoned the Sun Vulcan, Liveman, Jetman, Gingaman, Gaoranger and Zyuohgers and we summoned the Build, Kiva, Den-O, Hibiki, Kabuto, Zero One and Fourze Kamen Riders!

Nico: Oh yeah! Lets get her!

Crag: Come on guys!

Ripping Friends, May, Lincoln, Luna and Lynn: IT'S RIPPING TIME!

We went at her and smashed and pulverized her all over.

Titanix, Kughar, and Vinta blasted and pulverized her all over.

Groove, Blot, Lightning Dust and Molly Hale used the Earth and Animatron Cyber Planet Keys and they enhanced Groove's Photon Pistol, Blot's Slime Gun and Lightning Dust and Molly Hale's powers 100-fold.

Overdrive: Another Justice Lord defeated.

Me: Yep But I have this feeling we'll face Lord Wonder Woman next.

Nico: Me too.

Pohatu: If only Sento saw everything that just went down.

Knightbrace: You can tell him all about it when we see him in August.

Pohatu: Yeah.

Griffin: (to the Wizard team) You guys helped too.

Emily Magica: It's going to be a great honor.

Myotismon: You girls won't regret it.

Shiv: Now, let's go home and watch more of Cheeky Bastard, the only segment of PTV that we all like!

Nico: First we got to round up an escaped mutant cheepskate we know and hate.

?: You stupid Louds are going to pay for ruining all of my scams to get rich, along with ruining my plans to kill you and your stupid children!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, TLPS Ms. Tarantula's, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the eight large crimson red orbs orbiting around Naruto, Tahu, Vakama, and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large silver orbs orbiting around Clyde McBride's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lucy, Lars, and Dudley Puppy's legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam, Lana, and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blood red orbs around Marco Diaz's legs, the eight large blue orbs orbiting around Lori, TLPS Mr. Shark, Skippy, Sean Bolton, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan, TLPS Mr. Snake, and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, the eight large aqua and ocean blue orbs orbiting around Varie, William Dunbar, and Adam Lyon's legs, the eight large white orbs orbiting around Timmy Turner's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our Bracelets of The Champions of the Universe were glowing, and that means we've got big trouble incoming.

Me: I knew there's no mistaking that voice from anywhere.

Nico: Along with the smell. You can come out now, Flip.

A fat smelly figure came out, and it was none other than our old enemy, Flip, Michigan's mutant and greedy cheapskate and big-time jerk and enemy of The Louds.

Lincoln: Flip, we were right that you broke loose from your chains and escaped, so you could come and get revenge on us.

Flip: You all ruined my scams to get rich and you ruined my plans to have you all killed! I could've been rich and swimming in cash! I'll kill all of you if it's the last thing I'll ever do!

Lynn Sr.: You're still as stupid as ever, Flip. You can't kill us, we're immortal and invincible, and your constant attempts to kill our kids have been ruined by that very fact, but your greed's turned your pea-brain into mush!

Rita: Not to mention what you did in hiring Daniel Derek Monroe to kill Lynn's dad on Halloween those decades ago, and you left Lynn scarred because of it.

Lynn Sr.: That's right, and I will never forgive you for it, and you deserve all those humiliations and beatings for everything you've ever done!

Suddenly, something within Lynn Sr.'s mind snapped as his green eyes turned neon green, and he was surrounded by a rainbow energy aura with rainbow fire, leaves, plants, dragons, and grapes, he unholstered his massive Sword of Dionysus from his wider and muscular back, and as he approached Flip, he left rainbow energy, rainbow fire, leaves, plants, dragons, and grapes with every step.

Lynn Sr.: Flip, I will never ever forgive you for ever last dumb thing you've ever done to satisfy your stupid greed. I don't even know what I was even thinking of being friends with you, you're a stupid greedy cheapskate who's never heard of a shower. (Getting Extremely Pissed Off) But, what you did in hiring Daniel Derek Monroe to kill my Dad on Halloween decades ago, not to mention your scams in Michigan, and you trying to kill me, my wife, my kids, and our friends, all to satisfy your greed and desire for revenge… , YOU'VE JUST CROSSED ONE FUCKING LINE TOO MANY, YOU STUPID, SMELLY, GREEDY, MUTATED CHEAPSKATE, AND THIS TIME, I'M GOING TO SEE TO IT THAT YOU SUFFER THE FULL EXTENT OF THE CONSEQUENCES OF YOUR STUPID GREED!

We gasped in pure shock at what Lynn Sr. just said.

Lincoln: Dad?!

Me: Oh man, now Flip's really crossed it and he's in even bigger trouble now.

Nico: HIT THE DIRT, HE'S GOING TO EXPLODE!

We ran for cover, and then, Lynn Sr. screamed like a madman and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of energy and plants erupted out of him and then he was surrounded by a massive vortex of rainbow energy with rainbow fire, leaves, plants, fruits, and grapes surrounding the vortex, there's a green dragon flying around the vortex, and inside the vortex is a dark green phoenix. Then, as the vortex faded, Lynn Sr. emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lynn Sr. grew from 7'0" to 7'5" in height, his abnormally large and powerful upper and lower body muscles grew much bigger and he now has abnormally massive and powerful upper and lower body muscles and he still retained his eight-pack abs, he has emerald green highlights in the bangs of his long brown hair that reached the bottom of his neck, he has neon green eyes and a rainbow energy aura with rainbow fire, leaves, plants, and fruits surrounding him, he has a green dragon with the Plant Kanji emblazoned on his forehead, he has on green dragon earrings with green gems for eyes and holding the Plant and Eternity Kanjis in its claws and his Crystal Necklace of The Buddha with green crystal links and green gems on the gold leaf links with a green dragon-shaped Element of Harmony and on the bottom of it is a green dragon with green gems for eyes and holding the Plant and Eternity Kanjis in its claws for the pendant across his bare chest. Lynn Sr.'s emerald green version of He Man 2002's loincloth and long green trenchcoat flaps are now a glowing emerald green, his large blue pants with green leaves turned black, and he has on large black leather knee-high combat boots with silver armor on the toes, and he has a green phoenix and green dragon tattooed on his now wider and now much more muscular back. Suddenly, Lynn Sr. felt a sharp pain on his now wider and more muscular back, and then, his massive green angel wings with light green tips on the large green feathers grew much larger for his new body, but the green angel wings turned brown with emerald green tips. His large green weighted bands on his large biceps and thighs grew much bigger, as well, and he has on dark green fingerless gloves with the Phoenix, Angel, and Dragon surrounding the symbol of The Loud House on the back of the hands. Lynn Sr. has on his Ring of The Phoenix with large green gem and heart-shaped gem embedded in it on his right ring finger, Green Lantern Corps ring on his left ring finger, and wedding ring on his left pinkie, and he still has eight large green orbs orbiting around his legs.

Suddenly, Lynn Sr.'s massive Sword of Dionysus, Destroyer of Team Dark Phoenix Storm, Defender of Father's Day, and Defender of The Culinary World swords began merging together, and the swords are surrounded by a kaleidoscope of rainbow energy, rainbow fire, plants, leaves, dragons, and grapes, and when it emerged, it was transformed into Bacchus' Nature Plant Greatsword of Heavenly Justice, it's a brand-new greatsword with the Roman God of Agriculture and wine, Bacchus, and he was surrounded by the symbols of the Anti-Team Dark Phoenix Storm, Father's Day, and the Culinary World etched on the 7'0" massive, wide, double-edged gold blade, large gold dragon heads for the crossguard, large green gem embedded in the rainguard, longer black handle, four large gold dragon heads with green gems for eyes and in its open mouths and on the bottom of the four dragon heads is a large rainbow gem for the pommel, he has on his new large gold cuff Bracelets of the Champions of The Universe with green gems on his wrists, new large gold Belt of Elemental Bravery with large gold dragon head with green gems for eyes and a large green gem in its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Tarot Cards of The Arcana on his right hip and his Eater of Sins revolver holstered on his right hip. There's a rainbow kanji below the dragon and phoenix said, "Lynn Sr., Master Chef and Patriarch of The Loud Family, Husband of Rita Loud, Loving Father and Defender of Many Children, Loving Son of Samuel Loud, Descendant of King Lynn of 17th Century Loch Loud of Scotland, Destroyer of Morag McLaughlin, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Owner of Lynn's Table, Destroyer of Sadistic and Insane Serial Killer Daniel Derek Monroe, Despiser of Flip and His Greedy Schemes, Emissary of Bacchus, and Master of Plants and Fruits"

Lynn Sr. has transformed into SUPER ANGEL ETERNITY INFINITY GAIA FRUITSTORM PLANT ANGEL OF ETERNAL FAMILY LOVE AND GRAPE WINE BRAVERY!

We were amazed by Lynn Sr.'s Super Angel Eternity Infinity transformation, and when Rita Loud saw him, she had an atomic red blush on her face, hearts in her eyes, steam whistling out of her ears, and blood coming from her nose. But, when Flip saw it, the mutant cheapskate lost it and tried to kill Lynn Sr., but the patriarch fired a powerful rainbow energy blast with rainbow fire, plants, leaves, grapes, and dragons, and it hit Flip and sent him flying into a wall.

Lori: Whoa, Dad's literally transformed into his Super Angel Eternity Infinity form, that's awesome.

Lincoln: And he sent Flip flying into a wall with one powerful energy blast, awesome.

Lynn Sr. (Divine Echoing Cosmic Voice of The Nature Dragon and Divine Jungle Bravery) **But, I'm not the only one facing that**

**cheapskate, champ. Honey, would you like to show the kids?**

Rita: With pleasure, honey.

Suddenly, Rita Loud's eyes turned neon purple, and she was surrounded by a rainbow energy aura with pink flames, lightning bolts and angels, she unholstered her massive Sword of Taranis from her back, and as she approached Flip, she left rainbow energy, pink flames, lightning bolts, and angels with every step. Suddenly, Rita Loud was surrounded by a massive vortex of rainbow energy with pink flames and lightning bolts surrounding it, there's an army of angels flying around it, and in the vortex is a tanzanite phoenix. Then, as the vortex faded, Rita Loud emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Rita Loud grew to 6'11" in height and she was much younger now, she had the body of a goddess, she has pink and purple highlights in the bangs of her long neck-length blonde hair, she has neon purple eyes and a rainbow energy aura with pink flames, lightning bolts, and angels surrounding her, she has an angel holding the Thunder Kanji in its hands emblazoned on her forehead, she has on angel earrings with tanzanite gems for eyes and holding the Thunder and Eternity Kanjis in its hands, she has on her Crystal Necklace of The Buddha with tanzanite crystal links and tanzanite gems on the gold lightning bolts and a tanzanite angel-shaped Element of Harmony and on the bottom is an angel with tanzanite gems for eyes and holding the Thunder and Eternity Kanjis in its hand for the pendant, she has on a pink sleeveless midriff top with tanzanite phoenix on it, purple pants with lightning bolts on the legs, tanzanite knee-high high-heeled boots, and a long pink sleeveless trenchcoat with angels and lightning bolts on the coattails and an angel surrounded by a Celtic Knot circle and lightning bolts around the circle on the back. Suddenly, Rita Loud felt a sharp pain on her back, and then, massive blonde angel wings with pink and purple tips on the feathers and surging with lightning, sprouted out from her back, she has on a Ring of The Phoenix with tanzanite gem and heart-shaped gem embedded in the gem on her right ring finger, Star Sapphire ring on her left ring finger and wedding ring on her left pinkie. She has on pink fingerless gloves with the Phoenix and

Angel surrounding the symbol of The Loud House on the back of the hands, large pink weighted bands with silver phoenixes on her biceps and thighs and she has eight large tanzanite orbs orbiting around her legs.

Suddenly, Rita Loud's massive Sword of Taranis, Destroyer of Team Dark Phoenix Storm, and Defender of Mother's Day swords began merging together, and they were surrounded by a kaleidoscope of pink energy, and when it emerged, it was transformed into Taranis' Celtic Lightning Sword of Electric Angelic Justice, it's a brand-new greatsword with the Celtic God of Lightning, Taranis, and the symbols of the Anti-Team Dark Phoenix Storm and Mother's Day etched on the 7'0" massive, wide, double-edged gold blade, gold angel wings for the crossguard, large tanzanite gem embedded in the rainguard, longer black handle, and large tanzanite gem surrounded by angel wings for the pommel, she has on her new large gold cuff Bracelets of The Champions of the Universe with pink gems on her wrists, new large gold Belt of Elemental Bravery with gold angel with pink gems for eyes and holding a tanzanite gem in its hands for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and Eater of Sins revolver holstered on her left hip. There's a purple kanji below the angel that said, "Rita Loud, Matriarch of The Loud Family, Loving Wife of Lynn Sr., Loving Mother of Many Children, Loving Daughter of Albert Loud, Niece of Ruth, Hardworking Dentist of Gotham Royal York and Talented Novel Writer, Descendant of 17th Century Rita of Loch Loud, Destroyer of Morag McLaughlin, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Destroyer of The Hated So-Called Nurse Sue, and Master of Elasticity and Lightning"

Rita Loud has transformed into SUPER ANGEL ETERNITY INFINITY ELASTIC CELTIC LIGHTNING ANGEL OF THUNDERSTORM JUSTICE AND ELASTIC ETERNAL LOVE!

We were amazed by Rita Loud's Super Angel Eternity Infinity transformation, and when Lynn Sr. saw her, he had an atomic red blush on his face, hearts in his eyes, steam whistling out of his ears, and blood coming out of his nose, but when Flip saw it as soon as he got out, he went ballistic and tried to attack again, but he wound up getting hit by another energy blast fired by Lynn Sr.

Rita Loud: (Divine Echoing Cosmic Voice of The Thunderstorm Celtic Angel and Divine Elastic Love) **Now, we can get after that cheapskate and make him pay for what he's done.**

Me: Show no mercy on that fucked up mutated freak!

Lynn Sr.: **With pleasure!**

Lynn Sr. and Rita Loud went after Flip, and they fired powerful blasts of rainbow energy, rainbow fire, leaves, plants, dragons, angels, lightning, and grape bombs and they exploded with incredible power as they hit Flip. Then, Lynn Sr. fired a blast of grape wine, and as it hit Flip, it made him drunk and he was unfocused, and Rita fired a blast of lightning and electrocuted him even more, and she formed her left hand into a mallet and stretched her left arm and it hovered over Flip's head, and she brings it down on Flip's head and he screamed in excruciating pain as he got hit. Then, Lynn Sr. and Rita fire a rainbow energy blast and it formed into a rainbow energy straitjacket and rainbow energy chains and bound Flip and brought him back to his post in Lynn's Table, and he was chained up again, and he screamed in even more anger and fury, and Nico and I flipped the bird at Flip. We cheered wildly as Rita and Lynn Sr. holster their massive greatswords on their backs and power down, and the new bodies, clothes, jewelry, weapons, and massive angel wings of Rita and Lynn Sr. are permanent.

Then, Rita wrapped her arms around Lynn Sr.'s thick muscular neck, as her chest was pressed against Lynn Sr.'s massive and wide muscular pecs, which'd brought an atomic red blush to Lynn Sr.'s face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lynn Sr. leans down to Rita's face, they kissed passionately as Rita's left arm was still wrapped around Lynn Sr.'s thick muscular neck, but she moved her right arm and her right hand onto Lynn Sr.'s massive and wide muscular right pec, and behind them was a Phoenix, Angel, and Dragon flying in the air, along with plants growing around their feet and lightning crashing behind them and we cheered wildly for them.

Lincoln: Now, that was so awesome.

Nico: That stupid cheapskate stood no chance against your parents, guys, and he got the beating of a lifetime for all the crap he's pulled. Serves him right.

Lincoln: But, the real icing on the cake was when you and J.D. flipped him the bird when Mom and Dad sent that cheapskate flying back to Lynn's Table and chained back to his post again.

Eli: We've also increased security, and if any of the jerks try to escape, the alarm will sound, and we'll pummel them.

Nico: Awesome, and there'll be no way they'll try that stupid stunt again.

Me: Yep.

Nico: But great job everyone. This was number 5 of the Lantern Planets.

Me: Planets Nok and Zamaron are left now.

Lola: Yep.

Saint Walker: (To the viewers) This was a great adventure and I hope you all had fun with this one. All is now well.

Nico: Yes it is. Lets go home.

We went back home. But our adventure wasn't done yet as we still had the planets of the Indigo Tribe and the Star Sapphires left. We enjoyed the rest of the day and went to sleep.

# LANTERN PLANET ADVENTURES 6 - COMPASSION

(MEETING BEETHOVEN AND THE NEWTON'S IS IN HONOR OF CHARLES GRODIN)

Journey to the World of the Indigo Tribe - Nok, Planet of Compassion.

---

Walking through the beautiful and lush rainforests of the planet Mars was Nico, Sailor Mars, Totally Spies Sam, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were there because we heard that there was a mysterious jewel cave there.

Me: So the next rescue is here on the planet Mars.

Camie: Wow! You got to be kidding me!

Tsuyu: This is the planet Mars!? It's now fully Earth-Like.

Laney: We were shocked ourselves when we first saw it like this.

Me: Yeah it was during our annual Adventures of Horror 2 years ago that we saw it like this. Mars is now fully terraformed and now like Earth. 3 years ago it was a dead red rusty planet. As red as a rusty doornail.

Himiko: Wow! How in the world did it become fully terraformed like this?

Sirius: Yeah that kind of technology doesn't even exist yet.

Nicole: I said the exact same thing back then and it won't be available for another 100 to 500 years. But that is still a big mystery to us.

Laney: It sure is.

Fluttershy: But it's amazing that Mars can turn into this beautiful kind of planet.

Lola: It sure is.

Me: Also when we raced on this planet the first time it was covered in red dust and a near totally dead planet. Now it's completely like Earth.

Nico: I remember that.

Chloe Bourgeois: That is so cool! I remember seeing that on the news before you guys came to Paris. That is awesome.

Zocks: Wow no kidding.

Nico: Thanks for coming with me, Sam.

Sam Simpson: Anytime Nico. It's an honor to go with you on a rescue.

Sailor Mars: And it's great that you guys are here on my home planet.

Me: And it's also very fitting because the next gene-slammer is actually for an alien from the planet Mars.

Eli: That is really cool.

Nico: Sam, are you happy that Mandy got what she deserved?

Sam Simpson: I sure am and that monster had it coming.

Camie: Who is Mandy?

Eli: You would not like her one bit. She is what we call the ultimate personification of a spoiled brate.

Me: Yeah. She is a girl that came from a rich family and she did all kinds of terrible things.

I went over her history.

---

Mandy is a major antagonist from Totally Spies. She is Clover's rival.

She was voiced by Jennifer Hale, who also voiced Sam Simpson in the same franchise, Princess Morbucks, and Sedusa in The Powerpuff Girls, Rojo (Ben 10) in Ben 10, Shannon Lucas in Scooby-Doo! Moon Monster Madness, Kronika in Mortal Kombat 11, Black Knight (Generator Rex) in Generator Rex, and Alecto (God of War) in God of War: Ascension.

Mandy (Jennifer Hale) is a bully who's rivalry with Clover is the most pronounced. They often compete over boys, popularity contests, bragging rights, the latest fashions, and virtually everything else. Mandy will go out of her way to annoy the girls and get them in trouble, and will even use dishonest means in order to do it.

In Season 1-4, Mandy is often accompanied by her two BFFs/yes-women Caitlin and Dominique. However, it wasn't until Season 4 that there was actually any loyalty between the three. Before then, they had each been shown to leave the others at the drop of a dime. At the start of Season 5, Mandy and her crew apparently went their separate ways after graduating from high school. While Mandy was supposed to attend a ski school in Aspen, she transferred to Malibu to attend university with her cousin Mindy. Mandy and Mindy, known by the girls as the Terror Twins, are seen together for most of the fifth season, save for the finale.

In the episode "Evil Coffee Shop Much?", she follows the girls to WOOHP and her attitude impresses Jerry, who makes her a WOOHP spy. However, she dislikes the experience due to being stuck with the girls and being tied up at the mercy of the Vancouver

Coffee Barista, and eventually asks to have her memories erased at the end of the mission.

In "Totally Busted", Mandy is infected by SUDS, along with Caitlin and Dominique, and they are transformed so they hunt spies, that is, they are "spy-ssassins". They try to kill the spies but are all easily defeated. Later, Mandy, Caitlin, and Dominique kidnap the spies' mothers and take them to Mandy's ski chalet the Sugarflake Ski Resort. They put the moms in a tram cart that is let loose. After an avalanche incident, Mandy and her cronies kidnap the spies to The Groove (Beverly Hills' main shopping center where Mandy says she does her deepest thinking). After they learn about the SUDS, they infect the spies with it and rescue the inventor from jail. Later, Mandy, her cronies, and the Inventor plan to transform the whole world into an army of spy-ssassins, but were all defeated by the spies. At the end, Mandy, Caitlin, and Dominique are returned to normal.

In "Totally Dunzo", Mandy becomes nicer to Sam, Clover, and Alex after suffering from a "near-death experience" (breaking a nail). She returns Sam's, Clover's, and Alex's parking space that she had just forbidden, pays for the shoes Sam, Clover, and Alex were just about to buy and cleans their entire penthouse dorm room when they were not looking. At the end of the episode, when she discovers that the girls were spies, she goes back to her usual snobbish self because she believes "friends shouldn't keep secrets from each other" and demands to go back to Malibu University. As the episode was intended to be the series finale, Mandy's memory is not erased, but when the series was given a sixth season, she gets her usual memory wipes. She is also frequently saved by the spies from the villains who have a vendetta against her.

In "Baddies On A Blimp" Mandy is mentioned by Blaine after he tells Clover that he had enough of dating L.A. girls and she was the last L.A. girl to be dated by him. This prompts Clover to take a break of dating her ex-boyfriends in the last part of the episode. It is implied that she does poorly in school. Mandy originally planned to go to a ski school in Aspen but ends up going to Malibu University where she lives in the same dorm as the girls and shares a room with Mandy. She has pledged the same sorority as Clover during Greek week in "Evil Sorority". She tries to get the girls in trouble by taking incriminating photos of them trashing the dorm along with her cousin in "Virtual Stranger" although she and Mandy later is caught in related photos. When her room floods in "Miss Spirit Fingers", she and Mandy move in and redecorate the girls' room but thanks to Jerry, they're flooded out of the girls' penthouse.

---

When I was done everyone that hadn't heard about it was shocked!

Camie: (GROWLS) Man what a monster!

Lola: Yeah! No kidding! What a jerk!

Me: Indeed.

Lana: But she got what's coming to her.

Nico: And she forced Caitlyn and Dominique to do her bidding.

Me: And she teamed up with a mad scientist named The Inventor.

Lola: Yeah! What a heartless bully.

Me: But Lincoln should have cursed her to be a solid gold statue for all eternity.

Lincoln: I didn't know anything about curses back then. But I'll have to make up for that later on.

Sam Simpson: Good idea Linky.

Himiko: How come Mandy hated you guys so much?

Sam Simpson: She thought she was so much better than everyone because she was rich and had more money than we did.

Me: But she forgot one thing and that is having all the money in the world doesn't bring you true things that everyone needs. There are many things that Money will never buy like Power, Love, Friendship and all that.

Nico: Yep.

Eli: That is true.

Nico: So, what are we doing here?

Me: Well Rarity sensed something here on Mars and she used her magic and found out that there was a mysterious jewel cave here.

Rarity: I wanted to see if it was true and if it's possible use those jewels here to make beautiful new outfits for my newest line of fashion.

Nico: Oh that makes sense.

Me: It will be interesting to see if it's true.

Lola: Yeah!

Nicole: It shouldn't be that much farther. The scans are showing that it's 500 yards ahead.

Nico: And it shouldn't take a genius to find out who the next Another Power Ranger will be.

Me: Nope. Another Kiramai Red.

Rarity: Oh Juru and Mr. X are most not going to like this one at all.

Nico: I wouldn't either.

Eli: Yeah.

We arrived at the cave.

Nico: This it?

Nicole: Yep.

We went in and put on mining helmets and went down deep into the cave and then we saw a light.

Me: What's that light?

Eli: Lets see what it is.

We went into a huge and massive room and to our amazement we saw a huge and beautiful and amazing CRYSTAL GROTTO and it was full of gems and jewels of many different amazing colors and had sparkling blue waterfalls and a pond in it and it was full of plants too!

We were amazed!

Laney: OH WOW! (Echoing)

Lana: Amazing!

Nico: Look at all these crystals!

Rarity: Oh this is absolutely amazing darlings!

Me: And all this formed right here on the planet Mars.

Sailor Mars: Wow! Hard to imagine! This is amazing.

Nico: Let's grab all the crystals we can before Another Kiramai Red gets here.

Me: Right!

We got to work and did so and we got numerous carts full of jewels and crystals and gems and more! We got them out of the cave.

Me: Wow! The people on Earth are going to flip seeing all these.

Rarity: They sure are darlings.

Lisa Loud: I better take some specimens to the scientific community for analysis.

Me: Okay.

But then we heard an eerie noise.

Me: Uh oh.

Nico: Alright, Another Kiramai Red. Come out. We knew you were coming.

Then a figure came out and it had red light shining through it and it was refracted light and we saw that this Another Ranger was completely translucent and refractive. It was ANOTHER KIRAMAI RED! It looked like a crystal version of Kiramai Red and it had a scary version of Juru's helmet on and the sun shining through the crystals made it dazzling yet scary.

Lola: Wow! This one is sparkly!

Me: But it's dazzling and dangerous too!

Nico: How'd we know you'd show up? Because the Kiramagers are crystal based. And this cave is full of crystals.

Me: That's right.

Another Kiramai Red clutched its head and then reverted back and then I gasped upon seeing who it was! It was a girl with red, orange and yellow hair and she had a rainbow jewel dress on and she had rainbow crystal angel wings! It was my friend Olivia Welsh!

Me: Olivia Welsh!

Olivia Welsh: J.D. You have to help me! I can't control this power! It's too much for me!

Me: Hold on Olivia!

Nico: How do you know her J.D.?

Me: Olivia was in my Kindergarten class on up and we did all sorts of art projects together as well as do jewelry working in jewelry classes and we made all kinds of jewelry. But her mom and dad were born insane and they abused her and she did her best to hide it. But I sensed that she was in pain and I didn't know what the problem was. But I asked her and every time I did she dodged the subject. But I then asked her to come to my room and I had her tell me and she did so and I was infuriated. I immediately reported her parents to the police and they locked her in the nuthouse. After that she just disappeared. Now I know why. She was turned into Another Kiramai Red by Swartz!

Everyone gasped!

Nico: Oh man!

Me: Hang on Olivia! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: Might as well keep the crystal theme going. (takes out Ridewatch for Skalamander)

Nico activated it and got Skalamander's powers and there were crystals all on his back and they looked like the spines of Space Godzilla and he had a tail that looked similar to Space Godzilla's!

Nico: YEAH!

Eli: Wow! Nico you look like you got Space Godzilla's powers with those spines and tail.

Nico: I sure do. This is an awesome one.

Olivia then screamed as she was in a vortex of darkness and jewels appeared and swirled around her and then she into ANOTHER KIRAMAI RED!

Nico: WHOA!

Kaito: (gets out Decade gear) Our turn.

Zocks: (Gets out W gear) I'd say to count up your sins. But you don't really have any.

Kaito got a sword with all the powers of 10 years of Kamen Riders and Zocks got the Prismblade.

Nico: YEAH!

Eli: Cool!

Me: Lets see here. I know!

I pulled out the Core Medals for Evil Jewel Man, Skalamander and Quartzion and put them in my sword!

Me: Try this on! CRYSTAL JEWEL SPIKESTREAM!

I slashed the ground and fired a massive stream of crystal spikes and they went at Another Kiramai and then she jumped into the air and used the powers of Imagination and formed a powerful crystal sword imbued with the powers of Vypra!

Me: She has Imagination Powers and they can form crystal weapons for all the powers of the Non-Core and Core members of the M.O.E.!

Nico: That is cool!

She fired blades of light and darkness and I blocked them with my scythe and sent them back to her and knocked her down!

Nico fired some crystals at her and she dodged them and then formed a black crystal blaster with all of Dark's Antitrix powers in it and she fired waves of fire with Hot Burn's powers and I absorbed the fire and then fired waves of blue fire and smashed her down.

Laney: WHOA! That blaster was made of crystal but had all of Dark Spicer's powers in it!

Nico: Careful! That blaster's dangerous!

Me: Right!

But then we saw the blaster vanish!

Me: What the!? It's gone!

Then we saw a Martian appear!

Me: A Martian!?

Nico: Whoa!

Martian: (In a girls voice) (Russian Accent) That was a close one comrades.

Nico: Melanie Romanova! Wow!

Melanie reverted back and she had red hair and red and orange clothes on.

Melanie Romanova: Awesome to see you again comrade Nico.

Nico: You too Melanie.

Laney: You're from Russia. How cool.

Melanie Romanova: I sure am. Awesome to meet you guys.

Me: Lets take care of this first before you catch up.

I fired a wave of blue fire and the blast hit Another Kiramai Red and she exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I caught the Ridewatch and purified it. But then massive rainbow energy blasts hit all of us and then we felt really strange and we saw that we got imbued with the same powers as Another Kiramai and we now have the power to make weapons imbued with the powers of all the core and non-core M.O.E. members!

Me: Wow! That was weird but that was cool! Now we all have the power to make weapons imbued with the powers of the core and non-core M.O.E. members.

I went over to Olivia and held her and then gave her my serum and she then coughed.

Olivia Welsh: (Coughs) (Weakly) J.D.?

Me: Yeah it's me. At least you're okay.

Olivia then hugged me and cried hard into my chest.

Sam: How'd you make that blaster disappear?

Melanie Romanova: I have teleportation and camouflage powers. I blended in with the sky and made myself invisible and grabbed it and teleported with it.

Nico: That was really clever.

Olivia was walking with me and I was soothing her as she was crying hard.

Me: It'll be all right Olivia.

Nico: Poor girl.

Varie went over to her and checked her out and she was good.

Varie: She will be all right.

Me: Yeah.

Rarity, Applejack and Rainbow Dash were comforting Olivia too.

Sam: What's your favorite memory of Nico?

Melanie Romanova: I have a lot of them but most of them revolve around me and Nico working and taking down evil spy organizations.

Nico: She was my partner in the CIA and she helped me take down some of the most dangerous spy organizations in the world as well as the most dangerous and ruthless terrorist groups.

Me: Wow that is really cool!

May: It sure is! I'm guessing that this was classified.

Nico: Yes and I'm sorry I didn't tell you guys about this but it was very important.

May: That makes sense.

Melanie Romanova: That's right. Also I'm a great astronomer and

Nico and me and done all sorts of awesome discoveries for space.

Nico: Yep. Good times.

Nico and Melanie hugged.

Nico: I really missed you.

Melanie Romanova: Me too Comrade Nico.

Me: But that was a great adventure.

Lola: It sure was.

Olivia was still crying but getting better.

Rarity: Oh Olivia it will be okay darling.

Applejack: Yeah J.D. saved you.

Olivia Welsh: (Crying) Yes he did. But my parents are… are… (WAILING)

Rainbow Dash: What happened to them?

Olivia Welsh: THEY WERE EXECUTED FOR MURDER! (WAILING)

We gasped!

Me: When did this happen?

Nico: Wait. I think I heard something about this.

Nico looked it up and then found a huge shocking discovery.

Nico: Here it is! "Convicted Insane Child Abusers, Harry and Katherine Welsh convicted of Capital Murder in the beating of a fellow inmate and executed by lethal injection."

We gasped!

Olivia was going to need lots of therapy and more.

But we have so much catching up to do.

* * *

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Kim Possible are heading to Australia, and not only is Lincoln going to rescue the six girls here, but we're also going to meet Athena Wendolla, the Champion of Loyalty and destroy Straizo, a former human now turned evil immortal vampire from JoJo's Bizarre Adventure: Phantom Blood.

Lincoln: Wow, we're here in Australia, and I know what we're going to do here, not only am I going to rescue the six girls here, but we're also going to meet Athena Wendolla, the Champion of Loyalty and destroy Straizo, a former human now turned evil immortal vampire from JoJo's Bizarre Adventure: Phantom Blood.

Nico: That's right, big guy. Hmm, and I've got something in store for Strazio, how about we recruit him to The Masters of Evil, but you'll need to use the absorption method of The Pillar Men and have his soul imprisoned in an energy card, and send it to Vypra.

Lincoln: That's a good idea, Nico, and thanks for joining us, Kim.

Kim Possible: You're welcome, Lincoln, this is going to be so awesome.

Suddenly, we saw Rainbow Dash's cutie mark on her right shoulder and the Loyalty Cutie Mark on Lincoln's wider and muscular back were glowing, and that means The Champion of Loyalty is near.

Me: Just like what happened when we met Emily Magica yesterday in Colorado.

Ken Knudson: That's right, J.D., the only way we can tell if a Champion of Loyalty is near is by the glowing cutie marks on the Knights of the Friendship Table and on Lincoln's back, awesome.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of six girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the six girls, but they've been cornered by Strazio, and he's going to kill them. Lincoln also saw a girl with long pink hair with Rainbow Dash's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in pink clothes, and she's defending them from Strazio.

Lincoln: Guys, I found the six girls, but they've been cornered by Strazio, and he's going to kill them. I also saw a girl with long pink hair with Rainbow Dash's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in pink clothes, and she's defending them from Strazio.

Ken Knudson: That's Athena Wendolla, the Champion of Loyalty, and the second of the 27 Champions of Harmony. We got to get over there at once.

?: (Greek Accent) And teach that vampire a lesson.

Suddenly, we saw the Duel Monster, Amazoness Queen, appear before us.

Nico: Amazoness Queen, but…

Lincoln: Nope, this wasn't Tania's doing, Nico. In fact, I'd recognize that Greek accent from anywhere, I knew it was you, Daphne Andreas, but we'll talk later, we've got an evil vampire to deal with.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Strazio, and it allowed the six girls to get to safety and Athena Wendolla stood with us. When Strazio saw us, he hissed in anger.

Lincoln: Alright, guys, let's get this evil vampire.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Kim Possible, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Hector got out his massive Heaven's Maw of Judgement sasumata pike, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Strazio, and we fire powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, and Magic, and they exploded with incredible power as they hit him.

Then, Lincoln teleported behind Strazio and he put him in a brutal bear hug so Strazio couldn't try to escape. Eli used his Byakugan, and he saw Lincoln's cells release a potent digestive acid that began melting Strazio's body and we saw Lincoln absorbing Strazio into his body, and Lincoln assimilating all of the evil vampire's powers. Then, when Lincoln was done absorbing Strazio into his body, an energy card formed in his hand with Strazio's soul inside it, and he sent it to The Masters of Evil. We cheered wildly as we holster our weapons and power down.

Me: What did we just witness? Lincoln literally absorbed Strazio into his body through that brutal bear hug.

Eli: Because he absorbed the evil versions of Santana, Kars, Wamuu, and Esidisi, he assimilated all of the Pillar Men's powers and abilities, and it also included their absorption ability. I saw through the Byakugan that Lincoln's cells released that digestive enzyme that began melting Strazio's body, and he began absorbing him.

Nico: That ability is what makes the Pillar Men feared even among vampires, and Lincoln now has that ability, along with the absorption methods of Cell and Majin Buu, sucking out and absorbing energy, along with their powers and abilities, and sucking out information from villains' brains. Whoa.

Athena Wendolla: Thank you for what you all did. (Recognizes who we are) Wait, you're Team Loud Phoenix Storm?!

Me: That's right.

Lincoln: We found about you and the other 25 girls who were chosen by the Elements of Harmony to become the new 27 Champions of Harmony. Yesterday, we recruited Emily Magica, the Champion of the Magic of Friendship and Harmony in Colorado after dealing with Amy McKale, and now, we're here to recruit you.

Lincoln then explains to her that The Doomsday 23, along with Evil Starlight Glimmer, are about to be resurrected as a contingency plan by The Church of Necrom, as yet another plan to get revenge on us for destroying them, and when he was finished, Athena Wendolla was shocked. Ken Knudson also explained that she, along with the others, were chosen by the Elements of Harmony, to be the new

Champions of Harmony, and we saw the determination in her eyes, and she stood with us.

Athena Wendolla: Alright, I'm in, I refuse to let the Doomsday 23 or The Church of Necrom destroy the world and all Harmony.

Nico: Awesome.

Lincoln: We've recruited the second of the 27 Champions of Harmony and that's it for Strazio. (To Daphne Andreas) And it's so good to see you again, Daphne Andreas.

Daphne Andreas reverted back to normal, and she's a beautiful girl with long flowing orange hair with a flower in her hair, orange eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful orange angel wings, and she reigned in the power of Amazoness Queen, and she's dressed in a sleeveless pink vest, orange midriff top, orange skirt, orange sweatpants, orange sneakers, and long sleeveless orange trenchcoat with plants on the coattails, and Amazoness Queen on the back, and holstered on her back is a large Amazoness Queen-themed greatsword with Amazoness Queen etched on the 7'0" massive, wide, double-edged orange blade, orange angel wings for the crossguard, large orange gem embedded in the rainguard, longer black handle, and large orange gem surrounded by angel wings for the pommel.

Daphne Andreas: (Greek Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Daphne Andreas and they hugged, and Daphne Andreas's also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Daphne Andreas: (Greek Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Daphne Andreas, she's one of my Guardian Angels from Greece, she's an amazing and strong athlete and trained in the arts of battle and survival.

Me: Wow, that's awesome.

Daphne Andreas: (Greek Accent) And I've got a really horrible and nasty revelation about Lori, Lynn, Lola, Lisa, and Luan that could've gotten them disowned by the entire family and got them sent to Ionia Correctional Facility forever.

We gasped in shock.

Nico: Oh man, we're not going to like it.

Colleen Gallagher: And you're also not going to like this, later on, I'm going to reveal that despite that I was loved greatly by my father, my mother hated me with a passion since the day I was born and that miserable woman tried anything to punish me for no reason, and she was a total bully to anyone who got in her way.

Lincoln: Yeah, and trust me, guys, you're not going to like it one bit.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Daphne Andreas' neck with orange gems on the gold thunderbolt links and orange crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Daphne Andreas: (Greek Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Daphne.

Daphne Andreas had a smile on her face and tears in her eyes, as

Lincoln wrapped his abnormally massive and powerful muscular arms around Daphne Andreas' waist and Daphne Andreas wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Daphne Andreas' face and kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the six girls, and when Lincoln saw them, he recognized them immediately. The six girls are Arcueid Brunestud, Ciel, Hisui, Kohaku, Toono Akiha, and Yumizuka Satsuki from Tsukihime - Lunar Legend.

Lincoln: Oh wow, it's Arcueid Brunestud, Ciel, Hisui, Kohaku, Toono Akiha, and Yumizuka Satsuki from Tsukihime - Lunar Legend.

Nico: Awesome.

Lincoln: Are you girls okay?

Arcueid Brunestud: Yes, we're okay, thanks to you.

Then, when Arcueid Brunestud and the other five girls saw who it was that saved them from Strazio, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The

Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and

Arcueid Brunestud: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Arcueid Brunestud: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared on the necks of Arcueid Brunestud, Ciel, Hisui, Kohaku, Toono Akiha, and Yumizuka Satsuki with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they also met Athena Wendolla, the Champion of Loyalty, and they're shocked when they found out the villain we went after in Australia was Strazio, a former human now turned evil immortal vampire from JoJo's Bizarre Adventure: Phantom Blood.

But, when Lincoln showed what he did in using the Pillar Men's absorption ability and he absorbed Strazio into his body and putting his soul into an energy card and teleported him to The Masters of Evil's HQ, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Daphne Andreas have a lot of catching up to do now that she's back in town, and that's 2 of the 25 remaining Champions of Harmony now recruited into the team.

---

After dealing with Strazio, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Daphne Andreas saw Lincoln working out like crazy, she had an atomic red blush on her face.

Daphne Andreas: (Greek Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Daphne, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Daphne Andreas: (Greek Accent) That's incredible.

Nico: It sure is. So, Daphne, what's this revelation about Lori, Lynn, Lola, Lisa, and Luan that's really horrible and nasty and it could've gotten them disowned by the entire family and sent to Ionia Correctional Facility forever?

Daphne Andreas: (Greek Accent) You're not going to like it one bit. One day, I was training Lincoln on some self-defense techniques and we were also working out in my family's gym, but then, we heard a stampede and the doors to the gym were smashed open, and to my utter disgust we saw who it was, it was Lori, Lynn, Lola, Lisa, and Luan, but their eyes were completely red with insanity and rage, and even worse, they had knives in their hands, and they've decided they had enough of Lincoln living, so they were going to shoot him dead, along with me for even helping him. I reacted quickly, and I then grabbed Lori by her right arm that had the knife in her hand, and I broke it, and I threw her right at Lynn, Lola, Lisa, and Luan, and they crashed into the wall and they were knocked out and disarmed of the knives. We tied them up and we dragged them back to The Loud House, and when we told Mr. and Mrs. Loud of what those five demon sisters tried to do to Lincoln and I, everyone was furious at them, and they wanted to disown them and send them to Ionia Correctional Facility. But, Lincoln and I decided against that, instead, we had them sent to jail, so they could see what'll happen if they tried to do that again. They were also grounded for twelve weeks, and Lincoln refused to even talk to them. He then went up to me and he hugged me, and when I felt tears on my chest and heard him cry, I hugged him back and rocked him slowly to calm him down.

We had tears in our eyes because of what we just heard, and when Eli heard it, he was really furious.

Eli: Those murderous, good-for-nothing… !

Lincoln: I know, Eli. They're nothing but pure evil and if they weren't stopped, they would've turned all of Royal Woods into a graveyard of death, and the sooner we pummel Dark Lynn, the sooner we'll send them to The Black Gates forever.

That calmed Eli down.

Colleen Gallagher: That's further proof of just what kind of sore losers the dark sides are.

Me: You said it.

Nico: Yeah. So, Colleen, can you tell us of how you've had to deal with a rotten heartless bully of a mother who hated you with a passion since the day you were born?

Colleen Gallagher: You got it. On the day I was born, my father loved me with all his heart, but when my mother saw me, she just acted like, and pardon my French, a cold-hearted bitch towards me, and it didn't stop there. As I grew up, she tried anything to try and punish me for no reason, but my dad saw through her and he defended me, and he warned her to knock it off or he'd file for divorce and kick her out of the house. Then, I met Lincoln and he was a nice person, but I also saw that Lori, Lynn, Lola, Lisa, and Luan were pretty mean to him and they enjoyed seeing him suffer, in every way, those five were just like my mother, and I defended him from those five brats. But, it wasn't just me that my mother hated, she really hated anyone who got in her way and she was nothing but a rage-filled bully who took pleasure in seeing others suffer.

We were furious at what kind of person Colleen's mother is.

Nico: What a bitch.

Colleen Gallagher: If you thought she was bad, wait until you hear this. One day, Dad and I found out she tried to destroy the house and blame me for it, and that's when Dad saw red.

Mr. Gallagher: What the hell were you about to do? Destroy our house and blame Colleen for it, so you can punish her and satisfy your sick urge to make her suffer?!

Mrs. Gallagher: Why not?! She should be punished, she's nothing but a thorn in my side!

Mr. Gallagher: That's it! Colleen's an amazing daughter and I've had it up to hear with your bullying. You are a selfish, petty, rage-filled bully who wants to make people suffer so you can partake in their misery. And you know what, I've already filed for a divorce, so pack your things and get out, you leech!

Colleen Gallagher: Hearing Dad's words were really awesome, and Mom turned purple with rage and she tried to kill us, but the cops were already here and they carted her off. Dad told me he also found Mom's diary, and she has a hit list: she was going to kill me, Dad, Lincoln, his friends and family, and everyone who gets in her way. The diary was given in as evidence, and my former mother was then found guilty and sent to prison for the rest of her life.

We cheered wildly.

Lincoln: It should serve her right, Mrs. Gallagher was a bully who enjoyed seeing people suffer for her own amusement, she deserves to spend the rest of her life in prison and never be free again.

Rita: Yeah, she caused nothing but trouble for anyone who got in her way, and she was a monster to everyone in her path.

Nico: And that she had that demented murder list in her diary: the hottest places in Hell are reserved for people like her, she never fulfilled the vows of motherhood, she was a bad wife and mother, and she was a heartless rage-filled bully who took delight in peoples' suffering for her amusement. She deserves to burn in Hell forever for this.

We then got a shower afterwards, but then, the alarm sounds, and when Lincoln checked the computer, he saw who it was that triggered the alarm: it was Enrico Pucci, a Fanatical God Wannabe who wanted to accomplish a prophecy that will create "heaven", and achieve the ultimate happiness by Dio Brando.

Jolyne Kujo: Oh man, it's Enrico Pucci, that Fanatical God Wannabe priest's here and he's causing havoc.

Ermes Costello: He needs to be stopped now.

Lincoln: You said it, Ermes. But, if Enrico Pucci's here, then that must mean, Dio Brando's also here as well, and we'll be facing him later on today. Come on, let's take that fanatical priest down once and for all.

We flew out of The World Tree Estate, and Lincoln fired powerful blasts of rainbow energy and elemental forces at Enrico Pucci. When the fanatical priest saw us, he was enraged, especially when he saw Jolyne Kujo, the great granddaughter of Joseph Joestar and archenemy of Dio Brando.

Jolyne Kujo: Enrico Pucci, I should've known you'd show up here.

Enrico Pucci: You fools will never stop me from creating heaven and achieve the ultimate happiness in the name of Dio Brando.

Lincoln: That's never going to happen, you are going to die here and now for your crimes, you fanatic priest.

Ermes Costello: That's right, and we've had it up to hear with you to last an eternity, Enrico Pucci.

Suddenly, Jolyne Kujo and Ermes Costello's eyes turned neon, and they were surrounded by a dark blue and green energy auras with butterflies, water, green flames, and snakes, and as they approach Enrico Pucci, they left dark blue and green energy, butterflies, water, green flames, and snakes with every step. Suddenly, Jolyne Kujo and Ermes Costello was surrounded by massive vortexes of dark blue and green energy with water and green flames surrounding the vortexes, there's a butterfly and snake flying around the vortex, and in the vortexes are a pink and blue phoenix. Then, as the twin vortexes faded, Jolyne Kujo and Ermes Costello emerged, but they were changed forever.

We were amazed by the Super Angel Eternity Infinity transformations of Jolyne Kujo and Ermes Costello, and when Lincoln saw them, he had an atomic red blush on his face and hearts in his eyes. But, when Enrico Pucci saw it, the fanatical priest fell into a rage and tried to kill them by summoning his three Stands, Whitesnake, C-Moon, and Made in Heaven, but Jolyne Kujo and Ermes Costello fired powerful energy blasts, and it hit the fanatical priest and sent him flying into a wall.

Later it was time for Onewa's 3rd Ambassador Mission.

William: Anyone else want to go with Onewa? Besides KGBeast, Yin, Yang, and 3 Rabbids?

Camie: We'll go!

The MHA Girls all decided they were gonna go.

Me: Hey cool! I can't wait for you all to meet Shinnosuke and team.

Princess Cadance: Can I go with too?

Flurry Heart: Same with me?

Me: Sure. The more the merrier.

Nico: Awesome. Are we all ready?

We nodded.

Nico: Lets roll!

We got in our cars and my car turned into a minivan bus and we were off to Japan.

Nico: That is cool that your car can do that now J.D.?

Me: You like it? It's a new bunch of modifications I had put in.

Nico: It's awesome.

We then arrived at Japan.

We pulled into the garage of the Drive Team.

LA CUCARACHA HORN PLAYS!

Shinnosuke: Hey guys!

Nico: What's up Shinnosuke.

Onewa: Shinnosuke, this is my archenemy.

KGBeast: (Russian Accent) Privet Comrade Shinnosuke. My name is Anatoli Knyazev, but everyone calls me KGBeast. I'm Onewa's archenemy.

Shinnosuke: Awesome to meet you.

KGBeast: I was given super strength from these cybernetic parts in me and I have this cyber prosthetic arm that acts like an awesome tool.

Go: That is so cool!

Me: Yep. And these are Our friends from U.A. Academy.

Camie: Awesome to meet you. I'm Camie Utsushimi.

Tsuyu: I'm Tsuyu Asui.

Kaina: Kaina Tsutsumi.

Kaoruko: Kaoruko Awata.

Himiko: Himiko Toga.

Toru: Toru Hagakure

Ibara: Ibara Shiozaki.

Sirius: Sirius.

Ochaco: And I'm Ochaco Uraraka.

Shinnosuke: Wow it's an honor to meet you girls.

Me: That was one of our biggest and most amazing series of Ambassador Missions we had with them.

Eli: Boy it sure was.

Princess Cadance: And it's an honor to meet you guys. I'm Princess Cadance, ruler of the Crystal Empire and the Princess of Love.

Flurry Heart: And I'm Flurry Heart, Princess of Light.

Shinnosuke: Wow! It's an honor to meet you both.

Yin: And I'm Yin and this is my brother Yang.

Yang: We're Martial Arts Bunny siblings.

Shinnosukes: Awesome to meet you.

Nico: I've got the perfect setup for the Drive team. It'll consist of Shinnosuke, Go, Chase, Onewa, and J.D. Just need one more.

Me: Hmm.

Rainbow Dash: I'll do this one! It'll be awesome.

Me: Awesome R.D.

Nico: Yeah!

When we got to the office, Rinna and Kyu greeted us with nervous looks.

Rinna: Hey, guys. We might have a situation.

Nico: Another Roidmude?

Me: If it is we are ready for it.

Kyu: Just see for yourself.

They moved out of the way to reveal Justice Lord Batman.

We gasped!

Justice Lord Batman: Team Loud Phoenix Storm. It's time we talked.

Me: Justice Lord Batman!

Behind him, Genpachiro and Jun had their guns out in case he tried anything funny.

Me: I was expecting to face you on the planet Nok today but never here!

Onewa: Yeah!

Shinnosuke: How do you know him?

Me: Well it was a really crazy adventure that ignited a crazy tinderbox where villains would accuse us of turning out to be like the Justice Lords, the Royal Defenders and all that and they accused us of thinking we were going to go rogue. This version of Batman comes from another universe where the Justice League goes rogue because their version of Lex Luthor killed their version of The Flash in Cold Blood and the Justice League overthrew the government and killed Lex Luthor. They ruled over the entire planet after that and ruled with fear. We defeated the Justice Lords 4 and a half years ago. Their punishments all had different outcomes.

Nico: Yeah. I wasn't with the team when it happened but that was terrible!

Eli: Yeah.

Me: But anyway what's this about Bruce?

Onewa: Take off your utility belt first and then we'll talk!

Jun: He already gave it to us before coming here.

Genpachiro: We just have our guns on him just in case.

We saw it on the desk.

Me: Oh.

Onewa: Good thinking.

Lord Batman: Besides, even if I did try anything funny, you'll just kill me in seconds.

Me: You don't have any powers like we do Bruce but you still put up an amazing fight and you are very analytical.

Lord Batman: That is true.

Me: But what is this really about Bruce?

Lord Batman: I'm here to turn myself in.

Yin: Say what?

Me: Really?

Lord Batman: (sighs) You were right, J.D. And so was my Prime counterpart. My parents WOULD be ashamed of how we ruled our universe.

Yang: C'mon! Was it REALLY that bad as people say?

Me: Yes it was.

Lord Batman: You guys might have killed many villains to keep innocents safe. But I highly doubt any of you would have people arrested for food quality and incorrect calculation of costs at a restaurant. Besides, I realize that my fellow teammates were wrong. Sure, killing villains like the Joker of your Earth and mine is necessary. But managing to get rid of ALL evil in the world would lead to a world where no one is happy and smiling.

Me: That's is true. Evil is always an eternal presence and like two sides of the same coin, good and evil are forever connected and one can't exist without the other. It's an eternal neverending struggle. But there always has to be a force of good that has to try and stop it from growing out of control.

Nico: That's right.

Lord Batman: And the whole time, I kept trying to justify our actions with how our Flash died and the actions of our Luthor. Turns out we were just using excuses.

Me: It's not your fault Bruce. What your worlds version of Lex Luthor did to your version of Flash was completely unforgivable and it devastated you all. What happened took a huge toll on your minds and it really hurt.

Eli: Yeah that was terrible.

Me: Yeah.

Lord Batman: It WAS our fault. And whatever you decide my punishment is, promise me you won't turn out the same way.

Nico: That's what my contingencies are for.

Me: Nico made emergency procedures we call contingency plans to keep us from going rogue. We call them Emergency Precaution Protocols.

Nico: Yes that's true. But I think we can work something out. How about instead of you being punished that you join the Redemption Squad as your first step on the road to redemption?

Lord Batman: I would like that.

Nico: Great!

May: You won't regret it Bruce.

Me: I wish I could say the same thing for your other teammates though. But I think they are too far gone.

KGBeast: Yes comrades it's true.

But then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Go: (hears explosion) And your road to Redemption starts with you helping us stop whoever made that explosion!

Nico: Lets go!

We went out to face whoever caused that explosion and then to our shock and surprise it was actually ANOTHER MACH! He looked like a really scary version of Mach and he had a horrifying Demon Eye shoulder armor plate and he had a skull helmet!

Me: It's Another Mach!

Nico: So we're facing Another Secondary Rider!

Princess Cadance: This is gonna be awesome.

Go: WHO THE HELL ARE YOU?!

Nico: YEAH!

Another Mach: (In a girls voice) Been a while since we saw each other Nico.

Nico: That voice.

She reverted back and she was a girl with black hair and thug clothes! And she had a scar in the shape of lightning bolt on her arm.

Nico: Laniya Huffington!

Laniya Huffington: You remember me. I'm Flattered.

Nico: I still haven't forgotten what you did to all those poor kindergarten kids!

Me: You know her Nico?

Nico: Unfortunately I do. She is Laniya Huffington, an old enemy of mine.

Eli: What did she do that was terrible?

Nico: She was one of the worst ever bullies in our school. Her favorite targets were little kindergartners. She tormented them really bad to the point where her parents fled the country with them! She threatened their families really bad with death!

We gasped!

Me: She is a monster!

Nico: Yep and I busted her and got her arrested and sent to a boarding School in North Korea!

Laniya Huffington: And I will now have my revenge on you Nico!

Nico: Bring it on!

Go: There's only one Kamen Rider Mach!

Shinnosuke and Go: HENSHIN!

They transformed!

Me: You will pay for your crimes Laniya! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Go: Good thing Chase gave me a copy of his device! Now I can access my Chaser Mach form!

Signal Bike! Rider! Chaser! (Heavy metal guitar solo)

He went into his CHASER MACH FORM!

Me: Awesome!

Nico: Yeah!

Me: Time to see what these new M.O.E. Imagination powers can do.

I then formed a scythe and it had a black blade and had Nergal's powers and his symbol on it!

Me: Awesome!

Nico: Blake would love that one. Lets see here.

Nico then formed a powerful cheese blaster and it had the Cheese Monster's symbol on it!

Nico: Wow!

Laniya was enveloped in a swirl of darkness and it had cars around it and then she turned into ANOTHER MACH!

Nico: This is gonna be good!

Another Mach fired a blast and I dodged it and then I spun around really fast and then suddenly stopped and fired a blast of wind energy from my hand and it slammed into Another Mach and sent her crashing into a wall!

Nico: AWESOME! The Thundering Wind Hammer really showed her!

Eli: Yeah it did!

Nico: Time for more Shift Car action!

Nico used Myotismon's Shift Car and activated it and then he was surrounded by blood red lightning and Bat Familiers!

Me: Whoa! They also amplify the powers of said members of the M.O.E.! Lets get them!

Yin and Yang charged at the nearest Roidmude and they punched and pulverized it all over and blasted it with a bunch of energy blasts.

Me: Lets see how she likes this one! DARK WOLF X SLASH!

I swung both scythes and they fired an X-Blade of black and blue fire and they hit Another Mach and cut her all over.

Yin: Yeah!

KGBeast aimed his prosthetic arm at a Roidmude.

KGBeast: Suck on this!

He fired waves of energy at a Roidmude and blasted it all over the place and it exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Take that!

Nico fired waves of blood lightning and bats and destroyed the minor Roidmudes! The Numbers 031 thru 040 appeared!

I jumped and slashed and destroyed the Numbers.

Eli: take that!

Onewa punched Another Mach.

KROW!

He smashed her down!

Onewa: You make me sick Laniya!

Nico: Yeah!

Another Mach: So you want to fight dirty!

She activated her Shift Car for Yost Electro and fired a blast of lightning and I deflected the blast back and it hit her.

Eli: You aren't the only one that plays with lightning!

Eli fired a blast of Force Lightning and it hit Another Mach and electrocuted her.

Nico: Yeah!

Me: And it looks like she has Shift Cars for all the Non-Core members of the M.O.E.

Nico: This is gonna be good.

Eli: Yeah it is!

Nico: Anything you can do, I can do better! (Takes out Koragg's Shift Car)

He activated it and fired a blast of wolf fire and it hit Another Mach and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was knocked down but not out!

Princess Cadance: Take that!

I slashed the rest of the Roidmudes and destroyed them in an instant!

Lord Batman threw a Batarang at her and it hit her and knocked her down.

Me: Nice shot!

Eli: Lets finish this one!

Nico: With pleasure!

Onewa: Yeah!

Go: Time for a combo attack!

Me: Lets use Speed and Speed.

I flicked the switches for Speed Demon and Mercury and activated Speed Demon's Shift Car.

Me and Go: SPEEDING BULLET MACH BURST!

Me and Go ran fast and turned into a huge bullet and then we smashed into Another Mach and she exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Laniya was down and I grabbed her Ridewatch and purified it and then we saw all over the ground, Shift Cars for all the Non-Core members of the M.O.E.

Me: Awesome.

We picked them all up.

Laniya Huffington: NO! My power!

Me: Girl you need to get a good laugh in your life.

I pulled out a bag and put a powder in my hand and then I blew the powder in her face.

Laniya Huffington: (COUGHS) Hey what the… (SUDDENLY LAUGHS HYSTERICALLY!)

Nico: The Joker's Laugh poison.

Me: Don't worry guys. I modified it so it only acts like a stun agent long enough for us to make the arrest.

Nico: Very genius.

Me: It'll wear off in half an hour.

The cops came and arrested her.

Shinnosuke: Well, she doesn't have his twisted grin, so she's definitely not laughing to death.

Me: Thank goodness. It'll wear off in half an hour.

She was still laughing hysterically as they loaded her into a car and she was to be taken to the Jupiter Prison.

Nico: So what will happen to her?

Me: After the poison wears off she will have a massive headache and it will feel like an elephant is crushing her head.

Eli: Yikes.

Lord Batman: That was clever though.

Nico: It sure was.

* * *

Later we came back.

William: How did it… (Sees Lord Batman) Justice Lord Batman!?

Everyone had their guns and all that pointed at him!

GUNS CLICK! SWORDS UNSHEATHED!

Me: Whoa whoa whoa! Everyone stand down.

We told everyone everything and more and it was a surprise.

William: Whoa I didn't expect that! Well it's good that he turned himself in.

Lola: Yeah no kidding there.

Nico: It sure is.

May: Next time, Yost Cap should go with us.

Nico: Good idea.

Onewa: That is gonna be awesome.

---

Later we were walking to the west side of the city.

Me: You guys are going to love meeting the Newton's. Especially their kids. They are great friends of ours and they go to the same schools as we do.

Lori: They literally do and Rice is easily awesome to get along with.

Lynn: And so is Ted and Emily.

Me: Yep and you guys are going to love the awesome story they have.

Nico: I have a feeling it's going to be good.

We later arrived at the Newton home and we saw a Saint Bernard dog.

Misty Tredwell: Look at the cute dog.

That dog was Beethoven.

Me: Hey Beethoven!

We went over and pet him all over. So awesome.

Me: Oh you are so cute.

The Newton's came out.

George Newton: Hey guys!

Me: Hello Mr. Newton.

George Newton: Great to see you again J.D.

Me: You too.

Rice Newton: Hey J.D.

Me: Hey Rice, Ted, Emily, Mrs. Newton. How have you all been?

Ted Newton: Great!

Poliwag slapped George's face with his tail!

Poromon: Dog hater!

George Newton: Hey!

Eli: Excuse me. But I must-

Poliwag: Discipline HIM! He condemned his own dog to death!

Camie: Is this true?

Emily Newton: Don't expect us to bail you out, dad. You brought this on yourself.

Nico: Stand down everyone! That's an order!

They did so.

Me: Now Guys before you make anymore rudimentary and unnecessary lashings hear their story out first. And Emily that will not be necessary. You witnessed Varnick's attack on Beethoven and I can corroborate that.

I pulled out my iPhone and showed George what Varnick did.

George gasped.

Me: I was filming this from the shadows to get some evidence And Emily was right about the whole thing. She knew something was up with him. Also I have an awesome story to tell you as to how they found Beethoven.

I told them everything.

---

A group of puppies are stolen from a pet store by two thieves. A St. Bernard puppy escapes and sneaks into the Newton family's home. The workaholic father, George Newton, does not want the responsibility of owning a dog, but his wife, Alice, and their children, Ryce, Ted, and Emily, convince him. They give him the name "Beethoven" when Emily plays a portion of Ludwig van Beethoven's Fifth Symphony on the piano and the dog barks along to it.

Beethoven grows into a fully grown, adult dog and helps the children overcome their problems: he helps Ryce talk to a boy she likes, scares off bullies for Ted, and saves Emily's life when she falls into an irresponsible babysitter's swimming pool. George, jealous of the affection Beethoven receives, feels neglected as his family fawns over him. The dog's antics ruin a barbecue he is hosting for Brad and Brie, unpleasant venture capitalists looking to invest and swindle him out of his car air freshener firm.

The Newtons take Beethoven to a veterinarian, Dr. Herman Varnick, for a routine medical examination and immunizations. They are unaware that he is involved in unethical and deadly animal experiments. He speaks to George and tells him of a supposed mental instability among St. Bernards making them potentially dangerous to humans and advises him to watch Beethoven closely for any sign of viciousness. He actually requires large-skulled dogs such as St. Bernards for an ammunition test.

Dr. Varnick visits the Newton home under the guise of doing a follow-up exam on Beethoven. He puts fake blood on his arm and hits Beethoven until he leaps on him. He pretends to be in agony, warning George that Beethoven may be turning aggressive and must be euthanized or he will have no choice but to press charges. Emily, who saw Dr. Varnick hit him, protests that the attack was fake, but George, fearing for his family's safety, reluctantly takes him to Dr. Varnick's office. It is on the way there that George discovers his own affections for him: he remembers his father had to take their dog to the vet to be euthanized and he never forgave him for it. He fears that his own family will hate him now for taking Beethoven to be euthanized. When he returns home with the empty leash and collar, his family leaves the dinner table rather than remain with him, proving his fears true.

After seeing his family upset, the Newtons go to Dr. Varnick's office, but he tells them that Beethoven has already been euthanized. However, George remembers that Varnick's receptionist told him that Beethoven would not be euthanized until the next day. George then notices that Dr. Varnick has no bite marks on his arm and assaults him. The Newtons follow him to his warehouse. Beethoven breaks free but is recaptured by Dr. Varnick's two associates, Harvey and Vernon, while Alice calls the police. George crashes through the skylight just as Dr. Varnick prepares to shoot Beethoven. Before he can, however, a captive Jack Russell Terrier bites him in the crotch, causing him to fire a shot in the air. After hearing the gunshot, Ted drives the car through the door and runs it into a cart, launching numerous syringes into Dr. Varnick and sedating him. As the Newtons reunite with Beethoven and free all the captive dogs, they notice Harvey and Vernon trying to escape and send the dogs after them. They escape into a junkyard, only to be attacked by a pack of Dobermans guarding it.

Dr. Varnick, Harvey, and Vernon are arrested for animal abuse. The Newtons are praised as heroes by the news and George takes a new liking to Beethoven. Ryce also gets a phone call from her crush. The Newtons then go to sleep, saying good night to Beethoven and all of the dogs they rescued, who are all sleeping in their bedroom.

When I was done everyone was amazed!

Nico: Wow! That is awesome!

Laney: Yeah you guys did great!

Lola: We're really proud of you.

Rice Newton: Thanks guys.

Me: Also I have been after those animal thieves for years. They got over 7,000 years in prison and ordered to pay billions in restitution.

Nico: Wow! That is incredible. Well done J.D.

Me: I don't deserve all the credit. The Newton's helped out too. Also I left my mark on Varnick.

Nico: How?

Reflector: I hope his balls got hit!

Me: Oh they did but it wasn't just that.

A little Jack Russell Terrier came up to me.

Me: Hey Sparky.

I pet him.

Me: This little guy. He bit Varnick in his crotch and I took his gun and blasted his entire hand off. He had bullets in it that explode on contact.

Nico: WHOA! That must've hurt!

Erza Scarlett: Yeah no kidding!

Eli: Yeesh!

George Newton: Yep. That was awesome.

Me: And a couple of junkyard Doberman's did the rest to his lackeys and mauled his men.

Blitz: (Arnold Schwarznegger Accent) Too bad that wasn't me. I would've loved to get some good biting in on them. Ja.

First Aid: Speaking as a Cybertronian Doctor, you probably should've checked if he was an ACTUAL vet.

Me: Oh believe me he was but his vet business was just a front for his true operation. He wanted to use all dogs as test subjects for experiments.

Everyone gasped at that.

Nico: Wow talk about leading a double life!

Fluttershy: (Gets Mad) Are you kidding me? I mean, I know those guys were evil and everything, but they hurt a bunch of cute teensy, little, harmless dogs?! Really?! Well those guys are just a bunch of great, BIG, **FAT *MEANIES*** ! There! I said it! What makes them think they are so special?! Like the rules of common courtesy don't apply to them?! Why don't they just pick on somebody their own size?!

I then jumped into Nico's arms in fright!

Nico: OOF! Man Fluttershy you are just as scary as May when she gets mad!

Ted and Emily were in their dad's arms in fright as well!

George Newton: (Groans) No kidding!

Fluttershy giggled.

Athena Wendolla: Wow that is what I call a really awesome love for animals.

Nico: Yeah. J.D. can you get out of my arms now?

Me: Oh. Sorry.

I got down.

Me: Ted, Emily, Rice, how would you guys like to come with us on our adventure?

Rice Newton: We would be honored.

Ted Newton: Yeah that would be awesome. And Nico you really saved me from those bullies.

Nico: Aw it was nothing. Those jerks had it coming.

Emily Newton: Yeah what a bunch of parasites.

We later went back home and we got ready.

Then the Lego Heroes and Villains appeared and they have blueprints for a weapon.

Cynder: So, what's the weapon that we helped you rebuild'

Lego Luthor: The Deconstructor. Previously, it was powered by kryptonite and could destroy certain black objects. Now, it's powered by this Dark Orb.

Nico: Nice. So we're going to use it against Brainiac.

Lola: Very clever.

Then Overdrive, Control Freak, Radioactive Man, Artie Ziff, Key, Knightbrace, Griffin, Myotismon, Dark Spicer, and Shiv appeared.

Overdrive: Can me, Control Freak, Radioactive Man, Artie Ziff, Key, Knightbrace, Griffin, Myotismon, Dark Spicer, and Shiv go with you guys?

Nico: Yes you all can. It's time for planet number 6 on our Lantern Missions. We're going to the planet Nok, home planet of the Indigo Tribe.

Me: and the Indigo Light of Compassion.

Eli: This is gonna be interesting to see.

Laney: It sure is.

Radioactive Man: I have a feeling it will be interesting.

Indigo 1: Nok. It'll be good to be back home again and it'll be good to show you all around.

Tae Kwon Krow: Nico, which Gene Slammer do you think you'll meet next rescue?

Nico: One of Mucilator's kind next.

Shanan: Wow! Want to do one for a Dendrobatidian. Good choice.

Me: Yeah. They are awesome.

Nico: So it'll be someone that knows all about slime and all that.

Lola: Yep.

Radioactive Man: How do you like the team, Athena?

Athena Wendolla: It's really awesome! I heard so much about all your adventures and they are so amazing. It'll be a great honor to help you all out especially with the Doomsday 23 and Evil Starlight Glimmer coming back. You can count on my loyalty to all of you.

Me: Glad to hear it Athena.

Lola: Awesome!

Me: We still have the other Champions to find.

Ken Knudson: And we're going to be ready for the Doomsday 23 and Evil Starlight.

Dark Spicer: You got that right! Oh sorry I don't believe we met.

Ken Knudson: Oh sorry. I'm Ken Knudson, Descendant of J.D. Knudson from the year 32,112.

Dark Spicer: Wow! That is amazing! Awesome to meet you.

Ken Knudson: Yes. But my future is a really dark one. Also I just joined the team.

Thetis: Wanna get Gene Slammed on the ship?

Athena Wendolla: I would be honored.

Nico: All right lets head on out!

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Dio Brando, sworn enemy of the Joestar family, who's hellbent on destroying them in his quest to take over the entire world and the arch-nemesis of Jonathan Joestar and Jotaro Kujo, and he's coming after us to destroy Jotaro Kujo and Jolyne Kujo again and take over the world yet again. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and it's just as I thought: the dark energy signal I sensed belongs to Dio Brando, sworn enemy of the Joestar family, who's hellbent on destroying them in his quest to take over the entire world and the arch-nemesis of Jonathan Joestar and Jotaro Kujo, and he's coming after us to destroy Jotaro Kujo and Jolyne Kujo again and take over the world yet again.

Jolyne Kujo: I should've known, and you were right, Linky. If Enrico Pucci was here, then that also means, Dio Brando's also here.

Nico: Jolyne, what can you tell us about Dio Brando?

Jolyne Kujo: You're not going to like it one bit.

Jolyne Kujo proceeded to tell us about Dio Brando so we'd have a better understanding of him, but we're not going to like him one bit.

---

Dio Brando

Dio Brando, also known simply as DIO, is the main antagonist of the JoJo's Bizarre Adventure franchise.

He is the main antagonist of both JoJo's Bizarre Adventure: Phantom Blood and JoJo's Bizarre Adventure: Stardust Crusaders, a minor posthumous antagonist in JoJo's Bizarre Adventure: Diamond is Unbreakable and JoJo's Bizarre Adventure: Golden Wind, and the posthumous overarching antagonist of JoJo's Bizarre Adventure: Stone Ocean. He is the sworn enemy of the Joestar family, being hellbent on destroying them in his quest to take over the entire world, He is the arch-nemesis of Jonathan Joestar and Jotaro fathered Giorno Giovanna and three other sons, the latter three being under the rule of his friend Enrico Pucci, whereas Giorno became the boss of Passione to stop the drug trade. More than just a powerful vampire, Dio Brando wields the Stand known as The World, which has grant the ability to stop time.

## Personality

While Speedwagon claimed that he was born evil, Dio's treacherous and insane nature may be partially effected by his abusive upbringing at the hands of an alcoholic father, whom he later killed. He is shown to be an extremely arrogant and ambitious megalomaniac. He will do anything to get what he wants, even if it means trampling people, like he did to Jonathan Joestar when they were young, and relinquishing his humanity in favor of becoming a, DIO is not entirely evil, at least not at first, as (while coming from a source not confirmed to be canon) he respected his mother (being heartbroken by her death and was furious when his father told him to sell her dress), which caused him to kill his father as revenge for causing her death and would attack anyone who spoke ill of her. He also shows a good side to those who are good to him. In particular, he has shown extremely favorable attitudes towards Enrico Pucci, who also showed loyalty in return. DIO also has a passion for reading, as he is found in the library of his Egypt mansion at times.

Unless provoked or deemed an obstacle, DIO will normally not attack anything or anybody, although this is probably more out of regarding them as inconsequential, and as such unworthy of his attention, rather than anything akin to kindness or mercy. He will first try persuading people to work for him, then fight them if they oppose him. Despite this however, DIO proved to be far more depraved and evil than he initially appeared, with his actions becoming more horrendous as the series progresses. He is willing to throw away, discard or destroy anything that holds him back in pursuing his insatiable hunger for power. Furthermore, his repeated lack of any empathy or conscience throws away any redeeming qualities he held at the start. Dio does have respect for the inventions of the 20th century; being fascinated by the near instant capability of communications, electricity and automobiles.

## Powers and Abilities

### Vampiric Powers

In JoJo's Bizarre Adventure: Phantom Blood, Dio gained vampiric powers from the Stone Mask, including superhuman strength, self-regeneration, immortality, ability to recover lost parts from his body and the ability to shoot high-pressure liquid from his eyes, named Space Ripper Stingy Eyes. He also learned to use a freezing technique which condensed water moisture in the air to counter Hamon-empowered blows.

### The World

In JoJo's Bizarre Adventure: Stardust Crusaders, DIO obtained his stand, The World, from a stand arrow given to him by his most loyal follower (at the time), Enya Geil. The World is terrifyingly powerful, having the speed and punching power to rival that of Jotaro Kujo's Star Platinum. However, The World's most dangerous power is the ability to stop time, which DIO discovered when he ordered a servant of his to fire a shotgun at him in order to test The World's power and speed.

During stopped time, only DIO can freely move around. Those with the same ability to stop time can also move during DIO's time stop, but only for a short distance and period. The forces of any action DIO performs in stopped time (such as punching an enemy or throwing knives) resumes normally when time returns to normal, an example being when some knives he threw continued to travel through the air after time resumed. Originally, DIO could only stop time for 5 seconds. This limit would increase to 9 seconds near the end of his final battle with Jotaro, and 11 seconds by the time of his last stand.

When Jolyne Kujo was finished, we were disgusted by Dio Brando's dark crimes.

Me: I can't believe him, he just threw away his own humanity and became a vampire, in his quest to rule the world, unbelievable.

Nico: And he's plagued Jolyne's family for a long time going back to Joseph Joestar, this vampire's got to be destroyed once and for all.

Lincoln: You said it, that monster needs to be destroyed once and for all, and I'll do to him what I've done to Strazio and Enrico Pucci.

Nico: Uh oh, looks like you're about to go on a feeding frenzy and feed on Dio Brando. Well, all I can say is this, Linc. (Smirks) Go wild and rip that undead bastard to shreds.

Lincoln: (Smirks and vampire fangs were shown) With pleasure.

Nico: Alright, gang, let's go, we've got a rogue Themyscyran warrior to deal with.

Lincoln: We'll teach her a painful lesson and make her pay for her crimes.

We went to the ship and we were off to planet Nok!

The U.S.S. Valorous Phoenix was flying through space.

Nico: Captain's Log, Stardate 6626.9: The U.S.S. Valorous Phoenix is en route to the planet Nok, homeworld of the Indigo Tribe that governs the Indigo Light of Compassion. We're going there to see not only what it's like but also battle one of the Justice Lords there.

Eli: I have a feeling we're going to be in for a wild battle on this one.

Camie: We sure are. What is the planet Nok like Indigo?

Indigo 1: The Planet Nok is home to the Indigo Tribe and it governs the Indigo Light of Compassion. But it didn't always start out that way. The Indigo Tribe is a Lantern Corps composed of the most dangerous criminals in the universe. These are criminals that don't have any remorse, compassion or empathy.

She went over the history of the planet Nok and the Indigo Tribe and it was incredible.

---

Indigo Tribe

The planet Nok was a peaceful world populated by an indigenous species. One day a race of alien slavers came to the world and attempted to force them into a life of work. However a Green Lantern named Abin Sur defended the people of Nok from the enslavers. Eventually the people of Nok found a font of Indigo Light in a cavern which originated in the core of the planet. When the people of Nok dipped their weapons in this light the slavers they hit became overcome with remorse for a short time. Eventually Abin Sur and the people of Nok were able to defeat the slavers, with many of the Nok people returning to their homes in the forests. One priest decided to teach Abin Sur about the Indigo Light, his name was Natromo.

Together Natromo and Abin Sur learnt that the Indigo light was connected to the Emotional Electromagnetic Spectrum and that this font was an example of the rarest light in the spectrum, the light of compassion. Natromo and Abin Sur eventually constructed a Power Ring out of the Indigo Light, this would be the first Indigo Power Ring of compassion. After the ring was constructed Abin left the planet and returned with a woman named Iroque, a remorseless killer who had murdered Abin's daughter. Abin put the ring on Iroque's finger which flooded Iroque with great remorse as she wept for hours, regretting every bad deed she had ever done. Iroque became Indigo-1, the first member of the **Indigo Tribe**, guardians of the Indigo light of compassion.

Abin Sur travelled the universe and picked up more remorseless killers to fill the ranks of the Indigo Tribe. Natromo forged more rings of compassion for the killers, nether joining their ranks. Natromo also converted the Indigo font into the Central Power Battery of the Indigo Tribe, which would power all of the rings and force their wearers to constantly feel compassion. The true reason Abin created this Corps wasn't to bring redemption to criminals, but instead the Indigo Tribe was meant as an army for a prophecy.

Abin foresaw a time when the dead would rise and consume all life in an event known as Blackest Night. However this isn't what Abin needed the Indigo Tribe for, instead he needed it for what would come after. Abin foresaw that the Guardians of the Universe would try to bring order to the universe with a successor to the Green Lanterns known as the Third Army, Abin believed this threat would be unbeatable so created the Corps in order to make the Guardians feel compassion before it was too late.[1]

After the formation of the Tribe Abin Sur died and his ring went to Hal Jordan of Earth. Natromo kept himself isolated from the Tribe and the rest of the universe as he waited for Abin Sur to return with news of the Third Army, completely oblivious to the ongoing events in the universe. The Indigo Tribe went on to assist the universe in the defense against the Black Lantern Corps during the Blackest Night. After the army of the dead was defeated the Indigo Tribe took their leader Black Hand and inducted him into the Indigo Tribe, unknown to the other Lantern Corps who still sought to locate Hand.

Sinestro had founded and lead the Yellow Lantern Corps until he returned to his roots in the Green Lantern Corps. The Indigo Tribe judged that Sinestro would not stay on the side of good for long, and so planned to induct him into their Corps so he could finally feel compassion. Members of the Tribe lead by Indigo-1 travelled to planet Earth, where Sinestro was currently meeting with fellow Green Lantern Hal Jordan. Indigo-1 didn't want to fight Hal because of the friendship they had formed during the Blackest Night, however when Hal left her no choice she didn't hesitate to knock him out and bring him to Nok alongside Sinestro.

When the Tribe arrived back at Nok they locked Hal in a cell and had Black Hand guard their new captive. At the same time they bound Sinestro to a ritual alter and began purging the green light from his system so they could replace it with compassion. However Sinestro was able to escape his bounding and kill the Tribe member who was purging his energy. Indigo-1 then knocked Sinestro out once again and completed the ritual, converting Sinestro into the newest member of the Indigo Tribe.[3]

Jordan managed to escape his cell and get a small amount of charge on his ring. The Tribe alongside Sinestro attempted to apprehend Jordan but he was able to escape into the forests of Nok. Jordan was able to find his way to the Central Power Battery where he planned to shut down the rings of the Indigo Tribe.

He was greeted by Natromo who told him the entire history of the Indigo Tribe including their future fight against the Third Army. Jordan told Natromo that the Blackest Night and came and the Black Lanterns had been defeated, and that Abin had perished years ago. Natromo was appalled at this news, believing that without Abin Sur the Guardians of the Universe would take over the entire universe. Natromo then began shutting down the Central Power Battery as the Indigo Tribe arrived, stating that there was no point in laboring over the Battery when the universe was already lost. Natromo then fled the scene in order to go back to his family.

One by the one the Indigo Rings began shutting down, returning their wielders back to their evil routes. Led by Iroque, the serial killers of the Indigo Tribe attempted to hunt down and butcher Sinestro and Jordan. The killers followed the pair into the thick forests of the planet where Sinestro eventually turned back to fight them, buying time for Jordan and Natromo to restart the Central Power Battery. Iroque was the only killer to notice Jordan and Natromo circle back to the Battery and so followed them while the other killers dealt with Sinestro. Iroque overheard Natromo saying that it would take him weeks to rebuild the Battery. However Iroque still held remorse over murdering Abin's daughter, this remorse was the spark of compassion that Natromo needed to restart the Battery. And so with Iroque's compassion the Indigo Tribe was reforged.

Indigo-1 agreed to release Sinestro but only after Natromo configured the pairs' rings so Jordan could control Sinestro when he wanted to. As the group celebrated the return of the Central Battery Sinestro presented a troubling question, where was Black Hand. The Tribe tracked Hand's D.N.A. to a cliff face. They discovered Hand's blood on the floor of a canyon which he had clearly jumped from. On the floor next to his blood was the slime that makes up a Black Lantern. Jordan and Sinestro deduced that Black Hand had jumped off the cliff to avoid the Indigo ring imprisoning him again when the Tribe came back online, from their a Black lantern Ring chose Hand once again.

With the troubling news that Hand had escaped, Indigo-1 teleported the Green Lanterns to Korugar, the home planet of Sinestro. The two Lanterns planned to track down Black Hand, and Sinestro had a possession on Korugar that would allow him and Jordan to find where Hand had gone. Indigo-1 bid the pair farewell and told them the Tribe would be ready when the Guardians needed to be imprisoned. Upon reaching Nok Indigo-1 and Natromo began forging new Indigo Rings to use on the Guardians of the Universe. Sinestro and Hal were able to find Hand, but after a tense fight the Black Lantern was able to escape again.

When she was done we were shocked!

Me: Whoa!

Camie: Wow! That is amazing.

Laney: Yeah it sure is.

Lola: A planet housed for only Criminals? That is a big prison.

Me: But having them become Indigo Lanterns is a really interesting way of reforming them.

Shiv: Ready to get Gene Slammed?

Athena Wendolla: I sure am. Hit me!

Eli: Here we go!

She was injected and then her skin turned blue and furry and then her hair turned rainbow color and she grew a rainbow tail and then she grew blue wings and then her hands and feet turned into hooves and she was a clone of RAINBOW DASH!

Athena Wendolla: Whoa! That was intense!

Rainbow Dash: But wow Athena you look awesome!

I formed a mirror and Athena looked at herself and she looked amazing!

Athena Wendolla: Wow! I look really awesome!

Me: You sure do Athena. You look like a carbon copy of Rainbow Dash.

Laney: You sure do.

Buzzerbeak squawked at the remains of Athena's jumpsuit.

Me: I'll throw that away for you.

I went and did so.

Naruto: We also saw how the Indigo Tribe cleanses criminals too. It's a very powerful process.

Me: That's right bro. They cleanse the most remorseless and evil of criminals. They drain them dry of every ounce of their emotions except for Compassion and put them in a total catatonic state.

Nico: Whoa!

Camie: That is scary!

Tsuyu: Yeah I would call that a fate worse than death!

Rock Lee: That's exactly what I said when we first found out about them too.

Nico: That is very interesting though.

Poliwag: Me and William actually helped Takeru out before.

Knightbrace: With Nico's permission, right?

Nico: Yes that's right. And they helped destroy one of their enemies too. They helped the Ghost Kamen Riders kill Adel.

Me: I was with them too. We tore that monster apart and resurrected all the riders that helped out and he killed.

William: Yep. That was something.

Me: Yeah.

Camie: Who is Adel?

Me: You would not like this guy one bit. I hate this monster with every fiber of my being.

I went over his history.

---

Adel is a prince of the Gamma and the main antagonist of Kamen Rider Ghost.

He is the second oldest son of Gamma Emperor Adonis and the brother of Alain and Alia. He is fanatically devoted to the Gamma ideology and willing to do almost anything to achieve his father's ideals, which ironically leads him to kill his father and usurp his place as Emperor of the Gamma. As the new Grand Imperial Majesty of the Gamma, Adel sought to assimilate the world into a utopia using the Gammaizers. He later merges with the Gammaizers to become Perfect Gammaizer.

He is portrayed by Akihiro Mayama.

Adel was evidently born prior to Adonis making contact with the Great Eye, back when his father was a simple village chief. After his father used the power of the Great Eye to create a "utopia" in the form of the Gamma World, Adel went with the rest of his family to go live in it.

However, tragedy would strike when Adel's mother fell ill and died, leading Adel to become fanatically devoted to his father's vision of a utopia without death as an adult. This would later be followed by the oldest son of the Gamma Imperial Family, Argos, falling ill and perishing as well.

When the energy needed to run the World of Gamma's life support system ran low, Adel proposed they invade the human world to obtain more power. The Gamma soon began plotting to shift the human realm to more resemble their own. In preparation for the plan, Adel traveled to the human world in the year 2005 and murdered the leader of the Ghost Hunters, Ryu Tenkuji, who had made contact with the Gamma World. He would also kill Daigo Fukami, the father of Makoto and Kanon.

One decade later, the Gamma would begin their invasion of the Human World. Adel's younger brother, Alain, was assigned to oversee the invasion, partnering with a former Ghost Hunter Chikara Saionji to create Gamma on Earth. When Jabel was sent by the Emperor to assist Alain, Adel gave him secret orders to gather the 15 Ghost Eyecons but not to tell Alain about their power.

When his brother Alain returned to the Gamma World, he asked Adel why he had not informed him about the true power the 15 Ghost Eyecons possessed, but Adel simply told his brother that there was no point in obtaining a living human body and that the Eyecons were only useful as a weapon.

Adel was later informed by Igor that Alain had stolen the Mega Ulorder, but Adel opted to allow him to keep the device for now and observed what his brother was capable of doing with it.

He later tasked Igor with instigating the Demia Project, offering to have him appointed the new magistrate if he was successful. Igor used an Eyecon to possess Steve Bills, the CEO of network company Deep Connect, in order to use his company's resources to develop the project and disperse it among the human population.

After secretly spying on a meeting between Alain and his father, Adel noticed his father was doubting their plan to bring about a utopia and concluded he was no longer worthy to lead the Gamma. He decided to lead the Gamma himself and approached his father while he was in his prayer chamber, attacking him from behind and destroying Eyecon body. He then imprisoned his father's mortal body behind an invisible barrier, but kept the fact that he was still alive a secret. He then declared himself the new Emperor and framed Alain for their father's death, destroying his brother's Eyecon body to force him back into his original one and sending his forces after him. He would also wake up Jabel and give him a Gamma Ultima Eyecon before sending him to find and kill Alain.

At the same time, Adel sought to learn more about the Gammaizers inside his father's prayer chamber and consulted Edith on them, but Edith only gave him cryptic hints as to what they were. Though he initially believed them to be the root of power within the Gamma World, Adel eventually learned from talking to them personally that they were not the root of power, but interfaces for the true power - the Great Eye. Though Adel had killed the previous Emperor, the Gammaizers all agreed to obey him and mimicked his form. Adel would then discover he had the power to summon them as he pleased, deeming them all to be perfect beings.

When Alain and Takeru discovered the trapped Adonis while searching for Makoto's body, Adel sent a team of Gamma Commandos led by two Gamma Superiors to eliminate his father, deeming him a liability that was no longer useful. Takeru managed to fight off Adel's forces, but not before Adonis was injured shielding Alain. It was then that Adel himself appeared and killed his father right in front of the two, before summoning Gammaizer Fire and ordering it to eliminate them.

Adel later began seeking to control, not just the Gammaizers, but the Great Eye itself in order to use its power to realize his vision of a utopia. To this end, he had Igor give him regular reports on the Demia Project as it neared completion. After discovering the full extent of her brother's mad ambitions, Alia transformed into Kamen Rider Dark Necrom P and attempted to stop Adel. Adel summoned Gammaizers Planet and Climate and used them to defeat her, but kept her alive so she could witness the realization of his utopia. Edith later tried to warn Adel that the Gammaizers had been exposed to human emotions and were becoming self aware, but Adel ignored his warnings.

Edith later became Gamma Ultima Ebony and attacked Adel in an attempt to stop him and the Gammaizers, transporting them both to the human world in the process, but Adel became Perfect

Gammaizer and easily defeated Edith. Adel would later return to the chamber and continue his attempts to connect to the Great Eye, only to find he was unable to. Gammaizer Climate then told Adel that the key was Takeru Tenkuji, leading Adel to go after him. Adel attacked Takeru while summoning Gammaizers Planet and Climate to fight Specter and Necrom. It was then that Specter questioned who Adel was even building his perfect world for and pointed out that he had alienated everyone close to him, but Adel simply responded that he had acquired "perfect power" with which to realize his utopia. Adel then brought all the Gammaizers together and used them to fire an attack at Takeru's friends, but Ghost Mugen Damashii stood in the way.

After Takeru and his friends were saved by Edith, Adel would make another attempt to go after Takeru. Becoming Perfect Gammaizer once more, he fought Ghost, Specter and Necrom and was ultimately defeated by the power of Mugen Damashii. Takeru then extended his hand and offered that they work together to save both the human world and Gamma world, but Adel refused and knocked his hand away before returning to the Gamma World.

Upon his return to the Gamma World, Adel resolved to create a utopia by becoming the world. He destroyed his Eyecon body and connected to the Great Eye with the power of his resolve, resurrecting the 12 Gammaizers that had been defeated.

As the Demia Project neared completion, Adel summoned all the Gammaizers in preparation for it and sent Gammaizers Fire and Wind to hold off the Riders while the Demia was activated. Wielding Gammaizer Blade, Adel attempted to fight Ghost himself but retreats after their minds begin overlapping.

Once the Demia Project reached completion, Adel and Igor used its central server to assimilate the souls of all the humans who had been connected to it. Takeru and his friends were able to free Steve Bills from the Eyecon's possession and attempted to have him give an emergency broadcast telling everyone the truth about the Demia Project, but Adel intercepted the broadcast and announced that every human would be assimilated into his utopia. Takeru was locate the main server inside an abandoned church and destroy it, but Adel kept the Demia Project afloat by taking the server's place and began assimilating everyone into himself, even Igor much to the latter's shock.

Adel later engaged Takeru again and summoned the 15 Gammaizers to counter the 15 Damashii Parka Ghosts Takeru summoned but they are unable to stop them. Adel soon comes to see the error in his ways and realize his father still loved his family, and Adonis himself was actually heartbroken by the death of his wife and Argos. Unfortunately, it is too late for Adel, as the 15 Gammaizers finally reveals their true colors and forcibly merge with him to form Perfect Gammaizer again. Having no choice, Takeru is forced to defeat it, killing Adel in the process under his request at mercy kill. Adel's spirit then appeared one last time to reconcile with his siblings, telling them both to save the Gamma World in his place and that he hoped they would start families before disappearing.

When I was finished everyone was shocked!

Laney: What a monster!

Lana: He is pure evil!

Nico: Yep and he is our main target for the Ghost Kamen Rider's big day.

Proto Man: Wait until you guys show him our Eyecons.

Me: Yeah that will be awesome.

Nico: Yep.

Dark: Ready to revert back Athena?

Athena Wendolla: Yep.

Me: Cover your eyes everyone.

We did so and I snapped my fingers and put on my blind man glasses and Athena went through the changes in reverse and she was naked and then the Fashion Brigade gave her new clothes and she put them on.

Athena Wendolla: That's better. But that was so awesome.

Lisa Loud: We have arrived at our destination.

Nico: On screen.

We saw a beautiful dark blue planet that looked so much like Earth.

Me: Planet Nok.

Nico: Wow it's beautiful.

Indigo 1: Nok. It sure is.

Nico: Lets land.

We landed the ship and got out and we saw that it was a jungle planet home to lots of amazing ruins and more and it was incredible!

Me: Wow!

Camie: So this is the planet Nok. Wow!

Laney: It sure is beautiful.

Nicole: Wow look at all the ancient ruins. There must be a lot of ancient treasures here.

Artie Ziff: Wanna show us around, Indigo?

Indigo 1: Nok. Follow me.

Maria: Vakama, I think you and Max will get a chance to shine today.

Vakama: This will be so awesome.

Max (Dinosquad): Looking forward to all of it.

We followed her and we saw lots of amazing ruins and all that. It was home to a lot of history. We also met the members of the Indigo

Tribe. We met Kreaven, Munk, Natramo, Slog the Slayer, Trinity and William Hand before he became Black Hand.

Skullgrin: Let's keep an eye out for trouble.

Nico: Right.

Me: It's amazing that this planet is home to Remorseless and heartless serial killers with no sense of compassion in them.

Nico: Yeah that is amazing.

Hinata: Nok. It is a strange way of rehabilitating criminals but we do what we can for them.

Me: That's true.

Camie: Hinata you're part of the Indigo Tribe?

Hinata: Yes I am. I joined it of my own free will.

Laney: Hinata is very gifted with their power and is a very kind and compassionate girl. She has done so much not just for the Leaf and us but others too.

Lana: Yeah that is awesome.

Griffin: I'll fly around and see if I can find the rest of the Lego heroes and villains.

Nico: Okay.

He went and did so.

Camie: How come the Indigo Tribe says Nok all the time?

Me: It's their verbal tick. Like how Naruto says Believe it and how Kushina says Ya Know and stuff like that.

Camie: Oh I get it.

Fangry: (to Griffin) Did you find them?

Griffin: I did. They are beyond that hill and they are fighting a bunch of Yellow Lantern Warriors!

Me: Lets go get them!

Nico: Yeah!

We went to face them and help out the rest.

We saw the Lego versions of Miss Martian, Mr. Freeze, Mr. Mxyzptlk, Music Meister, Nightwing, Lobo, Mad Hatter, Man-Bat, Manchester Black, Reverse Flash, Riddler, Swamp Thing, Plastique, Rainbow Raider and Inque!

Nico: There they are!

Laney: Lets go!

We flew in and blasted the Yellow Lantern Warriors into dust!

Myotismon: You guys look like you need a hand.

Lego Nightwing: We owe you guys!

Lego Lobo: Wow Team Loud Phoenix Storm! An honor!

Lego Mad Hatter: It sure is.

Me: Same to you all.

More Yellow Lantern Warriors were coming.

Bomb Burst: Ridewatch and Eyecon time, bitches!

Me: And this!

I formed a sword of bombs with Evil Bomb Man's powers.

I threw numerous bombs and they hit a bunch of Yellow Lantern Warriors and exploded!

MASSIVE FIERY EXPLOSIONS!

They were all destroyed!

Nico: Wow! That was cool!

Me: Since evil versions of the Robot Masters are in the M.O.E. I thought that it would be awesome to use their powers.

Nico: Yep.

Brittney activated the Ridewatch of Rex Goodwin and got purple fire swirling around her and she got Wiraqocha Rasca's wings and she flew into the air and fired waves of purple fire and incinerated the warriors all over.

Control Freak: Let me summon some backup. Meanwhile, one of you should use my Ridewatch. I actually want to see what happens.

Nicole: Good idea! I know just what to do.

She activated Control Freak's Ridewatch and then she summoned the Bosses of Super Metroid and Metroid Other M and they obeyed her and fired their attacks at the warriors and destroyed them!

Nico: WOO YEAH!

Control Freak: Now for my backup! It's someone that Kirby knows!

He summoned the Sun and Moon embodiments Mr. Shine and Mr. Ray!

Nicole: Mr. Ray and Mr. Shine! Good choices.

Control Freak: Thanks.

Edward: They just keep coming!

Progrise! To-bia ga rise! Rising Hopper! A jump to the sky turns to a Rider Kick.

Me: I know that morph anywhere!

Out came the Zero One team!

Aruto: Looks like you guys could use a hand.

Me: Awesome to see you guys Aruto.

Laney: Yeah we owe you big time!

Flora: Let me help you guys.

Key: Don't forget your Kamen Rider form.

Flora: Oh I won't! HENSHIN!

She turned into Kamen Rider Gardenia!

Lola: YEAH!

We went to face the next Justice Lord!

Nico: Our lives are burning bright?

Princess Rose: That's probably the last Kamen Rider line we hear you say in a while.

Nico: Yep.

Me: From Ghost.

We then saw JUSTICE LORD WONDER WOMAN!

---

Wonder Woman is a former superheroine turned rogue and an antagonist in the Justice League series.

Much like her main counterpart such as being an Amazon, but it all changed when Lex Luthor became president and executed Flash. Wonder Woman along with Batman and Superman launched an attack on the White House in response to Flash's death. She fought the Secret Service alongside Batman while Superman confronted Lex Luthor in the Oval Office and murdered him. Diana came into the office and was shocked at Superman's decision to murder Lex.

The Justice Lords took over Earth and brought peace to the world.

Wonder Woman traded her old costume with a new one. And she cut her long dark hair, to a short buzz-cut.

---

Nico: Wow so that's Justice Lord Wonder Woman. She does look good with shorter hair.

Me: I said the same thing.

Eli: That's a good compliment.

Nico: Yep. Entrance time!

We went at her!

She was looking hard and then the spirits of the Elements of the Blue Hope appeared and then they converged and then a massive flash of blue light appeared and then we came came out.

Nico: Hello Diana. Nice to finally meet you.

Lord Wonder Woman: You will pay for locking me in stone!

Wonder Woman: You stain Amazon honor. We are to temper man's aggression, not enable it.

Lord Wonder Woman: After Flash and Luthor, We learned the truth. Man's aggression cannot be tempered, only quelled.

Me: By invoking fear through tyranny and oppression? I don't think so!

Crystal Freak: Here's your warning for that: Your ass is about to be kicked!

Nico: And it's going to hurt! BIG TIME!

Then Riddler, Trumbipular, SkullMeramon, Tri Klops, Beautiful Gorgeous, Titanium Man, Multiple Man, Cheshire, Count Vertigo, and Red X appeared.

Nico: Riddler, Trumbipular, SkullMeramon, Tri Klops, Beautiful

Gorgeous, Titanium Man, Multiple Man, Cheshire, Count Vertigo, and Red X.

Riddler: It's an honor to meet another version of me.

Lego Riddler: The honor's all mine.

Trumbipular: You two can talk to each other later.

SkullMeramon: Right now, we've got work to do.

Nico: Lots of it.

Tri Klops: (to Nico) We heard you went to a Crystal cave.

Nico: We sure did and it was on the planet Mars.

Beautiful Georgeous: Hope you liked it.

Me: Oh it was awesome.

Bulldozer Org then appeared again.

Laney: You sure are a glutton for punishment Bulldozer Org.

Bulldozer Org: Only a matter of time before I join the usual battles.

Nico: Yep.

We got the usual battles underway.

---

---

Riddler was first.

Riddler: (to Tecna) Nico once again had a nice rescue. How many crystals did he get?

Tecna: (British Accent) He got so many that it was really amazing. We didn't even count them all but they were most amazing and incredible.

Pinkie Pie: They sure were! We were all amazed at how many we got.

Featherweight: They were really pretty too.

Sprocket: Yeah they sure were. They had a great time on Mars.

Gi: Mars went from a dead planet to an amazing world like Earth.

Girl Jordan: Yeah that was really cool.

Luna: It sure was Dudes.

Riddler: That is really amazing. Lets do it!

They fired waves of metal, gears, lightning and energy and smasdh him down.

---

She-Hulk: It was really predictable and they faced that one outside a crystal cave on the planet Mars. That is really awesome.

Applejack: It sure was amazing.

Apple Bloom: Seeing something like that on Mars was amazing.

Flashwing: It sure was awesome and the Mars Crystal Cave was right under a volcanic remnant not far from Olympus Mons.

Stacy Bolton: That is really awesome.

Otto Rocket: It sure was awesome to hear about.

Reggie: We all thought it was cool.

Sam: We all thought so too.

Twist: Yeah no kidding.

---

Mizore Shirayuki, Rarity, Sweetie Belle, Water Skylanders, Dino Thunder Rangers, Thetis and Driscoll VS SkullMeramon - Lincoln's Rescue and meeting Athena Wendoll the Champion of Loyalty

---

SkullMeramon was next.

SkullMeramon: (to Mizore) I heard Lincoln's Rescue was in Australia. And that he met Athena Wendoll, the Champion of Loyalty.

Mizore: You heard right and that is also where we faced Strazio from JoJo's Bizarre Adventure.

Rarity: It was really amazing darlings and Lincoln absorbed Strazio into his body.

Sweetie Belle: Yeah he sucked him into his body like water into a sponge.

Gill Grunt: That was awesome.

Connor McKnight: It sure was cool.

SkullMeramon: That was really awesome! Lets do it!

They fired waves of water, ice and jewels and smashed him down.

---

Zick, Rainbow Dash, Scootaloo, Air Skylanders, Davis, Yolei, Buzzerbeak and Krankenstein VS Tri-Klops - Meeting an Amazoness Queen Gene-slammer

---

Tri-Klops was next.

Tri Klops: (to Zick) I heard you guys met an Amazoness Queen Gene-slammer. What's her name?

Zick: Her name is Daphne Andreas and she is from Greece and she is an amazing fighter. She told us a really shocking revelation too about the mean Louds.

Rainbow Dash: Yeah those dark sides of theirs almost landed them in prison forever.

Scootaloo: It was not pretty!

---

Daphne Andreas: (Greek Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Daphne, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Daphne Andreas: (Greek Accent) That's incredible.

Nico: It sure is. So, Daphne, what's this revelation about Lori, Lynn, Lola, Lisa, and Luan that's really horrible and nasty and it could've gotten them disowned by the entire family and sent to Ionia Correctional Facility forever?

Daphne Andreas: (Greek Accent) You're not going to like it one bit. One day, I was training Lincoln on some self-defense techniques and we were also working out in my family's gym, but then, we heard a stampede and the doors to the gym were smashed open, and to my utter disgust we saw who it was, it was Lori, Lynn, Lola, Lisa, and Luan, but their eyes were completely red with insanity and rage, and even worse, they had knives in their hands, and they've decided they had enough of Lincoln living, so they were going to shoot him dead, along with me for even helping him. I reacted quickly, and I then grabbed Lori by her right arm that had the knife in her hand, and I broke it, and I threw her right at Lynn, Lola, Lisa, and Luan, and they crashed into the wall and they were knocked out and disarmed of the knives. We tied them up and we dragged them back to The Loud House, and when we told Mr. and Mrs. Loud of what those five demon sisters tried to do to Lincoln and I, everyone was furious at them, and they wanted to disown them and send them to Ionia Correctional Facility. But, Lincoln and I decided against that, instead, we had them sent to jail, so they could see what'll happen if they tried to do that again. They were also grounded for twelve weeks, and Lincoln refused to even talk to them. He then went up to me and he hugged me, and when I felt tears on my chest and heard him cry, I hugged him back and rocked him slowly to calm him down.

We had tears in our eyes because of what we just heard, and when Eli heard it, he was really furious.

Eli: Those murderous, good-for-nothing… !

Lincoln: I know, Eli. They're nothing but pure evil and if they weren't stopped, they would've turned all of Royal Woods into a graveyard of death, and the sooner we pummel Dark Lynn, the sooner we'll send them to The Black Gates forever.

That calmed Eli down.

Colleen Gallagher: That's further proof of just what kind of sore losers the dark sides are.

Me: You said it.

FLASHBACK ENDS

Tri-Klops: Goodness! That is horrible! Those dark sides of theirs are nothing but pure evil!

Whirlwind: Yeah no kidding! That was awful!

Davis: I can't wait to destroy those dirtbags!

Yolei: Yeah me too! They have caused more than enough problems!

Tri-Klops: Me too. I agree there. Lets do it!

They fired waves of energy, wind, rainbows and lightning and smashed him down.

---

Rita Loud, Starlight Glimmer, Cozy Glow, Undead Skylanders, Hawkeye, Black Widow, Nick Fury, Stormy Weather and Proto Man VS Beautiful Gorgeous - Onewa's 3rd Ambassador Mission

---

Beautiful Gorgeous was next.

Beautiful Gorgeous: (to Rita) I heard today was Onewa's 3rd Ambassador Mission. How was it?

Rita: It was really awesome! And we got a surprise when we found out that Justice Lord Batman turned himself in and wants to redeem himself.

Starlight Glimmer: J.D.'s words really got him thinking over the course of 4 and a half years and he realized that he was right. His mother and father would be shocked and appalled at what he became.

Cozy Glow: Yeah that was cool that J.D. got through to him.

Hex: It sure was.

Haekeye: We're glad he got through to him. Maybe Lord Batman can do so with Wonder Woman.

Black Widow: It's possible.

Nick Fury: We'll have to wait and see.

Beautiful Gorgeous: Yeah only one way to find out. Lets do it!

They fired waves of lightning, magic, stars, bones and energy and smashed her down.

---

## Mack Hartford, Fluttershy, Tornado Bolt, Life Skylanders, Twilight Sparkle, Skullgrin and Submarauder VS Boris Bullski A.K.A. Titanium Man Unexpected to see Justice Lord Batman on Onewa's third mission and also facing Another Mach

---

Titanium Man was next.

Titanium Man: (to Mack) It was unexpected to see Justice Lord Batman on Onewa's third mission. But it WAS expected to also face Another Mach.

Mack Hartford: It was completely unexpected of Lord Batman to appear but it was inevitable for Another Rider to appear.

Fluttershy: But it was amazing that Lord Batman appeared and he wanted to make amends.

Tornado Bolt: Yeah that was a complete surprise.

Stealth Elf: It sure was. But we're happy that one of the Justice Lords was able to redeem himself.

Twilight Sparkle: I agree there.

Titanium Man: I agree. Lets do it!

They fired waves of magic, leaves, grass, flowers and energgy and smashed him down.

---

Casey Rhodes, Twilight Sparkle, Starshine Sparkle, Magic Skylanders, Kole, Starfire, Sparkstalker and Fangry VS Cheshire - The Newton Family is awesome

---

Cheshire was next.

Cheshire: (to Casey) The Newton Family is awesome. It's nice that Nico and J.D. know them.

Casey Rhodes: It sure is cool! And that is awesome that Nico defended Ted from those jerk bullies.

Twilight Sparkle: And how J.D. and the Newton's threw those bad men in prison for over 7,000 years.

Starshine Sparkle: Yeah they got what they deserved.

Spyro: Yeah no kidding there. Too bad it wasn't Blitz that mauled them.

Scott Truman: He sure is awesome and I love Saint Bernards. They are so awesome. They are cute when they are puppies but they are huge when they are fully grown.

Sunset Shimmer: They sure are huge.

Pipsqueak: (British Accent) They are really adorable. But huge and the Newton Family loves dogs but George didn't like dogs before. But now they all do.

Sunburn: So awesome and thank goodness they do now.

Takanuva: That is for sure.

Doubledealer: I agree there.

Multiple Man: Yeah that is true. But I'm so happy for the Newtons. Lets do it!

They fired waves of fire and smashed him down.

Courtney: It sure is! This planet is both not only beautiful but it's full of reformed criminals that were some of the most ruthless and dangerous in all of the galaxy.

Princess Celestia: Yeah but the Indigo Light of Compassion fully changed them and reformed them.

Amber Morning: That is amazing.

Spotlight: Yeah that is so amazing. They guys had no compassion or anything like that at all. But now they do.

Georgina: Maybe we can have this world be one of the prisons we send people to go to someday.

Tara: That's not a bad idea there.

Lynn: Yeah no kidding.

Court Vertigo: I agree there. Lets do it!

They fired waves of light and fire and smashed him down.

---

Hunter, Princess Luna, Moondust, Snowdrop, Children of The Night, Dark Skylanders, Orion, Princess Rose and Nuova Shenron VS Red X - Justice Lord Wonder Woman would be perfect for the Light of Compassion's Reformation Program so to speak.

---

Red X was next.

Red X: (to Hunter) Justice Lord Wonder Woman would be perfect for the Light of Compassion's Reformation Program. And I mean it!

Hunter: (German Accent) Oh ja ja! I agree there und she may need it too.

Princess Luna: I agree too. What happened with the world of the Justice Lords was most horrible.

Moondust: It's like what happened with the Royal Defenders!

Snowdrop: But not on a big scale like that.

Gari: Yeah that was a small scale.

Blackout: At least it was that small.

Orion: Thank goodness for that too.

Red X: Yeah no kidding. Lets do it!

Orion: LEGENDARY KAMEN RIDER MODE! DECADE!

Orion turned into DIEND!

Orion: Oh yeah!

They fired waves of darkness and smashed him down.

## Wild Force Rangers, Megaforce Rangers, Nico, Eli, Nunnally, C.C., Laney, Lana, Lola, Lisa and Lily VS Bulldozer Org

Bulldozer Org: Bring it on! But I have no weapons this time. Sorry.

Wild Force Rangers: WILD ACCESS!

They transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! WILD FORCE!

The Megaforce Rangers turned into the Wild Force Rangers too!

Nico: Bulldozer Org you have failed this world!

Troy: Rangers that's a Super Mega Win!

---

Aruto: There's only one group of people that can stop you. And that's us!

Flora: And we're going to kick your butts!

They fired waves of energy and slashed the Red Lantern Warriors all over and destroyed them.

Flora: Take that!

Isamu: What should we do now?

Flora: Lets go help the rest of the team!

Aruto: Right lets do it!

They went to help us.

We regrouped.

Nico: Diana it's time for us to make you realize that you have no right to decide if all the world must be destroyed.

Justice Lord Batman: That's right Diana! This is not the way.

Lord Wonder Woman: Bruce you're okay!

Lord Batman: I've had a huge wake up call while I was in prison over the last 4 and a half years Diana. And it turns out that I realized that

J.D. is right.

Lord Wonder Woman: What?!

Lord Batman: What the Justice Lords have all been doing since Flash died has only made things worse. We have become the very monsters that we brought to justice and people feared us instead of admiring us. J.D. and his team have all fought hard with the goodness out of their hearts and they showed us how wrong we were. How wrong I was at how our ideals were not helping the world at all. They were only making things worse. Lex Luthor got what he deserved sure but there is one thing that we would never resort to doing and that is ruling over everything with an iron fist and ruling with fear. When we were the Justice League people loved us and idolized us when we worked hard to help people. But when we became the Justice Lords all we have brought was nothing but terror, fear and oppression. We don't even know who we are anymore. And I've had 4 and a half years to realize it.

Nico: That's right Diana. Lex Luthor was a monster and he got what he deserved for his crimes and I won't deny that but everything that you and the Justice Lords are doing is wrong on so many levels.

Me: That's right and we've had to put up with a lot of bullshit from villains comparing us to the Royal Defenders in their universe and all that about you guys and we have had a lot of guidance and talk from Amanda Waller about all that.

Eli: But we would never become like what the Justice Lords went through.

Dark Spicer: That's right! Team Loud Phoenix Storm has too much honor to do all that.

Mutliple Man: They are great friends and have done so much good all over the universe to be corrupted like that.

Laney: And you have to realize that there is the most important rule all heroes have to follow. And that is With Great Power Comes Great Responsibility!

Nico: Yeah!

I gave the Megaforce Rangers the W Kamen Rider Keys.

Me: These are the W Kamen Rider Keys. I call them the Double Element Matrix Brigade.

Nico: Ooh nice.

Me: I thought it would be awesome.

Troy: Thanks.

Megaforce Rangers: LEGENDARY KAMEN RIDER MODE! DOUBLE ELEMENT MATRIX BRIGADE!

They transformed into the W Kamen Riders! Troy was Double Green, Noah was Double Black, Jake was Double Red, Gia was Double Yellow, Emma was Double White and Orion was Accel!

Troy: Wow! That is amazing!

Nico: Yeah it is!

Me: There were only 3 known Kamen Riders for W so I made the keys for each of the 6 elements and W.

Nico: Oh. That makes sense.

Gia: But it fits perfectly.

Nico: Yep.

We pulled out our Zenkai and Kamen Rider Cannons!

All of us: (TURNS DIALS) EXTREME FIGHTING POWER!

We summoned the Battle Fever J, Maskman, Dairanger and Gekiranger and even the Hibiki, Zero One, Zi-O, Decade, Gaim and W Riders!

Nico: Yeah! Lets get her!

Troy: You've got a lot of sins to count up!

Crag: Come on guys!

Ripping Friends, May, Lincoln, Luna and Lynn: IT'S RIPPING TIME!

We went at Lord Wonder Woman and blasted and smashed her all over with the powers of the elements and really let her have it.

Then Camie, First Aid, Reflector and Misty Tredwell used the Earth Cyber Planet Keys and they enhanced Camie and Misty's powers, First Aid's Photon Rifle and Reflector's Flash Explosion 100-fold.

rottytops: indigo tribe rot style: thaal sinestro

They summoned cephalopods made of Indigo Light of Compassion to attack Justice Lord Wonder Woman. The blasts all hit her and smashed her down.

But then Lord Diana was enveloped in a vortex of Indigo Light!

Hinata: Justice Lord Diana of Themiscyra you lack the capacity for Compassion. Prepare to be cleansed.

Hinata put an Indigo Tribe Ring on her and cleansed her by removing all her emotions except for compassion. She was completely lobotomized and put in a catatonic state.

Laney: Whoa!

Me: Wow! That is amazing!

Lord Batman: Hopefully, Diana can get the help she needs here.

Titanium Man: I'm sure she will.

Me: Lets hope so.

Multiple Man: And the Shift Cars J.D. and the others got came in handy.

Me: They sure did.

Cheshire: (to Aruto) You guys helped too.

Aruto: We sure did.

Me: And we owe you guys big time for it.

Melanie Romanova: I'm gonna love it here with you guys

Daphne Andreas: Same here.

Athena Wendolla: Me too.

Count Vertigo: You girls won't regret it.

Red X: Who's up for playing with Beethoven when we get home?.

Nico: Ooh! We are!

Me: Awesome!

?: I will destroy every last trace of the bloodline of Joseph Joestar, and I will rule the world!

A blonde-haired figure came out, and it was none other than Dio Brando, sworn enemy of the Joestar family and arch-nemesis of Jonathan Joestar and Jotaro Kujo, and who's hellbent on destroying them in his quest to take over the entire world.

Jolyne Kujo: Dio Brando, the hated arch-nemesis of my great-great-great grandfather, Joseph Joestar and my father, Jotaro Kujo. I should've known you'd show up here, you undead monster.

Dio Brando: And now, I shall destroy the entire Joestar family and all of Team Loud Phoenix Storm and the world will soon be mine!

Colleen Gallagher: That's not going to happen, you undead powerhungry bastard. Your quest to rule the world is about to come to an end here and now.

Suddenly, Colleen Gallagher's pink eyes turned neon pink and she was surrounded by a pink energy aura with moonlight, angels, and moons, she unholstered her massive Bountiful Artemis-themed sword from her back, and as she approached Dio Brando, she left pink energy, moonlight, angels, and moons with every step.

Colleen Gallagher: Dio Brando, the crimes that you've committed against mankind and the Joestar family centuries ago can never be forgiven. This time, I will see to it that your desire to rule the world and your desire to destroy the Joestar family are brought to an end, along with your miserable life.

Suddenly, Colleen Gallagher was surrounded by a massive vortex of pink energy with moonlight and stars surrounding it and the full moon shining down, there's Bountiful Artemis flying around the vortex, and in the vortex is a pink phoenix. Ring of The Phoenix with pink gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Colleen Gallagher's massive Bountiful Artemis-themed sword was then surrounded by a kaleidoscope of pink energy and moonlight and when it emerged, it's been transformed into Bountiful Artemis' Moonlight Greatsword of Moon Justice, it's a brand-new greatsword with Bountiful Artemis etched on the 7'0" massive, wide, double-edged pink blade and stars on it, large white angel wings for the crossguard, large pink gem embedded in the rainguard, longer black handle, and large pink gem with angel wings surrounding it for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with pink gems on her wrists, new large gold Belt of Elemental Bravery with a gold version of Bountiful Artemis' head with pink gems for eyes and a large pink gem inside its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a white kanji below Bountiful Artemis that said, "Colleen Gallagher, Gene-Slammer of Bountiful Artemis, Loving Only Daughter of Mr. Gallagher, Best and Powerful Athlete of Gotham Royal York, Powerful Force in The World of Sports, Loving Guardian Angel and Future Wife of Lincoln Loud, Despiser of Scoots and Mrs. Gallagher, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Moonlight and Angels"

Colleen Gallagher has transformed into SUPER ANGEL ETERNITY INFINITY MOONLIGHT BOUNTIFUL ARTEMIS LUNAR ANGEL OF

MOONLIGHT JUSTICE AND FULL MOON ATHLETIC LOVE!

We were amazed by Colleen Gallagher's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Dio Brando saw it, he was about to summon his Stand, The World, to kill her, but Colleen Gallagher fired a powerful pink and white energy blast with moonlight, angels, and stars, and it hit the evil vampire and it disabled his ability to summon his Stand, The World.

Nico: Wow, Colleen Gallagher's transformed, and she sent that evil vampire flying into a wall, awesome.

Me: Now, the battle's about to begin, and that vampire's not getting out of this alive.

Lincoln: Wow, Colleen, you look beautiful. How do you feel?

Colleen Gallagher: (Divine Echoing Cosmic Voice of The Moonlight Artemis Angel and Divine Lunar Love) **I feel incredible, Linky. Now, shall we put an end to this plague on the Joestar family once and for all?**

Lincoln: (Smiles) With pleasure, Colleen.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Colleen Gallagher.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Your days of tormenting the Joestar family and trying to conquer the world end here and now, Dio Brando.**

Colleen Gallagher and Lincoln went after Dio Brando, who summons an army of Stone Face Vampires to attack, but that was a big mistake as Lincoln used Santana's powers and sent leeches made out of flesh and they attacked the army of Stone Face Vampires and they absorbed their blood and they all went to Lincoln and they were absorbed into his massive and muscular body and he absorbed their blood.

Nico: Whoa, those were Santana's Malevolent Meat Morsels, gruesome.

Then, Colleen and Lincoln fired powerful blasts of rainbow energy, pink energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, and Angels, and they explode with incredible power as they hit Dio Brando. Lincoln summoned Enrico Pucci's three Stands, Whitesnake, C-Moon, and Made in Heaven, and they went at Dio Brando's Stand, The World, and they restrained him, and then, Colleen and Lincoln attacked Dio Brando with their massive greatswords, and they left scars on him and drew blood.

Then, Lincoln put Dio Brando in a brutal bear hug, and he sank his fangs into Dio Brando's neck, and as Lincoln began drinking Dio Brando's blood, he also began absorbing Dio Brando into his body using the Pillar Men's' absorption ability, and he also assimilated Dio Brando's powers and abilities, and he gained control of his stand, The World. Then, when Lincoln was done feeding on Dio Brando's blood and also, absorbing Dio Brando into his body and assimilating the vampire's powers and abilities, an energy card formed in Lincoln's large left hand with Dio Brando's soul inside, and the kanji appeared on Dio Brando's forehead, and he was condemned to The Black Gates as he was erased forever. We cheered wildly as Colleen Gallagher and Lincoln holstered their massive greatswords on their backs and power down, and Colleen Gallagher's new body, clothes, weapons, jewelry, and massive white angel wings are permanent.

Colleen Gallagher: Now, the plague on the Joestar family has been put down once and for all. Thanks for helping me take down Dio Brando, Linky.

Lincoln: (Smiles Warmly) You're welcome, Colleen.

Suddenly, Colleen Gallagher wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down to Colleen Gallagher's face, they kissed passionately as Colleen Gallagher's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and the Bountiful Artemis flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and the moon shining down on them and we all cheered wildly.

Jolyne Kujo: Finally, the curse that's plagued our family for centuries is gone forever.

Me: You and your family went through a lot because of Dio, Jolyne. But, now he's gone forever.

Nico: But, there's bound to be more vampires like Dio Brando running loose, but we'll be ready for them.

Lincoln: You bet we will, Nico, and they're not going to like dealing with me, not after what I did to Strazio, Enrico Pucci, and Dio Brando.

Eli: Yeah, you used the Pillar Men's absorption ability and you absorbed them into your body, and you devoured them and assimilated their powers and abilities.

Nico: Yeah, and you can now feed on evil vampires and werewolves and other villains by feeding on their blood and you also have absorption techniques you have in your repertoire: the absorption techniques of Cell, Majin Buu, and the Pillar Men, and you also can suck out and absorb the energy, powers, and abilities of villains as well.

Lincoln: In addition to using the powers and abilities of villains destroyed or imprisoned throughout the years, Nico.

Me: That's right. And now, only Zamaron is left.

Nico: And awaiting us are the two Brainiacs and the last of The Justice Lords.

Drakus: And soon, I will destroy Brainiac for what he did to my home and to everyone I held dear to my heart, he will pay!

Lincoln: You bet he will, Drakus, along with Lego Brainiac. I hope Marinette hits him in the head with a mallet again.

Nico: (Snickers) Now, that I'd like to see, big guy. But this was an awesome way to complete part 6. Now we have Zamaron left.

Me: Yep. The home planet of the Star Sapphire Corps.

Nico: Yep. Great job today everyone.

Indigo 1: (To the viewers) Nok. Hope you liked this adventure as much as we all did and this was a really awesome one.

Nico: It sure was. Lets head home.

We went back to Earth and then enjoyed the rest of the day before going to sleep.

Journey to The Planet of Love - Zamaron

---

Flying through the sky was Nico, Roach, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we got reports of a massive and terrible mixup of the weather and our scans have traced the mixup to a mysterious location over America's Heartland.

Nico: Boy the weather is really messed up bad.

Me: Yeah I wonder what's causing all this! The weather is really crazy. There's golf balls raining in St. Andrews Golf Course in England, Raining Potatoes in Idaho, Hailing Taxi Cabs in Texas, Raining Dutch Clogs and hats in Holland, Raining meat in Kansas City, Hailing cheese wheels in Wisconsin, Raining Dog Bones and Cat Toys in New York, Hurricanes in Egypt, Tornadoes in Toledo, Sunny Weather in Seattle, A Pink Hurricane in the Sahara Desert, Squeaking Thunder in Peoria, the Black Sea turning Orange, Sandstorms in Siberia, Snow Falling up in the Ukraine, Tornadoes that are sideways in Toronto, Raining Frogs in Frankfurt, the whole planet has gone bonkers!

HOLY CRUD!

Eli: Yeah the weather is all messed up somehow!

Laney: This is really weird!

Himiko: We better find the source of this weird weather and fix it and fast or the damage will be irreparable!

Nico: No kidding! But I like that Cheese Wheels weather one.

We were flying fast.

Nico: Thanks for coming with me, Roach.

Roach: Anytime Nico. I've always wanted to go with you on your rescues.

Laney: You'll love it Roach.

Me: Boy this is crazy! We're going to have one weird story to tell everyone when we get back.

Roach: Yeah! Marina is not going to believe what's going on though.

Nico: Roach, you and Marina make a cute couple.

Roach: Aw thanks Nico.

Laney: I think that's so awesome.

Lola: It sure is and you have known Marina since your days battling the Virus.

Camie: Virus?

Me: It was an extraterrestrial monster from another world that tried to destroy the entire human race. The one that sent it was a monster called the Creators.

Camie: Creators?

Me: We don't really know what it looked like. All it showed us was that it was only 6 glowing red eyes.

I went over its history.

---

The Virus Creators are a mysterious entity with a hive mind of their own that served as one of the main antagonists of the Teletoon series Supernoobs. So far little is known about them except that they and their kind plan to infect the entire galaxy and are on the war against Benevolent Alliance.

Background

These malevolent entities has been responsible for bio-engineering Virus, parasitic organisms that has the power to turn ordinary things (organic and inorganic alike) into creatures or monsters. They has tried to create the unstoppable pandemic of Virus for unspecified amount of time, but their plans were halted by Benevolent Alliance that waged war against them. Memnock and Zenblok later join the war as their race introduces Battle Balls, weapons that are capable to combat Virus-based monsters.

As the Virus Creators now target Earth, Memnock and Zenblok immediately set out for recruiting humans who are willing to join them as Virus Warriors, only to find that they just have recruited 4 human kids.

---

When I was done everyone that hadn't heard about it was shocked!

Sunset Shimmer: I remember that! That was really awful!

Me: Yeah.

Nico: The Virus still got destroyed though.

Me: Thank goodness. That Virus was like a cancer to every living thing in the entire universe.

Roach: Yeah it sure was.

Camie: But those Battleballs you guys use that got you your powers are really awesome.

Roach: It sure is and we didn't know how to use them right.

Me: It took a while to figure it out. Highly advanced alien technology from another planet really takes a while to figure out.

Nico: That's true. Wait we're here.

We arrived at a really huge weather factory called World Wide Weather.

---

**World Wide Weather** is the main location in *Pajama Sam: Thunder and Lightning Aren't so Frightening* . It is situated in the clouds at high altitude above Earth's surface. During a thunderstorm, Sam decides to visit World Wide Weather to stop the storm.

History

During a thunderstorm, Sam gets frightened by the lightning strikes so he decides to go and sort out the weather. He manages to get in by hiding in a crate that Rudy/Suzy Beagle brings into the building.

With the help of an ID card belonging to Foster/Humphrey Boondoggle, Sam finds himself in the control room that Thunder and Lightning. When Sam reveals he is here to stop the storm, Thunder and Lightning reveal how they love creating storms and how much good the rain does to the environment. Sam is surprised to hear the good thunderstorms can do, but he accidentally trips and hits a red button that causes the weather machines to break apart. After Thunder and Lightning do what they can to keep the machines held up, they discover through the damage report that some pieces to the various weather machines were shaken loose. Even worse, the weather is going out of control and causing disastrous things all over the world.

As Thunder and Lightning have to stay in the control room to keep things in order, they task Sam with finding the missing Weather Machine pieces and returning them to their correct locations. Thunder also gives Sam a clipboard so that he knows which pieces he needs to find and where these pieces go on their respective machines.

---

Nico: World Wide Weather.

Me: Wow! So this is where all the worlds weather comes from.

Lana: This is really cool.

Lola: It sure is.

Lisa Loud: Very amazing.

Eli: But this is really cool seeing this up here.

Nico: Eli, check to see if an Another Power Ranger is in the area.

Eli: Right. (Concentrates) Nothing. Not even Another Kamen Rider is up here. But the Gene-Slammer is.

Me: So the rescue this time is to fix the planets weather.

Nico: That's gonna be worth it. Lets go.

We went up to the gate and we saw Bill Gate. He was an Anthropomorphic Toll Gate.

Nico: Hello there.

Bill Gate: Hello.

Nico: Team Loud Phoenix Storm. We would like to head inside please.

Bill Gate: Go ahead.

He lifted his gate and we went in and we went into the building and saw that it was amazing. We were greeted by an anthropomorphic phone.

Phone: Welcome to World Wide Weather everyone.

Nico: Oh why thank you.

In the Master Control Room was saw Thunder and Lightning.

Lightning (HE): Wow! Team Loud Phoenix Storm! It's an honor!

Thunder (HE): Yes it sure is. Welcome.

Nico: Hello there.

Me: Thunder and Lightning, pleasure to meet you both. Before we get to work can you please tell us what is going on and why the Weather is all messed up?

Thunder (HE): Certainly.

I took out a notepad and she and Lightning told us that Sam accidentally tripped on his cape and pressed a big red button that damaged the weather machines and the weather was messed up by mistake because of it. We saw the Weather Monitors and it explained why the weather was all going haywire.

Laney: Whoa!

Nico: Boy talk about the ecosystem going nutsy-cuckoo.

Himiko: Well at least it was all an accident.

Nico: At least he didn't mean for it all to happen.

Thunder (HE): Yes so we are having him help us by fixing the weather machines.

Eli: That's good.

Nico: We might as well help him out too.

Thunder (HE): Okay. Good luck.

Lightning (HE): We also saw a strange creature here too.

Me: That must be our gene-slammer too.

Laney: Yeah.

We went to find Sam.

Nico: No Another Power Ranger or Another Kamen Rider? Something's up.

Me: They probably will appear in the next Ambassador Mission.

Nico: Yeah you're right.

We then came to a huge area and we saw 5 GINORMOUS TOWERS! 4 of them were for each of the 4 main ingredients that make the worlds weather: Sunlight, Rain, Wind and Ice. And the 5th looked like a greenhouse.

Me: Whoa!

Laney: Wow! Look at all that!

Lana: That is amazing!

Lola: Who would have thought that making the worlds weather was so complicated.

Lily: Yeah but this is cool!

Lisa Loud: Making weather for this kind of company is a most amazing and incredible process.

We walked around and we saw that the Sun and Snow Machines were already fixed.

Me: Sam is doing great.

We saw Liquid Sunshine being put in cans and One can fell out and I caught it.

Me: "Liquid Sunshine. Ingredients: Sun. Use with caution." This will be useful.

We saw that the Sun Machine looked like a giant coffee making machine. We went into the Snow Machine and we saw that it was making huge snowflakes from ice cubes. And it turns big snowflakes into little ones with a shrink ray.

Laney: Wow! Look at how big these snowflakes are.

Varie: They sure are huge.

Eli: If snow was always this big we would be buried up to our necks on the ground just from an inch of snow.

Me: Yeah with all our houses being crushed and snowflakes being shrunk down to small size is much better.

We went into the Rain Machine and it was a giant rain mixer combining Hydrogen and Oxygen to make water.

Nico: Very scientifical. Hydrogen and Oxygen make water.

We then saw the rain bottles being capped and packed and then a bottle was capped and then the robot hand shook it as there was something in it and it put it aside.

I picked it up and looked inside it and there was a tiny fairy size mermaid girl in it.

Me: Wow hello there.

Weather Mermaid Fairy: Hello there. Wow you're Team Loud Phoenix Storm. Thank goodness you found me. I got stuck in that rain vat by accident.

Me: Oh man. Let me get you out of there.

I pulled out my pocket knife and used the bottle opener tool and then pulled the cap off and she flew and was free.

Cirenia: Ahh. Boy does it feel great to be out of there. Oh my name is Cirenia and I'm a Weather Mermaid Fairy.

Me: Pleasure to meet you Cirenia.

Eli: Same here.

Nico: Yeah.

Then a raincloud popped out of the bottle and formed above

Cirenia's head and drenched her and then vanished.

Me: That must not have been a good experience.

Cirenia: No it wasn't. But I'm glad you saved me.

Me: No problem. Now we got to get to helping out here.

I then drank the water in the bottle and it was delicious.

Me: Mmm! Ahh that was refreshing.

Laney pulled out a recycling bin and I put it in.

We then went on and we saw Sam.

Juran: I see Sam.

Nico: Yep.

We went up to him.

Me: Hey there.

Pajama Sam: Wow! Team Loud Phoenix Storm! It's such an honor!

Me: Same here Sam. I love playing all your computer games growing up.

Nico: It's awesome to meet you.

Pajama Sam: I'm sorry I messed up the weather guys.

Me: It's all right Sam. It was all an accident. It's not your fault.

Eli: Yeah you didn't mean to do it.

Varie: But at least you're helping out here.

Pajama Sam: Yeah.

Nico: We need to get that machine under control.

Me: Looks like we need to fix it by putting in the Y-Pipe.

Nico: Yep.

Pajama Sam: Okay.

Sam pulled out the Y Pipe.

Pajama Sam: Okay here we are. Time to go back to work.

Y-Pipe: Do I have to?

Pajama Sam: Of course you do.

Y-Pipe: Why?

Pajama Sam: Because if you don't, then the rain machine won't work and we'll run out of rain.

Y-Pipe: So?

Pajama Sam: So, we need rain. It's good for plants and stuff like that.

Me: Yeah. We need rain to make everything grow and give us good water to drink.

Y-Pipe: I know. I was just funning with you.

Pajama Sam: (Slyly) Why?

Y-Pipe: Well I was…

Pajama Sam: Gotcha.

Y-Pipe: What do you know I guess you did. All right. Put me back in the machine already.

He put it back in between the tanks of Hydrogen and Oxygen and connected the pipes.

Me: There.

Nico: That should do it.

Pajama Sam: Almost. We have one more Machine.

Then a monitor appeared.

Thunder (HE): Sam? Everyone?

We jumped in fright.

Pajama Sam: I wish you'd stop sneaking up on me like that?

Thunder (HE): Sorry Sam. We just wanted to say that we're very impressed with you and Team Loud Phoenix Storm fixing the Weather Machines.

Lightning nodded fast.

Pajama Sam: Thank you.

Me: Thank you very much.

Thunder (HE): At this rate we'll have everything shipshape before anyone even notices that anything was wrong.

BEEP.

Thunder (HE): Hang on for a second everyone. That's our call waiting.

Lightning went over to a computer and pressed a button and then on the screen was a woman with glasses and purple hair and she looked really Sour! It was the personification of the Earth's Weather herself, MOTHER NATURE! She was not only the Personification of the Earth's Weather, but she was also the President, Chief Executive Officer and the Big Time Top Dog Boss of World Wide Weather!

Mother Nature (HE): Thunder, Lightning!

Thunder and Lightning: (GASP) MOTHER NATURE!

UH OH! THEY ARE IN FOR IT NOW!

Me: (Whispers to Nico) Mother Nature, the Personification of the Earth's Weather?

Nico: (Whispers to me) Oh boy. She must be the big time top banana here.

Mother Nature (HE): What on EARTH is going on over there!?

Lightning (HE): EEP! (Nervously) Nothing!

Thunder (HE): (Nervously) Everything is under control.

Mother Nature (HE): Don't hand me that claptrap! I've read your incident report! You've left out one or two things!

Thunder (HE): Err what things would those be?

Mother Nature (HE): Well for example (Yelling) WHY ISN'T IT WINDY IN CHICAGO!? IT'S SUPPOSED TO BE WINDY IN CHICAGO!

THEY DON'T CALL CHICAGO, ILLINOIS THE WINDY CITY FOR NOTHING!

Lightning screamed in fear!

Thunder (HE): Uhhhh.

Mother Nature (HE): I'm coming over there now! And when I get there I want some answers!

She clicked off!

Thunder (HE): Oh boy.

Lightning (HE): MOTHER NATURE'S COMING HERE!

Pajama Sam: Is that bad?

Thunder (HE): It could be.

Me: Sounds like you all are really scared of her.

Lightning (HE): Yeah we are.

Himiko: Oh man.

Thunder (HE): If everything isn't perfect by the time she gets here, we'll be in BIG Trouble.

Lightning came over.

Lightning (HE): The Files are all hopelessly out of date. What are we going to do!?

Thunder (HE): We'd better get to work updating them right away.

Lightning agreed.

Pajama Sam: We'll fix the Wind Machine.

Thunder (HE): Thank you and everyone?

Me: Yes?

Thunder (HE): Please hurry.

The call clicked off.

Me: We better get that machine fixed pronto!

Nico: (takes out Whirlwind's ridewatch) She wants wind in Chicago? Then that's what she'll get!

Me: Nico this is one of those situations where our weapons and powers are not needed.

Nico: Oh you're right. Lets go then.

We went to the Wind Machine and then we saw a Dendrobatidian!

Nico: Whoa! Mucillator's kind!

Dendrobatidian: (In a girl's voice) Awesome to see you Nico.

Nico: Meadow Evans! Wow!

She reverted back and was a girl with green hair and green winter clothes.

Nico: We can catch up later. Right now we got to get to the Wind Machine.

Meadow Evans: Okay!

We got to the Wind Machine.

Me: Whew! Made it!

Nico: It looks like a huge fan cannon.

Eli: It sure does.

Camie: Yeah.

Meadow Evans: I was amazed by this place.

Me: And the fan cannon blows it into that funnel down there and it puts the wind into bottles. How cool is that?

We went to the back of the fan. And he pulled out Velo the Velocimomometer.

Pajama Sam: Here we are!

Velo: Oh goodie home!

Then the alarm sounded!

Thunder (HE): Attention! All personnel, the President is arriving! This is not a drill!

Me: We got to hurry!

Eli: Yeah!

Velo: Gee! The company president! Something big must be happening!

Pajama Sam: There's no time to lose!

I helped put Velo back in and he plugged himself in.

Nico: There! All fixed! Lets get going back to the control room! Lets go, lets go, double time! Lets go!

We ran fast!

We arrived in the Control Room and we saw Mother Nature!

Nico: Whew!

Pajama Sam: What's going on?

Me: Are we interrupting anything?

Thunder and Lightning were on the ground.

Mother Nature (HE): Aha! Hmm.

All the weather monitors were back to normal. And showed that the weather was all back to normal.

Mother Nature (HE): It looks like everything is just fine.

Thunder and Lightning: It is!?

Me: Yep. We fixed the last machine just in time.

Mother Nature (HE): Ah Team Loud Phoenix Storm it's an honor.

Magine: Hi there, Mother Nature!

Me: It's an honor to meet you too Mother Nature.

Eli: We heard so much about you.

Me: And we're happy to report that all the weather machines are working perfectly.

Eli: And everything is all hunky-dory!

We smiled and gave her the thumbs up.

Mother Nature (HE): Hmm. (Smiles) Oh all right then. Thunder, Lightning!

They stood in attention and Mother Nature got on her pad.

Mother Nature (HE): Keep up the good work.

Lightning (HE): We're not fired?

Mother Nature (HE): Certainly not.

They breathed a huge sigh of relief.

Mother Nature (HE): Now if you'll excuse me I'm needed in Acapulco.

She left.

Me: Whew! That was a bit too close for comfort!

Nico: That was too close!

Me: Yeah!

Rainbow Dash: Thank goodness.

Thunder (HE): Sam, Everyone thank you so much for all your help.

Lightning (HE): You all fixed the last machine just in time. You saved our jobs.

Nico: Aw it was nothing.

Thunder (HE): And the weather is all back to normal.

Me: Thank goodness.

Nico: Yeah.

Pajama Sam: I'm sorry I messed it all up.

Twilight Sparkle: Aw it's not your fault Sam.

Sunset Shimmer: Yeah it was all an accident.

Eli: Besides this was an awesome experience for us.

Meadow Evans: It sure was. We got to see where all the World's Weather comes from and how it's all made.

Me: We sure did. This is awesome.

Roach: What's your favorite memory of Nico?

Meadow Evans: I have a lot of them. But most of them all come from Alaska. I'm a world famous Iditarod Race champion and I love the snow. One time when we were 7, me and Nico went on a race through Alaska and we went all the way from Nenana to Nome and we won first. That was so awesome.

Nico: Yep.

Me: Wow!

Nico: We became the youngest ever to win the Iditarod.

Laney: That is amazing!

Thunder (HE): It sure is. Congratulations on that.

Meadow Evans: Thank you very much.

Lola: That is awesome.

Nico and Meadow hugged.

Nico: I really missed you.

Meadow Evans: Me too Nico. Me too.

Me: But this was great. We're going to have one awesome story to tell the team when we get back.

Lincoln: We sure are.

Fu: It sure is amazing.

We later went back home and told everyone everything and Camie and the girls of U.A. High all decided to get jobs at World Wide Weather to earn some money and help fix everything just in case something goes wrong. It's great money.

We got to at least get some money somehow. Can't rely on Bounty Hunting and gold making all the time.

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and Lightning are heading to Monteverde Cloud Forest, Costa Rica, and not only is Lincoln going to rescue the six girls there, but we're also going to meet Cassie Excelsion, the Champion of Forgiveness, and take down and destroy the main antagonist from The King of Fighters, Orochi.

Lincoln: Wow, we're here in Monteverde Cloud Forest, Costa Rica, and I know what we're going to do here, not only am I going to rescue the six girls there, but we're also going to meet Cassie Excelsion, the Champion of Forgiveness, and take down and destroy the main antagonist from The King of Fighters, Orochi.

Me: That's right, big guy.

Mai Shiranui: I never thought we'd have to deal with that genocidal divine extremist again, but he needs to be stopped once and for all.

The other King of Fighters girls in Lincoln's harem also agreed with Mai Shiranui.

Lincoln: I agree, he's a monster who wants to destroy mankind to restore Earth to its former beauty, there's no place for someone like him. And thanks for joining us, Lightning.

Lightning (Total Drama): No problem, Lincoln, we're going to teach that guy a painful lesson he's not going to forget.

Suddenly, we saw Fluttershy's cutie mark on her right shoulder and the Kindness Cutie Mark on Lincoln's wider and muscular back were glowing, and that means The Champion of Kindness is near.

Ken Knudson: And just as expected, the Champion of Kindness is near, now all that's left is to get after that divine extremist, Orochi, and send him to The Black Gates.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of six girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the six girls, but they've been cornered by the divine extremist, Orochi, and he's going to kill them. Lincoln also saw a girl with the same long pink hair as Fluttershy with Fluttershy's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in yellow clothes, and she's defending them from Orochi.

Lincoln: Guys, I found the six girls, but they've been cornered by that divine extremist, Orochi, and he's going to kill them. I also saw a girl with the same long pink hair as Fluttershy with Fluttershy's cutie mark emblazoned on her forehead, the tattoo of The Elements of Harmony on her right arm, and she's dressed in pink clothes, and she's defending them from Orochi.

Ken Knudson: That's Cassie Excelsion, the Champion of Kindness, and the third of The 27 Champions of Harmony. We got to get over there.

?: (British Accent) And send that divine extremist, Orochi, to The Black Gates.

Suddenly, we saw the Duel Monster, Victorica, Angel of Bravery, appear before us.

Nico: Wow, that's the Duel Monster, Victorica, Angel of Bravery, awesome.

Lincoln: And I'd recognize that British accent from anywhere, I knew it was you, Victorica Meadows, but we'll talk later, we've got a divine extremist to destroy.

We then rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Orochi, and it allowed the six girls to get to safety and Cassie Excelsion stood with us. When the divine extremist saw us, he was enraged.

Orochi (King of Fighters): How dare you all get in my way, you foolish humans! I will annihilate all of mankind and restore Earth to its natural beauty.

Lincoln: Your desire to annihilate mankind and restore Earth to its natural beauty is nothing more than an act of genocide, which is something we will never forgive. I hope you're ready to die, Orochi.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), and Musashi Miyamoto (Samurai Warriors) got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The

Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Lightning, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and transformed, and we went after Orochi, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him.

Then, Lincoln teleported behind Orochi and he put him in a brutal bear hug so Orochi couldn't try to escape, and Lincoln's cells released a potent digestive acid that began melting Orochi's body and we saw Lincoln absorbing Orochi into his body, and Lincoln was assimilating all of the divine extremist's powers. Then, when Lincoln was done absorbing Orochi into his body, an energy card formed in his large left hand with the divine extremist's soul inside it, and a kanji appears on the divine extremist's forehead and he was then sent to The Black Gates forever. We cheered wildly as we holstered our weapons and power down.

Mai Shiranui: This time, don't you even dare come back.

Lincoln: That genocidal deity has failed the world 1800 years ago, Mai, and he was long overdue with death.

Cassie Excelsion: Thank you for what you all did. (Recognizes who we are) Wait, you're Team Loud Phoenix Storm?!

Me: That's right.

Lincoln: We found about you and the other 24 girls who were chosen by the Elements of Harmony to become the new 27 Champions of Harmony. We've already recruited Emily Magica, the Champion of the Magic of Friendship and Harmony in Colorado after dealing with Amy McKale, and Athena Wendolla in Australia after dealing with Strazio, and now we're here to recruit you.

Lincoln then explains to her that The Doomsday 23, along with Evil Starlight Glimmer, are about to be resurrected as a contingency plan by The Church of Necrom, as yet another plan to get revenge on us for destroying them, and when he was finished, Cassie Excelsion was shocked. Ken Knudson also explained that she, along with the others, were chosen by the Elements of Harmony, to be the new Champions of Harmony, and we saw the determination in her eyes, and she stood with us.

Cassie Excelsion: Alright, I'm in, I refuse to let the Doomsday 23 or The Church of Necrom destroy the world and all Harmony.

Nico: Awesome.

Lincoln: We've recruited the third of the 27 Champions of Harmony and that's it for that divine extremist. (To Victorica Meadows) And it's so good to see you again, Victorica Meadows.

Victorica Meadows reverted back to normal, and she's a beautiful girl with long flowing yellow hair with a flower in her hair, orange eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful yellow angel wings, and she reigned in the power of Victorica, Angel of Bravery, and she's dressed in a short-sleeved yellow blouse, sleeveless yellow top, yellow skirt, yellow pants, yellow legwarmers, yellow sneakers, and long sleeveless yellow trenchcoat with angels and light on the coattails, and Victorica, Angel of Bravery on the back, and holstered on her back is a large Victorica, Angel of Bravery-themed greatsword with Victorica, Angel of Bravery etched on the 7'0" massive, wide, double-edged yellow blade, orange angel wings for the crossguard, large yellow gem embedded in the rainguard, longer black handle, and large yellow gem surrounded by angel wings for the pommel.

Victorica Meadows: (British Accent) You too, Lincoln, it's been a

long time.

Lincoln went up to Victorica Meadows and they hugged, and Victorica Meadows is also very surprised at just how much taller and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face.

Lincoln: It sure has, I haven't seen you since you were sixteen, and as you can see, I really grew a lot since then.

Victorica Meadows: (British Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Victorica Meadows, she's one of my Guardian Angels who was born in England, but was raised in Saskatchewan, Canada. She defended me from Lori, Lynn, Lola, Lisa, and Luan and she took on the worst of their wrath, and she's a girl that has a heart of gold and she's also defended the secret love Girl Jordan and I had.

Me: Wow, that's really awesome.

Nico: You said it.

Suddenly, a Thunderbird Necklace of Eternal Love appeared around Victorica Meadows' neck with yellow gems on the gold thunderbolt links and yellow crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Thunderbird Necklace of Eternal Love.

Victorica Meadows: (British Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, and that means you're now part of my harem and one of my many future wives, Victorica.

Victorica Meadows had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Victorica Meadows' waist and Victorica Meadows wrapped her arms around Lincoln's thick muscular neck, and he leaned down to Victorica Meadows' face and kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the six girls, and when Lincoln saw them, he recognized them immediately. The six girls are Dia Viekone, Maha, and Tarte from The World's Finest Assassin Gets Reincarnated in Another World as an Aristocrat, Jou Shuurei from The Story of Saiunkoku, Kishii Nonoko, and Natsume Shibana from The Dragon Dentist.

Lincoln: Oh wow, it's Dia Viekone, Maha, and Tarte from The World's Finest Assassin Gets Reincarnated in Another World as an Aristocrat, Jou Shuurei from The Story of Saiunkoku, Kishii Nonoko, and Natsume Shibana from The Dragon Dentist.

Nico: Awesome, and Kishii Nonoko's known as a dentist for dragons, surprisingly enough.

Lincoln: But, still really awesome. Are you girls okay?

Dia Viekone: Yes, we're okay, thanks to you.

Then, when Dia Viekone and the other five girls saw who it was that saved them from that divine extremist, Orochi, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and a Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings with stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanji that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos" on the left leg, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Dia Viekone: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Dia Viekone: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared on the necks of Dia Viekone, Maha, Tarte, Jou Shuurei, Kishii Nonoko, and Natsume Shibana with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha. We returned to the World Tree Estate and we told everyone what happened, and they also met Cassie Excelsion, the Champion of Kindness, and they're shocked when they found out the villain we went after in Monteverde Cloud Forest, Costa Rica, was the main antagonist from The King of Fighters, Orochi.

But, when Lincoln showed what he did in using the Pillar Men's absorption ability and he absorbed Orochi into his body and putting his soul into an energy card and sending him straight to The Black Gates, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Victorica Meadows have a lot of catching up to do now that she's back in town, and that's 3 of the 25 remaining Champions of Harmony now recruited into the team.

---

After putting an end to that divine extremist, Orochi, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Victorica Meadows saw Lincoln working out like crazy, she had an atomic red blush on her face.

Victorica Meadows: (British Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Victorica, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Victorica Meadows: (British Accent) That's incredible.

Nico: It sure is. So, Victorica, what memories did you have with Lincoln?

Victorica Meadows: (British Accent) Oh, I remembered this one time that I was helping Lincoln with a project on The Battle of Gettysburg and we were in Lincoln's room. But then, the door was knocked down by Lori, Lynn, Lola, Lisa, and Luan, and they were about to kill Lincoln and their eyes were red with rage and insanity. So, I attacked Lori, Lynn, Lola, Lisa, and Luan, and after I knocked them down and out, we then tied them up with nylon rope. We told Mr. and Mrs. Loud what happened, and when I showed everyone their plan that Lori had in her diary, they grounded the five demon sisters for nine weeks and they were put into the basement and away from Lincoln, and he refused to talk to any of them. He hugged me and he thanked me for saving him from their wrath and I also hugged him back.

We cheered wildly.

Nico: That'll teach them.

Lincoln: You got that right, and the next day, we got an A on our project on The Battle of Gettysburg.

Me: Awesome. Not only did you defend Lincoln from Lori, Lynn, Lola, Lisa, and Luan, but you also got an A on your project.

Girl Jordan: Yep, oh, and I still remembered when Dakota and Victorica teamed up and they yelled out, "WATCH WHERE YOU'RE GOING, FISHFACE!", to Chandler and his goons, and they ran off like a bunch of cowards.

Nico: (Snickers) Oh man, I hope they pissed their pants.

Lincoln: They sure did, and they got into major trouble with the teacher that day, and they had to clean up the floor and they spent a day in Time-Out.

Eli: Whoa.

We then got a shower afterwards, and then, Clyde and his harem were heading out to explore Deep Keep in Donkey Kong's world. Clyde and his harem were in their swimsuits for this one.

Clyde: Alright, are we ready?

Syd Chang: Ready.

Clyde and his harem left the World Tree Estate, and they arrived at Deep Keep.

Chloe: Wow, so this is Deep Keep.

Clyde: Yep, Lincoln and his harem have been here before, and they know a lot about this underwater place.

Clyde and his harem dived right into the waters and they began swimming in the waters, and they also saw the sea creatures and plants that live there. Then, they had lunch in a homemade picnic area in the air and it was really amazing. Then, as the sun was about to set, Clyde made clones of himself, and he and the clones went up to the girls in his harem and they wrapped their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Clyde and his clones, and they shared an amazing and passionate super-charged kiss. Then, they came back home to the World Tree Estate, and back in their original clothes.

Lincoln: Hey, Clyde, how was your date?

Clyde: It was so awesome, buddy, we went to Deep Keep in Donkey Kong's world.

Nico: Isn't that where you and your harem went to on your date, Linc?

Lincoln: Yep.

Clyde: And we had fun exploring the underwater place, and we saw the ruins there as well, they're so awesome.

Lincoln: And you didn't run into any trouble?

Clyde: Not a one, but we also had our weapons holstered in case of trouble.

Me: It's always good to stay prepared.

Eli: Especially when it comes to a date.

Clyde: So, did anything happen while we were out?

Nico: Oh, you just missed what happened at the Neptune Prison, Clyde. Lincoln used the King Midas' Golden Touch Vengeance Curse on that spoiled brat, Mandy.

Lincoln: Yeah, and I had her moved to the same prison we threw Layla Wendoll, Selene's ex-sister, Layla, and Nor. Now, she's never getting out again.

Clyde: Serves her right, what a spoiled brat.

---

Later it was time for Onua's first ever Ambassador Mission and it was to meet the Ghost Kamen Riders.

Me: This is gonna be awesome! I can't wait to meet the Ghost Kamen Riders.

Nico: Me too. And this is the last Kamen Rider Team that we'll be meeting for the year until 2023.

Me: Wow! But we got most of the Kamen Rider Teams all fully covered in just over 3 months.

Laney: We sure did.

William: Anyone else want to go with us? Besides Juniper Lee and 4 Rabbids?

Poliwag: I'll go with you guys.

Kaito: So will me and my team.

Brittney: How about me and the Goths of Darkness go too? We do have experiences when it comes to ghosts and the undead.

William: Okay then.

Nico: Awesome. All right lets head over to Japan.

We were off to Japan.

We arrived and then the Ghost Team saw Onua.

Makoto: (glares at Onua) Another Gamma reveals itself.

Takeru: This one's black. The perfect color.

Makoto: Time to take it out.

With that, a strange structure forms on Takeru's waist, what looks like a small one-eyed ghost, complete with stereotypical sheet look, with a handle on the side of it. As the ghost-like device settles into form, Takeru pulls out what looks like a small eye, and presses a button on the side of it, before forcing the sheet portion of the ghost-like device forward and placing the eye in it before slamming it shut

Ghost Driver: Eye! Batchirimina! Batchirimina!

Takeru: Henshin!

As the phrase "Batchirimina" repeats, a black and orange parka looking ghost emerges from the belt, while Takeru is covered by a majority black suit with orange lines crisscrossing it and a blank silver face. After a few seconds, Ghost pulls out the handle and pushes it back in, causing the ghost-like device to blink, shifting the eye-like device to a new screen, one that is primarily orange with two black spots looking like eyes

Ghost Driver: Kaigan! Ore! Let's Go! Kakugo! Gho-Gho-Gho-Ghost! Go! Go! Go! Go!

With that action, the parka looking ghost drapes itself over Ghost, allowing his true face to rise, matching the symbol on the eye, but adding a small silver and blue horn to the forehead. And as the transformation finishes, Takeru flips down his hood that was the parka looking ghost's head.

Takeru: My life is burning bright!

Makoto: My turn!

Makoto summons a Ghost Driver. With his transformation devices armed, he pulls out an eye looking device. He presss a button on the side of his device and slots it into a large gap in the eye-dropper device..

Ghost Driver: Eye! Batchirimiro! Batchirimiro!

With this, a parka like ghost start flying around. It looks like Ghost's, only blue.

Makoto: Henshin!

With his battle cry known known, Makoto pulls the lever on his Ghost Driver out then pushes it back in.

Ghost Driver: Kaigan! Specter! Ready Go! Kakugo! Doki Doki Ghost!

As this battle cry is made known, Makoto is covered in a suit similar to Ghost's. As the parka looking ghost settle in, Makoto's face reveals two horns similar to Ghost's one and a face of more angular black sections on a blue backdrop. And to complete the transformation, he flips his hood down.

Makoto: I'll show you my way of life! Takeru, take the one who looks like J.D. Knudson. I'll handle the other one.

Takeru: Sounds like a plan.

Makoto ran at Onua while Takeru turned intangible and sank into the ground.

Juniper Lee: Where'd he go?!

Me: They're under ground and are about to appear…

Takeru then phased out of the ground behind us.

Takeru: (I turn around to see him) Right behind you. (throws punch at me)

I caught it.

Me: Takeru it's really me!

William: It's all right Takeru. We're with them.

Takeru: William? Poliwag! Wow! It really is you. And that must mean you guys are the real deal. We're so sorry we attacked you.

Nico: No worries. Its been like that for us on several missions with your fellow Kamen Roders.

Me: But it's awesome to meet you.

Makoto: Same to you guys. It's an honor.

They reverted back.

Takeru: Sorry for the mixup.

Me: No worries.

Poliwag: Hello, Takeru! Hello, Makoto!

Takeru: Awesome to see you Poliwag.

Makoto: Same here.

Juniper Lee: It's really awesome to meet you guys. We should introduce ourselves.

They did so.

Takeru: Wow it's awesome to meet you all and William, Poliwag we owe you big time for helping us.

William: It was our pleasure.

Me: But when we face Adel on the big day in August we're going to make sure he gets the Black Gates. So many people died because of him.

Takeru: How about we show you guys the temple?

Nico: Sure.

We went to their temple and it was amazing.

Poliwag: Hello, Yurusen! Hello, Onari!

Yurusen: Awesome to see you again Poliwag and Team Loud Phoenix Storm it's an honor.

Nico: Same here Yurusen.

Onari: And it's great to see you too Poliwag.

Nico: (Bows) And it's an honor Master Onari.

Onari: You too Nico.

Onua: And it's an honor to meet you all.

Me: We should tell you all why we are here. First of all we owe you guys big time for helping us during the 20 Days of Darkness. You all appeared during the battle in the Timeless River and helped us big time.

Takeru: That was awesome and Nico I heard about what happened to you during that time and I'm so sorry about what you had to go through in that timeframe.

Nico: I'm okay but thank you.

Makoto: Would you rather have had Him rule the Earth with an iron fist instead of the 20 Days of Darkness happening?

Me: Absolutely not!

Makoto: I agree.

Me: Also this is the second reason why we are here too.

We pulled out a bag and it was full of our Eyecons and showed it to them.

Yurusen: Eyecons!? Whoa!

Onari: Wow so many of them!

Me: These are Eyecons all imbued with the powers of the 310 Core Members of the Masters of Evil for our usual battles. We defeated Another Ghost Kamen Rider and as a result we got these. One for each of the 310 Core Members.

Takeru: Funny you should show us these. Because it's kind of peculiar that I've been finding the same Eyecons as well.

Takeru opened a drawer to reveal the same kind of Eyecons.

Nico: Oh. You too, huh?

Takeru: Yeah. Crazy huh.

Me: Coincidental that we both have the same thing.

Makoto: Yeah it sure is.

Takeru: And these are our Eyecons.

He showed us them and they have some of the most famous historical figures in them.

Me: Wow my daughter Jessie would love seeing these. And I know some of these great figures from history too.

Poliwag: Yeah.

Me: And I know these figures too. Musashi Miyamoto, the 17th Century Samurai that was the greatest Samurai that ever lived.

Brittney: Yeah that was an interesting one.

Lucy Loud: It sure was.

Me: Robin Hood, 12th Century Heroic Outlaw from Medieval England.

Nico: One of my favorites.

Me: Isaac Newton, 16th Century Astronomer and Physicist and Discoverer of Gravity.

Nico: Discovered it while sitting under an apple tree.

Me: Yep. Billy the Kid, One of the most amazing outlaws of the American Old West.

Me: Thomas Alva Edison, Inventor of the Light Bulb.

Nico: Wow! One of the most important inventors that propelled us into the Industrial Revolution.

Me: Yep. Without him we wouldn't have light bulbs and we would still be using candles.

Nico: We sure would.

Me: And Harry Houdini, the Greatest Escape Artist ever.

Brittney: So awesome.

Takeru: You sure know your history.

Nico: Takeru, what was it like to die the first time?

Takeru: Why do you want to know?

Nico: Well, being invincible and immortal, all of us can't fully die. So, I'm just curious to know how it feels.

Takeru: Well it was really strange. It felt like a dream you can never wake up from.

Nico: (GULPS)

Rabbid gibbering.

Juniper Lee: (sighs) And these guys are Rabbids.

Me: Rabbids may look like bunnies but they aren't. But they are not the brightest lightbulbs in the closet if you know what I mean.

Rayman: Yeah.

One Rabbid was about to put an Eyecon in his mouth.

Makoto: No! That's not for eating!

Rayman: (Takes the Eyecon) No! Bad bad.

Me: They are funny but they aren't very bright.

Makoto: Honestly, J.D., the only minor issue I have with you is that you tried to throw William under the bus when Nico found out that you went behind his back to launch that attack on Quahog.

William: I'm sorry, J.D. But I had to be honest.

Me: I know and I completely regret that decision but we couldn't wait for Nico to hear us out. He was so busy making Sentai Gears and we couldn't wait for him to finish.

Nico: I know and I'm sorry about that. I should've listened to you guys instead of focusing on my work and I'm sorry about that.

Me: It's all water under the bridge.

Makoto: Good.

Nico: We've actually used Eyecons a lot ever since Another Ghost was defeated. In fact, we should start using them in the usual battles after tomorrow.

Me: That's a great idea. I can't wait to see what powers they have.

Eli: Same here.

Onua: It'll be really awesome to see what they can do.

But then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Takeru: (hears explosion) What was that?!

Makoto: Sounds like Gamma trouble!

Me: Lets go see!

We went to see and then when we got to the temple grounds we saw JUSTICE LORD MARTIAN MANHUNTER!

Takeru: Martian Manhunter, right?

Lord Manhunter: That's correct. It is a pleasure to meet you, Takeru. The Justice League sent me here on an important mission.

Onua: Takeru, don't be fooled! That's not the Martian Manhunter that we know!

Me: That's the Justice Lord version of the Martian Manhunter we know.

Takeru: Justice Lord?

Me: They are the Justice League from another universe that we took down 4 and a half years ago. I should explain what happened.

I went over their history and what happened during the events of Chapter 391 and it was terrible!

Makoto: Oh man! That's bad!

Takeru: Horrible!

Me: Yeah and all because of their world's version of Lex Luthor murdering their Flash.

Nico: I wasn't with the team when all that happened. But it was really crazy.

Eli: Yeah it sure was.

Lord Manhunter: You're talking about this like our reign is a bad thing. Think about it. A world where evil is completely destroyed. No more people criticizing any of you. No more monsters falling into homicidal rages because of your mere presence. (to Takeru) And most of all, no more villains like Adel killing innocents.

Takeru: As enticing as that sounds-

Makoto: Let me put it this way. There's no way we're going to accept a world without evil if it excludes free will as well!

Me: As much as having a world without evil would be as nice as that sounds, but a world without free will on top of that would be the ultimate fate worse than death.

Nico: I agree there. No freedom, choice, all that, it would be a nightmare.

Me: J'onn we're sorry about what happened to your worlds version of The Flash and what happened to him was completely unforgivable. But you don't have to worry about Lex Luthor anymore. We made sure he is staying gone forever. We gave him the Black Gates and he is now permanently erased from existence for all eternity. Like he was never born at all.

Lord Manhunter: I'm glad he is. Then I'm sorry it's come to this. Gammas! Another Spector! Another Time Force Red! Come!

Makoto: SAY WHAT?!

We then saw Katana, Yari, Denki, Insect and Machine Gun Gammas as well as Another Spector and even Another Time Force Red! Another Time Force Red looked like a Scary version of Time Force Red wearing his Battlizer and he had a scary time helmet on!

Me: WHOA!

Nico: I knew there was something big being planned here when Another Rider or Ranger didn't show up at World Wide Weather.

Me: It was being saved for this moment. Just like I suspected.

Eli: Yeah!

Makoto: That's it! No one impersonates me and gets away with it!

Takeru and Makoto: Henshin!

They transformed!

Me: Wes and Villamax would be VERY PISSED seeing Another Time Force Red!

Nico: They sure would!

Another Spector: (In a Girls Voice) Help me J.D.!

Me: (GASP) That voice!

It reverted back and it was a girl I remember from my past! She had blue hair and was wearing blue clothes and had the kanji for Ghost emblazoned on her forehead.

Me: Caitlyn Cattelonna!

Caitlyn Cattelonna: Help me J.D.!

Lord Manhunter: I see you two know each other.

Me: Yes we do J'onn. Her family double-crossed the entire Italian Mafia and stole all their money and went into hiding. I helped her and her family out by destroying the very Mafia that was after her and I sent those dirtbags all to jail.

Nico: Wow! That is amazing!

Me: Yep. And after I formed the team and after I got the World Tree Estate, I put her family into the estate and placed them into our protection.

Eli: That is amazing! So now the Mafia will think twice before coming after her.

Me: Yep. But I couldn't find Caitlyn. She disappeared.

Nico: Now we know why.

Lord Manhunter: That is a most justice filled story.

Another Time Force Red: (In Another Girl's voice) Help me J.D.!

Me: That voice too!

Another Time Force Red reverted back and we saw that she was a girl with orange hair and torn up beaten up clothes and she had the kanji for Wolf on her forehead.

Me: (GASP) Luna Harrisvilla!

Nico: Another one?

Me: Yeah. She is a homeless girl I met at a local shelter and I helped her and her family and got their lives back together. But she disappeared before I could give her new clothes and a fresh start.

Nico: Whoa.

Eli: That is amazing.

Takeru: My life is burning bright!

Makoto: I'll show you my way of life!

Me: J'onn it's time to show you how wrong you are about the Justice Lords and that a world without free will is the ultimate death sentence. It's something not even My'ria'h would want. She would never want you to become like this J'onn.

Something in my words stirred the man he one was.

Me: Sorry J'onn but you need to listen to reason. KIBAL LETS

HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

The two Anothers were enveloped in swirls of darkness with ghosts and clocks and they reverted back.

Nico: (gets out Villamax's Ridewatch) This is gonna hurt me a lot more then it hurts you!

Nico activated it and got Villamax's gun an powers.

Nico then fired it and blasted Another Time Force Red all over.

I went at Lord Manhunter and we flew into the air and he fired laser vision blasts and I deflected them back and he went intangible! I teleported and appeared in front of him.

Me: J'onn think about what you're doing. Don't you remember the good times you had as the Justice League when you fought bad guys and helped people instead of invoking fear and terror?

Lord Manhunter: Yes I do.

Then he went at me and pinned me and then…

Lord Manhunter: (grabs mine and Takeru's heads) Just as you can try to reason with me, I will try to reason with you two by showing you two what caused our pain firsthand!

With that, Lord Manhunter began showing in our heads his memories. Starting with the death of his Flash.

We were then in front of the White House and we saw the Justice Lords version of Flash with their worlds version of Lex Luthor.

Me: Whoa!

Takeru: Is this the White House!?

Me: Yeah! We're back in the past on the day that the Justice League killed their version of Lex Luthor for killing their version of The Flash which lead to the Justice League becoming the Justice Lords.

Zocks: (Gets out Kiva gear) This gear's appropriate considering Ghost is about the supernatural.

Kaito: (gets out Den O gear) Don't leave me out!

Zocks and Kaito got the Swords for the Kiva and Den-O teams!

Makoto: Yeah! Wait look at Takeru and J.D.!

Eli: I sense that J'onn is taking them on a visual journey into his past.

Nico: Lets wait and see how it turns out.

Lord Luthor: You could've crushed me any time you wanted and It wasn't the law or the will of the people that stopped you. It was your ego. Being a hero was too important to you. You're as much responsible as I am. So go ahead, fix it somehow, put me on trial, lock me up, but I'll beat it and then we'll start the whole thing all over again.

Lord Superman: I did love being a hero, but if this is where It leads, I'm done with It.

Takeru: (sees what Lord Luthor did when he murdered Lord Flash) Dear God.

Me: Oh man! I always knew Lex Luthor was the worst but he just took that to a WHOLE NEW level!

Takeru: Yeah!

Me: Now I'm glad he is gone.

We then saw Lord Superman blast Lord Luthor with his laser vision and then killed him instantly! All that was left of Lord Luthor was a pile of ashes!

Me: Oh my god!

Takeru: That's terrible!

Me: Not that I'm complaining. But he had it coming.

We came back.

Me: Whoa!

Lord Manhunter: Now, do you understand?

Me: Yes I do.

Takeru: I do. And I'm sorry. But I still won't accept it.

Me: Me neither J'onn.

Takeru: Sure, villains like Luthor and Joker deserve to die. But what about the other kinds of criminals like muggers?! And people like the ones complaining about the food and bills of restaurants? THOSE lives are sacred! (takes out Mole Man's Eyecon) Now, it's only fair that this Eyecon stops you!

He activated it.

ALFONZO DECKER AND MOLE MAN!

Me: Alfonzo Decker, the Inventor of the Cordless Power Drill!

Takeru: Yep.

He donned an awesome drill outfit! It was a brown outfit and cloak and he had a drill gauntlet on his hand.

Me: Awesome!

Nico: That is cool!

Brittney: It sure is!

Onua: (takes out Tar Pit's Eyecon) Don't leave me out!

He activated it.

ZACHARY TAYLOR AND TAR PIT!

Nico: America's 12th President.

Eli: The heavy smoker president.

Onua: POISON STENCH SLUDGE TRAP!

He fired a wave of slimy glue tar and it hit Another Time Force Red and stuck her to the ground.

Nico: Now to save J.D.'s friends!

The Another Ghost pulled out an Eyecon!

CHARLES MESSIER AND THE STAR CREATURE!

Nico: Charles Messier, The 18th Century French Astronomer who invented the Astrological Catalogue!

She fired a wave of stars and Nico dodged them!

Nico: She has Eyecons for all the Non-Core members of the M.O.E.!

Eli: Whoa!

Nico: Firecracker Burst will love that one. (takes out Zexion's Eyecon) But this won't be too hard!

He activated it.

HELGA HUFFLEPUFF AND ZEXION!

Eli: Helga Hufflepuff, one of the founders of Hogwarts!

Makoto: That is cool!

Nico: FLOWER STORM ILLUSION!

He fired a wave of flowers and it formed into an illusion.

Nico: (Takes out Whirlwind's Ridewatch) Didn't get to use this before.

He activated it and the lower half of his body formed into a Tornado!

Nico: COOL!

Nico fired waves of wind and smashed her down!

I then teleported and kicked Lord Manhunter in the head and knocked him out and down!

Nico: Yeah!

Me: Now for me.

I pulled out Koragg's Ridewatch!

Me: Lets check this out.

I activated it and I got Koragg's Wolf Sword!

NIco: AWESOME!

Me: Yep.

I fired a blast of blue wolf fire and I hit all the Gammas and destroyed them all in one fell swoop!

Nico: Take that!

Juniper Lee charged at Another Time Force Red.

She ran and kicked her down and piledrove her!

Nico: Wow! June is strong!

Makoto: Wow! That is amazing! She is really powerful!

Juniper Lee backed up and then Another Time Force Red got up we saw her form a Vortex Blaster for the Cheese Monster!

Nico: She has Vortex Blasters all for each of the Core and Non-Core members of the M.O.E.!

Me: Wow! This is gonna be interesting! I can only imagine how big the Vortex Cannon will be if we put all those blasters together.

Another Time Force Red fired cheese from it and it hit Nico in the face and he was covered in cheese sauce!

Nico: (SLURPS) Yummy! Good cheese!

Me: Nice one. My turn!

I fired a massive blade of energy and it hit Another Specter and Time Force Red and they both exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They were knocked down and I caught both their Ridewatches and purified them.

Me: Yeah!

I went over to both girls and cured them and they were weak. But they were gonna be all right.

Me: Hold on girls. Medivac is on its way.

We then saw Eyecons and Vortex Blasters all over the ground and we went and picked them up. So awesome.

We had Lord Manhunter tied up with power neutralizing rope.

Lord Manhunter: For what it's worth, I truly am sorry.

Nico: (forms Vortex Blaster for Roquefort) Yeah. So am I.

He blasted Lord Manhunter with cheese!

Me: Nice one!

Eli: That was cool.

Nico: Yeah.

Takeru: J'onn, people living in fear doesn't make a better world. No, what makes a better world is doing what's good and honest.

Me: That's right J'onn. And there are many things that are good that can help make the world a better place. And that is through good, friendship, love, happiness and truth.

Nico: Yeah. You just have to do what you do best from the goodness of your heart. Not by using fear and tyranny.

Eli: It's never right to do that. But use hope, love and compassion and you will do the great things you originally did as the Justice League. But you will do great with them too.

Me: It's not too late to redeem yourself J'onn. There is still good in your heart. I have always known there was.

Lord Manhunter: You really think it's not too late for me?

Me: It's NEVER too late for you to redeem yourself. But just remember that With Great Power Comes Great Responsibility.

I held out my hand and then he took it and got up and he felt happiness and was glad to be redeemed.

We later came back.

May: Hey guys.

Everyone saw Justice Lord Martian Manhunter!

Laney: Lord Martian Manhunter!? What's he doing here!?

Me: That's what happened on our mission.

We told them everything and it was amazing and shocking!

May: Whoa! You guys have been busy!

Lord Batman: But it's great to have you back J'onn.

Lord Manhunter: Indeed.

May: Zick should go with you next time.

Zick: I would be honored.

Onua: Same here. And Danny Phantom can come with too.

Danny Phantom: Sweet!

---

Later we were at the park.

Maria: So, where's the president? He said he'd be here. But he's late.

May: Well, you got to figure he's got a lot on his plate, what with the whole Brainiac and Justice Lord bullshit.

Me: I don't know guys. I've got a really bad feeling about this. The President is out of the country in a meeting with the Chancellor of Germany. There's no way he can be in two places at once. He hasn't been in contact with us long enough to receive any of our power.

Nico: Yeah something is up.

Rexy then growled as military vehicles came rolling in. Leading them was GENERAL HARDCASTLE!

---

General Hardcastle is a minor supporting antagonist in Superman: The Animated Series.

He was voiced by the late Charles Napier.

Hardcastle was a General of the United States Army assigned to destroy an asteroid that was heading towards Earth. When Superman arrives to help, Hardcastle grew furious at thought of having an alien with no allegiance help him. An alien known as Prometheon was found to be active on the asteroid and the general was still determined to destroy the asteroid. He activated the charges on the asteroid even though Superman was still on it.

Hardcastle led an attack against the creature and ordered his men to fire missiles at it. Superman came to Hardcastle and told him to stop firing missiles at the creature because it absorbs heat. Hardcastle refuses to believe him, saying that he believed him before and failed. He eventually believed Superman when his missiles failed to harm Prometheon and he orders his men to stop firing missiles.

Hardcastle still distrusted Superman after the encounter with Prometheon. General Hardcastle secretly formed an alliance with Lex Luthor to create Project Achilles, a military project designated to find the weaknesses of Superman and Supergirl. Hardcastle led his military against the Parademons when Darkseid and Granny Goodness brainwashed Superman into becoming the fomrer's pawn.

The general captures both Superman and Supergirl with a Kryptonite missile that was made by Lex Luthor, Hardcastle took in Superman for questioning and believes that Superman always was plotting to conquer Earth. After the Man of Steel tried to escape, Hardcastle tries to inject Superman and Supergirl with liquid kryptonite that would effectively kill them. The two superheroes escaped with Lois Lane's help.

Years after Project Achilles, Hardcastle lost his title and was forced into early retirement. However years later Supergirl, Question, and Green Arrow actively sought out Hardcastle after a series of Z-8 robots attacked the trio when they were looking into Supergirl's bizarre assortment of nightmares. Reluctantly, Hardcastle told them what he knew. For years, long before the Justice League was first formed, an organization was formed to keep an eye out for the heroes, should they turn rouge. Among their work included Volcana and the original Royal Flush Gang. After their interrogation, Galatea later arrived at Hardcastle's home and killed him, as a means of tying up loose ends.

---

Superman: General Hardcastle?!

Hardcastle: Sorry that the president couldn't make it.

Me: Kal wasn't he that general for the United States Military that hates you because you're from Krypton?

Superman: That's right.

Nico: What did you call us here for?

Hardcastle: I'd tell you. But then, I'd have to kill you. (to his troops) Open fire!

I fired waves of energy and blasted all his troops!

Me: I knew something was up!

Nico: Your suspicions were spot on J.D.

Maria: Another day of the public turning against us!

Hardcastle: You don't understand. The reason Brainiac is here…

Lupin: Because he wants to collect the Lego Earth and ours. Tell us something we don't know. Like what exactly have we done to him?

Hardcastle: Nothing. Yet. But they see individuals with powers such as yours as a future threat, and, frankly, so do I.

Me: Then you are nothing but a bigot!

Superman: Enough mind games, Hardcastle! What's the real reason Brianiac's here?!

Hardcastle: Because of you, Superman! You put this world in danger when you alerted Brainiac to your presence here. Same goes for every time he's invaded. As well as Darkseid and the other threats!

Me: That's a lie! Superman came here to our world because his planet exploded! His planet was unstable and he had to be sent here for his own safety!

Superman: What does Brainiac want?

Hardcastle: I've negotiated a deal with him and his associates. If you surrender yourself… They will leave us in peace. (smirks) You really want to save the world? Here's your chance.

Nico: Like Superman would ever accept that!

Superman: (unsure of what to think) We need to go back to the Estate.

Maria: But Hardcastle-

Superman: You guys can deal with him later.

The fact that Superman said "You guys" and not "us" concerned us.

Me: Uh oh.

Nico: (In his head) I know what Superman is planning to do. But I have a feeling it's a ploy like how J.D. was fooling Luthor. (Out Loud) Give us a few minutes on that.

We teleported back.

Superman: This isn't up for debate. It's not even a close call. I mean… if I turn myself over to the Brainiacs and my Justice Lord counterpart, they leave the rest of the world alone. Simple.

G1 Tantrum: No, it's not simple. Clark, it doesn't matter what you think you've done. You can't do this.

Superman: (smiles sadly) It's been an honor to know all of you, to fight alongside of you. Now it's up to you to keep our home safe.

Superman turned to leave but was stopped by Batman.

Batman: Clark, we're not letting you leave.

Superman: (chuckles bitterly) No offense, Bruce, but you and what army?

Wonder Woman: This one. Or maybe you forgot who's stood by you the last several years.

Superman turned to see us ready to fight him if it meant stopping himself from sacrificing himself

Yost Electro: Listen, boy scout. I don't know you that much like my prime counterpart does. But when you got a crew, you don't take a hit for the rest.

Superman: [chuckles] That was actually pretty inspiring. I mean, up until the point that you compared us to a bunch of criminals, but…

Maria: According to Brainiac, we might as well be. I was, after all.

William: And maybe they're right. Maybe we do more harm than good, but this is our chance to find out.

Me: That's right Kal. You came to Earth for a reason and you got TONS of awesome friends here. The world always needs you. Just like it needs us.

Nico: That's right.

Eli: Yeah!

Batman: We're not letting you sacrifice yourself. There's no way. I don't care if that's what it means to be a hero. (sighs) Because you're not a hero to me. You're my best friend.

G1 Hotspot: Aww! That was so sweet!

Superman: I'm truly honored you think that Bruce. Thank you. All of you.

Me: Besides, Hardcastle is nothing but a liar.

Nico: And I called the President on Air Force One and he is really pissed at Hardcastle. He's going to be laying down the law on him.

Superman: Then lets give him our answer.

Lego Luthor and the villains appeared.

Lego Luthor: Superman, I know you have a bad history with my prime counterpart. But believe me when I say that turning yourself in isn't worth it.

Finn: How about we give Hardcastle our answer now? By paying the

Brainiacs and Lord Superman a little… visit?

Nico: I agree.

Lola: Lets do it!

Me: It'll be a few more hours before the President arrives.

Nico: We'll wait.

Then Titanium, Riddler, Trumbipular, SkullMeramon, Tri Klops, Beautiful Gorgeous, Multiple Man, Cheshire, Count Vertigo, and Red X appeared.

Titanium Man: Can me, Riddler, Trumbipular, SkullMeramon, Tri Klops, Beautiful Gorgeous, Multiple Man, Cheshire, Count Vertigo, and Red X go with you guys?

Nico: Yes you all can. We're going to the planet Zamaron next. That's the only planet of the Lantern Corps left.

Me: The home of the Star Sapphire Corps.

Nico: Yep.

Carol Ferris: It'll be awesome to see Zamaron Again.

Phage: Nico, which Gene Slammer do you think you'll meet next rescue?

Nico: I'm hoping to do one for an Evolved Galvan next.

Me: Whoa! That is gonna be a cool one and they look like M.O.D.O.K.

Nico: They sure do.

Laney: Galvin versions of M.O.D.O.K. That is awesome.

Titanium Man: It most sure is.

Nico: Yep.

Tri Klops: (to Lego Luthor and Joker) I just want to thank you two for sticking by us this whole time.

Lego Luthor: It was no problem.

Lego Joker: Besides I wouldn't miss any action for anything.

Eli: Well it'll be awesome to kick Hardcastle's butt too.

Laney: It sure will.

Lola: Yep.

Cassie Excelsion was having a great time with our pets and many of her animal friends.

Rhino: How do you like the team so far, Cassie?

Cassie Excelsion: Oh it's all really amazing. And I am so honored to be all part of your adventures.

Me: We're just really happy you can join us Cassie.

Lola: Yeah we sure are.

Fluttershy: I'm happy about that too. It's really fun being part of the team too.

Nico: Yes it's all great.

Beautiful Gorgeous: Alright, time to wrap up this set of adventures.

Nico: Yep. Lets head to the ship.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure is in the vision: it was Mordegon, an evil being from ancient times that is bent on getting the World Tree's power and destroying the reincarnation of the Luminary, and he's here to cause havoc. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is

someone else coming after us today?

Lincoln: You got that right, Nico, and we're not going to like it one bit: the dark energy signal I sensed belongs to Mordegon, an evil being from ancient times that is bent on getting the World Tree's power and destroying the reincarnation of the Luminary, and he's here to cause havoc.

The Dragon Quest girls in Lincoln's harem gasped in horror.

Jessica Albert: I can't believe it, Mordegon's come back, I thought he was destroyed long ago.

Lincoln: Looks like he's come back from the dead, and he's here to get his revenge on those who had destroyed him long ago, but we're not going to allow someone like Mordegon to do as he pleases.

Nico: You got that right. Alright, gang, let's go, the final battle against the Brainiacs and Justice Lord Superman begins now.

Lincoln: We'll see to it that both Lego Brainiac and our world's Brainiac pay for their crimes against the entire universe, along with Justice Lord Superman, who'll be heading right back to prison once and for all.

Me: You got that right, Linc.

We went to the ship and we were off to Zamaron!

* * *

The U.S.S. Valorous Phoenix was flying through space.

Nico: Captain's Log, Stardate 6628.7: The U.S.S. Valorous Phoenix is en route to the home planet of the Star Sapphire Corps, the planet Zamaron and our mission is the last one for the adventures of the Lantern Corps. We're going there to bring down the evils of Brainiac and even Lord Superman of the Justice Lords. This madness has got to stop now.

Me: And it will Nico.

Xion: Ready to get Gene Slammed, Cassie?

Cassie Excelsion: Oh it won't hurt will it?

Xion: I think you'll like these changes.

We injected her and then Cassie was laughing as she was changing. Her skin turned yellow and furry and she grew wings from her back and a pink tail and her feet and hands turned into hooves and then she was turned into a pegasus.

Nico: Whoa!

Cassie Excelsion: That one actually tickled me.

Fluttershy: Oh Cassie you look so amazing like me.

Me: You sure do.

I formed a mirror and she looked like a carbon copy of Fluttershy! Her jumpsuit was torn to shreds though.

Cheshire: I'll throw that jumpsuit away.

Cassie Excelsion: Oh thank you Jade.

Fluttershy: Oh Cassie you and I look so much like twins now.

Rainbow Dash: Wow that is so awesome.

Me: It sure is.

Eli: Yeah it is.

Dreadbane: (to Lego Luthor) We promise we'll find you an archenemy when this is all over.

Lego Luthor: Looking forward to it.

Nico: Lets get you reverted back Cassie.

The boys all covered their eyes and I snapped my fingers and Cassie went through the changes in reverse and she then covered herself and blushed as a squeaking noise was heard.

Maria, Varie, Teresa and Rarity made her new clothes and they were amazing.

Lisa Loud: We have arrived at our destination.

Nico: On screen.

The screen showed us that we were at a purple ringed planet. It was the planet Zamaron!

Nico: The planet Zamaron.

Riddler: Riddle me This: is it true that Queen Aga'po rules this planet?

Carol Ferris: It sure is.

Nico: Lets land.

We landed the ship and we got out and then we saw that the planet was a beautiful mountain world covered in amazing and incredible glowing neon purple crystal spires and giant clusters!

Nico: Wow! Look at this planet.

Lola: So amazing!

Rarity: It sure is and the jewels are amazingly beautiful.

Camie: So This is Zamaron. It's amazing.

Weirdwolf: This is it, everyone. When we see any foot soldiers, let's use every Ridewatch and Eyecon that we got!

Nico: You read my mind.

Lola: Yeah!

Qin: This is gonna be good.

Me: And we'll test our new Vortex Blasters out.

Maria: Tahu, I think you and Tyson will get a chance to shine today.

Tahu: And I'm most looking forward to it right brother?

Tyson: You bet I am brother!

Me: This will be awesome too!

Then a massive army of Red Lantern Warriors, Orange Lantern Constructs and Yellow Lanterns appeared!

Me: WHOA!

Frenzy: Oh look. The welcome wagon.

Nico: Here we go!

Me: Lets do it!

I summoned my Lord Drakkon Vortex Blaster.

Laney: Yeah!

We all did the same with our Vortex Blasters and with my tails out I had my V-Lancer, Thermo Blaster, Diend Blaster and more ready!

Nico: YEAH! That is what I call fully armed.

Me: Yep. And for good messure. 5-5-5! Activate!

I pressed said buttons on my booster.

Nico: YEAH! ATTACK!

We fired our blasters and more and really obliterated all of the Lanterns!

Red X: Anyone want to use my Eyecon and Ridewatch?

Hunter: (German Accent) I'll go.

He activated Red X's Ridewatch. And then he fired Red X bombs from his hands and blasted the lanterns all over.

Ren Krawler: Ability Activate!

Linehalt: Bolting Vibra!

He fired a massive blast of lightning and I fired a massive energy blast barrage and really destroyed numerous Lanterns!

SkullMeramon: Metal Fireball!

He fired a blue fireball blast from his mouth and incinerated numerous Lanterns!

Nico: YEAH!

Mizore Shirayuki: Time for me.

She activated her Ridewatch!

Mizore: METAL FIREBALL!

She fired a blast of Blue Fire from her hands and it incinerated numerous Lanterns all over!

They just kept right on coming!

Tomahawk Man: There's no end to them!

Just then, a shot hit several Lanterns from behind.

KRABOOOM!

Nico: I know that energy shot anywhere!

We saw Jak and Daxter, Tess, Keira and friends!

Nico: Jak, guys!

Taranee: Awesome you all made it!

Daxter: Looks like we got here just in time!

Eli: You sure did.

Taranee: I'll help you guys!

Count Vertigo: Be careful, Taranee.

Taranee: I will.

She went Guardian!

Taranee: (FIRE BURNS) FIRE!

She then formed a sword of fire and went to help Jak & Daxter and friends and we went to the hill where the Violet Lantern Power Battery is at.

We found them and we saw LEGO BRAINIAC, HARDCASTLE, BRAINIAC AND LORD SUPERMAN!

Nico: Targets sighted.

Me: And Hardcastle is with them!

Nelson Muntz: Time for our entrance.

We went at them.

Hardcastle: They will come and die.

But then the Indigo Tribe's Spirits swirled around them and then they converged and then a massive blast of Indigo Light appeared and then we came out.

Nico: Hello Dirtbags!

Me: (To Lord Superman) Justice Lord Superman. How nice to see you again.

Hardcastle ran!

Maria: Damn it! Hardcastle got away!

Nico: (smirks) Don't worry, sis. I've got a nasty surprise for him when we get back to Earth.

Trumbipular: (To Lord Superman) Now you're working for the Brainiacs?!

Lord Superman: One of the tough choices I have to make for a better world.

Superman: Better world?! You're talking about the end of free will all because Flash died!

Lord Superman: If your Lois had died, what would you have done?

Me: Don't even start with that Kal!

Superman: Yeah! You don't even want to go that low!

Me: Besides! We've had to put up with that kind of crap for over 4 and a half years! And you were dead wrong about everything Kal.

Eli: That's right! A World Without Free Will is the ultimate fate worse than death!

Me: And besides that Kal, didn't the same thing happen to your Lois? Hmm?

Lord Superman then gasped.

Lego Brainiac: I hate to interupt this touching scene. But can we get to the part where we kill you all? We still have LOTS more worlds to collect.

Nico: Stewie, can I trust you and Brian to find the worlds Brainiac shrunk down?

Stewie: You got it Nico!

He went to find them.

Lord Superman roared and went at me and then I did a surprising move! I pulled out a chunk of KRYPTONITE! AND HELD IT RIGHT UP TO HIM! Lord Superman gasped as his power was getting weaker and weaker and weaker!

Lord Superman: NO! KRYPTONITE!

Nico: Where did J.D. get Kryptonite!?

Lord Batman: I gave it to him to help him beat him.

Lord Manhunter: That's enough, Clark. It's over.

Lord Superman: No! I will make sure all evil is exintguished! I will make sure nothing like Flash's death happens again!

Maria: Then, we're sorry. But this is for your own good.

Me: Kal it's over! You've lost. There's nothing more you can do except surrender.

Eli: Yeah!

Then Leap Frog, Devack, Bane, King Hiss, Kyd Wykkyd, Avalanche, Tar Pit, Ragdoll, Motor Ed, and Marluxia appeared.

Nico: Leap Frog, Devack, Bane, King Hiss, Kyd Wykkyd, Avalanche, Tar Pit, Ragdoll, Motor Ed, and Marluxia.

Leap Frog: You know Brainiac's the true threat, right?

Maria: We know. That's why we're trying to get Lord Superman to stand down.

Devack: You might have to knock him out.

Bane: (Spanish Accent) Stewie's probably working to get all the shrunken worlds out.

Nico: That's what we're hoping for.

King Hiss: (to Nico) We heard there was a weather problem.

Nico: There sure was.

Kyd Wykkyd: Hope it wasn't too bad.

Nico: It was crazy weather.

Nico told them everything about it and was crazy!

Kyd Wykkyd: Whoa! That is really crazy!

Nico: Yep.

Choobo then appeared for round 2!

Nico: You back for round 2 Choobo?

Choobo: You bet I am.

Nico: Cool cool.

Choobo: After this, I hope you guys have a day off.

Nico: Yeah we all could use one.

Eli: I agree there.

Choobo: Good.

We got the usual battles underway.

## Lightning Dust, Fluttershy, Tornado Bolt, Life Skylanders, Jungle Fury Rangers, Buffo and his Worshipers, and Finn (Jackie Chan) VS Leap Frog - Nico's Rescue and seeing the company World Wide Weather

Leap Frog was first.

Leap Frog: (to Lightning Dust) Nico's Rescue was different this time. He got to see the company World Wide Weather.

Lightning Dust: He sure did and that was so awesome to see where all the worlds weather comes from.

Fluttershy: It sure was interesting and very amazing to see.

Tornado Bolt: Yeah it was. By the way, the weather was all messed up because of an accident that happened there. Did that affect you guys in your neck of the woods?

Leap Frog: Well it was actually raining pizzas and calzones over in Montana.

Stealth Elf: Wow! That is amazing! Pizza and Calzone rain? How cool.

Leap Frog: It sure was. What kind of things were happening because of that accident?

Fluttershy: All kinds of weird things. There was golf balls raining in St. Andrews Golf Course in England, Raining Potatoes in Idaho, Hailing Taxi Cabs in Texas, Raining Dutch Clogs and hats in Holland, Raining meat in Kansas City, Hailing cheese wheels in Wisconsin, Raining Dog Bones and Cat Toys in New York, Hurricanes in Egypt, Tornadoes in Toledo, Sunny Weather in Seattle, A Pink Hurricane in the Sahara Desert, Squeaking Thunder in Peoria, the Black Sea turning Orange, Sandstorms in Siberia, Snow Falling up in the Ukraine, Tornadoes that are sideways in Toronto, Raining Frogs in Frankfurt, all kinds of strange weather stuff.

Leap Frog: Whoa! That is really crazy weather! But at least we got plenty of food for all of us to last for over 50,000,000 years. During those 2 hours we had lots of pizzas and calzones rain. Enough to keep us all fed for years.

Casey Rhodes: That is crazy but cool. And that is also my kind of weather since me and the Jungle Fury Rangers work at a Pizza Shop.

Leap Frog: That is cool and perfect! Lets do it!

They fired waves of leaves, flowers, grass and lightning and smashed him down.

---

Dante, Starlight Glimmer, Cozy Glow, Undead Skylanders,

## Cameron, Gwen, Phage and Lasher VS Devack - Fixing the World's Weather was worth it instead of a rescue

---

Devack was next.

Devack: (to Dante) Fixing the World's Weather was worth it instead of a rescue. And instead of fighting one of Swartz's creations.

Dante: I am guessing that the weather being fixed was far more important. World Wide Weather is the company that makes all the planets Weather.

Starlight Glimmer: But it was really cool seeing what it was like.

Cozy Glow: It sure was amazing and awesome.

Hex: It was really something to see.

Cameron: And the technology that they use to make it is all really amazing.

Gwen: It sure is awesome.

Devack: Yeah that was awesome. But I'm glad you guys fixed it all up. Lets do it!

They fired waves of stars, lightning, bones, magic and yellow fire and smashed him down.

---

## Laney, Applejack, Apple Bloom, Earth Skylanders, Onewa, Pohatu, Venom and Rhino VS Bane - Lincoln's rescue and meeting Cassie Excelsion, the Champion of Kindness

---

Bane was next.

Bane: (to Laney) I heard Lincoln's rescue was in Costa Rica. And that he met Cassie Excelsion, the Champion of Kindness.

Laney: He sure did! That was so awesome. Cassie is just like Fluttershy in EVERY single aspect and more. She loves all animals and even has her love of all her friends.

Applejack: She sure does. And she is amazing as a guardian of Harmony.

Apple Bloom: We all agree there.

Flashwing: Yeah it's all really amazing.

Onewa: Yeah it sure is awesome. I think it's really amazing that she loves so many animals and all that.

Pohatu: Just like Fluttershy and more.

Bane: Si. I agree there amigos. Lets do it!

They fired waves of rock, earth, crystal, apples and energy and smashed him down.

---

Leni, Rarity, Sweetie Belle, Water Skylanders, Ed, Xion and Karai VS King Hiss - Meeting a gene-slammer for Victorica, Angel of Bravery

---

King Hiss was next.

King Hiss: (to Leni) I heard you guys met a gene-slammer for Victorica, Angel of Bravery. What's her name?

Leni: Her name is Victorica Meadows and she is totes beautiful and amazing.

Rarity: She certainly is darlings. I think she has a beautiful and breathtaking look.

Sweetie Belle: We also found out something really big.

---

Victorica Meadows: (British Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and working out with those 9,500-lb barbells and he's not even get tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Victorica, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Victorica Meadows: (British Accent) That's incredible.

Nico: It sure is. So, Victorica, what memories did you have with Lincoln?

Victorica Meadows: (British Accent) Oh, I remembered this one time that I was helping Lincoln with a project on The Battle of Gettysburg and we were in Lincoln's room. But then, the door was knocked down by Lori, Lynn, Lola, Lisa, and Luan, and they were about to kill Lincoln and their eyes were red with rage and insanity. So, I attacked Lori, Lynn, Lola, Lisa, and Luan, and after I knocked them down and out, we then tied them up with nylon rope. We told Mr. and Mrs. Loud what happened, and when I showed everyone their plan that Lori had in her diary, they grounded the five demon sisters for nine weeks and they were put into the basement and away from Lincoln, and he refused to talk to any of them. He hugged me and he thanked me for saving him from their wrath and I also hugged him back.

We cheered wildly.

Nico: That'll teach them.

Lincoln: You got that right, and the next day, we got an A on our project on The Battle of Gettysburg.

Me: Awesome. Not only did you defend Lincoln from Lori, Lynn, Lola, Lisa, and Luan, but you also got an A on your project.

Girl Jordan: Yep, oh, and I still remembered when Dakota and Victorica teamed up and they yelled out, "WATCH WHERE YOU'RE GOING, FISHFACE!", to Chandler and his goons, and they ran off like a bunch of cowards.

Nico: (Snickers) Oh man, I hope they pissed their pants.

Lincoln: They sure did, and they got into major trouble with the teacher that day, and they had to clean up the floor and they spent a day in Time-Out.

Eli: Whoa.

FLASHBACK ENDS

King Hiss: GOODNESS! Man the Dark Sides of Lincoln's mean sisters are totally out of control! I can't wait to be rid of them for good.

Gill Grunt: So does the rest of the world.

Ed: Skip to my loom my darling!

Eddy: (Offscreen) SHUT UP ED!

They laughed!

King Hiss: But that was awesome though. Lets do it!

They fired waves of water, jewels, ice and energy and smashed him down.

---

## Takanuva, Princess Celestia, Amber Morning, Light Skylanders, Aang, Katara, Zuko, Toph, Eartha and Dreadbane VS Kyd Wykkyd - Onua's first Ambassador Mission and us facing Martian Manhunter

---

Kyd Wykkyd was next.

Kyd: (to Takanuva) I heard today was Onua's first Ambassador

Mission. And that he and the others faced Lord Martian Manhunter too.

Takanuva: That was really amazing! And it wasn't just him it was 2 Anothers as well. Another Spector for Ghost and Another Time Force Red.

Princess Celestia: That was really something facing them.

Amber Morning: Yeah no kidding. But we all got Eyecons and Vortex Blasters and Chrono Sabers. This is amazing.

Spotlight: It sure is.

Aang: I think it's really cool having our own Chrono Sabers and Vortex Blasters.

Katara: This is gonna be cool to try them out.

Zuko: It sure will be awesome.

Toph: Yeah it sure will be awesome.

Kyd: I can't wait to see what they can do. Lets do it!

They fired waves of light and elements and smashed him down.

---

Onua, Sunset Shimmer, Pipsqueak, Fire Skylanders, Ilana, Ashi, Skullcruncher and Weirdwolf VS Tar Pit - Lord Martian Manhunter had Another Specter and Another Time Force Red with him

---

Tar Pit was next.

Tar Pit: (to Onua) Lord Martian Manhunter had Another Specter and Another Time Force Red with him. I hope you guys didn't have trouble fighting them.

Onua: It was a really awesome way to start my missions with a bang. But no we didn't. Lord Manhunter showed J.D. and Takeru how their world lost their Flash as well as how Lord Superman killed their version of Luthor.

Sunset Shimmer: Yeah that was terrible! Their world seriously had tons of problems!

Pipsqueak: (British Accent) And their worlds version of Luthor was the driving force that ruined it.

Sunburn: Yeah no kidding! And we had to put up with 4 and a half years of people saying that we're like them.

Ilana: But we will never be like the Justice Lords.

Ashi: We have too much honor.

Tar Pit: Thank goodness for that. Lets do it!

They fired waves of fire and earth and smashed him down.

## Pohatu, Pinkie Pie, Featherweight, Tech Skylanders, Mighty Morphin Rangers, Rumble and Frenzy VS Avalanche - General Hardcastle is a Jerk

Avalanche was next.

Avalanche: (to Pohatu) General Hardcastle is a Jerk. It's not Superman's fault that Brainiac's after Earth.

Pohatu: No he's nothing but a total coward. Superman is not to blame. Hardcastle is nothing but a totally Xenophobic Asshole.

Pinkie Pie: And a total party pooper!

Featherweight: Yeah he has no love for anyone. Not even America.

Sprocket: Yeah he has no love at all.

Tommy Oliver: And we'll make sure he pays for his crimes.

Avalanche: We sure will and Pohatu it was an awesome honor to meet the Build Kamen Riders.

Pohatu: I'm glad we both met them.

Avalanche: Me too. Lets do it!

They fired waves of Rock, metal, gears, lightning and energy and smashed him down.

---

## War Machine, Twilight Sparkle, Starshine Sparkle, Magic Skylanders, Tommy Himi, Ren Krawler and Klaus Von Herzon VS Ragdoll - Good Thing I was on to Hardcastle from the moment he called

---

Ragdoll was next.

Ragdoll: (to War Machine) Good Thing J.D. was on to Hardcastle from the moment he called. The real president would never hold a meeting in the park.

War Machine: No he certainly wouldn't. He would hold a meeting in the White House.

Twilight Sparkle: Yeah that is right. And he was also over in Germany having a meeting with the Chancellor of Germany.

Starshine Sparkle: Yeah no kidding. But he'll get what's coming to him.

Spyro: Impersonating the President is the same as Treason.

Tommy Himi: Yeah it sure is.

Ragdoll: I agree there. Lets do it!

They fired waves of magic and energy and smashed him down.

---

Yang, Rainbow Dash, Scootaloo, Air Skylanders, Optimus Prime, Knight Man and Tomahawk Man VS Motor Ed - Zamaron is a beautiful Planet and it's time for us to make Lord Superman listen to reason

---

Motor Ed was next.

Motor Ed: (to Yang) Zamaron is a beautiful Planet, dude. And it's time for us to make Lord Superman listen to reason.

Yang: I agree there. He needs to learn that his actions have consequences.

Rainbow Dash: No kidding there. What the Justice Lords have done to that world shows that there was nothing but fear and terror.

Scootaloo: Yeah that was awful!

Whirlwind: It sure was.

Optimus Prime: This is something that not even my people on Cybertron would approve with.

Motor Ed: I agree on that. Lets do it! Seriously!

They fired waves of lightning, rainbows and wind and smashed him down.

---

Layla Williams, Princess Luna, Moondust, Snowdrop, Children of The Night, Dark Skylanders, Syd Chang, Nelson Muntz and RD Leni VS Marluxia - Hard to imagine after 4 and a half years that the Justice Lords would return and they would be helping Lego Brainiac and our Brainiac

---

Marluxia was next.

Marluxia: (to Layla) Hard to imagine after 4 and a half years that the

Justice Lords would return. And they would be helping Lego Brainiac and our Brainiac.

Layla Williams: No kidding there! I've heard so much about the Justice Lords and how big of a terrible impact they've had on so many people. And they kept saying that the Justice League is going to become in every way like them. That is too much crap in my opinion.

Princess Luna: I agree there! That is not right to say all that.

Moondust: I agree there! The Justice League and Team Loud Phoenix Storm are all too strong willed in honor and friendship to go down that path.

Snowdrop: And Nico made great defensive measures to counteract against all that.

Gari: That's good he did.

Blackout: The Royal Defenders were like the Justice Lords. But that all happened against their wills because they were poisoned by the evil of the Chaos Sorcerer Sindri Myr.

Syd Chang: Yeah that was awful!

Marluxia: That sure was awful. But I'm glad the Royal Defenders aren't like that anymore thanks to J.D.'s counterpart. Lets do it!

They fired waves of darkness and leaves and smashed him down.

---

Ninja Storm Rangers, Megaforce Rangers, Nico, Eli, Nunnally, C.C., Laney, Lana, Lola, Lisa and Lily VS Choobo

---

Choobo was next.

Nico: This will be good!

Nico teleported and opened his safe and in it was a bunch of swords called the Destroyers of Brainiac, a collection of greatswords with the anti-Brainiac symbol etched on the 7'0" massive, wide, double-edged blades, colored angel wings for the crossguards, large colored gems embedded in the rainguards, longer black handles, and large colored gems surrounded by angel wings for the pommels. Once in hand, they'll get a massive power and energy increase.

Nnico teleported back with them.

Ninja Storm Rangers: NINJA/THUNDER/SAMURAI STORM! RANGER FORM! HA!

They transformed and were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! NINJA STORM!

The Megaforce Rangers turned into the Ninja Storm Rangers too!

Nico: Lets get him!

They formed the Thunderstorm Cannon!

Nico: FIRE!

They fired waves of elements and energy and the blasts all hit him and he exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: Choobo you have failed this world!

Troy Burrows: Rangers that's a Super Mega Win

---

Jak, Daxter and friends and Taranee were really blasting the Red, Orange and Yellow Lanterns all over with fire and Eco blasts and energy and fire swords.

Daxter: That all you wimps got?!

Taranee: Yeah these guys are pathetic!

They incinerated and slashed numerous lanterns all over and destroyed them all.

Jak: Yeah! That got them.

Taranee: It sure did.

Jak: What do you guys wanna do now?

Taranee: Lets go help the rest of the team.

They went and helped us.

We regrouped.

Me: Sorry Kal but I'm afraid we can't let you sully the Justice League's good name any longer. But before we battle it's time we had a little talk.

Lord Superman: What is it this time?

Me: Kal we know you're a good man and you have done so many good things all over the world and beyond. But what you were doing to our world after what happened to your version of the Flash died and your world is wrong on so many levels. Would the people of Krypton approve of your actions? NO WAY IN A MILLION YEARS!

Nico: That's right Kal. For many years, my people the Saiyans were once the most feared race in the galaxy because they were under the thumb of a tyrant that wanted to rule over everything with an iron fist. But in the end my people attempted to launch a revolt against him and they ended up paying the ultimate price along with their entire planet. What you were doing would have ultimately lead to the same thing and by speculations you would have done the same thing to the entire human race! Is that what the people would want from you? A defender turned into the very same thing that he was trying to protect the world from?

Lord Superman knew that Nico and me were right. Instead of protecting the world he was doing the exact opposite.

Lord Superman: Oh no. (Realizing that everything he did was wrong)

He had flashbacks of everything he did and more. After 4 and a half years the truth finally set in!

Lord Superman: What have I done!? What have I done!? WHAT HAVE I DONE!

He screamed in guilt and sadness!

He broke down crying and pounded the ground and he was really upset.

He was crying hard.

Lord Batman and Lord Manhunter comforted him.

Lord Batman: It's all right Kal. It's all right.

Lord Manhunter: It's all over my friend.

Me: I'm sorry Kal. I'm sorry. But we'll help later. Now we got 2 Brainiacs to take down!

Troy: Let's end these set of adventure with a bang!

I gave the Megaforce Rangers the Kiva Keys.

Me: I call the Kiva team the Vampire Horror Gothforce.

Nico: Ooh cool name.

Brittney: That's worthy of the Goths of Darkness.

Me: It sure is.

Orion: I like it.

Megaforce Rangers: LEGENDARY KAMEN RIDER MODE! VAMPIRE HORROR GOTHFORCE!

They turned into the Kiva Kamen Riders! Troy was Kiva, Noah was Ixa, Gia was Kiva-La, Jake was Basshaa, Emma was Garulu and Orion was Dogga!

Nico: COOL!

Troy: Wow! This is amazing!

Emma: Yeah it is!

Me: Garulu is my favorite in Kiva.

Emma: I like it.

Nico: Lets get them guys!

Crag: Come on guys!

Ripping Friends, Lincoln, Luna May and Lynn: IT'S RIPPING TIME!

Me: Get ready Brainiacs! Your date with death is right now!

We went at the Brainiacs and pulverized them both all over the place with incredible force and fury. Intress, Najarin, Lystone, Loderool, and Nivenna and smashed the 2 Brainiacs all over.

We were really going at him and using the powers of our Eyecons and all that on them.

Tantrum, Hot Spot, Rexy and Lupin used the Earth and Animatron Cyber Planet Keys and they enhanced Tantrum's horns, Hot Spot's Fireball Cannons and Rexy and Lupin's powers 100-fold.

Lincoln and his harem: STAR SAPPHIRE FINAL SMASH: REPTILES OF ETERNAL LOVE!

They summoned reptiles made of violet light of love to attack the Brainiacs and then the blasts all hit them and exploded and they destroyed our universes Brainiac forever!

Lego Brainiac: Why is that dragon child staring at me like that?

Drakes started walking towards him with rage in his eyes.

Drakus: You know Drakonia?

Lego Brainiac: Oh yeah, that planet full of dragon people, that I destroyed because they wouldn't give me their knowledge of military tactics.

Drakus: You're looking at the prince of that planet.

Lego Brainiac: Wait, you're the prince?! I thought you died to the cosmos!

Drakus: Well now I'm back, and I'm going to feed you your own heart for what you did.

Lego Brainiac: Try and kill me. Laughable. I'll end you the same way I did your father.

Drakus was left silent… before he breaks out into laughter at the evil AI's words, completely unfazed by the threat albeit trying to compliment his one liner.

Drakus: Hahahaha, shit! I guess you're not all cold logic after all.

Then Drakus gave a powerful punch to the jaw to Lego Brainiac, knocking him off balance, which also unleashes a shockwave strong enough to send Lego Brainiac flying.

With Lego Brainiac knocked to the stone walls, Drakus follows up with a flurry of punches quick enough to prevent Lego Brainiac from using his powers against him through the pummeling. He then throws him onto the ground.

Drakus: You destroyed countless worlds, I'm returning the favor.

Lego Brainiac recovers and angrily charges at Drakus, ramming both of them through the wall and multiple pillars. Stopping for a brief moment, he follows up by grabbing Drakus' head and grinding it against the ground as he flies, unwittingly crashing into an oil tanker Drakus brought out and causing an explosion. We witness the scene as both of them fly into the sky, with Drakus knocking Lego Brainiac away with another punch.

Chasing after him, Drakus stops a few feet away from his frustrated opponent who goes to charge at him, but he quickly dodges and grabs the back of his head, with Lego Brainiac struggling to break free. Noticing a meteor coming right for them, Drakus turns with Lego Brainiac in hand to face it head-on, intent on having it ram into them. Refusing to take a faceful, Lego Brainiac uses his heat vision to shoot down the meteor and send it crashing to the ground. He then hits Drakus with an elbow before attempting to use his heat vision against him, but Drakus easily catches the beam unfazed and pummels him some more before lecturing him.

Drakus: Logic and Emotion go hand in hand, you should have learned this by now, but you didn't.

He uppercuts Lego Brainiac to flip him upside down before grabbing his leg and hand and stepping on his chin to drop down to the ground, intending to crush the head against it.

However, the supersonic speed debilitates Drakus' now-bleeding ears, messing with his equilibrium and forcing him to let go of Lego Brainiac, who grabs him and crashes down to the ground at hypersonic speeds, causing an explosion that vaporizes the ground from before.

As the smoke clears, Lego Brainiac climbs out of the crater, panicking at the sight of blood on himself. He can only hyperventilate as his self-control deteriorates.

Drakus: What's the matter, are you going to cry?

Lego Brainiac sees the Prince of Drakonia floating towards him through the flames. Lego Brainiac rushes forward and grabs him by the shoulder before blasting him point blank in the eyes with his heat vision. As he continues with this, he enters a furious tirade.

Lego Brainiac: AFTER I'M DONE WITH YOU, I'M GONNA FLASH-FRY THAT LITTLE TEAM OF YOURS, THIS WORTHLESS

PLANET, AND EVERY GODDAMN PERSON YOU KNOW!

His rant is interrupted by Drakus reaching out and grabbing his lower face and crushing it, leaving his jaw hanging by one joint. The AI lets out a muffled scream of horror from his mutilated face and takes a step back as Drakus gets up. He pulls his arm back and thrusts it through Lego Brainiac's chest and out his back, with his black mechanical heart clenched in it, before pulling his arm out along with the organ. As the still-alive Lego Brainiac weakly gurgles and tries to reach for his heart, his dominating opponent only asks him one question.

Drakus: Remember what I promised you?

Keeping true to his word, Drakus shoves the still-beating heart into the hanging mouth of his terrified adversary and forces him to his knees before grabbing the sides of his head, opening his now bloodshot, murderous eyes and uttering one final command.

Drakus: Now swallow.

Lego Brainiac, crying from the fear, torture, and agony, can only let out one last muffled scream as his head is crushed into paste by the Drakonian's brute strength, splattering his oil everywhere and onto us watching in suprise. Drakus, now covered in oil and with his revenge had, looks up to the sky, content and happy.

Drakus: I did it, mom and dad, I ended the monster who destroyed my home, may you finally find rest.

Brainiac's evil spirit appeared.

Drakus: Now to make sure you never haunt me again. BLACK GATES!

Drakus used the Uzumaki Black Judgement Sealing Art: Black Gate on Lego Brainiac and our Brainiac and it found them both guilty and destroyed them forever!

Nico: WHOA!

Tar Pit: And so ends the reign of the Brainiacs.

Me: Drakus did that. That was so awesome.

Nico: It sure was.

Me: Except for Brainiac 8 in the M.O.E. that's Runo's archenemy.

Avalanche: Honestly, I was startin to think we'd never get through ALL the Justice Lords.

Me: Me too. But at least we talked some sense into Kal.

Nico: Yeah.

Lord Manhunter: Good thing you all fought me on Onua's mission.

Me: That is for sure.

Lord Superman came up to us in cuffs and he had tears streaming down his face.

Lord Superman: Guys I want you to know that before you take me away to prison that I don't deserve any of your forgiveness. But you all were right. I turned my back on the very planet I was trying to protect and I turned into a ruthless heathen. And for all the trouble I caused to all of you and started, I'm so sorry.

I went up to him.

Me: Kal, what happened was because you all lost your version of the Flash and that really saddens me that he died at the hands of your Lex Luthor. But just so you know you don't have to worry about your worlds version of Luthor ever again. He was given the Black Gates and he is gone for good. He has now become nothing more than a forgotten memory. But when the time comes you still have the opportunity to redeem yourself. It's never too late for you.

Lord Batman: That's right Clark. J.D. gave us this chance at redemption and you can do the same too.

Lord Superman: I'll think about it. But I have a lot to think about for what I did. All right you can send me back to prison.

I did so.

Ragdoll: (to Jak and Daxter) You guys helped too.

Jak: We sure did.

Me: And we owe you guys big time for it.

Nico: Yeah we sure do. Thanks again.

Meadow Evans: I'm really gonna love it here with you guys.

Victorica Meadows: Same with me.

Cassie Excelsion: And me too.

Motor Ed: You won't regret it, dudettes.

Me: You girls will love it.

Marluxia: Let's go home now. We have a victory party to plan. (smirks) And a rogue general to take care of.

Nico: Oh yeah. This is gonna be awesome.

?: Soon, every living thing in this entire world will bow down before me!

Jessica Albert: I should've known there's no mistaking that voice from anywhere. You can come out now, Mordegon.

A tall dark figure with horns on his heads came out of the shadows, and it was none other than the ancient dark mage, Mordegon.

Jessica Albert: Mordegon, I should've known you'd show up.

Mordegon: And now, I shall destroy every last one of you fools!

Carly Morgan: That's never going to happen, you demonic dark mage. Your days of attempting to take over the world end here and now.

Suddenly, Carly Morgan's blue eyes turned neon blue, and she was surrounded by a pink and black energy aura with darkness, water, ice, flowers, and creatures of the night, she unholsters her massive Number 87: Queen of The Night-themed sword from her back, and as she approached Mordegon, she left pink and black energy, darkness, water, ice, flowers, and creatures of the night with every step.

Carly Morgan: Mordegon, the crimes that you've committed against mankind since ancient times can never be forgiven, and now, I will see to it that you pay the price for every last one of your crimes in full!

Suddenly, Carly Morgan was surrounded by a massive vortex of pink and black energy with darkness, water, ice, and flowers surrounding it, there's Number 87: Queen of The Night and creatures of the night flying around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Carly Morgan emerged, but she was changed forever.

Carly Morgan has transformed into SUPER ANGEL ETERNITY

INFINITY WATER ARCTIC DARKNESS QUEEN ANGEL OF FLORAL JUSTICE AND DARKNESS LOVE!

We were amazed by Carly Morgan's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Mordegon saw it, the dark mage fell into a rage and fired a blast of dark energy from his staff, but Carly Morgan fired a powerful pink and black energy blast with darkness, ice, water, flowers, and creatures of darkness at the dark mage, and it hit Mordegon and he was sent flying into a wall.

Nico: Wow, Carly Morgan's transformed, that's so awesome.

Me: And she sent Mordegon flying into a wall with that powerful energy blast. But, the fight's about to begin.

Lincoln: Wow, Carly, you look beautiful. How do you feel?

Carly Morgan: (Divine Echoing Cosmic Voice of The Maelstrom Arctic Dark Queen and Divine Dark Love) **I feel incredible, Linky. Now, shall we put an end to Mordegon once and for all?**

Lincoln: (Smiles) With pleasure, Carly.

Lincoln unholstered his massive Hinon's Cosmic Storm Sword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Carly Morgan.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Your days of trying to take over the world are over, Mordegon.**

Carly Morgan and Lincoln went after Mordegon, who tried to fire more blasts of energy from his staff, but they dodged them, and they fired powerful blasts of rainbow energy, pink and black energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, and Angels, and they explode with incredible power as they hit Mordegon. Carly Morgan fired a blast of darkness and it destroyed Mordegon's staff, and she and Lincoln attacked Mordegon with their massive greatswords, and they left scars on him and drew blood. Then, they fired red energy blasts at Mordegon and as they hit him, they began sucking out Mordegon's powers, abilities, and his dark magic. Then, they fired powerful blasts of energy and as they hit Mordegon, they explode with incredible power and Mordegon was eventually banished to The Black Gates forever. We cheered wildly as Carly Morgan and Lincoln holstered their massive greatswords on their backs and power down, and Carly Morgan's new body, clothes, weapons, jewelry, and massive pink angel wings are permanent.

Carly Morgan: And that's it for that evil monster. Thanks for helping me take down Mordegon, Linky.

Lincoln: (Smiles Warmly) You're welcome, Carly.

Suddenly, Carly Morgan wrapped her arms around Lincoln's thick muscular neck, as her chest was pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and it brought an atomic red blush to her face. Then, as Lincoln leans down to Carly Morgan's face, they kissed passionately as Carly Morgan's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Angel, and Number 87: Queen of The Night flying in the air, and we also saw a herd of Buffalo running across the field, along with elemental forces and the moon shining down on them and we all cheered wildly.

Drakus: Finally, it's over. My people and my planet have been avenged.

Lincoln: And both Brainiacs have paid for their crimes against the universe by getting sent to The Black Gates and Justice Lord Superman is back in prison for good.

Me: You said it, Linc.

Nico: Now, the terror of Brainiac has been silenced forever and he'll never plague the universe ever again.

Me: Both versions of Brainiac were monsters who were a threat to the entire universe, and the pain and suffering they've caused to those in their paths can never be forgiven and now with them gone, now the scars they've left on the survivors can finally start to heal.

Drakus: You said it, J.D.

While we were preparing the victory party at Lynn's Table, when suddenly a certain uninvited guest appeared.

William: Something tells me you weren't invited here.

Hardcastle: Mr. Dunbar,

William: Don't "Mr. Dunbar" me. What the hell are you doing here?

Hardcastle: I like parties, and I'm here for the mop-up.

William: Cover-up. But you can't cover this up. Especially not from the President and Waller.

Hardcastle: (laughs) Oh please! The president's in Germany! He has no idea of what I tried to do to save our planet! And Waller has never gotten violent with anyone before. She's just a weak, spineless, fat cow!

Hardcastle then heard someone clear their throat. He turned around and paled as he saw the President, Supergirl, and Amanda Waller.

Me: You were saying? Hmm?

Waller: (raises eyebrow) Weak, spinless, fat cow, huh? (to Deadshot) Lawton, good to see you again.

Deadpool: You too Ms. Waller!

Waller: (To Hardcastle) Also flattery will get you nowhere.

Me: (Salutes) Hello Mr. President. How was the meeting with the Chancellor of Germany?

President: Really well J.D. thank you. I'm glad we got here and you called me here.

Nico: Glad we did.

Hardcastle: You called them!?

Me: Yes we did. And we told them everything.

Hardcastle: You traitors! Arrest them!

Waller: Impersonating the president over the phone, luring J.D. and the rest into a trap, trying to shoot them down, making a deal with the Brainiacs, trying to give Superman to them, and most of all, doing it all behind our backs! Do you have anything you want to fucking say for yourself?!

There was silence. And then, Hardcastle spat in Waller's face.

My powers protected her from his spit.

Nico: (Smirks) Now you have become a racist.

President: Arrest him for Treason and prep him for execution!

Sheila and Tom and Eli did so. Eli held him with the Force to make sure he never moves.

Waller: (sighs) Is there anything else we need to know?

Me: Just all this Ms. Waller.

I gave her a file containing all the evidence of Hardcastle's secret deals and all that. She read it all and his deeds weren't just with Brainiac but with Luthor too. He did so many shady dealings with Luthor.

Waller: Good. Now, is there anything else we need to know about what happened today?

Me: Just that the Justice Lords are starting the process of being redeemed. It's gonna take some time but we can do it.

Waller: Excellent.

Me: With one last topping on the cake. (Snaps fingers)

I snapped my fingers and then beams of light shined down and the divine singing of angels was heard and then a figure came down and it was the Justice Lords version of The Flash and he had a red and blue version of his suit on and he landed.

Lord Flash: I'm alive again! Cool!

Me: I brought you back Barry.

Lord Flash: Wow! It's an honor to meet you J.D.

Me: Same to you Barry. I'm so sorry that things went completely south in your universe.

Lord Flash: Yeah it was terrible for me.

Lord Batman and Manhunter hugged him for the first time in a while.

Nico: That was awesome! This was an awesome and amazing adventure.

Lola: Boy it sure was. We had a really eventful 7 days.

Nico: Yeah we sure did. Great job everyone. This was all so fun.

Carol Ferris: (To the viewers) Remember this, love is a powerful force but it has its ups and downs. Don't go to great lengths for the one you love.

Nico: That's for sure. Lets have the best party ever!

We cheered and did so and the party was fun. Then we later went back home and enjoyed the rest of the day and went to sleep. Hardcastle was found guilty of his crimes and he was sentenced to death! Before that though, he was forced to pay the largest ever form of restitution ever. He was forced to pay over 291 Googolplex dollars in diamonds and he did so and then was executed by firing squad. Our planet was really rich now. Hardcastle was given the Black Gates after that.

THE END!

# Camping At Winsome Falls 2

Walking on a bridge over a lake to a high tech awesome castle was Nico, Tecna, Qin, Miku Yuuki, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, May, Kaalia of The Vast, Maria, Varie, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were on Tecna's home planet, Zenith and we were there for another awesome and really cool rescue. Maggie Peyton was with us too for this because she was curious.

Me: Wow! So this is the planet Zenith.

Camie: It sure is amazing! Wow, Tecna your home planet is absolutely amazing!

May: It's a truly advanced and technological marvel.

Tecna: (British Accent) I'm glad you guys are liking my home world so far and it's great to be home again. I was starting to feel a little homesick.

Miku Yuuki: It's still a really amazing planet.

Tecna: So what do you think of my home planet sis?

Maggie Peyton: It's magnificent Tecna! I think it's so cool that you got to live here.

Tecna: It sure is. And it was before I went to study magic.

Eli: That is amazing.

Nico: Thanks for coming with me, Tecna.

Tecna: Anytime Nico and it's great that you guys are with me so you can see my home planet.

Momo: It's really amazing.

Tsuyu: Boy I'll say. It's awesome seeing Zenith.

Me: It sure is.

Nico: Tecna, is it true that you sacrificed yourself that one time?

Tecna: It sure is and it was to save one of my friends from doom and also Layla's world from destruction. But in the end Valtor won on that.

Me: Well Valtor is gone forever now. His crimes were completely reprehensible.

Laney: Yeah he deserved to be destroyed.

Nico: But you are a great hero Tecna.

Tecna: Thanks Nico. I'm glad.

Maggie Peyton: That was amazing.

Nico: But how did you get your Enchantix after your sacrifice?

Me: That's what has me wondering myself.

Tecna: Well I shut the Omega Portal and saved my planet from total destruction.

Me: Wow! That is a very Valorous act.

Maggie Peyton: It sure was awesome!

Nico: It sure was. Way to go Tecna.

Eli: So the Omega Portal was like a Black Hole that was going to destroy all of Zenith?

Tecna: Yes it was. Valtor was going to use that portal to destroy all of Zenith forever.

Nico: Monster. Now I'm glad he is dead.

Eli: The entire universe is.

Nico: Honestly, Tecna, I feel like you're the smartest of the Winx Club.

Tecna: I'm honored that you think that Nico.

Nico: Only because it's true.

We arrived at Tecna's castle and it was beautiful and hugely advanced. It all had technology that is so powerful and so advanced that it would make all of Earth's technology look like simple windup toys in comparison. Lisa analyzed that the technology on the Plumber Charts was level 20+. It doesn't go any higher than that unfortunately.

Me: Wow! This is all amazing!

Tecna: Indeed it is.

We then arrived in the throne room and we were in the presence of Tecna's mother and father King Cryos and Queen Titania.

King Cryos: (British Accent) Ah Tecna welcome home.

Tecna: Hello mother and father.

Queen Titania: (British Accent) And Team Loud Phoenix Storm it's an honor to have you all here.

We knelt.

Me: The pleasure is all ours your majesty.

Nico: We are honored to be here.

Eli: We sure are.

Tecna: This is my sister Maggie Peyton.

Maggie Peyton: It's an honor to meet you your majesties.

Tecna: We're not related by blood. We have gotten really close during my ambassador missions a couple of months ago.

King Cryos: It's a pleasure to meet you Maggie.

Maggie Peyton: Same to you sire.

Nico: Your daughter's been a great help to us.

King Cryos: And I'm really proud of her for helping you all. I am most proud of you all for helping her and having her help you all.

Me: It was our pleasure your majesty.

Nico: She even has her own archenemy as well.

Me: But don't worry he is a frenemy.

Tecna: That's right. His name is Edward Nygma and he goes by The Riddler.

Eli: You would love his riddles. They are very cryptic and amazing.

Laney: He gave Batman a challenge on many of his crusades but Batman was able to figure it all out very fast.

Sirius: It shows how smart he is.

Queen Titania: That is very impressive.

Tecna: And we have a lot of fun doing our usual battles mother. They are good for building up our power and showing what we can do.

Queen Titania: That is good.

Nico: We even have his Lego Version recruited as well.

Me: It's true. We just have to find a suitable archenemy for him. (Gets an idea!) And I think I have the great candidate. And that's Tecna's awesome Specialist boyfriend Timmy.

Nico: Hey not a bad idea.

Queen Titania: Ah how is Timmy these days?

Tecna: He's doing great mother. We talk every day so I can inform him of our adventures.

King Cryos: That's great you keep in touch with each other.

Just then, Nico heard something.

Nico: Wait. Do you guys hear that?

We heard it too. It was a very familiar Eerie Moaning.

Me: I know that moaning anywhere. That means Another Rangers are here!

Laney: Yeah!

King Cryos: Uh oh.

Tecna: Stand ready everyone.

Me: Right.

Then we saw 2 figures appear and they were ANOTHER LUPIN RED AND ANOTHER PAT 1! Another Lupin Red looked like a scary version of Lupin Red of the LupinRangers and Another Pat 1 looked like a scary version of Pat 1 from the Patrangers! They both had really scary armor and more and even scary helmets!

Me: Another LupinRed and Another Pat1!

Nico: Kairi and Keiichiro would be having a helluva rantfest if they saw this!

Me: So would El Jefe and Don Octavio!

They fired at us but Nico jumped out of the way. The blasts hit the wall and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Nico: I knew Dark's usual battles would pay off!

Me: Who are you two!?

Then they clutched their heads!

Another Lupin Red: (In a girls voice) HELP US J.D.!

Another Pat 1: (In Another Girls Voice) SAVE US!

Me: I know those two voices!

They reverted back and groaned in pain and we saw that they were both twin blond hair girls that were identical but have different color dresses! One had a purple and red dress and the other had a blue and green dress!

Me: Adrienne and Laura Perkins!

Adrienne Perkins: You have to help us!

Laura Perkins: We can't control this power! Swartz did this to us!

Me: I knew this was his work!

Nico: How do you know them?

Me: We went to school together and we were in video gaming club. We played Warhammer 40,000 and we were the king and queens of the game. We did it all on that game. But after I moved to Michigan we kept in touch but after the 1st month they disappeared. I thought something terrible had happened. But now I can see that they were turned into Another Rangers!

Nico: Whoa that is amazing that you played Warhammer like that.

Me: It sure is.

Nico: (takes out Dark's Ridewatch) Here's your warning: Your asses are about to be kicked!

He activated it and he got a plant whip with all of Plantmenace's powers in it!

Nico: Awesome!

Me: Now for this one. (Puts on Dark Spicer's Ring) Here's your second warning: And it's going to hurt as we fucking pummel you!

DARK SPICER! PLEASE!

I got all of Alien Ξ's powers!

Nico: AWESOME!

Me: And this too. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS!)

I turned into WOLF MOON 🌙!

Me: Hold on girls! We'll save you.

Nico: Your moves!

The Perkins Twins were enveloped in vortexes of darkness and Adrienne had masks in it and Laura had police sirens in it and they were ANOTHER RANGERS AGAIN!

Another Lupin Red then put a Yellow and Black Batwinged Space Shuttle VS Vehicle on her blaster and Another Pat 1 put a neon green glowing green Stealth Bomber VS Vehicle on her blaster! The Space Shuttle had the symbol of Vypra on it and the Stealth Bomber had the Cutie Mark of Toxic Horror on it!

Me: WHOA! They have VS Vehicles that have all the powers of the Core and Non-Core Masters of Evil Members!

Nico: Wow! This will be awesome!

Tecna: The Space Shuttle must be a Dial Fighter! And the Stealth Bomber must be a Trigger Machine!

Me: Oh boy!

Nico: Brace yourselves!

Another LupinRed fired energy beams of light and darkness and I deflected the blasts back and huge fiery explosions blasted the floor all over the place!

Another Pat1 fired radioactive energy bullets and Eli used his lightsaber to deflect them back and the blasts all hit the floor and huge fiery explosions blasted off all over the place.

Nico: WHOA! What power!

Me: Yeah!

Eli: But two can play at that!

Eli pulled out his OOO Sword and put in the medals for Carly Atlas, Rex Goodwin and Vulture!

HUMMINGBIRD, CONDOR, VULTURE! BIRD TRIO!

Eli then spread his wings and flew into the air and fired a massive blast of purple and orange fire and the blasts all hit the 2 Another Rangers and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

Nico: Please say you've had enough.

They were down but they were Not out.

They got up.

Me: All right then.

I pulled out the Wonder Ride Book for Gaim.

Me: New Acquirement that I got for meeting the Kamen Riders. (Reads Verse) "The battle with Kouta and Kaito raged on as both went at each other and turning much of the area into an incredible intense sea of fire. Neither one giving up without a fight and giving it their all with everything they have. But then Kouta got the drop on his adversary by firing a massive barrage of fruit from Helheim and they hit his opponent with intense force and blasting everything around him."

Everything I said happened as Kouta appeared as an illusion and fired fruits and the area was a sea of flames! The whole castle throne room was on fire!

Nico: WOW! That was awesome!

Nico: Kouta and Kaito aren't even here.

Me: I know. That was a verse from a Wonder Ride Book. But it was really epic seeing that happen on TV. That had to be the most explosions I've ever seen in one battle between 2 rivals.

Nico: That was epic. But that was amazing!

Maria put out all the fires with her water powers.

Eli: Kamen Rider Wonder Ride Books. That is awesome.

Maria: Sorry, girls. But we're talking you two down by force.

EL JEFE! VYPRA! BEST MATCH!

She fired a wave of light & darkness as well as a blast of fire and lightning and the blasts all hit Another Lupin Red and knocked her down.

Nico: We have to take them both down at the same time!

?: Let us handle that!

We saw An Evolved Galvan and with it was a blue hair girl with blue eyes and blue clothes and she had the symbol of Tzeentch emblazoned on her forehead as well as on her skirt and she had a scary scythe on her back.

Nico: Emily Lenoir Tzeentch! Awesome to see you!

Emily Lenoir: Same to you Nico my brother.

Evolved Galvan: (In a girls voice) Looks like we got here just in time thanks to my dimensional teleportation quantum hyperdimensional travel speed.

Lisa Loud: Wow! That's very amazing and genius.

I had sparks coming out of my head and my eyes were red with crash screens on it!

Eli: Uh oh!

Eli went over and kicked me in the butt!

CLANG!

Me: (BLUBBERS) OW! That really hurt my head! But wow that is really smart talk!

Nico: And I know who it is too. Stella Copernicus it's awesome to see you.

Evolved Galvan: And to you Nico.

Emily Lenoir: Lets take care of these two first.

Evolved Galvan: It will be a most pleasurable thing.

They both fired waves of lightning and ice and energy and the blasts all hit the 2 Another Rangers and they both exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They were both down and I got their Ridewatches and purified them. And then we saw VS Vehicles all over the ground and we picked them all up and they were many kinds of vehicles. Mine for Lord Drakkon looked like a flying dragon bullet train.

Me: Awesome!

I went over to the two girls and cured them with my serum.

Varie took them back to the estate into the infirmary.

Me: That was awesome!

The Evolved Galvan reverted back and she was a girl with red hair and red clothes.

Stella Copernicus: Now that is most amazing and enjoyable.

Tecna: What's your favorite memory of Nico?

Stella Copernicus: I have many memorable recollections. I am a most amazing and incredible astronomer and I was born with a very powerful intelligence quotient of 1,500.

All of us: WOW!

Me: That is smart! You have one of the most powerful brains we've ever seen!

Stella Copernicus: Indeed and I also am the direct descendant of Nicolaus Copernicus.

Nicole: He was a great astrophysicist.

Stella Copernicus: Indeed. And my favorite memory was when Nico and I were working on some of the hardest quantum physics problems ever compiled and Nico's brain short-circuited from the stress of the problem. But I figured it out for him.

Nico: Quantum Science was never my cup of tea but that was really awesome.

Me: Wow! That is amazing!

Rarity: Oh indeed it is darlings.

Nico then hugged Emily and Stella.

Nico: I really missed you two.

Emily and Stella: We missed you too Nico.

Me: But that is so awesome that we met another one of the Chaos God Champions. We met Kora Lexington who is the champion of Khorne the Blood God.

Emily Lenoir: That's great! Also there are 3 more coming. You'll all meet them in due time.

Me: Awesome.

Tecna: But this was a great adventure for us.

Nico: And an awesome rescue as well.

Lola: It sure was. I thought it was awesome.
